THE CASH BOX exclusively covers the coin machine industry, including operators, jobbers, distributors and manufacturers, and all those allied to automatic coin operated music equipment; automatic coin operated vending machines and service machines as

well as all coin operated amusement equipment; the music and record business, recording artists and publishers of music; and all others in any fashion identified or allied to the coin operated machine industry as well as all finance firms, banks and other financial institutions expressly interested in the financing of coin operated equipment of all types.

THE CASH BOX has been recognized by various associations of coin machine operators thruout the United States as their official weekly magazine.

THE "C. M. I. BLUE BOOK," also known as "The Confidential Price Lists," gives prices of all new and used coin operated machines of all kinds, weekly reporting all market changes and continually adding on all new equipment. The "C. M. I. Blue Book" is officially recognized by many cities and states throughout the country as the "official price book of the coin machine industry." It is an integral part of The Cash Box. The "C. M. I. Blue Book" is used in settlement of estates, in buying, selling and trading of all coin operated equipment. It is the one and only officially recognized price guide in the coin machine industry. The "C. M. I. Blue Book" is used by finance firms, factors and bankers to guide them in making loans to the members of the coin machine industry.

Talking It Over

The biggest problem facing the automatic music business at this time is financing equipment operators want to buy.

Leaders in the trade believe that once this problem is settled, and they further believe that a solution can come about, that sales of automatic music equipment will once again zoom to new heights.

Leading automatic music sellers have stated for some time that they could make volume sales in almost every territory if they had satisfactory financing like they used to have.

As one well known distributor of music equipment reported, "Operators here in my territory need new equipment. Many of these ops held out from buying when we had a good financing arrangement for them. Now that their machines are becoming more worn each day, they realize that new equipment would tremendously help cut down their servicing overhead, and also boom take.

"But," he continues, "our problem now is to arrange for satisfactory financing for them. Therefore your idea of some years back, regarding the creation of a finance set-up within the industry, composed of a pool of members of the trade, people who understand our business thoroly, would be the answer for today."

Without a new and better finance arrangement for sales of new equipment, it is generally believed by almost all in the field that music equipment will continue moving at a very slow pace. This, as many state, is due to the fact that the ops are not now in position to invest their capital for financing the purchase of new equipment.

There is also a general belief that the manufacturers of music equipment can work out some plan between them which would handle this problem very satisfactorily for all concerned.

"This can be done," as one leader stated, "by pooling a certain amount of finance in one organization to carry those men who want to buy new equipment. The creation of such a finance organization will make money for all investors."

As yet, no attempts have been made to create any sort of finance set-up exclusively for this industry from among its own members.

It is also noteworthy at this time to bring out the fact that many an operator is in better financial position than ever before. Such men are now in the mood to buy new equipment. They want to replace wornout machines. They would also be in position to meet all payments.

It is well known that the average operator, if not oversold, can handle payments for whatever equipment he feels he needs. Those manufacturers who have worked closely with ops in this regard claim that they have not suffered any financial loss.

In most cases, it is agreed, the members in the field are in position to make this business boom in much better fashion than ever before, for they have greatly diversified their routes and are no longer dependent on only one type of equipment.

This diversification has reacted very favorably for the average coin machine man. He now can take in new equipment of various kinds if financed properly, and meet all payments because of the income he enjoys from the entire route, not from just his music equipment alone.

Wanted A IENNER

A daring, farseeing, pioneering spirit like that of our forefathers with faith, courage, audacity, clear-sightedness, logic, confidence and laughing good humor is wanted to lead the way for an entire industry.

He who fears fear. Who has no faith in America's tomorrow. Who does not believe in people. Who lacks the dramatic touch. Who cannot see further who cannot see further than his nose. Who has than his nose. Who has grown fat and lazy from grown fat and lazy from too many good years. Who too many good years. Who listens too well to pessilistens too well to pessilistens. Who isn't a man's man. Who cannot stimulate and lead. Such a man need not apply.

But, if the applicant has all the above qualities in positive, not negative, fashion, let him step forward now to lead an industry destined for greatness on the glorious path of tomorrow.

"How Many Tears Must Fall" (3:00)

SAM BROWNE (London 394)

● Piper Sam Browne on deck with a pair that shine brightly. It's the mellow refrain of "Sunflower" that Sam shows with. Ditty is currently blossoming out as a first rate coin culler. Sam's spooning of this ditty is rich enough to warrant music ops listening time—and more. The flip, "How Many Tears Must Fall" is a strong ballad weaving in slow, dreamy tempo that satisfys. Vocal spot here is effective enough and should meet with music ops favor. Platter is there for the asking—ops take it from here.

"All Is Lost" (3:09)
"Go Now" (3:03)
ANNE SHELTON

(London 398)

Here's a disk that bears music operators avid attention. It's chirp Anne Shelton out with a pair of fresh tunes that have the spark of becoming hot items for the juke box trade. Titled "All Is Lost" and "Go Now," Anne displays a ton of warmth in her vocal rendition of these ballads. Top deck is adapted from Brahms' Hungarian Dance No. 5, and is offered in excellent fashion. Background music by the Roy Robertson ork and the vocal flavor of the Wardour Singers behind Anne adds to the luster of the disk immensely. The flip, "Go Now" gets a

plush, melodramatic sendoff from Anne and is also a brilliant tune. The waxing has what it takes to boost music ops coin-take—it rates a spot in the phonos.

"I Get Up Ev'ry Morning" (2:58)

"The Right Girl For Me" (2:53)

GORDON MacRAE (Capitol 15396)

Piper Gordon MacRae into the spotlight with this pair from the MGM flicker "Take Me Out To The Ball Game." Titled, "I Get Up Ev'ry Morning" and "The Right Girl For Me," Gordon displays a ton of warmth and richness in his rendition of this pair. Both sides spill in medium slow tempo, with the heavy sugar-coated lyrics rounding out the wax. Ork backing on the pair by maestro Paul Weston makes the platter shine all the more. Both tunes appear to be decent material for the phonos—music ops should take a leek-see.

"Need You" (2:39)

"'A' You're Adorable" (2:20)

JO STAFFORD—GORDON MacRAE (Capitol 15393)

● More wax by that click team Jo Stafford and Gordon MacRae and the pleasing refrain of "Need You" headed music ops way. Ditty is one that makes you listen, and should meet with wide approval. It's a slow romance tune with Jo and Gordy spooning the excellent lyrics in glowing manner. The flip, "'A,' You're Adorable" is currently causing loud talk in the disk biz. It's a light novelty tune weaving around the alphabet. This rendition is pleasing enough to warrant music ops attention. Top deck seems to be a winner.

"So Tired" (2:57)

"Humphrey Bogart Rhumba" (2:51)

FREDDY MARTIN ORCH.
(RCA Victor 20-3350)

● Pair of sides by the Freddy Martin ork with the refrain of "So Tired" and "Humphrey Bogart Rhumba" seeping thru in effective patter. Top deck, with the vocal refrain by Merv Griffin is pleasing enough. Music ops should know the wax well since it currently is one of the better items on phonos. The flip, with the title giving off the bill of fare, is a light rhumba with the lyrics playing around an ode to a bevy of Hollywood stars. The rhumba side is novel enough to cause a bit of attention. Music ops take note.

CHICAGO:

The Windy City weather proved a bit too much for some of the stars recently appearing here. One night this past week, while roamin' 'round the town, we found Eddy Howard absent from his stand at the Aragon Ballroom. Evelyn Knight among the missing at the Empire Room and orkster Art Kassel taking time out from his duties over at the Blackhawk to nurse a cold. Looks like we'll have to prove our Chicago hospitality and promise some of these guys and gals a little nicer weather from now on . . . Evelyn Knight, who recently bowed out of the Empire Room, signed for a five year video pact on NBC . . . March 2 marked the return of Al Trace and his orchestra to the Blackhawk. Al is setting a new high in attendance, packin' 'em in every night . . . The Blue Note, pop loop bistro, continues their parade of jazzmakers with a line up of talent that should keep the fans really flockin' there. Sarah Vaughan, currently holding down the fort and doing a grand job. Duke Ellington set for March 14, Mel Torme comes in on March 28, and Dizzy Gillespie on May 2. Rumors have it that the Duke will receive the tidy sum of \$5,000 weekly for his two week stand there . . Andy Russell and his very lovely wife, Della, currently teaming at the Mayfair Room of the Blackstone Hotel. The Russells only recently became a singing team and their first Capitol records, as well as their first nite club stints, are proving a big hit . . Charlie Ventura's ork and Nellie Lutcher slated for the Oriental Theatre beginning March 17 . . . Horace Heidt and his radio winners inked for the Civic Opera House March 10 to 13 . . . Big doings expected at the Aragon Ballroom on March 12 when orkster Vaughn Monroe comes in for a one-nighter . . . LOS ANGELES:

Two thousand cats, of assorted sex, and all jumping at the same time—that's a thumbnail sketch of the big doin's the night of Feb. 24 at the Avodon Ballroom, where Bull Moose Jackson and his great band held forth prior to opening at Cricket Club . . . We were there and presented Bull with his Cash Box "Oscar" for "I Love You, Yes, I Do" . . . And contrary to what the gang in the New York office may think, we were cold sober when we donned coonskin cap, along with Jackson and King Records Branch Mgr. Al Sherman, for the benefit of photographer . . . King chief Sid Nathan, it seems, got hung up in San Francisco and didn't get down in time for the event but was expected to spend some time with his local staff and Bull Moose later on . . . The Jackson music has such an irresistible beat that we even picked up our old bones and cut a hunk of floor with Al Sherman's obliging and comely secv., Helen, who we're sure will never forget or forgive the beating she took on that one . . . Been hearing some very promising new tunes for the boxes and of all around hit caliber . . . Among them, just due for their first waxings on important labels, are Hal Brooks' "Devoted to You" and I'll Love You Forever," the latter by Charley Hayes and Paul Weirick—and both rich in meaningful lyrics and beautiful melody . . . In different vein but also in the could-be hit dept. are "Hollywood Bowl," writer Al Gannaway's "Dear Mr. Sears and Roebuck" cut by Dorothy Shay on Columbia (Ought to sell a million of 'em via mail order catalogue alone), and American Music's Chinese novelty, "Sui Sin Fa," with Smokey Rogers on Capitol and the song's writer Jad Dees, on Henry Schelb's up-and-coming Crystal label . . . From Berle Adams' office comes a full dispatch to the effect that Paula (Little Bird) Watson is joining Louis Jordan and band for current Empire Room engagement and for an extensive cross-country tour via San Francisco, Indianapolis, Louisville, Cincinnati one-nighters, then to New York Paramount Theatre for March 30 opening, and from ther

RACE DISK O' THE WEEK

"Frisco Bay" (2:44)
"Timsy's Whimsy" (2:52)
MEMPHIS SLIM
(Miracle 132)

MEMPHIS SLIM QUARTETTE

Here's that man again, Memphis Slim and the House Rockers to rock off a new clickeroo here that will point the way for plenty of moolah in race juke boxes clear across the nation. In the bluest of

blue moods, away out and gone, Memphis Slim simply sends "Frisco Bay," the topside of this platter, right into an intimate spin for one of the surest clicks he's everyet cut. He covers plenty of territory in the lyrics, but, the music is somethin' that's gonna get heads noddin' and feet tarpin' and lots and lots of people pushin' more and still more coin into juke boxes. On the flip, "Timsy's Whimsy," Memphis Slim and the House Rockers turn in one of the most terrific instrumentals they've everyet produced. The boys beat that beat for all it's worth and send the tune into a spinneroo of a wham platter with plenty of surefire nickels, dimes and quarters pressed right into it. This is one disk you can grab onto now—and grab plenty. It's got money eatin' melody right inside of it.

"D' Natural Blues" (3:00) "Little Girl, Don't Cry" (2:49) LUCKY MILLINDER ORCH. (RCA-Victor 20-3351)

Back again, the great Millinder himself, the man who has made many a bright star shine forth on the disk firmament, with a new group behind him and once again proving why they'll jam the house to hear Lucky Millinder and his orchestra. The Maestro takes right off on the topside of this disk, "D' Natural Blues," in the blues style for which he's famous and cuts wax that's gonna please his many, many fans clear 'cross the nation. He squeezes every bit of oomphout of every little note and does it with such shining clarity and harmonious blending that this platter bids fair to last for a long, long time in many a juke box. On the flip, "Little Girl, Don't Cry," Maestro Millinder slows the tempo and introduces a vocalist to keep ears open for, Big John Greer. Big John pipes over the blues to sell the lyrics with a tremendous bangeroo punch. With Millinder behind him, this boy's sure to go a long, long way. Just listen in to this wax—it's got what you want.

"Blues Mixture" (2:45)

"Blues Mixture" (2:45) "Drinkin' Wine, Spo-Dee-O-Dee" (3:05) "STICK" McGHEE (Atlantic 873)

(Atlantic 873)

• Here's a platter you'll rate high once you listen in to it. "Stick" McGhee and His Buddies really cut lots and lots of grand blues when they cut. "Blues Mixture," a traditional hunk of wax with the theme, "I'd Rather Drink Muddy Water" behind it and instrumental that's gonna make you sway along with "Stick" and His Buddies. It's a side that rates a spot in everyone of your juke boxes. On the flip, "Drinkin' Wine, Spo-Dee-O-Dee," "Stick," in our estimation, goes all out, greater and better than on the top, with plenty of beat, good lyrics, lots of rhythm and melody supreme. Here's a "sleeper" side if there ever was one. Just listen in to it.

"Sugar Hill Bop" (2:30) "Five Star" (2:50) AL HAIG QUINTET (Secco 10-002)

Here's bop at its hottest, with Al Haig and an all star aggregation boppin' "Sugar Hill Bop" to a fare thee well. Terry Swope comes in to make this topside one of the best yet heard and a surefire draw for the bop

fans with his grand bop vocalizing. Terry rides the melody right down the line to add to the grand bop music. But, don't overlook the super special fingering of the 88's by Al Haig who plays one of the grandest bop pianos heard in many a moon. On the bottom side, "Five Star," there's more bop vocal by Terry Swope with Wardell Grey doing a really terrific job on the tenor sax and Al Haig following right up with his 88's goin' wild. Others on the disk doing, a very grand job are Jimmy Raney, guitar (whose guitar work is excellent), Charlie Perry on the drums, and what a drummin' job that boy does. Just listen in to this disk if you've got those bop spots.

"Oo Bop Choo Dop" (2:40) "Tell Me Why" (2:44) JAMES QUINTET (Coral 60022)

(Cord 60022)

• Welcome change in this grand blues disk with the James Quintet doing themselves grand honors for a grand hunk of melodic instrumental effort. On the topside, "Oo Bop Choo Dop," the boys kick off in speedy tempo and carry the unique blues vocal away over the line with some of the best instrumental work yet heard. This is a side that's sure to please lots and lots of customers in locations all over the land. On the flip, "Tell Me Why," the boys slow the tempo 'way down and let their tenor turn in one of the best vocal jobs yet heard. This side will be played for a long time to come, and may even be termed "topside" by the ops who are sure to latch on.

"Ray's Groove" (2:51)

"Ray's Groove" (2:51) "Phipps Deed" (2:43) BABS' 3 BIPS AND A BOP (Apollo 787)

(Apollo 787)

• More bop in speedy tempo with a bop vocal by "Babs" Gonzales that's unique, to say the least, and that has all the earmarks of a winning disk on any spot where the kids like their bop hot and speedy with tuneful melody cutting thru the instrumentalization. There's plenty of good bop piano in the background, and with "Babs" doing the vocal, and the rest of the gang backing him up, the tune speeds 'round the grooves to make this a very different kind of bop platter. On the flip, "Phipps Deed," in slower tempo, the gang again cuts bop wax with lots of grand instrumental and good vocalizing to make this a platter that every juke box op should make it his business to listen to if he's got the spots where the patrons like their bop, but solid.

THE CASH BOX "Folk" and "Western" Record Reviews

"I Know What It Means To Be Lonesome" (2:32)

"I Waltz Alone" (2:43)

CLYDE MOODY (King 765)

CLYDE MOODY

We're picking Clyde Moody's "I Know What It Means To Be Lone-some" as topside of the "Bull's Eye" this week. Here's Clyde Moody as you love him, swingingly singing one of the livliest tunes you've yet heard. He'll get your

toes tappin' along with him and your mood's Moody's from then on in. It's one of the very best cuttings Clyde has ever yet made and is sure to pull a zillion nickels, dimes and quarters from juke box customers on country locations all over the land. On the flip, "I Waltz Alone," comes Clyde Moody with one of the very cutest waltz melodies and grandest lyrics backed by a very versatile and able string band to again cut a side that has just about everything any op could ever ask from a platter. The complete title is 'I Waltz Alone In The Moonlight' which gives you some idea of the lyrics to this sweet hunk of waltz melody. Here's Clyde Moody as you like him. Grab a boxful and spread 'em around quick.

"Tennessee Border" (2:33) "I Watched You Walk Away" (2:42)

CARL STORY
(Mercury 6165)

A folk lament by Car! Story backed by The Rambling Mountaineers that promises to meet with plenty good approval thruout the hill and dale locations. Carl does one grand job with the topside of this disk, "Tennessee Border," and is sure to gain plenty of fans when they hear how really swell he pipes the lyrics to this grand tune. On the flip, "I Watched You Walk Away," a tear jerker from every standpoint, but with grand folk melody behind it, Carl really shows off his pipes to most complete advantage. Like the topside, it's also in slow metio, and has grand lyrics to back up the melody. Listen in.

"Sundown In My Heggt" (2:49)

"Sundown In My Heart" (2:49) "Our Anniversary" (2:36) TEXAS JIM ROBERTSON (RCA Victor 21-0012)

(RCA Victor 21-0012)

Texas Jim Robertson and his grand, deep baritone voice, backed by The Panhandle Punchers, turns in a whale of a western with "Sundown In My Heart." It's in a sentimental mood and the lyrics do justice to his grand piping of the melody. Here's a side that will win many a Robertson's fan's applause. On the flip, "Our Anniversary," Texas Jim goes into one of the very saddest laments we've ever yet heard him do. The lyrics and melody are sure to bring many a tear to many an eye everywhere in the hills and plains. It's Texas Jim at his best. His voice clear and sad and the Panhandle Punchers beautifully backgrounding him thruout. This is one disk you should make it your business to listen to.

"An Old Farm For Sale" (2:46) "Where You Goin' " (2:50) COWBOY COPAS (King 755)

(King 755)

That grand, grand folk star comes thru with another smasheroo in "An Old Farm For Sale." And all you guys and gals who come from farms will sentimentally feel the sadness of the lyrics and melody as Cowboy Copas sings them intimately to you. It's a grand job, a great tear jerker, a side that has that money-makin' Co-

pas' touch, and that will outlast many and many a disk in any one of your juke boxes. This is one side you can count on for heavy play especially if you've got locations in the farm country. On the flip, "Where You Goin'," Cowboy Copas speeds the metro and cuts a lively, graceful, little tune that has a lilt to it you're gonna like. It's the type of bluesy thing that Copas does so well and is sure to click with his many, many fans. Load up now.

"Little Rag Doll" (1:56) "My Cross Eyed Gal" (1:54) CURLEY PERRIN (Apollo 203)

(Apollo 203)

One of the speediest spinning discs that's come to our attention in many and many a moon and one of the very best, too. Just listen to Curley Perrin and his boys work over on that "Little Rag Doll," a sentimental hunk of wax that's got plenty of punch to it with lyrics you're sure to like. This is one side we heartily recommend for every folk spot in the land—it's got "that stuff" to bring in the coin. On the flip, "My Cross Eyed Gal," Curley and his boys take over on an old, oldie with plenty of zip and zest and sell it for everything it's worth. This, too, is a very, very great side by Curley and may even be rated as the "topside" by ops who'll hear the platter. Anyway, either side is a winner on this speediest of speedy spinning platters, and either side is sure to bring in plenty of those nickels, dimes and quarters. Latch on to this disk.

"Just a Minute" (2:23) "Smoky Mountain Polka" (2:01) JOHNNY CROCKETT AND HIS BLUE RIDGE PALS (Specialty 702)

(Specialty 702)

Johnny Crockett and His Blue Ridge Pals on deck with a pair of bouncy items for music ops to get next to. Wax, titled, "Just A Minute" and "Smoky Mountain Polka" is tailor made for the hill locations, and should garner a slew of coin play. Top deck, with Johnny turning in an excellent vocal job, is offered in humorous fashion, with the ork turning in some wonderful rhythmic support. Flip is just what the title indicates, an up tempo rhythm polka, with Johnny in the limelight once again. Wax rates a spot in ops machines.

MUSIC PLAY STEADY AS DISK SALES LAG

NEW YORK — While disk sales throughout the nation continued to lag this past week, music operators reported a steady volume of automatic

Ops reported that juke box play held its own the past few weeks, altho there was no smash disk hot on the market to cause any excitement. Fastest rising hits were "Cruising Down The River," "Galway Bay," "Sunflower," "You, You, You Are The One," "So In Love" and "Careless Hands."

Ops reported the continued play of two novelties in the field, "Blue Skirt Waltz" and "Clancy Lowered The Boom."

Meanwhile dealers appeared to be reptical in ordering records. Many skeptical in ordering records. Many pointed to the confusing situation with relation to 45 rpm., 33 1/3 rpm., and the standard 78 rpm. platters as the rethe standard 78 rpm. platters as the result of low disk sales. One local dealer stated, "My customers don't know what to buy anymore. They'll come in, ask for a recording, and then ask me whether or not it can be played on the particular phonograph they have at home. That in itself makes the potential customer hesitant, and more times than none lately, the customers have been walking out of the store."

Altho RCA Victor's 45 rpm platters

Altho RCA Victor's 45 rpm platters are not yet out on the general market, many dealers were already paving the way for their sale thru demonstration recordings issued recently. The new RCA Victor rapid-changer phonograph and colored platters are scheduled for release early in April.

release early in April.

Music operators disclosed that the advent and novelty of television play, in preference to juke box play, as had been the situation in large cities at the outset of television's wide growth, has worn off to a great extent. Locations with TV and juke boxes are now playing both, with both forms of entertainment controlled in tone volume to suit the needs of the tone volume to suit the needs of the particular locations.

Charles LaVere Inks Decca Records Pact

NEW YORK — Charles LaVere, pianist-vocalist with the Gordon Jenkins orchestra, was signed to a one-year recording contract this past week with Decca Records.

The pact came as a result of the success LaVere scored with his Decca recording, with the Jenkins' ork, on "Maybe You'll Be There."

LaVere cut two sides for the plattery this past week, "Dreamer With A Penny" and "Have A Little Sympathy," backed by the Jenkins ork and the Four Hits And A Miss.

MAJOR PLATTERIES CONTINUE HEAVY EMPHASIS IN RACE AND BOP FIELDS

NEW YORK — Major recording companies throughout the nation continued their plans for heavy emphasis in the race and bop music fields with the announcement this past week by several firms of strong promotion campaigns aimed at swinging a bulk of the disk sales their way.

of the disk sales their way.

It is well known throughout the disk trade that the independent diskers have long dominated the race field. The position in the race field held by Aladdin, Modern, Exclusive, King and Savoy Records, to name but a few, is envied by the majors to some extent. The above mentioned "indie" recording companies, have dominated the race record field for some time now, with all firms leading in "race" disk sales at present.

Many in the trade point out that

ing in "race" disk sales at present.

Many in the trade point out that the indie diskers in this field have gained the position they hold thru a constant program of cooperation with juke box operators. While major platteries do not grant music ops a return privilege, many of the indies do. The same situation holds true insofar as the issuance of free printed title strips are concerned. Of farreaching importance, is the stress made by indies of giving music ops rapid delivery in their purchase of recordings.

One well known independent disker

One well known independent disker stated recently, when queried about relations with juke box operators, "I'd rather deal with the music op simply because I stand a better chance of getting my money out of the deal."

It is a well known fact that business mortality rate is higher among dealers

than juke box operators.

BUYING FOR SPRING SEASON BEGINS

NEW YORK-Coinmen thruout the country are eyeing the calendar, and the weather, looking to the approach of the spring months for a decided pick-up in collections and sales. It's a well known fact that with the approach of better weather each year, business for all in the industry improves greatly.

Operators at this time are scanning their routes with the thought in mind of switching and buying new equipment to take advantage of the increased attendance at their locations. Those coinmen who cater to summer resort and outdoor locations are now making their plans to set in their best money making machines, and purchase added equipment necessary to bring them the best income.

A check-up on wholesalers brings to light the fact that they've had calls from operators who have been quiet for months, asking if certain machines were available, and what they had that was new. These requests covered all types of machines, including music and vendors.

Most active at this time, and sure to become increasingly active as each day passes, are those coinmen who have arcades and locations at outdoor and shore locations. It is noticeable that arcade owners are now gathering at the wholesalers, not only buying machines, but on the lookout for deals for complete arcades.

Several very fine new amusement machines have been manufactured in the past month, suitable for both arcades and individual locations, and the trade can look forward to quite a few more within the next few weeks. Those machines that have been shown so far have met with the approval of the operator, and wholesalers are being pushed to keep up with the demand.

Within the next week or so, greatly increased activity by the buyers can be expected, as more and more interest in preparing for openings of these spring and summer locations becomes a fact. From every indication it appears as if the trade is headed for a banner season.

Genco's New Five-Ball Game In Full Volume Production

CHICAGO — Complete and instant acceptance of Genco's new five-ball "Big Top" by the operators have started the firm on a full time volume production schedule, stated Genco officials.

"Altho 'Big Top' has been in the testing stage these past weeks" stated one of the firm's executives "reaction has been so favorable that we are now going full blast to get the games to our distributors in all territories."

Distributors and territory repre-

sentatives for Genco who have been visiting the factory recently have expressed their enthusiasm upon their individual study of "Big Top", but when they were shown the results of rigid tests on locations, they advised the factory to go into immediate full production. As one of these distributors stated "It's wonderful how Genco keeps turning one hit after another. And 'Big Top' looks like it will top Genco's previous efforts."

"Citation" Completes First Six Months Production Run-Still Going Big

CHICAGO-"Six months run on an CHICAGO—"Six months run on an amusement game is a phenomenom in this business" stated George Jenkins, vice president and general sales manager of Bally Manufacturing Company, this city, "but, six months of continual, top production of an amusement game is something never heard of before. That's the Bally record on 'Citation' one-ball free play, and 'Lexington' one-ball automatic."

March 1st marked the end of the first six months of production, with the demand continuing unabated.

first six months of production, with the demand continuing unabated, according to Jenkins.

"Operators thruout the country have informed us that 'Citation' has injected new life into the entire industry" continued Jenkins. "Wholesalers of all types of equipment have told us that because of the collections derived from Bally's one-ball, other machines have been purchased by operators. We are more than happy that this condition exists, as the improved financial condition of our industry makes for a healthy and continuous future."

It is a well known fact that Bally

It is a well known fact that Bally representatives thruout the country have praised Ray Moloney, president of the firm, to the skies, and have of the firm, to the skies, and have indicated their appreciation by presenting him with trophies of all kinds. In addition they recently expressed their congratulations to the popular Moloney in print (The Cash Box, February 26 issue).

Jenkins stated that production on "Citation" and "Lexington" will continue full scale to keep up with the continuous demand of the trade.

It was further stated that only Her-culock keys will fit this re-designed keyway, and the keys themselves have been given a unique shape to make them quickly identifiable. A key coding arrangement has also been introduced whereby keys are registered for the exclusive use of the operator.

EASTERN FLASHES

Spring is starting to creep into the air. Not that it can be noticed as yet by the weather, but activity among the wholesalers of arcade and amusement games is livening up, due to the interest of outdoor and resort coinmen who are starting to get ready for the new season. Not only are these wholesalers getting letters and phone calls inquiring about equipment, but many of these operators are visiting the wholesalers personally selecting whatever machines they figure will be of benefit to them.

Recognizing the usual spurt in buying at this time of the year, The Cash Box is preparing its annual SPRING SPECIAL ISSUE, which will bring its readers many stimulating and authoritative articles. (Note by the advertising manager—Get those ads in by March 17, Thursday.)

Harry and Hymie Koeppel, Koeppel Distributing Company, appointed Metropolitan New York distributors for the new pool type amusement game "52," manufactured by Paul Boizelle Manufacturing. Local coinmen showing great interest in this amusement machine, as Koeppel tells us it's been licensed by the city. Harry expects to go to town from April 1st on, when the operators buy their licenses. Many are holding off until that time, as it would cost them the same \$50 for the next one month . Hymie Rosenberg back in the city after an extensive four weeks coverage of the Southern States for American Shuffleboard . . . Barney (Shugy) Sugerman, Runyon Sales Company, and his ace roadman, Irv (Kempy) Kempner, covering the trade thruout Connecticut this week. Morris Rood, manager, reports that the orders for AMI's are being called in by these two hustlers. Abe Green, Runyon's Newark, N. J., impressario, back from a wonderful two weeks at Miami Beach.

Dave Stern and Tom Burke, Seacoast Distributors, Inc., Newark, N. J., and Elizabeth, N. J., spend an entire day on Coin row. Dave, who had just returned from a Miami Beach vacation, looked like a zillion, what with a brilliant suntan. Tom Burke, the sceptic, whispers the suntan was due strictly to a sun lamp Stern had taken with him. Could be, as we've never seen the sun (as powerful as it is in Miami) out at night. While there, Dave saw all of his coin machine friends, and stayed at Lou Koren's "King Cole" Hotel . . . The window washer was standing on a ladder cleaning the windows of Dave Lowy & Company when we came along. Dave, Teddy Seidel, manager, and their secretary, were hiding in the back private office. It seems that the day before this same cleaner went right thru the plate glass, spraying evervone with flying glass. Dave had just returned from a trip up-state New York, where he completed some very fine deals on used equipment . . . Joe Munves back at the Munves' store on coinrow, supplying the ops with all kinds of parts and supplies.

Mike Munves starting to get busy for the coming season, and wonders if he should call back Max, who is resting up in Miami Beach. But if we know Mike, he'll take care of things himself, and let Max come back when he wants to. Meanwhile, he's pretty excited about Exhibit's "Dale Gun," which is making quite a hit in this territory . . . Charley Wertheimer, the Boston coinman, visiting in the city . . . Al Siegel, Siegel Distributing Company, Wurlitzer's Canadian distributor in the city for a fast two days—just relaxing. . . Phil Mason, Mason Distributing, recovers completely from his recent sniffles, and immediately gets on the road again—we hear it's Chicago this time . . . George M. Seedman, secretary of The Rowe Corporation, and vice president of NAMA (National Automatic Merchandising Association) addressed the marketing class of Columbia University's School of Business Administration on March 1. Subject: "Automatic Merchandising."

Larry Serlin, well known Long Island operator, County Enterprises, Woodside, L. I., rates an accolade for outside activities which bring credit to this industry. Serlin is the chairman of a committee who will do honor to Charles J. Muss, president of the Bayside Jewish Center of Long Island, at a testimonial dinner to be held on Sunday, March 20. Proceeds from this dinner will be used to build a new extension to the present building of the Center . . . Have a postcard from the traveling F. McKim Smiths, datelined Cuba. Card reads, "We are still enjoying our honeymoon" . . . Al Simon, Al Simon Company, representatives for Chicago Coin, plays host to a continual stream of coinmen, who are dropping in to get a looksee at Chicoin's new pistol. We took a crack at and missed only one shot, which we swore we hit. But evidently we were mistaken, because Al took over and hit it on the first try. Probably been practicing all day long.

Ray Alexander and brother Jim, Central Sales & Distributing Company, Rochester, N. Y., happy over their appointment as distributors for Aireon Manufacturing Company's line of phonos and accessories. Jim is in charge of the sales department, with Bernie Shapiro, well known in central New York, traveling the territory. Bill Simone heads the parts department, with Annabelle Audino in charge of the office . . . Harry Berger, West Side Distributing Company, out to do some buying to fill orders he's been getting . . . Al Bergman, Alfred Sales, Inc., recuperating rapidly from his recent illness, spends a few hours a day at the office. After a medical checkup this week, Al heads for Florida for a vacation. He had intended to go West, but changed his mind, and will rest up down south . . . Al Blendow and Al Meyers, Blendow and Meyers, getting set for a good spring. Coinmen are beginning to place orders for machines, and in addition Blendow is getting out on the road to see arcade owners.

CHICAGO CHATTER

Art Weinand is proving himself a shuffleboard champ. After lunch leading execs at the Rock-Ola plant get together into one of the game rooms and play a game called "Kansas City Shuffleboard." Game consists of lining up three of the weights in the No. 3 score panel, which starts the player off with a score of 9, then it's up to him to add to it. "Sunflower" Weinand has been taking the boys over, very neatly, of late . . . Over at the United Mfg. Co. plant they've developed a new "gin" champ. Billy DeSelm, no less. And from reports emanating from the big and beautiful United factory, seems like Billy is now challenging the industry to championship combat . . . Which also reminds me . . . they're calling Herb Oettinger of United . . . "Have-A-Dinner" Oettinger . . . they tell me that this new name (the old one was "Baby Face") is due to Herb's wife, Sarah . . . Ray Moloney and family down to Miami Beach for a vacation . . . David C. Rockola is president of the Phnongraph Manufacturers Association . . . George Jenkins and Phil Weinberg enjoyed their visit to Texas.

Seems like Sammy Stern knew whereof he spoke when he said, "Our new game, 'Dallas,' is going to be one of our very best"...R. R. (Rudy) Greenbaum is being deluged by many firms asking for distributorship of Trans-Vue's video where television hasn't as yet been introduced... seems, according to Rudy, that this time many coinmen want to be completely prepared when the video stations go into action in their communities...which ain't bad logic...H.F. (Denny) Dennison of Dennison Sales Co. out of town practically all week... Harry Williams still out of the factory... but expected to return with some outstanding ideas for new games... Over at Genco's big plant they tell me that the boys have been very busy preparing a real surprise game for the industry... and the way Genco games have been going... there's no doubt that all will be watching with eyes wide open to see what the Gensburg brothers have to announce. have to announce.

Phono men beleive that, by the end of this year, action will pick up big . . . and that some real surprises in phonos are on the way in . . . much lower priced, too, they say . . . 10c per player per game on shuffleboards is what's keeping these games going so good . . . say some of the people who should know and who have been out in the field watching the action . . in fact, in some towns, coinmen are getting 15c per player per game . . . and even at 10c it means as high as \$1.60 per hour for steady play of four men teams . . . that's about as high a take as has ever been known to the field . . . Coin machine executive with probably the most notable visitors (and all day long, too) is Tom Callaghan of Bally Mfg. Co. Capt. Callaghan sometimes has complete football, baseball and other sports teams visiting him, not to mention "big names" who call around regularly.

Lindy Force of AMI preparing a program which is sure to meet with approval of the firm's merchandising organization . . . Lindy has been at it for some time now and feels that the month of March is just the time to start. . . The Most Fascinating PLAY APPEAL Ever Put on a Juke Box!

Mr. Operator: If you haven't seen TONAR in action, you're missing the most electrifying sight in juke box history.

You've inspected a lot of phonographs, with various types of "play appeal"-lights, colors, decorations-and you're not easily impressed. But we guarantee that TONAR will interest you . . . and it will be a sensation in your locations!

TONAR employs the cathode ray principles of radar, to make the playing of each record a new, exciting adventure. Let your Aireon representative demonstrate TONAR in action. You'll see why the new CORONET is fast becoming the top location-getter of the industry.

HOW TO USE THE "C. M. I. BLUE BOOK"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange-posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.
