

# THE CASH BOX

VOLUME 12, NUMBER 29

APRIL 14, 1951

Voted the top money making recording stars of 1950 in the rhythm n' blues field by the juke box operators of the nation in the Fifth Annual Poll conducted by *The Cash Box*. Little Esther and Johnny Otis are shown receiving their awards on the stage of the Apollo Theater in New York for the great disks they put out on the Savoy label. Left to right are Johnny Otis; Little Esther, who now records for Federal; Lee Magid of Savoy Records; and Sid Parnes of *The Cash Box*, who presented the trophies.

**Guard Your Family  
STRIKE BACK!**

**GIVE to Conquer Cancer**

**IF SOMEONE IN YOUR FAMILY HAD CANCER**, you would do anything . . . everything that would help. And today there is so much that you can do to help. Tens of thousands of families just like yours meet cancer every year and triumph over it. But we are still losing too many men and women we love.

Doctors can now cure half of those who develop cancer if the disease is diagnosed in its early stages. Yet in 1950 some 210,000 families lost a father, a mother or a child to cancer. Many of them—probably 70,000—could have been cured.

To save more lives, we all must help.

Your gift to the Cancer Crusade will help guard your family by providing more research, more

life-saving education, more training for scientists and physicians, more equipment, more services for those already stricken with the disease.

Cancer is man's worst enemy. Striking back at cancer costs money. Any contribution is welcome but, the fight against this major threat deserves major support: dollars—tens—twenties—hundreds of dollars. Will *you* help?

# “QUIET”

Since the March 3, 1951 issue of *The Cash Box*, when “*The Confidential Price Lists*” appeared in code for the first time, this publication has received a tremendous number of compliments and much commendation from the trade.

It is not at all surprising to note that the industry agrees with *The Cash Box* that “quiet” is the best way to conduct this business. Not at present, but at all times.

It is well known that everyone of the trades of this nation have maintained quiet regarding their businesses. They have always kept their prices completely and extremely confidential.

Even the smallest retailer in the nation has used code markings for the merchandise he sells, so that he would know his cost, as against his selling price.

When *The Cash Box* “*Confidential Price Lists*” were imitated for the first time, and location owners, and others, could learn about the prices of the equipment of this industry on a newsstand for only 25¢, this publication then followed the only other alternative which was open to it. And that was to “code” “*The Confidential Price Lists*” so that only those who compose this industry would be able to read them.

There is no doubt, as time goes on,

that “quiet” will more than ever become the watchword of the industry. Very gradually all manufacture will be devoted to defense. This nation has to be prepared to swing into immediate military action.

This can't happen in just a few months. It takes many, many months before the larger factories get rolling. When that happens, when plants which now employ hundreds will, instead, be employing thousands, then, there is no doubt, defense production effort will dominate.

Just as in World War II, the “workingmen's clubs” (the corner tavern, cigar, drug store, and other gathering place) the nation's workers will relax for a little while, playing one of the amusements of this industry as well as listen to the juke box therein located.

This, most definitely, for the very small and economical amount of money it costs the workingman, will tremendously help the war effort.

By relaxing the workers, easing their minds, taking away the terrific tension of speeded production and possible war nerves, the products of this industry can be definitely labeled, “morale builders”.

And, all the time that this is going on, this industry wants to maintain “quiet”.

A quiet dignity. Helping the war effort in every possible way and, at the same time, maintain its own business confidences within its own ranks.

“Quiet” is extremely important at this time. The trade can obtain repair and maintenance parts and supplies. It can still continue on ahead doing a great job for all in the nation. The greater majority of its locations are the nation's “workingmen's clubs”. These are mighty important to the war effort which grows more intense with each passing day.

“Quiet.” Complete quiet in every regard. And, especially, confidential quiet as to the prices of the equipment of the industry so that location owners, or any others not connected with this industry won't be able to, for only 25¢, learn the price of equipment of the industry.

Perhaps if all prices featured by sellers halted for the time being, it might be best for all concerned. This is only a suggestion. The leaders of this field can decide this for themselves.

In the meantime, the “editorial without words” which appears on the next page, is well worth cutting out and pasting up on the bulletin boards of all firms in this field.

“QUIET.”

# Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"A LOVE LIKE YOURS" (3:07)

"NO ONE BUT YOU" (2:54)

TONY FONTANE

(Mercury 5611; 5611 x 45)

● Tony Fontane, who's been showing so much promise, comes up with another side that will enhance his reputation. The tune is a love ballad which Tony does in English and Italian and on which he gets some fine backing from Lew Douglas' orchestra. Flip is a tune which looks big from here and may very well step out. Ops oughta latch onto this disk.

"SOMETHING WONDERFUL" (3:18)

"WE KISSED IN THE SHADOW"  
(3:13)

DORIS DAY

(Columbia 39293)

● "The King And I" has arrived to provide recording stars with loads of new material. Here Doris Day offers two of the show's selections and she certainly makes them sound attractive. Both are ballads which should be getting a great play in the next few months and ops won't want to miss them.

"MANHATTAN" (3:20)

"OH LOOK AT ME NOW" (3:01)

LEE WILEY and BOBBY HACKETT

(Columbia 39202)

● Lee Wiley makes with the words while Bobby Hackett makes with the music in this grand rendition of an old favorite. Lee takes it very easy singing the up-to-date lyrics to the song and makes it wonderful to hear again. The lower half is another oldie done in similar style by the pair. The top deck gets our nod.

"THE SYNCOPATED CLOCK" (2:54)

"LOCK THE BARN DOOR" (2:49)

EILEEN BARTON

(National 9152)

● A tune that's been making its way as an instrumental, gets a set of lyrics and shows up here as a pleasant item as done by Eileen Barton. Neal Hefti provides a light orchestration to back her up and together they do a fine job. The lower half is another interesting tune on which Eileen again does a competent job. The top deck should be in for a big play.

"I'M YOURS TO COMMAND" (2:59)

"SHENANDOAH WALTZ" (2:35)

SAMMY KAYE ORCH.

(Columbia 39295)

● A potent ballad, written by Russ Columbo and never published, is given an "It Isn't Fair" type going over here with good results. Tony Alamo comes up with a plush vocal and makes this a very dramatic rendition. Flip is an item that's threatening to break thru and this version should give it another push.

"IDA" (2:25)

"MARY'S A GRAND OLD NAME"  
(3:00)

TONY PASTOR

(Columbia 39290)

● Two real old standards get a going over on this platter from Tony Pastor. Tony does each of them in very slow style and they sound attractive. His manner of delivering a song is to throw everything he has into it and in this case it pays off. Ops oughta listen in.

## DISK OF THE WEEK

Coinciding with the thinking of the juke box operator that the coming months will see a decided increase in play, recording companies have released a number of potential hit records. Ordinarily the policy of *The Cash Box* is to select what it believes would be the outstanding record of the week. However, due to the unusual number of exceptionally fine records, we deviate from this policy for this issue to advise the operator of several records that should find their way to the top.

"THE LOVELIEST NIGHT OF THE YEAR" (2:58)

"LA DONNA E MOBILE" (2:48)

MARIO LANZA

(RCA Victor 10-3300)

MARIO LANZA

● Mario Lanza, who exploded upon the pop field with "Be My Love", does it again with a tune called "The Loveliest Night Of The Year", an oldie with a new set of lyrics. Lanza's powerful voice really sets this one off and assures it's being a tremendous thing. Building up to a big climax, he gives it the same exciting treatment he gave his first disk. Ops who are still going to town with "Be My Love" have a great side to follow it with. The second half, a well known aria, won't have much appeal in the boxes, but the top deck is certain to have a huge play. Ops oughta get started with it as fast as they can.

"HAPPINESS" (3:01)

"ALWAYS YOU" (2:39)

GUY LOMBARDO

(Decca 27516; 9-27516)

GUY LOMBARDO

● A novelty with a calypso flavor bids fair to give Guy Lombardo a new hit. Featuring a cute set of lyrics, this number gets the typical Lombardo treatment which means it makes for some excellent listening. Kenny Gardner turns in a good job on the lyrics of "Happiness" and the whole band joins in to make this a top notch contender. The second side is another good one for Guy on which he goes to town on a beautiful melody with tremendous appeal. Kenny Martin comes through with the vocal here. This is another platter on which ops are gonna have a time counting the receipts.

"MOONLIGHT BAY" (3:05)

"WHEN YOU AND I WERE YOUNG MAGGIE BLUES"  
(3:15)

BING & GARY CROSBY

(Decca 27577; 9-27577)

GARY & BING CROSBY

● Bing and Gary get together again to follow up the great disk they turned out this summer. This one is called "Moonlight Bay" backed up by "When You And I Were Young Maggie Blues" and once again they have a smash. The top deck is the oldie done in their glib style with a lot of patter mixed in. Matty Matlock's All Stars provide a good musical setting which goes along well with the feeling of the disk. The lower end too is a likely number with Bing and Gary mixing chatter and song in a pleasant manner. Ops who cleaned up on their first disk know how they oughta order on this one.

"NO ONE BUT YOU" (2:57)

"FAITHFULLY YOURS" (2:48)

TONY MARTIN

(RCA Victor 20-4098; 47-4098)

TONY MARTIN

● A terrifically exciting tune plus a first rate rendition gives Tony Martin a top deck that's bound to be big. The rhythmic beat of the tune keeps you humming it for a long time and Tony's big voiced vocal has you listening for more. Customers are gonna put more than one coin into the boxes to hear this. With Henri Rene conducting the orchestra and chorus, this one gets a plush production. The second side gets another one of those exciting vocals from Tony and a good orchestration from Henri Rene. But the really big one is the first side. Ops shouldn't pass it up.

"NEVER BEEN KISSED" (2:37)

"A HUNTING WE WILL GO" (2:21)

JERRY LEWIS

(Capitol 1482; F-1482)

● A current novelty finds Jerry Lewis running wild again. Jerry certainly goes to town on his disks and with Dick Stabile providing the music, this one is good to hear. The lower half is another novelty with cute lyrics and again Jerry does a good job. Ops might take a peek.

"I'M YOURS TO COMMAND" (2:45)

"I'LL BUY YOU A STAR" (3:05)

GORDON MacRAE

(Capitol 1471; F-1471)

● A tune that's getting a big push has another likely vocal here from Gordon MacRae. Gordon pours a lot of feeling into this ballad that's being recorded all over the place as Carmen Dragon's orchestra provides the setting. The lower end is a ballad too which he performs ok. Top deck gets the nod.

"PLEASE DON'T TALK ABOUT ME WHEN I'M GONE" (2:23)

"SAN ANTONIO ROSE" (3:01)

DINNING SISTERS

(Capitol 1473; F-1473)

● A terrific version of a wonderful oldie is offered on the top deck by the Dinning Sisters. The girls give this a great ride as Jack Fascinato and his orchestra back them up. On the lower end they again show their brand of harmony. The upper half should garner a lot of coin.

"WHERE THE RED ROSES GROW"  
(3:03)

"LET'S WALTZ JUST ONCE MORE"  
(2:25)

MARTHA TILTON & HARRY BABBITT

(Coral 60430; 9-60430)

● A terrific duet is turned in here by Martha Tilton and Harry Babbitt. The couple go through this one with a steady rhythmic beat and get a fine assist from George Cates and the orchestra. The bottom half is a flowing thing which sounds good also. The top deck could make it.

"MY MOM" (3:01)

"I REMEMBER MAMA" (2:57)

ANDREWS SISTERS

(Decca 27537; 9-27537)

● To add to the avalanche of mama songs that we've been getting, the Andrews Sisters have two more to offer. The first is the oldie which Patti does as a solo while the second finds all the girls together making some good harmony. Vic Schoen does the orchestration on either side. This should be an appealing one to the girls' fans.

"PUT ON YOUR RED SILKEN STOCKINGS, PRETTY BABE"  
(2:29)

"T'WAS BRILLIG" (2:37)

HELEN GRAYCO

(London 983)

● A cute tune which is having a big sendoff provides Helen Grayco with the material for a good side. Helen does this one gingerly and puts a lot of spice into it. The lower level features a double talk number from "Alice In Wonderland". This should do ok in the machines.

## LOS ANGELES:

Thought it high time we dropped in on old friend Austin McCoy, blues & rhythm chief over at Mercury and see what he's been up to. . . . We found him in the midst of a meeting with Mercury artists Meredith Howard, Violet Halk Jim Wynn, Snake Sims, Charles Norris, Allen Greene and John Hogg, discussing their forthcoming releases and asking for their all-out cooperation along promotion lines. . . . While visiting Austin, who had just returned from a 15,000-mile flying trip after talent and meeting with distributors and dee-jays Coast-to-Coast, we listened to Allen Greene's platter of "Jezebel," on which tricky tune he does a great job. . . . Another young man we hadn't run into for awhile is Dick Bock, Discovery veepee, who's sporting as fine a looking beaver these days as we ever did see and is expecting some real jukebox action on the label's brand new Helen Humes release, "Helen's Advice" and "Airplane Blues," a pair not especially designed for the kiddies. . . . Also coffeeed with one of our favorite people, secy., bookkeeper and office mgr. Thelma Walker, who's had a tough time shaking off a mean case of old demon virus. . . . Discovery will soon come out with several items cut over in Paris by the Zoot Sims Quartet and Roy Eldredge.

KING COLE

Big doings over at the Mesners Bros. of Aladdin fame, with their Intro label being worked over into hillbilly, western and folk under the expert hand of Fleming Allen, who spent seven years with American Music, helping Sylvester Cross launch the firm, and followed that with one year at 4 Star Records. . . . Already signed by the Mesners are Andy Parker and the Plainsmen, Tommy Duncan and Terrea Lea. . . . # Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"A NICKEL AIN'T WORTH A CENT TODAY" (2:29)

"OH, WHAT A FACE" (2:30)

GUY LOMBARDO  
(Decca 27487; 9-27487)

● A couple of novelties are offered on this platter by Guy Lombardo and his band. Kenny Gardner does the vocal at either end and makes the tunes sound attractive. The top deck is a timely thing which ops should be interested in. The lower half is a raucous item which is fun to listen to. Ops oughta do just that.

"PRETTY BABE" (2:35)

"AND WHOSE LITTLE GIRL ARE YOU?" (2:34)

BILL DARNEL & PINETOPPERS  
(Coral 60431; 9-60431)

● One of the most likely novelties of the season is turned out here by Bill Darnel and the Pinetoppers. Both Bill and the group do a first rate job in putting across this novelty. The second half is another cute thing which again gets some good treatment. Ops mustn't miss the top deck.

"MY LOST MELODY" (3:02)

"BUNDLE OF LOVE" (2:51)

CONNIE HAINES  
(Coral 60426; 9-60426)

● A lovely new tune gets a beautiful vocal from Connie Haines as George Cates and the orchestra back her up. Connie turns in a terrific job on this and should run away with it if the tune clicks. The second half is a novelty which she performs in her lively manner. Ops oughta hear the upper deck.

"LET ME LOOK AT YOU" (2:53)

"CHANTE MOI" (2:47)

TED STRAETER ORCH.  
(MGM 10943; K-10943)

● A ballad from "Mr. Imperium" gets Ted Straeter's whispering treatment here. Ted comes through on the lyrics with a chorus behind him in pleasant manner. The lower half is a French item in which Ted sings a chorus in French. Ops might take a look at this platter.

"I'M YOURS TO COMMAND" (3:04)

"THE SYNCOPATED CLOCK" (2:46)

TONY FONTANE  
(Mercury 6507; 5607 x 45)

● The Russ Colombo tune that's getting a big shove just now has another grand vocal on the top deck from Tony Fontane. Tony makes it sound very dramatic as he gets a fine assist from Lev Douglas and his orchestra. Bottom half is the appealing instrumental to which lyrics have been added. This should hold its own in the boxes.

"ON TOP OF OLD SMOKY" (2:48)

"DO YOU DIG, JOHN PEEL?" (2:45)

GEORGE SIRAVO ORCH.  
(Mercury 5612; 5612 x 45)

● A promising new singer, Ray Barber, goes to town on the current revival with George Siravo's orchestra providing the music. Ray displays a fine voice which bids well for the future. On the second side a chorus and the orchestra go through a smooth arrangement of an appealing item. Ops oughta catch this disk.

## SLEEPER OF THE WEEK

"WHAT WILL I TELL MY HEART?" (2:54)

"I'M YOURS TO COMMAND" (2:48)

BILLY ECKSTINE  
(MGM 10944; K10944)

BILLY ECKSTINE

● There's really no A or B side to this new Billy Eckstine disk. Both ends are so terrific that it's impossible to choose between them. Ops who want a sure fire double

sider oughta have this one in their machines in no time at all. One end is called "What Will I Tell My Heart" and Billy has never been in better voice than here. This one has absolutely everything as Billy wends his way through the dramatic lyrics in great style. Russ Case provides the music and he certainly adds to the feeling. The other side is "I'm Yours To Command", an old Russ Colombo tune which has never been published. Once more Billy pours everything into the side as Pete Rugolo's orchestra backs him up. Both ends of this one could break for tremendous hits and ops are advised to get hold of the platter right off.

"PRETTY EYED BABY" (2:30)

"THAT'S THE ONE FOR ME" (2:26)

AL TRACE  
(Mercury 5609; 5609 x 45)

● A very potent side is being tossed around here by Al Trace. Lola Ameche does the vocal on the cute tune which has a set of likely lyrics. The boys give it a steady beat and make it a strong contender. On the lower end Lola teams up with Bobby Hart for a song that's going big in rhythm and blues circles. The top deck could make it.

"VERY GOOD ADVICE" (2:53)

"IT'S SO LAUGHABLE" (2:40)

DORIS DAY  
(Columbia 39295)

● A new tune from "Alice in Wonderland" gets a good going over from Doris Day accompanied by the Four Hits and Leith Stevens orchestra. The ballad has a tremendous amount of appeal and this rendition should give it a big push. The lower half is from the same score and again Doris does ok. Ops should listen to the top deck.

"THE THREE CORNERED TUNE" (2:43)

"'CAUSE I LOVE YOU" (2:54)

DINAH SHORE  
(RCA Victor 20-4107; 47-4107)

● A good tune from "Guys and Dolls" gets a new set of lyrics here and jumps out into the commercial world. Dinah Shore sends it off to a flying start as she duets with herself. The second half is another new potent number with a French flavor. This disk should draw a lot of coin.

"THE FORTUNE TELLER SONG" (2:45)

"THE FIFTH WHEEL ON THE WAGON" (2:54)

FONTANE SISTERS  
(RCA Victor 20-4106; 47-4106)

● An unusual side which plays a different ending each time you hear it is the gimmick put forward on this disk by the Fontane Sisters. Done with a gypsy feeling, each ending tells a different story. The lower half is a very cute tune with a driving orchestration and good lyrics. This a likely platter for ops.

"MAMA" (2:43)

"MY YIDDISHE MOMME" (2:54)

JOHNNY DESMOND  
(MGM 10939; K10939)

● A beautiful old Italian melody which promises to be real big finds Johnny Desmond giving out with a terrific vocal. Accompanied by the Ray Charles Singers and Tony Mattola's orchestra, Johnny really throws himself into this. The reverse side is an old tune too, which Johnny does in great fashion. This one should be a terrific coin getter.

"I STOLE YOU FROM SOMEBODY ELSE" (2:53)

"SHE MADE A MONKEY OUT OF ME" (2:53)

TOMMY TUCKER ORCH.  
(MGM 10935; K10935)

● One of Tommy Tucker's best platters to date is turned out here. Don Brown does the vocal joined by a good chorus. This side has a great deal of appeal and could easily break through. The lower half too features some good harmony and a cute set of lyrics. Ops shouldn't miss the top deck.

"HELLO YOUNG LOVERS" (3:25)

"WE KISSED IN A SHADOW" (3:20)

FRANK SINATRA  
(Columbia 39294)

● Frank Sinatra takes two tunes from "The King And I" and sends them on their way. With Axel Stordahl's orchestra providing the musical setting, Frank gives these two beautiful songs a grand ride. They're done in a very slow and dreamy fashion and should do ok for themselves.

"MAKE THE MAN LOVE ME" (2:28)

"WE KISS IN THE SHADOW" (2:52)

MARGARET WHITING  
(Capitol 1469; F-1469)

● Two tunes from new musicals serve to give Margaret Whiting some potent material. Both ends of this platter feature top ballads from Broadway shows and Maggie gives them some nice feeling as Lou Busch and his orchestra back her up. Ops will want to take a listen to these.

"SHALL WE DANCE?" (2:54)

"ON TOP OF OLD SMOKY" (2:47)

VAUGHN MONROE  
(RCA Victor 20-4114; 47-4114)

● "The King And I" goes to work for Vaughn Monroe and gives him a pleasant side. Singing out the lyrics in his forthright manner, Vaughn gives this listenable ditty a grand rendition. The lower end is the folk tune which is getting a big push now. This is another good version. His fans will like it.

"OH, MARRY, MARRY ME" (2:50)

"SOUND OFF" (2:45)

VAUGHN MONROE  
(RCA Victor 20-4113; 47-4113)

● Two more sides by Vaughn Monroe are offered here. The upper half has Vaughn going to town on a new tune with a folk flavor and he gives it all the possibilities of a hit. The lower end is the military aire so popular a few years ago. The top deck looks very strong.

# Diskeries Gear Activity Towards Operators With Boom Play Ahead

NEW YORK—Record companies, taking heed of ops' predictions that there is a terrific boom in juke box play ahead, have not only been gearing new promotional material in the direction of operators, but seem also to be putting out a number of disks designed specifically for juke box needs.

Reminiscent of the days when a "Beer Barrell Polka" stimulated juke box take in taverns are such current tunes as "Sparrow In The Tree Top" which centers around a tavern and tunes like "Once Upon A Nickel" and "A Nickel Ain't Worth A Cent Today," which bear directly upon operators' problems at the present time.

Besides putting out appropriate material, many companies have been emphasizing operators in particular. Capitol has a whole new eastern promotional setup which puts special emphasis on juke box play. Columbia is thinking of making tests to establish the importance of juke boxes in the making of a hit record.

Decca has embarked upon a new program which is specifically designed to help operators properly fill their machines. Sending out special release packages of proven coin getting standards, Decca is aiming this at the operator who is interested in having a balanced program in his machine. Each release will feature 25 time-tested coin catchers from Decca's large catalogue and each package can be bought in toto or in part.

In the past several months, most companies, majors and independents, have directed a good deal of their operations to getting disks accepted by juke box men. One of the things that

diskeries have been doing is to keep the playing time of records down, in response to the demand of ops.

With a boom in juke box play coming that will outdo all previous ones, it is reassuring to ops to know that record companies have begun to keep their needs in mind in the issuing and reissuing of records.

## DJ-TV Juke Box Show In Tulsa Features AMI Phono

TULSA, OKLAHOMA — Television can be an ally to the juke box operator, according to Howard W. Dolph, AMI distributor in this area. Dolph lends his cooperation to a television show, broadcast twice weekly over KOTV, which gives proper credit to the juke box as a wholesome medium of entertainment for youngsters.

The program, emceed by Bill Dean and known as "Dean's Teens," opens with a closeup of a hand dropping a coin into the jukebox, an AMI model "C," loaned by Dolph to the show. The selector button is pressed and one sees the mechanism in motion as the record is placed on the turn table.

The opening scene dissolves to a teen agers' hangout where the announcer acts as a jukebox route man and tells the kids about a new record which he puts in the juke box and plays for them.

The program runs for a half hour every Tuesday and Friday. Youngsters from different high schools and junior high schools from Tulsa make up the cast of each show.

# Nero Fiddled; Rome Burned (Up)

ROME, NEW YORK—Paul Nero sits on a fire truck in Rome, N. Y. and plays "The Hot Canary" his latest Capitol release, for members of the city's fire department. Fire Chief Campbell is shown holding a copy of the song's sheet music. Afterwards Nero was appointed an honorary fire chief.

## Capitol Emphasizes Ops In New Promotion

NEW YORK—The extent to which Capitol Records is gearing its operation towards the juke box op was indicated this week by the appointment of Joseph Maimone, formerly a salesman for Coral Records, to contact juke box operators in New York City and the metropolitan area. The appointment was announced by William Hill, eastern regional sales manager.

This move emphasizes the hypo which Capitol Records is giving its promotional activities in New York with particular stress on operator relations.

Hill stated, "Juke boxes play such a very important part in our total sales that the personal contacting of such a man as Maimone will help us to do a better job and understand the problems of the operators in this territory."

## Attorney Makes Good Plugging J. Dorsey Disks

NEW YORK—Clayton D. Hollinger, attorney for Jimmy Dorsey, recently made a motor trip through Pennsylvania. During a stop over in Leighton, Pa., he went into a tavern where music operator Oscar J. Straus was checking his juke box. A conversation ensued between Hollinger and Straus as to whether the op had Dorsey's new polka records. When he heard the answer was no Hollinger went into the routine of "Well I just happen to have a few with me" . . . etc.

Last week Hollinger received a letter from operator Straus saying that the records were going over very well in his territory and he was ordering a new supply from his Columbia distrib.

At last report, Hollinger had been approached by Dorsey to do record promotion for him on the side.

"HOME SWEET HOME" (2:54)

"NATIONAL EMBLEM MARCH" (2:49)

FREDDIE MITCHELL ORCH.

(Derby 750)

FREDDIE MITCHELL

● Freddie Mitchell has a couple of sides here which are gonna drive

his fans wild. Taking two old standards, Freddie and his boys give them an instrumental going over which makes them sound like nothing you've ever heard before. The coins are gonna come pouring in for this one so ops had better have them available. The tunes he works on here are "Home Sweet Home" and "National Emblem March" and you can imagine what they sound like with Freddie's up beat rendition. Both ends make for terrific listening as the orchestra goes to town with all it has. Here's a platter which is due to follow "Rock Little Daddy" to the top of the lists.

"AIRPLANE BLUES" (2:30)

"HELEN'S ADVICE" (2:45)

HELEN HUMES  
 (Discovery 535)

● A blues number as only she can do it, is turned out here by Helen Humes. Featuring a terrific set of lyrics, this ditty is just about perfect for her and could easily break out to do big things. With a good beat, an exciting vocal and some excellent backing, the top deck offers everything an op can want.

"SHE'S GONE BLUES" (2:33)

"STOP ROCKIN' THAT TRAIN" (2:43)

IVORY JOE HUNTER  
 (King 4443)

● Ivory Joe Hunter takes a couple of ditties for ride on this platter. The top half is a blues item with a vocal in his well known style and a backing which features some good piano. Second half is a driving thing with a good beat. Ops know Ivory Joe Hunter's drawing power.

"GO WAY GAL" (3:15)

"STICK AROUND" (3:05)

THREE FLAMES  
 (Columbia 39259)

● A tune with a calypso touch is dished out on the upper level by the Three Flames. The boys make good harmony as Benny Carter's orchestra provides the musical setting. The flip is a ballad done in the style of a vocal solo with the group joining in. Ops might take a peek.

"WALKIN' AND TALKIN' BLUES" (2:53)

"GIRL FIFTEEN" (2:48)

FLOYD DIXON  
 (Aladdin 3069)

● A very low down blues number is Floyd Dixon's offering on the top deck. Floyd really gets wound up in this as Johnny Moore's three Blazers make with the music. The lower end is louder and faster with some terrific piano standing out. Ops won't want to pass this up.

"WAITING FOR MY TRAIN" (2:54)

"CINDY LOU" (2:53)

CECIL GANT  
 (Dot 1050)

● Cecil Gant has a couple of terrific sides to offer here. First one is very slow blues number in which Cecil gives out with lyrics and some out of this world piano playing. Lower half is a driving thing again combining first rate vocal and piano. Here's one for ops to get with.

"GOOD FOR NOTHING BLUES" (2:54)

"HE'S JUST MY KIND" (2:39)

HELEN PAGE  
 (National 9149)

● Helen Page displays a very pleasing voice on a couple of slow numbers here. Backed up by Rodd Greene's orchestra, Helen puts some good feeling into these sides and keeps you listening for more. This platter certainly deserves a careful listen from ops.

"ALL I NEED IS YOU" (2:50)

"THE MAN WITH THE HORN" (2:56)

HADDA BROOKS  
 (London 865)

● Taking a wonderful oldie, Hadda Brooks gives it her own kind of treatment and makes it sound great again. Going to town with some fine piano playing, Hadda gives this a soft and easy once over. The second half gets a similar treatment and stands up well under it. Ops won't want to miss this.

"WHISKEY, GIN AND WINE" (2:30)

"ONE SWEET LETTER" (2:21)

JOE LIGGINS  
 (Specialty 402)

● Joe Liggins goes to work on a ditty with a slow beat on the top deck and he gives it the works. Not only is the vocal an exciting one, but the backing is first rate too. On the second side he joins up with Candy Rivers for another big one. Here's a coin getter for ops.

**British Songwriters Protest Invasion of American Songs and Records**

LONDON—The invasion of British airways with American songs and American made records have brought loud protests from the British music industry.

At a recent meeting of the Songwriters Guild of Great Britain, discussions were held seeking to eliminate the American threat by limiting the amount of American records and songs that could be played on the air. The obstacle to this is the reluctance of the British Broadcasting Corporation to limit itself in the matter or take, direction from an outside body such as the Songwriters Guild. The B. B. C. however did state that its policy is to help British music wherever possible.

Many British publishers are joining the songwriters at the present time in favoring a quota on American tunes because the invasion of London by American houses and the flooding of B. B. C. programs with American made records is looked upon as a serious threat to the future of British copyrights.

The Songwriters Guild has a current program which calls for the following steps:

- (a) to arrange for the matter of of British popular music and its treatment by the B. B. C. to be raised in the House of Commons;
- (b) to place the matter before the Press at a conference to be called at an early date;
- (c) to explore the possibility of co-operation between the Guild and the Music Publishers Association in obtaining either a

British Quota or some other practical means of combating the American threat.

In direct contrast to the British attitude towards the playing of American songs in England, is the desire of British songwriters to get their works published in the United States.

As a matter of fact Irwin Dash, a member of the British Songwriters Guild, who resides in New York and who helps British writers get their songs placed in the United States, has been so swamped with material that he has had to issue an appeal to have songwriters consider more carefully the material they send to him, so that he can more effectively work for the suitable tunes.

**Belafonte In Cafe Biz**

NEW YORK—Singer Harry Belafonte, well-known for his recordings on the Capitol and Jubilee label and for his appearances at Birdland, Cafe Society, and the Apollo Theater in New York, has embarked on a new career, that of a restaurant man. Belafonte, now under contract to the Music Corporation of America, has joined with two friends, Bill Attaway and Ferman Phillips in the ownership and management of a small cafe in Greenwich Village, THE SAGE.

Belafonte has no intention of going out of the "crooner competition" and feels that by being financially independent through this business venture he will be better able to concentrate on his singing career.

**"THE STRANGE LITTLE GIRL" (3:10)**

**"KENTUCKY WALTZ" (3:15)**

RED FOLEY & ERNEST TUBB  
(Decca 46311; 9-46311)

● Red Foley and Ernest Tubb join up once more to give out with a couple of sides which are due for a lot of play. Labeled "The Strange Little Girl" and "Kentucky Waltz", both ends of this platter are top juke box material. Ops will be wise to give them a good spot immediately. The first side is a new ballad that's been getting a lot of

recordings. This one brings out all the flavor of the ditty as Red and Ernest take turns in singing the lyrics while the Anita Kerr Singers provide the background. The lower end is another good number done in similar style by the boys, that is, each of them singing a chorus. This is a good two sider which ops shouldn't miss.

**"I LOST MY GAL FROM MEMPHIS" (2:25)**

**"ONE WAY TICKET" (2:44)**

TEX WILLIAMS  
(Capitol 1475; F-1475)

● A couple of Tex Williams' best sides in a long while are turned out here. Tex shows everything he has on these two tunes and that's sure plenty. Both sides get a beautiful treatment, vocally and instrumentally which assures the disk's success in the boxes.

**"CHEW TOBACCO RAG" (2:48)**

**"BIG MOUNTAIN SHUFFLE" (2:58)**

ARTHUR (GUITAR BOOGIE) SMITH  
(MGM 10945)

● A current novelty that's being recorded all over the place gets another good rendition, this time from Arthur (Guitar Boogie) Smith. With his Cracker Jacks to back him up, his rendition gives this tune one more shove. Flip is an instrumental by the boys with full hillbilly flavor. Ops won't go wrong with this.

**"TRULY I LOVE YOU" (2:35)**

**"EACH TIME YOU LEAVE" (2:45)**

LULU BELLE & SCOTTY  
(Mercury 6318)

● Two ballads are offered here by Lulu Belle and Scotty. The pair run through these numbers in easy enough fashion with some good guitars in the background making the music. Although not of the world stopping variety, this disk should make good filler material.

**"THEN I'LL GROW TIRED OF YOU" (2:45)**

**"IT TAKES TWO OF A KIND" (2:20)**

ELTON BRITT  
(RCA Victor 21-0452; 48-0452)

● Elton Britt sings out two grand tunes on this platter. The first side is dreamy ballad on which he displays his good voice as the Skytoppers take care of the musical end. The lower half is a ditty with a story to tell and Elton tells it well. This is right for the medicines.

**"JUST A YODEL FOR ME" (2:55)**

**"I BELIEVE I'M ENTITLED TO YOU" (2:23)**

KENNY ROBERTS  
(Coral 64089; 9-64089)

● A fast yodel introduces Kenny Roberts on the top deck. Kenny has a nice tune to work with here and besides his yodeling there's some good guitar work also. The second side has a likely song to which Kenny gives the yodeling routine too. Ops will want to listen in.

**"JOLLY LITTLE BOXER" (2:18)**

**"MAPLE LEAF WALTZ" (2:09)**

PINETOPPERS  
(Coral 64085; 9-64085)

● The Pinetoppers, currently going strong with "Mockin' Bird Hill", have a couple more numbers to offer in their same instrumental style. Both ends get that light, lively, tinkly treatment which makes them good to hear. Customers like to hear them too.

**"QUEEN OF ALL QUEENS" (2:45)**

**"CRY ALL YOUR TEARS" (2:41)**

BILLY STRICKLAND  
(Dot 1044)

● Billy Strickland, who has a very pleasant voice to listen to, has a religious ballad on the upper deck which he does with feeling. The second side too is a ballad on which he gets some easy backing and turns in a good vocal. Ops will want to listen to this one.

**"GIVE ME AN R C COLA AND A MOON PIE" (2:20)**

**"I'M MOVING ON # 2" (3:06)**

LONZO & OSCAR  
(Decca 46312; 9-46312)

● A very cute novelty serves to give Lonzo and Oscar a first rate disk. The pair run through this one with great spirit and provide some excellent guitars to boot. The flip has the follow up to a great hit of a few months back and this one sounds good too. Ops won't want to miss this platter.

# MORE FACTORIES IN DEFENSE WORK

## Almost Every Mfr Now Engaged In Defense Work. Expect Coin Machine Production To Drop To Less Than 35% By Late Summer. Mfrs Claim Industry Will Be Producing Less Than 20% Of Normal By Fall

CHICAGO—Regardless of the temporary business slideoff which is being felt in some areas thruout the country, coin manufactories are busier than ever, but, not with coin machines production.

Almost everyone of the coin machine factories is now engaged in defense work. Some have a lot more than others, it is true, but, each day plants here are being called on for more and still more essential production.

Many manufacturers now believe that the overall producing picture will show less than 35 per cent of normal potential production by late summer of '51.

In fact, some manufacturers have already advised that they believe their factories will be producing 20 per cent, or less, of their normal coin machines producing capacity by Fall of 1951.

There is also no doubt that this loss of coin machine production will continue to grow greater. Most manufacturers report that the prime contractors are actually pushing them to take on more and more work.

In some cases, where manufacturers sent their salesmen and officers out to various factories seeking sub-contracts, more work has since come in than they can handle.

In the meantime, the factories here are attempting to build up as many machines as they possibly can, while their draftsmen and engineers get ready for the defense sub-contracts which most of them have already accepted.

Large production runs have become virtually impossible. In the first place, the materials are not available. In the second place, manufacturers are being held down to quotas. And, last but not least, their plants are gradually being taken over for defense work so that they haven't the capacity for full scale production, even tho they wanted to and could produce top quality.

Storage of products in warehouses would be favored by some manufacturers who foresee a most definite dearth of equipment beginning with late Fall of 1951 and running all thru 1952.

From all indications, and providing the nation is not at war by 1952, there may be a general ease in military production in 1953. This would mean, if manufacturers' predictions are correct, that the nation's operators, jobbers and distributors, can expect very few new machines beginning late Summer of 1951, and perhaps none at all beginning winter of 1951 and lasting all thru 1952 until, possibly, 1953.

Some manufacturers report that more than 50 per cent of their production potential is already engaged in war work. Gradually, the balance of their coin machines production is also being cut down as more and more war work enters their factories.

The estimated figure, then, of less than 35 per cent of normal production capacity being engaged in the manufacture of coin operated equipment by late summer of 1951 is, therefore, considered very conservative. In

fact, some of the manufacturers consider this figure "high."

The reason, one of the manufacturers stated, that even the 35% figure can be considered high, is due to the statement made by Manly Fleischmann, NPA Administrator, in a speech at the Waldorf-Astoria Hotel in New York before the American Management Assn., March 27, wherein Fleischmann stated, "Plans are being made to step up all industries with the rate of national requirements."

In this same speech Fleischmann also very emphatically stated, "I also am confident that no matter what the requirements may be, that they can be met, they can be met on schedule, and that our nation will produce weapons of defense the like of which will be unmatched and unparalleled the world over."

### Coven's South Bend Showing Clix Big

SOUTH BEND, IND.—In the shadow of the golden dome of Notre Dame University, Ben Coven and his men from Coven Distributing Company, Chicago, Ill., pulled into the Oliver Hotel here, Thursday, April 5, and held one of the most successful showings of the products this firm distributes in this area.

Prominently displayed were the Wurlitzer models 1400 and 1450.

Bert Davidson of Permo, Inc., was present to tell and show ops the story of the new Permo needles, as well as explain the various intricate precision processes which are used in the manufacture of these famous needles.

Chicago Coin's "Hit Parade," counter model 45 rpm phono, was also on display and received much attention from those who were present.

Acting as host to the gathering was Ben Coven. With him were Carl Christiansen, Mac Brier, Harold Saul and Lee Taylor of the Coven firm.

### CORRECTION

NEW YORK—The story which appeared in last week's issue (April 7) to the effect that Taran Distributing, Inc., Miami, Fla., had been awarded the distributorship for D. Gottlieb & Company's line of pin games for the state of Florida, was incorrect, and we are sorry that it caused any inconvenience to the parties involved.

The story should have read that Taran Distributing had been appointed as sub-distributors for the state of Florida by Joe Mangone, All Coin Amusements Co., distributor for D. Gottlieb for many years. Mangone covers, in addition to Florida, the states of Georgia and South Carolina. He also has sub-distributors in these areas. All these firms sell directly to operators in these territories.

## New Model "Music Mite" Features Single Entry 5/10/25c Slug-Proof Coin Chute

SAM STERN

CHICAGO—Sam Stern, executive vice-president and general manager of Williams Manufacturing Company, this city, announced this past week that the firm would be shipping its new model Music Mite "52" this week.

The new model Music Mite "52" features a single entry 5c, 10c, 25c slug-proof coin chute, the same type chute that appears on the larger phonos, according to Sam Stern.

Sam also stated, "This new model, because of this single entry, 5c, 10c, 25c slug-proof coin chute, gives promise of being one of the most outstanding musical instruments ever originated."

"Operators who are using our 'Music Mite' will find, for many of their locations, that the new 'Music Mite '52,' because of the three-way slug-proof coin chute, will tremendously increase collections by bringing in many dimes and quarters."

As is well known, Stern stated, many areas where phone calls are 10c, and other services and merchandise have jumped to the dime, the public has been found to have dimes and quarters in larger quantity in their purses and pockets as compared to nickels.

Because of this, he reported, the need arose for a "Music Mite" model with a three way slug-proof coin chute which would give operators the opportunity to take care of the dimes and quarters, as well as nickels, in the public's pockets at this time.

"This new model," Sam Stern said, "has met with the approval of our many distributors. They believe that we have now produced a machine that meets with national demand because it handles all the coins people are accustomed to inserting in phonographs."

### Jacobs' Service School Series For Music Ops

MILWAUKEE, WIS.—Harry Jacobs, Jr., president of United, Inc., Wurlitzer distrib, this city, reported this past week that the firm had instituted a series of service schools for mechanics which would be conducted every other week for sometime to come.

According to Harry, Jr., "We are starting a series of service schools to better acquaint the music operators in our territory with the new Wurlitzer 1400 and 1450 phonos."

"As you know," he continued, "we cover Wisconsin as well as Upper Michigan. We believe it is very important," he said, "that the operators and their servicemen attend these schools."

The first service school session was conducted this past Monday, April 2. After the meet, refreshments were served to all who attended, and a good time was enjoyed.

Jacobs, Jr. further said, "We plan on having four or five of these meetings. We will always conduct them on Monday evenings every other week."

"The next service school will be Monday, April 16," he reported, "and every two weeks on Monday evening thereafter."

"We are also going to review the Wurlitzer model 1250 at these meetings."

Every operator, his servicemen and mechanics are invited to attend the service schools, Harry Jacobs, Jr. reports.

He wants operators in Wisconsin and Upper Michigan to contact him at the firm's offices, 4227 Vliet Street, Milwaukee, Wis.

He will handle their reservations and also arrange to make them comfortable when they arrive in this city.

### Bert Lane Plans New Type Game

CHICAGO—Bert Lane, now a resident of Miami Beach, Fla., and who is conducting his business with headquarters in Miami, spent an entire week here.

The secretive as to the purpose of his visit here, Bert did mention that, "We have something so entirely new and different in a novelty game for the nation's amusement operators that we believe it will revive the entire industry."

He would not divulge the type game it was. Nor would he commit himself any further than to state, "Just watch for this machine. It is now in the process of preparation for production."

### "Little Napoleon" Blatt Becomes Mystery Man

CHICAGO—A new "mystery man" was circulating about town this past week.

He was quickly identified as Willie (Little Napoleon) Blatt of Miami, Fla.

When some of the men here bumped into him, in various spots about town, and questioned him as to "why all the mystery" and "what are you doing around town," and so forth, "Little Napoleon" remained mum.

Not only did he not answer questions of curious coinmen here, but, wouldn't state anymore than, "Just keep your eyes and ears open. Watch for an announcement in a very short time about something so entirely new, different and better, that it'll cause operators to jump with glee."

Blatt wouldn't clarify the above statement in any fashion whatsoever.

He quickly earned the monicker, "Mystery man," because of his silence.

# Ops Find Exhibit 5/10/25c "Gun Patrol" Hikes Play

FRANK MENCURI

CHICAGO—The 5c, 10c and 25c coin chutes on Exhibit's "Gun Patrol" are winning much good comment from operators everywhere in the country, according to Frank Mencuri, sales manager for The Exhibit Supply Company, this city.

"Actually," as Mencuri explained, "our 'Gun Patrol' is really four guns in one."

"The operators who make good use of the many features on 'Gun Patrol' are finding that their collections continue to rise and that the players find the gun ever more thrilling."

Frank Mencuri explained that "Gun Patrol" can be featured on 1 play for 5c, 2 plays for 10c and 5 plays for 25c basis.

"If the operator desires," Frank stated, "he can feature 1 play for 5c, 2 plays for 10c and 6 plays for 25c."

"Also," he said, "he can eliminate the 5c chute, if he so desires, and feature, instead 1 play for 10c and 3 plays for 25c. Or," he continued, "he can even arrange for 1 play for 5c, 1 play for 10c and 1 play for 25c."

This is all due to the fact that the ticket mechanism which is featured on "Gun Patrol" can keep up with the skill amusement which the players get from the game.

At the same time, just as in regular rifle ranges, the target can be varied to make it ever more interesting to the player. In golf, as Frank reported, the putting hole is constantly being varied on the green so that the player retains interest.

The very same thing, he reports, appears on "Gun Patrol." The player is constantly interested in the gun for the target can be varied to produce new thrills and new fascinating shooting action.

"There is no longer any doubt," Mencuri explained, "after this last trip which I have just completed, that operator after operator has come to recognize the fact that the three (5c, 10c, 25c) coin chutes on 'Gun Patrol' are giving them an opportunity the like of which they have never before had to hike their collections."

## EASTERN FLASHES

More happy faces among both ops and wholesalers on coin row this week than for quite a long while. Answer is simple: Ops showing increased collections, and wholesalers selling more equipment, both amusement games and music machines. Games ops tell of more action, but now feel the pinch of no new equipment. They would like to have something with a new twist to offer their locations. Music locations opening in country spots, with more available when shore resort areas get going. Arcades sure to have good season, if weather cooperates. A number of coinmen along coinrow talking of available locations in and around military installations. One local operator preparing to fill up two such spots, one close by, and the other in the mid-west.

\* \* \* \* \*

Music operators in Massachusetts making steady progress in forming its Music Operators Of Massachusetts Association, according to Ernest Adams, temporary chairman. "Most difficult task is getting the operators to attend our initial meetings, but once they attend, not only do they return for the next meeting, but in addition bring along several more operators." Next meeting will be held Wednesday, April 11, at the Lenox Hotel, Boston, Mass., starting at 8 P.M. . . . Bob Jacobs, takes on a partner, Stanley Nankof, and changes firm name from U. S. Distributing Company to Riteway Sales & Mfg. Co., Inc. Firm will retain its two stores on coinrow, but in addition will take on a large sized loft. They intend to convert shuffle games, but will concentrate on manufacturing a new game, which Jacobs states will be ready in several weeks from now. . . . Joe Young, Young Distributing, distributor for Wurlitzer here, happily tells us that he's had the best sales month during March that he's had in the past two years. While we were visiting with Joe, along came a carload of the new 1400's. "They're all sold" stated Joe, "and ops will be happy to see them arrive."

\* \* \* \* \*

Dave Lowy, Dave Lowy & Company, now practically recovered from his recent illness, glad he's available because of the activity. Dave is working on a large sized promotion for Keeney's package candy vendor. In addition, he's making nice progress with Evans' "Constellation" phono, and is awaiting Evans' new amusement game. . . . Harry Rosen in from Miami Beach for a few weeks, then back to his home there for the balance of the spring. . . . ChiCoin's "Hit Parade" 45 rpm phono on display at Albert Simon's, and ops dropping to give it the once-over. Al Simon tells us he's had some very enthusiastic reactions from local music and game ops. . . . Eddie Lane off to Miami Beach, Saturday (April 7) to see brother Bert and do some work there. . . . Practically every established music op in the big city would like to buy up additional routes, but try to find one for sale. . . . Lucky Skolnick, Brooklyn op, visits along coinrow. . . . Street front of Mike Munves loaded with crates, some deliveries, but most of them awaiting a pick-up. Looks like Mike's customers will clean him out of every bit of equipment he has—and he's really got plenty (or, should we say, he had plenty). . . . Harry Haskins, Yonkers op, has given up operation of individual pieces, and concentrating solely upon his arcade located in "Adventurers Inn" in Yonkers. Harry is doing very nicely, thank you.

\* \* \* \* \*

Nat Cohn's new firm name for his wholesaling biz is Conat Sales Co., Inc. Cohn distributing games and music for Williams Manufacturing Co. . . . Earl Winters, long associated with the coin industry, now doing some work for the government in Germany. . . . Sid Mittleman, Newark, N. J. coinman, back from a trip thru the middle west. Stopped off in Chi to visit. . . . Biz so active over at Runyon Sales, Barney (Shugy) Sugarman spends several days visiting operators in his territory. Morris Rood, manager of the New York office, jumping from the phone to talk with floor customers, then back to phone, hardly has time to wave hello. . . . Abe Grimberg, Mills Panoram of Mexico City, Mexico, on the street, buying used music. . . . Harry and Hymie Koepfel, Koepfel Distributing Co., report increase in demand for used music. "And we have anything they want" states Harry. . . . Harry Friar, old line operator, states he's never had it so good. "I don't operate even a small percentage of the equipment I did before the war" stated Harry, "but my collections are good, and operating conditions are so much better." . . . Sales offices of Eastern Electric (cig. mach. mfrs.) discontinued at the General Motors Bldg., here, and moved to their factory building in New Bedford, Mass.

## DALLAS, TEXAS

The big show in Chicago is over but the "Show" in Texas has yet to end. B. H. and Raymond Williams, Lester Godwin, Garland Delamar and many more have returned from Austin not completely disheartened and ready to go again. . . . Dallas had some very noted guests in Mr. & Mrs. Romeo Laniel of Montreal, Canada. Laniel is prexy of the Laniel Amusement Co., one of the largest and most efficient organizations we have had the pleasure of learning about. Laniel Amusement distributes Seeburg, Bally, Williams, Gottlieb and Genco products. The Laniels were returning to Canada following a leisurely two months in Acapulco. . . . George Prock returned from a business trip to Louisiana via Hot Springs where his luck was very good. . . . Mr. & Mrs. Henry Manning left big D today in route to Rochester and a date with the Mayo Brothers.

Lee Egalnick of Premium Records and Art Rupe of Specialty both guests of Paul Glass at South Coast Amusement. . . . J. T. Stewart was all smiles this week, and who wouldn't be if they had struck oil. Congratulations J. T. and here's hoping you strike many more big ones. . . . Lunched with Tommy Chatten the other day and Tommy was just before departing for the wide open spaces of West Texas. That boy does get around. . . . George Prock and Harry Hoosier went a traveling last week and report a very successful trip. . . . Seen around town: J. C. Ormond and Jimmie Garret of Longview; W. W. Brown and J. L. Eaton of Henderson; Ray Howell, Bill McGee of Fort Worth; Dick Price of Italy; Buddy Clem of Paris and O. L. Lowrey of Nacogdoches.

## Design Award To Wurlitzer

No. Tonawanda, N. Y.—The Phonograph of The Rudolph Wurlitzer Company was the recipient this week of an award for the design of the record changing mechanism used in its current model phonograph. This was made known by Ed Wurgler, general sales manager, when he presented, on behalf of the magazine staff, the Modern Designs Award of *Design News* magazine to Fred H. Osborne, director of engineering for Wurlitzer's North Tonawanda division. (Pictured above)

Suitably inscribed on a plastic plaque, the award reads "Presented to the engineering department of the Phonograph Division, The Rudolph Wurlitzer Company, by the editorial staff of *Design News* magazine for excellence in general mechanical design of the Wurlitzer Twelve Fifty". The award is signed by Stuart P. Hall, editor of *Design News* magazine and T. A. Rogers, publisher.

The Rogers Publishing Company of Detroit, Michigan produces *Design News* as the news magazine of design, engineering and product development. The publication is devoted to engineering designs and to the interchange of ideas among engineers in various branches of industry. The publication devotes much of its space to automobile developments and it is unusual that it goes so far afield as the automatic phonograph business to choose a design for top mention. Wurlitzer is the only phonograph manufacturer so honored.

Wurgler pointed out that the award was made for the record changing mechanism on the Twelve Fifty to which the publication devoted two pages, including four photographs and four engineering drawings to describe the operation of the Wurlitzer mechanism. "This is the same general design of the record changer which

we have adapted and improved for use in our current Model 1400 and 1450 Wurlitzer phonographs", Wurgler said.

"The improvements which have been made on the chassis have included extensive use of needle bearings and other changes which were found desirable after constant use of the chassis in the field. We are extremely proud of the fact that *Design News* thought sufficiently well of our mechanism to give us their award in the first year of its design. We know that today, with months of service testing behind us and with the indicated changes incorporated into our phonograph, that we have the finest, most trouble-free chassis on the market."

In describing the 48 selection phonograph mechanism, *Design News* said in part, "The chassis is made exclusively of aluminum and steel stampings with most holes die-stamped. To insure long mechanism life one hundred and three oilless bearings have been specified.

"Forty-eight relays representing both sides of twenty-four records are mounted on the circumference of a selector unit. When a record is selected, its relay ejects a pin and starts the changer motor. The selector mechanism rotates until this pin is struck, at which point the heart-shaped selector cam mechanism is declutched, locating the record tray that will be swung out for playing.

"Then the changer mechanism continues to function; ejecting a record tray, lifting the record spindle, engaging the turntable drive and playing the selected record."

The story was further documented by captions under the photographs and drawings.

## Abraham Plans Moving Sale

CLEVELAND, O.—Joe Abraham of Lake City Amusement Company, this city, who will soon be moving to his new building, reports that the firm is planning one of the biggest removal sales in the history of the industry.

As Joe puts it, "We want to ship everything from our present quarters and will sell at unheard of low prices."

Abraham plans to enter into his new quarters with all new merchandise.

He suggests that ops, jobbers and distributors look forward to this sale.

# "VOTE ON THE CODE"

Do You Want "The Confidential Price Lists" to Continue to Appear in "Code" Or Do You Want Them to Appear With Prices as They Formerly Did?

## YOUR VOTES WILL DECIDE

NEW YORK—The Cash Box has, since installation of the "code" in "The Confidential Price Lists" received dozens and dozens of letters, as well as phone calls and wires, pro and con regarding the use of a "code."

Many have praised the "code." In fact, some entire associations have voted favorably on it, and have sent in letters of commendation.

Others have stated that they do not see any use for the code for, as these coinmen explain, "The Cash Box is strictly concerned with this industry. What's more, it's a really confidential magazine and doesn't sell on newsstands."

"We don't see why," these men state, "there is any need to 'code' the price lists which are officially accepted everywhere. Without any 'code,' it is much easier for all in this industry to more quickly read the prices, especially during long distance phone call transactions."

There is the crux of the entire problem. The Cash Box is in business by the grace of its subscribers. It has always, and will always, continue to how to their wishes.

The Cash Box staff feels, therefore, that the entire problem should be placed in the open before the industry, and allow the members of the industry,

by their votes, to decide whether they want "The Confidential Price Lists" to continue to appear in "code," or, whether they want "The Confidential Price Lists" to discontinue appearing in "code," and appear with regular prices as they formerly did.

This entire matter is being left to the majority decision of the industry. This is the American way.

Let the majority decide, by their votes, over a period of three to four weeks whether they want "The Confidential Price Lists" to continue in "code," or not to continue in "code."

The Cash Box most sincerely thanks everyone of those operators, jobbers and distributors who have written, wired or phoned, giving their opinion of the new "code."

In fact, even those who are against the "code," have stated that they consider The Cash Box, "The one and only true trade magazine in this industry. A really, fine and completely confidential publication (which does not appear on newsstands) and, therefore, see no use for the 'code.'"

It's up to everyone of the subscribers of The Cash Box. This is the American way. This is the way The Cash Box would like to have its decision. Let the majority rule.

# "Code" Votes Pour In

## Majority At Current Count Ask For Return To Regular Prices

NEW YORK—Indicating the strong interest among companies in the trade over the "Coding" of *The Cash Box* "Confidential Price Lists," votes are pouring in from every part of the country, and even from foreign nations.

As mentioned in our appeal for your votes on the left of this page, *The Cash Box* wants to serve the best interests of all. Whatever your votes request, majority ruling, that's what we will do.

At the present moment, quite a majority of votes indicate the opinion that the "Confidential Price Lists" should be printed with numerals as was previously done.

However, those who ask that we retain the "Coded" Lists are high in their praise of this method. Jack Williams of Capitol Sales Co., Denver, Colo., writes, "As a jobber and distributor I believe that the code is the best thing that could happen to the trade. Every business has a cost price on its merchandise. Why should

every Tom, Dick and Harry know what we pay for our goods? Keep our prices secret from those who will not subscribe to *The Cash Box*. Every profession has the one and only thing that means success, 'Ethics.' Where is ours on a newsstand for only two bits?"

Those who favor the return to the previous method (numerals) state that "*The Cash Box* isn't sold on the newsstands, and only those in the trade receive it." They claim it hinders them in making fast long-distance phone decisions on prices. Others claim they lose their "code cards" and don't remember the "code word," and before they can be acquainted with it, they are unfamiliar with the current prices of equipment.

We are grateful for the wonderful interest shown by these returns, and again assure our readers that we shall abide by their decision, which we will be able to follow in a few weeks from now.

## United Plant Busy With "Five Player Shuffle Alley"

CHICAGO—Bill DeSelm, sales manager for United Manufacturing Company, this city, reported this past week, "We are building more of our famous 'Five Player Shuffle Alley' than we even built when we first announced this game."

It seems that all territories where shuffle games are now in demand have turned to United's "Five Player Shuffle Alley," according to DeSelm.

He attributes this to the fact that this game has given ops as much as 50c per game intake.

And tho five are playing the game, it is surprising that the time element is usually speedier than if a single player game were being used.

Five players play faster on the "Five Player Shuffle Alley," from all indications, than the same five men would play individual games on a single player alley.

Ops also report to factory execs here that wherever more than one player plays this competitive game they like the five player better than any other.

"If this keeps up," DeSelm reports, "we will be working right ahead on our 'Five Player Shuffle Alley' for

some weeks to come. Orders are increasing, instead of diminishing," he claims.

In the picture above (reproduced in a previous issue) we see Bill DeSelm (center) explaining the features of the "Five Player Shuffle Alley" to Art Garvey (left) of Bally Mfg., and Johnny Casola of United looks on.

## Mexico Buying Quantities Of Used Phonos

NEW YORK—With prices on pre-war phonographs the lowest of all offered on the used market, many of these machines are being shipped to Mexico where distributors and ops are using them as fast as they arrive.

Reason for the increased activity at this time is that prices on other equipment is considered too high, particularly with the increases since the war in Korea.

Shipments are, in most cases, without chassis. Others, where purchased in large quantities are uncrated and trucked over the border.

# CHICAGO CHATTER

Business is reported to be spotty. Many claim slowdowns in their areas. Others say that business just as good as it ever was. In fact, in some areas, ops claim that business is better than ever. This condition is more or less tied in with war work effort. Some plants are now getting under way. Here employment has jumped. Likewise in other areas employment is somewhat down, as large factories tool for war work. . . . Overall picture is very good. U. S. Dept. of Commerce reports employed zoomed to 60,179,000 in March. This is up 1,250,000 over previous month. Employment still going up. Many plants desperately seeking workers. . . . Means that more people employed, with more money in their pockets, sure to be more play for more equipment. . . . That doesn't completely solve present problems of operators. Most ops aren't correctly set up to enjoy profit, regardless of increased play action. Commission arrangements are still antique in most cases. Many still don't get front service money guarantees. Whether it's 2 plays 10c and 5 or 6 plays 25c on phonos, music ops must get at least 70 per cent of intake. So that they can enjoy profit. . . . Overhead expense continues upward. Cost of all new equipment must continue to go up as materials and labor's wages increase. Ops must make up their minds to either switch over to regular dime play, or get enough front money, and/or better commission percentage basis from their locations. . . . Capt. Tom Callaghan still abed. But, "Dapper Tom" recuperating fast. Wants to get up and go. Seems it's about all that his doctor can do to keep this peppy boy in bed. . . . Bill Marmer of Sicking, Cincinnati, in town. Looking over the situation. Discussing the future with manufacturers. . . . Ralph Nicholson still in bed, after that bad auto accident, but looking forth to soon getting back on the job. . . . Jack Nelson Bally Sales Mgr., up in Wisconsin this past week. . . . George A. Miller of Oakland, Cal., president of MOA, Inc., busier than ever now that successful second convention of this national organization is over. Advises many new individual members entered into MOA. New associations 'round the nation all joining in with good work. MOA keeping its eyes glued on the forthcoming hearing of the Scott Bill. This bill would force juke box ops to pay royalties to owners of copyrighted music. . . . Sam Lewis of ChiCoin one of the busiest of the busy this past week. Ed Levin away visiting with his Missus down in Florida. Sam trying to get those "Hit Parade" 45 rpm phonos out as fast as he possibly can. . . . Ben Coven had quite a showing in South Bend, Ind. This is the second showing of its kind Ben has held. Had one in Peoria, Ill., a few weeks back. Biggest Wurlitzer showing was here in his Chicago headquarters. Success of these showings has decided Ben to continue them all over his territory. Harold Saul, Carl Christiansen, Mac Brier and Lee Taylor, Coven men, claim these showings much appreciated by ops. . . . Frank Stiles of Dixie Amusement, Chattanooga, phones in to advise that ops' employees there lost AFL charter. Have been working under Knoxville local. Expect new charter to be forthcoming very soon. In the meantime, Frank reports biz continues right ahead. . . . Wonder whether Harry Hooser of Fort Worth, Tex., will ever forget about baked cat? . . . Sam Stern over at Williams Mfg. Co. busier than ever. More and more war work floods the firm. . . . Roy McGinnis back in action over at his big Keeney plant. Not only are the firm's well known bowling games going down the production lines here, but also the firm's candy and sandwich vendors, and their ciggy machine. . . . Bill O'Donnell of Bally says, "I'm up and at 'em." . . . Joe Ash of Philly in town. Seen at the Chez with Sam Stern and some of the boys. . . . Mort Weinberger of Southern Automatic, Louisville, around visiting the factories. Getting his big firm set up with the very latest equipment. Mort is proving himself a good judge of machines. . . . Bill DeSelm absolutely thrilled to little tiny pieces at the boom United is enjoying for their Five Player Shuffle Alley. "More of these going thru the production lines than even when we first announced this alley," Bill reports. . . . Herb Oettinger walking about the United plant picking up his annual contracts as the baseball season gets under way. . . . Grant Shay now in the ad agency biz. . . . Jimmy Martin all excited over forthcoming NATD convention at Palmer House. He'll be in charge of the DuGrenier candy vendor. Jimmy owns the patents. . . . Where is Al A. Silverman of L. A.? Have been expecting him to bounce into town. . . . Coinmen have asked will there be another drive for Damon Runyon Memorial Cancer Fund? . . . Happy Birthday to the following: Max Hurvich of Birmingham, Ala., April 12. . . . Lilyan Cohn (wife of Nat Cohn) of New York, April 13. . . . Lew Gensburg of Genco, Chgo., April 14. . . . Frank Menciuri of Exhibit explains many ops didn't know that their great "Gun Patrol" was actually four machines in one. Once ops learn all the facts, Frank explains, collections zoom away up. . . . "Big" Bi'l Rodstein writes from his well known eatery, "Big Bill's" in Philly that he has signed up Bob Manning (who used to vocalize for Tommy Dorsey, Art Mooney and Essy Morales) to do the chirping for his spot beginning April 9. . . . Even the orders of his doctor were for him to stay home and take it easy, so as to completely cure a bad cold, he told those who saw him suddenly pop into his big plant here, "I was lonesome for the factory." He being Ray Moloney. Who just couldn't stay away from the speedy action over at Bally. . . . Art Weinand advises that Rock-Ola distribs on the phone all day long asking for more "Rocket '51-50" phonos. . . . Gottlieb factory working at top speed. Firm's five-balls considered among the greatest ever built. . . . Hard to catch up with these days is Lyn Durant of United who is working away on ideas which are sure to please the nation's ops. . . . What is most needed at this time by many ops can be summed upon in one word, "Salesmanship." Many ops have neglected to sell, and resell their locations all over again on coin operated equipment. . . . Watch the arcade biz boom as more and more military installations and war work plants become activated. . . . Romeo Laniel of Montreal visits with us. He's been on the road since Jan. 7. All the way from Montreal down to Mexico City. Reports business, in general, very fine.

## CALIFORNIA CLIPPINGS

Back from Chicago and full of enthusiasm over the MOA Convention and his visit to the Chicago Coin plant was Phil Robinson, West Coast rep of the company. Phil reports top execs of the outfit are really sold on the new 45 "Hit Parade" phonograph and have only one concern, that parts remain sufficiently available to allow production of enough machines to take care of the huge operator demand they expect Coast-to-Coast. . . . Busy with arcade equipment for a number of Army camps and other outlets was Jack Simon of Sicking Distribs, who reports that business is holding its own nicely for them. . . . Up to Las Vegas on a combined business and pleasure jaunt went W. R. Hoppel, Jr., of Badger Sales, on whose floor the handsome blonde Keeney TV has joined the mahogany model. The set looks just as good as any we've seen on the market and we understand that ops are sitting up and taking notice. . . . Joe Peskin was back in from Chicago, his injured foot well healed, and beelined it out to Palm Springs to rest up from the trip. Son-in-law Paul Silverman is keeping busy at the steel plant while Phyllis and Dolores hold down the J. Peskin office.

Fred Gaunt tells us at General Music that the Rock-Olas are still coming in and moving right out and that games are doing well too. But he still feels that it's just about time for a really new sensational game to come along and give the business a shot in the arm. . . . Charlie Robinson was back from Nevada, where he reports that things are going fine. Locally, he wasn't complaining either though the action is considerably quieter. . . . Lyn Brown was readying his floor space for arrival of the new 18-ft. "Bowl-A-Matic," due in first of the week. Several eager prospects are already lined up, Lyn claims, adding that United's "Shuffle-Cade" is also maintaining a steady sales pace. . . . Over at Automatic, the mechanic was holding things down while George Warner took a short run out of town and Dannie Jackson was busy lining up for the auction in Las Vegas.

At Paul Laymon's these days, the emphasis appears to be on the Wurlitzer 1400, which Paul reports is winning friends and influencing people to buy more of them. Seems that ops don't only buy 'em, they come back to tell Paul and Lucille Laymon, Stan Turner, Charlie Daniels and Ed Wilkes that they're the best music machine they've ever had on location and that location owners feel the same way about them. Also on deck at Laymon's is just about the finest line-up of every new 5-ball out. . . . On the row: Oxnard's J. G. Delgado. . . . Roy Barton from Cahuenga. . . . Wm. J. Denning of El Monte. . . . Bakersfield's C. F. Hartman. . . . Niles Smith of Oildale. . . . Glendale's Pete Thelan. . . . Todd Faulkner and Jack Johnson of Long Beach. . . . Montrose's Glen Catlin. . . . C. E. Stevens of Monrovia. . . . Fred Shuey of Bell. . . . Pete Shupp and Johnny Lantz from South Gate. . . . S. L. Griffin of Pomona. . . . Larry Hansford from Lompoc.

## MINNEAPOLIS, MINN.

Now that Easter is over the operators are looking forward to better business conditions. The first three months of this year have been as much as 30% off on collections which is attributed to the snow. The operators are being optimistic in that they expect collections to be better than last year. . . . F. N. Dahl of the F. N. Dahl Co. of Fergus Falls, was in town purchasing supplies for his route. Forest also runs a progressive music shop in Fergus Falls and he is continuously plugging popular tunes over the local radio stations. . . . Mike Kalasardo of Ladysmith, Wis., was in town picking up supplies as was John McMahon of Eau Claire, Wis.

George A. Brecht of the Ideal Amusement Co. took a very short vacation and made best of it by flying out to California and flying back. . . . Some of the Minnesota operators in town picking up supplies and machines for their routes were Pete Wornson of Mankato; Pete Vanderhyde of Dodge Center; T. J. Fischer of Waconia; August Quade of Rochester; and Wes Rydell of Mora.

Earl Hanson, who is associated with his father Gil Hanson of St. Peter, was in town picking up supplies for his route. We understand Gil is being kept quite busy around St. Peter. . . . Harold Peterson of Bethel; Jerry Hardwig of St. Cloud; Don Thraen of Tracy; and Bill Gummow of Hopkins were some of the operators seen in and around town. . . . Amos Hellicher of the Advance Music Company of Minneapolis is back on the job again after a rest in Miami Beach, Florida. . . . We understand that Carl Wickstrom who is associated with Roy Kuechmichel of the Northland Music Company of Brainerd, for many years, is leaving Minnesota and is going to live in Texas where he is going into the appliance business with his brother. The climate here has been none too good for Carl's health and the doctor ordered the change.

## ST. PAUL, MINN.

With sunshine and spring-like weather on our menu, operators from all over the State are catching up on some of the time they lost the past two weeks, and are taking advantage of this time to plan their trips to various distributors. . . . Harold Eby, and his charming wife and daughter from McLaughlin, S. D., were on their way to Aberdeen, and upon hearing about the Sportsman's show in Minneapolis, decided to drive to the cities, for a combined business and pleasure trip. Harold experienced some trouble when his auto tire hit a pot hole in the road and ruined his tire. . . . Ike Black, Springfield, drove to the cities for records and supplies. Down in his town Ike says they still have a lot of snow, and things are just starting to get back to normal. . . . Joe Topic, Shakopee, back from his trip to Florida, and looking very well rested. . . . Pete Wornsen, Mankato, seen in town purchasing equipment and supplies. . . . Other visitors included, Mike Kalasardo, Tomahawk; Don Bolier, Baldwin; and Sherman Peterson from Osceola, Wis.; and Cap Kesiter from Frontenac.

CHICAGO—At the recent MOA Convention at the Palmer House, this city, one of the most popular meeting places was the exhibit room of Permo, Inc., manufacturers of the world famous Permo Point phonograph needle.

The manufacturing firm had built a replica of their needle in a giant size. Here we see Barney (Shugy) Sugerman, Runyon Sales Company, New York and New Jersey, distributors for Permo, holding the oversize job. We understand Shugy has been after AMI (for whom he also distributes) to produce a giant sized automatic phonograph so that he could install the needle pictured here.

Surrounding Shugy are, left to right: Mike Imig, South Dakota music operator; Gail Carter, vice president of Permo; and Bob Gnarro, Chicago music operator.

JOHN CONROE

CHICAGO—John Conroe, general manager of J. H. Keeney & Company, Inc., this city, reported this past week that the firm continues busy producing its sandwich, cigarette and candy vendors, in addition to its bowling games.

There is quite a demand for the firm's vending machines, according to John Conroe, who also reports, "We will show these machines at the forthcoming NATD (National Association

of Tobacco Distributors) convention at the Palmer House, Chicago.

"Demand for our vending machines continues to increase daily. The sandwich vendor, as well as the candy vendor, have won a large and substantial following. Operators of both these machines report them among the greatest in the history of the field."

In addition to production of these vending machines, the Keeney plant continues to manufacture bowling games.

Conversion units for the large and small boards, which the Keeney plant produces, have won much good comment all over the country, according to Conroe.

Orders have now assumed a steady pace so that the production lines continue right ahead, regardless of all other work, to finish as many of the bowling games and conversion units as is possible.

"There is no doubt", Conroe said, "that our factory will continue among the busiest in the industry with our vending machines growing in importance daily and with our bowling games winning an ever larger following everywhere in the country."
