## EDITORIAL The Other Side Of The Coin

On a week-to-week basis, the music industry receives an enormous amount of press — unfortunately, most of it is negative. But, what the American public doesn't realize is that our artists and executives alike not only devote an untold number of tours toward charitable causes, but also millions of dollars.

Recent fundraising events for the City of Hope, T.J. Martell Foundation for leukemia research and the Easter Seals program reflect an overwhelming commitment by the industry to benefit those who are not so fortunate.

Even the much-maligned artists donate time and money to a variety of causes, but most people are not aware of this side of their careers. Special con-

certs or appearances on telethons by major artists vividly illustrate this generosity.

In particular, the UNICEF Year of the Child television show and upcoming album reflect the efforts of some of the biggest names in the music industry, who unselfishly donated considerable sums of money to this worthy cause through royalties from their works.

Year after year, executives in the industry quietly raise huge amounts of money behind the glittery stage of show business. We at **Cash Box** salute these people who work hard on behalf of many causes while receiving little or no recognition. And we would like the frequent critics of the industry's lifestyle to likewise take note.

## Laser Light Danger Is Not Being Adequately Studied

by Aaron Fuchs

NEW YORK — While limited medical evidence supports the real possibility of eye damage caused by unregulated use of laser lights at rock concerts and discos (*Cash Box*, May 26), a continuing *Cash Box* investigation has revealed little, if any, evidence of medical follow-up by the American Medical Association (AMA) and an almost negligible course of regulation by the U.S. Bureau of Radiological Health (BRH).

In June of 1978, Dr. Norman Pelles, then with the BRH, requested help from physicians in reporting incidences of damage to eye tissue caused by laser lights. According to Dr. Pelles, who has since left the BRH, there was almost no response to his appeal, but some sort of research was being conducted by the agency.

Other discussions will explore new technology regarding compact and video discs, and new digital recording techniques.

## Lifesong Exits CBS, Citing Internal Changes As Reason

by Leo Sacks

NEW YORK — Lifesong Records, which has been a CBS Associated Label since August, 1977, last week reacquired the rights to its artists and their original masters and terminated its distribution arrangement with CBS.

The move enables Lifesong, which had been distributed independently for two years prior to joining the CBS family, to sign its artists with various record companies. The Lifesong roster includes Henry Gross, Dean Friedman, Dion, The Voltage Brothers, Gail Davies, Crack the Sky, John Palumbo, Gary Burr, Nina Kahle, Corbin and Hanner, and Joey George.

"Our purpose in reacquiring our acts is to give our artists the best possible service," Terry Cashman, one of Lifesong's principals along with Tommy West, told *Cash Box*. "We have always been, and will continue to be an artist-oriented company, and our goal now is to place each act with the label that is best attuned to the artist's music and career potential."

Phil Kurnit, executive vice president of Lifesong, said that "CBS tried as hard as they could, but we were part of something that was so big that it was hard for them to get a focus on any one particular Lifesong artist. In comparison, we experienced more success as an independently distributed label."

A spokesman for CBS would not comment on the dissolution of the Lifesong distribution arrangement.

### Internal Changes

West indicated that Lifesong's relationship with CBS was affected by a

## GAO Issues Report Backing Indefinite Radio Licensing

by Joanne Ostrow

WASHINGTON, D.C. — Broadcasters should be granted indefinite license terms, with the possibility of revocation only for rule violations, to cut down on the huge amount of paperwork the FCC generates in processing some 3,000 renewal applications each year. That's the recommendation of the General Accounting office — Congress' watchdog over the rest of the government.

In a 231-page report released last week, GAO says that broadcasters currently have what amounts to permanent licenses because of the way the FCC regulates them as it is. The current rule granting three-year licenses "does not square with reality because the risk of license revocation has been small and a licensee can realize a large financial gain by selling its station and transferring its license to a party it chooses. Thus, as a practical matter, the typical licensee has been able to maintain a vested interest in its assigned frequency for an extended period of time by complying with federal regulations, according to the GAO report.

GAO's study comes at a time when changes in the license terms for radio and television licensees are being considered by Congress in two bills designed to rewrite the 1934 Communications Act. Legislation sponsored by Rep. Lionel Van Deerlin (D-Calif.) would grant indefinite licenses to radio stations immediately, and to TV stations after 10 years. A bill sponsored by Sen. Ernest Hollings (D-S.C.) would give TV stations five-year licenses and indefinite licenses to radio stations.

### GAO Recommendations

Other recommendations in the GAO study came down on the side of increased

regulation. It urged the FCC to adopt standards regulating the amount and types of programs broadcasters must air. While the FCC has generally backed away from getting involved in programming and the bills pending in Congress would prevent the government from setting program requirements — GAO said the FCC should establish "quantitative programming standards" for commercial stations, telling broadcasters how much and when they should air news, public affairs and local programs.

Radio broadcasters have an ally in the GAO in their fight for deregulation — its report urged the FCC to proceed with deregulation and said Congress should

## Local Opposition Keeping Rock Fests In Doubt

by Charles Paikert

NEW YORK — The future of two proposed rock festivals in upstate New York, "Woodstock, The Second Gathering," and "The Hamlet of Hurleyville," both appear to be highly uncertain.

Joel Rosenman, president of Woodstock Ventures and co-owner of Media Sound Studios in New York, has exercised his option to withdraw permission authorizing the use of the name "Woodstock" for the proposed festival. A spokesman for producer John Morris of Woodstock Media, Ltd. said that Morris plans to go ahead with a festival called "The Second Gathering," scheduled for August 14, 15, and 16, but no site for the event was given.

The Hamlet of Hurleyville Festival received a setback last week when the town board of Fallsburg, N.Y. voted to deny promoter Leon Greenberg a permit to use land in Fallsburg for the proposed event.

Only 13 of the 250 acres designated for the festival, though, are located in Fallsburg. Of more crucial importance to the promoters is the approval of a permit under the Mass Gathering Law by the Sullivan County board of supervisors. Greenberg withdrew his permit application last week, but, according to Jeff Franklin, president of American Talent International, who is working with Greenberg on the Festival,

# Hynes Revamps Columbia's National Promo Department

By Charles Paikert

NEW YORK — Ed Hynes, vice president of national promotion for Columbia Records, has reorganized his top executive team, dividing promotional leadership among Don Colberg, Paul Black, Fred Humphrey, and George Chaltas.

The move, according to Hynes, was designed to make Columbia promotion personnel "more mobile and more visible. We want to get out on the street more, become more streetwise and hopefully respond more quickly to people's needs out there."

Hynes said the restructuring of the executive team would enable the executives to travel more, and "get closer to radio on a national level. I'll be able to travel more and be more flexible," Hynes stated. "And I want to stress the team thing, that we all make the decisions together, and this way we can better utilize the skills of Colberg, Black, Humphrey and Chaltas."

# Korvettes Dip Below \$4 Tag On Wide Range Of Catalog

by Leo Sacks

NEW YORK — The price war among New York record retailers intensified last week as Korvettes, which has been advertising selected \$7.98 list hit product for \$3.99, extended that price to \$7.98 list catalog titles by the Beatles, the Bee Gees, Elvis Presley, the Rolling Stones, the Village People, Donna Summer, Rod Stewart, Supertramp, the Doobie Brothers, and Peter Frampton.

The specials, which were advertised in *The Daily News* and *The New York Post*, also featured \$7.98 list LPs by Peaches & Herb, Gloria Gaynor, French Kiss, Rickie Lee Jones, George Harrison, Sister Sledge, War, Spyro Gyra, the Crusaders, Cher, Styx, Joe Jackson, the Police, Tycoon, Patti Smith, G.Q. and the Rockets for \$3.99.

In addition, the new Village People and Bee Gees albums, which list for \$8.98, were selling for \$4.44. Linda Clifford's new dou-

ble LP was advertised for \$6.88, and two-pocket sets by Donna Summer, George Benson, and the Isley Brothers were priced at \$7.88. That same price was affixed to the "Grease," "Hair" and "Saturday Night Fever" soundtrack LPs.

Korvettes was not the only area retailer to price under the \$4 mark last week. The Record World/TSS chain advertised six albums for \$3.97 in the Sunday edition of *Newsday*, including LPs by Supertramp, Rickie Lee Jones, McFadden & Whitehead, Marshall Tucker, Peaches & Herb, and Charlie Daniels.

## No Catalog For \$3.99

Elliot Gorlin, director of advertising for the 25-unit retailer, said that the chain would not drop selected catalog titles to \$3.99, as Korvettes has done, but that Record World/TSS would continue to advertise certain titles from time to time, at \$3.97 "just to stay competitive." He noted that the stores will continue to advertise most hit product for either \$4.47 or \$4.97. "We don't want to go overboard," Gorlin added.

In conjunction with the opening of its second store in Hicksville, N.Y., the Titus Oaks Record Exchange has also been selling a handful of \$7.98 list LPs for \$3.88. Last week, those titles included product by the Roche Sisters, Marshall Tucker, and Hot Tuna. In addition, the store was advertising the new Charlie Daniels LP in *Good Times*, a local music-oriented fortnightly, for \$3.69.

A spokesman for the company, whose other store is located in Brooklyn, stressed, however, that the low prices were unrelated to the New York price war, "since we're not in business to do battle with Korvettes and turn records over at no profit."

Asked how the Korvettes' move to \$3.99 on catalog goods might affect his business, Ed Beda, president of the five-store Disc-

Phonogram, Inc./Mercury is a full-line record company with a veritable galaxy of stars. With artists as diverse as Frank Zappa and the Statler Brothers, the label is a perfect example of how a company can operate with a broad spectrum of artists.

The Statler Brothers are currently one of America's best selling country music vocal groups. In 1978, the Statlers sold over three million records, spearheaded by a gold record for the album "Entertainers... On And Off The Record" and a platinum certification for the LP "The Best Of The Statler Brothers." The band's latest album, "The Originals," is presently riding at #3 on the **Cash Box** Country Album Chart.

Frank Zappa is on the other side of the coin from the Statlers. Ever since he started with the Mothers Of Invention in the mid-1960s, Zappa has been regarded as a jazz/rock visionary. His large cult following has blossomed into rather healthy sales for Mercury. Zappa's recent "Sheik Yerbouti" LP rose to the #23 position on the **Cash Box** Top 100 Album Chart. Zappa, besides being one of rock music's most respected mirthmakers and musicians, is also one of Phonogram, Inc./Mercury's newest labels. Frank, of course, is heading up the infant label.

Another band, the R&B sounding Con Funk Shun is evidence, once again, of Phonogram, Inc./Mercury's wide musical spectrum. The group has had two gold albums with "Secrets" in 1977 and "Loveshine" in 1978. Con Funk Shun's current LP, "Candy" is surging up the **Cash Box** Top 100 Album Chart at the #45 bullet spot and the **Cash Box** Black Contemporary Chart at the #13 bullet position.

Other stars presently shining in the Phonogram, Inc./Mercury galaxy include: country music veteran Ray Price, country oriented singer/songwriter Johnny Russell, country music songstress Reba McEntire, R&B/funk group The Gap Band and the rock 'n' roll-flavored Faith Band.

## NEW FACES TO WATCH

### Triumph

RCA Record's latest acquisition from Ontario, Canada, power trio Triumph, is a well-oiled rock 'n' roll machine that is quickly proving that the heavy metal genre needn't be limited creatively nor stylistically. The band's second domestic release for the label, "Just A Game," has also garnered substantial commercial acceptance, bulleted at #51 on the **Cash Box** albums chart.

Banding together for the first time in September 1975, each member had already established a reputation in the Canadian musical community. Bassist Mike Levine had played in a number of different outfits from 1965 to 1969, when he decided to take a hiatus from performing and devote all of his attention to producing. Levine's close friend, drummer Gil Moore, started playing when he was only thirteen and had been gigging steadily around Toronto with a variety of R&B units, when the two began to develop the concept for the band.

In the meantime, guitarist Rik Emmett was playing with another three-piece group, Act III, when Moore and Levine asked him to join. At first Emmett balked at the idea, not wanting to desert his friends in the group, but after a few drinks and an all-night jam session in Moore's basement, decided to make a go of it.

"I really had no intention of joining the group," said Emmett. "After that first jam, however, the feeling was so good that it was really hard to resist. Everyone was very confident about what they wanted to achieve as a band."

The road to success for Triumph, though, was not a particularly glamorous one. Their first gig as a band was at a high school in Simcoe, Ontario and after a positive reception there, the group decided to continue playing schools and generally forego the bar circuit.

"Playing high schools was actually very lucrative in Canada," added Levine. "At the schools, we usually played for about 45 minutes and did just one set. We'd have an opening act with us at all times. Besides, we started using our effects on stage from day one."

Triumph's massive collection of special effects has been a major selling point for the band. After starting with a handful of lights, flash powder and a strobe, their show now includes a variety of smoke bombs, flash pods, dry ice machines, a flame thrower and a lighted runway and logo sign, which they cart around on tour with two 45-foot long tractor trailers. To set the record straight, Levine added that the band does not use such effects simply for the sake of using them.

"We've always had a synchronized show," stressed Levine. "And we never use an effect without a reason. The show does stand on its own without the effects but the important thing for us is that the audience be entertained. Nobody seems to walk out of a Triumph show bored so we must be doing something right."

If the band has any one particular goal, it is to stay together and keep progressing musically. "Longevity is an important thing because we want to be around for awhile, doing what we're doing now," said Levine.

"Whatever that may take, we're willing to work for it."

### Anita Ward

While the smash success of TK/Juana recording artist Anita Ward's "Ring My Bell" may be a tribute to the ongoing ability of the disco club scene to break records, the young singer is clearly crossing to all markets, as evidenced by the infectious song's rapid rise up the pop charts.

For Ward, chart success has been the culmination of an involvement with music that has lasted for most of her 22 years of life. "I remember singing publicly as early as age nine," recalls Anita, "but my parents tell me that they remember me singing all the time."

Born in the musically-rich city of Memphis in 1957, Ward was auditioning for a record contract by the time she was 14. She enjoyed a series of similar honors during her school years. In college, she was chosen "Miss Acappella Choir" for the Rust Singers, who recorded an album with Metropolitan Opera star Leontyne Price and was a soloist with the Rust College Female Quartet, with whom she performed in dozens of foreign countries.

Ward also met her current manager, Chuck Holmes, while in college. "He saw me walking across campus," recalls Ward. I was going to audition for a local version of 'Godspell' He had heard me sing, and told me that he loved my voice and was I interested in becoming a recording artist? I said, 'Sure, why not?' So he cut a few demos on me and shopped my material around until he found a company he thought would be right for me; that company was Juana, which is distributed by TK."

Oddly enough, when it came time to go into the studio, "Ring My Bell" was not a high priority. "We had so much material to choose from," says Ward, "ranging from material that Frederick (Knight, her producer) had written and material written by people he knew to material written by Chuck and friends of ours. 'Ring My Bell' was almost an accident. When we went in the studio we had no intention whatsoever of cutting a disco number. We were down to our last number in the studio, and we realized that we needed something up-tempo. 'Ring My Bell' was the last number we cut. I really had a few doubts about doing it, because it was so different. I said to myself, 'Can I do this? Is it worth it?' But as you know, it turned out to be *the* number."

Up to this time, Ward had been pursuing a career as a substitute teacher. "I was teaching four weeks ago," confides Ward, "and I still haven't officially resigned. My mother called this morning from Memphis and told me that the phone is constantly ringing. People have even called the Board of Education to try and get my phone number."

Although Ward's album, "Songs of Love," makes a strong case for her as a singer of pop material, does she mind the fact that most of her audience would know her through "Ring My Bell" and think of her as a "disco" singer? "I don't mind at all," replies Ward. "So far, the record has not been limiting me. It's done phenomenally not only on the disco charts, but R&B and pop as well. So things are turning out as well as we could have hoped for."

"Over in England I know that 'Ring My Bell' has become the biggest record that TK has ever had there."

## ELO's 'Discovery' Boosted By Inter-company Campaign

by Richard Imamura

LOS ANGELES — Preceded by the well-timed release of the single "Shine A Little Love," ELO's newest album, "Discovery," promises to be as big a hit as any of their past releases. "We've had phenomenal success to date," says Pat Siciliano, vice president of Jet Records, ELO's label. "The album has been released platinum due to the single."

Released commercially June 4, "Discovery" is the highest debuting LP (#21) on the **Cash Box** Top FM Rotation chart and the Most Added FM LP. The single, "Shine A Little Love," released three weeks ago, is currently bulleting up the **Cash Box** Top 100 Singles chart at #16.

### Quick Action

Credit for this quick action can partly be attributed to the extensive campaign waged on behalf of the LP by Jet Records, CBS Distributing and two subcontractors, Gribbitt! graphics and MusicVision.

Headed by Jet and CBS, the campaign to get the LP to the public has been a coordinated effort reaching from the original design concepts to a climactic tour planned for the end of the year.

According to Siciliano, the roots of the current campaign can be found in the original album cover concepts devised by Gribbitt! After the final "Arabian Nights" theme was approved by Jet and CBS, Gribbitt! proceeded to design assorted advertising and merchandising materials utilizing the same concept.

"It was a total company effort," said Gribbitt! spokesman Paul Gross. "We had a short amount of time, but using the 'Arabian Nights' theme, we came up with various mobiles and other point-of-purchase devices, plus two billboards for Sunset Blvd. and a video production that tells the story shown on the album cover."

### Neil Diamond To Star In Al Jolson Remake

LOS ANGELES — Singer Neil Diamond will star in his first feature film, EMI's remake of the Al Jolson classic, *The Jazz Singer*. Diamond has also co-written (with Gilbert Becaud) and will perform the soundtrack music, to be released worldwide by Capitol Records.

Jerry Leider will produce and Sidney J. Furie will direct the film, which goes into production in November 1979. Bhaskar Menon, chairman and chief executive of EMI Music-Worldwide Operations, along with Lord Delfont, chief executive of EMI Limited and Barry Spikings, worldwide head of EMI Film Production negotiated the deal with Diamond.

Armed with these materials, CBS initiated the campaign with heavy emphasis upon getting the LP on the radio and into the stores. Offering discounts and free goods to stores, CBS will also sponsor a merchandising contest as an added incentive for retailers.

Getting the LP on the radio has also met with success, as a coordinated effort between CBS and MusicVision resulted in an almost total saturation of the airwaves. "In the first couple of weeks the album was out (to radio DJs), 90% of the major Top 40 sta-

## Lawsuits Could Affect BMI Income, Says Ed Cramer

by Aian Sutton

LOS ANGELES — There will be no impact on performing rights income should record sales continue to slump in 1979. But funds available to writers and publishers from radio, television and motion picture use of their works could be depleted by another factor — costly litigation brought on by copyright users challenging the major rights organizations' licensing methods.

This assessment was offered last week by Ed Cramer, president of BMI, who points out that the society's income is closely tied to the general health of the broadcast industry, which often runs counter to the economy as a whole.

"The bulk of our income — roughly 90% — comes from radio and television," notes

## Tape Duplicator Posts 52% First Qtr. Rise

NEW YORK — Preferred Sounds Inc., an independent tape duplicating company based in Rye, N.Y., has reported first quarter figures that represent a 52% sales increase over the comparable period in 1978.

In making the announcement, S.A. Mastro, president of the firm, commented that PSI's roster of non-musical clients enabled the company to post substantial gains in spite of the recent softness of the record industry. He added that PSI's cassette capacity will be increased by 40% in July with the addition of a new duplicating system and automated cassette winding machines at the company's Rye facility.

His appointment is recognition of his capabilities and is of great importance to Casablanca."

NEIL BOGART was sworn in June 1 as a member of the board of directors of the Museum of Science & Industry. Pictured are (l-r): J. Howard Edgerton, president, board of directors, Museum of Science & Industry; Bogart and superior court judge Mario Clinco.

## Bogart To Serve On L.A. Museum Board Of Directors

LOS ANGELES — Neil Bogart, president of Casablanca Record and FilmWorks, was appointed the board of directors of the Los Angeles County Museum of Science & Industry by Governor Jerry Brown.

Sworn in June 1 at the Los Angeles Superior Court, Bogart will serve a four-year term on the board, which is responsible for the development of programs, community services and exhibits at the museum. ## GRT Corp. Makes Executive Changes

LOS ANGELES — Three vice presidents have been let go by GRT Corp. as part of the company's continuing consolidation of its recorded music division. The terminated executives are Biruta McShane, vice president of music tapes; Don Boyd, operations vice president and Jim Levy, business affairs vice president.

Concurrent with the dismissals, financial vice president and treasurer Robert Jacobs has been promoted to executive vice president.

In February, GRT reported a nine-month

loss of \$1.7 million. A few weeks later the company effectively closed its rock music label, Janus Records, by firing nine staffers, including Janus president Ed DeJoy. Soon after, sales and promotion forces for GRT's record and tape divisions were merged in a further streamlining effort.

"The layoffs are just part of what happened before," explained Jacobs last week. "The company is being consolidated and we didn't need all those vice presidents to run it. It's time for our inside staff to match our outside activities. But we are not going out of the record business."

### Deal With Arista?

While GRT will continue to distribute its own Shadybrook, Ranwood, LS and Cyclone labels, it is believed that a distribution deal may soon be announced with Arista Records to handle the dormant Janus label. Janus acts that have charted in the past year include Charlie and Kayak.

"We have talked to Arista and they are interested," reports Jacobs. "But nothing has been definitely set as of yet."

## Programming Consultants Take Larger Role In Canada

by Kirk LaPointe

TORONTO — As more listeners turn to FM radio in the latter part of this decade, the importance of consistent, unfluctuating programming has never been more imperative in garnering loyal followings for AOR stations.

As such, some stations have subscribed to consulting services to help crystallize particular programming philosophies. Marketing research, the type of which was used by AM stations in the early '70s, has now emerged as an essential ingredient in the generative growth of FM in this country.

### Respectable Market Share

Now two years old, Toronto's CILQ-FM (better known as Q107) has used the Abrams/Burkhart programming service to help capture a respectable market share. CHUM-FM, the city's oldest AOR outlet that

recently shifted to a four-album-per-hour format, researched heavily from within the organization. And, while program directors from both stations disagree on the means by which research and consultation is carried out, they stress the importance of ongoing programming experimentation to stay astride the listening markets.

### Gambling On Change

Warren Cosford, program director at CHUM-FM, says the station moved towards a new format as it sensed it could not grow much more. "We figured we would grow to a certain level, and likely peak at about 600,000 listeners in the market. That isn't totally satisfactory, so we knew we had to gamble a bit to alter our format."

Cosford says the programming change was researched from within over a period of several months, and indeed, is still being modified.

### Outside Consultation Valid

Gary Slight, PD at Q107, argues for the validity of outside consultation in programming. He says the station has grown quickly because it has learned from the experiences of other North American stations through Abrams/Burkhart.

"Research is costly," said Slight, "We don't have the money to do it. Even if we did, I think we would have to stay with Abrams/Burkhart. They've been able to not only give us insight into regional breakouts and burn-outs on certain cuts, but the contacts with other program directors across the continent have provided us with a valuable exchange of ideas. It really is invaluable."

Slight asserts that the steady growth of the station has been directly attributable to outside consultation services, but maintains these services have in no way interfered with personal programming preferences of his own. "They have no actual real control," he says of Abrams/Burkhart. "It doesn't hurt us, it helps."

### Imitating CHUM-FM

Cosford, meanwhile, says his station's recent format change came in part because other stations began imitating the CHUM-FM concept. "Q107 began sounding like us. They hired some of our people. The recent BBMs (Bureau of Broadcast Measurements, the Canadian equivalent to Arbitron radio ratings) showed a lot of shared listenership. So we've decided to quite simply do something different."

One of the early criticisms of CHUM-FM's new format has been the noticeable scarcity of new music on the station. That, Cosford says, has been due to the growing

## RCA Mounts Push Behind Bowie LP

by Marc Cetner

LOS ANGELES — RCA is launching a major marketing-merchandising campaign in support of David Bowie's new "Lodger" LP, highlighted by a promotional film by award winning director David Mallett featuring Bowie performing songs from "Lodger."

"This is a very important album in our overall corporate endeavors," said Don Wardell, manager pop merchandising for RCA. "The company has believed in the album all the way through, and the fact that it was the most added record in the trades affirms our belief in it."

### Mallett Film Kicks Off Campaign

To kick off the campaign, RCA began showing the Mallett film to the radio and retail community in 11 U.S. cities just prior to the LP's May 24 release date. The film has also been booked onto PromoVision, an in-store video program hosted by Flo and Eddie, and on June 15 will be on display at 100 retail stores throughout the country. Talks are also underway about using the film as a trailer for full length pictures in movie theaters.

The film is cut into three segments and features Bowie performing "Boys Keep Swinging," "DJ" and "Look Back In Anger" from the new LP. The "Boys Keep Swinging" segment shows Bowie camping it up in various stages of drag. The "DJ" portion of the film depicts the RCA recording artist as an on-air radio personality. Another sequence, the "Look Back In Anger" segment, is a cinematic reproduction of Bowie walking down a crowded London street and

**BULLENS, GAMBLER WIN OVER WHISKY** — EMI America/United Artists Records celebrated their own label night at the Whisky in Los Angeles recently, when United Artists' Cindy Bullens and EMI America's Gambler showcased their talents to a responsive audience. Pictured backstage after opening night performances are (l-r): Jim Mazza, EMI America/United Artists president; Cindy Bullens; Gary Gersh, EMIA/UA manager A&R; Dick Williams, EMIA/UA singles promotion director; and Iris Zurawin, EMIA/UA press and artists relations director.

**MICK TAYLOR STEPS OUT** — Mick Taylor, who distinguished himself as guitarist for John Mayall and the Rolling Stones, will finally release his long awaited, self-titled debut solo album this week. Aside from an ill-fated stint with Jack Bruce and Carla Bley in 1975, Taylor has been laying low since leaving the Rolling Stones in 1974. Much of that time was spent in his country home outside of London, where he has concentrated on his own compositions and guitar work. The debut album, Taylor explained, is the result of 18 months of recording, which took place in three English country studios — Island Studios, Saw Mill Studios, and the Stones' mobile unit at Ridge Farm. "It started out as a mostly instrumental album," Taylor said, "but the songs began to evolve as we went on. I think it has a very bluesy feel to it — a contemporary blues feel." Several cuts

also have a distinctive jazz tinge, and, when queried about this, Taylor replied, "Well, the album is really a synthesis of all my different influences, and I've always listened to jazz — people like Miles Davis, Herbie Hancock, and I love saxophone players like Coltrane and Sonny Rollins. There's one selection on the album — Spanish — that's especially jazzy, but I don't like to label it fusion. It's basically a composition for guitar with a jazz influence." Overall, "Mick Taylor" is basically a rock album, buoyed by soaring Taylor guitar work and, unfortunately, pulled down a bit by Taylor's less than sterling vocal ability. Now that the album is out, Taylor says he wants to put together a band for a tour. He's moved to New York, where he's currently living in a loft with his wife,

but he wants to buy a house in Connecticut or upstate New York where he can rehearse with his band. A tour is tentatively planned for September, and of further interest to rock fans is the possibility that Taylor might be joining forces with bassist Stanley Clarke. "There's a strong possibility that we will work together," Taylor revealed. "I think we both have hidden star qualities, and although we may not have mass appeal, I think we could do something very special together. However, nothing has been arranged yet." Taylor is obviously excited by his new prospects. As he puts it, "This is really a new beginning for me. There's a tremendous sense of discovery going on, and I'm anxious to get back on the road." One final question — just why did he leave the Stones five years ago? "I was bored," he replies. "I didn't want to be a member of a rock and roll institution for the rest of my life. It was a lot of fun, and I was quite happy with the Stones, but it wasn't a challenge to stay with them."

**NAMES IN THE NEWS** — Gilda Radner is booked into the Winter Garden Theatre on Broadway in August. Her Warner Bros. debut album should be out by then, and singing group Rouge (of Desmond Child &) will back her up. . . The Who come into Madison Square Garden Sept. 13 and 14. . . Gloria Gaynor will not be finishing up the Village People tour, which has created some confusion, but her management claims she had "previous commitments" . . . Sonny Terry and Brownie McGhee, the venerable blues duo, will appear in the Steve Martin movie, retitled "The Jerk" . . . Import consumers are sure to gobble up a newly released double live Ramones album. The material was recorded at London's Rainbow Theatre, New Years Eve, 1977. . . Another import hit is the Rumour's second album. Arista will release it domestically. . . Michael Jackson's

debut solo album, being produced by Quincy Jones, will utilize a broad range of songwriting talent, including Paul McCartney, Louis Johnson, Carole Bayer Sager, and Rod Temperton of Heatwave. . . A recent Supertramp concert at Miami's Jai-Alai Fronton was recorded live by the Criteria crew. . . The Savannah Band, now on E/A, are finishing up their album at Soundmixers Studios. Gary Klein and David Wolfert are co-producing. . . The Neville Brothers have left Capitol. Contact manager Rupert Surcouf at (504) 454-3164.

**HAWAII BOUND** — Mrs. Sarah Belton of Brooklyn was the winner of WWRL/New York's City Of Your Choice Contest. She, via a random post card drawing, and her husband won a trip to Hawaii. Pictured (l-r) are: Bobby Jay, WWRL air personality; Mrs. Belton and Don Allen, WWRL air personality.

**FROM FOREIGN SHORES** — Annie Ross, who gained musical fame in the Lambert, Hendricks and Ross trio, will make an extremely rare New York appearance, beginning June 12, at Reno Sweeney. Ross is based in England, where she sings, performs in the theatre, and does voice-overs for foreign language films, one of the most notable being the English voice for Llv Ullman in "Scenes From A Marriage" . . . French singer Charles Aznavour begins his American tour this summer at Carnegie Hall July 19, 20 and 21. From there, the continental vocalist goes on to play clubs and theatres in the northeast and midwest. . . News from two British punk bands — The Damned are returning to America, debuting at the Showplace in Dover, New Jersey June 22, while The Clash have cancelled their scheduled American summer tour. The band recently dropped their manager, and have decided to wait until their affairs are in order before hitting the road. . . Rick Wakeman will be out with his new album next week. It's titled "Rhapsodies" and will contain a reggae version of "Swan Lake" and a disco version of "Rhapsody In Blue." Wakeman describes the album as "total self-indulgence." Tony Visconti produced. . . Rod Stewart huddled recently with David Frost, and a TV special may be in the works. Stewart is also working with John Cougar, who will be the first artist to debut on Rod's Riva Records label when his album ships next week. . . England's recent Gay Pride Week was the occasion for a song written by Tom Robinson (words) and Elton John (music) called "Never Gonna Fall In Love Again." The record is out on EMI/Harvest in England.

**COMEDY CORNER** — Chris Rush, a very funny standup comedian who has established himself as a favorite on the college campus circuit and in Greenwich Village, has signed with Midsong International. The album will be recorded live in various New York clubs this summer and should be out by September.

# Country & Disco Both Enter Gas Crunch Sweepstakes

by Frank Sanello

LOS ANGELES — With minimal delay, the record industry has joined its voice to those of millions of Americans who have spent one too many hours waiting in gas lines. RCA's 45 release, "(Who Was the Man Who Put) The Line in Gasoline," by Dave Kirby, enters the **Cash Box** country singles chart this week at #56 with a bullet. Other releases on the Monument, Prairie Dust and A&M labels, released more recently, have yet to chart. And the current leader in the gas crunch sweepstakes is a single released more than six years ago, IBC's "Cheaper Crude or No More Food," bulleting at #42 this week on the country chart.

Although the current crunch started in California and is only now making itself felt in the rest of the country, Nashville was the first to give musical expression to the concern and anger felt by motorists. As reported earlier (**Cash Box**, May 26), the first musical complaint came out of the country capital during the 1973 oil embargo, with the release of singer/songwriter Brent Burns' then-titled "No Crude, No Food." It gained little attention then and little two years later when rewritten under its present title, "Cheaper Crude or No More Food," and re-recorded by Bobby "So Fine" Butler, a Phoenix radio personality.

Then in the midst of the current crisis, Paul Harvey played the tune on his syn-

## Cirillo Appointed Senior VP, LAO, For CBS Int'l

NEW YORK — Nick Cirillo has been appointed to the position of senior vice president of Latin American operations for CBS Records International. Cirillo was most recently vice president of CBS Records International's Latin American operations, a position he had held since March, 1977.

## Capitol Uses Bar Code

LOS ANGELES — Starting with its July 9 LP releases, Capitol Records will use the Universal Product Code (UPC) bar codes on Capitol, EMI America and United Artists Records album and tape product. Positive industry response to Capitol's recent test bar-coding prompted the move.

dedicated radio show. Shortly after that, "Cheaper Crude" entered the **Cash Box** country singles chart at #72 with a bullet (May 26). "Crude's" success has moved other country labels to enter the gas crunch singles sweepstakes. Label offerings now range from pure novelty all the way to potential country hits which just happen to be about the shortage.

Belonging in the former category is John Pritchard's "The Answer (To the '!-!!' Gasoline Crunch)," released two weeks ago on the Prairie Dust label and featuring a honking car horn for rhythm. The single has yet to enter the charts, and Betty Gibson, national promo director for the distributor, states frankly, "I don't think it ever will. It was released to give the world something to laugh about. We can take just so many crises and serious records responding to those crises. That's why we went with a novelty record."

Prairie Dust VP Ann Martin would only slightly qualify that opinion: "I don't think it will make the country charts either, but it's

## Cohen Changes At A&M

LOS ANGELES—Kip Cohen, former vice president, A&M Records, was named creative consultant for the label effective July 1. Cohen explained his recent resignation as A&R head and the assumption of his new role by stating in a press release, "These last five years at A&M have clearly been the most creatively productive of my entire career. But in order for me to keep fresh, I feel it is advantageous to relinquish a number of responsibilities and work with musical talent in a manner more conforming to my personal aims and interests at this time."

In his new role, Cohen will consult with talent already on the A&M label and will also sign new talent for the company.

## Motown Again Named As Top Black Business

NEW YORK — Motown Industries of Los Angeles was named the top black-owned business in America in 1978 in an annual survey conducted by *Black Enterprise Magazine*. Motown, with revenues of \$58 million, has maintained its number one position in the survey for seven consecutive years.

**CHICAGO RE-SIGNS WITH COLUMBIA** — Rock group Chicago recently renewed its recording contract with Columbia Records. "Chicago XIII," the band's new album has been scheduled for a late summer release, to coincide with a tour of U.S. and Canada. The LP was produced by Phil Ramone. Pictured in the top row are (l-r): Abe Somer, attorney; Walter Parazaider and Robert Lamm, Chicago; Jeff Wald, Jeff Wald Management; James Pankow and Danny Seraphine, Chicago; Walter Yetnikoff, CBS Records Group president; Bruce Lundvall, CBS Records division president; Joe Mansfield, Columbia Records vice president of marketing; and Don Ellis, Columbia Records national vice president of A&R. # POINTS WEST

**PARTY TIME** — There's never any shortage of industry parties in L.A., but it seems like with the coming of summer there's a good one every night. Last week, for example, there was heavy partying going on at Tony Duquette Studios in honor of Swan Song/Atlantic's **Bad Company**, who sold out two shows at the Forum later in the week. The party site used to be a silent movie studio in the '20s and a bottling warehouse after that, but now it's filled with expensive art objects — and occasionally celebrating celebrities. Among those who turned out to hang out with Bad Company were **Leif Garrett, the Babys, Cindy Williams, Buck Henry**, and execs **Ahmet Ertugen, Jerry and Bob Greenberg, Sheldon Vogel and Dave Glew**. . . E/P/A threw a good, good timin' party at the Sheraton-Universal Roof Garden after Caribou/Epic artists the **Beach Boys** kicked off the Universal Amphitheatre's summer season as only they can. The group put everyone in a festive mood with such classics as "Good Vibrations," "Surfin' U.S.A." and "Fun, Fun, Fun," and it appeared the party would never stop until **REO Speedwagon's Kevin Cronin** got up and sang "Johnny B. Goode" with the Hawaiian luau band. Other notables at the event included another REO principal, **Gary Richrath, Christine McVie, Miami Steve Van Zandt, "Fantasy Island's" Tattoo**, and E/P/A execs **Stan "The Man" Monteiro, Frank Rand** and publicist extraordinaire **Susan Blond**. . . And Motown took the prize for most unusual party setting when it gave **Rick James** his platinum album for "Bustin' Out Of 'L' 7" at an evening picnic at Calamigos Picnic Ranch in Malibu. On hand to celebrate with Rick were labelmates **Thelma Houston, Apollo, Teena Marie**, manager **Shep Gordon**, VP **Mike Lushka** and the rest of Motown's west coast staff.

**THE BOSS AT THE WHISKY** — There was another star-studded party last week, but this one wasn't really an industry affair. The marquee at the Whisky June 3 read "Mark & June Brickman — Sold Out," but what was really going on inside was a private wedding

reception for lighting man **Mark Brickman** highlighted by a three-hour set by **Bruce Springsteen** and the **E St. Band** with guests **Boz Scaggs** and **Rickie Lee Jones**. The Boss reportedly flew out just for the occasion and for once there was no word about his appearance until after it was over.

**JOHN AND YOKO, CONT.** — Now that the surprise of **John Lennon** and **Yoko Ono's** Memorial Day message has worn off, details behind the letter have begun to surface. According to DJ/writer **Elliot Mintz**, the Lennons contacted him less than 10 days before the message was to appear and asked him to make arrangements for the letter to appear in newspapers in New York, Los Angeles, London and Tokyo. The message was also taped for airplay on stations like

KMET/Los Angeles, which aired it three times. "They wanted it removed from the entertainment sections of the publications," notes Mintz, explaining why the ad appeared in news sections instead. Mintz also says the response to the message was "90% favorable and 10% understandable misunderstandings," but he adds that John has no recording contract now and has "no intention to record any time soon."

**MUSIC INDUSTRY TENNIS TOURNAMENT** — The sixth annual Music Industry Tennis Tournament was held at the San Vicente Country Club over Memorial Day weekend under the direction of **Morris Diamond**. One hundred execs and their mates took part and the competition at A, B and C levels was fierce. Winners were: Singles, Men, A, **Jim Zumwalt**; B, **Ken Hume**; C, **Jeff Gersh**; Women, A, **Dede Swartz**; B, **Marilyn Forlenza**; C, **Jomarle Ward**; Doubles, Men, A, **Don Grleron** and **Zumwalt**; B, **Larry Gordon** and **Shannon Weatherly**; C, **Jack Rael** and **Roger Gordon**; Women, B, **Cookie Bond** and **Cooke Colestock**; C, **Grace Gallico** and **Ward**; Mixed Doubles, A, **Sally Perry** and **Fred Wolinsky**; B, **Janet** and **Rick Welsler**; and C, **Lynn** and **Danny Kessler**.

**FILM BIZ** — **Ray Charles, Chuck Berry** and **Aretha Franklin** are all expected to make cameo appearances in the **Blues Brothers** film. . . Look for "Rust Never Sleeps," the movie filmed on **Neil Young's** last tour, to appear in July, along with a soundtrack LP. . . **Olivia Newton-John** is out of producer **Allan Carr's** "Discoand — Where The Music Never Ends," with **Valerie Perrine** to star instead alongside the **Village People**.

. . . An all-star session players lineup has completed the musical score for "Rich Kids," **Robert Altman's** current project. The UA film is due this summer. . . England's **Kate Bush** will appear in "The Gold-Plated Dream Machine" with daredevil **Eddy Kidd**.

**HOT FLASHES** — **Paul McCartney** has signed to host a CBS-TV special next season. . . **Rob Grill**, lead singer for the **Grassroots** in the '60s, has signed with Mercury. **John McVie** will produce his first LP, and is expected to bring along the Fleetwood Mac touch in the form of guest artists. . . **Diane Keaton** has pacted with Planet Records. . . Is **Raquel Welch** set to take the plunge with Ocean Records? . . . **Tom Robinson** has been forced to cancel the last few dates of his American tour. His grandfather suffered a severe stroke in London and Tom flew home to be with him.

**EDUCATION** — The first four graduates of UCLA Extension's Professional Designation in the Recording Arts and Sciences will receive certificated awards June 14. Congratulations to the four grads, **Michael Leslie, Arlene Mary Fortanasce, Donald Stavlo** and **Michael Shouliakovsky**. . . "Sounds and Scores — A Practical Guide to Professional Orchestration" by **Henry Mancini** is being readied for its third edition. Originally published in 1962, the 243-page textbook is widely used in music classrooms.

**COMING RELEASES** — **Bob Seger** and producer/manager **Punch Andrews** are in L.A. tracking final overdubs for Seger's next with the **Silver Bullet Band**. The LP is expected before summer's end. . . Also from Capitol, look for new product next month from the **Shirts, Moon Martin, Crimson Tide** and the **Little River Band**. . . **REO Speedwagon's** ninth album, "Nine Lives," will be out this month, with a tour to follow soon after. . . It now looks like the first single off **David Bowie's** "Lodger" album will be "DJ". . . **Robert Palmer's** "Secrets" is due shortly.

**STUDIO TRACKS** — After finishing up the **New Barbarians** tour, **Ron Wood** and **Keith Richards** are now helping **Ian MacLagan** on his first solo LP for Mercury. . . **Toto** is in Sunset Sound studio in L.A. working on its second Columbia release, which will be self-produced. . . It appears that **Chic** will be the first disco act to record a direct-to-disc album. . . For the first time since 1975, **ZZ Top** is in the studio, recording tracks in a

## FEATURE PICKS

**WINGS** (Columbia 3-11020)

**Getting Closer** (3:22) (MPL Communications, Inc. w/Welbeck Music Corp. — ASCAP) (P. McCartney)

This, the first single from the upcoming "Back To The Egg" LP, rocks with McCartney and the group's usual flair. Slamming guitar and aggressive vocals are a throwback to "Band On The Run." A dynamic, churning pop-rocker, this song looks like another Top 40 winner for Wings.

**CHIC** (Atlantic 3584)

**Good Times** (3:42) (Chic Music, Inc. — BMI) (B. Edwards, N. Rodgers)

Excellent production, as Edwards and Rodgers use spare but effective instrumentals which feature a sharp piano figure and clipped string arrangements, makes this record a pleasure to listen to. Bright, sassy female vocals are top-notch. This track should do even better than "I Want Your Love." Hitbound on a variety of formats.

**BARBRA STREISAND** (Columbia 3-11008)

**The Main Event/Fight** (3:59) (Primus Artists Music/Diana Music Corp. — BMI/Primus Artists Music/Diana Music Corp./Rick's Music, Inc. — ASCAP) (P. Jabara, B. Roberts/P. Jabara, B. Esty)

This is the short version of the same song on the soundtrack LP for "The Main Event." A light, breezy opening moves into a fast-paced pop disco number, as Streisand handles the cute lyrics with her usual charm. Headed for Top 40, dance lists.

**G.Q.** (Arista AS 0426)

**Make My Dreams A Reality** (3:54) (Arista Music, Inc. — ASCAP/Careers Music, Inc. — BMI) (E.R. LeBlanc, H. Lane, K. Crier, P. Service)

The airy harmonies and bright lead vocals of G.Q. stand out in front of jazz-flavored disco instrumentation, including sweet guitar work, chirpy background synthesizer and a steady kick beat. A mellow followup to "Disco Nights," this should garner good play on dance and pop lists.

**PETER BROWN** (Drive 6278)

**Crank It Up (Funk Town) Pt. 1** (3:47) (Sherlyn Pub. Co., Inc./Decibel Music — BMI) (P. Brown, R. Rans)

Brown urges the listener here to literally "crank it up." A pop-funk romp, fueled by steady drum work, a repetitive, mesmerizing guitar figure, tambourine and a staccato beat on the hook. This song has all the earmarks for a pop winner, as well as a smart disco add.

**GEORGE BENSON** (Warner Bros. WBS 8843)

**Unchained Melody** (3:46) (Frank Music Corp. — ASCAP) (A. North, H. Zaret)

A sumptuous piano line backs an easy, flowing string arrangement, building with drums and Benson's strong but graceful voice. This song is a tour-de-force for the jazz singer's vocal pyrotechnics, spelling another Top 40 chart topper. A/C will also take note.

**THE MARSHALL TUCKER BAND** (Warner Bros. WBS 8841)

**Last Of The Singing Cowboys** (4:01) (Marshall Tucker Publishing Co./No Exit Music Co., Inc. — BMI) (G. McCorkle)

Jazzy guitar phrase blends with a light horn section on this southern swing number. The jazz influence on Marshall Tucker's music is more pronounced here than in the past. A perennial AOR favorite, the group should also hit Top 40.

**JOHN DENVER** (RCA PB-11637)

**Garden Song** (2:38) (High Road Music/Cherry Lane Music Co. — ASCAP) (D. Mallett)

Distinctive combination of piccolo and acoustic guitar stand out on this gentle, soft lullaby-like song from Denver. Vocals match the light instrumentation perfectly, with airy female backup. Pop and A/C, especially, will go on this one.

## SINGLES TO WATCH

**RON WOOD** (Columbia 3-11014)

**Seven Days** (4:10) (Ram's Horn Music — ASCAP) (B. Dylan)

A sultry, snakey rendition of the Dylan standard, Wood comes close to duplicating Dylan's vocals but the difference is just enough to be original. Slinky slide guitar playing and a swelling organ line could bring this cut into Top 40 territory.

**NICOLETTE LARSON** (Warner Bros. WBS 8851)

**Give A Little** (2:59) (Streetlight Music — ASCAP/Ayn Animus Music — BMI) (B. Payne, F. Payne)

A pleasant lush pop ballad, this track features fully textured background instrumentals, with a soft, muffled sax solo highlighting the arrangement. Sweet, catchy vocals from Larson makes this number right for Top 40 and A/C action.

**McGUINN, CLARK & HILLMAN** (Capitol P-4739)

**Surrender To Me** (3:20) (Fat Frog Music — BMI) (R. Vito)

Clever fade intro of twangy guitar melds into the group's full-bodied harmonies on the pleasant hook line. Simple, short guitar solo adds pace to the proceedings. All in all, a well done follow-up to "Don't You Write Her Off." For Top 40 and AOR lists.

**WHITEFACE** (Mercury 74075)

**Love Came** (3:38) (Underline Publishing — BMI) (D. Bare, T. Baker)

An edit of the LP version, this jumpy rocker cooks with a dash of southern swing. Bright high harmonies stand out against the gritty vocals and fuzz guitar work. Sharp guitar solo blends into the funky feel, making this a solid AOR or pop add.

**SAINT TROPEZ** (Butterfly FLY-41081)

**Fill My Life With Love** (3:05) (MCA Music/Canada Express Musique, Inc. — ASCAP) (R. Tate, C. McDermott)

More pop oriented than the group's last single, "One More Minute," this cut has a danceable beat but Saint Tropez's three female vocalists stretch out here a bit more. A catchy track with a good hook, this should find a home on Top 40.

**FRANNIE GOLDE** (Portrait 6-70031)

**Here I Go (Fallin' In Love Again)** (3:29) (Braintree Music/Golde's Gold Pub. Co. — BMI/Albert Hammond Music — ASCAP) (F. Golde, A. Hammond)

Golde's distinctive, well-controlled vocal phrasing is showcased on this number against a silky background of smokey sax and thickly textured ensemble work. Nice harmony mix. Good pop.

**THIRD WORLD** (Island IS 8822)

**Talk To Me** (3:59) (Cat-Ibo Music/Ackee Music (U.S. and Canada) — ASCAP) (Third World)

This follow-up to "Now That We've Found Love" has a funk-reggae beat, with tight, intriguing percussion, smart harmonies and tasty guitar solo and synthesizer. Energetic vocals highlight this musical blend. A solid B/C or pop add.

**PEABO BRYSON** (Capitol P-4729)

**She's A Woman** (4:19) (WB Music Corp./Peabo Music — ASCAP) (P. Bryson)

A swaying, lilting ballad, with excellent guitar touches, soft electric piano, light drumming and building crescendos, sweetened by strings. Bryson's voice is strong and resonant, making this a nice romantic R&B tune. For B/C formats.

**OAK** (Mercury 74076)

**This Is Love** (2:25) (Critique Music — BMI) (R. Pinette)

Already getting heavy airplay in the northeast U.S., this string-driven pop rocker, with high, elegant vocals and soothing instrumentals, has an engaging piano line and sleek guitar work. Due to build more pop play.

**MIRA WATERS** (Gordy G 7170F)

**You Have Inspired Me** (3:51) (Jobete Music Co., Inc. — ASCAP) (M. Waters, G. Deadrick)

Flashy wah-wah guitar work, backed by slicing strings, a popping bass line and rhythm guitar as counterpoint, drives along Waters' impressive vocals. Keep your eye on this little number, which looks like it could be a real sleeper. B/C and pop take note.

**EDWIN STARR** (20th Century Fox TC-2408)

**H.A.P.P.Y. Radio** (3:29) (ATV Music Corp./Zonal Music Inc. — BMI) (E. Starr)

Bright, punchy horns blend with clicking guitar, handclaps and steady kick drum disco beat as Starr belts out some smokin' vocals. Smooth electric piano and percussion effects augment both the hook and a short break. This song has built-in appeal for radio, pop or B/C.

**STANLEY CLARKE** (Nemperor ZS8 7521)

**Jamalcan Boy** (3:30) (Clarkee Music — BMI) (S. Clarke)

An unusual, haunting blend of rock, jazz and reggae, as Clark's big bass sound alternately comes across like an electric guitar and a percussive instrument. A stand-out instrumental, nonetheless, this song could work on a number of formats.

**GWEN OWENS** (Big Tree BT 16133)

**I Don't Want To Dance No More** (3:54) (Unichappel Music/Begonia Melodies/Catiba Music — BMI) (C.B. Sager, D. Foster)

Synthesized jungle beat segues into a throbbing bass riff, as horns and strings swirl headlong into Owens' powerful vocal jabs. Congas add to the mix of neat electronic effects.

**TOM ROBINSON BAND** (Harvest P-4726)

**Bully For You** (3:20) (Beechwood Music Corp./Peter Gabriel Ltd./Run-It Music Inc. — BMI) (T. Robinson, P. Gabriel)

A striking, halting rock riff backs Robinson's strident vocal, as the singer lashes out at staid conservative attitudes. TRB has enjoyed good AOR play in the past and this will appeal to the same audience.

**YBS** (Ariola 7755)

**Happy Birthday** (3:58) (Rosstex Music — BMI) (A. Yates, J. Avery)

A snappy, well-produced disco track, with clicking guitar, keyboards and synthesized effects behind bright female vocals, this should fare well as a present to dance fanciers. A celebratory, party number.

### Nader Calls For Audience Network

by Joanne Ostrow

WASHINGTON, D.C. — Testifying before the House Subcommittee on Communications on the bill sponsored by its chairman, Lionel Van Deerlin (D-Calif.), consumer activist Ralph Nader called for legislation to allocate 30 minutes of radio drive time and TV prime time to the audience everyday. It would be turned over to what Nader called the "Audience Network, a national citizens organization to be created by Congressional charter," made up of anyone who contributes a "modest annual membership fee of about five dollars."

This audience network would also assemble a staff of lawyers and special lobbyists to represent the interests of the audience before the FCC, Congress and in the private sector. The daily half-hour air time would be used to "inform the public about the organization's activities, discuss media reform issues or air a variety of programs that it produced or obtained..."

Nader also talked about possible production services for the proposed network and said the group could act as "a time broker for other non-profit groups that wished to produce and air programs."

#### Blasts Proposed Rewrite

Nader, who serves as chairman of the media reform group, National Citizens Committee for Broadcasting, blasted the

proposed Van Deerlin bill, H.R. 3333. He and other consumer activists have charged that the deregulation of the industry proposed in the bill fails to recognize the public nature of the airwaves and abandons the public interest standard. The legislation will merely reinforce the "immense concentration of power that characterizes the broadcasting industry today," Nader charged. And the added bill is marked by a "misplaced faith in non-existent marketplace forces" to serve the public interest.

But Nader's proposal for the audience network received little enthusiasm from members of the House subcommittee. Rep. James Collins (D-Tex.) asked if anybody will be watching or listening to the proposed audience network. Collins said he watches the Sunday public affairs shows on television and finds them "really dull... dull as dirt." And Rep. Albert Gore, Jr. (D-Tenn.) passed up the chance to question Nader further on the ideas.

Hearings continue this week before the House subcommittee on the subject of regulator reform and, starting June 20 for at least a week, on public broadcasting.

### Thayer Appointed GM At WNEW-AM

NEW YORK — Jack Thayer has been named general manager of WNEW-AM/New York. Mel Karmazin, who has been serving as general manager for both WNEW AM and FM on a temporary basis, will again assume GM responsibilities at WNEW-FM.

Just prior to joining WNEW-AM, Thayer had resigned his post as NBC Radio's executive VP for special projects, broadcasting. He formerly headed up the network's radio division.

### July 4 Doobies Show To Air On 150 Stations

LOS ANGELES — D.I.R. Broadcasting in conjunction with Warner Bros. Records and Pabst Blue Ribbon will present the "Pabst-Doobie Bros. July 4 Explosion." The event will be a special coast-to-coast live broadcast to be aired on over 150 radio stations. The two-hour Doobie Bros. concert, live from the Universal Amphitheatre in Los Angeles, will be heard on one of the largest radio networks ever assembled for a live rock 'n' roll broadcast.

### Radio Promotion Set For Cars LP

LOS ANGELES — The Cars' second LP, "Candy-O," will be debuted before 40 million listeners on June 15 at 6 p.m. in every time zone. The Elektra/Asylum promotion will link up more than 600 AOR and Top 40 radio stations all across the country.

A tape, containing a brief introduction by the Boston-based quintet and the entire "Candy-O" LP, will be delivered to each station between 5 and 6 p.m. the day of the broadcast to prevent any station from jumping the pre-arranged air time.

"This promotion gives us the opportunity to expose the Cars on many of the Top 40 stations which might not have played the group's first album, in spite of its success, and enable us to reach a new base of consumers," said Ken Buttice, E/A vice president of promotion.

"Candy-O" will be released the day after the radio premiere.

**CONFERENCE REPORT** — The recent **Anti-Muscolo** Secondary Radio Conference was held in Austin, Texas, and according to **Tony Muscolo**, "This conference was our first in Texas, an area that is unfortunately not that well covered. I was pleased with participation, about 175 people, and the panel discussions were conducted very smoothly" . . . By the way, the next Anti-Muscolo Conference is scheduled for July 20-21 in Kansas City, Missouri at the Marriot Airport Hotel.

**OH IT'S LONELY AT THE TOP DEPARTMENT** — One of the panel discussions at the Austin Conference turned into a "**Clay Gish** Grill Time." Aware of the influence or attention his station, **KRBE/Albuquerque**, receives from observing stations and labels, Gish pointed out that he programs his station for his listeners. One of the gripes brought up to Gish was that while some stations may jump a single 5 or 6 points based on requests or album sales and maybe some singles sales, a mere 1 or 2 point jump at KRBE may damage the momentum of that record or possibly scare a "watching" station from adding that record. He explained that his singles playlist is based on singles sales alone and that if a record moved from 28 to 27 or 26, then that is precisely where it fell according to his sales research. Next obvious question . . . Does KRBE's playlist then accurately reflect the 30 best selling singles in the Houston market? Gish's answer was no because the best selling singles in Houston would be comprised mostly of black records and country records and a few rock 'n' roll records. KRBE's singles playlist does accurately reflect the best selling singles that Gish is programming for his station. Where all of this eventually led to was an open forum regarding the trades and their national charts. Gish suggested that perhaps radio would be better off simply reporting the varied degrees of rotation and doing away with the numbered system. This idea had favorable response, but alas, Catch 22; the industry and the trades demand numbers from programmers.

**SUZI Q. AT TEN-Q** — RSO's **Suzi Quatro** stopped in at the studios of **KTNQ/Los Angeles** and did a stint as disc jockey not long ago. Pictured (l-r) are: **Jim Conlee**, **KTNQ** program director and **Quatro**.

**AUTOMATED OR NOT?** — "I think we're the only mass appeal station in L.A.," says **KRTH-FM/Los Angeles** general manager **Alan Chlowitz**. Chlowitz attributes the station's achieving a cume of one million listeners in the Jan./Feb. Arbitron to the automated station's oldies/adult contemporary format. "The million listener cume has been a five year goal of mine," offers Chlowitz, who attributes much of the station's success to the programming powers of **Bob Hamilton**. Hamilton, who became KRTH's PD in February of 1977, gears the format toward a 25-34/35-44 audience rather than a younger format. Through automation by way of an IGM-700 computer system, daily surveying of his listeners want to hear, directing promotions at an adult audience and keeping an eye on community tastes and happenings, Hamilton has fine-tuned and updated the sound, and made KRTH the fifth most listened to station, in terms of total different listeners, in Los Angeles. "While other stations like **KWST** and **KNX-FM** have altered their sound somewhat, we've stayed consistent to our format," says Chlowitz. "We avoid the automated sound by growing with the current music and as our tag line says, 'Playing Your Favorites.'" The voice tracking of air personalities keeps the automated sound "live" and generally unknown to the public. The station's summer promotions are quite contemporary. KRTH has made an association with Los Angeles' Greek Theatre for its "Summer At The Greek" concert season. The station is giving away 25 pairs of tickets to each concert, and the series includes acts as diverse as **Stephen Stills** and **Village People**, and is also broadcasting many shows live. In addition, KRTH will be sending lucky listeners to the L.A. premiere of "Rocky 2." The listeners who qualified to attend the L.A. show will have a chance in a drawing that will send two people back to the movie's premiere in Philadelphia on June 13.

**STATION TO STATION** — **WRVQ/Richmond** is working in association with King's Dominion, the Virginia theme park, on its 1979 concert series. Artists that will appear include **Village People**, **Pablo Cruise**, **Willie Nelson** and **Leon Russell** . . . **KIIS-FM/Los Angeles** air personality **Bruce Phillip Miller** was the master of ceremonies at the 50th anniversary party of the Avalon Casino Ballroom on Santa Catalina Island, Sunday May 27. The historical site was turned into a disco for the occasion . . . **WWDC/Washington D.C.**'s new address is Capitol Broadcasting Company, 1150 Connecticut Ave., N.W., 20036. The new phone number is (202) 828-9940. . . . **KVIL/Dallas** has relocated to 5307 E. Mockingbird Ln. #500, 75206. The phone number is (214) 826-7900.

**SYNDICATION INDICATIONS** — San Diego's Tuesday Productions is currently offering a six-hour version of "Rama Lama," the weekly syndicated AOR show, for the 4th of July weekend and the July-August ratings sweeps. The show, a PH Factor production, features interviews and music from eighteen rock groups including **The Doobie Brothers**, **Ted Nugent**, **Queen**, **Eddie Money** and **Boston**.

**NEW JOBS** — **Lee Logan** is the new program director at **KFMK/Houston**. Logan was formerly a **WPGC/Washington, D.C.** air personality. Prior to that he was the PD at **WMJX/Miami**. With Logan at the KFMK helm, the First Media station, will most likely change formats from its current live religious programming . . . **Mark Elliott** has been named to the position of program director at **WKRC/Cincinnati**. The current 8-midnight air personality at the station, **Pat O'Brien**, becomes the new music director . . . **Dave Bishop**, PD at **WCOL/Columbus** for the past five years, has resigned. He can be contacted through the station . . . **Bill Phippen** has assumed the post of general manager at **KOPA/Phoenix** . . . **Fred Holland** has acquired the program directorship at **WAAY/Huntsville** . . . **Jim Sumpter** has resigned as PD at **CK101/Cocoa Beach** in order to become assistant program director at **WIVY/Jacksonville** . . . **Jim Corcoran** is the new program director at **WLAV-AM/Grand Rapids**. Corcoran comes to WLAV from **WILS-FM/Lansing** where he served as music director and air personality. Present WLAV PD **Kurt Kelly** will remain at the station as music director . . . **Alan Edwards** has resigned as music director at **WPRO-FM/Providence** . . . **Jim West** of Kershaw-West has been named as the exclusive representative for Sound Alternative's "Music Of Your Life" format which is being featured on **WDJZ/Bridgeport**.

# Programming Consultants Take Larger Role In Canada

(continued from page 14)

pains of implementing the programming change.

"At first, we had to obtain another copy of our 'gold' series," he says. The format, which plays three to five cuts by an artist in succession, is only now being defined, he says.

## Subtle Changes

"Now, we're able to make only subtle changes," Cosford explained. "In the past week, however, we've finally been able to evaluate new product. The Rickie Lee Jones album, which has been popular in this city for weeks, was only added by us two or three days ago (May 28). But now we've added loads of new music, because we've straightened out the flaws in the system."

But Slight says outside consulting services straighten out the problems beforehand. "There isn't as much obvious meandering in programming if you are advised," he says. He also asserts the

Abrams/Burkhart service learns from individual stations, and indeed, supports albums on the basis of recommendation by programmers across the continent.

## Helps Music Boom

He cited the support of Abrams/Burkhart of Canadian talent in North America as being an integral part of the Canadian music boom last year. "No doubt, Dan Hill and Triumph have been broken in the USA because Abrams/Burkhart saw our success with the artists. Hellfield is another example. Lee Abrams heard the album in my office, liked it, then had it added on at several American stations when Epic issued it there."

Cosford, however, says the station is not panicking, nor does it merely want to adopt the new programming format for a short period. "When we made the change, we did so with a commitment to implement it for a long time. We'll wait for the summer and fall ratings, and certainly continue to make subtle changes. But this is a format we want to stick with."

# RCA Marketing New Bowie LP

(continued from page 14)

the multitude's reaction to his presence.

Another highlight of the "Lodger" merchandising campaign is a radio ad featuring Flo and Eddie. The advertisement has the duo interviewing people on an ad-hoc basis (ala the Beatlemania commercial) and asking them what they think of Bowie. A three-week campaign geared toward AOR stations is set for 26 U.S. cities. Radio advertisements will also be placed on Top 40 stations in several major markets.

RCA is also planning television time buys of 10 and 30 seconds. The TV ads will be broadcast in New York, Los Angeles and Detroit.

## Display Materials

The marketing campaign centers on the "Lodger" (Bowie), who is suspended in mid-air above a bathroom floor on the LP's cover. Merchandising materials for in-store display include an 18-inch mobile of the "Lodger," a four color 35 x 23 poster of the album graphics and a die-cut of Bowie's name to be used as a center-piece.

In addition to the other marketing plans, RCA is placing full-color full page ads in consumer and trade publications. The advertisements are a reproduction of the "Lodger" LP graphics and bear the tag line, "Explore A New Quality Of Life."

According to RCA's Don Wardell, Bowie will not tour in support of "Lodger" until 1980.

# Chappell Sets National Meetings In Montauk

NEW YORK — Chappell and Intersong music publishing companies will hold their national meetings June 19-22 at Gurney's Inn, Montauk Point, N.Y. The agenda will include product presentations from the Chappell and Intersong professional staffs based in New York, Los Angeles, Nashville and Toronto, and will cover such topics as finance, copyright, merchandising, commercial and synchronization rights, and international affairs.

## Positive Progress

Commenting on the meetings, Irwin Robinson, president of Chappell, said "The theme of the conference is 'positive progress.' This will mean reviewing 1978, which was a spectacular year for Chappell, Intersong and its affiliated companies, and then reassessing 1979 in realistic terms. One of the keynotes for the meeting will be profitability, and we will be brainstorming as a team in this area, looking for new approaches and techniques."

# Handleman Declares Quarterly Dividend

NEW YORK — The board of directors of the Handleman Company, of Clawson, Michigan, has declared a regular quarterly dividend of 25 cents per share on the outstanding shares of common stock of the company, payable on July 2, 1979 to shareholders of record at the close of business on June 18, 1979.

CLOWNING AROUND WITH WHITEFACE IN ATLANTA — The Atlanta Hilton was the scene of some good natured hijinks, as Phonogram, Inc./Mercury Records held a bash for new group, Whiteface. Assorted clowns, sword-swallowers, mimes and magicians entertained members of the press and radio, as well as label executives. Pictured here are (l-r): Steve Hardwick, Kyle Henderson of Whiteface; Bob Sherwood, Phonogram, Inc./Mercury president; Doug Bare and Benny Rappa, Whiteface; and Sherwood, with some attentive clowns.

## WHAT'S IN-STORE

**PICKWICK/ZODYS AGREEMENT** — Effective immediately, Pickwick International will be supplying all record, tape, and music accessories merchandise for the **Zodys** Discount Department Store chain. Hatfield Zody's Incorporated, based in L.A., has 35 Zody's stores throughout Southern California, Arizona, New Mexico, and Nevada. Zody's is also planning to open two more stores before the end of this year.

**PERSONAGE:** B-J's Records of Iowa City is a 2,500 sq. ft. store specializing in new wave, jazz and cut-outs. How they got there is where the story is.

Five years ago, B-J's had a comfortable little store in Iowa City. Urban renewal forced the store into a temporary trailer until the city could work out some kind of deal. B-J's spent five long years in that "temporary" trailer selling records out of boxes in order to save space. "We were out in left field without a glove" according to buyer Jim Musser. No one could find the trailer except for regular customers who supported the store because of their low prices and overhead. On April 1 B-J's employees finally packed it in and moved into their self-remodeled new store.

B-J's is the first of a now six-store chain called Apple Tree. There are five Apple Tree stores in Illinois. However, B-J's is still B-J's because there is a furniture store in Iowa City called Apple Tree.

Started over five years ago by a couple of college kids selling records out of their dorm room to protest high prices, B-J's is still clearing obstacles and selling tunes as a survivor.

**ON THE PEACH** — **Peaches/Hollywood**, Caribou/Epic, the Hollywood Chamber of Commerce, and local media all got together to celebrate **Beach Boys Day** in Hollywood on June 4th. L.A. Mayor Tom Bradley was also on hand to commemorate the Beach Boys 18th anniversary. With one lane of Hollywood Blvd. blocked-off, the guests of honor arrived in a woody outside of Peaches. Some 400 people gathered outside of the store, while another 300 waited inside for a glimpse or autograph from the pop legends. The Boys judged a bathing suit contest and autographed everything in sight, including a surf board which they later gave away. Peaches also provided their T-shirts with special Beach Boys Day logos.

**FOR THE RECORD** — Here's a good one. Is it "Uh-ris-ta" or "Air-is-ta?" Well, according to Arista it's the latter. Finally cleared that up . . .

**... AND A BOX OF DARKSIDE** — John Anderson of **Record Theatre** in Cleveland just got a little tired of everyone complaining about no superstar records to sell. Tying in with WZZP-FM's "Classic LP Special," Anderson proceeded to move his catalog titles; product he considers the "backbone of our industry." Lasting through the month of May, selected catalog items spotlighted on the show were marked down for music veterans and especially for "a whole new generation out there who need to catch up on the classics." Anderson summarized that "we resurrected a lot of product." Reflecting over the industry as a whole, Anderson reiterated the proverbial industry question: "What other business today charges less for new merchandise than they do for older goods besides the record business" . . . And speaking of catalog, watch this column for the **Cash Box Mid-79 Catalog Sales Chart** coming very soon. Anyone remember MS 2225?

**GRUPPO EFFORT** — **Gruppo Sportivo** has been a consistent cult import item over the past couple years. Their recent Sire domestic release, "Mistakes," is actually a compilation of the group's two import LPs "Ten Mistakes" and "Back To 78." According to Sire, there was so much good material to choose from, they had to add an EP of new songs with the release. The EP called "More Mistakes" is not a limited edition, and will remain part of the package listing for \$7.98. A U.S. tour is also being planned for the intellectual pop group from Holland.

**CUSTOMER QUOTE OF THE WEEK** — "I'm buying it for my little sister."  
**ENDS AND ODDS** — **Supertramp's** "Breakfast In America" now up to 8.98 . . . "Le Freak" is now the biggest selling single in WEA history . . . **England Dan & J.F. Coley** in for an in-store appearance at **Sound Warehouse** grand opening in Dallas . . . Sounds like **Bill Quateman** is getting back to the sound he captured on his classic Columbia debut . . . That new **Iggy Pop** import should be released domestically by Arista in July . . . Latest riff-rockers out of Australia are **The Angles**, still only available on import, under the midas touch of Vanda/Young . . . Watch for the new **Graham Parker** single to take off when word gets out on the killer B-side . . . Congratulations out to George Baliki, director of merchandising of **National Record Mart**, and wife Diane on the birth of baby Krista.

**PRIDE SERVES UP BURGERS 'N' FRIES** — In association with Sears, McDonald's and radio station KLAC in Los Angeles, RCA Records recently held a month-long "Burgers And Fries With Charley Pride" contest. 26 L.A.-area Sears department stores accepted contest entries as well as KLAC. Twenty grand prize winners were selected on the air at KLAC, receiving dinners-for-two at McDonald's and tickets to Pride's show at the Anaheim Convention Center. Runners-up were given RCA LPs through Sears locations. Pictured at a drawing for albums are (l-r): Bob Wright, RCA sales representative, Los Angeles; Bernie Glick, Sears district manager; Carson Schreiber, RCA regional promotion manager; Dan Masterson, Pickwick sales representative; Charley Pride; Ruben Stricker, Sears division manager; and Rick Butler, Pickwick sales representative.

## Paragon Moves To New Locale

NASHVILLE — Paragon Associates, which includes Paragon/NewPax Records and Paragon Publishing group, recently moved to larger facilities. The new offices, located on the corner of 19th Avenue North at Hayes Street, will offer the company a 66% increase in office space.

Paragon, founded in 1975, functioned with two employees at its old address. ## REVIEWS

**THE GOSPEL KEYNOTES SALUTE PAUL BEASLEY** — The Gospel Keynotes — Nashboro 7210 — Producer: Shannon Williams — List: 6.98

This is a classic album. Not only should "The Gospel Keynotes Salute Paul Beasley" top all gospel charts and awards shows, it should also receive recognition throughout the musical world. Paul Beasley, possibly the greatest falsetto singer alive, is featured in nine of his most famous performances. Beasley hits notes many accomplished musicians will never master. This album will become a collectors item. If you need a label call it black country gospel.

**SPECIAL DELIVERY** — Doug Oldham — Impact R3546 — Producer: Joe Huffman — List: 6.98

Doug Oldham's delivery is special and he has earned near-legendary status in gospel music. His tendency towards dramatic phrasing is overstated but when Oldham reaches into the depths for the zenith of his range, he is arresting. His loyal following will love "Special Delivery" although it is unlikely to gain Oldham any new converts. He is certainly capable of handling more diverse musical content on a creative parallel with the impressive album graphics. There is not a mediocre cut on this album, but programmers should like "The Day He Wore My Crown," "Rise Again," "Give Them All To Jesus," "Special Delivery," and "It's Beginning To Rain."

**FROM OUT OF THE PAST** — The Kingsmen — Heart Warming R/3550 — Producer: Joe Huffman & Eldridge Fox — List: 6.98

This is an album of all-night country gospel singing. From Dill Beaty and Jim Bricker's cover graphics to Joe Huffman and Eldridge Fox's production to the players, the inimitable style of The Kingsmen's "From Out Of The Past" is parted down the middle, but will fit under any hat. There are incomparable versions of "He Will Pilot Me" and "Wonderful Time Up There," and classic renditions of "Wasted Years," "Wait A Little Longer, Please Jesus," and "Without Him," and the other 50% of the album is great.

**MY FATHER'S EYES** — Amy Grant — Myrrh MSB-6625 — Producer: Brown Bannister — List: 6.98

This should be a successful album for Amy Grant, surpassing her debut effort. "My Father's Eyes" succeeds because of an innate ability by Grant to communicate. Her delivery is understated, but compelling and capable of holding the listener's attention. Her style is sugary, but what kid doesn't like cookies. Grant's future as a recording artist of importance will hinge on her ability to mature as a singer/songwriter and therefore attract a more sophisticated audience. Best cuts: "My Father's Eyes" and "O Sacred Head."

## Tree Appoints Joe D'Imperio Head Of West Coast Division

by Bob Campbell

NASHVILLE — Jack Stapp, chairman of the board and chief executive officer of Tree International here, has announced the company will open publishing offices in Los Angeles under the direction of newly appointed west coast president Joe D'Imperio. The grand opening of the west coast Tree office is set for June 28.

Stapp and Tree president Buddy Killen both view this step as a major milestone in the continuing expansion of Tree International. According to Stapp, "It will allow Tree to become to the pop music market what it has become to the country music industry and it will put us in daily contact with the major pop artists and producers."

Stapp and Killen have considered this move for some time (Tree has, in fact, maintained skeleton offices in Los Angeles before), but until now have never found the right man for the job. D'Imperio was formerly the president of Rose Garden Ltd., an entertainment complex specializing in record production, music publishing, artist management and investments in Broadway and motion picture production.

### Was With RCA

D'Imperio also worked for RCA for 16 years in various capacities and was responsible for the development of such artists as John Denver, Jefferson Airplane, The Monkeys, Sam Cooke, Paul Anka and Charley Pride. D'Imperio also was instrumental in acquiring the Broadway productions "Hair," "Fiddler On The Roof" and the soundtrack of "The Sound Of Music."

According to Killen, the availability of D'Imperio was a decisive factor in Tree's commitment to the development of a major west coast wing.

"We have had offices out there before, but nothing major ever happened," said Killen, who also produces Bill Anderson, Rex Allen, Jr., Ronnie McDowell and T.G. Sheppard, among others. "Our problem was that the visibility wasn't high. The people we had didn't have the capability to handle things the way we wanted it handled. That is why we decided to go with

somebody who has really been a giant in the business. We have hired the best man we can find and spared no expense in getting him. He will see to it that we become a profitable organization out there as quickly as possible.

### Pop Visibility

"We have had a lot of pop hits, but we want to get to the point we are maintaining as many pop hits in the chart as we do country," Killen added. "The only way to do

**JUST TWO "GOOD OLE BOYS"** — Columbia artist Moe Bandy (l) and Epic artist Joe Stampley recently completed production on their upcoming duet album called "Just Good Ole Boys." Bandy's producer Ray Baker spearheaded the project. Bandy's single, "Barstool Mountain," debuts at #50 bullet this week on the **Cash Box Country Singles** chart, and Stampley's "I Don't Lie" sits at #16 bullet.

## Rogers Wins 3 Music Awards

NASHVILLE — Once again, Kenny Rogers' name has been indelibly stamped on a music awards show — this time for walking away with three Music City News "Cover" Awards, an honor voted on by country music fans and readers of the consumer publication, Music City News.

The awards show took place June 4 and was broadcast live from a sold-out Grand Ole Opry House via the Hughes television

# 45 — REVIEWS — LP

**KIM CHARLES** (MCA MCA-41045)

**Hoid Me Like A Baby** (3:39) (Chappell & Co. — ASCAP) (Rory Bourke)

Kim's first single for MCA earlier this year saw mid-chart activity. Now with the polished, Tom Jones style and the production by veteran producer Eddie Kilroy, Kim should see higher chart activity.

**RANDY GURLEY** (RCA PB-11611)

**Don't Treat Me Like A Stranger** (3:00) (Leeds Music/Patchwork Music — ASCAP) (Dave Loggins)

Randy is no stranger to the Top 100 Country chart. With this Dave Loggins tune, producer Roy Dea sets the beat bright and up tempo for Randy's first release on RCA.

**ORION** (Sun SI-1142)

**Honey** (4:03) (T.B. Harmes Music — ASCAP) (Bobby Russell)

With vocal work hauntingly resembling that of Elvis, Orion tackles this previous Goldsboro hit of the sixties. This single should be tested in all markets.

**FRANK IFIELD** (Warner Bros. WBS-8853)

**Crystal** (3:04) (Chess Music — ASCAP) (Bobby P. Barker/Dennis W. Morgan) (Pi-Gem Music — BMI)

Ifield is still looking for that hit to reposition him on the national charts and this could be the single. A perfect vehicle to show the vocal work which he was best known for in the early sixties.

it is to get in the major areas and be visible there."

Killen also emphasized that Tree would be signing writers in Los Angeles, and not just pushing songs by Nashville writers. "We are not going to hire a tremendous staff at first, but we are definitely going to be signing writers in Los Angeles. We will also

try to do something with songs already in the catalog. We will be building into a full operation out there," he said.

One area of music publishing which interests Killen is movies and television. Killen said several Tree songs have been included in various movie soundtracks, and that the Sonny Throckmorton song, "Middle Age Crazy," is now being made into a movie starring Ann Margret.

"We have a great number of songs in movies already," Killen said. "Middle Age Crazy" is being turned into a movie with Ann Margret, and we have four or five other songs by our writers which are being written into movies, but I can't divulge them right now. This should not be an unusual thing when you think about it because a hit song is a hit story, and what they do is just take a song idea and expand it into a script."

### Other Activities

This latest announcement of a west coast publishing wing adds one more iron in the Tree fire, which includes the Tree publishing, Tree productions, Tree Television productions and the overseas publishing agreement with EMI. Killen and Stapp started Tree back in the early '50s, and Killen said a key to success has been Tree's philosophy of continually hunting for a great song.

"The philosophy is to always be on the lookout for a great song," Killen said. "Then you must have the energy and the talent to get out there and get something done with it. We have always been fortunate in that area. It is a matter of grinding it out day after day and leaving no stones unturned. Don't assume you have it made all the time. We are as hungry for hits today as the day we began."

**CLAPTON DRIVES THE WHEEL** — Capitol recording group *Asleep At The Wheel* was joined by special guest Eric Clapton, kneeling, during their late set at Atlanta's Capri Ballroom for an hour-long jam recently. Tatum O'Neal (l) and dad Ryan were among the guests backstage, with the *Wheel's* Chris O'Connell, center, and John Nicholas.

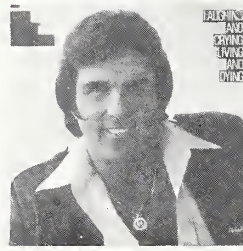

**ONE FOR THE ROAD** — Willie Nelson and Leon Russell — Columbia — KC2-36064 — Producer: Willie Nelson and Leon Russell — List: 11.98

It seems Willie Nelson is dead set on educating the public about the old classic songs that have been forgotten by many of the older generation and never been heard by people under 35. Teaming up with buddy Leon Russell, Willie has recorded a two-record set with something for everybody. Willie and Leon make great musical partners, and the LP is excellent from the first cut to the last. "Heartbreak Hotel," "Am I Blue," "Don't Fence Me In" and "One For My Baby" are included.

**GIRL HERO** — Sammi Smith — Cyclone — CYS-2000 — Producer: Johnny Morris — List: 7.98

This new album by Sammi Smith is the first LP for the Cyclone label, and it is Sammi's best work in some time. Produced by Johnny Morris, the album contains her single, "What A Lie," and nine other solid songs. Sammi has had problems finding a commercial niche, but two or three good singles should come from this package. "The Letter" and "For The First Time In My Life" are strong single possibilities.

**LAUGHING AND CRYING/LIVING AND DYING** — Billy "Crash" Craddock — Capitol — ST-11946 — Producer: Dale Morris — List: 7.98

Although not as strong as some of his previous albums, the smooth, full voice of Billy "Crash" Craddock overrides some of the weaker tunes. The production is fine, and Craddock is a master at crooning pretty ballads. "My Mama Never Heard Me Sing," "A Hundred Miles An Hour" and "As Long As I Live" bring the LP up to Craddock's usual standard of professionalism.

## Fan Fair Draws 14,000 Fans

By Jennifer Bohler

NASHVILLE — Despite the ominous rumors of a severe gasoline shortage, approximately 14,000 out-of-town fans swelled the ranks of local country music buffs to witness last week's eighth annual Fan Fair. The record number of visitors are expected to generate revenue in excess of \$1.5 million from the week-long celebration.

Area hotels and motels probably reaped some of the heftier rewards as fans filled their rooms to 100% occupancy. Souvenir shops, package-tour deals, record shops and any other business that hinted of country music also gained its share of the pot from the tourists that roamed up and down Music Row and lower Broadway.

Fan Fair has traditionally been a time when fans can meet and chat with their favorite stars, and this year's event was no exception. The bulk of the Fan Fair celebration was housed in the Municipal Auditorium, where legions of fans continuously canvassed the various booths and displays in search of the celebrities that wandered freely about, signing autographs and chatting.

Reported one lady from Canada, "Fan Fair is great — everyone is here that I want to see and meet. This is our third Fan Fair, and we plan on coming back next year too."

That statement echoes the general opinion of most of the other people attending this year's Fan Fair — many have attended before, and plan on returning next year.

### Various Activities

Fan Fair opened this year with the Slow Pitch Celebrity Softball Tournament June 4 and 5 at Cedar Hills Park in Madison. Twenty-three teams participated in the event that climaxed Tuesday afternoon with the playoff between two men's teams and two women's teams. With the absence of Ray Griff's undisputed top team this year, the field in the men's division was left wide open to any contender that could make the big play. The Warner Bros. team succeeded, beating out Billboard in the final stretch.

In the women's division, Mary Reeves Davis' Reevettes walked away with their fifth Fan Fair softball tournament trophy, after edging out Warner Brothers' team in two extra innings.

Following the softball games Tuesday evening, Fan Fair fans attended an outdoor

square dance at the Auditorium, which was a mere hint of things to come beginning Wednesday.

Wednesday's activities saw the beginning of the label's live shows and exhibitions, which continued through Saturday. MCA opened the series of performances at 10 a.m. with a show that featured several artists from its roster, including Loretta Lynn, Conway Twitty, Barbara Mandrell and John Conlee.

A bluegrass concert followed later that

Last year's Jamboree in the Hills drew more than 34,000 country music fans. Set to appear during the two day extravaganza are: **Johnny Cash, June Carter Cash, The Carter Family, Moe Bandy, Dave and Sugar, Johnny Duncan, Tom T. Hall, Sonny James, The Kendalls, Margo Smith and Kelly Warren** on July 14. The "Killer," **Jerry Lee Lewis**, played recently to a packed house at Faron Young's Celebrity Ballroom. The Upper Peninsula Sunday Times in Michigan recently conducted an entertainment opinion poll to determine the music favorites of its readers. Mercury recording artists **The Statler Brothers** came out on top as favorite group, beating out the **Bee Gees** by a two-to-one margin. The Statlers also garnered the most votes for all time favorite record for their platinum "The Best Of The Statler Brothers." The Brothers received another honor recently. Even though they have not had a song or album released in Great Britain for over four years, they once again (for the fourth time in a row) won the International Country Music Association award for 1978-79 in the category of Best Vocal Group of the Year. The vote is made up entirely of country music fans.

## Houston's Inergi Studio Has State-Of-The Art Facilities

by Bob Campbell

HOUSTON, TX. — When producers, engineers, artists and musicians think of recording studios, they usually look to the music centers of Nashville, Los Angeles, New York or Muscle Shoals, Ala. But Inergi Recording Studios here, a new state-of-the-art facility with an automated 36-input MCI console, was constructed to compete with any studio in the country.

Built in early 1979 by Houston businessman Vince Kickerillo at a cost of \$750,000, Inergi Studio is part of a four-acre complex that includes eight outdoor tennis courts and a racquet club housing an Olympic size swimming pool, exercise rooms, sauna and a bar and restaurant. All these facilities are available to parties using the studio.

Inergi Recording Studio is an adjunct of Kickerillo's Inergi Productions, which produces RCA artist Mary K. Miller and the TCB Band, the late Elvis Presley's former back-up band. The studio was designed by Claude Hill of Audio consultants in Nashville, and is managed by engineer Jerry Barnes, who acted as manager and vice president of the United Western Studio complex in Los Angeles for the past eight

years. Barnes' wife, Joan, also helps manage the studio.

### Equipment

The MCI automated console is a brand-new unit in the J-500 "C" series and the most up-to-date console available. Thirty-two outputs are available with 32 inputs. The interior of the studio can accommodate an 18-piece orchestra and is constructed with high ceilings that are "acoustically perfect." Fifty mikes are available for use, and Audi-con speakers with JBL components are utilized in the control room. UREI-813 time-aligned speakers are also available for monitor use in the control room.

Kickerillo, who produced Miller on Inergi Records before establishing Inergi Productions and negotiating her contract with RCA in Nashville, said he built the studio because recording outside of Houston took him away from his other business interests for too long.

"First, we felt like we didn't have a studio

## DISCO BREAKS

**BEAUTIFUL PEOPLE ON WHEELS** — To celebrate its July 4 opening, **Flippers**, a private rollerskating rink-disco, threw a pre-opening champagne & caviar & frankfurter party last week in West Hollywood. "Skatetresses" balanced trayfuls of drinks as they buzzed around carpenters who were still installing the wood floor and artists who were putting final touches on Henri Rousseau and Carmen Miranda murals.

**ANOTHER SIX YEARS** — **Studio One** owner **Scott Forbes** recently renewed his lease on the West Hollywood disco and nightclub for another six years. Over the years, the **Backlot**, which is the nightclub portion of the complex, has featured a diverse selection of acts, from jazzy **Morgana King** to dishy **Rip Taylor**, in addition to serving as a showcase and try out for performers on their way to Vegas and points east. The dance hall is hands-down winner of the "Most Popular Disco in Town" title.

Harvey Mason

**DISCO OSCARS** — **Gino Soccio** and **Cheryl Lynn** were chosen most promising male and female artists, respectively, and **G.Q.'s** "Disco Nights," and **Rod Stewart's** "Da Ya Think I'm Sexy" tied for best 12" at the 1979 **Disco Music Awards** held at the **Hollywood Palladium** May 31. Other disco "bests" included "C'est Chic" (album), **Casablanca** (label), and **Chic** (duo or group). **Donna Summer** and **Teddy Pendergrass** walked off with the best artist awards.

**THE SLUTS ARE BACK AND SILLS HAS GOT 'EM** — After long negotiating sessions, **Inphasion's Randy Sills** will be producing the outrageous **Cycle Sluts**, an up-til-now novelty S&M drag act, which **Sills** plans to turn into a major disco group. A 12" is scheduled for an August release.

**SPLASHES IN THE POOLS** — The **Tampa Bay Disco Pool's J.G. Knapp** is so busy running the pool and producing such local groups as **Sosa** and **Tampa**, that he's had to leave his DJ duties at the **Mark Twain** disco in Tampa. **Knapp** also publishes the pool's **Sun Coast Disco Report** and does independent retail and radio promo across the state. Another pool member, **John De Heven**, who discs at **King's Crown**, is doing a syndicated cable TV show **Disco Express**, in addition to afternoon deejaying at **WOKF** radio in Tampa. The pool recently took **Sister Sledge**, **B.T. Express**, the **Sylvers** and **Enchantment** to Walt Disney's Wide World of Entertainment at **Disney World** with the groups performing at locations throughout the park. . . . **Peter Lewicki** of the **Dogs of War Pool** and **Carol's Speakeasy** in Chicago's Old Town spun at a party entitled "Erection," which was thrown late last month by **Hotter than Hell Productions**. 1800 people attended the bash. Previous events sponsored by **Hell** included their "Inferno" Halloween party and the romantically titled "Massacre," held on Valentine's Day. Citizens of the Windy City did a lot of partying in the past few weeks. A Western disco get together at **Fulton Market**, billed as "Wanted Dead or Alive," was the third such event thrown by **CRT** productions at the Market. To celebrate the **Village People's** appearance at the Chicago Stadium May 21, **CRT** also held a **Village People** look-a-like contest at the city's **Aragon Ballroom**. **Candi Staton's** blitz of Mayor Daley's former fief included a party thrown by **Jim Thompson**, Warner/RFC midwest rep, at Chicago's

## REVIEWS

**SAMANTHA SANG** — From **Dance to Love** — **United Artists** — UA-P5005-D — 12" — Promo

This should be the surprise hit of the summer. This 12", which has broken loose from the same-titled LP, starts out slow, a la **Donna Summer's** "Last Dance," then breaks into one of the hottest dance numbers ever. **Sang's** voice is a husky symphony which can be alternately gentle and violent.

**BONNIE TYLER** — **Married Men** — **RCA** — JD-11631 — 12" — Promo

**Tyler's** voice has been sweetened for this release, and one almost misses the scratchiness of her vocals on "It's a Heartache." Mellifluous instrumentals sure to get disco wall-flowers out onto the dance floor.

# Houston's Inergi Studio Has State-Of-The-Art Facilities

(continued from page 40)

here in Houston to get the kind of sound we wanted to get with the artists we have," said Kickerillo, whose flagship Kickerillo Co. is involved in a myriad of business interests. "We had to go to L.A. and Nashville. Being a businessman in Houston with all my interests being operated out of Houston, it took me away from Houston for long periods of time. Last summer I stayed away roughly three months, so it was more economical for me to bring it to Houston rather than stay away from my other businesses."

Although Kickerillo had never been involved in building recording studios, he observed closely the better studios in Nashville and Los Angeles and relied heavily on the advice of Barnes, who at that time was still managing United Western in Los Angeles.

"I saw a lot of studios in Nashville, and I worked with Jerry Barnes last summer recording the TCB Band in L.A. and doing Mary's last album," Kickerillo said. "I looked at their studios there and asked a few questions. Jerry also gave me some ideas as to what he thought a studio should be. When I finally made up my mind to build a studio, we contacted several different companies. We finally got with Claude Hill of Audio Consultants in Nashville. Between Claude and my architect, we designed a building that would suit us with the kind of sound we wanted. We didn't want a big auditorium. We talked to Jerry and several others and decided we wanted an automated studio in Houston because outside of Muscle Shoals, there isn't one in the

south. I think there might be one or two now in Nashville.

## Attract Artists

"We did this in order to attract artists down here," Kickerillo added. "We decided to go all the way with MCI equipment so if there were any service problems, one man could come out and know all of the equipment. At this point, Jerry was not working with but just giving us friendly advice. Once we had it all designed, I had him check the specifications, and he made some changes. We added and deleted what he suggested."

Barnes, a mixing engineer and studio manager in Los Angeles for the past 15 years, has worked with artists such as Frank Sinatra, Barbra Streisand, Neil Diamond and Santana over the years. But Barnes said the continuous pressure in Los Angeles combined with his respect for Kickerillo convinced him to make the move to Houston.

"I had been wanting to get rid of some of the pressures, and I had also been observing him (Kickerillo) a lot when he was out here," Barnes said. "I really came here for the man. We had a horrendous decision to move here, but a factor which influenced us was how loyal everybody is to Vincent. He is the kind of man who will make things happen. That sort of spirit and generosity is something you don't see that much anymore. And this is a studio that is second to none. There are bigger and more elaborate studios, but none more comfortable to work in. And from a mixer's point of view, it is head and shoulders above any other place."

# Pending Litigation Could Affect Income, Says Cramer

(continued from page 10)

Cramer. "And that in turn depends primarily upon the advertising revenue of the station.

"Now, advertising revenue is not necessarily related to record sales or the country's economy at large, so we don't quite follow the same pattern that record companies follow."

## Pending Litigation

BMI's income for 1978 was \$68.7 million, a 14% increase over the similar period a year before. But Cramer hesitates to project what the society's income might be for the fiscal year ended June 30 because of pending legal actions filed by users demanding new forms of licensing and reduced payments.

He cites the nine-year-old CBS Inc. case and the more recent filing by many local television stations as two lawsuits that "raise issues as to our income in 1979."

According to Cramer, "We were very successful in our litigation with CBS. The Supreme Court ruled that our system of licensing TV networks is not illegal per se (Cash Box, April 28), but that litigation casts a cloud over a lot of our activities."

## Licensing Challenge

"Also, many local TV stations are challenging our licensing system; and, until the court decides the case, they have petitioned the court to reduce our income by 80%. If they are successful with that interim request, I'm guessing it would result in a 30% drop in our income overall.

"In the meantime, as a temporary measure before they even decide this interim question, both BMI and our competitor agreed to hold 20% of the funds in escrow for a limited period of time.

"The combination of the 20% in escrow and the threat of an 80% total reduction means that in all honesty I cannot give you a prediction for the coming year."

Turning to another area affecting writer and publisher income, Cramer maintains that implementation of the new Copyright Act has not proven to be the bonanza that many involved in performing rights had predicted.

## Minimal Impact

He claims that to date income from users exempted under the old statute — jukebox operators, national public radio, colleges and universities and cable TV — has been "minimal" and that monitoring compliance with the new law has been an administrative headache.

"Under the new law, I don't think that our income from all sources will increase by more than 3%," says Cramer.

**INFINITY ATTAINS NEW PLATEAU** — Infinity Records signed a long-term production/label distribution deal with Eddie O'Loughlin's New York-based Plateau Records. Under the worldwide agreement, Plateau will produce contemporary music acts and Infinity will manufacture, market and distribute their records. O'Loughlin most recently served as executive vice president of Midsong International Records. Lou DeBiase will be in charge of Plateau's administration and business affairs. First product from Plateau is expected this fall. Shown after the signing are (l-r): Barry Reiss, Infinity sr. vice president for administration and business affairs; Lou DeBiase; Eddie O'Loughlin; and Ron Alexenburg, Infinity president; and Stu Silfen, Plateau attorney.

# Lifesong Exits CBS, Citing Internal Changes As Reason

(continued from page 7)

Sky, Dion, Henry Gross, and Dean Friedman."

Soon after, he said, Ron Alexenburg, who had brought Lifesong to the CBS fold, departed CBS to form Infinity Records, and "the game plan he had framed for us was not executed." Alexenburg's move, in conjunction with the strike at the CBS Pitman plant, "hurt us a lot more than it did them," West said. "We just could not afford to wait around without any tangible success.

The Lifesong executives also pointed to the unique character of their roster and its dissimilarity from other CBS associated labels as one reason why the partnership did not prosper. "Outside of Philadelphia International, we had the biggest roster for an associated label," said Cashman. "But, unlike the other associated labels, which were composed of rock bands, most of our artists were singer-songwriters, and it seemed that their music did not get the kind of attention or follow-through that we had hoped for."

As an independent, he commented, "we put out product and there was no time limit that we had to give ourselves. We could spend months promoting a record. For example, eight months after we released 'Ariel' by Friedman, there was a station in San Diego that added the record. Ironically, if we had had the support of a major company at the time, the record might have

reached Top Five. We certainly had our own economic pressures, but we looked at each artist with long-term plans. From a business point of view, however, it was difficult to outmarket the giants, and as we've seen in the past three years, the tendency has been to consolidate."

## New Signings

Kurnit reflected that one of the most positive developments to have emerged from the company's affiliation with CBS was the signing of Gail Davies to Lifesong and Ed Bruce to Cashwest Productions. "These artists have given us another avenue of exploration," he observed. "This is especially significant since the country music audience gives an artist the opportunity to musically develop over a long period of time. Its listeners are older and not as volatile as the pop audience. Davies, in particular, has real pop crossover potential."

With completed album product by Kahle, Dion, Cross, George, and the Rulers (who are signed to Cashwest) in hand, West concluded that "our greatest concern at this moment is to avoid lumping our artists together. We're determined that, as an associated label with a major company, it's impossible to maintain a diverse roster and still remain viable.

"Our mission as producers is to surround ourselves with artists that stand for something, and we want those qualities to be reflected in our artist roster."

# NAB Proposing Receiver Rules

WASHINGTON, D.C. — Consumers may one day be able to compare electrical performance standards of AM and FM radio receivers before making a purchase if a National Association of Broadcasters proposal is adopted.

At a meeting during the Electronic Industries Association's Consumer Electronics Show in Chicago last week, NAB proposed a program to encourage design improvements in radios. "Manufacturers should submit tests to NAB or to an independent laboratory," said NAB board chairman Donald Thurston. "Then, if the radio meets the standard, NAB would give the go-ahead for the manufacturer to attach a seal signifying compliance. Three grades of performance are proposed — not necessarily good, better and best, but just A, B, and C."

NAB claims the monitoring of radio receiver standards could benefit manufacturers and broadcasters as well as consumers. "The NAB seal on a radio would assure the purchaser of quality and would prove invaluable in advertising and marketing," according to Thurston.

# AFM Ratifies Pact With Ad Agencies

NEW YORK — The American Federation of Musicians has approved a new two-year television and radio commercials pact by a vote of 1,166 to 93. The margin affirms the settlement reached in April between the AFM and the Joint Policy Committee of the Association of National Advertisers and the American Association of Advertising Agencies.

The agreement, which is retroactive to May 1, gives instrumentalists and music preparation members a 12% wage increase, as well as an improved re-use rate.

Federation members have also ratified a separate two-year agreement with Canadian advertising advertisers and agencies, covering the use of commercials broadcast in Canada and performed by Canadian musicians.

AFM members also approved the establishment of a joint industry-union committee to study the possibility of changes in future contracts for the production of local and retail commercial announcements in an attempt to regain some of the work that has been lost to "jingle mills," according to a union spokesman.

**HANCOCK PLAYS IN MINGUS TRIBUTE AT BERKELEY** — CBS recording artist Herbie Hancock played with Joni Mitchell, Tony Williams and others in "A Tribute To Charlie Mingus" at UC Berkeley's Greek Theatre. In honor of the late jazz great, the performers donated their concert fees to Bread & Roses, the non-profit community service organization that takes entertainment to people who are institutionalized. Pictured from (l-r) are: Joni Mitchell; Mimi Farina, Bread & Roses founder; Herbie Hancock; and Tony Meilandt, UC Jazz Festival talent coordinator.

## THE RHYTHM SECTION

**SWEET INSPIRATION TOUR WITH BEE GEES** — RSO recording group Sweet Inspiration will open for the Bee Gees during their 38-city concert tour. The trio's debut album for the label, entitled "Hot Butterfly" is scheduled for release in July.

**RADIO ACTIVITY** — Maxx Fortune, who recently returned to WDIA after being let go over a conflict of interest disagreement, has resigned his position from that station. After spending only a few weeks on the air, he decided to return to the business he started when he initially left the station. . . Steve Crumbley, most recently PD at WORL in Orlando started this week as PD at WILD in Boston, replacing Elliot Frances.

**PROGRAMMERS PROFILE** — Robert L. Scott, program director at KYAC in Seattle is an 11-year radio veteran at 25. Scott got his first on air position at the University of Washington on KUOW. He recalls his initial interest in radio and says, "I have always been interested in radio, I remember listening to KZAM (the first black-formatted station in Seattle) and thinking I would like to do that." Relaying his interest to a counselor at his high school, the counselor set up his interview at the University, and also introduced him to the people at KYAC, where he did spots for the station during the same period he worked at KUOW. The day he turned 15, Frank Barrow, the program director of KYAC, gave Scott a position during the summer and weekends during the school year. When Scott graduated from high school, he became the morning man at KYAC. At 19, Scott left the station to work at the MOR-formatted KOMO.

Robert L. Scott

After his stint at KOMO, he spent two years at KJR, the city's top rocker in the mid-day slot. In 1975, Scott went back to KYAC, this time as its program director/music director. Though Scott is certainly at home doing a radio show, he says he most enjoys working on projects that make the company as a whole operate more efficiently. "Last year was our biggest year financially and the upcoming rating period should prove to be our best. The most fulfilling thing is to have the total backing from the management at my company, which in turn allows me to do the best possible job. With the support of management, I hope to get even more involved in operations at the station, and to make it the most smoothly running operation possible."

**ARTISTS' ACTIVITY** — Motown Records recently held a celebration to present Rick James a platinum LP for "Bustin' Out of L Seven." The party was held in Los Angeles at the Calamigos Ranch in Ventura County, and was also a kick-off celebration for James' national tour, starting at the Kool Jazz Festival in San Diego. . . Dionne Warwick will perform at the "American Salute To The Astronauts" to be held July 11-14 at the Dunes Hotel

# DISCO BREAKS

(continued from page 42)

most popular and gaudily decorated (Gay Nineties) disco on May 29. The public party was preceded by a private cocktail party for Ms. Staton chez **Richard Cook**. . . **BADDA DJs George Ferren, Bob Miro and Michael Karp** all disc at San Francisco's hot new after-hours bar, **Studio West**, which opened May 31 with round-the-block and up-the-alley lines. One of only two after-hours bars in the Bay Area, Studio West is open til 6 a.m. Thursdays through Sundays with free brunches on Sundays. . . Arista's **Audrey Joseph** will be in attendance at the June 9 **Disco DJ Electric Canary and Northwest Record Pool** Disco Awards Banquet. Says Joseph, "We want to give impetus to areas like Seattle which are trying to establish themselves." Two days after that, the peripatetic promoter breezes through L.A. clubs **Oskos, Probe, Circus Disco** and **Studio One** with Arista artist **Harvey Mason** whose 12" "Groovin' You" has just been let loose from his LP "Harvey Mason, The Mase". . . The **New Jersey Record Center**, which services North and Central Jersey, has changed its name to the **Garden State Record Pool** and moved to a new building. Vows mobile record **DJ George Rodriguez** of the pool, "We're going to put New Jersey on the disco map and make people think of our service area as part of the New York disco scene." **Savannah** opened last Saturday in East Rutherford, with guests requested to wear suits and ties! On Sunday, **Creations** in West Orange is usually packed with more than a thousand discoing patrons.

**DISCO BALLAD** — Up till now, after you had done about the equivalent of a six-mile jog, dancing at the disco, the only way to recuperate was to retire on the sidelines. Versatile composer, writer, producer and Dynamic Artists Records president **Joe Carter** of Richmond, Va., has come up with an alternative to passing out at the bar after 45 minutes of non-stop boogieing. His "Disco Ballad" by recording group **Starfire** is danceable, but very slow and allows tired discoers to fall into each others arms, instead of on the floor. Also known as "Love You One More Time," the ballad is getting a lot of radio airplay and attention at discos. Carter reports.

**NEW COMPETITION IN THE DOLLY PARTON CROSSOVER SWEEPSTAKES** — Rumor has it that **Marc Kreiner** and **Tom Cossie** of Ocean Records have signed **Raquel Welch** to the Ocean/Ariola label and that the current Vegas and erstwhile film star will be produced by **Paul Sabu**, who also produced **Debbie Jacobs** ("Undercover Lover") for MCA Records.

**RUMOR HAS IT, PART II** — **Cash Box** cub reporter, Rumor, reports that **Marc Paul Simon** sealed a partnership pact with Casablanca president **Neil Bogart**, involving a new and as yet unnamed label.

**THIS IS NOT A RUMOR** — It's a scoop. **Donn Warshow** has left his post as national disco coordinator at MCA to join MK Productions. Donn has a Masters degree in psychology, which he says helps in this business.

**VIVE LA FRANCE** — Prelude Records has just signed Montreal's pretty 16-year-old, **France Joli**. Her 12" "Come to Me" should be out in two weeks with the optimistically titled LP "Platinum" following shortly. Despite her youth, Joli has a mature, powerful voice, reminiscent of **Donna Summer's**, according to Prelude's **Starr Arning**. **Tony Green** will produce.

**COMING SOON TO YOUR NEIGHBORHOOD DISCO** — On the Montage label **Flower** has her new "Heat" LP due out. **Rozalin Wood**, who used to do back up for **Dr. John**, bows on A&M with a 12" "Whatcha Gonna Do About It?" with an as yet untitled album to follow. . .

**Mavis Staples** of the **Staples Singers** breaks loose with her Warner/RFC "On Sale" 12" . . . The West End label has a new disco promoter, **Ken Richards**, who recently received a Masters degree in popular culture from Temple University. His thesis was on discos and disco music! **Ednah Holt & Star Luv** will be out on West End with a 12" of "People Come Dance With Me" . . . The title track from **Sylvester's** "Stars" LP breaks loose as a 12" this week, along with "Moton Review" by **Philly Cream**. . . AVI's "El Coco" will bring out a 12" "Dance Man/Exciter" with the LP coming in the fall. . . "Keep Those Lovers Dancin'" by the **Saturday Night Band** will be released simultaneously as an LP and two 12 inchers. The same combo will be used for **U.N.'s** "Hot Lover." **Steve Schaffer** and **Ray Martinez** will collaborate on an album in the near future. **Boris Midney's** "Holocaust" LP is also planned on Prelude, whose promotion department recently had an addition of one **Bert Bevans**, formerly a DJ at **New York, New York**. . . **Debbie Jacobs**'s LP "Undercover Lover" is being rush released by MCA because of the unexpected popularity of the same-titled LP's flip side, "Don't You Want My Love?" . . . Polydor reports that after a "seven-week drought," the label has a deluge of releases, some of which include **Alton McClain & Destiny's** 12" "Crazy Love" from the self-titled LP, **Roy Ayer's** single, "Love Will Bring Us Back Together," followed by the "Fever" LP in two weeks. In mid-June look for **James Brown's** "Original Disco Man" album and **Tomika Jones'** 12" "Can't Live Without Your Love" the next month. . . Inphasion's **Randy Sills** does the remix on the **Wonderland Band's** "Wonderwoman" LP. . . Keylock Records at the end of June will debut the 12" "Hot Blood/Hot Natured Woman."

# JAZZ

## ON JAZZ

**THE FESTIVAL PARADE** — Playboy Magazine editor and publisher **Hugh M. Hefner** serves as grand marshal for the Playboy Jazz Festival Parade June 10, which marks the official beginning of a week-long series of activities culminating in the two-day (June 15 and 16) musical extravaganza at the Hollywood Bowl. The parade, hosted by the Hollywood Chamber of Commerce, begins at 1:00 p.m. when Hollywood Boulevard changes to Playboy jazz festival Boulevard at Vine Street. Master of ceremonies **Marlo Machado** narrates the parade and conducts celebrity interviews. Immediately following the parade is a free jazz concert at Cherokee Street, featuring the **Bonnie Janofsky-Roz Crone Big Band**. Other Playboy Jazz Festival week activities include **Arnie Attell's** June 9 performance at the Santa Monica Pier; an art show at the Arco Plaza in downtown Los Angeles featuring festival art created by students of Los Angeles City College on June 11; a Jazz Film Night at the Santa Monica Twin, also on June 11; a **Harold Land** concert on June 12 at the ABC Entertainment Center in Century City, with a live broadcast on radio KKGQ; a June 13 concert at the Bob Hope USO by the **Air Force Jazz West**, and repeat performances by Land and Attell on the afternoons of June 14 and 15. All of this, of course, is just a warm up for Friday and Saturday evenings' Hollywood Bowl shows featuring an unparalleled parade of talent, including **Benny Goodman, Count Basie, Sarah Vaughn, Joe Williams, Harold Land, Joni Mitchell, Lionel Hampton, Chick Corea, Herbie Hancock, Flora Purim, Willie Bobo, Art Blakey, Ray Brown, Dizzy Gillespie, Stan Getz, Dexter Gordon, Freddie Hubbard, Gerry Mulligan** and **Weather Report**. Whew! . . . A final note on the Playboy bash: KKGQ is sponsoring a festival contest wherein listeners are requested to describe in 25 words or less why they like jazz and listen to KKGQ. Prizes include a \$150 dinner for two at the L.A. Playboy Club, tickets to the festival, a festival souvenir program and a one-year subscription to Playboy. . . . As the jazz festival season approaches, mention should be made of the Northsea Jazz Festival in The Hague, Netherlands. This is the largest festival anywhere, with approximately 100 concerts during the three days (July 13, 14 & 15) in seven different halls, continuously and simultaneously. In addition, there are ten hours a day of jazz films and a jazz shopping center exhibiting books, records, magazines and musical instruments and jazz video shows in the lobbies of the halls which also run ten hours a day. To give an example of what happens at Northsea, consider that the following artists are all scheduled for July 13 in shows that run from 6 p.m.-4 a.m.: **Count Basie Orchestra, Ella Fitzgerald** and the **Paul Smith Trio, Grover Washington Jr., Monty Alexander Trio, David Murray Big Band, Chet Baker Quartet, Jabbo Smith** and the **New Orleans Joymakers, Archie Shepp** and **Sam Rivers, Luther Allison Blues Band, Buck Clayton, Dollar Brand** and his **African Orchestra, the LA Four, Herb Ellis, Ross Tompkins, Snooky Young-Marshall Royal, the Concord Super Band with Scott Hamilton** and **Warren Vache, Fraser McPherson, Ed Bickert, Salome Bey, the Canadian Jazz Sextet, Willie Bobo, Pharoah Sanders, Cousin Joe**, six local Dutch groups and three more groups to be announced. And you thought Newport was a big deal. . . . Of course, the Newport Jazz Festival is now in New York. But jazz in Newport is not dead, as witness the schedule for Newport Jazz '79, which includes **Maynard Ferguson, Joe Williams** and **Anita O'Day** on June 30; **Stan Getz** and **Carmen McRae** on July 1; **Mel Torme, Buddy Rich, Phil Woods** and **B.B. King** on July 2 and **Ronnie Laws, Gerry Mulligan, Stanley Turrentine** and **Roy Ayers** for July 3. And this is only a partial listing. . . . The Atlantic City Festival, set for July 6, 7, & 8, will feature **Nancy Wilson, Ray Charles, Sarah Vaughan, Art Blakey, McCoy Tyner, Freddie Hubbard, Betty Carter** and many others. A special afternoon show on July 7 will feature **Earl Hines, Billy Eckstine, Gerry Mulligan, Anita O'Day** and **Damita Jo**.

**MORE LIVE JAZZ** — **Abbey Lincoln** will be at the Beacon Theatre for her first concert in New York in more than ten years on June 27. Her latest LP is "People In Me" on Inner City. . . . Another Inner City group, **Dry Jack**, will be at The Jazz Emporium on June 15 & 16. "Sweet and Lovely" is the title of the latest from Classic Jazz by **Eddie "Lockjaw" Davis**.

## JAZZ ALBUM PICKS

**PARADE** — Ron Carter — Milestone Records M-9088 — Producer: Ron Carter — List: 7.98

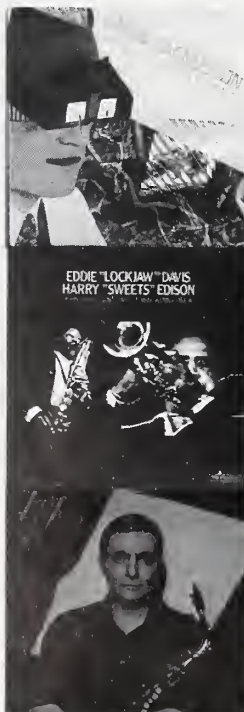

This is mainstream jazz at its best. Backed by a trio that includes Chick Corea on piano, Joe Henderson on tenor and Tony Williams on drums, Carter is impressive. Playing both the standard string bass and a piccolo bass, Carter leads the group through a series of cuts that can be listened to all night. Top cuts, also featuring a smooth interplay between Henderson and Corea, are "Parade" and the hot "Tinderbox."

**LIVE AT RICK'S** — Al Grey-Jimmy Forrest — Aviva 6002 — Producer: Jerry Valburn — List: 7.98

Grey and Forrest are a dynamite team, and this live session captures them at their very best. Shirley Scott adds a good deal on piano, and the rhythm is solid throughout. Outstanding here are "Salty Papa" and "The Jumpin' Blues." Trombone-tenor combos don't come any better than this!

**FUTURE TALK** — Urszula Dudziak — Inner City 1066 — Producer: Michal Urbanlak — List: 7.98

This is a most unusual album in that the group is headed by a singer, but there are no words on any of the cuts! Instead, Dudziak is dazzling with her electrified scatting and her expert fusion band, headed by electric violinist Michal Urbaniak. Top cuts are the lively "Kasia's Dance" and "Roxanna," the rather gothic rendition of "Chorale For One," and the title cut, a voice-only solo by Dudziak.

**SPECIAL TREATMENT** — Jakob Magnusson — Warner Bros. BSK 3324 — Producers: Jakob Magnusson & Henry Levy — List: 7.98

Magnusson's first record, this LP features a fine lineup of European-style, electrified jazz fusion cuts. Showcasing Magnusson's work on keyboards, the LP includes some acoustic work in addition to electrified numbers. Highlights are the clean "Magnetic Storm," the mellow "Burlesque In Barcelona" and the lively "Porky." Most interesting cut is "Say, Fool!," a haunting, and wispy, yet vital cut.

**EDDIE "LOCKJAW" DAVIS-HARRY "SWEETS" EDISON** — Storyville 400 — Producer: Ole Matthiessen — List: 7.98

A couple of veterans in top notch form, recorded in Denmark three years ago. A pair of ballads and four jazz classics make up the program, while the rhythm, featuring veteran Kenny Drew on piano, is first rate. Hear "Lester Leaps In" or "Spotlite" to hear this band at their smokin' best!

**TODAY** — Art Pepper — Galaxy 5119 — Producer: Ed Michel — List: 7.98

Art Pepper gives the lie to the idea that jazz is a young man's music. He is now in his fifties, and he is playing much better than he has for many years. This quartet date with four originals and two standards is one of the finest records he has ever made. All cuts are outstanding and airplayable. A knockout!

**CITY OF HOPE HONORS BRUCE LUNDVALL** — CBS Records division president Bruce Lundvall received the City of Hope National Medical Center's "Spirit of Life" Award May 31 at the Beverly Hilton Hotel in Beverly Hills. A research fellowship in Lundvall's name has also been established at the Center. Pictured in the top row are (l-r): Walter Yetnikoff, president, CBS Records Group; Maurice White, president, ARC Records; Lundvall;

Columbia artist Crystal Gayle, who performed at the banquet; Lundvall; Mrs. Lundvall. Pictured in the bottom row are (l-r): Clive Davis, president, Arista Records, last year's recipient; Lundvall; Joe Smith, chairman of the board, Elektra/Asylum Records and chairman of the dinner; Lundvall and Andy Williams. The dinner was the Center's largest music industry event to date.

## Local Community Opposition Leaves Proposed Rock Fests In Some Doubt

(continued from page 7)

they plan to resubmit a permit application. "We're trying to come to an agreement on capacity," Franklin said. "That's the reason we've held back on filing. We did not want to go in there and get turned down and be out totally."

David Kaufman, chairman of the Sullivan County board of supervisors, commented, "The last time this matter was discussed before the board, the consensus of opinion was it would have to be an amount well below 100,000."

### Wants "Permanency"

Kaufman added that the board would stress two other major concerns, namely "that the application contain sufficient information to indicate the festival would be properly run," and Kaufman said, that "the community be guaranteed that we go back to the original concept of a Tanglewood type of situation, where there is a guarantee of permanency of two or three concerts a summer. This is the kind of thing that we would be very much interested in."

Murray Posner, president of the Catskill Resort Association, said that his organization remained opposed to a festival in Sullivan County. Posner said the festival, which is scheduled for August 24-26, would be a "financial disaster" for the resorts in the area because of the large crowds and traffic

## Atlanta Rhythm Section Headlines Music Fest

LOS ANGELES — The Atlanta Rhythm Section will headline the 1979 Champagne Jam to be held July 7 at Grant Field in Atlanta, announced concert promoter Alex Cooley. Also appearing on the bill will be Aerosmith, The Cars, Mose Jones and several groups to be announced.

tie-ups he said were expected to materialize.

Posner was skeptical that the board of supervisors would grant a permit, no matter what figures were submitted by the festival promoters. He cited the original announcement of a medium-scale Tanglewood type arrangement by the promoters, which then ballooned to estimates of a 250,000 person festival. "People felt they were duped," Posner said, "We're also aware that this is the 10th anniversary of Woodstock and that this appears to be an attempt to capitalize on the fact of the anniversary."

The Sullivan County board of supervisors will meet Monday, June 11, but as of Thursday night (7), the board had not received a resubmission for a festival permit.

## E/A To Release 7 LPs In June

LOS ANGELES — Elektra/Asylum Records has set seven albums for release in June. Already released is Carly Simon's ninth album, entitled "Spy," produced by Arif Mardin.

Scheduled for June 13 shipping is The Cars' second LP, "Candy-O," produced by Roy Thomas Baker as well as Louise Goffin's debut album "Kid Blue," produced by Daniel Kortchmar; Joni Mitchell's tenth album, "Mingus," a tribute to the late Charlie Mingus, co-produced by Henry Lewy and Mitchell; Voyager's debut LP, "Halfway Hotel," produced by Gus Dudgeon; and Aquarian Dream's second album, "Chance To Dance," produced by Jeff Lane.

Shipping June 27 will be a two-record live set from Queen, "Live Killers." The set was self-produced.

## Laser Light Danger Is Not Being Adequately Studied

(continued from page 7)

spokesman said, "We're not into it at all."

But, if medical officials have been negligent about researching this hazardous situation, then government officials have been even more remiss in their duty to police the growing ranks of amateur builders and operators of laser light systems. According to Jeff Hecht, editor of *Laser Focus*, the trade publication for the laser light industry, "the authority of the BRH seems limited to checking out the construction of laser light equipment, not for the operation of it. I don't know that they are addressing the real problems of this industry, which is in a state of flux. We do an annual financial review, and we project that in 1979, laser equipment for light shows will be a \$2 million business, representing an increase of 100% from 1978. There's even some kid across the street from us who is at this moment building a laser light system."

### Ineffectual Agency?

Even if the BRH is operating as a regulatory agency only, it is ineffectual in that capacity, according to Hecht. "What people are doing is throwing paperwork at the paperwork machine," he added.

This feeling is shared by Dick Van Schoyck, director of operations for the Columbus, Ohio-based Laser Presentation. "One of the few places you can count on for a followup by the BRH is in Washington, D.C., which is more or less their backyard," he noted.

### Light Exceeds Limits

Still another area of the BRH's laxness, according to Van Schoyck, is in its processing of applications by laser light manufacturers for what is called a "variance." This is an application submitted by the manufacturer for a laser light that exceeds the limits

of the BRH's regulations, but is permitted if it conforms to safety regulations that offset the laser's danger.

### Applications Unprocessed

"We have had applications in on some installations that have not been processed after two years," said Van Schoyck. "This can be especially useless for a one-night light show used at a rock concert, wherein the concert can be over and done with by the time the application for the variance is processed."

## GAO Report Backs Permanent Radio Licenses

(continued from page 7)

enact laws to enable the commission to act on this point.

GAO argued in favor of making public the FCC's financial reports of broadcasters. Consumer activists have argued for disclosure of the confidential financial reports, which broadcasters claim contain competitive information.

"The FCC should collect and publish information on the ownership of radio and TV stations nationally," GAO suggested. Ownership of broadcast facilities by racial minorities would be part of the data collected.

And some alternatives for the equal time law and the Fairness Doctrine — both of which are due to be abolished under the bills before Congress — should be considered, according to GAO. FCC should be given flexibility to try out some alternatives, the report urged.

The GAO study was undertaken on the agency's own initiative.

# LATIN

## LATIN BEAT

Ralph Mercado and Ray Aviles (Rainbow Productions, Inc.) will present international singing star, **Julio Iglesias**, in his annual concert appearance at Madison Square Garden June 16. He will be the sole performer that night.

The favorite of millions in Latin America and throughout the world, Julio will soon be seen in the musical film, "Todos Los Dias Un Dia" ("Everyday, One Day").

Over a period of years, Julio has sold well over fifteen million albums. During 1978, his first year with CBS Records, the company has had two albums released, "A Mis 33 Anos" in Spanish, entitled "Aimer La Vie" in French, and "Sono Un Pirata, Son Un Signore" in Italian. His latest album, "Emociones," has gone platinum in most Latin American countries where it was released in November 1978.

Julio speaks five languages fluently, including Spanish, French, English, German, and Italian. He can also speak some Portuguese and has recorded songs in all these languages.

A dispute between Puerto Rico Symphony musicians and the organizers of the island's annual Festival Casals has caused cancellation of the 1979 event. Local players were miffed over lack of involvement in decision making and the participation of the St. Paul Chamber Orchestra. Inclusion of the U.S. group reduces work for the locals which is counter to Casals' original intent for the festival, it's charged. The 23-year-old event was to have begun June 1.

Latin Percussion Ventures, Inc. is releasing its latest album featuring **Carlos "Patato" Valdez, Tito Puente and Johnny Rodriguez, Jr.** in a jam session environment. These are men who have written the book on Latin rhythm and their appearance together on one album will forever be regarded as a broad step in the documentation of the art of Latin rhythm as derived from Cuba. Patato is a man who invites even the challenge of performing Japanese music. It has been said that you cannot be a good contemporary drummer without hav-

ing a firm Latin rhythm foundation. All those aspiring young drummers reaching for professional success are ultimate customers for this fine album.

Also being released on Latin Percussion Ventures is an album entitled "Dandy's Dandy, A Latin Affair," produced by **Johnny Rodriguez, Jr.**, featuring N.Y.'s top studio musicians. This album is a general cross-section of Latin music from typical tunes to salsa.

**Casanova Y Montuno** recently returned from a successful engagement in Curacao . . . **Machito** and guest star **Joe Cuba** successfully finished a western tour with stops in Berkeley and San Diego . . . **Cuco Valoy** has completed a six-day Colombia tour and will soon be in New York . . . **The Lebron Brothers** have been booked in Colombia for the month of August . . . "Benditos Besos," from the new Fuerza Latina band, is climbing the charts.

The 5th annual Latin N.Y. Music and Entertainment Awards will be held this year on July 8 at Avery Fisher Hall. **Tito Puente** and his orchestra will perform throughout the event and accompany the winning vocalists. Also scheduled are a charanga jam session and guest appearances by the winners of the 1979 Music Poll. There are 500 special VIP orchestra seats which will sell for \$15 and will include free admission to a party which follows at the Maganette. These tickets will be available on a first come, first serve basis, so order yours now.

Fania Records is releasing a live album by **Ray Barretto** consisting of material recorded at Ray's Beacon Theater concert in May, 1976. These are sides not previously released on Ray's Atlantic album "Tomorrow-Barretto Live." This particular album will feature the voices of **Adalberto Santiago** and **Tito Allen**. The songs are familiar to Barretto fans who should appreciate the live versions of "Ay No," "Indestructible," "Mirame de Frente," "Hipocresia Y Falsedad," "Alma Con Alma," and "Quitate La Mascara." The name of the album is simply "Gracias."

## LATIN PICKS

### SUPER SALSA — Luis Perico Ortiz — New Generation Records — Producer: Luis Ortiz

Superstar Luis Perico Ortiz debuts on the New Generation label. The most interesting thing about this album is the vocals of Raphael De Jesus. Perico lays his own brand of brass arrangements mixed sporadically with delightful string chords which makes "Julian del Valle" one of the best songs on this album. The highlight of this LP is Perico's beautiful trumpet solo on "El Dia Que Mi Quieras." Other choice cuts are "Julian Del Valle," "Camaron," "Alabao" and "Como Vivo Yo."

### BORINQUEN DISCO PARTY 1980 — Latinum Records — Producer: Titi Sotto

This is a first for Puerto Rico. This album consists of Puerto Rican traditional folk music mixed with Latin disco. The string section blends beautifully with the songs on this album. Background vocals are superb. Most of the songs are Puerto Rican standards of yesteryear. Special credits should be given to the New Yorkican sound wave orchestra and the vocals of the 1980 Sugar Birds. A must in all Latin stores.

### ANAME — Manolo Galvan — Microfon-Lms-76126 — Producer: Luis Cobos

Argentine singer Manolo Galvan is outstanding on this album of love songs and soft rock. His voice is great, backed by excellent orchestrations. Recording was done well in Argentina. The best selections are: "Solo Pienso En Ti," "Adios," "Matame," "Vuelve Tu Cabeza Atras," "Tanto Amor," "Te Da Verguenza," "Mi Ultimo Adios" and "Eres El Amor."

## New Government May Aid Canadian Recording Industry

by Kirk LaPointe

OTTAWA — The results of the Canadian federal elections that saw the 11-year reign of Prime Minister Pierre Trudeau's Liberal Party come to an end, may bring good tidings for the nation's music industry.

The Progressive Conservative (PC) party will now lead the nation with a minority government; but more importantly for the music industry, David McDonald, music's strongest supporter in Parliament, was appointed Communications Minister in PC leader Joe Clark's new Cabinet.

### House Of Commons Speech

The PCs have proposed change in almost all areas of government activity, one of which has been culture. In a speech he gave to the House of Commons last year, McDonald suggested incentives for independent record producers, thus granting them parity with Canadian filmmakers, who are already supported by capital cost allowances.

Brian Robertson, president of the Canadian Recording Industry Assn. (CRIA), told **Cash Box** that he has already talked with McDonald since the election and found that the PCs are still in full support of implementing the six-point cultural program outlined late last year in the House of Commons.

"For the first time, we're optimistic about working with the government," says Robertson. "In the past, it's always been felt that the record industry was something other than culture. But McDonald has shown a great deal of interest in our efforts. We hope we'll get some sort of tax incentive for record producers in this country. They remain totally supportive."

Earl Rosen, executive secretary for the Canadian Independent Record Producers'

Assn. (CIRPA), says a capital cost allowance would bring "a lot of money" into the field of independent production in Canada.

"We've submitted under-the-table briefs to both the PCs and Liberals (the two most prominent parties in Canadian politics), and in general, we've said that we endorse government non-interference in the record production field. The third point of McDonald's cultural policy (in reference to capital cost allowance), we support.

"But we're not too optimistic about the establishment of bureaucracies to oversee our business. For that reason, we are not too excited about proposals for guaranteed loans. That puts control into the hands of people other than ourselves. They'll be making decisions on who gets a loan and who doesn't."

Potentially, the capital cost allowance, which would exclude assisting major record companies, could "be a huge boom" for the Canadian producer, says Rosen.

"First of all, there'll likely be a flood of producers recording anything and everything," he says. "Then, there will be selectivity, and a leveling out of production, more in line with what the market will take. Likely, there'll be a lot of leasing of masters to record companies, who will do less A&R work in Canada," Rosen predicts. "And, most likely, smaller independent labels will concentrate more on marketing and promotion, after leasing masters from independent producers."

### Executive Production Opens

Rosen also says it will likely open up the area of executive production, where one person will obtain massive financing, then contract a half dozen or so independent producers to work for him.

CIRPA represents 80-85 independent producers in this country, and Rosen says all of them could benefit from capital cost allowance. Robertson and CRIA, meanwhile, represent 95 percent of the record company business in the country. They'll be chasing tax incentives. Both hope they get what they're after.

### More Cohesive Dialogue

"I feel that we'll now be able to engage in more cohesive dialogue with the federal government," Robertson said of the results of the election. "The PCs have always been thoughtful of incentive for investment programs."

Although Rosen doubts CRIA will get what they want, he says CIRPA will probably get a revision to the Income Tax regulations in the first Tory budget, likely to be submitted in the fall.

**BUENOS AIRES** — CBS arranged a cocktail party to honor British guitar player **John McLaughlin**, who is visiting Buenos Aires as part of a tour of South America with Brazilian artist **Egberto Gismonti**. McLaughlin offered two shows at the Luna Park stadium with strong box office support.

Brazilian artist **Peninha**, recording in Spanish for PolyGram and released here by Phonogram, has been appearing on TV in Buenos Aires to promote his hit single "Suenos." **Luis Alberto Ferri**, of the Latin American department of the Brazilian diskery, came with him . . . RCA's **Ruddy McCuskey**, on the other hand, jetted to Sao Paulo to record the Spanish version of "Cara a Cara," the **Antonio Marcos** single that is being spotlighted at the *Bandeirantes* soap opera program on these days. The record will be rush-released in Argentina.

**Alfio Moretto** of Brazilian Copacabana is also in Buenos Aires. Besides its huge catalog, Copacabana is a producer of cassettes and supplier of parts. At this moment, there is good export potential for its product in Argentina, Uruguay and Chile.

EMI is hosting a "Tango Party" at the Cano 14 nitery, featuring the latest releases by artists **Oswaldo Pugliese**, **Guillermo Fernandez** and **Sexteto Mayor**. The idea is to consider June as the "Month of Tango," since it is the anniversary of the untimely death of **Carlos Gardel** in 1935 . . . American Recording S.A. has announced the signing of several foreign contracts with labels that will be represented by this independent diskery. The product will be released in the near future and names of

the labels will be unveiled shortly.

Microfon has signed group **Les Luthiers** to an exclusive contract. **MELBOURNE** — Promoter **Gary Van Egmond** says he'll take legal action against **Joe Cocker** over cancellation of a scheduled tour of Australia. Cocker cancelled nine days before the tour was to begin, reportedly telling Van Egmond that his backup group, **The American Standard Band**, had made itself unavailable for the trip. Apart from having to refund tickets already sold, it's believed that Van Egmond also lost some venue deposits. Shortly before leaving Australia to negotiate further tours by other acts, Van Egmond said he'd put the Cocker matter "in the hands of my solicitors."

**Blondie's** "Heart Of Glass" has attained Platinum status, with sales over 100,000 units. Spending five weeks at the top of the charts, "Heart Of Glass" appears ready to become the biggest selling single in the history of Festival Records, the group's local distributor. Festival's most successful single to date has been "The Ranger's Waltz," by **The Moms and Dads**, which sold 135,000 copies.

Although signed to Capricorn Records in the USA, expatriate Australian **Billy Thorpe's** album "Children Of The Sun," will be released locally by Festival . . . CBS

## Gilbert O'Sullivan Files Action With Court Against Ex-Manager And Label

by Nick Underwood

LONDON — Singer Gilbert O'Sullivan has filed court proceedings against several companies within the MAM organization and his ex-manager, Gordon Mills, alleging various actions regarding career guidance and management that ultimately led the singer into unfair or unreasonable situations.

Acting for O'Sullivan, the law firm of Amhurst, Brown, Martin & Nicholson said that these legal proceedings will raise important questions regarding the relationship between popular song writers and recording artists on one hand, and their managers and record companies on the other.

### 'Breach of Contract'

The proceedings against Mills, who is also chairman of the MAM organization, allege a breach of contract regarding his responsibilities as O'Sullivan's manager.

## Nippon-Columbia Discs Report Record Earnings

TOKYO — Nippon-Columbia, a diversified company with interests in recording product and audio equipment, reported earnings of 56 billion yen (\$257.7 million) for the fiscal year ending March 20, 1979, up 11.3% from 1977-78. Net profits after taxes reached 2 billion yen (\$9.6 million), up 87.8% from 1977-78.

Nippon-Columbia's record division reported sales revenues of 22.8 billion yen (\$104.9 million), up 15% over last year and a new high for the division. The record division accounted for 41% of Nippon-Columbia's revenues for 1977-78.

O'Sullivan contends that Mills failed to properly guide, advise and promote the singer's career.

Had the proper career guidance and advice been given, O'Sullivan further contends, various contracts entered by him or on his behalf would never have been finalized, since they were not fair or reasonable or in his best interests.

### No Joint Publishing

O'Sullivan also claims that Mills had failed to obtain a joint publishing agreement, and that Mills charged him 5,000 pounds per year for the salary of a MAM employee to carry out managerial services. Mills, at the time, was also being paid the usual manager's commission on all of O'Sullivan's earnings.

Mills has been living in the USA since 1976.

### Complicated Action

The action, which covers contractual arrangements made during most of O'Sullivan's career, is a large and complicated one, reflected by the fact that the statement of claim is 67 pages.

Further court dates were unavailable at press time.

TORONTO — Ex-Orleans vocalist **John Hall** was in town to play two nights at the El Mocambo, and spoke with **Cash Box** about his increasing commitment to anti-nuclear power activism. Of support for his cause, Hall said, "It's a desperate battle, but not a losing one. I sensed, even before Harrisburg (and the Three Mile Island breakdown) that we were turning the corner on getting people involved. The demonstration at the White House recently bore out our feelings." Hall was vacationing when the Harrisburg disaster took place. "Originally, the first single from my album was going to be something else. But when I returned, the record company (Columbia) said the single was going to be 'Power'." The song is a strong FM staple, but the only AM station to play it has been, ironically, an outlet in Harrisburg, Pennsylvania. "The program director spoke to me a while back. He has to drive to work past the Three Mile Island reactors each morning. I know why the station plays the song every two hours." Hall was joined onstage by **John Sebastian**, who is in town to record an album on his own. Asked whether he'll play the Woodstock II show this August, at which ten of the original artists from the '69 show are scheduled to perform, Sebastian offered, "I doubt it. I was an uninvited guest at the first show. I can't see why they'd invite me now"

LONDON — Epic act **ABBA** is set to arrive in the UK in November for a series of concerts. Their latest chart LP, "Voulez-Vous," went platinum in the first week of release one month ago... Island Records is launching a massive summer sales campaign in June to back up the releases of

three new LPs — "Secrets" by **Robert Palmer**, "The Story's Been Told" by **Third World** and "Tribute To The Martyrs" by **Steel Pulse**.

And the latest single from Ariola's pretty chart trio, **The Three Degrees**, has just been released. Titled "The Golden Lady," it's bound to go gold very shortly... Infinity Records is mounting a major marketing campaign around the debut LP from American rock band **New England**, set for UK release June 8. Titled "New England," the album was produced by **Paul Stanley of Kiss and Mike Stone**.

Lightning Records recently announced the formation of **Scope**, a new singles-only label concentrating on making available in-demand disco material. The new label is being distributed by WEA and the initial releases are "Love Disco Style" by the **Erotic Drum Band** and "Silly Games" by **Janet Kay**... K-Tel managing director **Colin Ashby** recently announced the appointment of **Don Reedman** as A&R director. The new move is part of Ashby's strengthening plans for his UK team. Reedman has been with K-Tel for the past six years and prior to that was with Carlin Music... Chappell Music Ltd. has signed an agreement with Aviator Music forming a deal that covers the world and is exclusively for new material by writers **Clive Bunker** (formerly with **Jethro Tull**), **Jack Lancaster**, **John Perry** and **Mick Rogers**.

Currently causing a major stir in London is new Ariola act **Sky**, which features classical guitarist **John Williams** in its lineup. Explaining how Sky came about, and so quickly, Williams said: "On our first session at my house we played for a couple of hours. Then **Francis Monkman** turned up with a new piece (now called 'Cannonball' on the LP) and **Herbie Flowers** turned up and tentatively put 'Carrillon' in front of us and we ran through a few possible arrangements. It was like an explosion. There was so much inspiration there. Most of it just seemed to come from nowhere or from this 'feeling.'"

got a good crack at the Top 40 pop charts. Teenagers love the song. When WCBX in Eden, N.C., played it during their disco hour, the station was flooded with requests to play it."

### Novelty Vs. Non-Novelty

One of the biggest commercial problems with topical songs is that they tend to lose popularity once the subject disappears from the network news and the front pages of newspapers. This represents less of a problem for non-novelty tunes which just happen to be about the crisis. Monument's "Gas (Wish I Had a Friend in Iran)" and RCA's "(Who Was the Man Who Put) The Line in Gasoline," recorded by Jerry Reed, both fall into this category.

Tex Davis, national promotion director at Monument, admits, "We're not setting the world on fire" with the 45, and Jimi Fox at Phonogram/Mercury, Monument's distributor, hypothesizes, "Maybe people are so p--d off about the lines they don't want to hear about it on the radio." But Davis doesn't worry about the crisis' effect on the single. In fact, "after the gas shortage ends, the record will continue to go because of its listenability. It sounds good, no matter what its about." He predicts the 45, released three weeks ago, will chart within two weeks.

### Raunchy Lyrics

RCA's "The Line in Gasoline," manages to straddle the novelty/hit categories with raunchy, hyperbolic lyrics (one incident in

"It would make more of a difference if it was another retailer that was doing it," he commented. "It would seem that it's easier to shop from an ordinary record retailer, so we have the convenience factor in our favor. I don't know what kind of long-term effect the Korvettes situation is going to have, and who knows if anything can be done even if we do feel an effect."

## BCI Casting Moves Into Music Industry

NEW YORK — BCI casting, a firm that in the past has done casting for Broadway, film, and commercial roles, has formed a new division to service the music industry. The division, headed by casting director Mikki Powell, will service record companies and producers seeking to form new groups and select backup or replacement singers.

Powell's casting credits include "Bubbling Brown Sugar," "Guys and Dolls," and "The Wiz."

the song has a woman conceive and bear a child in a gas line) providing the novelty, and a sassy melody supplying the chart-climbing potential. Nick Galante, RCA's VP, marketing, Nashville, attributes its "very big initial sales response" to the single's cross-over potential into Adult Contemporary or Easy Listening. "It's got a lot of comic relief, but it's also serious — in theme and musical quality."

The sole disco release dealing with the crunch is "Murder in the Gas Line" from A&M. Information on the 45's label would seem to place the release in the novelty category: The recording artist is listed as Randy Pump & the Gas-O-Lettes, and the composers are supposedly A. Pricehike and Ethyl Burns. But "Murder" turns out to be above-average disco, with a driving beat, competent vocals and socially conscious lyrics.

Who are Randy Pump & the Gas-O-Lettes? Are they the next big disco group to break? The people in A&R won't say. Barry Korkin will only reveal that the single was a purchased master. Larry Green and everybody else in promo claim to know nothing about the single except that it was released last Friday.

Although it may be impossible to determine the origin of "Murder," its future is not difficult to foresee. If the disco trend is similar to country's, this single should soon be riding against other labels' inevitable entries in the industrywide gasoline crisis derby.

## Lourie & Miller Form Mgmt. Team

(continued from page 8)

Believing that an attorney should not represent a client in a management capacity as well, Lourie decided to become a personal manager exclusively. Lourie will continue to manage Manilow, but the recording artist will not be legally represented by the Lourie-Miller firm.

Miller has been in management and promotion for the past 11 years and has worked with Rhinoceros, Don McLean, Alice Cooper, Kiss and other groups. In 1975 he was named director of national promotion for Aucoin Management and more recently became vice president of west coast operations for the same firm.

Lourie and Miller have formulated their management philosophy as such: "The music business has grown into a two coast business with both coasts being equally important. Artists represented by the firm will thus have equal representation on both coasts.

Lourie-Miller Management, Inc., will maintain offices at 314 W. 71st St. in New York and at 8740 Hollywood Blvd. in L.A. Lourie will focus on New York and Miller will concentrate his efforts in L.A.

## Lee Wins Top Spot At Yamaha's Pop Festival

LOS ANGELES — Californian Lisa Lee topped a field of 10,000 entries to become the first American to win the Grand Prix in the All Japan Finals of the 17th annual Yamaha Pop Music Festival in Tokyo, May 6.

Lee won with a performance of her self-penned composition, "I'll Wait For You."

In addition to an automatic entry in the World Popular Song Contest finals to be held in November, Lee was also offered a recording contract for Japan. A Japanese tour is in the works, with an American label agreement currently being solicited.

## Computer Kinetics: A Table Top Firm

by Marc Cetner

LOS ANGELES — Computer Kinetics, creator of "Vega 21," is now beginning to enjoy success with its latest games, "In-Between" and "Chooz." The new games are in keeping with the Vega 21 tradition in that they are small (about the size of an electric typewriter), countertop computer games.

Chooz, a game which has been on the market for about six months, is similar to the acey ducey card game. In Chooz, a computer randomly selects two numbers and a player must make a bet on a number in between those two numbers. Rather than cards, numbers are involved. As the numbers rotate, the player must press a stop button. If he activates the stop button on his required number, he wins.

In-Between (on the market for the past three months) is similar to Chooz, but is more chance oriented. Chooz is skill oriented in that to choose the appropriate number to win, a player must physically react by pressing the stop button. However, in In-Between, all that is required is that a player place a bet and press a start button. The machine stops where it randomly selects. What one bets and an odds table determine what he wins.

"The beauty of our games is that they are high income machines that are easy to carry and can fit on any countertop-bar, hotel, pizza parlor etc.," said J.P. Nelson, cofounder of Computer Kinetics.

Nelson also said he believes that the manufacturer was the first company to introduce the concepts of the self-test device, which isolates a game's mechanical problem immediately, and the optoelectronic coin detector, which detects the presence of a valid coin by way of an infrared light.

As far as the future is concerned, Computer Kinetics has a new game called "Draw 5," a table top game based on five card draw poker, in full production. The manufacturer is also getting into the export market. "We are one of the few companies that offers equipment that speaks different languages," noted Nelson. Computer Kinetic's games are designed in such a way that language modules can be changed.

"We're a small but young company with a lot of unique ideas," offered Nelson, who founded the computer games company three years ago along with fellow electronic engineer Rich Calverly.

Computer Kinetics now has a staff of 20 people and is located in Westlake Village, California.

## Midway Marketing New Rolling Ball Controlled 'Bowling Alley' Video Game

CHICAGO — The new "4-Player Bowling Alley" recently introduced by Midway Manufacturing Co. is described as "different and far superior to any bowling game in the market," according to Stan Jarocki, the factory's director of marketing. Elaborating further, Jarocki explained that the game offers a "realism in sound and pin action that has to be experienced to be appreciated. Pins just don't flop over like dead fish with any hit," he said, "they spin, turn and bounce like the real thing. In fact, striking the head pin produces over 250 different pin-fall combinations. There are more than one million pin-fall combinations programmed into the game."

Another realistic feature of the game is the big rolling "bowling ball" which each player handles and spins. It is the size of an actual duck-pin ball and controls the position and direction of each "throw" with a hook or straight action by the speed of the spin or by using the push button feature.

**TORNADO AFTERMATH** — Jack and David Bock, operators of Lone Star Music of Wichita Falls, Texas, saw some seven or eight of their high income locations destroyed by a tornado that ravaged the area last April 10. The above photo graphically depicts damage caused by the twister at one of Lone Star's locations.

## Business About Back To Normal For Father And Son After Texas Tornado

CHICAGO — Jack and David Bock, a father and son team who operate Lone Star Music, Inc. in Wichita Falls, Texas, are gradually recovering from the effects of a devastating tornado which struck the area at about dinner time on April 10, leaving behind it tons of debris and 45 casualties.

In this town of over 100,000 people, 20,000 are without homes as a result of the tornado, among them, David Bock, 25, whose home was completely destroyed.

Although Lone Star premises at 1008 Jacksboro Highway were untouched by the tornado, David Bock told **Cash Box**, that some seven or eight high income locations, which housed new equipment, were destroyed. "We estimate our equipment losses to be about \$30,000," he noted.

The tornado struck the city from one end to the other, as David explained, and the accompanying photos dramatically reveal the destruction it caused at three of Lone Star's

locations. "People crawled under pool tables for refuge, an Atari Football was found a block down the street in pieces, and parts of a pool table were recovered from one top of a building over a mile away," he said.

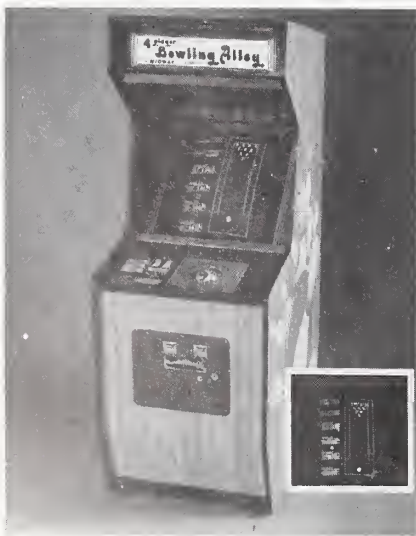

The town was without electricity for a period of from one to seven days, had no water for almost four days and sporadic telephone service, to compound the situation. The tornado took its toll on business but Lone Star salvaged what it could and, as David indicated, is just about back to normal.

## Ocean City Arcade Owners Form Group

CHICAGO — On May 18, a group of arcade owners who operate in the popular Ocean City, Maryland resort area, met at the Fenwick Inn in Ocean City to discuss the formation of an arcade association.

Among those in attendance were Sam Gaffin of Marty's Playland; Ed Jester of Sportland Arcade; Herb Mammoth of Atlantic Arcade; Harold Greenspan of Fun City; Bill Downs of Sporting Center; Mark Clarke of Fun Time; Art Peneau of Fun Cade; Alva Price of Ocean Casino; Tom Foley of The

## New York Hosts Its First Coin Machine Show

NEW YORK — The first International Coin Machine Trade Show was held over the May 4 to 6 weekend. The brainchild of Ben Chicofsky, long associated with the industry and most recently with the Music and Amusement Association of New York, the ICMTS took place at the Statler Hilton in New York City.

"Conceived as an event whose purpose is to bring together the total industry — merchandise vending, amusement, jukeboxes, records, bulk vending and coffee service," the ICMTS was billed as "strictly a selling show without seminars or banquets."

Chicofsky also garnered support from an unexpected source, the mayor of New York, Ed Koch, who passed along the following greeting: "We wish to welcome the International Coin Machine Trade Show to New York City. This event marks the first occasion of the Coin Vending Industry bringing a major trade exhibition to the Big Apple."

"During your visit to our great city, we hope that you will take advantage of the many sights, cultural activities and entertainments that make up our wonderful city."

"New York welcomes you, and we will do everything we can to make your visit a memorable one and the Coin Machine Trade Show an annual event in New York."

# COIN MACHINE

## CHICAGO CHATTER

**Wendell McAdams**, vice president and general manager at Game Plan, Inc., is mighty proud of the company's first entry in the conventional pinball market — namely "Sharpshooter," Game Plan's upright pingame. It was successfully featured in the company's exhibit at the recent International Coin Machine Trade Show in New York, where it drew lots of favorable comments. "We made a super effort to put out a terrific machine," McAdams noted, stressing, that Sharpshooter has tested out extremely well and is proving to be a "big money maker," surpassing even the most noted of current competitive models. Game Plan has just started full-scale production on the new machine — so watch for it.

LEARNED FROM THE LOCAL IAAPA office that this year's convention will be housed in 90,600 sq. ft. of space — or, an increase of 6400 sq. ft. over last year. Show dates, by the way, are November 17-19 at the Rivergate in New Orleans and the headquarter's hotel is the Marriott. The program format is tentative at this point but it, too, will be expanded to include more workshops and related business meetings plus plenty of time to tour the spacious exhibit area. **Dr. Norman Vincent Peale** has been lined up as featured speaker at the association's membership meeting, which will take place on the day before the official opening of the show.

"FLASH IS THE BEST PINBALL EVER MADE," to quote **Fred Skor** of World Wide Dist. The popular Williams pin has been (and continues to be) a best seller for him; a machine he just can't get enough of to meet customer demands. What do ops like best about it? "Everything," he said — appearance, play features, the sound and, of course, front end programming which ops are just crazy about.

WHAT BETTER WAY TO "pump new life" into an ailing cocktail table market than with a very exceptional piece of equipment; in this case, Midway's "Space Invaders" table, which is currently in production at the Franklin Park plant and, as director of marketing **Stan Jarocki** stated, is having a revitalizing effect on the market. Response at the distributor/operator level has been "terrific" and the new piece is meeting with much success in lounges and similar type locations where uprights are prohibited. The size and design reflect a new concept in Midway tables. As Stan further noted, "there is a tremendous, uncultivated market for cocktail tables." All you need is the right piece of equipment — and Space Invaders is it.

ON THE SINGLES SCENE: **Walter Paas**, local promo rep for Infinity Records, is currently promoting a newly released single by the noted group **Hot Chocolate**, titled "Going Through The Motions." He sees it as a natural for rock and r&b locations — so give it a listen.

## CALIFORNIA CLIPPINGS

**Peter Betti** of Portale reported that Gottlieb's "Pinball Pool" continues to test excellently at the distrib and that it should be getting the first shipment in by early July. "It's a classic game," offered Betti. "It has everything a good pinball needs. It won't be one of those fly by night games." Betti said the distrib was also looking forward to receiving Gottlieb's "Totem" complete with a new sound system, in August and the manufacturer's new wide body, "Genie," in September. Betti added that Portale was also eagerly anticipating end of the month samples of the "Rock-Ola 477" phonograph, and the first shipment of Atari's "Baseball."

ACCORDING TO LILA ZINTER, Exidy will be shipping its new black and white, wide body upright, "Crash," at the end of June. Zinter also mentioned that **Tom Chatten** of State Music, Dallas has been doing a fantastic job of locating "Star Fire" in 7-11 stores and that the game's earnings there have been astronomical. As of June 15, Exidy's new address is 390 Java Drive, Moffett Industrial Park, Sunnyvale, Calif. The new phone number is (408) 734-9410.

## Atari's 'Subs' Marks Introduction Of Factory's First Dual Monitor Video

SUNNYVALE — "Subs", the first two-monitor video game from Atari, is now available, according to the factory. The play theme involves an intriguing submarine battle which puts each player in control of a search and destroy mission. Using a realistic sonar locating image and accurate steering and firing controls, the players must act quickly to score hits and the unique cabinet design allows each of the two players to use their own TV monitor in the process, which calls for skill in determining the opponent's moves on the opposite screen. In the single player mode, the computer is the opponent.

In addition to the dual monitor, Subs marks the factory's first game with an operator optional add-a-coin or regular credit coinage mode. In add-a-coin, the game can be set on eight different times per coin; or the operator can choose to offer 1 credit per coin at any of the game times. The sonar "ping" in the attract mode is also an option offered to increase location versatility.

In playing Subs, the object is to try to outmaneuver the opponent and each player sees only the view of the sub he or she is controlling. Although the opponent's missiles are seen, the opposing sub is visible only when it crashes or when hit by the opponent's missile. The sonar scans the area to locate enemy subs and help direct the hits and this adds up to suspenseful action and strategy play.

As noted by Atari's national sales manager Frank Ballouz, "Subs will attract high play and profits in many different game locations... and is certainly another innovative first, assuring Atari's leadership in the industry."

The new model is available through factory distributors.

'Subs'

CIRCLE INTERNATIONAL'S **Ernest Willitt** will be attending factory service school at Moyer Dibel in Buffalo, New York.

VECTORBEAM WILL BE releasing a new game in mid August and according to **Tom Stroud** it is continuing to "crank out Star Hawks."

**CASH BOX** hopes **Al** and **Leah Bettelman** of C.A. Robinson enjoyed their recent trip to Chicago. We have been told that they visited various factories in the Windy City, combining business with pleasure.

## EASTERN FLASHES

International Coin Machine Trade Show producer **Ben Chicofsky** will be relaxing in Florida for awhile but will be back in plenty of time to start planning for next year's convention. Thus far, he has confirmed the dates of April 18-20 for the 1980 show at the Statler Hilton. He told us the hotel is under new management and currently undergoing extensive remodeling, which will be completed long before showtime.

SALES OF SEEBURG PHONOGRAPHS have been picking up noticeably for the past six or seven weeks at the Mondial-Springfield office. This we learned from the distrib's **Tony Yula**, who sees a definite trend in the making towards increased music activity. Gottlieb's "Count Down" pin continues to be a super seller out there and the distrib is currently testing the factory's follow-up piece, "Pinball Pool." In addition to "Super Breakout," which just won't stop selling, and the increasingly popular "Video Pinball," Tony had high praise for the new Atari "Subs" and the much in demand "Superman" pin.

BUSINESS IS GREAT at Bally-Northeast-Syracuse. Distrib celebrated its 5th anniversary in May and also one of the biggest sales months in its history. Of course, as **Tony Procopio** put it, when you've got such stellar products as "Space Invaders," "Star Trek" and "Flash," to name a few, how can you miss? Their allotment of the new "Taurus" shuffle alley has not arrived as yet — but is sold out already, he added. Coming up on June 14 is an Automatic Products service school in Albany and the distrib recently held a pair of very well attended Bally schools in Buffalo and Syracuse, with the factory's **Arnie Aarstad** conducting.

## Ocean City Arcade Owners Form Association At Meet

(continued from page 56)

Rolling Surf Arcade and Jim Mathias of Jim's Place.

The result of the meeting was the establishment of the Ocean City Arcade Owners Association. Jim Mathias, who spearheaded the project and, with the assistance of Mark McCleskey of Sefco Distributing in Baltimore, was instrumental in setting up the organizational meeting, will serve as president of the new group; vice president is Herb Mamoth.

Mathias told **Cash Box** that the group will retain an attorney and will schedule their next meeting for early June so as not to conflict with the heavy June-September business period. "The changed complex-

ion of the amusement industry, as reflected in the conversion from electromechanical to solid state equipment and the larger assortment of games to choose from," and related factors, prompted the formation of the association at this time, he said, although he has been personally striving towards this end for the past three years.

"Competition is the heart of business and our area is extremely competitive," Mathias said, "but we realize that collectively we are in a much better position to combat our mutual problems and improve our operations." Of prime concern at present, he added, are "zoning problems, depreciation of equipment, cost factor and methods for giving our customers the best possible service."

## Midway Markets 'Bowling Alley'

(continued from page 56)

The 4-Player Bowling Alley can be played by one to four players and offers a choice of two games: Regular Bowling or Flash Bowling. In regular bowling, a chime is sounded for each strike and for a string of strikes there is a read-out on the screen which prints the word DOUBLE for two in a row; TURKEY for three in a row; FOUR-BAGGER for four and WOW for five.

A flashing target that moves from side to side across the front of the pins is a highlight of Flash Bowling; the object being to hit this target and the pins to score bonus points which are signaled by a lighted panel above the screen.

The game is attractively designed with cabinet measurements of 72½ inches high, 28½ inches wide and 38½ inches deep. Features include Midway's 23" first line monitor, double coin chutes and the factory's noted microprocessor with built-in ROM RAM testing.

## New York Hosts Its First Coin Show

(continued from page 56)

For a first effort, Chicofsky should feel pleased by the turnout of exhibitors as well as visitors who made so much of the 21 hours of show time afforded them. Total attendance was 1,345. Although, admittedly, out of the 40-plus exhibitors, most were distributors, manufacturers were also present from overseas as well as across the country; many of whom attended as observers.

For those who attended, it was a convention that offered much in the way of equip-

## Howard Ellis Dies At Age 70

CHICAGO — Howard N. Ellis, who operated Coin-A-Matic in Omaha, Nebraska, died on June 2. A veteran operator and the eighth president of AMOA, Ellis was 70-years old.

A long time member of AMOA, Howard Ellis was first elected to the national association's board of directors in 1954 and after serving in the principal offices was elected to the presidency in 1969. He was also very actively involved in the Nebraska state association, COIN.

Ellis resided with his wife, Fritzi, at 9901 N. 34th St., Omaha, Nebraska 68112, where messages of condolences may be sent. Funeral services were held on Wednesday, June 6 at the Miller Park Presbyterian Church in Omaha.

In addition to his wife, survivors include his mother, Mrs. Frank Ellis of Colorado; a sister Betty Wolfe, also of Colorado; and four brothers, Leonard of Las Vegas, Elmo and Darrel of Iowa and Mac who resides in Omaha.

ment as well as the opportunity to reaffirm old acquaintances and friends. Admittedly, the ICMTS has a long way to go in corralling total industry support, but this first effort by Ben Chicofsky is to be commended for what it set out to do and what it ultimately accomplished. One hopes that the second annual will prove to be even more successful and that the Big Apple can gain some measure of prominence as a showcase for the coin machine industry.

**WHERE I SHOULD BE — Peter Frampton — A&M SP 3710 — Producers: Peter Frampton and Chris Kimsey — List: 8.98 — Bar Coded**

This is a nice comeback album for Frampton, and his best since the milestone "Frampton Comes Alive" LP. Frampton does a little bit of everything here — soul, rock, acoustic ballads and some "Tower Of Power" pop. His vocals are spirited, his lead guitar work crystalline and this LP will probably put Frampton back on top of the Pop and AOR charts.

**SPY — Carly Simon — Elektra 5E-506 — Producer: Arif Mardin — List: 8.98**

Once again the lovely Mrs. Taylor has come up with a great summertime album. Her sensual vocals are at their peak on rockers like "Vengeance" and "Pure Sin," as well as ballads such as "Just Like You Do" on the new LP. She is beautifully supported by an auspicious backing band. David Sanborn's distinct sax lines and Warren Bernhardt's floating piano work are especially noteworthy.

**UNDERDOG — Atlanta Rhythm Section — Polydor PD-1-6200 — Producer: Buddy Bule — List: 7.98**

This is ARS' best LP to date and should, once again, enrapture fans of light, clean southern rock. While neighbors like Sky-nyrd tended to lean towards high decibel numbers, ARS is content playing its own special brand of mellow, wonderfully listenable pop. "Do It Or Die," "Indigo Blue," and "My Songs" are destined to become the band's classic ballads.

**RIDE TO THE RAINBOW — Thelma Houston — Tamla T7-365R1 — Producer: Hal Davis — List: 7.98**

Thelma's vocals soar over the LP's music, a concoction of streamlined funk, primal rhythms and sweeping string arrangements. Nice guitar work by Melvin "Wah Wah" Ragin and hypnotic conga rhythms by Eddie "Bongo" Brown are an added plus on the LP. "Saturday Night, Sunday Morning" and the title tune are the album's standout cuts. For R&B and disco programmers.

**DUTY NOW FOR THE FUTURE — Devo — Warner Bros. BSK 3337 — Producer: Ken Scott — List: 7.98**

This mondo bizzaro band from Akron Ohio startled the rock world with its visionary first LP. On "Duty Now For The Future," the band maintains its commercial value, while covering new territory in rock 'n' roll strangeness. Although this is supposedly "the sound of things falling apart," Devo remains one of rock 'n' roll's most completely put together and fully realized units. Should strengthen its AOR relationship.

**JUST LIKE YOU — Bill Quateman — RCA AFC-2879 — Producer: Dee Robb — List: 7.98**

Quateman's raspy, dramatic vocals and expertly crafted tunes are augmented by the sounds of Buzz Feiten and other renowned session cats. Quateman writes thought-provoking lyrics and has a voice that is reminiscent of the Eagle's Glenn Frey. The songs are contemporary, the musicianship flawless and this waxing should earn Quateman the pop star status he deserves.

**PHILLIP D'ARROW — Phillip D'Arrow — Polydor PD-1-6210 — Producers: Phillip D'Arrow and Stephen Galfas — List: 7.98**

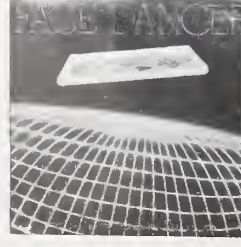

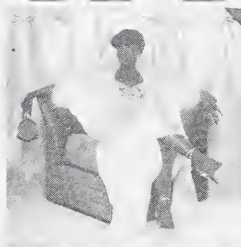

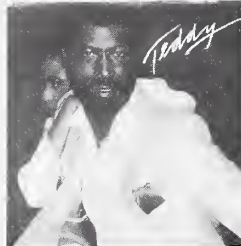

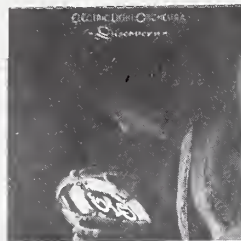

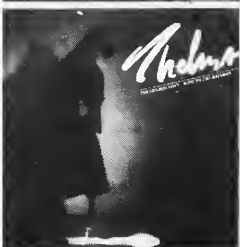

Don't let the title of the single fool you, "Burn The Disco Down" is not a disco song and its composer, Phillip D'Arrow, is not a disco act. He is, however, one of the better urban rock 'n' rollers to come out of the east in sometime. His songs are scathing put downs of contemporary city life, and his probing ballads are exceptionally dramatic. A great add for AOR formats.

**STREET OF DREAMS — Carillo — Atlantic SD 19235 — Producer: Jimmy Douglass — List: 7.98**

Currently amazing skeptics as the opening act for Bad Company, (Frank) Carillo also has a new album to further illustrate why. With tight, muscular back-up, Carillo courses his way through nine self-penned tunes that should further advance the air-tight potential exhibited on his debut effort from last year. The accent is on rocky rollers with the occasional slower tempoed cut to smooth out the sharper edges.

**ST. PARADISE — St. Paradise — Warner Bros., BSK 3281 — Producer: Mike Flicker — List: 7.98**

A trio made up of ex-Ted Nugent and Sammy Hagar personnel, St. Paradise are a further continuation of the sound that the two aforementioned bands offer. No mere copy cats here though, the expertise gained through their tenure with their former employers gives this, their debut album, a professional punch and drive that should make St. Paradise one of the better coliseum attractions and FM commodities in the near future.

**DISCOVERY — ELO — Jet F2 35769 — Producer: Jeff Lynne — List: 8.98 — Bar Coded**

Mastermind Jeff Lynne and crew have come up with another LP that is electric light years ahead of most of the competition in contemporary music. ELO's production technique and majestic, orchestral rock arrangements continue to break superb musical ground on this LP. The rockin' "Don't Bring Me Down," the epic "Diary Of Horace The Wimp," and the disco-tinged "Shine A Little Love" are the album's showcase pieces.

**TEDDY — Teddy Pendergrass — Philadelphia International FZ36003 — Producers: Gamble, Huff, Bell, McFadden, Whitehead and Marshall — List: 8.98 — Bar Coded**

Teddy Pendergrass' thickly orchestrated, slow, sensual love ballads are songs for females to swoon by. On "Teddy," he lends his velvet voice to eight songs, mostly Gamble and Huff compositions. It seems as if the composing duo have tailored several of the songs to Pendergrass' unique vocal style, and "Turn Off The Lights," a sexy, energy-saving ballad and "Life Is A Circle," a disco/R&B flavored tune, work the best.

**GET THE KNACK — The Knack — Capitol/EMI S0-11948 — Producer: Mike Chapman — List: 7.98**

This is the eagerly anticipated debut album by what many people consider to be L.A.'s finest band. While it's not quite "Meet The Beatles," this brilliantly packaged LP is one of the freshest and most immediately likeable records to be released on the pop market in sometime. A tad of new wave and a heavy dose of '60s British pop are the Knack's influences. A must for AOR.

**COME INTO MY LIFE — Carol Douglas — Midsong International MS1007 — Producers: Greg Carmichael, John Fitch, and Reuben Cross — List: 7.98**

This superior R&B/disco flavored LP features thunderous percussion, unique synthesizer/production embellishments, dizzying string arrangements and the powerful vocals of Carol Douglas. "I Got The Answer," from the new album, is a brilliant, can't miss disco song. R&B and disco programmers should have fun with this one.

**DO YOU WANNA GO PARTY — K.C. And The Sunshine Band — TK 611 — Producers: H.W. Casey and Richard Finch — List: 7.98**

That famous K.C. beat is in full tilt on this album of disco madness. The LP is sexy, fun and tailor-made for hot dancin' nights. A party mood pervades the whole LP, and "Ooh I Like It," "Que Pasa" and the title cut should go quite high on the disco charts. This is perfect sultry summer night disco, and dancers and disco programmers should have a ball with it.

**KNOCK DOWN THE WALLS — Steve Kipner — Elektra 6E-202 — Producer: Jay Graydon — List: 7.98**

Kipner serves up a tantalizing helping of light, poppy rock 'n' roll on his debut album. His high, infectious vocals are ably supported by an all-star studio group, headed up by Jay Graydon. Ringing vocal arrangements abound on this LP which is full of well-crafted compositions. This is an excellent debut album and worthy of Top 40, AOR and MOR attention.

**OUTLASTING THE BLUES — Arlo Guthrie — Warner Bros. 3336 — Producer: John Pilla — List: 7.98**

The skinny, frizzy-haired hippie kid, who took us to Alice's Restaurant in the mid '60s, has done a lot of changing since then. However, his twangy, likeable voice and witty lyrics are as visible as ever on this album. Arlo still hangs on to his folk roots, but many of the tunes on the LP have an engaging pop feel to them. The album should make a nice add for AOR and adventuresome country programmers.

**SPECTRAL MORNINGS — Steve Hackett — Chrysalis CHR 1223 — Producers: John Acock & Steve Hackett — List: 7.98**

Steve Hackett makes music so creatively daring, yet sumptuously beautiful that he nearly stands alone in an art-rock scene that has lately shown signs of either wholesale stagnation or commercialized, antiquated blandness. His tenure with Genesis is now only a matter of history; well into his "solo" career with this, his third album, Steve Hackett can now be depended upon to produce unique, quality work.

**THIS WORLD — Face Dancer — Capitol ST-11934 — Producer: Richie Wise — List: 7.98**

The current spate of new releases offers only a handful of fresh and exciting musical ideas; Face Dancer is one of them. A Yank quintet whose self-penned style might draw sketchy comparisons to such divergent styles as Queen's (sans the multi-layered bombast) and The Tom Robinson Band (for guitar-heavy melodic compactness). Face Dancer's hybrid approach works flawlessly.
