Dear Games People

The entertainment value of games software has skyrocketed, \$80 ten years ago used to buy the old basic space invaders game. Now, your \$80 buys sensational graphics, sounds and challenging game play, that involves your mind, senses and reflexes. And with value packs you get several complete games for the price of one, stretching your entertainment dollar even further.

This year has seen the introduction of the SUPER NES. It has added a new dimension of realism to game playing putting thousands of dollars of arcade game technology into your home for a fraction of the price. At the end of the day when you've spent your money it will be sitting at home for another days play, not in a milk bar or arcade parlour. See page 7.

Technology has made the Hardware or actual machines so affordable and powerful that the next big leap for the consumer will be in the software becoming more enjoyable, usable and efficient. For example book-keeping becomes a snack with "QUICKEN". Educational programmes like "MENTAL MATH GAMES" increase the fun of learning while improving efficiency up to 4 times over older programmes by the introducing of a few simple techniques. It's now so quick to make banners and posters look so much more professional with "PRINT SHOP DELUXE". Role playing games project you into a fantasy world. Sometimes you won't find everything as you left it, not alone in this world. Sometimes the people you meet will like you... if you're nice to their friends. Only your actions - both past and present - will determine just how well you'll do in "CRUSADERS OF THE DARK SAVANT".

NINTENDO CARTRIDGES have never been cheaper, so stock up on these while you can at these unbelievable prices. Note: limit of only six cartridges per customer. See page 6

**THE MANAGEMENT AND STAFF
WISH YOU ALL A VERY MERRY
CHRISTMAS AND A
TOP NEW YEAR.**

MANY THANKS TO THOSE WHO FILLED OUT OUR SAVE THE TREES SURVEY

In our spring catalogue.
We saved some trees
for you!

WIN.. WIN..WIN WITH THE GAMESMEN

WIN with great compilation packs
WIN with great prices and added value
WIN for the next 6 months
with **FREE** monthly coupons

*Congratulations to
the winner of ET's 1992 Winfield Cup
Grand Final tickets...
Paul Hill of Maroubra, NSW.*

THE CATALOGUE

Unfortunately because of the size, gloss and completeness we cannot send it to all our customers indefinitely.

GOOD NEWS

The good news is that for every purchase both mail order and through the store, you are guaranteed another 14 months of colourful catalogues.

*Don't forget to let us know of any change of address.

BAD NEWS

The bad news is, for those inactive customers, this could be your last catalogue. We look forward to sending out your Christmas order.

Due to the demand on a few products in our spring catalogue our suppliers could not fulfill all our orders we apologise to those few patient customers affected. Get your order in quick to ensure quickest delivery.

Design your yard for both beauty and function with our LANDSCAPE program. See how your landscape will look as it matures, without having to plant your first tree or shrub!

HOME

No matter the home styling you're thinking of - single level, daylight basement, split or tri-level - our HOME program can help transform your remodelling and building ideas.

SYSTEM REQUIREMENTS

All of the Home Series products require an IBM PC/XT/AT or compatible computer with 640K RAM and DOS 3.0 or higher. They also require one hard drive, one floppy drive, a mouse (two or three button), and a graphics card (Hercules monochrome or colour, CGA, MCGA, EGA or VGA). A minimum of EGA is required for colour.

\$139.95

Cat No. 11E

MENTAL MATHS
 Thousands of addition, subtraction, multiplication, and division problems. Five exciting and varied games. Adjustable speed settings for different ages and abilities.

Ages: 6-12yrs
 3.5" or 5.25", 640K, Hard Disk 3.1 or higher, VGA only

HOW

With other math programs, you solve problems then play a game. Mental Math Games has problems built right into the games. Tests show you solve up to four times as many problems per minute! And the more problems you solve, the faster you learn.

WHY

Mental Math Games was originally designed by educational experts at the Waterford Institute and tested at a prestigious private school. Then they were used at inner city and suburban public schools. Teachers soon reported that students were solving problems with impressive gains in speed and accuracy. They also reported a totally unexpected development. Students repeatedly pleaded to take the games home to practice math on their own time!

Now, Mental Math Games is available for all those who want to sharpen their math skills... and have a ball doing it!
