Interest in Big Show at Fever Heat

By Bill Gersh

"COINTEONS"

The writer recalls all coin machine shows back to 1928. But, never before in the history of this industry has there been as much interest in any forthcoming show as there is in what Herb Jones of Bally Manufacturing Company so appropriately calls the "Big Show" of 1947.

Perhaps this is because there hasn't been a coin machine show since before the war. Perhaps, also, the changing times have brought about new and greater interest in what the manufacturers will present. Perhaps, too, there is a general belief that this "Big Show" of 1947 will start the entire industry off on a new and greater and more prosperous path.

Whatever the reason—interest in the "Big Show" is at fever heat.

Those of us who have sat in Chicago conferences and listened to manufacturers. Who have also visited with jobbers and distributors and operators thruout the country. Who have been in Chicago hotels attempting to make reservations for friends. All of us have come away amazed — actually dumbfounded — at what we have learned about the forthcoming "Big Show".

Operators are just as anxious as manufacturers to be present. They are planning to be here days in advance of the "Big Show" opening. Many have arranged for complete planes and rail cars of friends to come along.

Trains will be carrying coinmen from East and West and North and South to congregate in Chicago at what, already verified, will be the biggest of all the "Big Shows" ever run by Coin Machine Industries, Inc.

There just isn't a coin machine man anywhere in these United States and Canada, and in foreign countries, too, who doesn't want to attend this forthcoming 14th Annual Coin Machine Exhibition and Convention of Coin Machine Industries, Inc.

Hotel managers tell us that they have never before, in all their history, had as many reservations from coinmen for suites, rooms and even entire floors. They also claim

that this show, according to their advance reservations, will outshine anything ever before held by coinmachinedom.

It's like a deluge. Day in and day out more and more coinmen are asking Chicago friends to get rooms for them, for their wives and even for their families. They are making this forthcoming "Big Show" the most gala event of their lives.

They are going to come down on Chicago like a torrential flood and they are coming in not only to see what the manufacturers will present but to also enjoy themselves.

This time it can truly be said, as Herb Jones so aptly put it, that this will be the "Big Show"—and it is up to every coin machine man in the nation to attend it and to make it the most outstanding event of his life.

The days are February 3 - 4 - 5 - 6, 1947.

ADJUSTMENT PERIOD PUZZLES

Many Coinmen Find It Difficult To Adjust Themselves To New Era

CHICAGO — A great many coinmen throuth the nation are finding it extremely difficult to adjust themselves to this new, higher-priced era.

For some reason or other, traveling men who have visited with coinmen in various towns report, the average operator simply will not adjust himself to the new type of operating conditions facing him.

"He stubbornly insists", one noted coinman says, "on continuing ahead as he always has and believes that this is simply a momentary decline which will be all over within a very short period of time."

The average coinman who is thinking in the above fashion will suddenly find himself with a losing business on his hands.

He must realize today, if he never did before, that the entire nation is undergoing complete readjustment to a new era.

This is an era of a higher living standard. Wages are up and will stay up. People want more luxuries and more time to enjoy those luxuries. They don't want a return to the old way of living—doing without a great

many things they have been able to accumulate because of the high wage war period.

Labor will never again be satisfied with anything but a giant share of capital's profits as wages.

Businessmen realize this. They are adjusting their entire set-ups to accommodate this new form of thinking.

The operators, too, must readjust their set-ups to meet this new condition.

They must realize that they cannot continue operating on a profitable basis at their present 50%-50% arrangement.

They must also realize that even if they lose some of their present locations, where they cannot change from 50/50 to some other and better commission basis, that they will be better off in the long run—and will, eventually, regain the locations they will lose—for more new businesses will be opening everywhere in the country as the building boom gets under way.

They must think of tomorrow—not just today. They must look ahead to the time when new machines will be

coming off production lines in real quantity and the manufacturers' salesmen will once again be beating the bushes to keep those giant production lines working at top speed.

Factories can no longer exist on small runs. The manufacturers have too much invested. They will tremendously increase the efficiency of their labor force when they can again get raw materials in large quantities. Then they will be able to roll machines off their production lines in quantities never before thought possible.

New businesses will be there to take up these machines, but, the operator of today won't be there unless he immediately adjusts himself to this coming big boom future world of higher prices, greater wages, new ideas—and does so immediately.

The time has at long last arrived (and *The Cash Box* has been urging this industry for more than four and a half years now to recognize its coming) when the operator must obtain a much greater income from all his equipment.

ADJUSTMENT PERIOD PUZZLES

Many Coinmen Find It Difficult To Adjust Themselves To New Era

The coinmen of the United States are finding it difficult to adjust themselves to the new era of coinage. The change from the old to the new is a great one, and it is not surprising that many of them are having a hard time making the transition. The new era is one of efficiency and economy, and it is a change that is being made in many parts of the country. The coinmen are finding it difficult to adjust themselves to this new era, and they are having a hard time making the transition. The change is a great one, and it is not surprising that many of them are having a hard time making the transition. The new era is one of efficiency and economy, and it is a change that is being made in many parts of the country. The coinmen are finding it difficult to adjust themselves to this new era, and they are having a hard time making the transition.

PINBALL LEADERS URGE ALL OPS TO ADOPT 75-25% COMMISH BASIS

CHICAGO—Leaders in the pin game field here are urging all operators to adopt a new commission basis of 25% to the location and 75% to themselves.

For some time manufacturers, distributors and jobbers have been listening to pinball ops complain of the higher prices of pinball machines and the fact that with an 8 to 10 week maximum run they cannot pull out the cost of the game.

There are a great many pin game operators who will not, because of this, buy the new games in quantity. They are using the new pinballs only for their best locations in an effort to get the cost from the machine as fast as they possibly can—and then switch the machine down to a secondary location to arrange for quick trade-in within an 8 to 10 week period so that they can grab the highest possible trade-in price.

“But”, as one large operator told a leading wholesaler here, “this still does not get us off the nut. We simply can't pay the prices being asked of us today for new pin games and break even on our present set-up.”

This has determined pin game leaders here to crusade for a changed commission basis. They are urging all operators to swing over to the 75%-25% commission basis just as

the music ops are now doing everywhere in the country.

One manufacturer stated, “If the operators will cut down their percentage to the location to half of what they are now paying they will make money even within an eight week period on any new game, figuring in the trade-in valuation of the machine, of course.”

“It has become necessary,” pinball leaders report, “for the operators to recognize the fact that they must change their present commission arrangements. They simply cannot go on giving 50% of their gross collection to the location owner and expect, at the same time, to earn money on their machines at the new prices.”

“Prices are not going to come down too much from what they are at present”, one noted pinball man stated, “and therefore”, he continued, “it is up to the operator to recognize this fact and change his percentage arrangement to meet the new conditions.”

Others point out that the location owners themselves have raised the price of all the merchandise they sell to take care of the increases which they are enduring at this time.

“Beer is now selling at 10c and

15c the glass and 25c and 35c the bottle”, one noted distributor here stated. “Yet”, he said, “here are the operators paying as great if not a greater comparative increase as these taverns are on beer on their machines and are not doing anything about trying to get some of this cost increase back.”

He also stated, “It is well known that *The Cash Box* has pointed out time and time again that overhead has jumped tremendously for the average operator. The operator knows this. All he has to do is just look at the salaries he pays his mechanics as well as the rent he now pays for his office and he should immediately talk this over with his locations and obtain this better commission basis as suggested by *The Cash Box*.”

He continued, “Otherwise, the operator will simply find himself losing money. His competitor does not enter into the picture. Of what value is a location that loses money for him? If his competitor wants it — let him have it. He is better off getting rid of that location as fast as he can so that he will know that whatever spots he has left are all individually profitable to him and each one bringing him money on the black side, not the red side, of his ledger.”

MORE MIXED ROUTES

Many Turn To More Diversified Operating To Overcome Increased Overhead Expense

NEW YORK—Since publication of a feature editorial a few weeks ago in *The Cash Box* that mixed routes were increasing, letters have been received from various coinmen thruout the nation advising that they were mixing up their routes for more diversified operating, "in an effort to overcome present increased overhead expense."

One of these men wrote, "At one time we believed that by operating just one type of equipment we were much better off. Now we have come to the decision that since many of our locations want amusement, merchandise and other machines along with our music that there is no reason why we shouldn't take advantage of this so as to cut down on our overhead expense."

He continues, "There is no need telling you at *The Cash Box* how much our overhead expense has been in-

creased. You have brought this out into the open most forcibly and are to be complimented and commended by all in the trade for so doing. But, since we can't get the operators in our territory to go along with us to obtain a better commission percentage from the location owners — we are simply going to operate everything we possibly can so that our overhead will be well divided up and will therefore, be cut down to a minimum."

What is most important is this part of the letter "Other operators we know have already started to take on pinballs and amusement machines of all types. They are also starting to open routes of merchandise machines as soon as they become available. Many are planning to start drink vender and cigarette machine businesses. We believe that the windup

will be that every operator, wherever he possibly can, will have a well diversified business for this is the only 'out' he has to overcome present high overhead expense."

Mixing up routes will bring about a new demand from the trade for complete devotion to one central organization which can accommodate all the various divisions of the industry and will prevent any split up of the various divisions.

The fact that routes are today being mixed more than ever before because of economic necessity should also convince those who are interested in keeping the industry as a single and solid unit that this, more than ever, assures it remaining a strong, single entity — and not two or three various divisions — which some organizations are attempting to create.

MORE MUSIC OPS SWING TO 10¢ PLAY AS MFRS BACK MOVE

No Increase in 50/50 Commish Forecast With This Move. Many Remain Doubtful. Claim 5¢ Juke Play Now An Institution.

NEW YORK—With the news breaking nationally thru newspapers, magazines and over the air, that juke boxes will increase from 5c to 10c, 3 for 25c play, many music machine operators have decided, now that certain manufacturers are backing up this move by providing their machines with 10c and 25c chutes, that they will swing all of their machines over to the new price. This includes the older machines which they are retaining while waiting for more new machines to come their way.

Yet, there has been no commission change forecast with this increased-price per play move. It seems that the average operator will continue to give 50% commission to his location even tho he is increasing the cost of the play. The original thought back of increasing the cost of the play from 5c to 10c (3 for 25c) was so that the operator could earn more money and pay off his machines so much faster. The plan was to give the location owner as much as he had received at 5c play or offer the merchant 30% commission on 10c play (which, the claim was, would be as much, if not more, than what the retailer always

received at 5c play anyway) so that the operator would earn the differential and would, therefore, be better able to continue his business on a profitable basis.

But, with all this happening so fast at this time, along comes news from many music machine operators that they still don't believe that the industry should break faith with the public and change from 5c to 10c play. They feel, instead, that the trade should cut down to either 75%-25% commission or should obtain \$10 or \$15 per week "front money" and continue on the 5c play basis. Some of these men state, "No one can say at this time, with any real certainty whether the public will accept 10c play as they have the 5c play which has become an institution with the juke box business."

Whether or not this is true will be seen in the very near future. The raise in price of most commodities has encouraged manufacturers to believe that the public, because of higher pay checks and also because they know that all costs have increased, will accept 10c juke box play. They are definite in their state-

ments that 10c play can go on anywhere in the nation and earn more than 5c play ever did.

The trade is up against some problems in this regard. Changeovers in wall and bar boxes will have to be made to accommodate the 10c, 3 for 25c play action. The telephone wired music ops have been obtaining 10c straight right along and have been paying anywhere from 20% to 25% commission to locations and are proving their equipment profitable. But when the juke box makes this change many believe, "This is something really radical".

As one well known coin music man puts it, "Will the kids, who are among our best customers, go for a dime when they don't have too many dimes anyway?"

It will therefore be extremely interesting to all the industry to watch the development of the 10c, 3 for 25c play.

It does, at least, prove to the trade what *The Cash Box* has been preaching for more than four years now — that every automatic music operator must get more money to continue on profitably.

THE CASH BOX

Record Reviews

"Opus Boogie" "Blue This Morning"

RABON TARRANT
(Apollo 377)

• For ops who feel they can carry another stock race tune on their jukes, "Opus Boogie", as offered here by Rabon Tarrant, will fill your bill. Nothing to rave about, but the ditty has a neat beat. Flipped, a vocal blues number, with Rabon doing the vocal again. Both sides won't attract any heavy coinage, but ops might grab a listen.

"I Can't Get Started"

GEORGIE AULD ORCHESTRA
Parts I and II
(Apollo 763)

• Georgie Auld displays some of his fine sax work here on "I Can't Get Started", an oldie from way back, but still stuff that's worth listening to. If you have stops where they do appreciate a good listener's item give this one a try.

"Twelve Minutes To Go" "She's Funny That Way"

ILLINOIS JACQUET
(Apollo 764)

• A pair of sides done up in the typical stock race style, Illinois Jacquet and His All Stars, do these numbers up fine. The fine instrumental support shows this pair up to good advantage, and Illinois doing the vocal chores, the disk looks like a number that might spin. Ops with race locations, should listen.

"Bye Bye Baby Blues" "Once And For All"

THE RAVENS
(Hub 3033)

• The Ravens come up with a pip of a "race" tune here on "Bye Bye Baby Blues". A deep vocal bass handles the chant throughout the ditty and although it's not a jazzy tune, the folk who flock for novelty vocal blues as done by The Ravens will latch on. Flipped we find "Once and For All", a run of the mill, moon-in-June tune. Topside number for the money.

"How Ashamed I Was" "Margie"

THE SMOOTHIES
(Apollo 1024)

• With the trend in novelty numbers rapidly leaning toward tunes with suggestive lyrics. The Smoothies come through for the ops here with "How Ashamed I Was". Long the favorite of the GI, the tune definitely will attract attention—from all groups that lend an ear to juke music. Backed by a stock version of "Margie", which The Smoothies do up nicely, the topside number is the one the customers will want to listen to.

"Lester's Be-Bop Boogie" "She's Funny That Way"

LESTER YOUNG ORCHESTRA
(Aladdin 138)

• More stuff coming your way in the fast catching Be-Bop rhythm, aimed at "race" spots is "Lester BeBop Boogie". With Lester Young's sax taking the riff all the way through, and an aggregation composed of individual stars in their own right, the number offered is something nice and new in the be-bop-boogie manner. Flipped, an oldie, "She's Funny That Way", winds its way through 2 minutes of Les' fine tenor sax. Race spots will like the pair.

"Rose Of The Alamo" "Me Go Where You Go Amigo"

ROSALIE ALLEN
(Victor 20-2021)

• More western stuff headed ops' way is the new "Rose of the Alamo" and "Me Go Where You Go Amigo" as done by Rosalie Allen and the Black River Riders. The two sides follow the rule in westerns and there is nothing here to shout about. If you have a call for Rosalie Allen, then by all means grab a listen to these waxings.

"I Don't Want To See You" "Swanee River Boogie"

ALBERT AMMONS
(Mercury 8022)

• Albert Ammons, a name among "race" fans, comes up with a pair of fair bounce tunes that might attract some coinage where they go for Ammons and His Rhythm Kings. Al's piano tinkles all the way through "I Don't Want To See You," and we feel it is the better of the two sides. "Swanee River Boogie" has some more piano and great instrumental work and will probably work out on the phonos.

SLEEPER OF THE WEEK

"There Is No Breeze" "Bless You"

EDDY HOWARD ORCHESTRA
(Majestic 1089)

EDDY HOWARD

• The famed Eddy (To Each His Own) Howard Orchestra here offers the best version of "There Is No Breeze (To Cool The Flame Of Love)" that has been cut to date, and, in doing so, have come up with a romantic ballad all but guaranteed to make the phonos ring with coin. As usual it's his voice, and the vocal and instrumental arrangements he provides that does the trick to lift a number with possibilities into the hit class. Hear it and compare it and you'll con what we mean. Flipped, Eddy offers a clickeroo in its own right with "Bless You." The way that man Howard sings it's a question as to which of the sides will net heaviest action. There is no question as to the factor that they'll net heavy. So let the customers take 'em from here. They'll prove us right from the word go!

"Them Who Has—Gets" "Shut Out"

JIMMIE LUNCEFORD ORCHESTRA
(Majestic 1077)

• Jimmie Lunceford, always a great favorite, offers the fast catching tune "Them Who Has—Gets", with Jimmy doing the vocal stunt himself. Altho the number isn't one the jive hounds will grab, it gives with plenty of zip with which Lunceford fans are familiar. Flipped, "Shut Out" is an instrumental ditty for which the Lunceford crew are noted. It offers ops a fine support tune for the phonos. Topside deserves your attention.

"I'm Yours" "World War II Blues"

AL RUSSELL TRIO
(20th Century 20-23)

• Here's a combo made up of some of the finest boys in the biz, and their rendition of "I'm Yours" is one ops should definitely listen to. It's a slow, dreamy blues number and dressed up a bit, it should go places. Al Russell does the vocal, with some swell licks by his boys in the background. Flipped we find "World War II Blues", a typed "race" tune, but one which Russell does tricks with. By all means, ops with "race" locations should lend an ear here.

"Love Is The Darndest Thing" "Them Who Has—Gets"

ROSE MARIE
(Mercury 3040)

• A pair of current plug tunes are waxed here by Rose Marie, a gal who's known for her night club style. Earl Hagen's ork backs the lass up, with some brassy accompaniment, but the chirp does the number up brown. "Love Is The Darndest Thing", from the pic "Cross My Heart" might hit the jukes once the flicker breaks.

"I Need Loving" "Pretty Baby"

TINY HILL ORCHESTRA
(Mercury 6022)

• Always a favorite with mid-western fans, Tiny Hill offers "I Need Loving" to the trade, and does it up right nice. The tune isn't anything to set the jukes afire, but where they like Tiny, they'll go for this. Backed by the stock "Pretty Baby", Hill offers it in his typical top manner. Tiny's voice dominates both sides.

"I'm Yours" "Anniversary Song"

ANITA ELLIS
(Mercury 3036)

• "I'm Yours" should bring back many fond memories to the customers. Anita Ellis does wonders with the tune, and it really is something to sit down and listen to. It'll go in the jukes now, just as sure as it went years ago. Flipped we find the fast growing hit "Anniversary Song", a number that is currently getting some terrific plugging from the pic "The Jolson Story". The tune really is big and will click with a bang. You can't go wrong with this pair, so latch on.

"Lord I've Tried" "Elijah"

THE SOUL STIRRERS
(Aladdin 2003)

• A big favorite in the Southern states, The Soul Stirrers show why they are, with their rendition of "Lord I've Tried" and "Elijah". Offered in the spiritual manner, this pair of waxings are easy to take. Where they go for The Soul Stirrers, they'll go for these sides.

"Vem Vem" "Mujercita"

ENRIC MADRIGUERA
(Vogue 776)

• Of heavy interest to music ops with a demand for melody in Latin tempo is this offering by the Enric Madriguera combo. Big item is "Vem Vem", currently attracting lots of interest from the customers. The version gets lots of bounce and a neat vocal interpretation from Patricia Gilmore. Flipped, the trade will find less appeal from "Mujercita." The abundance of a violin, and the absence of rhythmic variation limits the deck to the classier spots.

"Uncle Remus Said" "Romance In The Dark"

WOODY HERMAN ORCHESTRA
(Columbia 27162)

• The famed Woody Herman Orchestra offers here in "Uncle Remus Said" a number bound for heavy action. Out of the motion picture "Song Of The South," the side should draw on its own, but once the flicker gets around, the play should climb to top highs. Get next to this novelty right away. Woody and the Blue Moods deliver the vocal the way the customers'll want to hear it. Flipped, the Herd come up with "Romance In The Dark," a pleasant romantic novelty in its own right with vocal by Mary Ann McCall. The crew on the instrumental are tops.

"I'll Never Love Again" "Tia Juana"

DESI ARNAZ ORCHESTRA
(RCA-Victor 20-2020)

• Customers who demand the best in Latin melody and customers who just want top melody will both bet satisfaction from this latest platter by the Desi Arnaz Orchestra. Best known of the sides is "I'll Never Love Again," and on this the crew with Elsa Miranda on the vocal will really send the location with their top musical styling. Flipped, the Arnaz go all instrumental to make beautiful music with "Tia Juana," and the effect is grand and sweeping. Ops will do very well to get next to this platter.

"A Rainy Night In Rio" "Through A Thousand Dreams"

DINAH SHORE
(Columbia 37157)

• Dinah Shore has a most established place on the phonos, and on this platter, with "A Rainy Night In Rio," offers one of the better romantic novelties to be heard around. The song, from the motion picture "The Time, The Place, And The Girl," is bound for heavy plugging and ops would do well to get with it. All things considered, the disk is a natural as a money-maker. Flipped, Dinah comes up with "Through A Thousand Dreams," another song from the same film, and with this adequate ballad, Dinah offers a top, commercial delivery.

Record Reviews

"Falling Leaves" "Star Dust"

TEX BENECKE with THE MILLER ORCHESTRA
(RCA-Victor 20-2016)

• Music ops would do well to take note of this latest pair of sides by Tex Benecke with The Miller Orchestra. Offering "Falling Leaves" and "Star Dust" as complete instrumentals, the Millermen offer the numbers in the well remembered Glenn Miller tradition. Dancers should go for the platter heavily, as will the folk who listen to melody at its best.

"Yo Te Amo Mucho And That's That" "La Ola Marina"

XAVIER CUGAT ORCHESTRA
(Columbia 37163)

• The Xavier Cugat Orchestra joins the Latin parade this week with their contribution of a pair of sides labeled "Yo Te Amo Mucho And That's That," and "La Ola Marina." Both sides are from the familiar Cugat pattern, and tho they carry the maestro's name (which is enough to get 'em action) neither of the pair can be termed unusually good. Del Campo handles the vocal chores capably enough, but the melody is what the rhumba fanciers will be seeking.

"Let's Go Home" "Stomping Room Only"

CHARLIE SPIVAK ORCHESTRA
(RCA-Victor 20-2019)

• Plenty of good rhythm runs through this disk which features a pair of all-instrumental sides in "Let's Go Home" and "Stomping Room Only," and if you have the locations where they want their rhythm to a good strong beat, give this disk a listening. Most appealing side is on "Stomping Room Only," and the younger folk and their coin should do well by it. Best suited for that younger trade, ops should profit most by considering that factor when placing this piece of wax.

"Desert Fantasy" "Save Me A Dream"

SONNY DUNHAM ORCHESTRA
(Vogue 774)

• Of Big interest to the trade is this pair of sides by the Sonny Dunham Orchestra. Borrowed from the famed "Scheherazade" is "Desert Fantasy," and the Sonny Dunham Orchestra offer it as one of the finer instrumentals to come up in a long, long time. It has plenty of exotic beat and plenty of flash. Flipped, the Dunham crew add "Save Me A Dream," another melody lifted from one of the more famed classics. Pete Hanley does well with the mediocre lyrics, but because the melody is so strong, it has a better than even chance to click big. Ops should go for this disk, it's double value for your dough.

"Sonata" "Jalousie"

THE THREE SUNS
(Majestic 1090)

• The Three Suns really know how to make music and they prove it to top advantage both on that haunting tango, "Jalousie (Jealousy)" and on the featured "Sonata." Spots where they dance and listen can do well by the disk, which has a strong romantic ballad in "Sonata," and a top instrumental on the "Jealousy" side. The vocal offering contributed by Artie Dunn for "Sonata" is out of the top drawer. He is a much better than capable voice.

"Wyoming" "When Rosie Riccoola Do The Hula Ma Boola"

JERRY COLONNA
(Capitol 330)

• Members of the trade who are seeking a pair of top novelty sides would do well to give an ear to this latest offering by Jerry (the moustache) Colonna. On "Wyoming", Jerry goes off his familiar track to offer a comic cowboy number that should do as well in the East as in the "out yonder" territories, while on the flipover, with "Rosie," Jerry puts his own brand of styling to a song that echoes of a Neapolitan organ grinder. By all means give more than passing attention to this disk. Your cashboxes may be able to use it well. By the way, the famed Wesley Tuttle crew provide the instrumental support.

DISK O'THE WEEK

"Among My Souvenirs"

"September Song"

FRANK SINATRA
(Columbia 37161)

FRANK SINATRA

• Frank (The Voice) Sinatra displays all the flash and all the talent he's famed for in his rendition of this pair of sides labeled "Among My Souvenirs" and "September Song." Both are top romantic ballads (and we mean top!), and Frank contributes to them a top romantic delivery. The result is a piece of wax that'll cull the customers like a bevy of blondes on a rainy night. By all means get next to this disk; it's a moneymaker from top to bottom!

"You Got The Best Go" "Cell No. 13 Blues"

BIG BILL
(Columbia 37164)

• Ops with "race type" locations, where they like some wax in the old style blues tradition should find this pair of sides by Big Bill of better than passing interest. Featuring a small combo that makes the most of what melody there is to both "You Got The Best Go" and "Cell No. 13, Blues," Big Bill shows himself to be a master of the almost lost art of the blues singer. If you have the spots, consider the sides.

"So Would I" "At Sundown"

PAUL WESTON ORCHESTRA
(Capitol 329)

• A pair of "support" items for the phonos is offered here in a pair of sides by the versatile Paul Weston Orchestra that feature songs bound to get heavy plugging thru their appearance in motion pictures. "So Would I" is from the flicker "My Heart Goes Crazy" and "At Sundown" is out of "The Fabulous Dorseys." Put that info on your title strips for the customers. Meanwhile, the sides feature Matt Dennis, a voice to watch, on the vocals, and the Weston crew make it good on the instrumental to please the dancing and listening customers.

"That's The Beginning Of The End" "But She's My Buddy's Chick"

KING COLE TRIO
(Capitol 328)

• Something that folks are going to sit down and listen to is this latest offering of the King Cole trio titled, "That's The Beginning Of The End". Considering the tune is done by one of the nation's top combos, and done up in the usual fine manner that Cole puts out, ops can't go wrong with this number. Flipped, Cole comes up with his light touch in the person of "But She's My Buddy's Chick", another hit that's headed for big things. By all means, grab this pair of waxings and they'll do tricks in the phonos.

"That's The Beginning Of The End" "Sonata"

PERRY COMO
(RCA-Victor 20-2033)

• Not up to his best is this waxing of "That's The Beginning Of The End," by Perry Como. But the fault belongs to the songwriters and not to Perry. The number just hasn't got what it takes. Still, the Como name is good for lots of action on most anything he does, and the side should earn its way on that count. Flipped, he does better for all concerned with "Sonata," a more appealing ballad that should hold its own on the phonos.

"Serenade To Love" "So Long"

HAL WINTERS
(Apollo 1027)

• Hal Winters, a new boy with a new song, offers his rendition of a beautiful romantic ballad titled, "Serenade To Love". Hal doesn't reach the pitch to put the number over to best advantage, altho the melody of the ditty itself will carry some weight. The ork, headed by Jerry Jerome blends in to give Hal some fine background support, and given time, the number may go well. Backed by "So Long", another ballad that the holding-hands crowd will go for, ops should listen to Winters and this pair.

"Got You On My Mind" "Let The Good Times Roll"

GEECHIE SMITH
(Capitol 332)

• Geechie Smith, a unique performer in his own right, comes up with a number that the more sophisticate race hounds will want to latch on to. "Got You On My Mind", an off beat vocal blues number has that stop and listen quality for which the Geech is noted. On the backing with "Let The Good Times Roll", Geechie doesn't change the tempo much, altho it offers more bounce than it's top-mate.

"I Got Texas In My Soul" "Leaf Of Love"

TEX WILLIAMS
(Capitol 333)

• Music ops who have a call for Western tunes, might do well to listen to this pair by Tex Williams. The pattern in Westerns doesn't change any here, and there isn't anything that could be termed unusual, but, if you have a call for Tex Williams, we like "I Got Texas In My Soul."

"Sooner Or Later" "For Sentimental Reasons"

ART KASSEL ORCHESTRA
(Vogue 781)

• A pair of effective and profitable songs for the trade is offered here by the Art Kassel Orchestra. Of the pair, vocalist Gloria Hart on the "Sooner" side should net heaviest attention, because the popular "Sentimental" deck gets a flimsy rendition from all hands including Jimmy Featherstone on the lyrics. Kassel's crew on these sides doesn't offer too much to the location where they want wax for dancing. Still, the numbers alone can carry the ball on anybody's phonos.

"You Should Have Told Me" "Dinky's Little Diner"

CONNIE HAINES
(Mercury 3039)

• Popular Connie Haines contributes lots of intimate style to this pleasant romantic ballad titled "You Should Have Told Me," and, as a support side to your top attractions, the number rates a place. However, on the flipover, Connie goes all out a novelty tabbed "Dinky's Little Diner," that has enough of the reet-beat and enough click lyrics to earn a place in any spot where the youngsters gather to cut a bit of rug and contribute for the privilege. On both decks the Mannie Klein ork provide Connie with top instrumental backing that the dance trade should appreciate.

MEMO TO ALL DISK MAKERS AND MEMBERS OF THE COIN-TRADE!—WITHIN THE NEXT FEW DAYS YOU WILL BE CONTACTED BY CHARLES BERNOFF OF REGAL MUSIC IN NEW YORK CITY TO PLEDGE YOUR SUPPORT TO A PROJECT THAT DESERVES THE ASSISTANCE AND ENDORSEMENT OF EVERY AMERICAN WITH A MEMORY OF DECEMBER 7, 1941 AND ALL THAT FOLLOWED FROM THERE. FOR MANY MONTHS HE HAS BEEN CARRYING ON THAT PROGRAM ALONE BECAUSE HE BELIEVES IN REMEMBERING THE MEN WHO GAVE. NOW HE IS SEEKING TO INCORPORATE THE POWER OF BOTH THE RECORDING AND COIN MACHINE INDUSTRIES TO THE PROJECT. IF YOU BELIEVE THAT THE DUTY OF AMERICANS TO OUR WOUNDED, HOSPITALIZED SONS DID NOT END WITH THE END OF HOSTILITIES AND WAR CONTRACTS, THEN IDENTIFY YOURSELF AND YOUR BUSINESS FIRM WITH THIS PROGRAM WHICH WILL PROVIDE "A NIGHT OUT" FOR THE KIDS WHOSE SICKNESS AND WOUNDS SHUT THEM IN.

* * *

Following the birth of her child this month, blonde Betty (Doctor, Lawyer, Indian Chief) Hutton will return to star on Capitol Records as a vocal stylist after an absence from the Capitol label of a year. Glenn E. Wallich, vice-president and general manager of Capitol, this week revealed that Miss Hutton's first discs since her return to Capitol will be released in January. Her return to Capitol came about through the personal intervention of B. G. (Buddy) DeSylva, noted showman who serves as chairman of the Capitol Board of Directors. It was DeSylva who discovered Miss Hutton and starred her in his stage show, "Panama Hattie". Later, as executive producer of Paramount Studios, DeSylva gave Betty her first chance in motion pictures.

Thanx! In reply to the story that appeared in *The Cash Box*, week of November 25th, reiterating the plea for platters in veterans hospitals, Signature Records announced this past week that a complete record library will be donated to the Vaughn and Hines General Hospital, Chicago, on Monday, December 2nd. The presentation on behalf of Signature Records will be made by the General Electric Supply Corporation, who serve as distributors for the label in that city.

* * *

Buddy Baker, Exclusive Record's musical director has just recorded the first four sides to be released under Exclusive's new 75-cent label. Baker will cut two vocals and two instrumentals with Emma Lou Welch ballading the Leon Rene tune "Be Fair With Me" and Vivien Garry jumping with her own tune, "I'm Stuck With The Sticker". Instrumentals will include the Rene standard "Sleepy Time Down South" and a Baker original, as yet untitled.

Capitol & RKO Sign Disk-Recording Pact

HOLLYWOOD, CAL. — Contracts were signed this past week which will give Capitol Records, Inc., the exclusive use for disc-recording purposes of new, specially-designed recording facilities in the RKO Pathe Studios at Park Avenue and 106th Street in New York City.

Announcement of the agreement was made in Hollywood by Glenn E. Wallich, Capitol's vice-president and general manager, who signed papers with Harold Lewis, RKO Pathe studio manager. The recording studios, laid out specifically for high-fidelity recording of film soundtracks, commercial phonograph records and radio transcriptions, were designed by the noted American conductor and composer, Nathaniel Shilkret, RKO Pathe music consultant.

"All New York recording activities of Capitol record and transcription artists will be centralized in these new and acoustically perfect studios beginning Dec. 2," Mr. Wallich said. "The facilities are the most modern in the world, replete with newest post-war equipment. Test recordings indicate that a new standard in fidelity soon will be apparent on Capitol's discs."

Warren Birkenhead, chief electronic engineer for Capitol, is in New York preparing the new studios for first recording sessions. Walter Rivers, New York recording studio manager for Capitol, will be in charge of operations.

C.M.I. BLUE BOOK

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

1

MEANS PRICE
WENT UP.

2

MEANS PRICE
WENT DOWN.

3

MEANS MACHINE JUST ADDED
TO LIST.

4

MEANS PRICES WENT UP AND DOWN
DURING THE PAST WEEK.

5

MEANS PRICES REMAINED SAME AS
IN LAST PRICE LISTS.

6

MEANS NO PRICES QUOTED FOR PAST
TWO WEEKS.

7

MEANS NO PRICES QUOTED FOR PAST
THREE WEEKS.

XX

MEANS NO PRICES QUOTED FOR
MANY WEEKS — PRICE SHOWN IS
LAST KNOWN QUOTATION.

IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.L. Blue Book can only feature the market prices as they are quoted. The C.M.L. Blue Book acts exactly the same as the market quotation board at the Stock Exchange — posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.L. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

THE C.M.I. BLUE BOOK REPORTS EACH QUOTATION EXACTLY AS IT IS MADE AND DEPENDS ON THE SUBSCRIBER TO MAKE AVERAGE PRICE ADJUSTMENT TO FIT THE CONDITIONS IN HIS OWN TERRITORY.

PERSONAL MUSIC

MIGHTY MIDGET MUSIC BOXES

MEAN GIANT PROFITS FOR YOU

Look over your location. Count the tables, booths and counter sections. How'd you like a coin at a time from a dozen boxes in one location. That's what Personal Music can do for you. Customers pay for their own entertainment; they prefer the soft, well-selected, enjoyable music from a Personal Music box at their own tables. They keep on playing.

Your location owners will go for Personal Music boxes. They're small (only 6¼" high), don't interfere with service, cut down location noise, and attract plays.

Personal Music systems save you money in repairs and maintenance. One man services many locations. Music is transmitted to each stop by telephone wires, eliminating records and title strip changes at locations. Personal Music systems are built to last, to give continuous, high-fidelity reproduction.

Every unit in the system is built for two things: outstanding operation and trouble free service. Notice the logical construction of the Studio Amplifier (see cut). The operating amplifier, standby amplifier and the monitoring amplifier are all designed in one simple, easy-to-get-to arrangement.

If you want the outstanding music system in the industry—in performance and profits, get Personal Music now. Write today for the name of our nearest distributor, and for detailed information.

Kemp Named Denver Manager For Packard

C. D. KEMP

INDIANAPOLIS, IND.—Recently appointed by Homer E. Capehart, chairman of the board of the Packard Manufacturing Corp., is C. D. Kemp as Packard's Regional Sales Manager for the Denver area. Kemp is a veteran of the Capehart Corporation for whom he was the Denver district manager. Following his discharge from the armed forces he was connected for a time with Aireon. He resigned from Aireon to take the Packard post. He is in charge of Colorado, Utah, Arizona, Southern Idaho, Wyoming and Western Nebraska.

MACON, GEORGIA

Reports 7½¢ Coin Only Solution After Testing 10¢ Play

CATERSVILLE, GA.—W. C. Wallace of the Wallace Novelty Co., this city, has some interesting observations to make regarding *The Cash Box* survey as to whether: 1) 10c, 3 for 25c play; 2) 7½c Coin, or: 3) 5c play plus a \$10 weekly guarantee; was best for the music machine operator.

Wallace writes *The Cash Box*, "The 7½c coin seems to be the only one of the three methods that would be mutually acceptable among operators working in the same territory.

"For instance, I put some of my phonographs on 10c, 3 for 25c play. This didn't suit the locations or their patrons. I had to return to 5c play because other operators in my territory were willing to install the machines on 5c play which the locations insisted on.

"The same conditions would exist if I required a \$10 guarantee. Another operator would install a machine and would not require it.

"I am sure, tho, that my competition would be willing to settle for 7½c play."

Urges Meet At Show To Take Up Question Of Parts Sales

ST. LOUIS, MO.—Carl Trippe of Ideal Novelty Company, this city, one of the Nation's leading distributors, urges that wholesalers get together at the forthcoming Coin Machine Industries, Inc., national convention in February at the Hotel Sherman, Chicago, to discuss the problem of parts sales.

Trippe believes that at the present time the sales of parts are lagging behind for, as he states, "It just doesn't pay to sell parts at the present markup, especially when packing and shipping are taken under consideration."

He claims that in all other businesses the sales of parts are a very definite and integral part of merchandising equipment. He claims that these other industries make this profitable to their distributors and therefore their retailers are better serviced and the public benefits all around.

He believes that this would be the same case in the coin machine industry if the distributors were to be given their proper percentage. If the distributors earn a decent profit on parts, he claims, they will better serve the operators and all the industry will benefit.

He says, "One big manufacturer expects us to handle his parts at a 10% markup. That doesn't even pay the express and C.O.D. charges coming in."

He says, "We think that this is one problem which should be taken up with all the manufacturers at the forthcoming convention in February."

HAMMERGREN TELLS WURLITZER 10¢ PROGRAM

Complete Follow Up Campaign to Ops and Location Owners Planned

M. G. (MIKE) HAMMERGREN

NO. TONAWANDA, N. Y. — In advance of the trade announcement that Wurlitzer is going all out for a 3 for 25c — 10c price, news items appeared in the November 20th editions of practically every newspaper in the country. This news release gave the public detailed information on the increased cost of providing phonograph music and indicated that a price increase was likely. The same story was carried by most of the radio stations.

This announcement was "hot" news. In many instances it was given front-page position. Leading columnists in New York, Chicago and other metropolitan centers featured it. Papers, such as the New York Daily News, with the world's largest circulation, devoted a special cartoon to the idea. The Daily News cartoon depicted a phonograph as a man with arms outstretched, captioned "Brother, can you spare a dime?"

On Friday and Saturday, November 22nd and 23rd, another story, describing the impending price rise in the phonograph business as the most complex re-pricing operation in the history of merchandising, appeared in hundreds of newspapers across the country. In this release, M. G. Hammergren, Vice President and Director of Sales of the Wurlitzer Company, pointed out that the changing of phonographs to play three records for a quarter, 10c for a single play, is a physical job of staggering proportions.

He said, "Service employees of Wurlitzer Music Merchants must convert the mechanism of some one million separate phonographs and remote control boxes. This involves the development of special conversion kits, not only for Wurlitzer equipment, but for every other make of phonograph and wall box still in operation by Music Merchants. It is a project that will probably extend over a period of many months." He contrasted the problem with the simple procedure involved when the price is increased for any other product or service, such as soap, a food product, home appliances, gas or elec-

"HAMMERGREN"

Continued from Page 41

tricity, which merely entails a simple announcement of the new price effective on a given date.

On Monday and Tuesday, November 25th and 26th, simultaneous with the first trade announcement, newspapers and radio stations carried the story of the *fait accompli*. This story informed the public, which had already been prepared for the news, that the move had actually been made. Accompanying this announcement was a memorandum to editors suggesting that they contact the local Wurlitzer distributor for additional local angles. The distributors were furnished a release and advised to get in touch with the local editors.

These were the opening guns in a far-reaching publicity campaign that will include photographs and statements from the top recordings personalities — public opinion polls to evaluate the reaction of juke box patrons to the price increase, and other approaches that will break down the resistance of John Q. Public to the new prices and hasten the time when 3 for 25c, 10c for a single play, will be accepted as a matter of course.

In addition to publicity to the general public, Wurlitzer executives gave consideration to the idea of furnishing operators with newspaper mats explaining the price increase, which they could run individually or as a group in local newspapers — also analyzing the value of signs and table cards in locations explaining the reasons for the price increase to the public. Although these methods may be tried out later in certain localities, present opinion is that such advertising would do more harm than good. Instead, Wurlitzer officials feel that the publicity news items, proper handling of complaining customers by the location owner's employees, and stickers on the phonograph itself, displaying the new prices, will accomplish the best results. Incidentally, the new stickers for the phonograph will read, "3 plays for 25c, 1 play for 10c," thereby putting the emphasis on the quarter and not on the dime.

In addition to publicity directed to the public, Wurlitzer's program for promoting the new prices provides for an extensive publicity campaign in tavern, restaurant and drug store publications. These releases will explain to bartenders, waitresses and other employees, the reasons for the new prices and will point out how they can cooperate to help the "boss" quickly accustom his customers to the price increase.

Advertisements and constructive, helpful articles will also appear in the various coin machine papers. Here the objective will be to impress phonograph operators in general with the economic reasons behind the new prices and to enlist their cooperation so that a united front can be made for the good of the industry as a whole.

A definite and one of the most important parts of Wurlitzer's price conversion program which has been in the making for months, will be the policy on the part of Wurlitzer distributors to cooperate with all operators who desire to convert their equipment over to the new prices, regardless of what makes of phono-

graphs or wall boxes they operate. As soon as conversion kits come through in quantities in excess of the needs of Wurlitzer Music Merchants, they will be made available to all other operators on a non-profit basis, so that the changeover program can be effected as quickly as possible for the benefit of all.

To help pave the way for the price change, Wurlitzer operators are being furnished with letters and literature that can be mailed to location owners. A booklet is also being issued for use by all Wurlitzer Music Merchants, their collectors and service men. It will portray in simple, easy to understand, pictograph and chart form the reasons for the price increase. This booklet will be used to present the story to location owners. It will show the location owner what to expect and prove to him that his phonograph profits will be higher, once his customers are accustomed to the new scale of prices.

"Our experience has shown us," said Mr. Hammergren, "that the location owner will get quite a few complaints when the new prices first go into effect. We prepare him for this — tell him just how to handle these complaints by explaining to his customers why the new prices are fair.

"In addition to this booklet, we are also providing a circular for distribution to location employees at the time the changeover is made. A location's employees are important cogs in the wheel," said Mr. Hammergren, "and this circular will prevail upon them to back up the new prices, instead of agreeing with customers who complain that they are too high.

"After the changeover has been

made, some location owners may be inclined to weaken. To keep up their courage until the public has had time to reconcile itself to the new prices, our Music Merchants follow up each installation with letters designed to keep the owner happy until the plan has had time to work itself out to a successful conclusion."

In commenting on the overall program, Mr. Hammergren said, "We feel that this is one of the most complete price conversion programs ever conceived in any industry. Nothing has been left to chance. Realizing the importance of a nationwide publicity campaign to prepare the public for and reconcile them to the new prices, we authorized our advertising agency, Landsheft, Inc., to retain the public relations firm of Tracy-Robinson, Inc., to handle this part of the work. Among the recent achievements of Tracy-Robinson was the widespread publicity they obtained on the maiden voyage of the Queen Elizabeth as the world's largest passenger liner.

"Measured by sheer yardage of clippings alone, Tracy-Robinson pulled a publicist's coup on the Queen Elizabeth, and in relation to the relative news interest of the juke box price increase, I feel that they will do an equally commendable job for the phonograph industry.

"In inaugurating this program, while we expect to be the chief beneficiaries simply because there are more Wurlitzer juke boxes in locations than all other makes combined, we feel that our program will be of proportionate benefit to every other manufacturer, distributor and operator in the industry."

Claims 10¢ Play Is Holding Collections Up Over 5¢ Action

PASSAIC, N. J. — Manny Ehrenfeld of Telemusic Service, this city, notified *The Cash Box* this week that he was extremely enthusiastic over the way that phono manufacturers were stimulating the change to 10c, 3 for 25c play.

"You can tell the trade for me", Mannie reported, "that even last week our collections on 10c, 3 for 25c play, were \$50 above what our average used to be on 5c play." Ehrenfeld changed his entire route over to 10c, 3 for 25c play on June 1, 1946. (The story appeared at the time in *The Cash Box*.)

He also stated, "Tho collections are down everywhere in the country, ours continue to go up. We are getting more quarters in our machines than we ever did before in all our long history in this business. The operators should all swing over. It's the best thing they can do today."

He also said, "Everyone in the industry should compliment *The Cash Box* on the hard work you did to convince operators to change to a better commission basis. I sure am happy to see the manufacturers following your principles."

Ex G.I.'s Disappoint St. Louis Coinmen

By Bert Merrill

St. Louis Office of The Cash Box

ST. LOUIS, MO.—It looks as though the shortage of trained mechanics, operators and other employees in coin machine circles will continue to be the chief problem of the industry into 1947, according to a report of St. Louis distributors and large-scale operators.

The anticipated use of military veterans has fallen far short of requirements, according to a consensus of half a dozen distributors. Although each of the distributors has offered to co-operate with the Veterans Administration in the setting up of apprentice-training programs under the G.I. Bill of Rights, and offered attractive salaries and hour arrangements, there have not been sufficient applications to meet the demand for more service work.

"The average veteran is finding pay scales and working hours far less to his liking than he originally expected when coming out of the service," one distributor pointed out, "I believe that too many of them have been fooled by stories of \$110 a week defense-plant jobs, and are inclined to search farther before accepting training as a coin machine mechanic or operator. At least 2/3 of the applications we are receiving for such work are from veterans, who, however, fail to re-appear for working out the final details."

Another St. Louis distributor, to put it frankly, indicated considerable dissatisfaction and disappointment with veteran training. "We have had three different men on the staff under the G.I. Bill of Rights," this distributor pointed out, "but all three demonstrated little liking for the complex job of tracing electrical circuits, installing fuses, or the heavy work of moving phonographs and pin tables around the shop. Each one of the men was chosen for previous experience with radio operation, or service with the signal corps during the war but, apparently, they would prefer to do something else. In almost every case, the complaint has been too small pay, although we are already paying up to the legal hilt, and have done everything possible to make working hours pleasant. With subsistence payments, our veteran trainees have made anywhere from \$45 to \$100 a month more than was possible before the war."

Still another distributor reports better progress through detailing two of his ex-G.I. trainees as coin machine salesmen, two as mechanics and another as an actual operator—out making contacts, ferreting new locations, etc. "I simply gave every man whatever job he most desired," he said. "In that way, I found that there is no resentment on the part of the man toward his duties. We cannot expect to get full co-operation and real service from a man who feels that he is worth far more money than

Ex G.I.'s Disappoint

(Continued)

he is being paid, and is generally disgruntled with civilian life after leaving military service. So we've done everything possible for each man to select the kind of work he wishes, and hope that all of them will stay with us."

Smaller distributors, coin machine operators, etc., have nearly all experimented with ex-G.I. help in one form or another. In all cases, the report was a sullen lack of co-operation, and a more or less perverse attitude on the part of men who feel that "the government owes me more than this." However, now that the 52-20 Club—composed of veterans receiving \$20 a week unemployment compensation for 52 weeks—is being cut down by chopping off the rolls those who refuse to accept recommended work, a larger supply of help is anticipated.

In almost every case, G.I. trainees have been selected for youth and willingness to learn. "There will be a lot of new blood in the industry in the very near future," one prominent distributor pointed out. "For as fast as these fellows learn the business, and become established in it, the chances are that they will become either operators or full-time servicemen themselves."

Ballet Impresario Calls Juke Box Jazz Crime Music

PHILADELPHIA, PA.—In an interview granted the press here, S. Hurok (who is reported to have peddled shoe laces here in 1906) claims that juke box jazz makes husbands murder their wives, inspires suicides and holdups and swells the crime waves generally.

Hurok, who introduced the Original Ballet Russe to this country, also stated, according to newspaper accounts, "I would like to see city, state and government everywhere subsidize the ballet theatre—tax the people so that they can see more ballet. I would like to see a Minister of Fine Arts appointed."

Regarding juke boxes he stated, "Bad jazz, added to high-balls and a smoky room — they make crime. Good music," he is reported to have said, "gives an illusion — makes people good-hearted."

Hurok, who has returned from a six months visit to Europe, claims that the Parisians have abandoned jazz in favor of sentimental music. "That kind of music," he said, "makes you love everybody — your own wife or somebody else's."

It was noted by the press that Hurok now owns mansions in both New York and Beverly Hills which, he claims, came from his work as an impresario.

Another Highschool Finds Juke Boxes Popular At Lunchtime

FREEPORT, N. Y.—At the Baldwin Highschool here, Mortimer Leonard, faculty manager of the four lunch periods the pupils have, stated, "Our pupils prefer croon to boogie-woogie while munching on peanut butter sandwiches."

According to Arthur Lynip, principal, "There is greater quiet and a more relaxed atmosphere in the dining hall since we've had music with our meals."

Students here are dining to juke box music furnished and sponsored by the General Organization.

Another Highschool which found juke box music very outstanding for continuing greater attendance and keeping students interested in school was the Orange High School of Orange, N. J.

Juke box ops are now making it their business to install machines in high schools. Even tho the profits aren't very great the results have helped them tremendously.

ASCAP STARTS AFTER JUKE BOX BIZ TO COLLECT ON COPYRIGHT

CISAC Convention in Washington Blasts U. S. Gov't for Allowing Free Use of Music in Jukes

Canadian Gov't Comes in for Blast, Too

NEW YORK — The International Confederation of Authors and Publishers met in Washington, D. C. last month where they spent five hectic days in convention discussing various problems. ASCAP (American Society of Composers, Authors and Publishers) acted as host to the International Confederation.

The one and only and important decision arrived at during the long session of speeches and proposals was that juke boxes should be forced to pay ASCAP as well as the International Confederation for the use of copyrighted music.

The speakers, on this subject, blasted the U.S. Government for alleged failure to protect the rights of authors and publishers in allowing the free use of music in juke boxes. The International Confederation recommended that immediate action be taken.

Delegates from Italy, Uruguay, Brazil and Argentina are reported to have hotly assailed the U. S. as "a nation out of step with the new world". They claimed that the U.S. appropriated property of citizens of other countries and gave "commercial enterprises free access to these works for personal gain".

One angry delegate is reported to have stated, "Any law which says an author can have an exclusive right to publicly perform copyrighted work in one paragraph and in the next say the performance of a coin operated machine is not a public performance is not only not understandable but is unfriendly".

CISAC delegates passed a similar resolution that action be taken protesting the section of the Canadian copyright laws which restrict rights of authors and publishers on all mechanical uses of their works. This distinctly bars composers from collecting for juke box use of their music.

This meet would not have been important to the cointrade, except for the fact that it once again re-echoes certain yearnings of such organizations as ASCAP to gather more coin into their treasury by taxing the juke box industry, except for the fact that, as all the trade has been advised for many months in the past by *The Cash Box*—that the Buckley Bill is still in the House of Representatives in Washington, D.C., and, tho lying dormant at present, may yet be brought to the fore; as well as the bill shelved in the Senate which also would tax coin operated music equipment for use of copyrighted music.

There is no doubt, after this five day convention of the International Confederation, that ASCAP will once gain start out on the path to change the copyright law and will attempt by every possible means to force every juke box to pay a license fee for use of its copyrighted music.

Rumblings have been heard in the trade time and again. But, it seems that the industry has once again been lulled into a state of lethargy and, once *The Cash Box* halted its warnings, is now wide open for the attack by ASCAP to make it pay a new kind of taxation.

So far, ASCAP, has been twice defeated in the Courts here in the U.S. In Canada a victory was won after taking the case all the way up to the Privy Council in London, England.

Whatever attempts will be made, after passage of the resolution at this International Confederation convention, no one as yet knows. But, it is up to every member of this automatic music industry to keep eyes and ears wide open and immediately report any attempt which may be made. This will come sooner than expected.

MGA Boost Hayes Play As Outstanding Public Relations

NEWARK, N. J.—MGA (Music Guild of America) in its latest bulletin reported that all music coinmen should see "Happy Birthday", the play in which Helen Hayes is now starring on Broadway, because of the fact that it points such good public relations effort for juke boxes generally.

LeRoy Stein, director of MGA, writes, "... those engaged in the music business can no longer afford to bury their heads in the proverbial manner of the ostrich. The juke box has become a national institution. It is noticed by men in every walk of life. Thousands of people will see 'Happy Birthday' and they will be influenced by it. It is up to us in the industry to carry on our program of public relations with fervor and understanding."

MGA are boosters of all good public relations work to better the automatic music business and have been urging all their members to intensify their efforts.

Portland Dentists Use Wired Music

PORTLAND, ORE. — General Music Service here is reported to be doing a very fine job of piping soft music into dentists offices in this city.

John Eagan, one of the General execs, reported to the press that "the type of music selected is an important factor in the success of the service."

He explains that jive and jump numbers are not considered very "soothing" for someone with an aching molar. Instead, the firm spins "sweet" music for the dental parlors.

Many coinmen thruout the country who have started studios for non-selective and wired telephone music are now turning to selling doctors' and dentists' piped music and are finding this a very profitable field.

Telomatic, Inc., N. J., have been offering the sale of this sort of piped music thru the system which they have been advertising to the trade.

CMI Public Relations Chief Agrees Code Of Ethics Needed

By JAMES T. MANGAN
Chief, CMI Public Relations Bureau
CHICAGO—James T. (Jim) Mangan, Chief of the Public Relations Bureau of Coin Machine Industries, Inc. (CMI) wrote the following letter to *The Cash Box* this past week.

"My sincere compliments to you on the deep and appropriate thinking contained in your article, page 3 of the November 18th issue

"I agree completely with your idea that a Code of Ethics for the entire coin machine industry must eventually be developed and can assure you that we, on the public relations staff of Coin Machine Industries,

Incorporated, are going to give this plan a lot of study. Any further suggestions which you may have will be eagerly received."

The editorial which appeared on page 3 of the November 18 issue referring to a "Code of Ethics" for the coin machine industry was based on the work which had already been done by the Outboard Motor Manufacturers Assn. Like the suggestion that a "Public Relations Bureau" be created for the industry *The Cash Box* again urges that a "Code of Ethics" be adopted for all

In regard to the article which appeared on page 4 of the November 18 issue of *The Cash Box* entitled, "How To Get Taxed" Mangan wrote the following to *The Cash Box*, "On page four of *The Cash Box*, November 18, 1946, you have printed one of the most opposite and significant articles ever to appear in any coin machine magazine. My compliments to you on taking this stand in this article.

"I want you to know that CMI is always ready to receive public relations suggestions from *The Cash Box*."

Of the

Music Op Offers New Idea For 10¢ Phono Play

Suggests Leaving Coin Chutes As They Are On Phonos To Simplify Conversion

CHICAGO — DeWitt (Doc) Eaton, vice president and general salesman-ager of AMI, Inc., this city, reports that Roy Bangs of Little Rock, Ark., in his estimation, has a very unique suggestion for the initial conversion of automatic phonos to 10c play.

Bangs suggests that present coin chutes be left exactly as they are on the juke boxes but that the set-up units be changed so that:

- (1) Two nickels would be required for one record.
- (2) A dime would play one record.
- (3) A quarter would play five records.

Bangs is reported to have told Eaton, "One record for a dime and five records for 25c would be readily accepted by the public who are used to the wholesale price scheme of one for a nickel, three for a dime, in the purchase of candy bars and chewing gum and other merchandise items. In addition, it is a gradual move toward 10c play and the over-play which would develop would prove very profitable."

Hankins Celebrate 25th Wedding Anniversary

ATLANTA, GA.—The above pictures were snapped at the Silver Wedding Anniversary party of Mr. and Mrs. Morris Hankin given at the Mayfair Club in this city.

Left to right in top pic: Mrs. Yetta Weinberg, Mrs. Arthur Weinberg, Mr. Arnold Feldman (Hankin's son-in-law who heads Atlanta Cigarette Service); Mr. and Mrs. Morris Hankin, Mrs. Natalie Feldman, Mr. Arthur Weinberg and Harlean Hankin, youngest daughter of the Hankins.

Left to right in bottom pic: Wm.

B. Rankin of International Muto-scope; Ben Smith of the DePerri Ad-vertising Agency; Jack Lovelady, partner of Morris Hankin; Lou Koren of the Distributing Corp. of Illinois; the ladies: Mrs. Lou Koren, Mrs. Jack Lovelady; Mrs. Ben Smith and Mrs. Wm. Rabkin.

Those present agreed that this was one of the most gala affairs ever yet given at the well known Mayfair Club in this city. The Hankins were complimented by noted coin machine leaders from all over the nation.

An Operator Talks About Locations Owning Machines

By BRYAN E. EDWARDS
Radio & Elec. Ser., Douglas, Wyo.

"A few days ago we read an article wherein some operator said that operators who complained about location ownership just were not the best operators. That they should be salesmen enough to overcome such things. This could be correct but I have never quite shared this opinion. I have, on occasion, been able to deal with some locations on a salesmanship basis and firmly believe that they have never afterward been sorry.

"We are continually approached by locations wanting to buy and we know of locations that manage to get on mailing lists as operators. Some of these I know will be buying. There are always distributors to sell them. I would like to bring up a line of thought that I quite thoroughly believe in and yet have never seen in print.

"Most location owned equipment is poorly maintained. It gives the public the idea that it is no good, making it harder for an operator to place the same type of machine. Take the saloon owner who is his own bartender and owns his juke box. A customer plays the machine and the owner spends fifteen to twenty minutes to get the thing operating for the customer. Then it blares out. Has a bad needle, worn record and plenty of hum. When the owner opens the cash box he congratulates himself on the money. He doesn't have to split with anyone. It's all his. He has not charged himself a penny for the time he lost from his bar. Or the drinks he might have sold. Or the customers that didn't come in. The money he got is all his (even if he put in half of it himself) and that seems to be all that matters.

"Yes, there is a selling job to be done here. A well serviced, late type machine, placed by a good operator, or any machine with good service and the best records, would bring and keep more than enough customers to make up more than the difference in the day's profits, even if the operator paid the location no commission at all.

"If this were not true there would not be any operators. The restaurant owner would milk his own cow and get his milk for almost nothing. Butcher his own meat. Bake his own bread. Why share his receipts with the butcher, and baker or the milkman? After all it is his restaurant. And the average proprietor is a lot better informed on how to do these things than he is to properly take care of such intricate equipment as a coin operated phonograph."

"You Can Always Depend On Active—All Ways"

Buys Aireons — Gets His Pic in Paper

RIVERHEAD, N. Y.—Joe de Cristofaro of this city, who just purchased a number of the new Aireon phonos, found that his picture appeared in the local press, the "Riverhead County-Review," advising the public that Joe was now operating Aireons

and completely describing the machine to its readers.

The newspaper also advised that the Aireons "have been placed in various locations in the Riverhead area".

An Operator Talks About Locations Owning Machines

By [Name] of [Location]

It is a common sight to see a man in a dark suit and a white shirt, with a white apron, standing in a room and holding a tray with a machine on it. This is the operator of a machine, and he is always ready to serve the customer. The operator is the one who takes care of the machine, and he is the one who makes sure that the machine is always in good working order. The operator is the one who is responsible for the machine, and he is the one who is always ready to help the customer.

The operator is the one who is always ready to help the customer. He is the one who is always ready to take care of the machine, and he is the one who is always ready to make sure that the machine is always in good working order. The operator is the one who is always ready to help the customer, and he is the one who is always ready to take care of the machine.

The operator is the one who is always ready to help the customer. He is the one who is always ready to take care of the machine, and he is the one who is always ready to make sure that the machine is always in good working order. The operator is the one who is always ready to help the customer, and he is the one who is always ready to take care of the machine.

Brilliant Named Michigan Distributors For Vogue Records

JOE BRILLIANT

DETROIT, MICH.—Joe Brilliant of Brilliant Music Company, this city, has been appointed distributors for the State of Michigan for Vogue Records.

These gorgeously colored picture records have clicked everywhere they have been presented, according to the firm, and now with distribution arranged directly thruout the entire state by Tom Saffedy of Vogue appointing Brilliant Music Co., the belief is that sales will be tremendously increased.

Joe Brilliant, who is also president of the Michigan Phonograph Owners Assn., is very well acquainted with the record business. Brilliant Music Company have been engaged in the sales of records for a great many years. They have a very close contact and relationship with leading record users thruout the entire State of Michigan.

According to Brilliant, "We have always wanted to handle the Vogue Records as distributors. Vogue Records are the most outstanding achievement in the record business. Not only are they new and different, but they are without any doubt, the most attractive record which has ever been presented to the public.

"We feel certain that from now on Vogue Records will be 'number one' in the entire state", he concluded.

Ops Assns On Radio Quiz Program

CLEVELAND, O.—Two of the best known music operators' associations in the nation will compete with each other on Monday evening, December 2 on the famous quiz program, "Quiz of Two Cities".

The associations which will be involved are the Michigan Phonograph Owners Association and the Ohio Phonograph Owners Association.

Joe Brilliant, president of the Michigan group will captain a team from Detroit and Jack Cohen, president of the Cleveland group will captain the Ohio team.

As yet they have no inkling of what the questions will be. The boys believe, tho, that they will probably be based on music in juke boxes

(Some months ago a Chicago juke box team won over a New York team on this same program. DeWitt (Doc) Eaton of AMI, Inc., vice-president and general salesman headed the Chicago team and Jack Mitnick of Runyon Sales Company captained the New York team.)

MGA Announces Date And Place of Annual Banquet

NEWARK, N. J. —LeRoy Stein, managing director of the Music Guild of America (MGA) announced this past week that the annual banquet of this association for the music operators of the State of New Jersey will be held in the Terrace Room in Newark on Wednesday, March 5, 1947.

The Terrace Room is one of the most outstanding dine and dance spots in this state. Being extremely large for it is located in the lower court of the Mosque Theatre Building here, the organization's executives believe that it will completely accommodate the large attendance expected for this first affair of MGA.

In addition to a sumptuous dinner which will be provided for those music coinmen, their wives, families and guests who will attend, there will be a large show composed of outstanding recording artists who will be in the Newark-New York area at the time and also other acts which will be provided for this gala occasion.

Dancing to one of the leading bands, which frequent the Terrace Room, will also be arranged and, according to some of the noted distributors here, recording bands in the vicinity will also be asked to take the stand and play their music for the entertainment of the music men.

This being the first annual affair of MGA, it is believed that it will attract the greatest attendance in the juke box history of New Jersey.

Service For Members**

LOS ANGELES, CAL. — A bulletin just issued by the Southern California Automatic Music Operators Assn., announces that 1811 W. Pico Blvd., this city, will now be permanent headquarters for the organization.

In addition, SCAMOA also announced a complete and very interesting list of "services" for its members.

By listing their operational area, any new leads that come in will be fed to ops in those areas from where the lead originates. Phono rentals will be arranged for ops. Used equipment for sale or for purchase will be listed on the association's bulletin board if the phono op can't find it at his jobber or distrib.

SCAMOA will also arrange with record firms for latest releases so ops can hear them before buying. The organization will also apply for licenses for its members. Members will also be allowed to use SCAMOA's headquarters for personal appointments or phone calls and for other needs.

E. Jay Bullock, who is managing director of SCAMOA, advises that he is anxious to work with all members to make operating as easy and pleasant as possible and offers complete cooperation of the entire organization's facilities at all times.

Feature New Mills Coca-Cola Vender at Hotel Show

NEW YORK — The Coca-Cola Company, 515 Madison Ave., this city, whose display at booth 7 at the Hotel show here attracted much attention featured the brand new change making Mills No. 120 Coca-Cola vender.

This new vender features a coin changer wherein the purchaser of a bottle of Coke can insert either 5c, 10c or 25c and get his bottle and change, all in one operation.

Tho the Coca-Cola Company is restricted to only 60% of its 1941 production it is believed that it will be able to alleviate this shortage before the latter part of 1947.

The new Mills No. 120 vender attracted a great deal of interest

Jack Williams Urges 5¢ Play Continue But On New Basis

DENVER, COLO.—Jack Williams of the Capitol Sales Company, this city, noted juke box ops, reported to *The Cash Box* this past week that, "The juke box was born a five cent machine and that is as 'standard' as Ford is to an automobile."

He also stated, "Train the American people one way and then try to change them and the result is 'trouble'."

Williams offers a new angle to the phono operator which he believes will allow him to continue to play records for 5c each. His belief is that arrangement should be made with the location to first take expenses out of the machine and then split the balance on a 50%-50% basis with the merchant.

He writes, "No one can tell me that it is a 50-50 deal when all the location furnishes as his end of the bargain is the electric current for the machine. I say hell, no. The only way that the expenses, etc., can be set up is for a weekly guarantee to be paid by the location owner."

Williams' idea carries out the plan of a "front money guarantee" which was proposed time and time again by many noted music ops who are now using this method to assure covering overhead expense of their equipment prior to dividing whatever balance remains of each collection.

He makes it much simpler, tho, by suggesting that the operator advise the location that "expenses must come out of the machine first" and then split the balance.

This may help many operators who desire a method to arrange for a "front money guarantee" with the location owner.

Not only can they show what their actual expenses are by whatever new records, bulbs, tubes, needles, parts, etc., they place in the phono at collection time, but also deduct expenses which the merchant has undergone such as electric current and rental for the space. Then the balance of the collection would be equally divided between op and retailer.

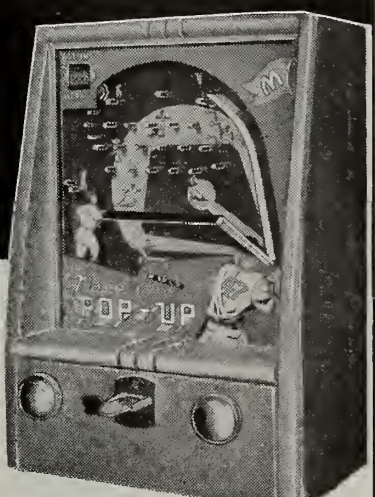

Claims Confections As Popular As The Pictures To Theatres in U. S.

KANSAS CITY, MO.—"Box Office" magazine, spokesman for the moving picture industry, reported in its November issue that, "The big news in confection vending these days is that just about everybody in theatre business has awakened to the fact that candy and popcorn are as popular as the pictures themselves."

This publication reports that there is now a rush on among theatres everywhere to get the necessary

equipment, labor, etc. to engage in the vending of all sorts of confections for this has been found to be one of the most profitable incidentals to the theatre business.

The "candy bars" which are seen in the "Class A" houses, according to this magazine are a development over a period of time when the theatres weren't too anxious to use confections as a part of their business.

N. J. Newspaper Urges Schools to Feature "Canteens" With Juke Boxes to Solve Juvenile Delinquency

UNION CITY, N. J.—In an editorial in its November 14 issue the "Hudson Dispatch" leading newspaper here, urged that "Canteens" be set up everywhere in this community to help solve the problem of juvenile delinquency.

The editorial stated, "Supervised canteens, where soft drinks are sold at cost, and juke boxes providing the music for impromptu dancing in the afternoon or early evening would be 'just super'."

The editorial goes on to state, "What wholesome recreation if each school could operate such a canteen for a couple of hours in the afternoon or early evening."

Reporting on the fact that certain counties have arranged for complete programs of competitive sports this paper stated, "That's a big undertaking that will probably not provide thoroly for the particular kind of entertainment that the bobby-soxers want."

This paper urges that "canteens" of the kind mentioned above be set up instead where the boys and girls can dance to juke box music and where they can buy soft drinks at cost and enjoy themselves generally.

As is already known many high schools in this state have installed juke boxes in their gyms so that the pupils can dance during lunch hours. These have clicked so well that they have boosted attendance and have pleased the teachers and the principals of the schools alike.

The idea is spreading and more and more music operators will find it easier to install juke boxes in high school gyms where, even tho collections are not of the highest, they will win much good publicity for themselves in their communities.

THOUGHTS for THIS WEEK

- Some men spend so much time dreaming of tomorrow and regretting yesterday, that they have no time to do anything today.
- Time is money and one should be saved as well as the other.
- Three of the most profitable operators' machines ever built: PHOTOMATIC, VOICE-O-GRAPH, ATOMIC BOMBER.

Recording Stars to Attend N. Y. Packard Showing

HOMER E. CAPEHART

NEW YORK — Joe Eisen announced this past week that, "In addition to every noted recording star now in New York, Homer E. Capehart, chairman of the board of Packard Manufacturing Corp. has promised to attend our New York showing of the new Packard Pla-Mor phono, as also have many notables in the coin machine industry."

The firm will show the Packard-Pla-Mor phono to the music trade here on December 6 and 7 at their showrooms at 710 - 12th Ave., this city. Hosts for the occasion will be Sid Mittelman, Phil Mason and Buddy Eisen as well as Joe A. Darwin, regional director for Packard in this area.

THE FOOT WAR - BALL GAME

The Foot War is a game of skill and strategy. It is played on a rectangular field, and the objective is to kick the ball into the opponent's goal. The game is played in two halves, and the team that scores the most goals wins.

The game is played with a ball that is about the size of a football. The players use their feet to kick the ball, and they can also use their hands to catch or throw it. The game is played in a similar fashion to soccer, but with a few key differences.

In the Foot War, the players are not allowed to touch the ball with their hands, except when they are catching or throwing it. This makes the game more challenging, as the players must use their feet to control the ball.

This is a fun and exciting game that is suitable for all ages. It is a great way to get some exercise and to have a good time with your friends.

AIREON REACHES 10,000 MARK

KANSAS CITY, KANS. — R. C. Walker, President of Aireon Manufacturing Corp. today commended Joseph Bush, Works Manager, for outstanding performance as the 10,000th electronic phono rolled off the production line at the company's plant in Fairfax just six months after the first phonograph was completed.

Bush gave much credit to the loyalty and persistent efforts of Aireon production personnel for the achievement.

In late May production of Aireon's electronic phonographs in substantial quantities began but it was found necessary to reduce schedules because of material shortages. During September a manufacturing schedule of 1,500 units a month became effective, past experience indicating that is the maximum number for which parts can be procured to assure continuous production.

Don't Forget To Mention "I Saw It In THE CASH BOX"

ST. LOUIS MUSIC OPS CHANGE TO 10¢ PLAY

St. Louis Newspapers Give News Headlines. Change Goes in Nov. 25. Location Owners Notified. All Phono Distribs Cooperate on Change.

By Special Wire from Bert Merrill, St. Louis Office of The Cash Box

ST. LOUIS, MO. Despite general decision of the Missouri Amusement Association to stick to 5c play at the last regular meeting, economic conditions have dictated establishment of 10c phonograph play, it was announced November 25.

The news, coming as a complete surprise, will affect over 6,000 phonos in this area. Actual announcement was made via the St. Louis newspapers. They felt the change important enough to rate first page headlines in all three metropolitan dailies.

Customers were warned that the night of the 25th was the last day that Frank Sinatra or Bing Crosby could be enjoyed at five cents. "But the melody lovers will have to hurry, for just as soon as mechanics can get around, the juke boxes will have new slots, in which only a dime or a quarter will fit," the Globe Democrat reported.

Murphy Distributing Co., Ideal Novelty Co., Brandt and Olive Novelty Co. announced simultaneously that they hated to make the change, forestalling immediate complaints from irate location owners. Letters to location owners explained that the cost of manufacture and maintenance have grown so large, while the nickel steadily depreciates in value, that it was necessary to make the change.

Ray E. Padfield, local manager for the Brandt Company, Wurlitzer distributors, summed up the attitude of his fellow distributors with the statement, "Our phonographs will all be on the 10c coin basis before Xmas. We have been unable to pay operating costs on 5c play and it is either a matter of removing the machines or increasing the cost of play."

Padfield, who is closely connected with more than 2500 locations in the St. Louis area, pointed out that the field for juke box use is growing. Church clubs have installed phonographs instead of timeworn pianos. Beauty parlors are placing them within the range of hair drier and treatment rooms.

A St. Louis consumer group announced that its members will not pay ten cents "to hear any music ever put on records". Location owners watched their customer's reaction with apprehension.

Typical location owner comment was, "This thing can't last forever, with salaries going down and strikes crippling income all over the country. We hope that the 10c play will be only a temporary measure, because a lot of our customers won't spend 10c to play any but the most popular numbers."

Several location owners hurriedly queried by *The Cash Box* stated themselves in favor of three-for-a-quarter play, but felt that the 100% jump was "too much".

IT'S WHAT'S IN "THE CASH BOX" THAT COUNTS

SEEBURG BACKS 5¢ PHONO PLAY

Adopt Slogan "5¢ Play For The Masses". Nationwide News Release to Press. Two Year Program Planned.

Show Model I47 at Distrib National Meeting

CHICAGO — Concurrently with the showing of their new Model 1-47 at a national meeting of their distributors here this past week, the J. P. Seeburg Corp. also announced their intention to back continuation of 5c juke box play. A national press release was made in this regard with the slogan, "5c Play For The Masses".

The firm have made complete arrangements to back this with a two year plan. All Seeburg distribs have received complete data regarding the plan as well as the news release which went to all the nation's leading papers and news services this past week.

The new Model 1-47, it was reported, will have more light-up features than the present Model 1-46 but will be along the same lines as the 1-46 with conversions for operators who want more lights on their present 1-46 so that their present machine will become a 1-47 by the addition of this conversion. The plan is to continue this into 1948, it was stated, and therefore the Model 1-46 will actually become a three year machine.

This long pull, two year program, is extremely interesting to all the trade, it was said, for it keeps present equipment at the 5c per play price with new ideas developed whereby the operator has a much longer period in which to amortize his equipment and also be assured that he will continue to get profits from his operation.

Harlich Steps Up Production

CHICAGO—Manny Gutterman director of sales for Harlich Manufacturing Company, this city, sounded an optimistic note this past week in discussing the plans and developments now in execution.

The new plant, located at 1200 No. Homan Avenue, has permitted streamlining in all phases and Gutterman states, "Production now definitely on the up-grade."

He also added, "Sensational new numbers will shortly be revealed in a constant flow from the new plant. Originals of various designs are in store for the punchboard trade that wants the most novel in color and design as well as fast moving, profit making merchandise."

Sensing the trend most favorable to the operators, Gutterman states, "Harlich boards of the future will rival in appearance, play and profit anything that has ever been devised. Money boards of all descriptions seem to be in demand and being well attuned to the requirements, Harlich Manufacturing Company is concentrating its major efforts along the money board line and emphasizing the salient points to its sales force and operators."

Gutterman reported that the correlated efforts of all departments will result in rapid distribution on the new Harlich lines.

N. Y. Music Ops Assn. Reelect All Officers

Complete Report Of Year's Work And New Bond Made

ALBERT S. DENVER

NEW YORK — The annual meeting of the membership of AMOA (Automatic Music Operators Association) held this past Tuesday, November 26, proved to be the most eventful in the ten years existence of this organization. A capacity gathering, representing approximately 130 firms attended.

Al Denver was re-elected to the presidency by acclamation. All other officers as well as the members of the Board of Directors were also re-elected. Charles Bernoff remains as Vice-President, Sol Trella as Secretary and Harry Wasserman as Treasurer. Members of the board re-elected were: William Goetz, William Alberg, William Levy, Albert Bod-

SIDNEY H. LEVINE

kin, and Louis Hirsh. Louis Herman was elected as an additional member of the board.

The meet was highlighted by an excellent annual report from Al Denver. This reviewed the growth of the association and the strength gained by its progressive steps.

Another highlight was the talk by Sidney H. Levine, association attorney. Levine explained the history of the new performance bond—how it was obtained after long years of effort — and how the operators will gain greatly thru elimination of unfair competition. This bond is underwritten by one of the large national insurance companies, with the association the beneficiary in the event the terms are broken. Levine was able to obtain the bond underwriting by defying the insurance company to show any industry with a comparable record for outstanding and clean

methods of business and membership.

Jim Healy, Emby Distributing Co. representative, urged the membership to re-elect all of the old administration, praising the association and its attorney and claimed it has become the best and strongest music organization in the country, so much so, that it has won the administration and respect of the Rudolph Wurlitzer Co.

Lee Rubिनow, former president, now Seeburg distributor with headquarters in Miami Beach, Fla., was present and heard Levine praise his fine efforts when he was the association's top executive. Levine pointed out that AMOA's new president, Al Denver, has instigated many new improvements and plans and, during his tenure of office, the association has become more powerful than ever.

Announce New Cathode Ray Servicing Unit For Electronic Equipment

BROOKLYN, N. Y. — Ed Hartman and Joe Henkle, Allied Electronics Company, Inc., have developed a new service instrument for music operators called the "Portoscope" which is now being delivered to the trade.

Hartman explains "The heart of the 'Portoscope' is a cathode ray tube used in radar equipment developed during the war. The tube has also proven a great aid in the rapid servicing of numerous types of electronic equipment. We developed this instrument in order to make cathode ray servicing practical for juke boxes on location. It is light, compact and economical in cost. It's within the reach of every music machine serviceman.

"It is simple in operation" continues Hartman "and shows a visual picture of the performance of phonograph pick-ups, amplifiers, speakers, etc. Thru the use of 'Portoscope', time required in trouble shooting is reduced to a minimum. Many defects in equipment, difficult to locate otherwise, can be immediately isolated, making it easier for the serviceman to maintain the equipment in first class order."

Allied Electronics announce the continued manufacture of "Ultravox Automatic Record Volume Leveller" for which there is growing demand from music operators thruout the country, they report.

Shulman Tells About No Service Phono

DENVER, COLO.—L. D. Shulman of Modern Distributing Co., this city, Rock-Ola distributor, announced this past week (and sent photos and complete record to back up his statements) that the new Model 1422 Rockola phono placed in "Tommy's Cafe", this city, has now played 36,525 times without a service call.

According to Shulman, "We placed this new model 1422 Rock-Ola in Tommy's Cafe on May 6, 1946 and to date it has had 36,525 plays, an average of over 1,500 plays per week, without a single service call.

"In fact", he continues, "the machine is still playing and there are many plays which have been going on since this writing which we haven't recorded."

Gutshall Shows Packard Phono Dec. 6

LOS ANGELES, CAL.—Jack Gutshall of the Jack Gutshall Distributing Co., with headquarters in this city, will show the new Packard Plam-Mor Phonograph Model 7 at his showrooms on December 6.

Gutshall has invited all music coinmen in this area to the showing. He reports that he will have a number of surprises for all music operators regarding this new phono and will also point the way to the biggest profits possible with automatic music.

"You can tell the trade for me", Gutshall said, "that we are going to prepare some really terrific surprises for everyone on the new Packard phonograph."

THRU THE COIN CHUTE

CHICAGO CHATTER

Music men here talking about 10c play (as given plenty of space by the press due to a news release from Wurlitzer) and many of the belief that this is practical. Then along comes fact that Seeburg believes 5c should remain the juke box coin—and music men are puzzled. Some for and some against. It sure will be interesting to watch just what does happen. In the meantime we do know that ops must get more coin from their equipment to continue profitable operations. So whatever method adopted, as long as the boys are going to show a profit—is okay by us.

* * * * *

Not too many visitors around this past week. Most of the boys spending their Thanksgiving holiday at home. And all giving thanks, too, to be in this grand business—which keeps right on going—strikes or no strikes—good times and bad times . . . Did see H. Fife of Kanakee in town . . . Also Jack Woods of Des Moines, Ia. was around . . . Vince Schwénoa of Lincoln, Ill. pulled into town for a few hours . . . C. R. Wells of Decatur, Ill. called on Atlas . . . Bill Jensen of Princeton, Ill. came around to see what could be seen . . . F. B. Ford of Decatur, Ill. also called to buy some equipment . . . Hear that Barney (Shugy) Sugerman and Abe Green of Runyon Sales Co., New York, both back from Hot Springs, are expected in town this week.

* * * * *

Gil Kitt of Empire Coin Mach. Exch. on pins and needles waiting for tenants to vacate the building he purchased so that he can move in and make this the most outstanding coin headquarters in the nation. Gil has some mighty fine ideas regarding what a coin machine distributing palace should look like and is out to make the boys gasp at his new spot—when completed . . . Ideal Music Co. and the Distributing Corp. of Illinois merge. This puts two of the big music ops in Chi together and the boys will once again have a really large route to talk about. Am waiting for Max Berenson and Lou Koren to give me all the details . . . Morrie Ginsberg of Atlas takes his family down to Florida to open his winter home there and will spend a few weeks. On his return Eddie Ginsberg intends to go down for the balance of the winter.

* * * * *

Lew Terry's wife and son leave for Florida to spend the winter and, in the meantime, Lew is deep in plans for something new. As soon as he is able to take over the extra floor space already arranged for—work will go right ahead on these new plans . . . Mary Baron, very attractive and brilliant secretary to Al (Bell Products) Sebring, announces that she is retiring. Her soldier husband returned about a year ago and Mary now plans to devote her time to keeping house and, from what we hear, make a real presentation to hubby sometime next Spring . . . They're going ahead at full speed over at O. J. Jennings with their new and beautifully modernistic Silver Eagle all set. It's now on the production line and the throttle is wide open—simply letting 'em go all out. Saw these visitors over at the Jennings plant: Fritz Burgeson, Barrington, Ill.; Phil Burgeson, St. Paul, Minn.; Ray Volmer, Elkart, Ind.; Dave Bond, Boston, Mass.; Charley A. Robinson of Los Angeles, Cal. and R. F. Jones of Salt Lake City, Utah.

Al. A. Silberman, general manager for M. S. Wolf Distrib. Co., spent a very good weekend here in Chi before leaving for N.Y. to visit with his sister and from there will go on to the Coast again. He arranged for speedier delivery of AMI phonos. Got himself some new record lines. And also arranged to take over distribution of Williams' games for northern Calif., Oregon and Washington. M. S. Williams, Harry's dad, will remain on the West Coast as regional director . . . Exhibit calls their new five ball "Fiesta" . . . Something new and different in production at the Groetchen plant — announcement will soon be forthcoming . . . Never a dull moment over at Jack Nelson's place. Always filled with visitors who know Jack from away back when and they call around to get info about "What's new? and What's doing?" Pahleanty of interest (and growing every day) over the machine at Henry Roberts' and Clarence Baynes' U. S. Vending Corp. in the Board of Trade Bldg.

* * * * *

Art Weinand over at Rock-Ola continues to be the busiest man in town these days with a zillion and one things to do—and, believe me, doing 'em gorgeously . . . Ben Lutske over at Daval tremendously enthused about the way their counter game "Free Play" is clicking everwhere in the nation. Some collection reports the firm have received from ops around the country simply made my head swim . . . Marvel's new counter game has attracted plenty of attention with coinmen from everywhere calling around to talk business. This new little machine has plenty on the ball . . . Harry Brown of American Amusement flew back to town after an important visit and reports that interest in their new products has grown to a fever pitch. The factory here is plenty busy with production well under way.

* * * * *

Mike Hammergren of Wurlitzer met with some of the Wurlitzer distribs here this past week and important territory announcements were made. Gordon Sutton is back on the job in Chicago and we believe that Gordon is going to do a grand job. He's well liked and has worked here before . . . You can expect to see some out-of-town distribs opening offices in this man's town very, very soon . . . Al Sebring is working like a beaver to get under way with his "Beacon Coin Changer" and is going to have a very important announcement to make within a very few hours (or days) . . . Georgie Jenkins of Bally is all wrapped up in conferences and meetings these days and therefore we foresee an important announcement any day from that big, gorgeous Bally factory.

* * * * *

Rumors about Ascaph starting under way again to try and collect from the juke box boys are heard here and there . . . Dan Gould is doing a mighty nice job and is getting more and more friends over to his place of business. Dan has some swell ideas . . . Roy Bazelon still down in Florida . . . Walter Tratsch has a really great scale in his office working on an entirely new principle . . . CMI Public Relations staff is getting under way and some good items should soon be forthcoming . . . Interest in the convention so great that there just won't be a room left anywhere in the "Loop" . . . And that's 30.

THRU THE COIN CHUTE

EASTERN FLASHES

One of the most outstanding gestures ever made by a coinman was made this past week when Charley Bernoff of Regal Music Co., threw open the doors of his night club, Maximes, located in the Bronx, on Thanksgiving night, to 250 wounded vets from Army hospitals located in the city. The vets were wined, dined and entertained from eight in the evening until two in the morning. Charley was able to obtain the cooperation of numerous recording stars and performers from other night spots who kept up a continuous round of entertainment. We understand that this free evening for wounded vets will become a weekly feature of the Maximes Club, with the various coinmen in the city donating free dinners. Bernoff will match dinner for dinner with any coinman. The vets were overwhelmed by this marvelous gesture, as Bernoff was the only night club owner in the city to give the boys a night.

At the general meeting of music ops held Tuesday (Nov. 26) all officers and members of the board of directors of the Automatic Music Operators Association were re-elected . . . Al Denver, president; Sol Trella, Secretary; and Harry Wasserman, Treasurer. The members returned to the board of directors were: Bill Goetz, Bill Alberg, Willie Levy, Al Bodkin, and Lou Hirsh. New member elected to fill a vacancy since last July was Lou Herman.

Barney (Shugy) Sugerman and Jack Mitnick of Runyon Sales Co., finally home from their sojourn at Hot Springs, Ark. Both claim they feel like a "million" . . . "Kempy" Kempler and Mac Perlman of Runyon, come off the road for a meeting, and remain over the Thanksgiving holiday . . . Lee Rubinow, Seeburg distributor in Florida, and former president of the music operators association here, flies in for one day, and then back to sunny Miami. . . . Bill Goetz flew in for the election of officers of the AMOA . . . Bill Rabkin, International Mutoscope Corp., has to drop everything he's doing one day this week, and run to a dentist . . . Jim Cherry, former manager for the Cigarette Merchandisers Association of New Jersey, now representing Louis H. Cantor, Inc. for National Vendors. Jim is located in Newark, N. J.

With Dave Stern (Seacoast Distributors — Rock-Ola distributors) down in Miami, Fla. vacationing, Harry Pearl is really a busy man. Harry continually on the jump between their Elizabeth, N. J. and New York City offices . . . Mack Postel, Chicago in town. Mack spent some time with the officials of U-Need-A Vendors at the factory in New Jersey, seeing Jo Breidt, Bill Moore and Leo

Willens. Postel also visited his old friends Murray and Bill Wiener Mack tells us he just took on the exclusive distribution for an entirely new machine called "midget movies," a coin operated silent movie on film. Mack has six middle states.

Nat Cohn and Earl Winters, Modern Music Sales Corp., going to town with their Vogue record now that the factory is shipping them quantities . . . Ed Hartman and Joe Henkle, Allied Electronics Company, Inc., Brooklyn, N. Y. introduce their "Portoscope" a cathode tube instrument that acts as a trouble finder for music machine servicemen . . . Jack Fitzgibbons, Musical Minutes, Inc., listens to some high praise from Ned Leon, Fitzrock Company, Hartford, Conn., while eating some "tea and crumpets" — or "coffee and buns" to you . . . Ben Palastrant, Aireon regional director, once again in the city, stopping off after a visit to Ralph Colluci of Hartford, Conn. Leo Knebel, of Manhattan Phonograph Co. (Aireon distributors) expected Leo Dixon in from Cleveland, but Dixon had to have a painful shoulder injury doctored, and postponed his visit.

Harold Klein, Klein Distributing Co., Milwaukee, Wisc. in town on a business trip . . . Hymie Rosenberg, H. Rosenberg Co., didn't get out of town as he planned. He had plane reservations, and was leaving his offices when an important phone call came in requesting that he remain in the city to close an important deal . . . Joe Eisen & Sons (Joe Eisen, Buddy Eisen, Phil Mason and Sid Mittleman) making all arrangements for their Packard phono showing on December 6 and 7. Homer E. Capehart will be on hand to welcome the music ops, as will Joe Darwin, regional sales representative and A. Barclay of Lady Music Co., who invented the "Out of The World" speaker.

Alf Vernon, English operator, visits the office, prior to leaving for home. Vernon had spent some time with the manufacturers and distributors in Chicago, and then traveled thru part of Canada . . . We understand Max Levine, Scientific Machine Corp. is getting ready with a new machine . . . George Ponser and Irv Kaye, Amusement Enterprises, Inc., busy making complete arrangements for the distribution of their new "Whirl-A-Ball" . . . Barney (Shugy) Sugerman and Abe Green, Runyon Sales Co. on their way to Chicago, and will be in the Windy City when you read this . . . Harry Brown, American Amusements, Chicago, completes a ten day visit . . . Billy DeSelm and Lyn Durant, United Manufacturing Co., expected here in a week or so . . . Felix (Chippy) Maltz, Tri-State Sales Co. and Pioneer Distributing Co., commuting between Union City and New York City.

THRU THE COIN CHUTE

CALIFORNIA CLIPPINGS

The new Badger Sales building is just about ready to be opened. Electricians are putting the finishing touches to the huge electric sign adorning the front of the building and when lit up, will be seen a long distance off. Bill Happel hopes to be firmly installed in his new building within the next two to three weeks at which time he plans a general housewarming . . . Bill Wolf is off to San Francisco for a meeting with his manager in the Bay city area. Bill tells us that sales in the San Francisco office is really booming. We also hear that Bill has taken on a new line of games which he will announce soon. Al Silberman is somewhere in the east according to last reports, and is anxious to get back to sunny California. (Honest to goodness, it is sunny and warm here).

Paul Laymon tells us that business is very good, with all indications that sales will continue high. Paul is selling lots of new and used equipment and believes that conditions will get better right along. The Laymons held a big Thanksgiving party for friends at their home . . . Al Sleight, Bally regional representative in town this week . . . Art Dawes, San Diego op still in the hospital but getting along very nicely we hear. Art has been bedridden for quite a long time . . . Jack Gutshall has just received word that his sample of the new Packard Phono is on the way and due in his showrooms this week. Jack plans an official showing to music ops on December 6th. He says that record sales of his firm has been steadily increasing and that business is generally picking up and should be in full swing soon . . . Bakersfield was well represented in town this past week with J. A. Ewing, Fred Allen, Charles Hartman and I. B. Gayer calling on the distributors along coin row . . . Len Micon of Pacific Coast Distributors has just received a very nice shipment of new H. C. Evans consoles and is making rapid deliveries to the boys. Len expects to have the new Packard phono in his showrooms soon.

Some of the ops shopping along coin row this past week included, Leighton Bates, Downey; Milton D. Stivers, Los Angeles; A. Jeppesen, Maywood; R. F. Elliott, Fontana; C. R. Knapp, Van Nuys; J. Marshall, Glendale; G. F. Cooper, Riverside; L. H. Maston, Porterville; Barney Smith of Long Beach; Lloyd Barrett, Pomona; Jack Arnold, Barstow; Ray Tisdale, Glendale.

Ray Powers, of E. T. Mape Music Co., has been making some nice deliveries of the new Aireon phonos. The firm has adopted a new advertising program. Their first ad under the new plan, appeared in *The Cash Box* of November 25th and it was very nice, too . . . Jay Bullock, nationally distributing a new coin operated radio, tells us that response to this new type of equipment has been terrific. Orders are piling in daily with the factory working around the clock to keep up with the demand. Jay who is managing director of the new Automatic Music Ops Association, was to hold an important meeting with a representative of the teamsters union this week to complete the contract they have been working on, and plans on calling a special meeting this week.

Nick Carter of Nickabob Sales recently back from the Packard Meeting is expecting a carload of new Packard Hideaways. Nick expects to

receive a sample of the new Packard phono soon, and will have it on display in his showrooms . . . Morrie Wiczer, of Wico Parts, plans on remaining in their present showrooms, at least for the time being, until arrangements can be made to locate in larger quarters . . . Leon Rene, of Exclusive Records receiving some mighty swell reports on the firm's newest recordings by the Three Blazers. Leon is also very pleased of the showing made by the Honey-drippers in *The Cash Box* poll of the best Race record . . . Nels Nelson expanding his shop and increasing the number of mechanics he will employ to keep up with the increasing volume of work. Nels is completely equipped to do any kind of electrical work on any type of music machines and also has motor rewinding equipment for motor repair jobs. Nelson is also distributing the new Aireon phono.

A new sidewalk is being put in at the Fred Reilly building and the plasterers and cement people are completing their jobs and should be out within the next week or ten days. Fred tells us that the building will be ready for occupancy about Christmas time. Elky Ray of the Gold Coast Coin Machine Exchange and the A.O.L.A.C. will occupy the building in addition to Fred Reilly . . . George Ehrgott who just got back from a trip thru Arizona, is planning another trip down Las Vegas way to call on the ops and get acquainted. The new addition to the Mills Sales showrooms in town is just about ready and is a very attractive extension to their present quarters.

Talked to Bud Parr of Solotone about the firm's new Volume Equalizer. Parr informs us he was about all set to go when the coal strike was called, and that production will be held up until he can obtain the necessary steel for his equipment.

Many of the record manufacturers and recording stars are showing a great deal of interest in *The Cash Box* poll of greatest money making records and top recording stars, and are calling daily for last minute returns. The contest closes with this issue and will take a few weeks longer to tabulate the last minute votes that will be coming in. An announcement, with particulars of the winners and time and place of awards will be forthcoming shortly . . . Ben Ellison of H.I.R. records is all set to go with his distributor set up and from what we hear, the firm's platters are really going places in a big way . . . Danny Jackson of Automatic Games has just received a large number of new bells and has also made a swell purchase of a number of good reconditioned bells which are on display in his new showrooms. Danny tells ops to come early and get them while they are still available.

Speaking about bells, Paul Laymon is receiving a large shipment of 5-10 and 25c Jennings Deluxe slots this week . . . H. M. De Govia of Dee's Service has been getting some very nice orders for the new Wayne Volume Equalizer and is making immediate deliveries . . . Leo Mesner, of Aladdin Records, has been quite ill the past week but is up and around again and calling for the latest issue of *The Cash Box* to check on the firm's "Drifting Blues," which is still leading the field in Race Records .

THRU THE COIN CHUTE

H O U S T O N S T . L O U I S

Gene Dean, who gained fame operating for more than one local major concern, now goes after fortune by starting into business for himself. A string of Aireons he has and all new stuff. . . . A. A. Sage and H. A. Franz, head and assistant respectively of S. H. Lynch & Co. (Seeburg) Houston branch to Chicago on business. . . . Miss Lillian Cowart now amongst the staff help of Standard Music Distributors (Aireon). . . . S. W. Martin and wife, of San Antonio, and H. M. Crowe of Houston, made a business trip to St. Louis. Crowe and Martin are owners of Crowe-Martin Distributing Co. with offices in Houston and San Antonio. . . . O. D. (Jop) Sale recovering from a major operation. . . . A. C. (I fix 'em) Owens lately hired out to Automatic Amusement Co.

Up to the minute and streamlined for business is Atkins & McClure Amusement Co. Large outside office, private office, plenty of storage space, and a cabinet refinishing shop quite above the average for a place that does only its own work. . . . A booster for cultivating public good-will toward coin machine industry, and a stickler for high standards of ethics within the industry, is C. M. Robertson, owner of Automatic Amusement Co. Robertson is a Chamber of Commerce Member, member of Coin Machine Industries, Inc., active in Community Chest, Mile of Dimes, and other civic activities; and his place of business, located in a semi-residential section, is said to be an asset to the community both in appearance and the manner which it is conducted.

Such a busy person is C. L. Ford, San Augustine musicman, that he even orders his records by long distance telephone. Along with herding a lion's share of the music boxes in the territory, Ford also has a large record store and owns and operates the leading restaurant in town. . . . A bit different is Fred Finch, Victoria operator, who is a frequent visitor in quest of records and other trade equipment. Incidentally, Victoria was once noted for having more millionaires per population than any other U. S. City. (No, those lads were oil, not music operators). . . . Morris Liedecker, a leading operator of Corpus Christi, is rightfully proud of his flock of fighting game cocks. Like most game chicken fanciers, Morris raises the birds simply for the sport of the thing.

J. H. Hart, top man of Houston Decca Branch since he came out of the Navy, has resigned to take up citrus farming in the Rio Grande Valley. A. W. Crosson is acting branch manager until official action is taken by the higher brass. . . . Bob Godwin has been manager of Columbia Record Dept., Crumpacker — Covington Co., since last July. Wholesale records is the job and Bob is the man asking only for more records to produce more business. . . . Straus-Frank, wholesale distributors of Victor and Bluebird platters are looking forward to moving into their new building, one of the finest in the Southwest, and now in the final stages of construction.

Long promised snow and sleet hit St. Louis this week, bringing a drop in route incomes which was general throughout the 49th State. A lot of ops, whose string reaches out into the country have put phonographs on a weekly service basis instead of twice a week, in a general economy move. . . . Big excitement was arrival of new machines in the pinball field. One distributor announced United's "Sea Breeze" in quantity and was immediately floored by a rush of buyers. Among those who snagged a "Sea Breeze" or two were, Dutch Meese from Festus, Mo., John Winkleman, St. Louis, Hudson-House Music Company over in Centralia, Illinois, and E. N. Sims, from East St. Louis.

Bill Weinischke, veteran op, introduced his son, Bill, Jr. over the distributor circle a few days ago. Bill, Jr. has taken over the larger part of the Weinischke routes in the past few months since his military discharge. . . . Taking a flyer at a new deal is Frank Murphy, head of Murphy Distributing Company, who bought a new "Sea Breeze" during the week. Olive Novelty Company's stellar helmsman, Ben Axelrod, latched on to five of the same stamp at the same time — first week in all these many months that more pinballs than phonos were delivered. Incidentally, the St. Louis trade is casting questioning eyes at Chicago and New York. Where are those rafts of new equipment promised by the end of October?

Jimmy Houser of Hudson-Houser Music Company, Centralia, Illinois, was visiting friends in St. Louis. Since the tragic death of C. E. Hudson, electrocuted in his basement several weeks ago, Jimmy has taken over the management. The company is growing fast, too, Jimmy avers. . . . No Christmas party plans have come to a head yet for the Missouri Amusement Association, says prexy Lou Morris — but no doubt the welkin will ring in several distributing houses as it did before the war.

Out among the trade for a few days came Abe Jeffers, whose G. J. & L Amusement Company is ticking along well. Abe, who is well known for drawing to inside straights, has been catching up with his sleep of late. . . . Many changes appear due in local traffic, what with half a dozen routes sold or in process during recent weeks. According to Al Haneklau of Olive Novelty, who keeps a close touch on such things, many of the old timers are pulling out until things get back to normal.

Mansfield, Mo, has been added to the routes of Noel Reed, Willow Springs operator who came out of the Army to buy up half of central Missouri's locations. . . . Another new face is Earl Thorpe, Jr., whose father is an established operator toying with the idea of retiring. Earl is getting many comments for his taste in neckwear. . . . Freddie Voucher was in from the "kentry" buying parts, accompanied by Barney Neal of Vending Machine Sales.

THRU THE COIN CHUTE

B O S T O N

Associated Amusements have chartered a plane for the trip to the CMI convention in Chicago. With seats for 24 available, invitations were issued to 22 N. E. operators to make the flight along with proprietor Ed Ravreby and Harry Poole. A special feature will be the unveiling of the 1947 Mills Phonograph and Ed Ravreby has reserved a suite of rooms to show it off to New England operators as a supplement to the first showing. At the close of the meet the party will fly back in the same chartered plane to Boston.

Scotty Burris, regional service manager for Aireon Manufacturing Company, just returned from his regular trip through upper New York and New England to announce that he is moving his family from Kansas City to Boston. Greene Distributing Company will run a service school with Burris in charge. The school, to be held at the Greene showrooms, will be available to both service men and operators.

The Harvard-Yale game occupied the top interest spot for Hub coinmen over the weekend. . . . Dave Bond, a Harvard grad himself, managed to get some scarce ducats for himself and Irwin Margold. Ever true to his alma mater, Dave put money on the line for Harvard, and figured he was in with Harvard on top by two scores at the end of the first quarter; then Yale roared thru for 4 TDs. . . . Al Dolins and his son also were on hand for the clash.

Bert Klapper of Bay State Music spent most of the week in New York on business. . . . Bert ran into Al Dolins along Tenth Avenue, where they made the rounds together. . . . Dan Brown of Trimount was back in town after a trip through Connecticut and Western Massachusetts and reports ops doing well in most spots. . . . Dave Riskin also back from a Maine journey.

Mike Bond is due back at his organization this week after a session in the hospital. Mike went under the knife several weeks ago, but is on the way to a rapid recovery . . . another coinman laid up was Julian Greene who nursed a game leg for two weeks.

Pioneer's bookkeeper, Rosalind Orenstein, is leaving for England in a few weeks on an extended vacation. Ann Shur of Holyoke will take her place. . . . Arnold Greene of Greene Distributing is passing out cigars this week, the manager of the service department is the father of a baby girl, Patricia Louise.

Sam Koegan, president of the Vendit Sales Corporation, dropped in from Chicago during the week. . . . Also in for a visit was Fred Papolas of Waterville, Maine. . . . Top Gesture of the Week Department — Dave Bond giving each employee of Trimount a Thanksgiving basket complete with turkey and all the trimmings.

P I T T S B U R G H

Howdy Levine, the philosopher at Mechanic's Service, seems to feel that the coin biz has stopped on dead center. But Johnny Peters, the guy with the ideas at Pittsburgh Amusement Co., believes that 10c play for Juke tunes will be the best break the ops have had come their way in years. Johnny was one of this district's better known ops before his entry into the distributing end of the game, which gives him an insight of the ops 5c dilemma.

B. D. Lazar says business is O.K., even though the city apparently has earned the title, "the cradle of strikes." Fred Cole of Scott-Crosse, Philadelphia distributors, gave the boys along coin row a critical once over. Caught in a huddle with Lou & Meyer Popkins at Pittsburgh Coin Machine Exchange, the three-some gave out the non-enlightening bit of news, "no comment".

. . . Lou flew out to Chicago and had a busy day. He grabbed a hot item and now is preparing to merchandise the game after the holidays. . . . Meyer reports plenty of optimism among the ops he contacts on his regular road trips.

Sam Strahl, the man to see at American Coin-A-Matic, upon his return from Chicago told of a surprise he had up his sleeve for release early next year. Sam says he has a new coin machine sewed up for his territory, but won't say anything about it. . . . Ben Long, at Mulligan Dist. Co. reports his firm is holding its own with new Aireon phonos:

M I N N E A P O L I S

Well, the Twin Cities just got the opening blast of winter and good old ice and snow is here until spring. However, this didn't stop many of the operators from still coming in to the Twin Cities, but all in a hurry to get back home by Thanksgiving. . . . LeRoy Oftedahl of Glenwood, Minnesota, was in town for a few days just taking a little time off. . . . Bob More of Willmar, Minnesota, was in town and told us that the highways were in pretty good condition. . . . Bob Burns, formerly an operator in Minneapolis, has sold his route to Walt Halverson, and is now operating a small town newspaper at Aitkin, Minnesota, and happy about the whole thing.

Mr. and Mrs. Kirt of Deere River, Minnesota, in town for just the day and went back the same evening. . . . Ben Jahnke of Hutchinson, Minnesota, is very proud of the deer he shot last week. . . . Henry H. Greenstein and Jonas H. Bessler, and the entire sales staff of the Hy-G Music Company, attended the Seeburg National Distributor's Convention last Thursday and Friday in Chicago. Seeburg distributors from every state in the country unanimously adopted the motion at the convention that 5c play be the policy of the entire Seeburg distributing organization. Their slogan was "5c play for the masses". The new 1947 Seeburg, shown at the Seeburg convention was met with great enthusiasm. The St. Paul Despatch carried a news item by Herman Paster, president of the Mayflower Distributing Company, which expressed a different opinion. Mr. Paster was for 10c play, three plays for a quarter. The St. Paul Despatch also had an article by Henry Greenstein, Seeburg distributor, which differed with Mr. Paster's opinion. A statement by Henry Greenstein was featured in the Minneapolis Star Journal on 5c play. The article was written in Cedric Adam's well known column.

Andy Benna, Ironwood, Michigan, stopped off in Minneapolis to get away from the extreme cold weather in Ironwood. (Who is he kidding?) . . . The Heath Distributing Company's representative of Macon, Georgia, stopped off in the Twin Cities to visit some of the distributors enroute to Rochester for a check-up. . . . Some mighty fine deer were shot by some local operators this past week. Some of the lucky boys were George Ganil, Mike Crakes, Archie Pence, and Dick Unger. . . . Bob Cross of Fairmont Minnesota, made a very fast trip to Minneapolis to pick up some equipment. He came in Wednesday and left the same day so that he would be home for Thanksgiving with his family. . . . Pete Wornson of Kasota, Minnesota, says that he served a 25 lb. turkey and now invites all of his friends for turkey sandwiches. . . . Noel Hefte of Grand Forks, North Dakota, tells us that his business is getting better right along.

Bun Couch of Grand Forks, North Dakota, told us that he hired a van to haul some mighty big freight (?) Wow, what a haul! . . . Kenny Ferguson of Stillwater, Minnesota came visiting up thisaway. First time we've seen him in a long time.

Bally TRIPLE BELL

TRIPLE PLAY!
TRIPLE PROFIT!

Triple Coin Chutes permit three players—or three coins—every spin. 1000 Super Special Awards, plus plenty of other big awards and single-cherry awards that insure continuous repeat play. Deluxe cabinet in rich wood-grain finish. Trouble-proof mechanism. Any coin-combination—Nickel, Dime, Quarter.

**AUTOMATIC
CONVERTIBLE
REPLAY**

Bally DRAW BELL

BELL-CONSOLE WITH NEW
HOLD-AND-DRAW FEATURE

Fast action of three spinning reels with flashy bell-fruit symbols, plus new second-coin feature which permits player to hold desired reels and second-spin the remaining reels! Every non-winning combination on first spin "comes so close" that players can't resist a quick second coin to hold and draw for a winner—resulting in record-smashing profits. Get your share. Order your DRAW BELL now. Specify Nickel or Quarter play. Game is convertible to automatic award or replay.

**AUTOMATIC
CONVERTIBLE
REPLAY**

Bally midget racer

NEW FAST 5-BALL NOVELTY HIT!

A fascinating skill-game... yet ideal for competitive play... MIDGET RACER will increase profits in your 5-ball spots. Play Bally's MIDGET RACER, feel the fun of the exciting 3-WAY SCORE SYSTEM... watch the cars flash around the track on the big, brilliant back-box... note the tantalizing, tricky action of the playfield. You'll want MIDGET RACER on all your locations as fast as you can get delivery.

INNER-LOCK CASH-BOX
Cash-box may be locked with separate lock in addition to cabinet-door lock... or the inner-lock may be omitted, if not desired.

**NOVELTY
CONVERTIBLE
REPLAY**

Bally VICTORY DERBY

ONE BALL MULTIPLE
AUTOMATIC!

Packed with the profit-proved features of Bally's famous pre-war multiples... plus new play-provoking ideas that are pushing profits to a new all-time high! VICTORY DERBY games on location are consistently topping all previous collection records of pre-war and wartime operations. See your Bally distributor today for early delivery of VICTORY DERBY.

**VICTORY
SPECIAL**

Profit insurance in multiple replay territory. Convertible to one or five ball play.
