SEGA OF AMERICA, INC.

Dear Sega Gamers and Friends,

It has been a remarkable year at Sega. Widespread market acceptance of 16 bit video gaming last Christmas made Sega Genesis the number one system in the \$4 billion dollar video game industry. Of course, Sonic likes to take all the credit for moving Sega into a 63% market share position but the rest of us at Sega know that it has been the strength of the entire Genesis software library and the throngs of Sega game players who have jet-tisoned us into the premier position.

But like Sega, we haven't been resting on Genesis' 16 bit leadership or Game Gear's portable category success. We've been busy creating even more technologically advanced and exciting Genesis games which showcase the awesome capabilities of our 16 bit system. We've been collecting the finest licensing properties such as Batman Returns, Evander Holyfield and Home Alone for both Genesis and Game Gear; NFL Sportstalk Football '93 with Joe Montana for Genesis and Wimbledon Tennis for Game Gear. We've also been building exceptional peripherals which will greatly enhance gameplay including Menacer with its Acu-Sight technology for dead-on shooting performance. And certainly we've been hustling to bring the most exciting advancement to video gaming.. the Sega CD which transforms Genesis into a powerful, interactive CD ROM machine. You will not believe the exciting new types of game play Sega CD provides.

In other words, Sega's been super busy doing what we do best -- bringing you advanced technology for the best in gameplay.

In 1992, Sega wants to welcome you to the next level. Are you up to it?

Biggest news is the much-awaited sequel Sonic The Hedgehog 2 coming to retail shelves around the world on "Sonic 2sday" November 24. Sonic is predicting that 5 million video gaming enthusiasts worldwide will buy his latest adventures. Of course, Dr. Robotnik and his Death Egg creation are out to foil Sonic and his new friend, Tails.

Sega CD will share the limelight this Fall because of its extraordinary gameplay. Real voices, real video, real drama making Sega CD an experience you've never had at home. I encourage you to check out Night Trap, Make Your Own Music Video or Thunderstorm to see how Sega's multimedia interactivity is the next level of enjoyment.

And then there's the games. More than 350 for Genesis and 75 for Game Gear; Streets of Rage 2, Mickey Mouse and Donald Duck in World of Illusion, Dolphin, Home Alone, Chakan: The Forever Man, X-Men, Arnyton Senna's Super Monaco GP II, Shinobi II, Greendog and many, many more incredible action, shooters, rpgs and sports games.

It's an exciting time at Sega. I encourage you to catch some of it this Fall. You'll love the next level from Sega.

Sincerely,

Thomas J. Kalinske  
President & CEO

## Into the 21st Century

### Sega Force is back!

Welcome to Sega Force. It is time once again to look back at the exciting products released for the Genesis and Game Gear in the last year. This is also your chance to look forward at the exciting games of 1993. The Genesis is now bringing forward their fourth generation of game, and if you thought games like Sonic the Hedgehog were hot, you'd better hang on. With the introduction of the Sega CD, 1993 promises to be the best year yet!

So if you think you can handle all of the ultra-hot information we have waiting for you, read on. Sega Force has landed!

### Genesis — Three years and still going strong.

Another year has passed us by, and Genesis is still the number one system, for super-charged 16-Bit gaming! Over three million more systems have been sold in the last year, meaning the public has spoken and the Genesis is here to stay!

Companies who, in the past, exclusively made games for the other guy, have wised up. Soon, Genesis owners will be able to play games like Teenage Mutant Ninja Turtles: The Hyperstone Heist from Konami, and Tecmo's awesome Tecmo Super Bowl. And our favorite licensees from the past are still

keeping up the good work with new sports like Team U.S.A. Basketball from EA, and new licenses, like Superman from Sunsoft. In all there are now over forty five official Sega licensees, and that means more great games for you!

And if all those licensed games aren't enough, Sega themselves has a flood of great titles coming at you.

Great movie translations like Home Alone, Cool World, and Batman Returns; more Disney action with TaleSpin, The Little Mermaid, and World of Illusion starring Mickey

Mouse and Donald Duck; and long

awaited original games like Green-dog, Sonic 2, and the 16 Meg Streets of Rage 2!

Sega brings you closer to sports with their Sports Talk series, and this winter Sports Talk meets the NFL, in NFL Sports Talk Football, Staring Joe

Montana!

With more than 300 games to choose from, it is easy to see why the Genesis has been number one for the last three years, and why it will stay number one in the future!

### If I can't take it with me, I'm not going!

Sega hasn't forgotten about those who want to take their game action on the road. Support for the Game Gear has continued to grow over the last twelve months, and new advances now allow developers to make portable games larger than

before. Sonic 2 on the Game Gear will be a full 4 Meg, the same size as the first Sonic on Genesis! Other 4 Meg titles coming soon are Mickey Mouse 2 and the original Defenders of Oasis.

Now there is no need to leave your favorite games at home. Most of the great Sega titles available on Genesis, will be making their way to the little screen, including: Batman Returns, Ariel: The Little Mermaid,

The Xenomorph are fast, spit acid and are right behind YOU! The motion tracker is your only warning. No time to think, no time to catch your breath...RUN!

Can't see very far ahead in these air ducts. Hard to breathe. Face-huggers can be anywhere. Must find a Queen Alien. The closer you get, the more Aliens you find...better not have them find you first!

Just keep telling yourself, "THIS ISN'T REALLY HAPPENING...IT'S ONLY A GAME."

Tazmania, Tailspin, and Joe Montana Football! Plus great third party offerings like Humans from Game Tek and George Forman Boxing from Flying Edge!

The action doesn't end there! With the TV tuner option, your favorite compact game system, doubles as a portable, color TV!

This amazing peripheral allows you to watch your favorite shows should your gaming hands become tired from the action you have experienced! And if you have a library of Master System cartridges sitting in the corner gathering dust, now you can take them along too! The Master-Gear converter lets you add over

100 additional games to your portable game collection!

Thanks to the Game Gear, portable gaming is now reaching new heights with your favorite classics and new and upcoming releases! So the next time they tell you to leave it at home, tell them you don't have to, because you got it in Gear!

## And now for something completely different...

Everyone says how great games are going to be in the future, but now you have no reason to wait! Just add the CD to your Genesis system and explode into the next level of video game power!

The power of the Sega CD is achieved with the addition of a second 16-Bit processor, working in parallel with the one inside your Genesis. Two processors

to pump out great graphics, sound, and even full-motion video! Two processors to offer more power, more speed, and more gaming action!

And they haven't forgotten the bells and whistles either. The CD unit offers advanced functions like hardware scaling and rotation!

What would a CD system be without the sound that first made compact discs popular. The Sega CD is fully compatible with all audio CDs as well as CD+Gs!

No matter how great the system is, without good software you might as well use it as a decorative floral centerpiece on the Thanksgiving table. Sega has been working on a whole

# CYBER-COP

ARE YOU TOUGH ENOUGH TO TAKE ON THE CORPORATION

The Universal Cybernetics Corporation's got a huge PR problem.

Seems some morbid folks are calling the new domestic robot they've designed "THE HIPPER" due to a nasty little defect: this robot likes to kill.

Or is it an accident that the UCC happened to create a genetically engineered killing machine who also happens to have an insatiable appetite for humans beings?

Translated from the number one European hit **CORPORATION**, you're the CYBERCOP who's been chosen by the government to crack the complex security system of the UCC. Your mission: confiscate the mutant robot they've designed as the ultimate weapon.

Just remember CYBERCOP: you're completely on your own. Of course you'll arm yourself with a whole arsenal of new power — everything from hologram projections to infra-red image intensifiers.

If all goes well, you'll be a national hero. But if the droid guards, sleeping gas and autolock doors get the best of you — even your own mom will deny that she ever knew you!

WARSONG™, the ultimate strategy role-playing simulation, places the player in complete control of up to 8 valiant commanders and

**Launch your field commanders against Dalysis storm-troopers! You're in total command of the battle theatre!**

their loyal troops. Twenty daring, wartime scenarios pit your forces against the legions of the blackhearted Emperor Pythion. The treacherous Dalysis Empire awaits your arrival. Encounter bands of rogue thieves, Pythion's Soldiers of Doom, and blood-hungry beasts as you make your way to regain the all powerful sword — WARSONG!

## The Story Unfolds

Unlike most tedious Strategy RPG's, WARSONG™ is constructed around an intricate plot which will challenge

**The tale of the Warsong sword dramatically places together**

even the most intellectual minds. Yet, the player can still experience the full impact of battle! Watch as blades clash, cities crumble, allies perish, and

chaos abounds in a land ravaged by evil! Launch armies of swordsmen, archers, horses, and monks against the dark forces who fiendishly plundered Warsong from its protectors. Each new scenario brings with it startling revelations, deadly surprises and clues that will help to unveil the dark, sinister sides of Baltia!

## Machines of War

Up to 8 allied commanders with a myriad of arcane powers, such as

**Select the Commanders, soldiers, and items you think are going to do the job!**

Calais the magical guardian of Baltia, and Sabra the legendary Dragon Knight, oversee 64 troop squads who await your command. Soldiers range from simple Guardsmen and Archers to fabulous fighting Gryphons and Mermen — all having a wide range of intriguing abilities that you'll have to manage wisely.

## Easy to Command, Hard to Master!

With simple, pull-down menus and icon driven commands, you can spend more time concentrating on the hazardous battlefields, and less on learning tedious step by step instructions. Foot and Sword Icons allows you to easily control troops and commanders. The easy-to-use, pull-down menus enable you to execute a vast array of usually complicated commands. Playing the game, though, is a different story altogether. In the course of your siege, you'll incur such pitfalls as commanders dying, shortages of funds needed to purchase troops, and other monstrous "surprises". All of which contribute to the difficulty of future scenarios. WARSONG™ is more than just a game, it's the adventure of a lifetime.

**The clash of forces will leave you breathless!**
