### R&B Hits The Financial Page

In a top ten of a different sort — a listing of the nation's largest black owned and black managed business — comes heartening confirmation of the healthy state of black music.

The listing, compiled by Black Enterprises magazine in New York, has the mighty Motown Industries secure as the no. 1 black business with \$45 million in sales in 1974, \$11 million ahead of its nearest competitor.

No surprise here, Barry Gordy's record and film complex has been the frontrunner on this list for the last three years.

But no. 6 on the Black Enterprise chart, among the meat processors and the pipeline constructors, from nowhere, so to speak, and certainly with a bullet, is the Great Philadelphia Trading Company Ltd./Assorted Music Inc., based in Philadelphia and with some \$17 million sales in 1974 to its credit.

Now that is the official name, the one they're called by in the financial pages, for the Philly Sound!

For Kenny Gamble, Leon Huff and Thom Bell, Philadelphia International, TSOP and Thunder Records, Mighty Three Music and Assorted Music, producers, writers, arrangers, conductors, recording studio owners — the trio that has Philadelphia into a soul capital just as surely as Berry Gordy did in Detroit before moving to Los Angeles.

And Gamble, Huff and Bell are solely committed to their brand of r&b music, providing not only their recordings, but \$17 million sales figure, proof of the continuing, growing vitality of r&b music which seems impervious to recession or change, fad or fancy.

As it has over the decades, more than ever in 1975, r&b — whether the Philly sound, the Motown sound, the Disco sound, the Memphis sound or any of the other variants — remains one of the truly creative and expanding staples of the music business.

## Pirated Tapes Seized By FBI In Two States

NEW YORK — More than 20,000 allegedly pirated tapes were seized by FBI agents in raids on a distributor and two retail stores in Bismarck, N.D. The U.S. Attorney's office there said the raids were conducted on Midwest Distributing, Inc. at 1227 Park Avenue, at which more than 16,000 tapes were found; at Tape Deck, Inc., a retail outlet opened about a month ago and said to be operated by the principals of Midwest Distributing, where some 3,000 tapes were seized; and at Music City, Inc. where several hundred pirated tapes were discovered.

### FRONT COVER

Alice Cooper's period of quiet, where he seemed to be just playing golf, drinking Budweiser and appearing on an occasional television show as a guest, has certainly ended. He has put together his own television special, turned it into a mammoth touring extravaganza and has finally this week been given an RIAA certified gold record for the television soundtrack album.

"Welcome To My Nightmare" is in fact turning into a pleasant if exacting dream for the controversial Cooper. The gold award, over 500,000 units sold, is his first as a solo performer — the other five gold albums in his collection were given to him as a group member and account for sales of more than 10 million albums.

Cooper's producer on "Welcome To My Nightmare" is Bob Ezrin, a long time associate in this field, and the album represents the first time Alice Cooper and Atlantic Records have joined forces.

Meanwhile Alice Cooper, his \$250,000 worth of props, and his backup group, are joining forces with ... the Bicentennial.

## Disk Buying Habits; 3rd In Four-Part Series: 14-Year-Old Wants Greater Radio Play

The third subject in **Cash Box's** four-part study of the record buyer is Alan Dorfman. A 14-year-old student at PS 22, Dorfman lives in lower Manhattan.

**CB:** What kind of music do you like?

**AD:** Rock music, mostly.

**CB:** Whom do you have in mind?

**AD:** "The Wiz," The Jackson Five, the Osmonds, people like that.

**CB:** Do you try to see these people when they come into town?

**AD:** Not too often. I really don't go to too many concerts because the prices are too high.

**CB:** Turning to records for a minute, could you tell me why you might buy a particular record? When you go into a

shop, what turns you on to a record?

**AD:** It's mostly because everybody likes a record and it keeps you "on." I buy the records because they're good music and I like them. So instead of waiting to hear it on the radio, you can buy it and play it anytime that you want for as long as you want and no one can bother you.

**CB:** Could things like t-shirts, posters interest you in a record?

**AD:** Yeah, some. Those things usually have pictures from the record and people come up and ask where you got them from, 'cause they like the way they look. If you see something nice, you go buy the record.

**CB:** Do you look at the ad pages in the Sunday Times?

**AD:** I read them each week right after the sports pages. My friends also and we talk about the new records. Sometimes we'll hear an ad on the radio. If it's interesting, I usually try to buy it when it's on sale. It costs too much to buy LPs. I mean five, six, or seven dollars is too much.

**CB:** Several record companies have cut the price of their catalog by offering a cheaper line of product. Do you buy these disks. Are you, in short, aware that there is a conscious effort being made by some of the record companies to lower their prices?

**AD:** Yeah, I've bought more recently than I've ever bought. I guess that's true for everybody.

**CB:** How many records have you bought in the last several months?

**AD:** About ten LPs and 30 singles. I don't really buy too many LPs though, I like the 45s. Usually the LPs have songs you've never heard before and why buy them if you only want to hear one song. When a record first comes out, you go crazy trying to hear it. If someone walks down the street with a cassette recorder playing something you like, you kinda follow him to hear the music. Then, I gotta go buy the record. It's like when they play the records in the shop. If you hear something good, you have to have it.

## Can The Hit Single Stand Alone? Two Managers Feel It Shouldn't

HOLLYWOOD — The quest of a hit single is perhaps the most tedious and rewarding in the music business but Larry Fitzgerald and Robert Ellis feel that it shouldn't be an end in itself. The two personal managers (Fitzgerald handles Chicago and the Beach Boys, Ellis manages Rufus and Billy Preston) both feel strongly that any artist is only as good as the effort he gives on behalf of himself and his product.

Both men try to guide their own artists in a direction that will further their musical careers. They feel that artists who record and then relax are doing themselves a disservice. In order to ensure product receiving airplay, the two managers prefer their artists to do radio appearances and interviews. Said Fitzgerald:

of bi-centennial music celebrations, which was carefully packaged that way, both of our groups perform their new singles. Chicago has been doing "Old Days," and the Beach Boys "Sail On Sailor" and "Little Honda," all of which contributes towards the exposure and overall sales growth of these records. This year alone Chicago will play close to 90 dates and The Beach Boys will do about 100 concerts."

Ellis also believes that artists can constantly improve their images and increase sales of their product through selected availability. He told **Cash Box**:

"Within limitations of time and economics, I try to make an act as available as possible for supplementary activities that will help them gain more recognition. In-store public relations ap-

Fitzgerald

"Speaking on behalf of Caribou Management, we feel that it is extremely important to get the artists themselves involved in direct promotion rather than to have them over confidently sit back and wait for the record to become a hit on its own. That's why we encourage our groups to work concerts where they can perform the single in their act in both major and secondary markets as well as to establish and maintain close associations with the various radio stations via the groups' cooperation in doing interviews. Radio interviews not only help the radio station's image especially if the personalities involved carry major status as do Chicago and The Beach Boys but they also help to get the radio station interested in the group's new record. Another way to assure public exposure for the potential hit single concerns the manner in which the concerts themselves are planned and packaged. Caribou is currently responsible for "The Summer of '75 ... Together," which pairs Chicago and The Beach Boys. In this forerunner

pearances, press interviews and radio station visits all help focus attention on an act and make people more eager to hear their music.

"Live performances always create a special excitement that can't help but sell records and increase airplay.

"Finally, I believe strongly that television exposure reaches and expands an act's public tremendously. It hits every market, turns curious onlookers into fans and helps to unify into a national push all the local activities on behalf of an act."

Both managers' answers came in reply to a Cash Box question on the supplemental support their firms give to record label promotional efforts on behalf of their artists. Fitzgerald and Ellis both look at new product as a wedge to increase the exposure of their acts and both believe that the success patterns of artists should not lead them into complacent thinking.

## Goody Purchases Six Franklin Music Shops In Philly

NEW YORK — Agreement in principle for the sale of six Franklin Music company stores to Sam Goody Inc., has been reached. The six Franklin stores are located in the Philadelphia area and will be an addition to four Goody stores already situated in the Philadelphia region. Goody currently has 20 retail stores in New York, New Jersey, Pennsylvania, Connecticut and North Carolina.

The agreement between Goody and Franklin Music, which is subject to approval by the directors of the two corporations, involves a cash consideration. Three Franklin stores in Atlanta are not involved in the deal and will continue to be Franklin operated.

**FRONTRUNNERS** — Pictured above with George Harrison is Jiva, the newest addition to Dark Horse Records and the first American act signed to the label. Jiva's first album, now being recorded with producer Stewart Levine, will be released in late summer. The group's manager is Alan Pariser and George Harrison is executive producer. Dark Horse Records is distributed by A&M Records. (L-r) Jim Strauss, Reedo, George Harrison, Michael Lanning and Tommy Hilton.

## Concerts At The Grove: New Policy, Modern Music

HOLLYWOOD — Stanley Turrentine will inaugurate a new music policy at Milt Handman's Concerts at the Grove when he opens a three day engagement in the Ambassador Hotel Tues., June 17 (through Thurs., June 19).

The jazz tenor saxophonist headlines two shows nightly in the midtown Los Angeles setting, beginning at 8:30 p.m.

Under owner Handman's policy, a single \$4.00 admission charge will cover customer, for both shows on an unreserved seating basis. Beverage prices will range from \$1.00-\$1.50 with no food service planned.

Attendance for Concerts at the Grove is restricted to persons over the age of 21, but will later change to accommodate

all music lovers, Handman noted.

This basic policy will be followed for virtually all headliners who follow Turrentine into the Grove.

Among artists already signed to follow are Les McCann, Eddie Harris, Ike and Tina Turner and Tim Weisberg.

Set to open shows for headliner Turrentine is special guest Gabor Szabo.

Milt Handman's Concerts at the Grove plans to concentrate on artists who reflect all areas of contemporary music, with special emphasis on stars of the jazz and r&b world.

Cocktail seating has replaced the Grove's previous banquet style seating; to ensure a good location for all patrons and enhance an intimate atmosphere. Renovations include introduction of new acoustics and a sound system that Handman says is better than any other in Los Angeles.

"What we're most proud of, however," he said, "is that Concerts at the Grove is bringing back to midtown Los Angeles the caliber of entertainment lacking since the Coconut Grove was in its glory days.

"It will be a casual, relaxed atmosphere," he continued, "and at prices everyone can afford. Dress will be informal. The whole idea is simply this: come to hear great music; if you like it enough, stay for the second show — and still have money in your pocket when you leave the club."

As part of Handman's Concerts at the Grove formula, live broadcasts will air hosted by KBCA personality Jim Gosa. A special broadcast booth and communications system currently are being installed in the Grove.

## 10 Mil. Marked For AFM Members

NEW YORK — Approximately \$10,000,000 will be distributed this year to 41,000 members of the American Federation of Musicians by the phonograph record manufacturers special payments fund, it was disclosed last week by AFM president Hal C. Davis. This amount exceeds by more than \$2,000,000 the previous all-time record for payments established in 1974 when the fund dispensed approximately \$8,000,000 to an equal number of musicians under terms of collective bargaining agreements between the 330,000 member union and the recording companies that are signatory to the AFM phonograph record agreement.

Under the union's contract, each record manufacturer makes payments to the fund based on its annual sale of records. Each AFM member who made phonograph records receives an individual payment based on his annual scale wages from recordings relative to total wages paid to all union musicians. Payment schedules are set up so that a member receives a royalty for five years on all recordings. Thus, musicians who will receive checks this year have made recordings from Jan. 1970 through Dec. 1974.

## Basie, Fitzgerald, Sinatra; On The Same Bill

HOLLYWOOD — Count Basie, Ella Fitzgerald and Frank Sinatra, three show business greats, will combine their monumental talents in a single, spectacular program to be presented by Jerry Weintraub in a special, limited two-week engagement at the Uris Theatre in New York, Sept. 8-20.

## Media Spots, Displays Herald Three Dog Night LP

LOS ANGELES — To coincide with the release of "Coming Down Your Way," Three Dog Night's thirteenth album on ABC Records, as well as supporting the group's upcoming national tour, a massive promotional campaign has been planned by the combined forces of the ABC creative services division and Kudo III, Three Dog Night's management firm.

In addition to efforts on Three Dog Night's behalf by the ABC advertising, promotion, publicity and sales teams, special five-color posters are being created for in-store display, reproducing the lavish "Coming Down Your Way" artwork. Easel-backs of the album cover and special banners drawing attention to tour appearances will also be distributed and two promotional tee shirts have been produced: one with the album cover on the front and one with the album name and Three Dog Night logo.

Ed Caraeff, responsible for the art direction and photography on "Coming Down Your Way," is producing a commercial to be used for both network television advertising and local spots co-opted by ABC with local promoters in support of the Three Dog Night tour.

Special album and ticket giveaways at selected tour area radio stations will supplement the television, in-store and advertising activity, while a mass mailing of albums and information to reviewers in the tour cities and surrounding areas alerts the press media.

Three Dog Night recently returned from a sold-out tour of Japan, as well as selling out in Hawaii and Anchorage, Alaska.

"Coming Down Your Way" was produced by Jimmy Lenner and associate producer Bob Monaco and was recorded at Caribou Ranch and ABC Studios in Los Angeles.

## New Ohio Players Leads Mercury's June Releases

CHICAGO — Led by the third Mercury album by the Ohio Players, Phonogram, Inc. announces its June release which also includes a new LP by Tom T. Hall, plus debut LPs by the Flock and Chris Colombo. All albums will ship the first week of June, except for the Players, shipping later in the month.

The new Ohio Players album is entitled "Honey," and is produced by the group. In the one year the Players have been with the Mercury label of Phonogram, they have received two gold and two platinum LPs ("Skin Tight" and "Fire"), and two gold singles (the title tracks of both albums). "Honey" will also be released in quad 8-track, stereo 8-track, and musicassette configurations.

"Honey" will be backed by an intensive marketing campaign including 30-second television spots, 60-second radio ads, trade and consumer print advertising, and two merchandising pieces.

The new LP by Tom T. Hall, "I Wrote A Song About It," features his current single "Deal." The LP follows Hall's "Songs Of Fox Hollow" from last year, which went to number one on the country charts. All the songs on the new album are written by Hall and produced by Jerry Kennedy. The LP is also being released in 8-track and musicassette configurations.

"Inside Out" marks the Mercury debut of The Flock, one of the most respected experimental groups of the late 1960s/early 1970s. The LP was produced by Felix Pappalardi, former producer of Cream and co-founder of Mountain. The current lineup features the original bassist, guitarist and drummer, along with a new violinist and keyboard player. The Flock, booked by American Talent International, is currently setting a nationwide tour to commence in June.

"Chris Colombo" marks the debut recording of the young Englishman, produced by Larry Page of Troggs/Vanity Fare/Daniel Boone fame. Colombo co-wrote all the LP's songs with Eddie Stevens.

## Motown, Jackson 5 Plan Joint Effort For Two Album Projects

HOLLYWOOD — Motown Record Corporation and the Jackson Five have launched an extensive promotion campaign on Michael Jackson's "Forever Michael" album and the group's "Moving Violation" album. Announcement of the company's and the group's plans came from Tom Noonan, Motown's acting director of marketing.

In making the announcement Noonan stated: "Following the success of the group's last album, the initial reaction from progressive, r&b and pop radio stations on these albums has been tremendous."

The promotional campaign includes appearances on American Bandstand that is scheduled to air June 28; co-hosting the Dinah Shore Show that will air July 7; personal appearances at progressive, pop and r&b radio stations in Los Angeles, Chicago, New York and other major markets where the group is scheduled to make personal appearances this summer.

In cities where time permits and arrangements can be worked out with retail stores, the group will appear in stores and sign autographs for their fans and lunch with key store personnel.

Motown has already stocked distributors and retail outlets with

thousands of the three dimensional "Moving Violation" buttons; a mobile of the album cover and "Forever Michael" hats to be used in connection with the promotion.

In addition, there is a billboard on Sunset Strip; and in Las Vegas there will be billboards and 30-sheets advertising the groups appearance at the MGM Grand Hotel and tying in the album product.

Where the Jackson Five's time schedule permits, they will do extensive interviews with consumer publications in major markets; and the company is considering the possibility of television spots to tie-in with the extensive radio and newspaper advertising campaign that has been launched to back the albums and the group's personal appearances.

## Chicago, Beach Boys May Gross \$1 Mil. In Six Chicago Dates

HOLLYWOOD — Jerry Weintraub, promoter for the Chicago Stadium decided that five sellouts for Chicago and the Beach Boys last week (June 2-6) were not enough as far as the two groups' area fans were concerned. Weintraub added a Saturday night sixth show to accommodate more fans.

## CRIA To Award Gold Certificate

TORONTO — The Canadian Recording Industry Association will introduce and administer a gold record award program for outstanding record sales in Canada.

The CRIA "gold" records will be awarded for Canadian album sales of 50,000 units and for Canadian single sales of 75,000 units.

Previously, "gold leaf" and "platinum" records have been awarded by RPM magazine, a Canadian trade periodical. According to Brian Robertson, the executive secretary of CRIA, the Canadian recording industry has not been involved in the presentation until now. "There has been a lot of pressure put on us by the industry to set up an official award for the past two or three years."

It has come on the **Cash Box** LP chart at #17 with a bullet.

"Venus and Mars" and the single from the album, "Listen To What The Man Said," were composed, produced and performed by McCartney and Wings under the group's new exclusive recording agreement with Capitol.

**HUSTLING THE HUSTLE** — Avco Records set up a Hustle Stakes contest based on Van McCoy's single, "The Hustle" (from his chart album, "Disco Baby") with the winner being the radio station first in bringing the single in at No. 1 on their playlist. ## Movie Soundtrack Uses New Technique

HOLLYWOOD — ABC Records has just shipped the soundtrack to Robert Altman's "Nashville." The soundtrack features 12 tunes performed by the stars of the film which include Keith Caradine, Karen Black, Henry Gibson, Barbara Harris, Tom Frank, Gwen Welles, Timothy Brown and introducing, Ronee Blakley.

Baskin's task was to assemble songs which, in themselves, would ultimately score the film and provide a continuity to the film. In achieving this, Baskin and the actors and actresses of "Nashville" wrote their own tunes to musically express the characters and their interactions.

The "live" recording procedure agreed also with the amenities of Nashville, namely her musicians, all of which are adept in "quick study." Baskin reported

that each song took members of the Grand Ole Opry only a half hour to learn. Baskin, only 25, was selected to supervise and help score the film after Altman heard tunes he had penned for Gwen Welles. Baskin's suggestion to record "live" appealed to Altman, who thereafter named him "music designer" of the film. The film opens this week on the east coast. ABC Records will also be releasing a single off the soundtrack album.

**EAST COASTINGS** — There were no heavies at last week's **Leslie West** concert at the **Beacon Theater**. How do we know? Well, **RCA Records** offered the first five people who weigh over 300 pounds free admission to the show. Nobody took advantage of their offer, we hear nobody would admit to it. . . . Also visiting last week was **Keith Christmas**, **Manticore** recording artist. He is finalizing all the details before his forthcoming U.S. tour.

**Jerry Weintraub** was forced to add a sixth show for **Chicago's** week long engagement at the **Chicago Stadium**. Tickets for the 20,000 seat hall were placed on sale last Thursday for the concert last Saturday. . . . Speaking of **Weintraub**, **Ronnie Blaikely**, **Keith Carradine**, and **Henry Gibson** of the **Robert Altman** "Nashville" movie which he produced, performed in a concert sponsored by radio station **WHN** in **Central Park** last week.

The new **Johnny Rivers** single, "Help Me Rhonda" will have **Brian Wilson** singing background vocals. . . . **Smokey Robinson** will make his solo concert debut in **New York** on June 26 at **Carnegie Hall**. . . . **Hunter Thompson**, "famed outlaw journalist, father of 'Gonzo Journalism,'" will be the guest speaker at **Rock and Roll Expo '75** this summer in **Washington D.C.** . . . **Society Hill Sound Inc.** tells us that the title of the **Dave Schultz** single (see last week's **East Coastings**) is "Penalty Box" and has recently gone to number one on **WFIL** in **Philly**. . . . **David Bowie** will star in the **Nicolas Roeg** film, "The Man Who Fell To Earth." It's a "mysterious American love story spanning a quarter of a century." The picture is being shown in the U.S. and is currently on location in **New Mexico**. . . . **Candy Leigh** will be closing her **Tomorrow Today** publicity agency in two weeks. She will announce future plans shortly. . . . **Chet Baker** and **Frank Foster** and the **Loud Minority** will be at **NYU's** **Loeb Student Center** on June 16 in the final concert of **Jack Kleinsinger's** "Highlights in Jazz" series.

He also mentioned that his is the voice behind the "Ladies and gentlemen, the Rolling Stones" announcements which you'll be hearing when the group rolls into your town.

**ALBUM PREVIEW**: **John Abercrombie's** first album as a leader has been set for release by **ECM** next week. The guitarist has an impressive list of credentials, being at one time a member of **Dreams** and later **Billy Cobham's** band in addition to working sessions for people like **Dave Libman**, **Airto**, and **Gil Evans** (on his "Music Of Jimi Hendrix" album).

On "Timeless," recorded in **New York** in June 1974, Abercrombie works with **Jan Hammer** (organ, synthesizer, piano) and **Jack DeJohnette** (drums). Like the archetypal **Tony Williams Lifetime**, there is no bassist. Unlike that trio however, Abercrombie aims for a full but cleaner, better defined sound — relying on fuzz tones and feedback only infrequently.

With **Hammer** playing better than he did on the latter **Mahavishnu** recordings (especially his **Hammond organ** work here), and **DeJohnette** turning in an inspired performance which eclipses his own "Sorcery" LP, the trio form a harmonious unit capable of creating a melodic statement in a variety of tonal moods from the combusive "Red And Orange," to the acoustic guitar-piano duet "Remembering," to the drone-like quality of the title track.

Abercrombie shows his dexterity with lightning fast maneuvers up and down the scales during the opening minutes of **Hammer's** "Lungs," but the song does not really take off until the group simmers down, about five minutes into the piece and Abercrombie threads **Hammer's** synthesizer and **DeJohnette's** rim shots with some well placed riffs.

Taking the opportunity to step out on his own, Abercrombie proves himself a worthy leader on his LP which only seems to underline and emphasize the talent he has shown while playing a supportive role.

**QUICKIES** — **Phoebe Snow** has signed with **Columbia**; **Willie Nelson's** picnic will take place thirty miles outside of **Austin** on July 4; **Stephen Stills'** new LP will be released June 16; **Alexis Korner** is releasing his latest LP "Get Off My Cloud" on June 9 with **Keith Richards**, **Peter Frampton**, **Nicky Hopkins**, **Steve Marriott**, and members of **Kokomo**; and California governor **Jerry Brown** this week listed **Miles Davis** among his top ten favorite artists (can Jerry really whistle in 7/4??).

Caedmon Founders Leave After 21 Yrs.

NEW YORK — Marianne Mantell and Barbara Holdridge have left Caedmon Records, the major spoken-word label, which they founded more than 21 years ago. The label was bought by Raytheon five years ago, but Ms. Mantell and Ms. Holdridge remained in the chairman and presidential positions, respectively.

In addition to recording numerous living poets, Caedmon also formed the about to be discontinued Shakespeare Recording Society and Theatre Recording Society. Caedmon's first album was Dylan Thomas' "A Child's Christmas In Wales," released in Feb. 1952, which has been the label's best seller.

The label's new president is Carrol Haubert.

## Disk Buyers Habits; Part 3 fr 7

**CB:** You buy about five to ten singles each week. Do you keep up with the chart lists?

**AD:** I try to, but it's hard. When they advertise a new record on the radio, that keeps me up with what's new. In addition, I always hear the old stuff on the radio.

**CB:** I guess the radio is the most important advertiser for you.

**AD:** Yeah, most of the things I own are already on the radio. Once they come on, I buy them.

**CB:** What station do you listen to?

**AD:** 99X-AM

**CB:** How many hours of music do you listen to each day.

**AD:** Three or four. I listen when I do my homework or when I have nothing to do.

**CB:** Do you own a stereo system?

**AD:** I have my own stereo and an 8-track tape deck. In fact, I just bought a Jackson-Five 8-track.

**CB:** What would you like to see record companies do to stimulate interest in their product?

**AD:** They should lower their prices. But they should also put the name of the group and the name of the record on the cover of the new records. It's hard to find out what a record is. Especially when they play them in the shop.

**CB:** What you're saying is that an album cover which doesn't advertise the name of the band or the record makes it difficult to determine if the record is worth buying.

**AD:** Definitely. Like, a good example of what they should do is "The Wiz." That just came on and I like the way you know when you go to buy it what the record is.

**CB:** Do you like the artwork?

**AD:** Yeah, it's nice. Some LPs have covers which open up with pictures and lyrics. That's really a good idea.

**CB:** Which covers do you like?

**AD:** The Jackson Five especially. I also like the Led Zeppelin cover, but I don't like the music.

**CB:** Why?

**AD:** It's just a little too wild.

**CB:** Do you think that record companies would help their sales if they put poster and pictures with the record?

**AD:** Definitely, I would even spend more money on the record if it had a good poster.

**CB:** Where do you buy records?

**AD:** Discount shops, but it seems that the record companies never put the good ones in those places. I also go where they sell the 45s.

**CB:** Do you play any instrument?

**AD:** They give lessons in my school and I haven't gotten any yet. I want to learn how to play the drums.

## Lena And Michel Set For June Release

HOLLYWOOD — Michel Legrand's newest album, "Lena & Michel," which the French musician produced for Lena Horne, is due for release later this month by RCA. The record will be Miss Horne's first in two years.

The album will include six Michel Legrand songs, three with lyrics by the songwriting team of Alan and Marilyn Bergman, and another three tunes with lyrics by Hal David.

## Pirates Tapes Seized fr 7

The bulk of the seized tapes bore the logo "Stereo 8 Mirror Image," said to be manufactured by Sound 8, Atlanta. Others bore the logo, "S.A.M.E.," said to have been produced by Sound-Alike Entertainment. Authorities said the business records of Midwest Distributing, also seized during the raid, indicated the firm was selling the tapes in North and South Dakota, Montana, Idaho, Wyoming, Minnesota and Nebraska.

In another development, Terry Glenn Miller, 21, pleaded nolo contendere to two counts of violating North Carolina's anti-piracy law. Assistant State's Attorney Randy Gregory identified Miller as a distributor of pirated tapes which he sold from a van. Officers of the Cumberland county sheriff's office, who arrested Miller, seized more than 2,000 pirated tapes at that time.

## Mann Adds Track To LP

NEW YORK — RCA Records has, this week, halted production on Barry Mann's album, "Survivor" to add a new Mann recording, titled "I'm A Survivor."

"I'm A Survivor," actually written by Mann after he'd completed his LP, is also being rush-released by RCA, as a single.

It was after the LP was "put to bed" and headed for production that Mann, inspired by its title, "Survivor," conceived of and wrote "I'm A Survivor." Feeling very strongly about the new song's potential, he went into a studio and recorded it.

Release date for "Survivor" is June 13.

### Three Albums In Mason's Future

**HOLLYWOOD** — Columbia recording artist Dave Mason, will have at least three new LPs released within the next six-month period in addition to "guest star" session performances on other artists' LPs. He will record a new studio album this month for release later this summer. Next, his 90-day headlining fall tour will be recorded as a two-volume "live" package. Finally, Mason will co-script, score and perform on a forthcoming soundtrack. The film is called "The Guitar Player," and will be produced by Jason Cooper and Chris Bearde, with screenplay by Mason and Bearde and will be directed by Ted Post. Bearde has produced some of TV's most popular shows including Sonny and Cher, Laugh-In, The Osmonds, Jackson Five and the upcoming Teleseries for Bobby Vinton. Post has directed numerous films, his most recent being Clint Eastwood's

"Magnum Force." Dave Mason will also play the title role in "The Guitar Player." Dave Mason's 20-city summer tour kicks off in Central Park on July 2. This tour will acquaint audiences with new personnel in The Dave Mason Band. Rejoining Mason will be Mike Finnegan, who along with Mark Jordan means that the act will utilize two keyboard players. Gerald Johnson, former bassist with Elvis, The Sweet Inspirations and Steve Miller, is now a part of the reorganization. Other dates on the tour include the Performing Arts Center on July 6 at Saratoga, N.Y.; Temple Music Fair, Ambler, Pa. on July 9; Tri-County Speedway, Cincinnati, Ohio on July 18; July 23 Mississippi River Festival, Edwardsville, Ill.; July 26 Place des Nations, Montreal and The Carter Baron Theater, Washington, D.C. on July 31, with additional dates to be announced.

### ATV Music Sets 'Bloody' Promo

**HOLLYWOOD** — ATV Music Group recently presented Chicago-area radio principals with "Bloody Mary Kits" promoting the title song of chiller film, "Mary, Mary, Bloody Mary," which opened at the Plitt Theatres chain there. ATV's Tom Bahler wrote the film score, in addition to the title tune, "Do You Know Who You Are" (with Harry Shannon), released as a single by Capitol with Bahler as featured artist. "Bloody Mary Kits" consisted of a copy of the Bahler single, tickets to the film and a Bloody Mary drink mix. The film debuted in Chicago area and will be distributed from city to city with similar radio promotion planned in conjunction with the Bahler record, according to ATV executive Steve Love. Indie promo man Paul Gallis coordinat-

ed "Bloody Mary" promotional efforts in the Chicago area with Sam Citro, district sales manager, Capitol; Edward H. Sequin, director of advertising and publicity, Plitt Theatres, Inc.; and Paul Brown, indie college promo man, who assisted with campus stations.

(Left to right) **John Burns** (MCA salesman in St. Louis), **Bob Chilton** (MCA sales manager in St. Louis) and **Jean Burman** (MCA promotion in St. Louis) set out to dazzle St. Louis record dealers with their fancy footwork and to support MCA Records' recently released '40s era "Big Band" double album sets that are part of the company's two-fer program.

The MCA campaign, called "Get Out Those Old Phonograph Records" features special double album sets by **Guy Lombardo, Glen Gray, Jimmy Dorsey, Lionel Hampton, Bob Crosby, Gordon Jenkins, Charlie Barnett, Les Brown, Woody Herman, Tommy Dorsey, Louis Jordan, Freddy Martin, Eddie Condon and Artie Shaw.** MCA Records started its "Best of" series two years ago. Each of the double album sets included in the company's two-fer catalog is priced at \$7.98. In addition to the newly released "Big Band" LPs, there are approximately forty other two-fers available from MCA. Among the artists included are the **Four Aces, Bill Anderson, the Andrews Sisters, Benny Goodman, Ella Fitzgerald, Bert Kaempfert and Lawrence Welk.**

**Herb Mendelsohn**, vice president of marketing for **ABC** record and tape sales (one of the three largest rack jobbers in the country and a subsidiary of the **American Broadcasting Company**) and Los Angeles' **KKDJ-FM** are taking a thematic approach to record sales in announcing a new promotion titled "**The Love Bug**." Using love as the common theme, LPs containing love songs from several record companies will be promoted with mass displays, fold-over posters and T-shirts for the sales people. Rack jobbers will handle the entire promotion at the stores, mainly large department chains, and **KKDJ** will handle the on-the-air promotion with 40-60 second spots and will offer a night on the town with the tuna of all time. **KKDJ** disk jockey **Charlie Tuna.** Product being promoted will include releases from **MCA (Elton John), Columbia (Blood, Sweat and Tears), Capitol, and A&M** among others.

As a result of the overwhelming success of the initial sampler project presented in Feb., **Phonogram, Inc.** has just sent its second sampler album into the field. As with the debut sampler, the new LP features key tracks from six recent **Mercury/Vertigo** albums.

Spotlighted on the album are **Spirit, Greenslade, Nicky Hopkins, Love Craft, the Flock,** and the **Sensational Alex Harvey Band.** As with the first sampler, there is no mention of either the Mercury or Vertigo labels on the record itself.

According to **Jules Abramson**, vice president of sales, "Dealer response to the initial sampler was beyond our expectations. Mass retailers, head shops, racks, every type of account, used the LP. The dealers like the technique we use to construct the sampler and have been requesting a new one.

"Our research indicates this type of in-store sampler encourages more play than an album by one artist because of the variety of music attained with six different artists on one record."

Augmenting the sampler will be a 24" by 37" three-color poster depicting the front cover of the album. The poster concept grew out of the efforts of **Jim Colitz** of the **Warehouse** chain in California which made its own poster for the campaign which accompanied the initial Mercury sampler.

The front cover shows reproductions of the albums spotlighted with the back side featuring short biographical sketches of the artists as well as identification of the songs.

All the albums featured are on the Mercury label except for the **Sensational Alex Harvey Band** on Vertigo. Tracks include "Victim Of Society" and "Joker On The Run" by **Spirit**, "Catalan" and "Gangsters" by **Greenslade**, "This Ridiculous Trip" and "Lady Sleeps" by **Nicky Hopkins**, "Ain't Getting None" and "I Feel Better" by **Love Craft**, "Metamorphosis" and "Back To You" by the **Flock**, and "Shake That Thing" and "Action Strasse" by **SAHB.**

Distribution of the sampler will be coordinated by **Abramson** working directly with **Phonogram/Mercury's** regional marketing staff.

**Bill Biggs**, **Warner/Elektra/Atlantic's** Atlanta regional branch manager announced the appointment of **Mark Maitland** to the post of branch marketing coordinator.

According to **Biggs**, "Maitland will be the communication and nerve center on all advertising, promotion, sales and merchandising efforts for the branch marketing area."

Maitland had previously been at **WEA's** Los Angeles branch for two years, his last position being singles marketing specialist.

**Tim Sullivan** and **Allan Chlowitz**, vice presidents and general managers of **KHJ** and **KRTH** respectively, announced the appointment of **Robert Houglund** to the position of retail sales manager. The retail sales division represents both of the **RKO** General radio stations.

## Yvonne Elliman: In Transition

"The first two albums I did were really self-indulgent. You might say that I was trying to regurgitate all the "Superstar" thing that was still in me."

**Yvonne Elliman** is in transition. Four years as **Mary Magdalene** in "**Jesus Christ, Superstar**" had brought her instant success and, in a sense had become a yoke around her post-"Superstar" musical efforts.

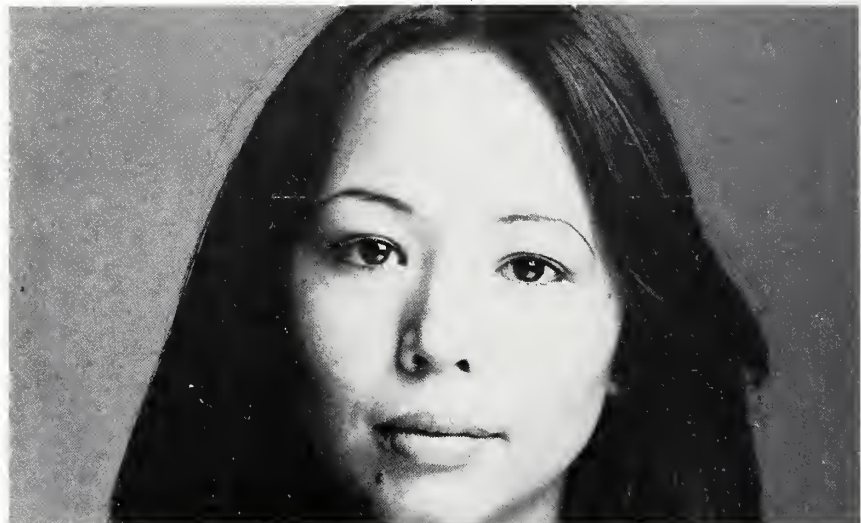

"Through 'Superstar' I got the feeling that I could do anything. It gave me the idea that everything I did was alright with the record buying public; which wasn't quite true. I was into trying to imitate **Grace Slick** and people weren't ready for that."

Out of the desire to bring her music back to the people "**Rising Sun**" was born. The album, produced by **Steve Cropper**, is a full blown, tasteful ode to commerciality as **Ms. Elliman** combines her own songs as well as others into tight, well-constructed blues-ballad package.

A lot of pre-planning went into the album's creation as explained by Yvonne.

"From the beginning my mind was pretty much open to the concept of the album. **Steve Cropper** screened approximately two thousand songs from all over the country. From that group he selected twenty that I listened to. From that group I picked two."

"There was a lot of listening done with the lyric content being the thing I listened to first. If a song didn't have good lyrical content it wasn't even considered. The overall consideration was that it was a good song. It had to have a beginning, a middle and an end. It had to have a nice riff or something going for it."

By her own admittance Yvonne had some specific goals for this album, one of the most important being the vocal quality of the songs. The other the seemingly blatant attempt at top forty commerciality. Both of which **Ms. Elliman** readily cops to.

"**Rising Sun**" is definitely a voice album. It's for people who are into the ballad type vocals I do; something they missed on the last two albums."

"And as far as the album being commercial; well, I suppose it is. I don't think it was a deliberate attempt on my part. I just wanted to make something that people would listen to. It boils down to a kind of give and take thing between the singer and the listener. You've got to please your public. For too long I've been too much into myself. You might say I was too proud and self-indulgent."

"**Rising Sun**" quickly becomes a rarity among solo releases in that **Ms. Elliman's** own compositions are kept to a minimum while songs by the contemporary likes of **Todd Rundgren, Bobby Charles** and **Artie Wayne** make up the bulk of the album's material. This concept was explained by Yvonne in a most logical fashion.

"There are just too many good songwriters around for me to do an album of all my own songs. I'm trying for a multi-faceted approach to my music as opposed to being totally self-indulgent. Originally I had more than two of my own songs on the album but there was so much good music around that I cut back on my own songs."

Yvonne's new musical and philosophical stance will doubtless come as a shock to those who still picture her as **Mary Magdalene**. For Yvonne "**Rising Sun**" is her attempt to rid herself and the listening public of this preconceived idea.

"The 'Superstar' image has nothing to do with the way I sound. I'm not **Mary Magdalene** and I don't want to be known as **Mary Magdalene**. **Superstar** wasn't a real life thing. I was just acting out a part. Unfortunately people took the part I was playing as being the real **Yvonne Elliman** and when they found out differently they felt they'd been double crossed. The public really felt shafted when they found out I wasn't really **Mary Magdalene**."

Of late Yvonne's musical outpourings have been closely linked to the return to the top of **Eric Clapton** (Yvonne having sung on both albums and subsequent tours). With the release of her solo album the obvious question is when the listening public can expect an **Yvonne Elliman** tour?

"All the touring I'm doing is with **Eric**. I won't go out as a solo until there's something in the air for the people to grasp onto and love. It's too easy to give one bad performance and literally get blacklisted from future changes. So I'm just taking my time and waiting for the right time to tour on my own."

"I suppose ego has a lot to do with it too. Touring with **Eric** I've gotten used to playing to sold out houses and, as a result, I won't risk going out now and playing to quarter full houses."

The aura of intimacy between musician and audience hangs particularly heavy with a solo performer. It's easy to hide when you're part of a band but when you're out there by yourself...?

Yvonne, in preparation for the day when she'll be on the boards by herself, stated that the feels that there is an inherent danger of a performer being too honest with an audience.

"If I can't just go onstage, sing my songs and not talk then it's alright. But if I talk that's when I might blow it. Too much rapport can leave an audience with the attitude that you're too much a part of the crowd. I would rather leave an audience with a sense of awe and mystery."

Yvonne Elliman; musical truth in transition.

## Kiss James Gang

LONG BEACH ARENA, L.A. — A startling transformation took place recently as the Long Beach Arena took on the trappings of ground zero to the thermonuclear rock fallout called Kiss.

The New York based blitzkrieg succeeded far beyond the normal level of a rock and roll band by virtue of overkill. Blow torches, smoke bombs, rockets and all manner of pyrotechnics slammed together in the most haphazard manner imaginable and, yet, seemed to fit.

Musically the band continued to rely on the lowest common denominator of rock as Ace Frehley and Paul Stanley gathered the most mileage out of three rock and roll chords.

Of particular theatrical note was Frehley's passionate affair with his guitar which ended with him shooting his wad, in the form of a skyrocket, into the arena's upper reaches.

Kiss's shades of hades performing stance, spearheaded by outer space costumery and supernatural makeup, is best exemplified by the antics of bassist Gene Simmons. During the course of the set Simmons, who possesses the most exaggerated stage gyrations in rock and roll, fed the more hostile fantasies of the audience by spitting fire and blood into the audience.

The band's continued assault on the primordial shifted into high gear as Simmons (reputed to have the longest tongue in the world), alternately tongue bathed the mike stand, his axe, Ace Frehley and an over-excited fan who happened to get too close to the stage.

The very nature of Kiss's overtness was summed up by another critic who after the show remarked: "I'd bet that the kids that go to see Kiss are the same ones who go to a Dodger game for no other reason than to sit in the center field bleachers and spit on Jimmy Wynn."

Kiss: good clean (?) fun that's got to be seen to be believed.

The latest and tightest ever incarnation of the James Gang kicked off the evening's proceeding with a roof-shaking set of rockers. Gang stalwarts Dale Peters and Jim Fox laid a threadbare rhythm groundwork for the taut lead riffs of Richard Shack and the classic punk vocal stand of Bubba Keith.

Highlighted were James Gang standards "Funk #49" and a truly metallic "Walk Away." The Gang's newer material fared equally well as the primitive rumblings of "Merry Go Round" and "Earthshaker" weaved their hard as nails spell.

The James Gang; rock and roll robbery at its finest.

## McKendree Spring

THE OTHER END, NYC — It was a return to the scene of two considerable forces. Paul Colby's Bitter End (now reincarnated as The Other End) and McKendree Spring. To be truthful, the band came off better than the venue. Imbued with a multifaceted sound that included tight vocal harmonies, a snappy beat, and dynamic fiddle playing they swung their way through a set of other's favorites such as Dylan's "Corinna, Corinna" and home grown numbers like "Hold On" and "Get Me To The Country." Their excellence in playing, however, was partially demolished by the opening night blues of the club. The sound, which to accurately catch the intricacies of the band should be crystal clear, was excessively muddy. Hopefully, this can be cleared up with time, in a friendly intimate room that has a lot of promise.

## Bad Company Maggie Bell Catfish Hodge

NEW YORK — With two gold LPs and several hit singles to their credit a little more than a year after their formation, Bad Company is obviously something of a phenomenon. When the tour hit the Garden last week, marking the first time a group has sold out a venue on their first headlining tour, the air of expectancy was understandably high. Fortunately, Bad Co. by and large rose to the occasion.

The undisputed star of the Swan Song group is vocalist extraordinaire Paul Rodgers, who undeniably has one of the premiere voices in rock. In the first part of the set, he led the group through such tunes as "Rock Steady," "Ready For Love," "Feel Like Makin' Love" and

"Shooting Star." Although suffering from an injured finger, Rodgers did play a little guitar and piano throughout the evening. Mick Ralphs naturally played his guitar with characteristic intensity and fluidity, ably supported by bassist Boz Burrell and drummer Simon Kirke.

Curiously, their set took awhile to build up steam, a situation compounded by the strategic placement of all the "hits" at the close of the show for maximum effect. Starting with "Easy On My Soul," the pitch of excitement rose rapidly, this tune featuring an audience sing-along which effectively built up rapport between the group and the crowd. Moving from there into the very impressive "Stealer," "Movin' On," "Good Lovin' Gone Bad," and "Bad Company" (the

first encore), the audience demanded a final encore which they received in the not unexpected "Can't Get Enough."

Bad Co.'s success is due in large measure to the refreshing sparseness of their sound, which needs to be played with just the right spirit to be impressive. As a relatively new group thrust into superstar status, what they seem to need most is more experience in communicating their basic rock and roll to arena-size crowds. With more dates under their belt, Bad Company will continue to be the #1 attraction they already are.

Preceding Bad Company was the first lady of British blues-rock, Maggie Bell. Featuring tunes from her latest Swan Song LP, "Suicide Sal," Maggie, clad in

shiny black dress and heels, belted out fast rockers and slow blues numbers (notably her trademark, "Penicillin Blues" from her Stone The Crows days). She has yet to receive the recognition in the U.S. that she has in England, but the exposure she is receiving on this tour will hopefully elevate her to that status here in a short time. By the end of her fine set, the audience demanded a richly deserved encore from the raspy-voiced queen of the night.

The unannounced opening act was 20th Century artist Catfish Hodge, whose 15-minute set depended on drug humor for its effect. Unfortunately, his tunes bordered more on bad taste than anything else, and the audience knew it.

## Proctor and Bergman Tom Waits

BOTTOM LINE, NYC — "Hello mothers, hello others. We're the Pills brothers." The Pills Brothers are in fact David Proctor and Peter Bergman, the Yale portion of the Firesign Theatre. The two zany bozos performed bits from their "TV or Not TV" Columbia LP and reaffirmed the fact that everything we know is really wrong. The problem, Proctor and Bergman tell us, lies not in our stars but in our conception of ourselves. Their humor is based upon subtle shifts in our perception of reality and an exaggeration of modern man's mutilation of language. As Bosco Hurn, one of Bergman's characters said, "What was one is now none." The duo, in this respect, are the true heirs of Charlie Chaplin and the Marx Brothers. For Proctor and Bergman, our world is like the crystals in a kaleidoscope. By twisting the handle, what we think is becomes

what, in reality, is not.

The high point of the set was "The Declining Fall of the Roaming Empire," a parody of the Gibbons' masterpiece. Puns, spoonerisms, and homophonic word-play carried the listener into a world which reminded him of his own, yet sounded strangely different.

The duo used props and sound gags particularly well on this night. Those fans who are familiar with group solely through their records must try to catch them live. But, be prepared to listen.

And now for something completely different. Tom Waits, Elektra comic, opened the show. He was recently reviewed in **Cash Box** on Mar. 1 and Mar. 29. His set was particularly effective because the audience was receptive to good humor. The bill was arranged intelligently.

## Pat Martino Dave Liebman

THE BOTTOM LINE, NYC — One cannot be quite sure how to approach Pat Martino's latest gig at the Bottom Line. The Muse guitarist has made his act "contemporary" and it's difficult to say if it really works. To be sure, Martino is one of five or six top jazz guitarists performing now in the world. However, he has, in the past, been a relative unknown outside jazz circles, save for his redoubt in Philadelphia. Martino's music was a veritable cornucopia of jazz textures and colors. The pieces always forged intelligently and never lapsed into academic formality. Martino now seems to be following in the footsteps of his musical compatriot Larry Coryell by working with younger musicians and by integrating rock structures into his act. It is difficult to say if Martino is merely trying to attract a broader commercial following or really enjoys playing fusion music. The truth is probably some combination of the two. If Martino's artistry did not suffer, then there would be no problem. On this date, however, the older material worked best. The jazz-rock pieces were excessively loud and tended to collapse into repetition. One can only hope that Martino's experiment with the new music does not lower that level of emotive virtuosity his music has always attained.

Miles Davis has said that Dave Liebman is one of the finest saxophonists around. Part of the reason for Liebman's reputation is his thorough schooling in all of the reed instruments and his mindboggling mastery of jazz and pop standards. Leibman and Larry Coryell used to play the borscht belt and such wedding factories as Leonard's of Great Neck. All of those gigs served as the woodshed in which Liebman developed the tonal control of his instruments. Liebman can articulate the traditional tenor voice of Coleman Hawkins as smoothly as the guttural sad wail of Ornette Coleman. In both cases, the sharpness and clarity of the music pierce the listener to the quick. One feels emotionally drained after a Liebman set for the sensuous power of his horn plays on the listener's ear like an irrepressible siren song. His compositions, moreover, place traditional forms in freer structures in such a manner that the old and the new jazz components mutually inform each other. Liebman should soon, hopefully, get the attention his talents deserve.

## Tex Williams Nancy Wayne

PALOMINO CLUB, L.A. — One of the patriarchs of country music took his gentlemanly deep voice to the stage last Saturday night. After decades in country music he remains as down to earth as always, affected only positively by the love his audiences have for him. His set consisted of tunes he has recorded in his long career including the first, recorded over thirty years ago, titled "Shame Shame," his famous fast-talking trucking "Smoke, Smoke Smoke That Cigarette," and the country-shufflin' "It Ain't No Big No Big Thing." A very warm set from a very mellow man who loves to smile.

Opening for Tex was the naturally beautiful Nancy Wayne, who had no trouble at all capturing the hearts of the folks on hand with her warm and very personal songs of love. Her lyrics are so honestly sensual and her stage presence so unpretentious that she genuinely tweaked by heartstring. Songs like "I Want To To Kiss You," "Hot Carolina Night" (which she wrote), and "I'd Rather Live Alone With Me (Than To Live Alone With You)" which all create a totality of love and honesty in her music. If you are a romantic at heart, check her music out. She's already married; oh, well.

## picks of the week

**TONY ORLANDO & DAWN** (Elektra 45260)

**Mornin' Beautiful** (3:03) (Applecider/ASCAP/Little Max/BMI — Dave Appell, S. Linzer)

This sure-to-reach-the-top single was produced by Medress and Appell and was taken from the dynamic trio's latest LP "He Don't Love You." To be perfectly candid this disk's tight vocal arrangement is pure Tony Orlando smooth and sexy. You won't have to knock three times to get your DJ to play this smash. Flip: No info. available.

**BARRY MANILOW** (Arista AS-0126)

**Could It Be Magic** (3:37) (Kamikazi/Angeldust/BMI — Barry Manilow, Adrienne Anderson)

This track, re-mixed and edited from Manilow's first LP is a lush ballad inspired by Prelude in C minor F by Chopin. A glowing arrangement by Manilow and Ron Dante grace the familiar melody which is augmented with a strong, vocal interpretation by Manilow. Hot on the heels of two major hits, this should make it three in a row. Flip: No info. available.

**REDBONE** (Epic 8-50107)

**I've Got To Find The Right Woman** (2:58) (Blackwood/Novalene/BMI — L. Vegas)

Coming off their super smash hit "Come And Get Your Love," Redbone delivers another funky, uptempo performance with much the same tempo markings as their first offering. Punching horn section and sweet strings complement another great production, must go with it. Flip: No info. available.

**NEW BIRTH** (Buddah BDA 470)

**Dream Merchant** (3:20) (Saturday/BMI — L. Weiss, J. Ross)

This powerful ballad from the group features some good vocal interplay and a strong lyric line. A solid outing by the group which should go r&b immediately and crossover to pop before too long. Watch out for this one. Flip: No info. available.

**HUES CORPORATION** (RCA JH-10311)

**One Good Night Together** (3:19) (JiMi Lane/Ensign/BMI — Wally Holmes)

The Hues Corporation are rocking the boat again with this disco sensation. Produced by David Kershbaum, this disk has got a really snappy hook. You and your love corp. will spend many good nights together with this one. Flip: No info. available.

**STEPPENWOLF** (Mums ZS8 6040)

**Caroline (Are You Ready For the Outlaw World)** (3:21) (Finn Tara/ASCAP—Mars Bonfire)

Mars Bonfire has penned an inspired rocker that is one of the most imaginative and socially significant Steppenwolf songs since "Born To Be Wild." Tune deals with Caroline Kennedy being bored with her "jet-set mother" and turning on to a Patty Hearst-like lifestyle. Should cause a bit of controversy, but tune is strong both lyrical and musically, and really rocks. Five stars, get on it now. Flip: No info. available.

**ORIGINAL CAST "THE WIZ"** (Atlantic 3272)

**Tornado** (3:23) (Fanfare/BMI — T. Graphenreed, H. Wheeler)

The Jerry Wexler produced track from the soundtrack recording of "The Wiz" relies on sheer majesty in creating and conveying the feeling of a tornado. The instrumental is a whirlwind of sound which is destined for heavy airplay this summer. Let it pick you up and carry you away. Flip: No info. available.

**KRAFTWERK** (Vertigo VE-204)

**Kometenmelodie 2** (3:05) (Famous/ASCAP — R. Hutter, F. Schneider, Esleben)

This neatly edited version of the composition from their "Autobahn" album again places complete, total reliance on electronics to create a rhythmic if not mesmerizing song structure. This time out, the German group goes completely instrumental but the results should match up with their successful last outing. Flip: No info. available.

**NANCY SINATRA** (Private Stock PSR 45,022)

**Annabell Of Mobile** (3:11) (PixRuss/ASCAP — B. Russell)

Produced by Snuff Garrett and arranged by Al Capps, Nancy's premiere release on Larry Uttal's Private Stock Records is a fine production of a Bobby Russell tune that tells a tender story of love underneath an Alabama moon, and some down-home sacrifices by a southern mama. Terrific story here, with distinctive guitar, piano, string tracks — and of course, Nancy with the smiling face is back in top form. Flip: No info. available.

**THE NITTY GRITTY DIRT BAND** (United Artists UA-XW655-Y)

**(All I Have To Do Is) Dream** (3:40) (Acuff-Rose/House Of Bryant/BMI — B. Bryant)

One of America's favorite bands deliver perhaps their most convincing, strongest performance since "Buy For Me The Rain" and "Bojangles" with this classic pop hit. Those boys can boogie, and their bluegrass-rocking treatment makes a good thing even better, behind inspired production by William E. McKuen. An important release for a bunch of very talented pickers, is bound for a top ten chart spot. Must be added pronto! Flip: No info. available.

**KINKY FRIEDMAN** (ABC 12107)

**Popeye The Sailor Man** (2:34) (Ulu Bunny/BMI — K. Friedman, Panama Red)

Produced by Steve Barry and arranged eloquently by Ben Benay, Kinky delivers a serious-sided ballad with conviction and beauty. Soaring strings, acoustic bass track and Kinky's vocals stand out here — the tune shows off a facet of Kinky's talent that must be recognized — this could easily become a pop classic. Must go AM top 40, MOR, c&w crossover. This disk has everything. Flip: No info. available.

**BO DONALDSON & THE HEYWOODS** (ABC 12108)

**Our Last Song Together** (3:08) (Kirshner/BMI — N. Sedaka, H. Greenfield)

Another Steve Barri-Ben Benay collaboration, Bo and the group deliver a soulful summer ballad with a super harpsicord, tamborine and timpani track that bring to mind some of the best Spector productions of ten years ago. Strings and fine vocals here — and a beautiful tune to boot. Sounds very strong — whatever the technique, it's as great now as ever. Flip: No info. available.

**BOBBY SHERMAN** (Janus 254)

**Our Last Song Together** (3:50) (Don Kirshner/BMI — Neil Sedaka, Howard Greenfield)

Bobby handles the Sedaka/Greenfield composition with warmth and style. His strong vocal line is scored with a lush string arrangement and strong instrumentation which add to the intensity of the tune. A good song and a good arrangement. Flip: No info. available.

**IAN HUNTER** (Columbia 3-10161)

**Once Bitten Twice Shy** (3:38) (April/Ian Hunter/ASCAP — Ian Hunter)

"Ullo" says Ian at the beginning of his latest single. Then, with all intros aside, he proceeds to lead his band which includes Mick Ronson through some of the best hard rock music he's played since early Mott. A must for all heavy metal kids and rock fanatics. Pick up on it now. Flip: No info. available.

**THE INTREPIDIS** (Columbia 3-10163)

**After You've Had Your Fling (Get Down To The Real Thing)** (2:43) (Tomeja/ASCAP — J. Lemley, C. Quander, D. Coan)

Already a hit of substantial proportion in the N.Y. discos, the group turns in a performance of sweeping harmonies and strings bolstered by a sturdy, shuffling rhythm section. A definite mover, this one stands to repeat its success on a national scale. Flip: No info. available.

**PASADENA ROOF ORCHESTRA** (Island IS 022-A)

**Paddlin' Madelin' Home** (2:17) (Shapiro Bernstein/ASCAP — Harry Woods)

Originally a Transatlantic Records production, this hot little Island release is from perhaps the year's most creative LP — authentic arrangements and performances of classic pre-swing era hotel music recorded in a modern studio by an ensemble of incredibly adept musicians. Produced by John Whitehead, John "Pazz" Parry delivers a sensuous, clean vibrato vocal behind that incredible music!!! Five stars and hats off to a dynamite concept! Flawlessly conceived and executed — vinyl like this is inspiring! So "paddle home with Parry!" Flip: Nagasaki (3:05).

**ROCKANDY** (Sugar Shack SS-675-1)

**Do You Remember Those Days** (2:59) (Nu Life/ASCAP — G. Cabot, D. Briske)

Wow! Gil Cabot and Darrell Briske have come up with a sensational, nostalgic tribute to childhood memories and simplicity — and the painful reality of growing up. Song introduces a highly accessible top 40 group — "Rockandy," and a promotional package that is one of the most elaborate and impressive recently seen on a 45 disk. Just like the old days! Same folks who created "Precious And Few" package by Climax — song should take off MOR, AM top 40. Go with it. Flip: Waiting For A Light (2:27).

**CRAIG JOHNSON** (Capitol 4073)

**You Don't Know Me** (2:38) (Hill And Range/BMI — E. Arnold, C. Walker)

Craig Johnson is a young man with a song to sing, and does he sing on this pop classic! Terrific, big orchestra arrangement and background vocals produced by Msrs. Curb, Lloyd and Costa introduces a superstrong young pop performer. Strong promotional push by Capitol on this important newcomer — an appealing, highly professional effort behind the record and a talented songster. Flip: When I'm With You.

**MICKEY NEWBURY** (Elektra/Asylum E-45256-A)

**Sail Away** (2:45) (Acuff-Rose/BMI — M. Newbury)

Mickey's distinctive, imploring voice leads the way on a masterful production of a tune of Mickey's composition. Tender lyrics over acoustic guitar and flute tracks, married nicely with strings, chimes and background vocals make this a real hot prospect. Get on it, it's clean as a whistle. Flip: No info. available.

**SHARON RIDLEY** (Sussex SR 636)

**Stay A While With Me** (3:25) (Interior/Van McCoy/BMI — V. McCoy, Joe Cobb)

Sharon delivers a dynamite performance behind sweet strings, harpsicord and backup vocals to effect a lovely interpretation of this Van McCoy and Joe Cobb concept. Should be a chart topping effort for a talented performer. Flip: When A Woman Falls In Love.

**LON AND DERREK** (A&M 1696-S)

**Dancing In The Dark** (2:38) (Almo/Fair/ASCAP — A.F. Low)

The Van Eaton brothers deliver a lighthearted, sweet performance of Andy Fairweather-Low's campy, forty-ish crooner's delight. Produced by Richard Perry from their first LP for A&M, tune is an appealing, strong release, should complement the recent success of "Who Do You Outdo." Track features super vocals by Derrek, dynamite sax solo by brother Lon — fun packed into every groove! A chart topper, must be added. Flip: No info. available.

**MIKE GREENE** (GRCGR-2066)

**I Do All I Can** (Act One/BMI — Mike Greene)

A lilting but strong countrified arrangement is augmented by Mike's crystalline voice on this number which sounds reminiscent of groups like the Youngbloods, Poco, and the Buffalo Springfield. Strong vocal harmonies are the key on this disk which is one of this week's picks to click. Flip: No info. available.

**MAJOR LANCE** (Osiris OSI-001)

**You're Everything I Need** (2:45) (East Memphis/Too-Knight/BMI — Frederick Knight)

Major Lance returns to the recording scene with this Osiris label debut. His warm tenor is augmented with a rich, brassy arrangement and a chorus of female singers. This number should pick up pop as well as r&b action with its snappy production by Lance and Jackson. Flip: No info. available.

pop picks

**MADE IN THE SHADE — The Rolling Stones — Rolling Stone COC 79102**

Over the years the Rolling Stones, unlike most bands, have been able to refine and tighten their sound without losing that brash rock and roll aura that's the Stone's trademark. Beginning with "Sticky Fingers" the music took on more dimension and texture. "Made In The Shade" is the seasoned Stones at their best as Jagger and company run the gamute from a mellowed out outing on "Angie" to a classic rough and ready bash about on "Bitch." Rock and roll and a half from the finest rock has to offer. "Made In The Shade" — you will be.

**CHOCOLATE CHIP — Isaac Hayes — Hot Buttered Soul ABCD 874 — Producer: Isaac Hayes**

Isaac Hayes' music carries that distinctive nature about it that literally could melt in your mouth. It is this textured craftsmanship of melody and sound that prevails on "Chocolate Chip" as Hayes plays at funk in all its mellow and rougher edges. Highlighted on this exercise in musical abandon are a polished cover of Tony Joe White's "That Loving Feeling" and an aggressive dance tuned outing on "Chocolate Chip." Isaac Hayes' "Chocolate Chip" — you're sure to get your cookies.

**MAKE THE WORLD GO AWAY — Donny And Marie Osmond — MGM/Kolob M3G-4996 — Producer: Mike Curb**

The various members of the Osmond family have proven themselves capable performers in the pop music field. The abilities of Donny and Marie are showcased on "Make The World Go Away" as the pair put their vocal talents to the best possible use. The lush musical backing combines with Mike Curb's glossy production to form the perfect counter on cuts such as "When You're Young And In Love," "Living On My Suspicion" and "When Somebody Cares For You." A brother and sister act that musically gets along.

**SHABAZZ — Billy Cobham — Atlantic SD 18139 — Producer: Ken Scott and Billy Cobham**

The driving force that is Billy Cobham's percussion work is on display for all to savor in this recorded live in Europe album. In his creative hands the likes of "Shabazz" and "Taurian Matador" become more than skin backed jazz. The songs are structured so as to feature a driving rhythm and brass base from which Cobham is given free reign to roam the musical ranges at his leisure. Cobham is aided in this outing by strong support from Michael and Randy Brecker and Glenn Ferris. "Shabazz" works like a live album should.

**CHAPTER FOUR: LIVE IN NEW YORK — Gato Barbieri — ABC ASD-9303 — Producer: Ed Michel**

Gato Barbieri's mastery of latin rhythms as a basis for free form jazz excursions is shown off in its best moments on this live at the Bottom Line recording. As always Barbieri's wailing sax is the catalyst as his runs weave an intricate pattern in and around his band's tight rhythm bottom. The live affect on the likes of "La China Leoncia" and "Lluvia Azul" is further enhanced by the total absence of overdubbing on the final mix. Barbieri's cut and run approach to jazz is most evident and his uncanny ability to pick the best to play with has resulted in yet another musical milestone.

**THE FREE STORY — Free — Island ISLD 4 — Producer: Various**

Long before any bands could lay claim to the title "supergroup," Free was, in the finest sense of the word, just that. When they got it together the lucky listener literally shuddered at the raw mixture of rock and blues that made Free one of the true heavyweight bands of its time. This limited Canadian edition is, as the title says, Free's musical story. Within these four sides are some of the rock and blues songs ever penned. "The Free Story" will rub you raw.

**LIFE IS YOU — Batdorf and Rodney — Arista AL-4041 — Producer: Tom Sellers**

The music of Batdorf and Rodney is a special kind of acoustic experience. It's a music of caring and wanting; on a subtle, laidback plane. On "Life Is You" these very points are brought out via the pair's deft handling of musical passages. The guitar lines are stripped to the bare essentials, thus further enhancing the simple tone of the songs. Highly introspective cuts include "Long Way From Heaven," "Another Part Of Me" and — the mellow "Grab At A Straw." Polish and production make "Life Is You" an acoustic testament to the laidback music art.

**CORNBREAD, EARL AND ME — The Blackbyrds — Fantasy F-9483 — Producer: Donald Byrd**

The Blackbyrds, under the spiritual and otherwise guidance of Donald Byrd, put forth a mellow combination of jazz tinged with pop. It's this exacting brand of music that makes "Cornbread, Earl And Me" more than your average movie soundtrack. The music, on such cuts as "One Gun Salute," "Wilford's Gone," and "The One-Eye Two Step" instantly succeed on two levels; both as a solid movie backing and as a valid musical statement that can easily stand on its own. "Cornbread, Earl And Me" is a soundtrack that says something.

**ARMAGEDDON — Armageddon — A&M SP-4513 — Producer: Armageddon**

Take a future full of advanced musical technology. Add to it some highly molecularized blues, bits of the old classical and a penchant for driving rock. Next get four musicians who can do all of the above damn well and you've got Armageddon. This album reeks of creative diversification as the opening takes a bit from Keith Relf's Yardbird influences before dashing full blown into a musical world light years ahead. In most languages Armageddon means the end of the world but based on this A album Armageddon is only the beginning.

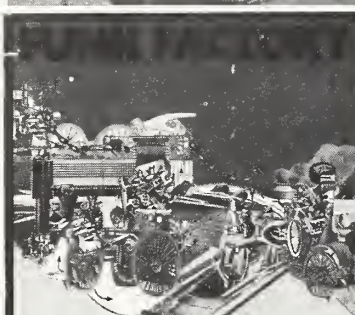

**UPON THE WINGS OF TIME — Jean-Luc Ponty — Atlantic SD 18138 — Producer: Jean-Luc Ponty**

The subject of progressive music cannot be brought up without the name Jean-Luc Ponty being mentioned in the same breath. Ponty's improvisational skills with strings take wing on "Upon The Wings Of Time" as his violins and synthesizer runs dart in and out of the musical void created by the top-flight musicians on hand for this recording occasion. Top cuts include "Echoes Of The Future," "Fight For Life" and "Question With No Answer." This album is a musical flight of fancy.

**BLUE ORCHIDS — Dick Todd — RCA AXM2-5509 — Producer: Frank Driggs**

The phrase oldies but goodies takes on a whole new meaning in the first part of RCA's two package blast from the past. Dick Todd's classic recordings of the thirties and forties make for some mighty sound listening and the comprehensive linear notes add more validity to the fact that songs like these only get better with age. Top listens include "Deep Purple," "It's A Hundred To One I'm In Love" and "I Don't Want To Set The World On Fire." Just dust off these songs and you'll find they're as good as new.

**FUNK FACTORY — Funk Factory — Atco SD 36-116 — Producer: Michal Urbaniak**

Funk Factory is not your normal get down and do it in the dirt kind of boogie record. It is, in fact, a mutated by-product of the electronic age that combines the driving rhythm and percussive influence common to the genre with all manner of futuristic-leaning instruments to form a sound that's akin to the past and present as well as the future. Highlighted on this spacey workout are "After All The World Goes Home," "The Music In Me" and "Watusi Dance." Funk Factory that makes you want to get up and shake it.

## station breaks

The legendary **Wolfman Jack** will be taking his radio show on the road for a 31-city tour beginning June 11 in Akron, Ohio, jumping out of the studio and onto the stage with a multi-piece band, dancing dancers, and three fine ladies backing his vocals. "We want to remind our live audiences that radio has been immeasurably instrumental in the development of rock 'n' roll," the Wolf told me during a short break in rehearsals last weekend at North Hollywood's **M.O.R. Studios**.

The road show, true to that concept, will be formatted as a visual Wolfman Jack radio show, set with two huge mock transmitting towers and a huge table radio complete with knobs and oversized am-fm slide-tuning dial. "Consider the stage as a radio and the band members as tubes," quipped **Tommy Getz**, who conceived and designed the entire set. Looking rather electric himself, Tommy beamed as we inspected the set, which was built with incredibly meticulous attention to style and craftsmanship by world-famous set builders **R. L. Grosh and Sons** here in Hollywood. Getz also will be staging the lighting for the live show using some dynamically creative effects designed to augment rather than overshadow the music and performer.

Written by **Brad Hammond** and choreographed by **Buddy Schwimmer**, the production also hopes to project the part rock 'n' roll disk jockeys have played by injecting personality and creativity into their programming, a role seemingly ignored by the dependence of some radio stations on sterile automated formats. "**Alan Freed** (WINS disk jockey in New York during the early-to-mid-fifties) was the first to play 'race' music on a white station and he coined the phrase 'rock 'n' roll,'" explained Wolfman. Rock 'n' roll, a fusion gospel/blues and bluegrass/country, was born on American radio because Freed broke the race barrier. "It's this kind of originality that gets lost on a Drake-Chennault type format. Disk jockeys in general are restricted by many conceptual boundaries, and are not respected nor paid relative to their impact."

I spoke with **Don Kelley** (Wolfman's manager) and with individual members of the production and everyone was totally involved in the spirit of the show. It's one hell of an undertaking that has the right combination of people and energy to simultaneously get the audience jumping and accurately convey a very important message.

## Media Communications For Radio Marketing

**HOLLYWOOD** — A new concept in radio programming for stations in all markets is being introduced by the newly-formed Media Communications, Inc., a Los Angeles organization headed by president Gerry Peterson.

With headquarters at 9200 Sunset Blvd., Peterson and his staff will provide individualized guidance for stations of all sizes.

Peterson, formerly of KHJ radio, said, "We feel these new services will benefit not only the major stations, but also the smaller market groups that have difficulty competing with the dominant stations."

Among the specialized services to be offered is a special package geared to the sale of local advertising. In addition, the stations will receive consulting services directed to their special market situations to provide guidance on format changes and other activities, including market research.

Peterson, who served with stations in Boston, Phoenix, Denver and Daytona before joining KHJ, said the Media Communications service will be provided on a national basis with the assistance of regional representatives.

**Blue Note** recording artist **Marlena Shaw** did double duty in Philadelphia recently while she was taping the **Mike Douglas** television show with **Sammy Davis, Jr.** The soul-pop thrush visited radio station **WDAS-FM** to promote her latest Blue Note album "Who Is This Bitch Anyway." Shown during Marlena's visit are (front row, from left) **Primus Robinson**, **WDAS-FM** air personality; **Ms. Shaw**; and **Larry Cohen**, **UA** east coast regional promotion representative; (rear) **Joe "Butterball" Tamburro**, **WDAS** operations manager and drive time air personality. Blue Note's parent company is **United Artists Records**.

My apologies to **Bonnie Simmons**, acting general manager at **KSAN-FM** in San Francisco, who appeared in this column last week as **Barney Simmons**; lest we forget, she is definitely a lady. Bonnie also informed me that **David McQueen** has returned to the **KSAN** news department; his efforts with the **Metromedia** station between 1970 and 1974 drew national attention and helped to set the standard for **FM** progressive news. **McQueen's** in-depth investigative reporting of contemporary and controversial issues resulted in frequent news scoops, and as a result helped to create a new political awareness in **KSAN's** predominantly 18-34 age group. He will be heard on the noon and 5:45 pm newscasts.

**Paul Kirby** has left **WRKO** in Boston to join broadcast consultant **John Rook**. The astral airwaves tell me that **J.J. Jordan**, currently at **WHBQ** in Memphis, will take over the program directorship at **WRKO**.

**Ron McCoy**, program director for the past six years at **KNAC-FM** in Long Beach, is leaving for Dallas. **KNAC** is probably the last free-form progressive station left in this country, and apparently will continue the unformat that **Ron** has developed.

Los Angeles **KKDJ-FM** has now completed their big move across the street. They just finished their "jock watch" promotion; listeners won wristwatches with "KKDJ-102.7" printed on the face if they were the first to call the station after hearing a "tick" on the air.

**Harry Chapin** played to an **SRO** crowd at the **Overton Park** bandshell in Memphis on June 3. The concert was staged by **WHBQ** and was part of their annual "school's out" celebration. **Harry** drew the largest crowd ever in the event's history.

Los Angeles progressive station **K-WEST** continues a series of fine programs devoted to presenting the talents of some of rock's greatest guitarists. The series is aired from 9 to 10 pm on Sunday nights and each show features biographical information as well as musical examples culled from the careers of two or three spotlighted artists. Shows to date have featured **Carlos Santana**, **Robin Trower**, **Peter Dinklage**, **Leo Kottke**, **Duane Allman**, **Eric Clapton**, **Jimmy Page** and **Jeff Beck**.

Future programs will be devoted to **Alvin Lee** and **James Marshall Hendrix**. The excellent series is produced and hosted by **K-WEST's Bill Bowker**.

Last Friday was the deadline for entries for the western **Grand Ole Opry** talent search. The finals will be Thursday June 19 at the **Palomino**, **KLAC** in Los Angeles is co-sponsoring the western division search and finds, and general manager **Bill Ward** disclosed that among the panel of judges is **Cliffie Stone**, head of **Granite Records**. **Cliffie** tells me that **Tex Williams** and **Ms. Molly Bee** will perform at the **Palomino** while the judges make their final decisions. The winner will receive a **Granite** recording contract and will represent the L.A. area in the **Opry's** western regional finals to be held in San Diego June 28.

**WORJ** in Orlando recently sponsored an hour-long radio concert featuring the **Atlanta Rhythm Section** for broadcast on **FM** stations comprising the **Southern Progressive Radio Network**. The rapidly rising Georgia rock group performed the hour-long show at **BJ Recording Studios** in Orlando, owned by **Bill Vermillion**, former program director at **WLOF** in Orlando.

According to **Buddy Buie**, producer-manager of the **Atlanta Rhythm Section**, he has received a number of requests for copies of the concert tape, already aired on **WPDQ**, **WQSR**, **WGVL**, **WQDR** and by the sponsoring **WORJ**. Other stations interested in playing the well-received concert tape can reach **Buie** at (404) 939-4136 or (404) 233-6703.

Chicago's **WFYR** celebrated the coming of spring last May 10 with a "happening in the park" at Grant Park on the banks of Lake Michigan. Fifteen thousand Chicagoans joined **WFYR** personalities **Penny Lane** and **Wayne Juhlin**, the **Red Garter Banjo Band**, and the oldies group **Stormy Weather** for a day of music, fun and games in the brilliant springtime sunshine. **WFYR** and co-sponsor **WFLD** television plan to make the springtime gathering an annual event.

The **Hudson Brothers**, **Rocket** recording artists, made a rendezvous with Los Angeles' **KIIS** disk jockey **Jerry Mason** at the station's Santa Monica Pier Day festivities last week. The **Hudsons** did a live interview prior to the release of their new single titled, strangely enough, "Rendezvous."

**Chuck Dunaway** has left **KUPD** in Mesa, Arizona; the progressive country disk jockey is foot-loose and fancy free until further notice. While passing through L.A. last week he visited cohorts **Don Whitemore** (also foot-loose and fancy-free) and **KMET's Jimmy Rabbitt**. "Jimmy is gaining quite a good reputation outside of southern California," says **Chuck**. Keep in touch with us as you travel the roads of America, **Chuck**.

The Wolfman speaketh, the Wolfman howleth, and the ladies (**Gwen Owens**, **Irene Cathaway**, and **Cathy Carson**) singeth their hearts out for the Wolfman. Photos were taken at **MOR studios** by **Matthew Cupp**.

## Texas Senate Votes July 4 As Willie Nelson Day

NASHVILLE — The Texas senate has unanimously voted this coming July 4 as "Willie Nelson Day in Texas." It is a strictly noncontroversial piece of legislation honoring the Austin singer/songwriter, who is the 'spiritual' leader of "redneck rock," the increasingly popular progressive brand of country music that's been attracting attention throughout the world of music.

The senate's move was considered especially appropriate since Willie Nelson is credited with unilaterally reviving the once treasured American tradition of the family picnic on the 4th of July, which has been all but wiped out by the advent of the television and home air conditioning.

He did this with his annual Willie Nelson 4th of July picnic — a giant outdoor concert that Tom T. Hall called the Woodstock of country music, where, to quote one music reporter, "rednecks and hippies meet on the common ground of their mutual love for music."

The "Willie Nelson Day" resolution was sponsored by senators Ron Clower of Garland, Peyton McKnight of Tyler, and Lloyd Doggett of Austin. Lt. Governor Bill Hobby presented Willie with a Texas flag that had flown over the capitol and the official certificate in the informal ceremony beside the senate president's desk.

Willie's third annual 4th of July picnic will be held at Liberty Hill, Texas, which is about 30 miles north of Austin. The first picnic at Dripping Springs drew 50,000 fans for the one-day event. Number two at College Station lasted three days and nights and drew around 100,000. The one-day program this year will star, in addition to Willie and his family, The Charlie Daniels Band, the Pointer Sisters, Doug Sahm, Kris Kristofferson and Rita Coolidge, Johnny Bush, Billy Swan, Floyd Tillman and others.

## Combine Reaps Larry Jon Wilson

NASHVILLE — Bob Beckham, president of the Combine Music group, announced the signing of songwriter and Monument recording artist Larry Jon Wilson to a long-term songwriters agreement.

On making the announcement Beckham said: "Larry Jon is a very unique talent and I am positive his abilities as a songwriter and a performer will make him a lasting talent in both areas of his career."

"New Beginnings," Wilson's debut album on Monument Records is receiving widespread attention from radio programmers, and the single "Bertrand, My Son," taken from the LP is receiving extensive airplay on MOR stations across the country.

During the past few months Wilson has appeared in concert with Mickey Newbury and plans are being made for him to begin a tour of his own throughout the southeast in the near future.

## Country Artist Of The Week Roy Head

The "Head" At Shannon — Roy Head is climbing to the top of the country charts with his Shannon Record single "The Most Wanted Woman In Town." And it's like going home to Roy. During the sixties, while following the rock and roll route, he had many hits to his credit, among which was the multimillion selling single "Treat Her Right." The song sold 2½ million copies and was recorded by 60 artists.

Roy was born and raised on country music in his home in Three Rivers, Texas. He comes from a musical family; both parents played fiddle. The Heads had regular hoe-downs every weekend, and when the Grand Ole Opry came on, everything stopped. By the age of fifteen Roy had joined a band. They had a big regional hit with a song entitled "One More Time" and dance halls throughout Texas, Arkansas and Oklahoma were anxious to have him and his group play. The market for country music, however, didn't expand much beyond this region which explains why Roy shifted to rock 'n roll.

But, feeling the popularity of country

today is such that some of the biggest stars in music are country artists, Roy went back to his "roots." Roy says "country fans are real loyal. You can be yourself and not worry about impressing people. They stay with you all the way." He recently appeared at the Grand Ole Opry for the first time and reports it was a dream come true.

Fourteen months ago Roy met his present manager and friend, Lee Savaggio, and became a club entertainer in Houston. He still calls Texas home. Houston is home base where he works the Club Savaggio when he is not on the road. He has appeared on numerous network television shows and is known within the music circles as an "artists' artist."

Roy's first record to be released on Shannon Records, "The Most Wanted Woman In Town," quickly became a nationwide hit. It was produced by Mary Reeves Davis and Bud Logan. Roy enjoys deep sea fishing in the Texas gulf when time permits, and hopes to turn out hit records as easily as he reels in the big bass!

## Seabolt To U.A. Country Promotion

Seabolt will be responsible for promotion of UA country product nationwide. He will be headquartered in Nashville and report directly to Anderson.

ON THE MOVE — Tree's Buddy Killen assists L. E. White and Conway Twitty in placing the final piece of furniture in their new headquarters within the Tree Nashville's Music Row.

IRD MCH RECENTLY ENTERED INTO A PARTNERSHIP WITH Tree, was formerly situated at offices on Seventeenth Avenue South.

White will continue to administer the daily activities of the Nashville-based Twitty Bird operation.

## Faron Young To Entertain Officials

NASHVILLE — On Tuesday evening, June 10, Faron Young, the Country Deputies and popular songstress Jan Howard will make a rare Nashville appearance in the ballroom of the Hyatt-Regency Hotel, when they will entertain more than four hundred city officials, including many mayors, from across the state of Tennessee.

The banquet climaxes a three-day seminar under the auspices of the Tennessee Municipal League. The theme of the conference is "City Hall Under Fire," and among principal speakers will be Sargent Shriver; Hans Tanzler, the mayor of Jacksonville; and John N. Popham, editor of the Chattanooga Times.

## Stars Aid Benefit

HOLLYWOOD — The Fifth Dimension, Paul Anka, Diana Trask, Bill Withers, Roy Clark, Odia Coates, Louis Prima, Buddy Greco, The Pointer Sisters, Bo Donaldson & The Heywoods and Maxine Andrews will all make music on the Los Angeles Cerebral Palsy Telethon airing on KTTV June 14 and 15.

## Nashville Disco Opening Set

NASHVILLE — Cloud 9 Records' Troy Shondell and Mick Lloyd have announced the planned July opening of the Cloud 9 disco, Nashville's most complete and modern discotheque facility. To be located in what was formerly the Villa, the Cloud 9 disco will utilize the most advanced techniques in sound systems and lighting. Music play will be automated with professional area deejays guesting on special occasions. Shondell and Lloyd will select the music and a bi-weekly list will be made available to record companies, radio stations, record stores, and trade magazines.

## 'Silver Fox' Plans European Tour

HOLLYWOOD — Sy Rosenberg, president of Charlie Rich Enterprises, and Jeff Kruger, president of Ember Concerts of Britain have announced the first concert tour of Europe by Epic recording artist Charlie Rich. The tour, set for Sept. 13 through 30 includes two dates at the London Palladium, in addition to concerts in Scotland, Ireland and Wales.

**Stella Parton** says "I Want To Hold You In My Dreams" — **Billy Sherrill**, vice president of a&r at **CBS Records** in Nashville, has signed singer/songwriter **Troy Seals** to the **Columbia Records** label. Seals will be produced by Sherrill. Seals comes to Columbia with a highly successful self-penned string of hits which includes "Honky Tonk Angel," "Talkin' With My Lady," "We Had It All," "Pieces Of My Life," "Girl In New Orleans," "Keep On Lovin' Me," "Honey On His Hands," among the long list of others.

**Faith O'Hara** is an exciting new recording artist with her first single out on **Columbia Records** titled "Crying Steel Guitar," produced by **Billy Sherrill** and **Norro Wilson**. Faith was an instant hit when she was personally presented at her debut for Columbia Records in Atlanta by her producers (Sherrill and Wilson), who also produce **Charlie Rich**, **Tammy Wynette** and many others. Faith appeared with such artists as **Freddie Prinze**, **Billy Swan** and **Joe Stampley**.

Radio personalities are directly responsible for the materialization of the LP "The Guitars Of Sonny James" created and produced by **Sonny James**. This is Sonny's answer to the long time requests for an instrumental album.

**Si Simon**, long time music man from Springfield, Mo., whose publishing firm is Earl Barton Music, is in Nashville's Vanderbilt Hospital with a broken hip. He suffered the injury during the festivities at the recent Four-Star Invitational Golf Tournament.

**Charlie Rich**, the Arkansas-reared singer-composer who is known in entertainment circles as "The Silver Fox," tried his hand at the helm of his new fiberglass boat with the same name. The boat, which featured two padded executive swivel chairs, carpeting and other fine accoutrements, was made in Monticello, Arkansas, by MonArk Boat Co., and sold nationally under the model name "Silver Fox" because of the color scheme of the 16' 3" hull. Rich, who was born in Colt, Arkansas, and now lives in Memphis, toured the MonArk plant and later got in a little fishing with president **Zach McClendon, Jr.**

Summer may be a traditional time of rest for some, but the **Jerry Lee Lewis** show will be on the road seventeen straight days beginning May 30. A three-day break before another stint of widely spaced shows will be typical of the kind of schedule the entire summer offers.

**Dolly Parton** taped two shows in Toronto on May 17 appropriately titled "Grand Old Country." The pilots are hosted by Canadian-born **Ronnie Prophet**, well-known entertainer at the Carousel Club in Nashville's Printers Alley. Prophet just completed his first session for **RCA** in Toronto.

**Jack Green**, participated in the Four-Star golf tourney May 12-13 in Columbia, Tenn. but not as a player. Jack's right wrist is still in a cast from a snowmobile accident and he can't swing a club. Jack still got in the act as a score caddy for a female foursome.

**Dolores Smiley**, vice president and general manager of **Top Billing** booking agency, is recuperating from surgery in Nashville's Westside Hospital.

**Johnny Carver** tapes a week of interviews with **Bob Chase** of **WKOK** in Sunbury, Pa. "KO-Kountry" has aired shows featuring **Mickey Gilley**, **Johnny Russell**, **Sonny James** and **Roy Orbison**. To give the new show a hand, **WSM**'s own **Ralph Emery** was the interviewee in a recent war-of-the-words.

**Del Reeves** captured the first-place trophy in the winning team category at the Four-Star golf tourney near Nashville. The foursome of **Del**, **Dave Berry**, **Jack Andrews** and **Buzz Maddox** garnered lowest team strokes for the 2-day event. Dave won yet another

trophy for placing second in low net figures for the annual golf match.

"The greatest thrill of my life!" That's the way Mississippi humorist **Jerry Clower** described his reaction to the spontaneous standing ovation given him by 26,000 friends and fans in Jackson, Miss., May 14, where he was guest star at the **Billy Graham** crusade.

**David Rogers** has just returned from a successful tour of Florida. While there he was presented the key to the city of Orlando. **Eddie Albert**, co-star of **Green Acres**, has been in Nashville for recording sessions.

Copies of a radio documentary about **Bob Wills** prepared by **Biff Collie** are now available. Contact Biff at 808 16th Ave. South, Nashville. Liberty Hills, Texas is the 1975 site for the third annual **Willie Nelson** bash held on the 4th of July. Texas' **Governor Briscoe** has declared July 4th as Willie Nelson Day. Ladies who work in one-stops across the nation will have the new look soon. Two thousand T-shirts which say "The Most Wanted Woman in Town" are being shipped to the ladies. The giveaway is part of the promotion for **Roy Head**'s new hot single, "The Most Wanted Woman In Town," on **Shannon Records**.

First **Peggy Lee**, then **Dinah Shore** declared on national TV that country music artist **Mel Tillis** is America's number one sex symbol. The announcement came during a taping of "Dinah" at CBS Television City in Los Angeles. Mel's reaction was a tight closeup grin, but then he got up to sing "Midnight, Me And The Blues," and momentarily forgot the lyrics. Dinah rushed out on camera to help, and the audience broke up with Mel as he attempted to find his place and carry on. The show will air June 10 in most markets.

Superstar **Tammy Wynette**'s incredible string of hit records is not only getting bigger, but her previous hits just keep on hitting. While Tammy's current domestic disk "(You Make Me Want To Be) A Mother" climbed the American charts, her hit standard "Stand By Your Man" has soared to the top of the British charts. The first day the **Epic** record broke in England, BMI logged the 1,000,000th play on U.S. radio.

It looks like silver and gold for **Earl Scruggs**. Earl is celebrating his 25th anniversary at **Columbia Records** with a very special album from the **Earl Scruggs Revue**. Recently, Scruggs was selected artist of the year at a national convention of the Institute of High Fidelity held in San Francisco.

A "Red Headed Stranger" will be a courtin' and a-sparkin' Willie Nelson fans next month. The musical legend from Texas has finished his first album for **Columbia Records**. Recorded in the Lone Star state, the LP is a unique experience with all the elements that have made Willie the genius he is.

**Joy Ford**, on **Country International Records** of New York, has a new single titled "Tears On My Pillow." This is a cut from her album "The First Of Joy Ford." "Tears On My Pillow" is a **Gene Autry-Fred Rose** song and was produced by **Jake Payne**. Joy Ford's singing is reported to be similar to that of the late **Patsy Cline**.

**Merv Griffin** is scheduling a taping of his show from Las Vegas featuring **CBS** producer **Billy Sherrill** and several acts currently produced by Sherrill. Guests will include Columbia recording artist **Andy Williams**, **Epic** artists **Tammy Wynette**, **Charlie Rich** and **David Houston**.

Rumors have it that **David Houston** will release a "rock" record as his next single. Actually David's new **Epic** single is "Be My Stepping Stone." Someone turned the "stone" to "rock," but David doesn't mind as long as it turns into

another hit.

**Jack Andrews** of Moeller Talent reports that a tour for veteran promoter **Jack Roberts** of Seattle starring **Hank Snow** and the **Stallers** has just been concluded and was very successful. The nine-day tour in the Pacific northwest was played to packed houses and, in several cases, buildings were completely sold out prior to the date. The tour ran from May 1 through 12.

**Conway Twitty**'s third annual celebrity soft ball game and concert for the benefit of the Muscular Dystrophy Association will not be held this year. Conway regrets having to cancel this event, but he, his office and office staff will be relocating to Nashville during the month of August.

**Charlie Rich**'s album "Behind Closed Doors" has officially passed the three million unit mark, and **David Wills**' single and album are both growing by leaps and bounds.

**Lynn Anderson**, country music star and champion horsewoman, recently gave reign to a day-long "Quarterhorses For Cerebral Palsy" benefit for the children of Tenn. This event was the third such benefit hosted by Lynn that brought a number of celebrities and a champion horse show to the Tennessee people.

## Tracy Nelson, Jerry Jeff At Quadrafonic

NASHVILLE — MCA recording artist Tracy Nelson is in the process of recording a new album at Quadrafonic Sound Studio. The album is being produced by Bob Johnston and engineered by Ben Tallent.

Jerry Jeff Walker has just spent two days working on material for a new release for MCA Records with Mike Brovsky producing and Gene Eichelberger engineering.

Also recording at Quadrafonic is a group from Kensington, Maryland, Iguana. The producers are Don Falk and Gary Noubarian, Gene Eichelberger is engineering.

**AMAZING** — Russell Smith and Billy Earhart, members of the Amazing Rhythm Aces six-man team, were found "sitting at a tiny table in a ritzy restaurant" during a recent visit to Nashville. The scene was almost recreated from the lyrics of their current hit song, "Third Rate Romance," until the lass with the lovely derriere decided the Aces just weren't her type. The Aces reside in Memphis near their producer, Knox Phillips; they recently signed with **ABC**.

## Owens Set For Hee Haw Taping

HOLLYWOOD — Buck Owens, Capitol Records country artist, has been scheduled to tape "Hee Haw" segments in Nashville for the new season during the week of Fan Fair June 11-20.

Owens recently concluded a three week engagement at the Sands Hotel in Las Vegas.

**EATING IT** — Nobody has to tell Ervyn Woolsey there's nothing good about goodbye. Woolsey, former ABC Records national promotion director, received three pies in the face recently when he announced he was moving to 20th Century Records. He took the creaming as good naturedly as the ABC staffers dished it out. He thought he was to be guest of honor at a going-away party. His troubles began when B. J. McEntee, ABC sales manager, dressed as a donkey, offered to give the unsuspecting Woolsey a ride around the parking lot — a fatal mistake since McEntee held Woolsey's legs securely while the attackers did their work.

Wearing Indian garb, independent promotion man Juan Contreras struck first with a direct hit. He was followed by Tom McEntee, ABC promotions, and Dale Morris of the Hubert Long Agency. Wiping the whipped cream away to reveal a confused expression, Woolsey lamented, "I thought all of you were going to do something nice for me." His day finally did turn out to be a nice one. After washing up and changing shirts, Woolsey and the ABC staff settled down in the office of Dan Gant, director of ABC's Nashville operation, for drinks and swapping stories about old times.

Hall, Lynn Anderson, Donna Fargo, Sonny James, Loretta Lynn, Marty Robbins, Charley Pride, Ray Stevens, and Chet Atkins. This song is one that is loved by all and thought of as a classic already. It has been cut a number of times to date, and now has the pleasure of the lovely and talented Lynn Anderson choosing to record it. **JERRY LEE LEWIS** (Mercury SRM 73685)

**Boogie Woogie Country Man** (2:38) (Danor — BMI) (Troy Seals)

**MEL TILLIS AND THE STATESIDERS** (MGM 14804)

**Woman In The Back Of My Mind** (2:48) (Sawgrass — BMI) (R. McCowan, R. Jaudon)

**BRUCE NELSON** (Dale 112)

**It's My Mind That's Broken** (2:20) (Hall Clement — BMI) (Jim Busby)

One of the top D.J.'s in the country field, Bruce shows his versatility on a delightful song done with tremendous vocals. **If I Could Have It Any Other Way** (2:21) (Contention — SESAC) (Gary Branson)

Flip: No info. available.

**JODY MILLER** (Epic 8-50117)

**Don't Take It Away** (3:39) (Danor — BMI) (T. Seals, M. D. Barnes)

**EVEN STEVENS** (Elektra 45254)

**Let The Little Boy Dream** (2:37) (Debdave — BMI) (E. Stevens)

**THE STATLER BROTHERS** (Mercury 73687)

**I'll Go To My Grave Loving You** (2:46) (American Cowboy — BMI) (D. Reid)

**DON GIBSON/SUE THOMPSON** (MGM 350)

**Oh, How Love Changes** (2:45) (Acuff-Rose — BMI) (K. P. Powell, D. Orender)

## LP's

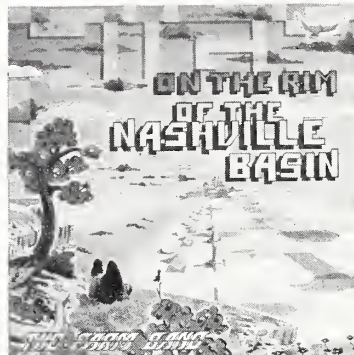

**YOU'RE SO EASY TO LOVE** — Hank Snow — RCA APL1-0908

Hank Snow has given country the privilege of his entertainment for a lot of years, and he will forever remain a favorite. "The Singing Ranger" does a fantastic job on such cuts as the title cut "You're So Easy To Love," "I Just Want You To Know," "Colorado Country Morning," and "I Almost Lost My Mind."

**ON THE RIM OF THE TENNESSEE BASIN** — The Farm Band — Farm Records 1001

The Farm Band attained quite a bit of attention with their single release of "Keep It In Mind," and now have released their first LP. Lead vocals by Linda Hershfield are good down home country and the instrumentation adds much. Best cuts include "Wings On My Heart," "Tennessee Scrap Iron Man," "Cotton Eyed Joe," and "Everything's Gonna Be Alright."

**HONKY TONK MAN** — Jack Jersey — Capitol ST 11368

Jack Jersey is the #1 talent in Holland. Frank Jones has produced this first LP for Capitol and the first he has done in the United States. Vocals are quite close to the sounds of Elvis Presley, but he is indeed an exciting talent. Best cuts include his single release "Honky Tonk Man," "In The Still Of The Night," "I'll Miss You," and "Rub It In."

## Axton, Friends Set Stanford Benefit

**HOLLYWOOD** — A benefit concert for Interplast (an international plastic surgery program for children) has been arranged by singer/songwriter Hoyt Axton on the Stanford campus in Palo Alto, Calif., for June 28.

Joining A&M recording artist Axton will be Arlo Guthrie, Kris Kristofferson, Rita Coolidge, Commander Cody & His Lost Planet Airmen, Mimi Farina and Sutro Sympathy. The concert will be held at 10,000 seat Frost Amphitheater.

Interplast is a program headed by Dr. Ernie Kaplan and Dr. John Zimmerman. Through its efforts hundreds of children in emerging nations are aided back to normalcy through corrective surgery. Interplast physicians, nurses and technicians donate their time. Although supplies are donated, travel, and particularly hospital costs, are a major expense. There is no overhead and no administrative cost.

**THE HAGER BROTHERS** were joined by a host of celebs for their anniversary celebration at the Palomino Club on May 28. From left to right are Jon Hager, actress Rose Marie, Karen Valentine, Paul Lynde, Hee Haw executive producer John Ellsworth and wife, Betty Hager and Jim Hager and KLAC radio's top disk jockey Harry Newman.

## Lewis & Co. Publishing To Nashville

**NASHVILLE** — Jerry Lee Lewis and Company's general manager Cecil Harrelson has announced that the company's publishing business is being moved to Nashville, joining the booking and promotion wings already housed at 1717 West End. Involved in the move are Jerry Lee Music and related BMI and ASCAP catalogs. Business manager Robert Porter explains that working the catalogues from Nashville will give closer proximity to producers for the already existing material in addition to giving the company more convenient access to Nashville writers seeking publishing outlets. Porter also will be overseeing the publishing operation.

r&b ingredients

What's happening! Just wanted to add a postscript to the **Berkeley Jazz Festival** and **Donald Byrd and the Blackbyrds**. People from all over the country (my loyal fans), called in to say that they were really knocked by the Blackbyrds and the group added a fine finishing touch to the finale of the show. **Al Wilson** will be doing a club tour in the south to coincide with the release of his debut LP on **Arista**.

**Gene Shore** has recently been made an agent at **Gemini Artists**. Gene joins the staff of **Ira Okun** and **Paul Shefrin** under the directorship of **Danny O'Donovan**. **Ramsey Lewis** is currently recording his new LP with **Charles Stepney** as co-producer. **Stepney** also co-produced and arranged "That's The Way Of The World," by **Earth, Wind & Fire**. Due to heavy radio and disco action, **Mercury Records** is releasing a single entitled "Sweetie Pie" by newly signed artist **Eric Mercury**. Eric was in town last weekend doing a gig at the **Starwood**.

**Creative Source** is now in the studios finishing up their first LP for **Polydor Records**. The **Commodores** have been set to open the show to the **Rolling Stones** in Philadelphia June 29 and 30. Currently the group is enjoying the chart success of their single "Slippery When Wet." My sentiments exactly. **Chick Corea & Return to Forever** will be performing material from their "No Mystery" LP on **Don Kirshner's Rock Concert** on June 19. **Motown** has just recently signed former lead singer of **Tower of Power Lenny Williams**. A solo LP should be out in late July.

"Honey Trippin'" a new hot single by the **Mystic Moods** is gaining strength on the airwaves every hour. KUTE-FM, KGAB-FM and KSOL-FM are just a few of the stations trippin' with honey. **John Edwards** a **GRC** artist (**Aware**), has begun a temporary stint with the **Spinners** due to lead singer **Phillip Wynne's** illness. The Spinners are currently on tour until the end of June. Edwards currently has a single out called "Exercise My Love."

**Dionne Warwick** has been set by **Gemini Artists** for a six-city tour of the United Kingdom beginning June 8. Dionne will perform in Oxford, Manchester, Liverpool, Newcastle, Leicester and Coventry followed by a one-week engagement at the Cunard Hotel. Expect a new **Gloria Gayner** LP on **MGM Records** in the beginning of July. Heard from reliable sources, that a new group to watch and listen for is **Randy Pie**. Randy Pie combines elements of jazz, blues, and rock on their forthcoming LP in July.

Had a good time talking with **Hosea Wilson**, vice president of r&b operations at 20th, **Peter Pasternak**, director of international at 20th, and **Norm Winter**, the cheerful publicist regarding **Barry White's** blockbusting tour of Europe. Hosea, who was making his first trip to the continent said, "the tour was truly incredible." "Barry's music is played anywhere and everywhere." Jokingly Hosea said, "even after awhile, I was gettin' tired of it." Hosea also said that the tour was so successful that he is thinking of sending over some of 20th's other black artists such as **Leon Haywood**, **Jesse James** and the **Fantastic Four** for some European exposure.

**Jimmy Castor Bunch** has been set for another **Disneyland** date June 19. The **Supremes** currently in Japan will be at **Knotts Berry Farm** June 26 through July 2. Also new "The Supremes" LP, is receiving heavy disco action in New York. Hot cuts are "He's My Man" and "It's All Been Said Before." June is a lucky month for both **George** and **Gwen McCrae**. George's golden disk, "Rock Your Baby" was number one on **Cash Box's** r&b charts 6/29/74 and Gwen's "Rockin' Chair" went number one r&b 6/7/75. The **Ohio Players** may have a two-sided hit as "Smoke" is receiving heavy airplay around the country. The flip side hit was "I Wanna Be Free." **Al Green's** new LP should be out the first part of July.

**Chocolate Milk** and the **Tymes** are going to be doing some free concerts in the New York and New Jersey area this summer. **Anthony** and the **Imperials** have a new single coming out entitled, "Sooner Or Later." **Eartha Kitt** is set for a five-week European cabaret tour including a stint at the **London Palladium**. The tour will begin around the middle of Sept. **Consumer Rapport** are back in New York recording an LP and a new single. Also on tap for the group are engagements at the Bottom Line and other eastern clubs. **American Gypsy** are planning a second LP on **BTM Records** distributed by **Chess/Janus**. The group has had two number one records in Europe, "Angel Eyes," and "Lady Eleanor."

**Spinners** will be appearing at the **Greek Theater** in L.A. sometime this summer. **KJLH** and **Buddah Records** are planning a show at the **Scottish Rite Temple** in L.A. July 16 for **Melba Moore**, **New Birth** and **J.J. Walker**. **Howard Lowell** and **Phil DiMauro** are now r&b correspondents handling the r&b scene at the **Cash Box** offices in New York. **Edwin Starr** flew to Atlanta last week to tape the TV show "Party." For the occasion Edwin also wrote a tune entitled "Party" for his appearance on that syndicated show.

A sad note to report is the death of **Robert 'Bobby' Solomon** of the **Younghearts**. Bobby died of cancer at the age of 32. The group records for 20th and will continue to perform. Bobby was one of sixteen children and is survived by his parents, wife and three children. **First Choice** have a new single out from their first LP on **Philly Groove** entitled "Wake Up To Me." **Greg Perry** on **Casablanca** is releasing a new single "I'll Be Coming Back," following up his last single "Come On Down."

**Charles Whitehead** has a new single out called "Love Being Your Fool." The tune was produced by **Swamp Dogg** for **Island Records**. **Richard Rome**, who has worked for the **Three Degrees** helped the Dogg arrange this single. **O'Jays** will be coming to the **Fabulous Forum** Aug. 30 for a one-nighter. The **Stylists** will be releasing a new single shortly entitled "I Can't Give You Anything," on **Avco**.

Capitol Records threw a luncheon last week for **Natalie Cole**, Nat's daughter to introduce her and her new LP to Capitol's department heads. The LP tentatively titled "Inseparable" is scheduled to be released July 7 with the single entitled "Everlasting Love." Natalie did the lead vocal work as well as all the background vocals on this LP. The few cuts I heard are sensational. That's soul.

soul waves

WSOK is jumping on the disco bandwagon. This station is playing back to back non-stop disco vinyl from 9 p.m. to 11 p.m. every day except Sun. Disco jock, E. Neely is manning the mike and dispensing the disco sounds.

Cal Shields, over at KGAB-FM, called in and said the hot ones receiving the largest phone response over the past week are Graham Central Station's "Your Love," Sharon Riddley with "Stay Awhile With Me," and MFSB's LP "Universal Love."

KDKO in Denver, just went twenty-four hours playing soul LPs around the clock. The KDKO lineup includes: Bob Moore 5:30 to 9 a.m., Don Miller 9 a.m. to noon, Billy Soul noon to 4 p.m., Dr. Daddy-O 4 p.m. to 7 p.m., "Nighthawk" Jerry Johnson 7 p.m. to 12:30 a.m. and T.J. "The Night Owl" 12:30 a.m. to 5:30 a.m.

Pete Ganeau, better known as "Lucky Pierre" to long-time followers on the r&b scene, told us that KUTE-FM is presenting a taped rock show every week. The show, which airs every Fri. evening is called KUTE 102 Presents. Last week it featured an hour concert of Bobby Hutcherson. This week's show is the Best of Al Green, The Spinners and Kool and the Gang. Next week's feature will be the Chi-lites.

KYAC and RCA Records are planning an outdoor event at Mt. Rainer Park featuring the Main Ingredient and their hit LP, "Rolling Down A Mountainside." Prior to the event jocks at KYAC will be giving lucky callers Main Ingredient back packs. In addition to performing, the Main Ingredient will also be available to sign autographs for their fans.

WDXK is having a Treasure Hunt contest. The station is giving out clues and the lucky winner will receive \$1000 when the treasure is found. Kasandra Fox, one of WDXK's jocks, plays disco dancing sounds from 8 p.m. to midnight every Sat.

Besides just spinning records, KYLD's Brother George Vinnett keeps busy away from the station. Brother George was recently appointed sponsor of the Angola United Men's Sports Association, a recreational group, at the Angola State Prison. Brother George brings entertainment packages to the inmates. Coming up this month is a gospel musical show.

Bill Parris, program director at WSID in Baltimore is using new concepts in programming to boost the influence of the station. Since 1972 WSID is the #1 black radio station in the area and #2 overall. On June 15, "Black Gold" launched a new format featuring a two to three oldie ratio emphasizing crossover material. Returning to WSID after consulting at WABQ, Bill aims to inject unprecedented energy into the station's unique programming.

Harry Jeffery, WOOK's musical director has taken on the duties of assistant program director for that station.

Attention all P.D.'s and M.D.'s on r&b stations. Soul Waves wants your news and would appreciate your calling in or mailing anything newsworthy to me or David Budge at Cash Box, 6565 Sunset Boulevard, Hollywood, California 90028.

**BLACK SATIN ON BUDDAH** — Buddah Records has announced the signing of Black Satin, featuring Fred Parris, to the label. Black Satin's first release for the label "Everybody Stand And Clap Your Hands (For The Entertainer)" is scheduled for imminent release. Preston Set For Stones, Midnight Special Gigs

HOLLYWOOD — Billy Preston, whose fifth A&M album, "It's My Pleasure," will be released June 20, has joined the Rolling Stones to play keyboards on their current national tour. Preston will also appear on the Midnight Special hosted by Herb Alpert to be telecast on June 20, immediately following the Johnny Carson Show on NBC-TV. The program will also feature Phoebe Snow, Supertramp and the Captain & Tennille.

Billy Preston is a musician and performer of international renown. A protege of Ray Charles, Preston came into prominence when he was invited by the Beatles to join them on their "Let It Be" sessions. He was also signed to Apple as a recording artist, cutting two albums for that label (both co-produced by George Harrison) before joining

A&M.

"Outta Space," an uptempo instrumental culled from his first A&M album, "I Wrote A Simple Song," became Preston's first million-selling, number one record. Each of the three succeeding albums has contained a major hit single. "Music Is My Life" brought with it "Will It Go Round In Circles." "Space Race" came out of "Everybody Likes Some Kind Of Music." 1974's "The Kids And Me" featured the huge hit, "Nothing From Nothing."

Meanwhile, the collaborations with other artists have continued. In recent months, Billy has recorded with such artists as Carole King, Sly Stone, Barbra Streisand, Ringo Starr and Stevie Wonder, as well as being featured on last year's George Harrison tour and the Stones' '75 tour.

Aquarican Opens Its Doors To New Talent

HOLLYWOOD — Economic times are rough; especially in the recording industry where established acts hold sway and a new act's path to a recording contract is barred by the almighty dollar or the lack of.

So it's really nice to know that there are people like Gene Russell who not only encourage new talent but make their living off them.

Russell, who started Black Jazz Records in 1971, is expanding operations with Aquarican Records; a Black Jazz subsidiary.

According to Russell, the Aquarican label will concentrate its efforts in the area of soul, blues and jazz. "Right now we're looking for an artist to kick off the new company with," said Russell. "And, as always, we're looking for a new artist. We encourage singers and musicians to send in demo tapes."

All inquires should be sent to GR Productions, 1617 El Centro, Suite 19, Los Angeles, Calif. 90028. The number is (213) 466-4355

War Gets Burned In Madera

HOLLYWOOD — On Saturday, May 31, War headlined a rock festival and played to near exhaustion in a blistering 101 degree heat. The festival was held at Madera Raceway in Madera, California with six other groups participating in the day's activities.

During the four hour bus ride to Madera spirits were solemn but quickly — err — literally warmed up as the bus door opened and the not so towering inferno was at hand.

Apollo Lunar promoters did however try to lighten the load of the crowd by installing outdoor air conditioning. The air-conditioning was a group of four "Hurricane" fans that blew a cold mist over 25% of the track. The system successfully lowered the temperature by 20° but after four hours use had to be abandoned because of the mud and puddles it was causing.

**Bally 4-Player 'Wizard' Bows; Inspired by 'Tommy' Film**

CHICAGO — "A great flipper game boosted to super-great status by tie-in with the greatest movie hit in years." That was the verdict of Paul Calamari, sales manager of Bally Manufacturing Corp., Chicago, announcing delivery this week of "Wizard."

"Wizard," Calamari explained, "was inspired by 'Tommy,' the Columbia motion picture about a blind, deaf and mute boy named Tommy, who in spite of his handicaps, is a wizard at playing pinball."

"The popularity of Ann-Margret, the star of 'Tommy' is enough to ensure the success of 'Wizard.' But, as I said, 'Wizard' would be a great game by any name, because of the action and repeat play appeal built into the machine."

"One brand new feature, the 'flip-flags' feature, won instant praise from players in test locations all around the world. The flip-flapping of 'flip-flags' by hitting various flag-flipping skill objectives, not only doubles the value of the out-hole bonus, but also ups the scoring power of

the spinner target, center target and thumper bumpers.

"Wizard" also includes a special target and an extra ball rollover. Probably one of the biggest attractions of 'Wizard' is the fact that, from 10-point slingshot kickers to 5,000 point target, 'Wizard' offers players 29 different ways to build up scores, not counting specials, extra balls and a bonus which is advanced by hitting any one of 16 bonus-advance skill objectives.

"To promote 'Tommy,' Columbia is mounting a terrific advertising and publicity campaign in which Bally will cooperate. Naturally, the campaign will rub off on 'Wizard.' Whoever hears about 'Tommy' the movie, will also hear about 'Wizard' the game. If you want to be a coin-box wizard, week after week, month after month, get on the 'Tommy-Wizard' bandwagon by loading your routes with 'Wizard.'" As Columbia says in 'Tommy' advertising, 'Your senses will never be the same!'"

'WIZARD' was and is one of the most publicized pingames of all time, due to tie-in with the 'Tommy' film and the fascination with the idea among press and broadcast reps. Above photo (showing upstate New York radio personalities) was taken at recent NYSCMA flipper tournament. Press people had a "tournament" of their own the night preceding the real combat. Pat Adams (WCMF-FM Radio) at left took top honors in the media bout.

**Bills Restricting Flipper Placement Intro'd By Long Island Senators**

NEW YORK — Two Long Island state senators have submitted bills to the senate in Albany which would place restrictions on the location of flipper games throughout the state.

Senate Bill 5962 by Senator Levy would "prohibit local governing body of municipality or body or board charged with responsibility of adopting and enforcing zoning ordinances from permitting maintenance of coin-operated amusement centers within 2640 feet of building used for public school purposes; makes exceptions for prior existing centers."

Senate Bill 6082 by Senator Marino calls for a general municipality law "to authorize municipality to adopt ordinances or local laws making it unlawful for persons to install or maintain or to permit installation or maintenance of mechanical games of chance, popularly called pinball machines, within 1000 feet of school or place of worship."

The two bills were prompted by a anti-pingame series of articles recently run by the *New York Daily News*. The articles cast flippers in a negative light, discussed their "adverse" effect on school

children, and promoted "citizen" work done by a number of housewives in the counties of Nassau and Suffolk (which comprise Long Island apart from Brooklyn and Queens where New York City law precludes flipper games entirely).

Both New York State Coin Machine Assn. president Millie McCarthy and Music and Amusement Assn. (NYC) president Irving Holzman and counsel Teddy Blatt are planning to combat the threat.

Mrs. McCarthy, who deemed the bills "irresponsible legislation," will once again submit her "Amusement Operators Licensing Bill" to the legislature this year as a means of once and for all defining and regulating flipper games and their operation throughout the state.

Messers Holzman and Blatt recently attacked the adverse publicity on the island thru a *Daily News* article which made good points for the industry and stated the industry's wishes to comply with community customs, provided that even-tempered judgment is exercised by all parties concerned.

**Rock-Ola Bows Juice Vender; Sees Fast Growing Market**

CHICAGO — Today, more and more Americans are becoming health-minded and are changing their life-styles and consumption habits. "Consequently, it is not surprising that chilled fruit juices have become the fastest growing and one of the most lucrative segments of the American Beverage Market," said Rock-Ola's vending vice president, Dr. David Rockola.

"Recognizing the opportunity for vending created by the increasing popularity of natural and nutritious fruit juice drinks, Rock-Ola recently introduced its cold juice vender, which more and more operators through the country are discovering to be one area of vending offering great potential for growth and profit," he stated.

"The three types of locations which hold great promise for cold juice vending are nearly too numerous to mention. One example, however, is tennis and health clubs, whose health-oriented members prefer a natural, refreshing, nutritious drink to quench their thirst and revitalize their energy. By having Rock-Ola chilled juice venders available near the play areas and in the locker rooms, the clubs please their members while adding to the club's operating profit," Rockola said.

"Another example is the growing interest on the part of parents, dietitians and state and federal legislators in promoting the consumption of more nutritive drinks by the young, has created in the nation's schools a vast new market for Rock-Ola cold juice venders."

Although the Rock-Ola cold juice vender requires a trifle more than two square feet, it will hold up to 192 5½ or 6 ounce cans. The vender can be adjusted on location to handle two columns of 10 or 12 ounce cans.

Rock-Ola has numerous innovations, such as the exclusive sales-stimulating "Showcase" button which attractively displays the actual product. Constructionwise, this quality-built and advanced-designed vender has all the cost-saving operating features of Rock-Ola models currently used by and so popular with the nation's leading soft drink bottlers and vending operators. The "snap out" vend mechanisms, adjustable "sold out" switches, foam urethane insulation and magnetic gasketing make Rock-Ola the finest cold juice vender available today.

Additional information about profitable Rock-Ola Cold Juice Venders can be had by contacting your local Rock-Ola distributor.

## Aaron Copeland Supports ASCAP Versus Juke Ind. In House Talk

WASHINGTON — License fees from jukebox performances of records will affect the income of both symphonic composers and pop songwriters, Aaron Copeland testified (June 3). The dean of American symphonic composers made this statement to a subcommittee of the House Judiciary Committee considering revision of the U.S. Copyright Act of 1909.

Copeland, who appeared in Washington as a spokesman for ASCAP, spoke in support of the copyright revision bill HR 2223, which would revise the 1909 copyright act. One major change would give American composers and lyricists access to license fees from jukebox performances. Copeland urged that the licensing fee to be paid by jukebox operators should not be frozen by statute, as that would constitute "unfair discrimination against the men and women who create America's music." He favored a copyright tribunal that could adjust rates in the future.

Copeland told the committee that "money, after all, is the essential encouragement one must have. It permits the writer, especially the beginner, to keep writing when, otherwise, he might have to give up his profession.

"Writers of popular music have decided that it is important to encourage writers in my area, usually spoken of as classical or serious music." He explained that ASCAP's songwriters set aside up to 5% of their performing rights income for special awards to writers whose works have unique prestige value for which adequate compensation would not otherwise be received — a program that has brought \$4,000,000 to symphonic and religious composers. These awards are made by special panels consisting of nonmembers who are music experts.

"ASCAP's members have agreed to distribute ten times as much to writers and publishers of serious music as this music earns from licensing performances in concerts and recitals. The money used for this purpose obviously comes from ASCAP's other licensees. These include "general" licensees, such as restaurants, hotels and taverns, and would include receipts from jukebox operators. Accordingly, the fees ASCAP would receive for jukebox performances under the general revision bill are of vital interest to me and to other serious composers."

Copeland also urged that the term of copyright be extended to the life of the creator plus fifty years. "You have a rare

opportunity," he told the committee. "Most people are not in a position to offer more than lip service to the nation's creators, men and women in every state, large and small. On this eve of our bicentennial you can carry out the intention of the framers of our constitution. In considering each of the solutions to the complex issues confronting you, the questions I should like you to repeat to yourself are: Is it fair to authors? Does it, in fact, carry out the famous constitutional mandate 'To promote the progress of science and useful arts, by securing for limited times to authors and inventors the exclusive right to their respective writings and discoveries?'"

## July 15 Deadline For Recommendations Of MOA Board Candidates

CHICAGO — Candidates for the MOA board of directors must be submitted to the nominating committee for investigation at least ninety days prior to the election and each candidate must be endorsed by five members in good standing. MOA members are invited to recommend candidates for the board.

Russell Mawdsley, chairman 1975 nominating committee, advised "You are also eligible to stand for election yourself provided you are endorsed by five members as stated above. All recommendations must be mailed to MOA not later than July 15, 1975. From the recommendations received, ten vacancies on the board will be filled this year. Present directors whose terms are expiring are not eligible to run again until one year has elapsed.

"We suggest that you not recommend any candidates until you have consulted them first. You should be sure that they have been members in good standing for at least one year (dues paid), that they will accept if nominated, and that they know what is involved. Directors are expected to attend two meetings of the board per year for which they pay their own expenses. A director's basic responsibility is to deliberate matters of benefit to the membership and the industry, and to represent the views of the members in his own area or in his state, and/or local association. Being an MOA director has become a serious matter requiring only those who are willing and able to devote time to the association. The term of a director is three years. Remember: the deadline is July 15.

## EASTERN FLASHES

If Long Island senators **Levy** and **Marino** have their way, measures regulating the placement of flipper games near schools and churches will be tacked onto the already fuzzy state laws "regulating" flipper games operation. (See separate story.) The ruckus was a direct result of that story in the **News** a couple of weeks back. While **Irv Holzman** and **Teddy Blatt** got some good words into the **News** the following week, it seems the senators would rather listen to the group of women on the Island who just plain don't like pingames. It's another manifestation of the public's inherent suspicion of this fine game and the fine people who operate them. With all the talent in this business on all levels (factory, distributor and operator; let's not forget location people either), it's high time the whole mess in this state get settled, else we'll always be under the cloud knowing another storm can always break on our heads.

While **Millie McCarthy** is intimately concerned with conditions on the island, she does point out that the two bills submitted to the senate apply to the whole State. "Most of our upstate towns are not even a half-mile long so that wipes out half the state already," she declared, indicating the distance requirements for placing flippers in the bills. "I'll be re-submitting our old licensing bill as an antidote to this poison," she advised. "Our bill licenses the operator and it will be uniform state-wide, not added onto the bureaucracy of each little berg."

One man's loss is sometimes another's gain and the devaluation of the dollar is beginning to help new and used machine exports. While the export market could have been better late last year and early this year, business is picking up nicely right now. Also seems several territories in Africa are opening up at last, which could serve up a tremendous new market to the firms in the industry that ship goods overseas. . . . According to **Kal Kassir**, national sales & marketing director, Peabody's Inc., exclusive U.S. distributor of Rene Pierre Foosball, there have been some "innovative" changes on their competition Foosball model. "The ball counter chute, ball drop and cash box are now made of sheet metal and absolutely cheat-proof. Other changes include a new lock system, new leg lock assembly and soccer field marking," he said. Kassir emphasized that these improvements were due primarily to the excellent suggestions and cooperation of their distributors and operators. Two new additional models manufactured by Rene Pierre will soon be introduced to the U.S. market by Peabody's, Inc. Kassir stated that a market study conducted in various parts of the country recently showed an excellent response to their new two-player model. Also introduced will be a less expensive four-player model designed for home use.

## MILWAUKEE MENTIONS

The Wisconsin Music Merchants Association has confirmed the dates of Saturday, September 27 and Sunday, September 28 for its annual meeting, to convene at the Midway Motor Lodge in Green Bay. More details later.

UNDERSTAND THE RECENT 3-day Dynamo Foosball promotion, sponsored by Empire Dist.-Green Bay was a big success! Exhibition play was carried on by **George Garber** and **Ron Lewis** of Houston, Texas, who proved to be unbeatable champs! Dynamo's regional sales manager **Randy Skelton** came in for the event, which was coordinated by Empire's **John Bulin**. Object of the exhibition, as **Bob Rondeau** stated, was to "generate continued interest in foosball and other amusement games" and promote their entertainment value as well.

ACTIVITY IS STEADY AT Pioneer Sales and Services, with **Joel Kleiman** and **Sam Cooper** concentrating on current orders and the usual surge in business which annually accompanies the resort season. Rowe phonographs are very much in the spotlight, according to Joel. Games are still among the biggest sellers out there he said, and there's been an increase in vending sales these past weeks.

ON THE SINGELS SCENE: **John Jankowski** of Radio Doctors lists a variety of operator favorites, ranging from pop to country to polka tunes. Selections include "There I Said It" by **Margo Smith** (20th Century), "Wooden Heart" by **Bobby Vinton** (ABC), "What Time Of Day" by **Billy Thundercloud & The Chieftones** (20th Century), "Boilin' Cabbage" **Bill Black** (Hi) and "Sing Da-Ye-Nu" by **Frank Yankovic** (ABC).

## CHICAGO CHATTER

At presstime last week MOA president **Fred Collins**, secretary **Ted Nichols**, treasurer **Garland Garrett**, legislative committee chairman **Russ Mawdsley**, legal counsel **Nick Allen** and executive vice president **Fred Granger** were in Washington attending a hearing before the sub-committee of the House Judiciary Committee on the copyright situation (pertinent to the jukebox royalty issue). Association is very concerned about a proposed increase of the current \$8.00 rate. Hearing was slated for June 3.

HATS OFF TO Bloomington, Illinois operator **Pete Westermeyer** (Bloomington Music) who sponsored a pinball tournament, in cooperation with radio station WJBC, to raise funds for the St. Jude charitable program. Tournament also helped spotlight the station's teenage march for St. Jude. Combined events netted a sizable donation for the very worthy cause.

MORT LEVINSON OF NATIONAL COIN reports exceptional activity in the games department these days! Pinball machine sales are up considerably and Mort said he's selling all sorts of arcade pieces — Tanks, Wheels, T.V. Pingames, etc.!

IT'S VACATION TIME AT Rock-Ola Manufacturing Corp. Plant terminated production for the annual vacation period at the close of business on Friday, May 30. Production will be resumed on Monday, June 16.

THE VENDING DEPARTMENT AT World Wide Dist. is enjoying steady activity, according to **Irv Ovitz**. Coffee machines, being year-round sellers, no longer experience a drop during the warm weather months, and the summer surge in cold drink units is in evidence out there. Irv focused attention on some of the popular pieces in the Lektro-Vend line (candy, pastry, snacks and freeze dried coffee) as well as the Choice Vend fruit juice machines.

THE HUGE FORD CITY SHOPPING MALL was the scene of the Bally Pinball Wizard Championship, which climaxed the factory sponsored promotion campaign and celebrity tournament series held in conjunction with the film "Tommy" and the introduction of the new Bally "Wizard" pinball machine scheduled to be officially unveiled this week. Event spotlighted the nine finalists in competition play and also featured entertainment by local recording artists **Aliotta Haynes** and **Jeremiah** and guest appearances by WDFH disk jockeys **Jim Channell**, **Gray Bryan** and **Tom Jeffries**. Latter is the Chicagoland Celebrity Pinball Wizard!

## Canadian Group Forms Country Organization

EDMONTON — A group of country performers, recording studio execs and independent record company people have formed an organization to preserve and promote Canadian country recording artists. The Canadian country recording industry has remained what many term "a non-entity," in spite of the fact that more than 80% of Canadian radio stations program some country, and Toronto, the plum of the Canadian/English recording industry boasts three

powerful 24 hour country stations (CFGM, CHOO, CKFH). What most markets lack is a retail outlet specializing in country records. Consequently, most country artists flog their recorded product on the concert and bar circuit.

The new country organization hopes to bring about a star system and are targeting their first national meeting for the Canadian industry's Big Country, to be held in Toronto the weekend of Sept. 27. President of the new organization,

Hank Smith, a Quality recording artist, claimed: "Never before has there been such an obvious feeling of togetherness within the Canadian country music industry. I believe that a country music organization, bringing country people together from coast to coast, is the only way in which we can create a country music star system." It's expected the new country organization will seek an affiliation with the Country Music Association (CMA) in Nashville.

## Polydor/Capricorn Ink Belgian Distribution

Under the new pacts, Polydor Records will distribute Capricorn product in the United Kingdom and Ireland. In addition, Polydor will handle distribution for the Benelux countries, comprised of the Netherlands, Belgium, and Luxembourg.

Other agreements for foreign distribution were signed with the following companies: Nippon Victor, for distribution in Japan; Metronome, for the Scandinavian countries; Hispavox, for distribution in Spain; and Ssatbel Record & Tape Co., for all distribution in Africa south of the Equator. More agreements are expected in the future, at which time formal announcements will be made.

## European Tour Helps B.T.O. Sell Albums

CHICAGO — A European tour covering 16 shows in 16 days has helped make Bachman-Turner Overdrive a major album selling group on the continent and in England.

According to Cees Wessels, Mercury's label representative in Europe, "With their two hits here, 'Ain't Seen Nothin' Yet' and 'Roll On Down The Highway'

and this debut tour, the group is a major act."

Wessels, who travelled with the group and coordinated the tour for Phonogram International with B.T.O.'s manager Bruce Allen and Bob Phillips of RPM Booking of Los Angeles, pointed out, "This had to be one of the heaviest tours undertaken by a name act ever. They hit

seven countries, did press and radio interviews from noon to 6 p.m. each day as well as interviews after each show. They taped TV shows in Holland, Denmark and the prestigious Musikladen in Germany which will be broadcast as a B.T.O. special next month."

As a result of the tour Phonogram Germany shipped 100,000 of B.T.O.'s new album, "Four Wheel Drive," in the first week of release and another 100,000 were shipped during the tour in the rest of western Europe. The album and single "Hey You" were released simultaneously in Europe and five days in advance of the U.S. to coordinate with the tour. Due to pre-release demand, 50,000 albums were air freighted from Mercury's Chicago headquarters to England and Sweden.

Phonogram companies in the seven European countries involved in the tour all had concentrated merchandising efforts on back catalog and an immediate merchandising followup for the new album.

During the tour gold disks for the group's third album, "Not Fragile," were presented to the group in Sweden. In London silver disks were presented for the single "You Ain't Seen Nothin' Yet" and the album "Not Fragile."
