Dinah Shore, whose best selling disk of "Sweet Violets" is currently blazing across the nation's juke boxes, is pictured prettily holding some flowers of the same name. Dinah, who for the past decade has been the top female recording name in the business, recently was the subject of a strong promotional drive by RCA Victor. At the present time she is starting her first personal appearance tour in several years beginning with the Chicago Theater in Chicago.

# Cityman, Countryman, And 10c Play

There are some people who like to point. Even tho they don't know what they are pointing at.

One of these who pointed, this past week, was the representative of a large manufacturer in the juke box industry, whom this correspondent bumped into while traveling about to interview coinmen.

He said, "Your plan of 10c play is absolutely screwy."

He continued, "I've been thruout this whole state and no operator, in any town, except this big city and a few other smaller cities, is changing over to dime play.

"They just can't."

So we, in turn, while he was there and told us the names of some of the ops whom he had called upon, phoned these people.

Here's what he learned (to his surprise).

No. 1) The wages of the workers in these towns is about one-third to one-fourth, what they are in the cities he mentioned, where dime play was operating. (This means that office help,

servicemen, agents, mechanics and route men, were being paid only one-third to one-fourth as much as they were being paid in the cities.)

No. 2) That the workers in these towns averaged approximately about one-half as much per week salary as compared to the city workers and, therefore, were not expected to spend dimes, where they had formerly spent nickels. (In fact, their telephones were still on a nickel basis.)

No. 3) What's more, because of all this, the operator himself needed only one-half as much for living expenses (and could live very good) as did the big city ops.

In short, there is every good reason in the world why some of the smaller towns and villages don't have to boost coin play to exist in the same manner they formerly did.

But, there is also every good reason to believe, that those manufacturers who are urging ops to continue on 5c play, are simply asking that their factories be shut down at least four months

out of each year, and that the machines their distributors do sell to ops, be repossessed because of lack of payments.

In short, even the small town ops realize that they cannot long continue on a basis of "losing money."

Regardless of the fact that they need from one-third to only one-half as much as do the big city ops need to exist.

Their overhead on parts and supplies, gasoline and trucks, and general higher costs of much other necessities has continued to rise. Just as much as it has for the city op.

How long can these men continue to kid themselves?

How long can they continue to "agree" with those peoples who do not think of the actualities and, instead, think of the probabilities.

Few, if any, can live on probabilities

They must live on what is actual. What is there—right that minute.

In short, what they are earning now, and not what they can "probably earn," is the answer why 10c play is being adopted everywhere in the country today.

# WHETHER 10c, 25c OR JUKE BOXES DO THE COST

**In "General Overriding Regulation 14, Excepted Services" Paragraph "SERVICES WHICH HAVE MINOR SIGNIFICANCE AND SLIGHT EFFECT Item (23) G. O. R. 14 Exempts From All Price Control: "Entertainers" (Every Item (39) Exempts From Price Control: "Musicians" (Juke Boxes Are OF ALL: JUKE BOXES DO NOT AFFECT THE COST OF LIVING AND MOST**

The most important factor for the creation of O.P.S. (Office of Price Stabilization) was so that continued and inflationary price hikes would be halted and would not affect the cost of living—thereby halting any deterring effect on defense production.

Such being the case, and as number one in the reasoning of the people engaged in the business of juke box operations, certainly the juke boxes do not, in any fashion whatsoever, affect the cost of living.

Second, they most certainly do not, in any fashion whatsoever, affect continued high defense production.

Furthermore, in view of the fact that prices of all commodities used in the operation of juke boxes, which are located in taverns, drug stores, restaurants and other retail places of business, the juke box operators of the nation, to remain in business and to be able to continue to pay their help as well as pay for their equipment, were forced to increase the cost of juke box play.

Just the same as musicians and entertainers were forced to ask for more money because all around them, completely surrounding them, these higher prices had forced them to ask for more money to overcome the inflationary conditions which prevail.

Whether the juke box charges 10c or 25c or even more per play, this does not affect the cost of living and, most definitely, does not act as a deterrent for continued high scale defense production.

In fact, in the very opening paragraph, "Statement of Considerations," in O.P.S. Ceiling Price Regulation 34, this agency states: ". . . it was understood that it did not adequately meet the specific needs of numerous suppliers of services and that it was to be replaced with respect to that field . . ."

In this same opening preamble of this CPR 34, the following appears:

"So far as is practicable, the Director of Price Stabilization has given consideration to the National effort to achieve maximum production in furtherance of the objectives of the Defense Act of 1950 . . ."

Therein lies the crux of the entire situation of price ceilings and price controls. Will the juke box in any fashion whatsoever affect defense production? The answer is a loud and definite NO.

On July 9, 1951 the Office of Price Stabilization put into effect "General Overriding Regulation 14, Excepted Services."

In the "Statement of Considerations," the very opening paragraph of this overriding regulation, O.P.S. states:

"The General Overriding Regulation is an across-the-board regulation which exempts certain services from price control. All services now or hereafter totally exempted from price control will be listed in this General Overriding Regulation."

Explaining in paragraph four of this "Statement of Considerations" that a number of services are exempted from price control and that they fall into three groups.

The statement contained in group (2) is important to the field:

"2) SERVICES WHICH HAVE MINOR SIGNIFICANCE AND SLIGHT EFFECT UPON THE COST OF LIVING."

Therein lies the story of the juke box industry. It has but "minor significance and (extremely) slight effect upon the cost of living."

Further on in this General Overriding Regulation 14 (Excepted Services) in Section 3, Item (23), there is excepted from all price control "Entertainers."

The juke box is an automatic, coin operated "entertainer."

It has but "minor significance and slight effect upon the cost of living."

No one is forced to play a juke box. If they do or don't play a juke box people won't find their cost of living affected in any fashion whatsoever. And, definitely, such play will not affect defense production one iota.

In this very same General Overriding Regulation 14 (Excepted Services) Item 39: "Musicians," too, are excepted from all price control.

Since the juke box has been termed an automatic, coin operated "musician," then, even in this regard, and under the term "musicians," the juke box is exempted from all price control.

But, most important to all engaged in the field of juke box music, is the outstanding fact that:

**THE JUKE BOX DOES NOT, IN ANY FASHION WHATSOEVER, AFFECT THE COST OF LIVING AND, THEREBY, DOES IN NO FASHION AFFECT CONTINUED HIGH SCALE DEFENSE PRODUCTION.**

This is most important.

# 50c PER PLAY . . .

# NOT AFFECT OF LIVING!!

**4 in "Statement of Considerations" the Office of Price Stabilization States: UPON THE COST OF LIVING" Are Exempted From All Price Control. Section 3, Juke Box is a Coin Operated, Automatic "Entertainer"). Same Section 3, Recognized as Coin Operated, Automatic "Musicians"). MOST IMPORTANT CERTAINLY DO NOT EFFECT CONTINUED HIGH DEFENSE PRODUCTION!**

Why did the juke box operators, in some areas, switch to dime play?

Only because the inflationary costs which surrounded them: for tires, trucks, labor, tubes, parts, supplies, and a thousand other necessities to continue in business, as well as pay their notes for their equipment, were forcing them into higher and higher costs and thereby, they, too, were forced to find some means to increase intake.

There is no doubt that simply cutting commissions wouldn't work. Many tried it. Many are still sticking with it.

*The Cash Box* proposed this more than eight years ago and many followed this plan.

But, no sooner were commissions cut, then the juke box operator lost his location's cooperation and play continued to fall.

Business slide-offs, which have come along since then, have also cut deeply into the juke box take.

Television popularity cut down playing time in many taverns and other retail locations.

All this was forcing loss upon loss and more and more red ink in ledgers of many, many juke box operators clear across the nation.

They just simply couldn't continue in business losing money at such a steady pace. No one has such capitalization in the small business juke box field.

It was first about 8 years ago that *The Cash Box* recommended a change over to 1 Play 10c and 3 Plays for 25c. This was quickly supported by some juke box manufacturers. Others held off from making any statement in this regard. One big manufacturer was against it.

The result was that the ten cent play did start at that time in a few areas here and there about the nation—it failed because of lack of consistency and no cooperation from others in the same territories.

But, business continued to slide off. Inflation became more rampant. Overhead costs zoomed from over 200% to far over 400% for what juke box operators formerly paid for their supplies, parts, labor, etc., etc.

Then, along with the theory that they might have to make their juke boxes last longer, because war seemed more imminent, they raised to dime play.

Many agreed that if they received only half the number of plays at 10c that they formerly did at 5c they would still be better off.

At least their phonographs and other equipment would then have received only half as much wear and tear and would, likewise, last a 50 per cent longer period of time.

This induced many to start 10c play, long before O.P.S. came into the picture.

Others, noting that ops could get along on dime play, because with the telephone companies switching their pay phone stations from 5c to 10c more and more dimes were available to the public, and more and more dimes were being found in the public's pockets they, too, switched over.

Since then some tavern magazines have come along, in an effort, more or less, to gather in good favor for themselves from tavern owners, and started to holler that all this was against price control.

Price control was set up to halt the dastardly march of inflation which was affecting the cost of living and, thereby, biting into continued high scale defense production.

Surely, if these magazines would have stopped to study this situation, they would have agreed that the juke boxes located in the taverns, standing idly by, were not, in any fashion whatsoever, affecting the cost of living and, thereby, in no way affecting defense production.

The answer to these men, and to all others, is that the juke box "entertainer" offers a musician's service which is, in the words of the Office of Price Stabilization:

**"SERVICES WHICH HAVE MINOR SIGNIFICANCE AND EFFECT UPON THE COST OF LIVING."**

The juke box does not in any way affect the cost of living.

The juke box does not affect continued high scale defense production.

The juke box is purely and simply an automatic, coin operated "entertainer."

The juke box is, likewise, purely and simply, a coin operated, automatic "musician."

# Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

## "MY BABY JUST CARES FOR ME"

(2:40)  
"LEAP FROG" (2:40)  
LES BROWN  
(Coral 60550)

● Les Brown and his band have an instrumental of an oldie on the first side that could easily break out. It's done in smooth style and fast tempo and is really something to hear. The second half is a jumpy thing again done with skill by Les. The top deck is outstanding.

## "WITH A SONG IN MY HEART"

(2:58)  
"FALLING IN LOVE WITH LOVE"  
(3:00)  
VAUGHN MONROE & PATRICE MUNSEL  
(RCA Victor 20-4139; 47-4139)

● A new combination, Vaughn Monroe and Patrice Munsel, make a good team as they go through a couple of standards. Each end finds the pair offering a good duet as Norman Leyden and his orchestra make with the music. This disk should have a lot of appeal in the boxes.

## "THE WINKY DINK" (2:47)

"WHILE YOU DANCED, DANCED,  
DANCED" (2:47)  
RALPH FLANAGAN ORCH.  
(RCA Victor 20-4222; 47-4222)

● An instrumental in a jumpy vein shows up on the top deck played by Ralph Flanagan and his band. The second half is a lovely ballad which could easily be a big one and on which Harry Prime does the vocal. This is a pair of worthwhile sides from the Flanagan fold.

## "TOO YOUNG" (2:57)

"SO 'ELP ME" (2:45)  
SPIKE JONES  
(RCA Victor 20-4209; 47-4209)

● Spike Jones' version of "Too Young" is, needless to say, like no other version you've heard. To all of his unusual musical props, Spike adds a funny interpretation of the lyrics. The bottom half is an English accented number which doesn't quite come off. The top deck should get some play.

## "YOU'LL KNOW" (2:56)

"OVER A BOTTLE OF WINE"  
(2:40)  
TONY MARTIN  
(RCA Victor 20-4220; 47-4220)

● Tony Martin has an exciting ballad on the upper half which he does in his usual appealing manner. With Henri Rene providing the musical setting, Tony has one that could break out. The flip is an easy going Latin rhythmed item which also gets a pleasant going over. Ops should watch the upper half.

## "DOLL DANCE" (2:42)

"WHO AM I?" (2:39)  
RUSS MORGAN  
(Decca 27704; 9-27704)

● An instrumental of an old melody is dished out here by Russ Morgan and his band. Doing it in light fashion, Russ makes this good to hear. The bottom half is a ballad on which Russ comes through with the lyrics. Ops might want to have a peek.

## DISK OF THE WEEK

"THE MUSICIANS" (2:54)

"HOW D'YE DO AND SHAKE HANDS" (2:43)

DINAH SHORE, TONY MARTIN, PHIL HARRIS & BETTY HUTTON  
(RCA Victor 20-4225; 47-4225)

DINAH SHORE

BETTY HUTTON

TONY MARTIN

PHIL HARRIS

● Four top names in the music business get together to turn out a ditty called "The Musicians". Dinah Shore, Tony Martin, Phil Harris and Betty Hutton are the artists and the combination of their singing and instrument imitating should send this one flying high. Based on an old melody, this conception of the tune is a very appeal-

ing one that will have these coins pouring into the boxes. For the roster of talent alone should have a tremendous pull. The second side finds the same group going to town on a tune from "Alice In Wonderland". Henri Rene and his orchestra provide the musical setting at either end. The top deck can't miss.

## "MAYBE IT'S BECAUSE" (3:05)

"WHILE WE'RE YOUNG" (3:08)  
DON CHERRY & CAMARATA  
(Decca 27725; 9-27725)

● A beautiful ballad gets a very dramatic arrangement from Camarata and his orchestra with Don Cherry turning in a creditable vocal. This Irving Berlin melody has its best rendition to date here. The bottom half is an oldie which is currently experiencing a revival. This should help give it another push.

## "SEPTEMBER IN THE RAIN"

(2:34)  
"BLACK STRAP MOLASSES" (2:56)

TOMMY DORSEY ORCH.  
(Decca 27709; 9-27709)

● An oldie with a lot of charm is given a grand going over on the top end by Tommy Dorsey and his boys. Tommy makes this one sound smooth and easy to take. The lower half is a side with funny lyrics sung by Frances Irvin. Dorsey fans should approve.

## "LOUISE" (2:25)

"SIDE BY SIDE" (2:40)  
KEN GRIFFIN  
(Columbia 39514; 4-39514)

● Ken Griffin is at it again, giving out with the kind of organ music that's just right for the quieter locations. Both of the tunes on this disk are oldies and both are done in a light hearted manner. Ops who operate in the proper spots ougha tune in.

## "YOU BLEW OUT THE FLAME"

(2:45)  
"DREAMY MELODY" (2:41)

HARRY JAMES ORCH.  
(Columbia 39495; 4-39495)

● Some fine wax is thrown at us on this one by Harry James and his orchestra. Each side gets some wonderful trumpeting and a good vocal chorus from the Skylarks. The James crew sounds better here than it's sounded in quite some time. This is a disk that shouldn't be missed.

## "ASK ME" (2:16)

"OKLAHOMA HILLS" (2:27)  
DINNING SISTERS & BOB CROSBY  
(Capitol 1766; F-1766)

● The Dinning Sisters team up with Bob Crosby to offer a couple of lively sides. The first one is in polka rhythm and the girls and Bob come up with a light hearted vocal on it. The second half is another cute item which might click. Ops will want to take a listen.

## "GOLDEN TRAIN" (2:47)

"TENNESSEE HILL-BILLY GHOST"  
(2:39)  
PHIL HARRIS  
(RCA Victor 20-4224; 47-4224)

● Two tunes that have been strong contenders in the folk and hillybilly fields get a pop going over here from Phil Harris. The first side is a dynamic one which Phil does in a spirited manner. The second one is an eerie sounding number again offered in high style.

## "I'LL HOLD YOU IN MY HEART"

(2:38)  
"THE DAY ISN'T LONG ENOUGH"  
(3:00)

TONI ARDEN  
(Columbia 39525; 4-39525)

● Toni Arden has a couple of lovely ballads to work with here and she does a grand job with each of them. With Percy Faith backing her up on either side, Toni pours a lot of feeling into these tunes. Ops who want some sure coin catchers, have them here.

## "THE DARKTOWN STRUTTERS"

BALL" (2:41)

"BASIN STREET BLUES" (3:16)  
PEE WEE HUNT  
(Capitol 1741; F-1741)

● Two oldies from way back are taken to town on this platter by Pee Wee Hunt. Pee Wee turns in a listenable vocal on both of them and instrumental to match. Although these are somewhat specialized and need the proper spots, they make for wonderful platter material.

## "COLD, COLD HEART" (2:52)

"WHY DO I LOVE YOU?" (2:43)  
TONY FONTANE  
(Mercury 5693; 5693 x 45)

● A tune that's come out of western fields to make a lot of noise gets another excellent interpretation in the upper half from Tony Fontane. The second side is a well known standard from "Show Boat" on which Tony turns in his usual fine performance. Lew Douglas' orchestra backs him up at either end.

## "WRAPPIN' IT UP" (2:45)

"TOODLE-LEE-YOO-DOO" (2:40)  
BENNY GOODMAN  
(Columbia 39513)

● A terrific instrumental that sounds like the good old days is offered on the first half by the Benny Goodman Sextet. With some solos that are out of this world, this one should catch a lot of attention from Benny's fans. Second half is a pleasant little item on which Nancy Reed does the vocal. Upper half gets our nod.

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"I LOVE YOU BUT I DON'T LIKE YOU" (2:29)  
 "WANDERING SWALLOW" (2:52)  
 PEGGY LEE  
 (Capitol 1749; F-1749)

● Peggy Lee turns in a first rate job on a tune with a good idea. Done in beguine tempo, this ditty has some interesting lyrics to carry it along. The bottom half is a very unusual item, which Peggy also does well although the possibilities of its being a popular success are small. The top deck deserves a spin.

"I'M ALWAYS CHASING RAINBOWS" (3:10)  
 "FAR ABOVE CAYUGA'S WATERS" (3:00)  
 VOICES OF WALTER SCHUMANN  
 (Capitol 1752; F-1752)

● Walter Schumann, who has been coming up with one good side after another, repeats here with two more dramatic arrangements which should be heard. The upper half is an oldie with the chorus singing to the accompaniment of an excellent piano. The lower end is a college song on which they do an equally good job. This group is due to hit one of these days.

"I WANT TO BE NEAR YOU" (2:00)  
 "WHEN THE SAINTS GO MARCHING IN" (2:10)  
 PERCY FAITH ORCH.  
 (Columbia 39528; 4-39528)

● Percy Faith and his crew make with some excellent music on either end of this disk. The first half is a new, lively tune which gets a rousing going over. The bottom end is a current revival on which lots of voices come through. Ops will do ok with this one.

"KISSIN' BUG BOOGIE" (2:09)  
 "HAWAIIAN WAR CHANT" (2:02)  
 JO STAFFORD  
 (Columbia 39529; 4-39529)

● Jo Stafford has two magnificent sides here. Both get a fine treatment from Jo as she pushes her way through. The upper half is a very dynamic number on which Paul Weston does the orchestrating while on the lower half she harmonizes with herself in several voices. This should do well in the machines.

"COWBELL POLKA" (2:47)  
 "MOUNTAINEERS POLKA" (2:38)  
 BERNARD WITKOWSKI  
 (Dana 3061)

● A couple of cute polkas show up on this disk done by Bernard Witkowski. Both are instrumentals and both are somewhat unusual. The first one has cowbells sounding through it while the second gets real wild as it progresses. Ops in the proper spots should do well with these.

"CASTLE ROCK" (2:56)  
 "MAKIN' LIKE A TRAIN" (2:39)  
 FONTANE SISTERS  
 (RCA Victor 20-4213; 47-4213)

● The Fontane Sisters do a good job on the top deck with a tune which could make it. Taking this dance, the girls move through it with ease as Norman Leyden backs them up. Lower half is the "Mexican Hat Dance" dressed up for modern consumption. These sides will get a play.

## SLEEPER OF THE WEEK

"MAKE BELIEVE LAND" (3:09)

"I'LL ALWAYS REMEMBER YOU" (3:08)

NAT "KING" COLE

(Capitol 1747; F-1747)

NAT "KING" COLE

● Nat "King" Cole sounds great on almost everything he does. And this disk is no exception. Taking off on a ballad titled "Make Believe

Land," Nat gives it that dreamy interpretation which has proven so popular and which is bound to make this one a coin collector too. Backed up by a chorus, he really goes to town with the beautiful melody offered here. Pete Rugolo does the backing and fits right into the spirit of the song. The lower half is another slow number, however lacking the commercial appeal of the top deck. Here again Nat does a good job as the orchestra makes with the music. The side that has the possibilities is the first one. Ops shouldn't miss it.

"TRUST IN ME" (3:07)  
 "GOOD LOOKIN'" (2:37)

BETTIE CLOONEY  
 (King 15111)

● Bettie Clooney comes up with a ballad on the top deck which shows her off at her best. She works her way through this attractive number in slow style. The bottom half also gets a good workout from Bettie although it doesn't have as much appeal as the first side.

"THE MORNINGSIDE OF THE MOUNTAIN" (3:15)  
 "BLUE VELVET" (2:57)

ARTHUR PRYSOCK  
 (Decca 27720; 9-27720)

● Arthur Prysock, out on his own, shows great promise on this disk. For his first number he tries a ballad which has been going well and he comes up with a good version. The under side is a very slow and dreamy tune which he certainly knows how to handle. Sy Oliver does the orchestrations.

"I WISH I WUZ" (2:36)  
 "IF YOU DON'T MARRY ME" (2:38)

TERESA BREWER  
 (London 1085)

● Teresa Brewer, who looks hot again, follows "Longing For You" with another ditty which should make it. The upper deck number has a clever set of lyrics and the girl sure knows what to do with them. On the lower end, she again has some good material to work with as Jack Pleis and the All Stars do the backing.

"I GET IDEAS" (3:23)  
 "A KISS TO BUILD A DREAM ON" (3:00)

LOUIS ARMSTRONG  
 (Decca 27720; 9-27720)

● One of Louis Armstrong's most appealing sides in a long while shows up here. Louis applies his own style to the current hit and makes you hear a completely new tune. Second half is a very slow number with some terrific trumpeting. Ops shouldn't miss this disk.

"OH, HOW I LOVE YOU" (2:28)  
 "COLD HEART DADDY" (2:13)

AL TRACE ORCH.  
 (Mercury 5694; 5694 x 45)

● A lively sounding ditty shows up on this Al Trace offering. Lola Ameche and Bill Snary join in a duet which makes it pleasant to listen to. On the bottom half, Lola tries a driving number on her own and does it well. Ops oughta take a look.

"DOWN THE OLD OX ROAD" (2:44)

"CUDDLE UP A LITTLE CLOSER" (3:04)

GORDON MacRAE  
 (Capitol 1750; F-1750)

● A couple of oldies serve as the material for Gordon MacRae's newest platter. Both of these are familiar melodies, good to hear again, and on which Gordon does a fine job. Although their present appeal may be somewhat limited, the more nostalgic customers will want to hear them.

"IF YOU HADN'T GONE AWAY" (2:51)

"CORAL REEF" (2:55)

NEAL HEFTI ORCH. & FRANCES WAYNE  
 (Coral 60562; 9-60562)

● For their first disk on the Coral label, Neal Hefti and Frances Wayne have a couple of tunes which show them off to good advantage. On the upper half, Frances sings a blues number while on the under side the Hefti crew gives out with an instrumental of a jump number.

"THE WALTZING CAT" (3:15)

"THE WHISTLER AND HIS DOG" (2:44)

FLORIAN ZABACH  
 (Decca 27729; 9-27729)

● Two very appealing violin pieces are offered here by Florian Zabach. On the upper end, there are a few lyrics explaining the story while the lower half is an oldie which this is going to help revive. Ops will do ok with it.

"HOLD ME, HOLD ME, HOLD ME" (2:41)

"YOU BLEW OUT THE FLAME IN MY HEART" (2:45)

TAMARA HAYES  
 (Decca 27721; 9-27721)

● Tamara Hayes, who was so impressive in her first Decca recording, repeats here with another two sides which are bound to attract attention. Running through these slow numbers in a broken vocal, Tamara gets an excellent assist from Sy Oliver and the orchestra. This is something to hear.

"MARY ROSE" (2:48)

"SWEETHEART OF YESTERDAY" (3:20)

GUY LOMBARDO  
 (Decca 27719; 9-27719)

● In his usual easy going style, Guy Lombardo presents a couple of current ballads which could click. Kenny Gardner does the vocal at either end and the band comes in for some smooth backing. Lombardo fans should eat this one up. Ops who have the proper locations, tune in.

# ROUND THE WAX CIRCLE

## NEW YORK:

Hundreds of letters pouring in from deejays all over the country expressing their appreciation for the stand which "The Cash Box" took in their behalf through last week's editorial "What's All This Nonsense About Frankensteins and Disk Jockeys?" . . . Eddie Fisher finished his furlough in New York this week. . . . Mac McGuire and his Harmony Rangers hitting with six ½ hour spots each week over the Mutual network. . . . The Modernaires, held over for another week at the Paramount, go back on the Club 15 Show August 27. . . . Harold Lee, formerly professional manager of E. B. Marks, took over as general professional manager of Sheldon Music. He replaces Ivan Mogull whose contract was bought up. . . . Jane Gans, who was secty to Mogull at Sheldon, left to take up similar duties with Paul Cohen at Decca. . . . Henry Okun, vet promotion man, assigned to work on "Laura Lee" which Vaughn Monroe has just cut. . . . Keep your eyes and ears on the singing style of Buddy Boylan, handsome juvenile singer. Caught in an upstate spot, he projects as good recording material. . . . A sock schmaltzy ballad by Benjamin & Weiss will be unveiled in the middle of September titled "I Ran All The Way." . . . Louise Carlyle comes up with another good side, this time

LOUISE CARLYLE

teamed with Tony Fontane on "I Still Suits Me." When is this talented chirp gonna have a big side of her own. . . . Guy Mitchell back from the coast where he visited his folks. Bought them a new car and retired his father who was a stone worker. . . . Pat Terry begins a four week engagement at the Hotel Roosevelt in New Orleans on August 23. . . . Naturally it was to be expected—the sequel to "Come On-A My House." The tune is called "Where's A Your House" written by J. Maloy Roach, George Meisels, Roy Alfred and Al Frisch. It's published by Gayle and Gales with the first recording out this week by Robert Q. Lewis.

## CHICAGO:

Bandleader hero was Ralph Marterie who dashed into a burning lodge up in the Canadian wilds where the two were fishing, to save his Uncle, Frank Esposito. . . . The Hubbard's (Eddie and Jackie) are the new Mr. and Mrs. team who'll do a late evening show from the very popular Shangri-La. Two sweet and swell people. . . . Two big cocktail parties for queen of the juke boxes, Dinah Shore, this past week (she's been playing the Chicago Theatre here). Dinah invited over 75 of the sales gals who sell her records over the counter for a grand time. Leading juke box ops, dealers, deejays, and other leaders of the music world present to meet the very charming Dinah. . . . Lucille Ballantine has just opened her own public relations offices at 134 No. La Salle St. . . . Xavier Cugat and Abbe Lane making with the Cantonese food and Cugie advising he's got a new disk on the way out soon which he thinks will stir lots of plays. . . . Interested audience sitting around Irv and Irma Green while Irv tells of his European trip which took him all the way to Palestine. Someone should get Irv to speak before some noted organization on his trip. It's that interesting the way he tells it. . . . Irwin Berke, Art Talmadge, Irv Steinberg and Ralph Marterie in a huddle over dinner. . . . Norman Kaye of that very sensational Mary Kaye Trio may appear this winter at New York's Copacabana. . . . Lots of guys round town talking about Natt Hale's swell job in his "Hale Columbia" booklet. . . . Mike Speranza in town covering leading juke box ops. . . . Forster Music has three guys named Eddy on one tune: "I'll Hold You In My Heart." Eddy Arnold of Victor, Eddie Fisher, Victor, and Eddy Howard, Mercury. . . . By the way Eddy Howard's back at the Aragon. . . . Lola Ameche and Al Trace clicking with "A Half Fast Waltz." . . . Possible Martin-Lewis duo would be Barry Sherwood and Maxie Furmin who do a grand team stint at Nippersink Manor. Wonder why Barry and Maxie don't get together as a team? . . . Joel Cooper and Bob Broz elated over reaction to their first Jeb label releases.

EDDY HOWARD

## LOS ANGELES:

Event of the week was Les Brown's opening at the Palladium, a spot that the "Band of Renown" always packs 'em into. . . . Mike Kurlan tells us his distribberly has been kept busy with ops' demands for records out of Les' Coral album, "Over the Rainbow." . . . Found Harry Bloom over at Mercury Distribs with a glamor girl portrait on his desk. . . . Our threat to tell his wife bounced back on us—it was his wife. . . . And when we raised a questioning eyebrow at his saying business was but good, he made like to show us the ledgers. . . . Harry also showed some pictures of Mercury's new portable phonographs, a very handsome line at that and certain to fill the need of record shops, small and large. . . . Another new item to be handled by Mercury is the Childcraft record label, a big outfit which also puts out kiddy books. . . . Harry's bookkeeper Beatrice wondered out loud why we never say anything nice about her and the other girls in the office—so here goes: Nice! Nice! Nice! Nice!!

MARGARET WHITING

Chat with Charlie Adams reveals his Vanguard pubbery is off to a flying start on "River Road Two Step" via a Pee Wee King on Victor and Margaret Whiting on Capitol. . . . Ridgeway Music, which Charlie squires along with Redd Stewart, is working on "Let Me Hold You When You're Blue," with a Capitol record by Eddie Dean. . . . Charlie also threw in a big plug for "I Love the Sunshine of Your Smile," on which Herb Monte is now touring the nation's dee-jays for the Johnstone-Monte firm. . . . The Merv Griffin and Four Nations records on this tune are both taking off locally in great style. . . . Caught up with Al Sherman, who's just finished recuperating from the wear and tire suffered touring the Coast with his hard working boss, Syd Nathan of King, Deluxe, Federal and associated interests. . . . Al picked a small bone with us re The Cash Box not listing his hot ones 1-2-3 and 4. . . . According to Al, and he's not given over to exaggeration as a rule, last month was the biggest his branch had in many months.

# Juke Box Helps Sales

## Music Helps Sales

PORTLAND, ORE.—Budge Wright of Western Distributors, which handles the AMI line in Boston, reports a novel use for a juke box. Budge installed a Model "C" AMI in the Teenage shop at Lipman-Wolfe and Company, one of Portland's leading stores. The machine is well filled with latest hit numbers and adjusted for free play. Teenagers and college coeds who patronize Lipman's are delighted with the arrangement—and so is the store.

## Coral Adds Talent

NEW YORK—Jimmy Hilliard, A & R head of Coral Records, reported this week the signing of three new artists—Lorry Raine, Jack Haskell and Buddy Greco. Lorry Raine was formerly on the London label. Haskell has been a steady on the Garroway show out of Chicago and is scheduled to be back with him when Garroway starts his new stanza in the fall. Buddy Greco, who recently went out on his own, was previously vocalist with Benny Goodman and most recently was on the London label.

PAUL WILLIAMS & DANNY COBB  
(Sovoy 814)

PAUL WILLIAMS

DANNY COBB

● Here are a couple of hot pieces of wax that have what it takes to climb to the top. Paul Williams and his band go to town on a pair of lively and zestful tunes. The top deck, labeled "Rockin' Chair Blues" is a jump number with a big bounce that should have everyone clapping hands to keep time. Danny Cobb, with a vocal assist from the band, delivers the lyrics in loud and meaningful man-

ner. The second side, "Sinner's Hop, Part 1", is an instrumental that features some fine piano playing and wonderful tenor sax by Paul. This side also looks like a sure bet to get a big play on the machines. Ops have a pair of potent sides on this platter and they would be playing it smart if they got with this disk fast.

"CASTLE ROCK" (2:40)

"JUST IN CASE YOU CHANGE  
YOUR MIND" (2:50)FOUR DEEP TONES  
(Corol 65061)

● Here is a tune that is busting wide open. The Four Deep Tones take hold of this jump number and send it for a pleasurable ride around the wax. This presentation should draw its share of nickels. The lower level is a slow and pretty ditty that is delivered by the boys in a listenable manner. The upper end gets the nod.

"WHISKEY AND GIN" (2:43)

"TELL THE LADY I SAID  
GOODBYE" (2:39)JOHNNIE RAY  
(Okeh 6809)

● The top lid looks like a tune that will break out and go all the way. Johnnie Ray offers the lyrics in an appealing and meaningful way. The song itself is a lovely ballad with a bit of the blues in it. The second end is a fair sounding number that gets another wonderful job by Johnnie. This artist can do it for the first side.

"WORRIED WOMAN BLUES" (2:32)

"EATING MY HEART OUT FOR  
YOU" (2:45)TERRY TIMMONS  
(RCA Victor 20-4229; 47-4229)

● Terry Timmons offers a pleasant sounding vocal to a slow but forceful blues number on the top deck. The band backs Terry with a fine instrumental. Flip is a slow ballad in which the chirp is shown to equally good advantage. Both ends can draw the coin and ops are advised to look in.

"HOME TOWN WOMAN" (2:07)

"UNLUCKY BLUES" (3:09)

LEROY JOHNSON  
(Okeh 6813)

● Leroy Johnson dishes out two fine sounding sides. The upper lid is a driving jumpy tune that offers a fair vocal and an excellent orchestration backing. The second half is a slow blues number that the boys turn out in a better than average way. Ops have strong filler items on this disk.

"GIN, GIN, GIN" (2:20)

"I SHOULDN'T CRY" (2:28)

TODD RHODES ORCHESTRA  
(King 4469)

● The top deck features the Todd Rhodes orchestra as it sings and plays its way through a lively number. The boys put a lot of zest in this tune and come up with a listenable half. Flip finds chirp Kitty Stevenson doling out the lyrics to a slow blues number. Either end is worth watching.

"THE GRAPE VINE" (2:22)

"NO ONE ELSE COULD BE" (2:42)

LUCKY MILLINDER ORCHESTRA  
(King 4476)

● The popular Lucky Millinder orchestra cut themselves a real fast tune. With Melvin Moore handling the lyrics in an able manner, the crew turns out a good side. The under level offers a grand duet between Melvin and Annisteen Allen as they glide through a lovely ballad. The top end may break out.

"I TRIED" (2:55)

"I RULE MY HOUSE" (2:45)

CHUCK WILLIS  
(Okeh 6810)

● A slow and draggy blues item is dished up by Chuck Willis on the upper half. It's a typical blues number that gets a satisfactory going over by Chuck. The lower lid is a loud, driving blues tune that gets a strong orchestration backing. Ops might have a peek.

"GOD IS ON OUR SIDE" (2:43)

"I'M A SOLDIER" (2:45)

GAY SISTERS  
(Sovoy 4027)

● The Gay Sisters present a pair of spiritual numbers. The first half is a slower type tune while the second end is one of those fast moving, loud sounding things. Both lids are delivered in a style typical of these chants. Ops who are in the right locations have a good disk here.

## National Disk Jockey Week Gains Momentum

NEW YORK—The entire United States will acknowledge August 20th to 26th that "records offer your best entertainment."

For it's National Disk Jockey Week with salutes being offered to the country's 11,750 record spinners. Governor Paul A. Dever, of Massachusetts, at the behest of Norman Prescott, WORL. Boston, has proclaimed it National Disk Jockey Week throughout that state.

James A. Rhodes, Mayor of Columbus, Ohio, not only issued a proclamation acclaiming the Week but is throwing a dinner at the Deshler-Wallick Hotel there for the city's 22 disk jockeys and their families on Friday,

August 24th. In addition, Mayor Rhodes will have a special disk jockey flight in the National Caddie Tournament, with a special trophy for the disk jockey with the best score.

The honorary committee for the Week, headed by Senator Homer Capehart, of Indiana, and Marvin L. Kline, executive director of the Sister Kenny Foundation, reports that the enthusiasm resulting from the d.j.'s following has snowballed and made the Week a sincere tribute from the record fans of the country.

Eddie Jaffe, publicity director, confirms the fact that just a small amount of promotion was necessary for the Week to gain more momentum.

## THE CASH BOX

# "Folk" and "Western" Record Reviews

"YOUR LOCKET IS MY BROKEN HEART" (2:45)  
"UNWANTED SIGN UPON YOUR HEART" (2:20)

HANK SNOW  
(RCA Victor 21-0498; 48-0498)

HANK SNOW

● Just like "old man river", Hank Snow just keeps rolling along. Here is another wonderful sounding ballad that should easily do it. Titled "Your Locket Is My Broken Heart", this tune is destined to reach the top under the guiding influence of

Hank's warbling. It's a sad yet pretty ditty into which he pours lots of feeling which makes it even more appealing. The band gives this side a further push with a fine musical backdrop. This is the platter that should continue that steady stream of coin into the boxes just as most of Hank's disks have done before. The lower end is a change of pace in the form of a fast and lively tune. The melody is very catchy and with another fine job turned in by Hank and the boys this half can also come through. It's the upper level that should do it and ops are advised to get with it fast.

"IF I CAN'T HAVE YOU" (2:40)

"OUT OF MONEY, OUT OF PLACE, OUT OF STYLE" (2:30)

JIMMY WALKER  
(Intro 6024)

● A pair of pleasant sounding tunes are whipped up by Jimmy Walker. Both ends get fine vocals from Jimmy while the band supplies some fitting musical backdrops for each half. The top deck is slow while the other side is done with a bouncy beat. Ops should give this disk a once over.

"ALARM CLOCK BOOGIE" (2:30)

"CHEW TOBACCO RAG" (2:35)

BILLY BRIGGS  
(Columbia 20846)

● Billy Briggs warbles his way through a pair of novelty type numbers. The first end has all the necessary sound effects of an alarm clock and when put to music it comes out as a cute ditty. The second side is done with a boogie beat and is also turned out in a humorous style. Ops in need of such material have a good one here.

"NO GOOD WITHOUT YOU" (2:42)

"YEAR AFTER YEAR" (2:14)

TOMMY SOSEBEE  
(Coral 64102)

● Tommy Sosebee delivers a grand vocal to a very pretty ballad. Tommy's easy going and smooth delivery makes this a tune to be reckoned with. The lower level is another listenable ballad that gets equally fine treatment from Tommy and the band. Ops are advised to watch this one closely.

"THE ARM OF GOD" (2:47)

"HE'LL COME LIKE A THIEF IN THE NIGHT" (2:42)

JIMMY OSBORNE  
(King 971)

● The upper end is a bouncy thing with an infectious tune that may easily take off. Jimmy Osborne pours out the clever lyrics in a wonderful manner. The under lid is pleasant number that gets a good string backing to go along with Jimmy's vocal. Ops can't afford to miss this one.

"BALL AND CHAIN BOOGIE" (2:54)

"MEMORIES OF MOCKIN' BIRD HILL" (2:39)

MERVIN SHINER  
(Decca 46345)

● Here is a hard hitting boogie beat that is carried through by Merv Shiner. Both vocal and instrumental backing help set this number in the proper mood. The bottom end is a recent success that has been given a new face with some clever new lyrics. Watch that lower side carefully.

"DOWN YONDER" (2:20)

"SWEET BUNCH OF DAISIES, OVER THE WAVES, MEDLEY" (2:40)

EDDIE SMITH  
(King 986)

● A couple of piano playing sides are offered here by the fine pianist Eddie Smith. The top level is a fast moving tune that Eddie really tears into. The lower deck is a waltz number that is done with a piano roll effect and this side too comes out as a listenable end. Ops in the market for some good material oughta listen in.

"WALTZING BY THE OHIO" (2:37)

"MY BABY LIED TO ME" (2:59)

GEORGE MORGAN  
(Columbia 20850)

● A waltz tune is presented on the top half by George Morgan. This tune has the potentials needed to make a run for the money. George gives it a fine going over to help it to success. The second side is a slow number that is also given first rate treatment. Ops should have a big one on the upper lid.

"I CAN'T TAKE NO MORE" (2:23)

"MY HOME IN TENNESSEE" (2:54)

JOHNNY WHITE & THE RHYTHM RIDERS  
(Citation 102)

● Johnny White and his Rhythm Riders, with a vocal assistance by Skeets McDonald, present a fair rendition of a slow moving tune. The bottom lid offers Skeets McDonald and Benny Walker with some fine harmony of a slow listenable song. Ops oughta take a peek in.

## Lombardo — Winner And Still Champ

RED BANK, N. J.—Guy Lombardo won the National Sweepstakes for the third time on Sunday August 12.

Making a perfect total of 800 points for the \$3,000 sweepstakes prize, Lombardo beat out three other contestants in the final heat with his boat, the Tempo VI.

After the race, the Lombardo craft was in danger for a few minutes when it caught fire in front of the judges' barge. Coast guard patrol craft converged on the boat with fire fighting apparatus, but Lombardo tossed off his life jacket and had the blaze smothered before the rescuers arrived.

Winning races is an old story to Lombardo. The band leader, prior to this meet, had won the International Gold Cup, the Glenn L. Martin Hydroplane Race, two previous National Sweepstakes, the Henry Ford Memorial Race and the Star Spangled Banner Race for Gold Cuppers.

## RCA-Victor Outlines Fall-Winter Program

NEW YORK—Details of a major six-months selling program designed to exploit the RCA Victor's fall-winter record merchandise were given to the company's dealers last week at a series of meetings held by RCA Victor distributors. The dealer meetings followed a coast-to-coast schedule of distributor meetings at which the program was blueprinted by RCA Victor Record Department executives.

Major points of the company's new fall-winter sales program, as outlined to the dealers, are consolidation of RCA Victor's currently strong position on popular records; a "101 Best-sellers" inventory maintenance program; including a 100 per cent exchange plan on this merchandise; a "new release" inventory and promotion plan; and expansion of RCA Victor's strong push in the children's record market.

The "new release" stocking and promotion plan, which will include the listing of all new RCA Victor releases for the balance of 1951, offers a dealer incentive for early ordering of this merchandise. This consists of a free permanent display rack and a three-speed booth demonstrator. Preview kits will also be provided to highlight new merchandise for dealers.

A further objective of the meetings held last week is the expansion of the market for rhythm and blues merchandise, based on the company's detailed study of this field.

## Permo Issues Picture Souvenir of NAMM Meet

CHICAGO, ILL.—Permo, Inc., manufacturers of Fidelitone phonograph needles, recently mailed more than 22,000 of its NAMM Convention Picture Souvenirs to music dealers and distributors all over the country.

A photographer was on the job at Permo's exhibit during the show, snapping distributors, dealers and recording artists as they paused to say hello.

The souvenir folder, laid out on a 17 x 22 sheet, includes more than sixty of these pictures and it is not designed as advertising matter. It is just what the name implies—a picture souvenir—and it should be of interest to everyone in the music business.

The souvenirs have been sent in quantity to Fidelitone distributors and extra copies may be obtained from them.

Permo will gladly send a photograph, upon request, to anyone whose picture appears in the folder.

## Luth Out At Paramount

NEW YORK—In a reorganization move at Paramount Music Publishing, professional manager Murray Luth left after 21 years with the firm with the exception of a 7 month stint in the army. Larry Shayne, west coast rep, comes to N. Y. to take over.

Luth started as a counter boy in 1930 and became a plugger in 1943. Among the tunes he helped promote were "To Each His Own," "Golden Earrings," "I Don't Care If The Sun Don't Shine," "Mona Lisa" and the current "In The Cool, Cool, Cool Of the Evening."

Several prospects are in the fire for Luth and he is also considering going into business for himself.

## Bill Lawrence Released From Army

NEW YORK—Singer Bill Lawrence, who established quite a name for himself on CBS-TV's "Arthur Godfrey and his Friends" before his career was nipped in the bud by Uncle Sam last February, is now back in show business. He has just been released from the Army for medical reasons and will resume his career with a string of one nighters before returning to TV.

# MFERS TO ASK ADVANCE GUARANTEE

**Are Trying their Best to Produce New Machines Regardless of All Labor and Materials Difficulties With Which They are Faced. At the Same Time Most Plants Being Tied Up With More and More Defense Work. Plan to Ask Distributors for Advance Commitments With Cash Deposits Before Putting New Machines on Production Lines in Quantity. Majority Very Gloomy Over Future Production of New Equipment.**

CHICAGO — Warnings issued by this publication regarding future production cuts, as well as lack of new equipment, beginning with the fourth quarter of '51 and continuing thruout 1952 are now coming to a head.

Manufacturers here are trying to continue to produce new machines.

They are faced with dozens of almost impossible-to-cure headaches. They can't get deliveries of components anywhere near specified dates.

They certainly can't fabricate the small portion of materials which they do obtain from the National Production Authority beyond their quota figures so that they may have these fabricated parts ready.

In addition to all these headaches which the manufacturers are undergoing at this time, more and more defense work is suddenly flooding into their plants.

They are now in the position of the man who wants to fight, but, whose arms are tied behind him.

The majority of the factories that have large defense work contracts find that their machine shops are tied up, and working on an around-the-clock basis.

This makes it almost impossible to fabricate the few parts they need for their normal, domestic products.

Yet, they seem to somehow overcome even this difficulty, only to run into others, which stymie them.

They can't use this and they can't use that. They must find substitutes for everything else.

So they call in plants that have been begging them for years to do some component manufacturing. They are told that "maybe", "if", and "perhaps", they may "sometime in the future" (and when that is, they just aren't told) get delivery of what they've ordered.

One manufacturer reports that he was held up from introducing his newest product for "over a year", until he was able to get "some delivery" of one of the most important components that go into that product.

Most worried of all are the amusement games manufacturers. They have the biggest headache to face. Even after pre-testing games in certain areas they are not sure that all other territories will take to the game.

This means that they may start into production, use up the few valuable critical materials on their quota, and then find themselves with a "flop" on their hands.

This would then mean tearing the games apart, rebuilding them into something else, and once again trying to meet with what the operators need to assure themselves greater earn-

ing capacity. A definite double expense.

Rather than take such chances (go thru the double expense of building and then tearing apart) there are some manufacturers here who are planning to work out a system of distributor commitments.

This means that the distributors will have to commit themselves in advance for any new game. All that they will probably receive may be just a hand-built sample.

It will be up to them to decide whether they can use the game. If they feel that they can sell the machine then they will be asked to make a bona-fide commitment in advance for whatever they will need, with a cash deposit for each machine, applicable to the balance of the order.

In this way, these manufacturers believe, they will not be cutting up valuable rationed quota critical materials and will, at least, have some plan of production to work with, to cut into their present defense production.

As one manufacturer stated, "It's plenty tough right at this minute, and getting tougher every day, to even think of building new games. Unless the distributors work with us and arrange to let us know, in advance of volume production, just what they can and will use and commit themselves to take what they order, by advancing a certain stipulated amount of cash on each machine, there is no use of our going ahead and cutting up valuable, quota-critical-materials and then find ourselves with a batch of games on hand."

## Rock-Ola Mexican Distributor Rebuilds After Fire

MEXICO CITY, D. F., MEXICO—David Romero, distributor of Rock-Ola phonographs here, was prevented from attending the showing of the new Rock-Ola '52-50 Super Rocket phonograph in Chicago due to a fire which practically destroyed his assembly line.

In meeting with regulations in effect here, Romero has to have his own cabinets built for the Rock-Ola phonograph, and then assembles the phono from the parts he received from the Rock-Ola Manufacturing Corporation factory from Chicago.

By quick action, Romero has now rebuilt his assembly line, with many new improvements to speed production and is working ahead as fast as possible to fill orders for the new Rock-Ola "'52-50 Super Rocket" phonograph.

## George A. Miller To Speak At Midwest Coin Machine Show

GEORGE A. MILLER

OMAHA, NEBR. — Harold Klein, publicity chairman of the Midwest Coin Machine Show to be held in this

city at the Paxton Hotel, October 15 and 16, reported this past week that George A. Miller, president of Music Operators of America, Inc., whose headquarters are in Oakland, Calif. advised him that he would speak at the Midwest Coin Machine Show.

Klein also reported, "There are hundreds of midwestern operators who haven't heard George A. Miller of M. O. A. speak.

"There is no doubt in my mind", he continued, "that not only will they be impressed with what Miller will have to tell them, but, more than anything else, they will gain much from his great knowledge of the automatic music industry."

Miller will be known as guest speaker for this big Midwest Coin Machine Show.

His acceptance was considered a triumph for this show, by Harold Klein, who also reports:

"All officers of the six state associations who are sponsoring the Midwest Coin Machine Show are absolutely thrilled over the fact that George A. Miller has accepted and will be our guest speaker at this two day convention here in Omaha."

## Williams Mfg. Co. Working Full Speed To Meet Orders

W. J. (BILL) RYAN

CHICAGO — Bill Ryan, general sales manager for Williams Manufacturing Company, this city, reported this past week "We are working right ahead in an attempt to fill all orders

for our sensational 'Hayburners' game.

"The fact is", he continued, "orders increase each day and these throw us behind our delivery schedules. But, you can assure everyone of our distributors, as well as everyone of their operator-customers, that we shall soon catch up.

"We are adding on more help and we are working ahead just as fast as we can to take care of the orders we are getting each day."

Williams "Hayburners" game has clicked almost everywhere in the nation, Ryan stated, and executives of the firm are thrilled at the great reception the game has received.

"We are doing our best", Ryan said, "to take care of every single order that comes into our factory.

"We aren't magicians. The operators, as well as our distributors, must realize that with materials and labor problems confronting us, and with the further fact that orders simply keep pouring in, regardless of the backlog already accumulated, we are doing a trojan job getting out 'Hayburners' as fast as we are."

## Geo. A. Miller To Seek Clarification On OPS Regulation

OAKLAND, CALIF. — George A. Miller, state president of the California Music Guild, and president of MOA, has advised the members of the California Music Guild to refrain from putting service charges into effect, over and above the cost of operation that differ with those as of December 19, 1950. He has also advised them to refrain from changing any of their phonos over to 10c play until such time as they have permission to make such adjustments from the OPS.

"It was the opinion of most of the operators of the nation and especially those of the California Music Guild that the automatic phonograph business was exempt" stated Miller, "but we find that was an error and consequently plans have been made to correct the misunderstanding and to make adjustments with OPS officials in Washington, D. C.

"Harrison W. Call, attorney for the California Music Guild, has made two trips to Washington regarding this matter. Call and myself are covering the entire territory in California obtaining financial statements from the various operators to show that it is absolutely unprofitable for a music merchant to continue to operate an automatic phonograph on 5c play, or without having a service charge over and above the cost of operation which is set up under the Unfair Trade Practices Act. As soon as this information is obtained, Call will be in Washington to further confer with top officials of OPS.

"Music operators met in Oakland Tuesday, August 7; Fresno on Monday, August 13; Bakersfield on Tues-

day, August 14; and on Wednesday, August 15 the attorney and officials of the association met with the secretary of the State Tavern Owners Association in Los Angeles. Meetings were to discuss this particular problem."

## Approaching Football Season Reflects In Increased Orders For Como's "Stadium"

CHICAGO—With the fast approaching football season, and the newspapers full of football news, particularly about the "All-Star" game and professional activity, orders for Como Manufacturing Corporation's "Stadium" game have made it necessary to increase their help in all departments, according to Carl Knippel.

"Stadium" is a novelty game with a football theme. Backboard is very colorful with pennants showing all the various bowl games and the action on the playfield and backglass is very exciting.

"Stadium" was created especially to capitalize on the great interest in football of the general public throughout the nation" stated Knippel. "It is very evident at this time that this interest has reached the operator and is reflected in their increased orders."

## Keeney Putting "Match Bowler" And "4-Way Bowler" Back In Production

CHICAGO—Roy McGinnis of J. H. Keeney & Company, Inc., this city, reported this past week that the firm is getting ready to put its well known shuffleboard conversions, "Match Bowler" and "4-Way Bowler" back into production because of the great demand for these units.

Demand continued to grow to the point where the firm has been deluged with calls from almost everywhere in the country asking for immediate shipments of the "Match Bowler" and "4-Way Bowler" conversion units.

"Match Bowler" is a rebound unit built for the 12 foot cushion boards

and clicked with ops almost everywhere in the country.

The "4-Way-Bowler" unit is for the 18 foot, 20 foot and 24 foot shuffleboards and has the puck return feature.

"With demand increasing to the point where we get several long distance phone calls every day," McGinnis stated, "we have decided to put our 'Match Bowler' and '4-Way Bowler' back into production.

"Distributors, jobbers and operators have been phoning our factory asking for quick deliveries. Reports indicate that both units will probably hit new production high marks."

### CALIFORNIA CLIPPINGS

Don't remember whether we were so advised in a short story class or in a pre-marital drive-in theatre, but the advice was "why not try some dialogue?" . . . So here goes: SCENE: Our Happy Home. CHARACTERS: US and the Little Woman. TIME: Last Night (as of this writing) . . . LITTLE WOMAN: So, you were due to punch in at 6:30 p.m. It's now after 9, and don't give me that "Sparrow in the Treetop" routine. Start talking . . . US: Nothing to do with a sparrow or a treetop. It was "Shuffle-Line" . . . LITTLE WOMAN: What kind of a line is that? So you were out dancing, eh? . . . US: No. It's just a bright lights high score game . . . LITTLE WOMAN: Oh, so now it's bright lights, and a game. Just who were you playing this game with? . . . US: You know Lucille Laymon, that very attractive blonde I've told you about, and . . . LITTLE WOMAN: And nothing. Even if Paul Laymon was there, I don't believe you were just standing around his place for two hours playing a shuffle game. Go ahead, tell me it was in the line of duty. Just testing. How come the slight but perceptible scent of Scotch on your breath? You're not writing for a trade magazine in the distillery business . . . US: The Scotch is all Charlie Daniels' fault. Also playing him and he plied us with drink just so he could lick us. . . . LITTLE WOMAN: Aww, go eat your supper, cold. I might believe your yarn if you sent me a notarized note to such effect signed by Paul and Lucille Laymon, Charlie Daniels and the guy who makes the "Shuffle-Line" game . . . End dialogue.

Bally's "Shuffle-Line," with or without dialogue, is just about the finest action, holding interest, keen competition game we've yet seen. . . . Able to go all over, this is one game that should bring back some good old days to ops if they just back the game up. . . . For our money, it has all the skill appeal of a shuffle board plus the liveliest yet simplest scoring action ever found on any of the mechanical games. . . . The Laymons (we beat both of 'em, but not Charlie Daniels) predict another Kingsize hit in Bally's jumbo "Futurity," expected in any day. . . . Could alibi the reason we didn't lick Charlie was his celebrating a 17th wedding anniversary. . . . Must have been a child bride 'cause he doesn't look but a few years older than that. . . . Jack Simon had some visitors over at Sicking Distribs in his nephew Bob Charran and wife, seeing the town while on vacation from Sicking in Indianapolis. Jack tells us business the past week was the best in some time. . . . Another report of business being on the upgrade, at least for ops in the San Bernardino and Pomona region, came from Jim Wilkins, Laymon's outside salesman.

Back from an extended trip to Mexico City, the Panama Canal Zone, etc. via New York were Lompoc operator Norman Christ and wife, who report they had a great time but were plenty glad and thrilled to see the Statue of Liberty standing there in New York Harbor. . . . Local operator Pete Pellegrino is recovering from a recent accident. . . . Dropping in on the Laymons and her other old friends along the Row was Mrs. Phil Brown of Bakersfield, her first trip in some time. . . . Vacationers included Ray Hanlin of the S & A Novelty Co. from San Bernardino and Sid Snyder of the same firm, who's vacationing weekly at his beach house. . . . On the Kow: Bakersfield's Fred Allen and Wm. Schafer. . . . Jim Murphy of Inyokern. . . . Long Beach's Todd Faulkner. . . . Ken Ferrier of Ventura. . . . John Huntsman from Porterville. . . . Visalia's Ivan Wilcox. . . . Alan McMahan of San Jacinto. . . . E. J. Locke of Inglewood. . . . El Monte's Jack Woods. . . . Johnny Ketchersid from Artesia. . . . Jack Johnson of Bellflower. . . . Lloyd Saunders and Pete Shupe of Southgate. . . . San Pedro's Marvin Farr.

### MINNEAPOLIS, MINN.

The operators in this territory have been experiencing some very unusually bad weather which in no way has helped the take in the coin machines. . . . Mike Young of Soldiers Grove, Wis., not only was hard hit by one flash flood, but suffered the results of another flash flood in his territory a week later. We certainly hope that the sun will shine for Mike from now on. . . . Some of the operators who made the trip into the twin cities during the week were: John Howe of Foley; Pete Wornson of Mankato; Hank Krueger of Fairfax, and Frank Major of Grand Rapids. Also in town to pick up supplies and equipment were: John Galep of Menomonie, Wis.; John MacMahon, Eau Claire, Wis.; Glen Rackliff of Superior, Wis., and C. B. Sersen of St. Cloud, Minn.

Harry Lerner, well known Minneapolis operator spent a few days with his wife at Breezy Point in northern Minnesota. While there, Harry managed to get in one good game of golf with Lew Reuben of Lieberman Music Company. . . . Irene Lake of Lieberman Music Company is vacationing in Chicago. . . . Lisa Kirk, popular recording artist for RCA Victor, currently appearing at the Radisson Hotel, has been drawing such large crowds that she has been held over for an extra week. . . . Some of the other operators who were seen in town at the various distributors and recording houses were: Quinton Haroldsen, Northwood, N. D.; Gordon Dunn, Mooselake; Oscar Sunden, Montevideo; Pete Vanderhyde, Dodge Center; Ray and Don Kohner, Winona; William Hunder, Wheaton, and Gabby Cluseau, Grand Rapids. . . . Mr. and Mrs. Earl Porter, M & M Music Company, Huron, S. D., are the proud parents of a baby girl. . . . Dave Chapman, Minneapolis operator, has been seen around town with a long face these days. He's worried when he will have to mow the lawn around his new home.

De Selm also stated, "Tho we are trying our best to catch up with all the orders we have received for our 'Six Player Shuffle Alley' and have added another full day's working production, we are still falling behind."

"We want to take this opportunity," he stated, "to ask everyone to have patience. We will get their shipments to them just as fast as we possibly can."

DeSelm also said that orders for "3-4-5" and for "A-B-C" continued to jam the factory at the same time and, therefore, are causing some delays in deliveries of the "Six Player Shuffle Alley."

"The operators know," DeSelm reports, "that we will work right around the clock, if necessary, six full days each week, to meet their orders."

**Rock-Ola Names New Distributors For Baltimore & Syracuse**

CHICAGO—J. A. (Art) Weinand, vice-president and general sales manager of Rock-Ola Manufacturing Corporation, this city, announced this past week that the firm had named two new distributors.

For Baltimore, Md., Dave Ducap and Morris Silverberg of Merit Music Company will now represent Rock-Ola Manufacturing starting with the new Rock-Ola Super '52-50 Rocket and the new wall and bar boxes. Both men are well known to ops in this territory and both are enthusiastic over the new Rock-Ola line.

For Syracuse, N. Y., Cliff Bailie has been named distributor. He will work from his present quarters at 131 North Onandaga St., this city. Cliff is well known to all music ops and represented Rock-Ola phonos for many years. He's very enthusiastic over the new Model 1434 and believes that this phono will show the way in his area.

**Conn. State Phono Assn. Meets**

NEW HAVEN, CONN.—Abe Fish, president of the Connecticut State Music Association, presided over the organization's meeting on August 9, held at the Hotel Garde, this city. More than forty five members were on hand.

Fred Fuest of Madison, Conn. was welcomed into the association.

Several plans for the future were voted. The date for the next meeting was approved for Thursday, September 13. The organization will join in a "Clambake" on Sunday, August 24 at New Haven. Plans were prepared for a Fall dinner and dance. Mac Perlman of Hartford and Frank Marks of New London were selected to serve as the committee.

**EASTERN FLASHES**

The hot weather continued this week, but even worse than the temperature was the humidity, which at times was 100%. Strange as it may seem, this weather wasn't a deterrent to business along coinrow, which enjoyed one of the best weeks of the summer. Both games and music, new and used, were being sold, according to the reports of the wholesalers. Operators, who were on the street in larger numbers than for many days in the past, reported collections were holding up nicely.

One of the reasons for increased attendance along coinrow was the Bally Service School sessions being held at Runyon Sales Company. Bob Breither, Bally engineer, was on hand Tuesday and Wednesday, August 14 and 15, demonstrating Bally's "Shuffle-Line"—which, by the way, is taking hold here very well. Bob held similar sessions at Runyon's Newark, N. J., offices on Thursday and Friday, August 16 and 17. On Monday and Tuesday, August 20 and 21, Breither will conduct service sessions at Redd Distributing Company, Boston, Mass. . . . Barney (Shugy) Sugerman, Runyon's chief, was unable to be on hand for these classes. Shugy had returned to the office on Monday from a vacation in the Catskill Mountains, but had to leave the office immediately on business. . . . Visiting the big city this week were coinmen from North and South. Moe Fine, Roxy Vending Company, Montreal, Canada, was on the street with Jack Mitnick, regional representative for AMI. . . . From the South, we had Ben Rosental of Bolivar Radio, AMI distributor in Mexico. Rosental stopped off here for several days, prior to moving on to Chicago. Before returning south of the border, Ben will stop off at the AMI plant in Grand Rapids. . . . Jack Mitnick wants to set the records right. "Yes, I was at Willie Blatt's in Miami," stated Jack, "but, I did not get into a 'gin' game with my friends there. If I had, I'm afraid it would have been disastrous for those southern boys."

We were extremely sorry to hear of the death of Jack Schwartz of Quebec Coin Machine Company, Montreal, Canada. Jack was one of the pioneer coinmen in Canada and was held in high esteem by all who knew him or had dealings with him. Schwartz died suddenly of a heart attack on Friday, August 10. He was 54 years old. He leaves a wife, two children, and three brothers. . . . Well, it finally happened—Hymie Koepfel of Koepfel Distributing Co., took a vacation. Hymie and his missus will spend 10 days driving thru New York State. Brother Harry, who had to handle all the business himself, promises he'll take off when Hymie returns. . . . Joe Young, Young Distributing (Wurlitzer distributors) reports the finest week of sales on Wurlitzer's 1400 phono. When you consider Joe has had many nice selling weeks since the introduction of the 1400, this week must have been a corker. Andre Eschaverra, export manager for Young, also exceptionally busy with export orders of used phonos. . . . Mike Munves, back from his week's vacation in the country, says he wishes he didn't have to come back. He's still busy shipping games to foreign countries. . . . Irv Kaye, Brooklyn games operator, a visitor on coinrow. Looks great. . . . Joe Hirsch, manager of the games association, who returned to work last week, after his serious illness, working as hard as ever. "I just have to keep myself continuously occupied," smiles Joe.

Dave Lowy, Dave Lowy & Company, another of the wholesalers, who's been kept on the go. Dave reports fine increase in the sales of used games. . . . Helen Sommerman, Al Simon's secretary, one of the most efficient in the business. With Al away from the office a good deal, she keeps the organization running smooth as silk. . . . Herb Gorman from Taran Distributing Company's Jacksonville, Fla., office in town with his missus—vacationing. . . . George Ponser, president of the games association, visiting the wholesalers along coinrow. . . . Dave Stern, Tom Burke and the entire Seacoast Distributors staff, playing host to music operators on Tuesday and Wednesday, August 21 and 22, when they will introduce the new Rock-Ola Super Rocket '52-50 to the trade. . . . Bill Schwartz resigned from Hirsh Coin Machine Corp., Washington, D. C., according to an announcement by Hirsh de LaViez. Bill was with Hirsh for 5 years. He also was the executive secretary of the Washington Music Guild up to a few months ago.

**DALLAS DOINGS**

Our hats are off to Roy Hyatt of Wichita Novelty Company in Wichita Falls who pioneered the dime play coin machine in his area. Roy's pioneering is paying off—but good, we understand. He is netting twenty-five to thirty percent over what he had been before the advent of dime play. We wonder who else will follow suit. . . . Tom Haseloff of Quanah Music in Quanah is grateful for the rain which saved the cotton crop in his section of Texas. When the cotton crop is good, business is good. . . . Over Amarillo way, T. F. Moore and J. Clyde Bell are adding new machines to their routes. . . . A. H. Hodges had a heart attack last week but now, we understand, he is doing all right. . . . Business is so good for Clark Richardson of Dumas that he is figuring on buying another juke box route. . . . H. P. Harrison of Pampa is back on the job after a successful fishing trip. He came home with a nice long string of cat fish.

Bill Sheffield with his 300 machine route, which extends far and wide, reports that business is on the up grade for him too. To make a service call he has to travel 125 miles. . . . Bill Helms of Childress has packed all his troubles in a big old suit case and is on his way to Old Mexico for a ten day vacation. . . . We understand that Frank Emerson's 13-year-old nephew had a heat stroke and died this week in a Greenville hospital. Our sympathy to you, Mr. Emerson. . . . George Prock of General Distributing Company has just returned from a flying trip to Houston. Mrs. Audrey Hunter, who works for Prock, reports that her husband, Bob, has just recovered from a minor operation. From the pain involved, Bob doubts that the operation was actually minor. . . . J. T. Stewart of Gregg Novelty in Longview is on a fishing trip to Galveston. During his absence, Mrs. Stewart is taking charge of things. . . . Dallasites get only a temporary break in the above 100-degree weather this week. Three drops of rain fell and cooled things off—down to 99.

## CHICAGO CHATTER

Statements which have appeared in some tavern magazines seem to have upset some juke box ops. Their attention to these statements, regarding O.P.S. (Office of Price Stabilization) holding down the cost of juke box play, was shown them by tavern locations. Whether 10c, 25c or 50c per play, juke boxes do not effect the cost of living and, especially, do not halt high scale defense production. In fact, "entertainers" are exempted from all price control, as appears in O.P.S. General Overriding Regulation 14. Certainly juke boxes can be classified as "entertainers" and placed on exempted list. . . . Permo turned out a very effective circular of pics taken at the NAMM (National Assn. of Music Merchants) show at the Palmer House. Many music ops appear in the pictures for many juke box men are record distribbers and also own record and musical instrument stores. Jack Baker sent us some copies. Sherman Pate's letter to the music dealers in this folder was certainly warm and inviting. Gail Carter was his usual handsome self on many of the pics. Also the smiling Bert (Shapiro) Davidson. . . . Nate Gottlieb telling us about Eagle Waters Resort in the Eagle River, Wis. country. Now that Shelley is back home, the Nate Gottlieb household has settled down. . . . Bill FitzGerald of AMI has become well acquainted with outstanding recording artists and was thrilled to find them such very swell people. . . . The C.J.A. (Combined Jewish Appeal) dinner at the Standard Club for the amusements division, of which Sam Lewis of Chicoin heads the coin machine fraternity here, was a very fine and outstand affair. Sam hopes to surpass last year's donations.

George Jenkins says it this way, "When the going gets rough they come to the old timers for new angles." No truer words spoken. . . . Many a tavern owner reported to be crying in his own beer over biz drop. He should, because of this, demand 10c play. . . . United's factory picnic this past Satty at the Village Inn Grove, Crawford and Devon, found lots and lots of people present. Plenty of eats, drinks, fun, and what have you. The kids especially had a very great time. . . . Bill DeSalm reports that the United plant has added on a full sixth working day (Saturdays) to help them catch up with orders for their "Six Played Shuffle Alley" as well as "3-4-5" and "A-B-C." . . . Ray Riehl and Lyn Durant reported to have expanded their flying area. Seems the boys will now fly you not only from Belmont to Diversey, but from Belmont all the way downtown—but back again—there's no landing field in the Loop. . . . Aside to Muriel Casola: don't let Johnny hold you back from reading this column anymore. Lots of things appear here that Johnny won't tell. . . . George Dick advises that Mike Hammergren may soon be very active in a division of the plastics field. Seems Mike came across an item that has lots of sales possibilities. . . . Ben Coven received quite a few compliments this past week for his drive to get ops to institute 10c play. One op advised that tho he was skeptical at first, he now can thank Ben for helping him "see daylight again." Which is something any distrib is pleased and proud to hear. . . . Tom Callaghan still raving about the beautiful Caribe Hilton in San Juan, Puerto Rico. Even tho Tom is quite a rhumba and rhumbola as well as mambo dancer, most enjoyable was the climate and the beauty of the Island, according to Tommy. . . . Jack Nelson a very busy exec this past week. Returned from an eastern trip and tied up in sales meetings, working out ways and means to help supply distribbers with more Bally equipment. . . . Billy Ryan over at the Williams' plant advises that they are working just as fast as they can to meet the backlog of orders which have accumulated for "Hayburners." This game took strong hold and is getting bigger every day.

J. Leonard Smith of Rock Island worried about O.P.S. Leonard should read the two page editorial in this issue analyzing O.P.S. regulations. . . . HAPPY BIRTHDAY THIS WEEK TO: Harry Hurvich, Birmingham, Ala. (Tues.) and Bill Marmer, Cincinnati, O. (Sat.). . . . Never saw anyone busier than Frank Mercuri, Exhibit's salesman, phoning 'round the nation trying to help out distribbers begging for more "Gun Patrols," "Six Shooters" and, especially, the Exhibit horses. These latter have become among the most outstanding products ever yet featured by Exhibits. . . . H. F. (Denny) Dennison reports that he is ready to sell his "Lucky Wishing Wells." . . . R. R. (Rudy) Greenbaum a long, long way from coinbiz these days. Now with Time Petroleum Co., Wichita, Kans. . . . Harold Edwards of Joe Peskin's Universal outfit and Al Chapman of Decca Records in a huddle over what tunes are most tuneful. . . . Raymond Williams of Dallas and Fletcher Blalock of New Orleans in the Bismarck Hotel lounge. . . . Others seen there that evening: George Dick, Mike Hammergren, Hugh McGarrity and his dad, C. E. McGarrity, and Bill Bye of Kansas City. . . . Interesting new issues of "Bally-Who." . . . Lots of credit to Herb Jones for his editorship. . . . Joe Abraham of Lake City Amuse. Co., Cleveland, in town this past week and harder than anything to catch up with. Joe simply whizzed around the town. Getting advance dope for his forthcoming big, official opening of new building in Cleveland. . . . Noted juke box ops present to meet Dinah Shore at cocktail party she gave for the guys and gals of the phono business. . . . Ray Cunliffe who heads Chicago ops' association arranging to work out plan for continued dime play action.

Vince Shay dashes down to southern Illinois to mix business with vacation. . . . Herb Perkins advises that his premium biz has jumped away up. He's redecorating his offices and taking advantage of large warehouse space to stock all his needs. . . . Oscar Schultz has developed a new philosophy (and he didn't get it in the the shvitzbood), "Worrying doesn't solve any problems," says Oscar. . . . Clayton Nemeroff and Charley Pieri of Monarch working at makeshift desks while the movers keep right on moving in their merchandise from their old quarters. It'll be some weeks before they're fully settled, they believe. . . . Art Weinand over at Rock-Ola gets a kick out of old pic showing David C. Rockola with Dizzy Dean. This was taken 'way back in the days of the "World Series." What's most interesting is that many of these games still around bringing in the shekels for many an op and arcade owner.

## MIAMI MURMURS

Bob Weller, who takes care of Bert Lane's "Cue Ball" games, hied himself away on a vacation. "But," Bob said on his return, "Am I glad to get back to Miami." . . . Mr. and Mrs. Sims of Panamusica, Panama, flew into town and were met at the airport by Mr. and Mrs. Wm. Blatt. The Blatts entertained the Sims at the Embers, one of Miami Beach's best known eating spots, and saw some of the nite spots with them. Mr. Sims reported, "I find 'The Cash Box' the finest magazine for any coin machine man. It gives me all the information I need. What's more, it helps every operator better understand this business." . . . Operators hopeful that the new A.M.O. Association will become an important and strong factor in the business here. Duke Luker, temporary chairman of the executive committee and Keith Nelson, temporary secretary, called the first organizing meet. It was held at the Biscayne Terrace Hotel for the purpose of electing permanent officers. Part of the first mimeographed letter read: "If you do not attend, you will possibly regret it, as this association is for the benefit of ALL operators." . . . Haven't seen E'i Ross or Sam Taran lately but hear that they are, as per usual, doing a very fine distributing business. . . . Ted Bush and Ozzie Truppman are doing great with phono deals. Just can't hold these guys down for a minute. . . . Expect to see more of Dave Stern around Miami this Fall and Winter. Hear that Dave is going to give special attention to the music route.

**THIS WEEK'S USED MACHINE QUOTATIONS**

**How To Use "The Confidential Price Lists"**

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists", rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price.

**EXPLANATION**

- 1. Prices UP
- 2. Prices DOWN
- 3. Prices UP and DOWN
- 4. No change from Last Week
- 5. No quotations Last 2 to 4 Weeks
- 6. No quotations 4 Weeks or Longer
- 7. Machines Just Added
