Urge NAMA, MOA, CMI, Run Shows Same Week Same City. Cut Expense. Bring Big Crowds. Exhibitors and Trade

Leaders Agree With THE CASH BOX "All Shows Same Week" Plan As happened back in May, 1950, The Cash Box

once again urges all the national trade associations of coin machine men, NAMA (National Automatic Merchandising Assn.), MOA (Music Operators of America, Inc.), and CMI (Coin Machine Industries, Inc.)-now that CMI, too, has announced it will hold a big, national convention at the Hotel Sherman, Chicago, February 4, 5 and 6, 1952-that all shows be held the same week.

There's no need to involve the average exhibitor, operator, jobber and distributor in doubled and tripled expense.

There is no logical reason for attempting to make people come to one show one month, another show the next month, and still another the following month.

The Cash Box suggested to trade leaders, heads of organizations, and many of the largest exhibitors an "All Shows Same Week" plan. This met with instant approval.

These men, in turn, urged The Cash Box to publicize this plan.

They all agreed that it would be "the answer" to the present attendance and expense problem of exhibiting at more than one show.

Regardless of the fact that record manufacturers may want to display their wares exclusively at MOA (Music Operators of America) convention where they are meeting the audience they want, concentrated into one showing; and regardless of the fact that a manufacturer of vendors may want to only show his wares at the NAMA (National Automatic Merchandising Assn.) convention, because he feels that this is the logical place for his exhibit; the operators, themselves, because their routes are today so widely diversified, because of the fact that they operate vending machines and music equipment, as well as pinballs, shuffle games, and all other machines, can't stand the expense, nor have they the time to attend three shows.

Operators just can't afford to leave their businesses for three and four different weeks during the year. Even jobbers and distributors feel that they cannot leave their businesses for so many different weeks during the year to attend conventions of various equipment and, in most cases, meet many of the very same manufacturers displaying the same machines at the various shows.

As far as the manufacturers are concerned they, too, feel that this is an imposition upon them. The expense of exhibiting at various shows is very great. And regardless of how much the manufacturer likes to get together with the nation's coinmen at convention time, it gets to the point where expense exceeds good judgment.

October 27, 1951

Factories are upset for weeks at a time, before, during, and after a convention. Sales fall to nothing two and three weeks before a show.

During the exhibit the eutire factory staff is completely upset. Production and sales are at a standstill.

After the show, the meetings that are needed to decide on just waht to build, and when to get started, continue to keep the factories upset.

Whether NAMA will agree or not, whether MOA will or will not agree, whether CMI will or will not agree on certain principles, they should all agree on the fact that, because operators today have such diversified equipment routes, they will all benefit, if they will all hold their shows the same week, even at different hotels but in the same city.

Most certainly the leaders of each of the four large manufacturers' organizations in the coin machine industry are in agreement that they will all enjoy better business, and get greater attention for their exhibitors, if they will all feature their shows the same week in the same city.

Surely they agree that this will save the operators money, will save themselves great expense and will, in general, create much better sentiment thruout the entire trade to be present that one big week in whatever city is chosen. It will give the operator the opportunity of seeing every type of equipment during one big week of exhibits.

Since these big organizations, NAMA, MOA and CMI, can't seem to agree on general principle, at least let them agree, among themselves, in the spirit of economy, better business and finer public relations, to hold their shows the same week in the same city.

(Editor's Note: Since the writing of the above editorial, executives of CMI (Coin Machine Indus-tries. Iuc..) and (MOA Music Operators of America, Inc.) were contacted. Both these organizations are happy to go along with the "All Shows Same Week" plan of The Cash Box.

WHAT ABOUT IT NAMA? Are you, too, willing to save the great majority of your operators money Are you willing to hold your show the same week as MOA and CMI hold their shows and in the same city?

Here's a Slogan For The Record Industry:

The Cash Box is happy to note the formation of the Record Industry Association of America to deal with the common problems of all record manufacturers. It is an association which we have long advocated and one for which we knew there is a great need and use.

We would like to suggest that one of the first projects which the newly formed association should undertake is a program to bring to the attention of the people of this nation the advantages and benefits which they derive from recorded music.

A stimulating way in which this can be done is to adopt an industry wide slogan for a promotional campaign.

'Recorded Music Is The Best Music'' tells the industry's story clearly, succintly and to the point.

We who are associated with the record industry know that the best music is recorded music because only on records can an artist make one try after another until he gets what he believes is the perfect take. It's the best music because it's the highlight, the top mark of an artist's work. All inferior efforts can be eliminated; all bad sections can be deleted. Under modern recording methods it is literally true that the finished product is indeed the best that the artist can do.

But it is our business, the business of the record manufacturers, the business of the Record Industry Association of America to tell that story to the people of America so that they can better understand what it is they are getting when they put a coin into a juke box when they pay their money across a counter for a favorite record, when they listen to a disk jockey program.

It is our business to make it clear to them that through no other medium can they get the best music at the exact time they want it; through no other medium can they hear any artist whenever they please; that only through records are the wonders which music has to offer available without considerations of time and distance.

This is a great story which the record industry can tell. It's an inspiring story and one which can only benefit the entire music business by its being told.

Other industries have always united behind common promotional cam paigns. Notably the movie trade has time and time again come up with effectiv slogans which have caught the public's attention. These slogans focus attent' do. upon the industries sponsoring them, make their products more desirable, of sreate sales and hence employment and profits.

"Recorded Music Is The Best Music" is a slogan which every manuf acturer can use. He can use it on all record wrappers. He can use it on all adv 'ertising and promotional matter. And the industry as a whole can use it on ' posters throughout the entire land.

With the proper cooperation, every juke box in the nation could be a hardium for expressing this thought. For as a customer puts a coin into a machine to play a record he wants to hear, he should be made aware that the tremendous selectivity he enjoys is the result of an entire industry's working towards that end. Every store that sells records or sheet music or phonographs would also cooperate in such a plan. And certainly disk jockeys everywhere would be interested in explaining to the public why the music they play is the best.

This is a project behind which the entire music industry can unite. It is one by which all will benefit-and only benefit. No one can lose.

We therefore respectfully submit this proposal to the Record Industry Association of America:

Unite the record manufacturers behind an industry wide slogan, either one such as we suggest or any other which effectively tells the story; create along with it a promotional program which will work to the benefit of everyone in the record business, big and small; and we here at The Cash Box pledge that our pages will be open at all times to the encouragement, stimulation and promotion of such a constructive project.

The Cash Box, Music

"ONCE" (3:12)

"HOW DO I LOVE THEE" (2:39) JAN PEERCE

(RCA Victor 20-4318; 47-4318)

• Jan Peerce takes a lovely new ballad on the upper end and gives it a big working over. He goes at this one in real heavy style as Hugo Winterhalter and the orchestra back him up. The second side is a recitation of a well known poem. This won't get any juke box play but the top deck should do ok.

"IF I CAN LOVE YOU IN THE MORNING" (2:48) "UNDECIDED" (2:55) MARY SMALL

(King 15128)

• Mary Small has as her first King disk a slow dreamy low-down sounding side which should gather plenty of attention. Accompanied by Vic Mizzy's orchestra, Mary lends a grand feeling to this tune. The bottom half is the oldie with new lyrics which she also gives a terrific interpretation to. These are two fine sides.

"DOMINO" (2:59) "FIND ME" (2:54)

MARY MAYO

(Capitol 1849; F-1849)

• An exciting arrangement of a new plug tune gives Mary Mayo one of her most commercial sides to date. Mary runs through this one in excellent style as Al Ham and the orchestra provide an accompanying orchestration. Bottom half is a pleasant song which Mary does in light fashion. Ops oughta get with this disk.

"A PETAL FROM A FADED ROSE" (2:40)

"BLUE VELVET" (2:37)

NORMAN KAYE

(Capitol 1848; F-1848)

• Norman Kaye, who has recently gone out on his own, comes up with a tune which should do well for him. Norman handles this dreamy item in grand manner as Sid Feller's orchestra comes along on the backing. Lower half is a pretty melody that has been recorded all over the place. The top deck gets the nod.

"DON'T CRY LITTLE GIRL" (2:49) "NIGHTY-NIGHT" (2:53)

DICK TODD

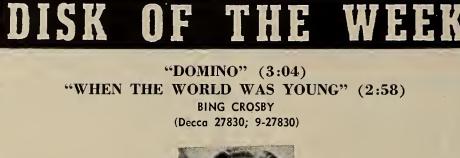

(Beacon 9139)

• Dick Todd has a couple of slow numbers to offer here. The top deck is a tearful item which he knows what to do with while the lower half has a pretty tune for him to work on. Each number gets an assist from the Song Spinners. This will do ok as a filler item.

"MY CONCERTO' (3:20) "DON'T CALL ME DARLING, MY DARLING" (2:50) ANNE SHELTON

(Landan 1004)

(London 1096) • Ann Shelton has a very effective top deck as she runs through a new ballad in wonderful style. Anne pours everything into this one and she gets a good backing from Bernie Landes' orchestra with a piano standing out. The second half is a very slow number also up Anne's alley. These are two good sides.

• Bing Crosby has a new hit in

a French importation called "Domino." This plug tune which has been recorded by the industry's top stars finds Bing in his best singing voice. He gives it everything it should have and in turn customers are gonna be giving it quite a play. John Scott Trotter provides the backing on this exciting tune. The second half is another continental import which also gets a beautiful working over from Bing. This is an unusual type of number with a lovely melody which could also break out. The top deck however has the greater commercial possibilities. Its hummable tune stays with you a long time and is bound to attract a lot of coin into the boxes.

"BABY DID YOU HEAR" (2:50) "JUST ONE MORE CHANCE" (2:52) DINAH WASHINGTON

(Mercury 5736; 5736x45)

• An extremely unusual side is turned out on the upper end by Dinah Washington. This chanting number gets a terrific backing from Nook Schreier's orchestra and it must be heard by ops. The second side is a standard to which Dinah lends her own particular charm. The top half could be big.

"WHITE CHRISTMAS" (3:13) "THE CHRISTMAS SONG" (3:15) PATTI PAGE

(Mercury 5732; 5732x45)

• Patti Page jumps into the Christmas nicture with two of the most appealing holiday standards. Both ends are offered in Patti's engaging style as she runs through the tunes in slow and pleasant fashion. Jack Rael's orchestra provides the backing. This is sure to get plenty of play in the months to come.

"GIVE ME LOVIN' WHILE I'M LIVIN'" (2:52) DANNY BELLOC'S ORCH.

"HEY JOSE" (2:42)

(Jeb 3007)

• Danny Belloc and his orchestra rome up with two sides that are worth listening to. The first one is in Latin American rythm and is sung by Gini Patton and the Belle-Aires. The second side is a jumpy number which the Bell-Aires sing alone. Ops might take a look.

"MĀRIE ELENA" (2:45) "THE BULLFIGHTER'S SONG" (2:06)

LUIS ARCARAZ ORCH.

(RCA Victor 20-4302; 47-4302)

• Luis Arcaraz continues making grand music on these sides. The top half is a well remembered oldie which Arcaraz' instrumental treatment makes sound smooth and easy. The lower end is very much in Spanish vein using a melody introducing bull fights. Both are good to hear.

- * "IF I CAN LOVE YOU IN THE
- ★ "MY CONCERTO" ★ "DON'T CALL ME DARLING,
- MY DARLING" Anne Shelton London 1096

Ray B

"WHAT DO YOU WANT TO MAKE THOSE EYES AT ME FOR" (2:56)

"YOU DON'T KNOW WHAT YOU'RE GETTING" (2:36)

RUBY WRIGHT

(King 15113)

• Ruby Wright takes an oldie on the top deck and gives it a good vocal styling. Ruby lends a lot of verve into whatever she does and this one is no exception. The bottom half also gets a dynamic treatment with a chorus and plenty of handclapping to go along. Ops oughta take a peek.

"ROLLIN' STONE" (2:10)

"I'M COMIN' HOME" (2:33) ROY STEVENS ORCH.

(King 15126)

• Roy Stevens shows some of the promise he has for the future with these two sides. The first one is in folk style which Roy and orchestra go through in mighty fine fashion. On the lower side too, Roy shows off his vocal styling well. This should get some play.

"WHY DID I SURRENDER" (2:37) "SECOND HAND SWEETHEART" (2:53)

FRANK GILSTON-DORINE BRYAN (Tuxedo 880)

• The new Tuxedo label offers as its first disk a promising artist Frank Gilston who has some good material to work with here. Frank sings this ballad with a lot of authority and makes it come out as a listenable side. The bottom half finds Dorine Bryan singing the blues.

"BIRDS" (2:24)

"NAJALA'S LAMENT" (3:13)

YMA SUMAC

(Capitol 1819; F-1819)

• Yma Sumac and her exotic music are offered here on a single record. This disk taken out of her best selling album shows the kind of thing which has attracted so much attention f this artist. She certainly makes sc fascinating sounds and they cr very easily make this record - run away.

"CHICKEN RAG" (2:59) .f "PEGGY O'NEIL" (2:29) PETE DAILEY'S CHICAGOANS , (Capitol 1820; F-1820)

• Pete Dailey's Chicagoa.⁴²⁸ takes two oldies on this platter and give them an instrumental ride. The top deck is done in real slow deliberatestyle while the bottom end is offered in jump fashion. Both make for excellent listening and in the proper spot should go over big.

"SWEET JENNIE LEE" (2:48) "NINA NANA" (2:57) ALAN DALE (Advance 2014)

• Allan Dale has a couple of sides which should interest his fans. The top half is a cute little item which he handles well. The lower half is partly in Italian, a pleasant lullaby with a mandolin in the background. Ray Bloch's orchestra provides the musical accompaniment.

"It's What's in THE CASH BOX That Counts"

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"MY CONCERTO" (2:57) "I STILL SEE ELISA" (2:42)

EZIO PINZA (RCA Victor 20-4313; 47-4313)

• A new ballad that looks very strong gets a heavy working over from Ezio Pinza on the top half. Pinza really gives this one the works as Norman Leyden's orchestra provides the accompaniment. Lower half is in a lighter vein and again he does well. Ops will do ok with these sides.

"FIND 'EM, FOOL 'EM AND FORGET 'EM'' (2:59)

"ON MY MIND" (2:49)

RAY PEARL ORCH.

(Jeb 3008)

• A dynamic side is turned out on the upper end by Ray Pearl and his orchestra. Bill Darlow provides the vocal on this novelty which has a joyous lilt to it. This is due for plenty of play. The second half has Lois Costello on the vocal with the orchestra doing ok on the backing. It's the top side.

"YOU DON'T SEEM TO CARE ANYMORE" (2:49)

"LOUISVILLE LOU" (2:52)

CATHY COLE

(Sharp 41)

• Cathy Cole has two listenable ends to offer here. The first one is dreamy ballad to which Lew Douglas' piano lends a grand feeling. The flip is a driving item done in great style by Cathy and the orchestra. Each of these is gonna get a play and ops are advised to tune in.

"A GATHERING IN A CLEARING" (3:08)

"JUMPIN' ROOM ONLY" (2:57)

DUKE ELLINGTON ORCH.

(RCA Victor 20-4281; 47-4281)

• Duke Ellington takes two numbers and gives them different types of instrumental treatments here. The first one in bluesy style while the second one is a much lighter jump tune. Both are good to hear and both are due to delight Ellington's fans.

"PASS THE MEAT, PASS THE POTATOES" (2:45)

"CIMMARON" (2:05)

RAY PEARL ORCH.—PATSY KELLY TRIO (Jeb 3009)

• Ray Pearl and his orchestra together with Lois Costello and Bill Darlow on the vocal, come up with a side which is cute to hear. This tune has a lyric which makes for interesting listening. The second side finds the Patsy Kelly Trio going to town on a very fast number with Pete Congiardo doing a great guitar solo. This should get a play.

"I CAN'T HELP IT" (3:05) "THERE'S ALWAYS ROOM AT OUR HOUSE" (2:40)

GUY MITCHELL (Columbia 39595; 4-39595)

> familiar type tunes "There's Always Room At Our House" and of course he does a top rate job with it. Both ends will get play so ops had better be prepared. The first half comes from the folk field and stands up just as well in pop. Mitch Miller works his magic on the backing and assures Guy of another hit. The bottom half is a lively item, much like his previous successes and this one should do well also. It has a lot of dynamic quality and a musical setting by Mitch Miller that's right in the groove. Here's a two sider for ops. They oughtn't to miss it.

"BECAUSE OF YOU" (3:12)

"COLD, COLD HEART" (3:09)

LOUIS ARMSTRONG (Decca 27816; 9-27816)

• Louis Armstrong has two sides featuring current hits and on both of them he does a tremendous job. Louis combines his trumpeting and vocalizing in terrific fashion to come up with two wonderful interpretations. This one is a natural for every one of his fans.

"ALWAYS, ALWAYS" (3:08)

"I REMEMBER YOU LOVE" (3:20)

VICTOR YOUNG ORCH. (Decca 27815; 9-27815)

• Victor Young's orchestra has Fred Garian giving out with two vocals which are grand to listen to. Both ends are ballads which the orchestra embellishes with a good treatment as Fred goes along with an outstanding vocal effort. Ops oughta tune in.

"ABOARD THE SENTIMENTAL TRAIN" (3:20)

"KISSIN' BUG BOOGIE" (2:46) SY OLIVER ORCH.

(Decca 27809; 9-27809)

• Sy Oliver takes two different types of numbers here and gives them a workout. The first half is a slow dreamy item done very smoothly with the Tune Timers making with the harmony. The bottom end finds Sy himself doing the vocal on a folk item with a beat. This should get a play. "HAVE FAITH" (3:09)

"SAY A LITTLE PRAYER" (2:28)

"JERSEY JOE" WALCOTT & MARIE KNIGHT (Decca 14594; 9-14594) - .

• "Jersey Joe" Walcott and Marie Knight team up to turn out a couple of religious type tunes. Marie does the singing in excellent manner as she goes through both numbers in easy fashion. On each end too Walcott comes in for a recitation. This one needs very specialized locations.

"FAREWELL TO YOKOHAMA" (2:23)

"THE CLOSER YOU ARE" (2:58)

LINDY DOHERTY

(Capitol 1844; F-1844)

• Lindy Doherty turns out a good vocal job on a dynamic sea chanty. Done with a fast beat, this end carries lots of listening appeal. The lower deck finds Lindy with a nice ballad that is helped along by a grand musical backdrop. Ops are advised to look

"BOOGIE WOOGIE SANTA CLAUS" (2:20)

"CHRISTMAS BELLS" (2:34)

PATTI PAGE

(Mercury 5729; 5729 x 45)

• Patti Page is given a jumpy sort of a tune to work with and she really tears into it and comes up with a good side. Flip is a novelty number that is also based on the Xmas theme and again Patti proves her versatility by chirping her way to a pleasant half. Ops oughta tune in.

"SAVE THE WORLD" (2:39)

"BIG BLUE EYES" (2:15) LOLA AMECHE

(Mercury 5737; 5737 x 45)

• A couple of numbers are belted across on this platter by Lolaf Ameche, with an orchestrational fassist by Al Trace. Both ends are live ely things that get full support from a choral group that adds to the apperal of this disk. Ops in need of this type of material oughta listen in.

"SANTA CLAUS IS COMING TO TOWN" (2:40)

"SILENT NIGHT" (2:55)

PATTI PAGE

(Mercury 5731; 5731 x 45)

• With Christmas around the corner, Patti Page adds her touch to the Yuletide spirit with a pair of oldies that have become Xmas classics. The first end is a cute and light number that Patti finds no trouble in bringing home. The under deck is a sentimental favorite that Patti and Jack Rael's orchestra and chorus handle wonderfully.

GUY MITCHELL

• Guy Mitchell shows he can handle a ballad as effectively as he does a more lively number as he gives out with a grand performance on "I Can't Help It". To back it up he offers one of his more

"JAZZ ME BLUES" (2:58)

"MARMADUKE THE SPOOK" (2:53)

MILT HERTH (Jeb 3003)

• Milt Herth offers two good listening sides on this disk. Both ends are done in grand style on his Hammon organ and both are very lively. Milt goes flying over the keys here to turn out the music end in the proper locations it should do real well.

"IDA" (3:00)

"DARKTOWN STRUTTERS BALL" (2:08)

THE KEYNOTERS (Jeb 3001)

• The Keynoters take two oldies and really send them to town. Both ends ret a spirited working over by this instrumental group as Pete Congiardo goes along on the guitar. These tunes have never been played in quite this fashion and customers are gonna shell out plenty of coins to h_ar them.

"LOVE LIES" (2:48) "FOREVER BEGINS TODAY" (2:59)

FOUR JACKS

(Sharp 44)

• Two good sides show up on this platter turned out by the Four Jacks. The harmony group gets some appropriate backing from Lew Douglas' orchestra as they go through both tunes in easy fashion. Ops will want to take a listen to this for the Four Jacks show a lot of promise for the future.

Cinderella Girl

NEW YORK - Petite, brunette songstress June Valli is shown in the RCA Victor studios with Hugo Winterhalter and A & R director Charles Grean cutting her debut disk, "Now, Now, Now" and "Always, Always." Winterhalter batons both sides. An unknown white collar girl six months ago, June has had a meteoric ascent via the Arthur Godfrey Show and "Stop the Music" and is now being hailed by RCA Victor aficionados as one of their most important singing finds in years.

"HAVE ANOTHER DRINK AND TALK TO ME" (2:35) "I'M SAVIN' ALL MY LOVIN'." (2:29)

JOHN GREER

(RCA Victor 20-4293; 47-4293)

JOHN GREER

• John Greer, assisted by Vi Williams and the Rhythm Rockers, goes to town on a tune that is earmarked for a top rung in the

"WHISKEY AND GIN" (2:45) "WHAT'S THE REASON" (2:15) DICKIE THOMPSON

(Deccg 48250; 9-48250)

The top deck is a current favorite that is still gaining in popularity. Dickie Thompson takes hold of this grand tune and turns out another good rendition. Flip shows Dickie's vocal talents to a greater advantage as he doles out a tearful version of a forceful blues item. Either end can draw coins.

"SHAME" (2:52) "BOOGIE WOOGIE ON A SATURDAY NIGHT" (2:28)

STEVE GIBSON (RCA Victor 20-4294; 47-4294)

• Steve Gibson and his vocal co-horts, the Red Caps, deliver a slow ballad in a pleasing manner. The tune is good and the boys do the rest. The lower level is a happy number with a boogie beat and again the group comes out on top. Both lids re-receive some fine and fitting musical backings. Ops have their choice of either half.

"I COULDN'T HELP IT" (2:46) "I'LL BE WAITING" (3:02)

AL RUSSELL (Okeh 6831)

• A couple of similar ends are dished up by Al Russell and the Do-Re-Me Trio. Each lid is a slow, sad ballad that receives soft and soothing vocals by Al. Some fine musical as-sistance, featuring a piano, helps put these numbers across. Ops in the market for strong filler items oughta tune in. P. M. 11.L

WC "DREAMS OF YOU" (3:10) "IF YOU LOVE ME" (2:30) CORENO

THE ROYALS (Okeh. 6832)

• The top end is a slow ballad that receives a fair vocal treatment from the Royals. With a good backing, this level comes out ok. The second side is a change of pace jump number in which the boys sound much better. This lid features some fine sax playing. Ops are urged to watch the lower w deck.

jazz and blues listing. The number is labeled "Have Another Drink And Talk, To Me". This ditty has a bouncy beat and a rhythm with an infectious quality that should have everyone stampin' to keep time. John pipes the lyrics in a very appealing fashion, while the rest of the crew joins in with a rest of the crew joins in with a choral backing and hand clapping choral backing and hand clapping that keeps the tune moving along in a lively tempo. The total pic-ture is a bright one for ops who should have a field day with this disk. The under side is a slow bal-lad that gets a good musical send-off and a matching vocal treatment from John. The lid we think is going to break out big is the upper deck and ops should get with it deck and ops should get with it fast.

"BEST WISHES" (2:41) "SHORT, SWEET AND SNAPPY" (2:21)

ROY MILTON

(Specialty 414)

• A strong contender is cut by Roy Milton on the upper level. It's a slow, blues type number that is put across with a talk-sing vocal that makes for wonderful listening. The bottom end is a cute bouncy tune that Roy drives home with lots of vigor. Ops can't afford to pass this one up.

"SO ALONE" (2:59)

"OH, HOW I MISS YOU" (2:51)

JOE LIGGINS

(Specialty 413)

• A good sounding orchestra and a pleasant vocal mark the top lid. Joe Liggins and his "Honeydrippers" put lots into it and come up with a grand side. The under dish is a loud and forceful blues number that fea-tures a female vocal. This disk looks like a good bet for ops.

"BAR ROOM BLUES" (2:57) "GOOD ROCKIN' MAN" (2:58)

ROY BROWN (DeLuxe 3319)

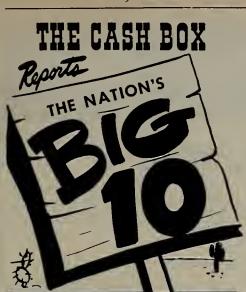

Roy Brown and his Mighty Men • Roy Brown and his Mighty Men really go to town on a lively blues number. It's a loud and noisy thing that Roy puts lots of feeling into. The bottom deck is a bouncy ditty with an infectious beat that Roy and the crew tear into and turn up with a strong side Ons have a sure winner strong side. Ops have a sure winner on the lower lid.

"TWILIGHT BLUES" (2:59) "UNCONSCIOUS BLUES" (2:35)

PRESTON LOVE ORCHESTRA (Federal 12043)

• Preston Love and his orchestra, featuring the vocalizing of Charlie Maxwell, spin through a slow blues item in a forceful manner. The flip finds the orchestra and Preston handling the lyrics of a driving, raucus number that is taken for a fast ride. Ops oughta take a look.

NEW YORK-Close to the top of the list of all-time best-selling popular American singers, Vaughn Monroe receives a gold-plated copy of his fourth record hit to sell over a million copies. The record, "Racing With The Moon," joins previous Monroe million sellers, "There I've Said It Again," "Ballerina" and "Riders In The Sky." Above, Paul A. Berkmeier, Vice President in charge of the RCA Victor Record Department, presents the commemorative disc at a party honoring the singing bandleader between the acts of his Madison Square Garden singing engagement with the Rodeo.

Victor A & R Department To Enforce Strict Publisher Contact Rules

NEW YORK-Due to the fact that there is not enough time for the A&R Department to concentrate on the actual creation and recording prob-lem, a reorganized system of pub-lisher contact will be set up at RCA Victor for popular tunes. Basically this system will operate the same as the system set up about six months ago, except that it will be more strictly enforced.

Absolutely on phone calls will be accepted from publishers on Mondays, Tuesdays or Wednesdays, unless a specific call has been previously arranged. Ten minute appointments will be made on Thursdays and Fridays of each week from 1:30 to 5:30, or thereabouts. Calls for these appointments should be made only on Thursdays and Fridays. If there is any material of an urgent nature that cannot wait, it should be left at the office and it will be checked as soon

Shaw Marries Mrs. Schillinger

NEW YORK-Arnold Shaw, vicepresident and general professional manager of Duchess Music Corporation, was married last week to Mrs. Joseph Schillinger, widow of the famed teacher of George Gershwin, Oscar Levant, Benny Goodman, Glenn Miller and other music topnotchers. Shaw is also the editor of her late husband's celebrated works on music, The Schillinger System of Musical Composition, and on art, The Mathe-matical Basis of the Arts.

Miller Appoints Kermit Suits

CHICAGO, ILL.—The M. A. Mil-ler Manufacturing Co., manufacturers of recording and play-back needles, announced this week the appointment of Kermit Suits of Dumont, New Jersey, as eastern sales manager.

Suits brings to the Miller organization over twenty years experience in the record, needle and allied industries.

His background includes record manager with a distributor organi-zation, field representative with a record company, recording engineer and sales representative. His former affiliations were with leading record and needle companies.

His rounded experience in sales, manufacturing and executive managerial positions are expected to prove an asset to Miller customers throughout his territory.

rhythm novelty tune. Titled "Ala-bama Jubilee" this ditty is a beaty item with some fancy bones playing and a wonderful musical backing by the Nashville Dixielanders. As usual Red presents a fine and fitting vocal as he belts home the lyrics to this lively ditty. The lid affords great listening and

ops should be prepared for the tremendous play this end is going to bring. The under level is a re-freshing version of an old time favorite that is sent on its way by a grand dixieland rendition. Here too Red shows his versatility as he comes up with another winner. Ops will wanna get in on the "Alabama Jubilee" celebration that

"BROKEN CANDY HEART" (2:35) "I WISH I MAY, I WISH I MIGHT"

(2:37)GEORGE MORGAN (Columbia 20811; 4-20811)

• George Morgan comes up with a pair of slow ballads. The top deck is a sentimental tune that is made to sound very pretty by the soft and soothing treatment given it by George. The lower lid too proves good material for this artist's fine piping of the lyrics. Either end can go in the boxes.

"OVER THE WAVES" (2:57)

"COLUMBUS STOCKADE BLUES" (2:39)

MOON MULLICAN

(King 996)

• A classical tune that has done very well in the pop field is taken for a ride, folk and western style. This level features a bit of fine and fancy string and piano playing. Flip finds Moon Mullican dishing out the lyrics to a pleasant number in his typical style. This disk should prove interesting.

"LONELY LITTLE ROBIN" (2:50) "THE SISSY SONG" (2:54)

NEAL BURRIS

(King 999)

"It's What's in THE CASH BOX That Counts".

 Neal Burris and Gene Stewart brew a bit of good harmony as they work their way through a happy sounding tune. The boys sound even better on the bottom lid as they lend their vocal talents to a bouncy novelty type number that has some cute lyrics to offer. We like the second end.

"I GOT LOADED" (2:53) "CRAZY HEART" (2:36) ZEB TURNER (King 1001)

A big hit in the jazz and blues field. this number seems destined for more play in the folk and western field too, as Zeb Turner does a won-derful job with this bouncy blues item. A good musical backdrop makes it even more appealing. Flip is a slow ballad that Zeb makes another strong contender. Ops can't go wrong with either half.

should mean lots of coins for them.

"I'M LONESOME FOR YOU" (2:37) "IT'S NO USE TALKIN', BABY" (2:24)

GENE O'QUIN (Capitol 1821; F-1821)

• The first side is a bouncy tune that is handled by Gene O'Quin in a very easy manner. The musical backdrop helps this number along. The under level is a change of pace in the form of a slow ballad that is carried to a listenable conclusion by Gene. Ops oughta take a good look at both ends.

"WAITIN' FOR MY BABY" (2:37) "LAY SOMETHIN' ON THE BAR" (2:55)

CHUCK MURPHY (Coral 60584)

• Chuck Murphy has a pair of strong numbers to work on here. The upper deck is a jumpy item with a pleasant tune and some fine musical assistance. The bottom half is the side that may happen. It's a fast mov-

ing, novelty number that has some cute and clever lyrics to offer and Chuck really belts them across.

"THAT WILD BLACK ENGINE" (2:35)

"YOU'LL FIND HER NAME WRITTEN THERE" (2:42) CHARLIE MONROE

(RCA Victor 20-4291; 47-4291)

A couple of fair ends are dished up by Charlie Monroe. The first half is a novelty number that is done with a train effect. Charlie and his Kentucky Pardners handle this fast number in a pleasant manner. The under level is a slow item that is made to sound ok. Ops have good filler material here.

"POOR LITTLE DARLIN'" (2:52) "I'VE JUST GOT TO SEE YOU ONCE

MORE" (3:14) "LITTLE" JIMMY DICKENS

(Columbia 20866; 4-20866)

• With the fiddlers fiddlin' and guitars pluckin', "Little" Jimmy Dickens spins through a bouncy ditty that seems tailor made for a square dance. Jimmy's warbling adds to the enjoyment of this lid. The under half is a slow tune that also makes for pleasureful listening. Ops are urged to get with this one fast.

RED FOLEY

• Red Foley, always a money maker in the folk and western market, has a different type num-ber to work with on his latest waxing. Turning from the material he usually delivers, Red offers a

MFRS WARN OPS OF SHORTAGES

Ops Urged to Prepare Themselves for Shortages of Many Items. All Distribs Join in Warning Ops to Anticipate Needs and Buy Now.

CHICAGO - Operators are being warned by leading manufacturers here to expect many shortages.

Certain components, various supplies and parts are already down to rockbottom, with deliveries completely uncertain.

Distributors who have been ordering right along from the factories here, in an effort to keep their operator-customers supplied, have also now started to issue warnings that supplies, parts, components and other materials are growing shorter in supply each day.

As NPA restrictions grow tighter, the trade realizes that many components will go by the wayside.

It will be up to the manufacturers to find substitutes for these units. Just as they are now using substitutes for many items which were formerly commonplace.

Ops have noted the disappearance of chrome and nickel from new equipment. This has been replaced with highly polished aluminum and plastics in most instances.

But, with copper, steel, aluminum, and other materials growing shorter each day, and orders being almost impossible to obtain (even orders which were placed as long as six months ago haven't yet arrived at some factories) the operators are now being urged to anticipate their needs as far

in advance as is practicable. Once again certain leading manufacturers took time out to commend The Cash Box on its editorials warning the ops that materials, as well as all parts and supplies, were growing short.

One manufacturer commented regarding the editorial ("Coinbiz Gets Hot As Materials And Parts Fade Away") which appeared in the October 13, 1951 issue (Page 29) stating:

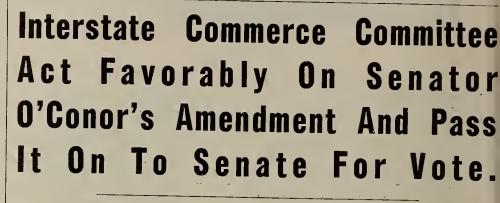

"This was one of the best and most forceful editorials ever written in this industry. It told the trade the exact and truthful facts regarding what is happening today as far as materials, parts, supplies, and components are concerned.

"We sincerely hope that everyone in the field will heed this 'Cash Box' editorial and anticipate their needs by buying immediately whatever they will require as far in advance as is practicable for their operations."

Other leaders have also complimented The Cash Box on its warnings.

But, this past week suddenly heard a flurry of warnings issued by many leaders to operators as well as distributors, advising them that shortages were growing greater and not to exceed many parts, supplies, components and other necessities.

In the meantime the manufacturers here are continuing on ahead as best as they can. They are substituting wherever they can. They are trying to get the new equipment off their to get the new equipment off their production lines as speedily as pos-sible in keeping with all restrictions and quotas which have been allotted. "The time has come", as one man-ufacturer said this past week, "when the operators, jobbers and distribu-tors better heed the editorials which have appeared in 'The Cash Box' re-garding growing shortages."

Passing thru this part of the report and going on to Page 5, Section 2, Paragraph 2, there appears the following:

"The new definition would not effect the amusement-type pinball ma-chine which pays off only on 'free games' and has no device to record winnings, under the judicial holding that the mere right to play the device further is not a thing of actual further is not a thing of value. (Washington Coin Machine Assn. v. Callahan (142 Fed. 97 (C.A.D.C. 1944).'

There is also an important change as well as an addition to the definition of what can be termed a "gamb-

ling device". This appears under Title 15, U. S. Code, Section 1171 (Prohibiting transportation of gambling devices in interstate and foreign commerce). "Sec. 1 (a) The term 'gambling device' means— (1) Any so-called 'slot machine' or any other machine or mechanical device an essential part of which is a drum or reel with inof which is a drum or reel with in-signia thereon, and (A) which when operated may deliver, as the result of an element of chance, any money or property, or (B) by the operation of which a person may become en-titled to receive, as the result of the application of an element of chance application of an element of chance, any money or property; or "(2) Any other machine or mech-anical device and roulette wheels and implicit devices designed and manual

Metal Supplies In 1952 For Non-Essential Goods Will Be "Just A Trickle" Say Gov't Officials

ATLANTIC CITY, N. J.-In a talk here at the convention of the American Hardware Manufacturers Association, Manly Fleischmann, De-fense Production Administrator, said that in the months ahead not enough copper and aluminum will be avail-

copper and aluminum will be avail-able to make more than a token de-livery to the least essential pro-ducers of civilian goods. Fleischmann told this gathering that while it has been decided to allot a "trickle" of these short metals to the less essential producers rather than give a "death sentence" by cutting their supply completely, the amount will be so low that "many of those industries will not be able to survive.'

He particularly stressed the shortages in copper and aluminum. He advised non-essential users of copper to convert to something else. While the aluminum supply picture is dark at the present time, the Administrator noted, increased alumi-num production will be available by the end of 1952.

He said that while it is inevitable that civilian production must be cut, the cut will be focused most heavily_ " are the second and the .

in the items that are least essential. This same dark appraisal was made earlier in the week by Defense Mo-bilizer Charles E. Wilson, when he stated that he wasn't fooling when he said that the first and second quarters of next year will be the "toughest for them in the defense buildup."

He disclosed that the Defense Production Administration was allocating 12 per cent of the steel, 24 per cent of the copper and 40 per cent of the aluminum that will be available under the most favorable conditions in the first quarter of 1952 to direct military production. Any production cutbacks due to strikes or other reasons, will fall upon the non-essential producers.

CMI MAILS 1200 SHOW SPACE CONTRACTS

Only 170 Booths Available

All mail received by CMI will be man of Coin Machine Industries, Inc., Convention Committee, reported this past week that CMI had mailed 1,200 show floor plans and exhibit space contracts to manufacturers, distributors, suppliers and all others interested in displaying at the forthcoming CMI convention, Hotel Sherman, this city, February 4, 5, 6, 1952. It was also reported that no pri-

orities were given or favoritism shown, to members of CMI. The mailings were staggered so

that the various parts of the nation would receive them all at one and the same time.

There are only 170 booths being offered. These booths will be given to TANLIN T

BUFFALO, N. Y.—Century Music Distributors, this city, newly ap-pointed sales organization for Wurlitzer phonographs and equipment here, celebrated the grand opening of its new quarters with an open house party for operators and friends on Saturday, October 13.

Scores of music operators from as far away as Rochester and Erie, Pa., made a special point to drop in.

On hand to greet the visitors for Century were Phil Mills, Steve Vukelic, Walter Ogarek, Charles Duggan, Dick McCann, Ed Clinton and John Pillion, counsel for the firm. The Wurlitzer Company was represented by Ed Wurgler, general sales man-ager, Bob Bear, Max Waters, Joe Hrdlicka, A. D. Palmer, Jr., Al Die-trich, Lou Draper, Hi Turner, Elmer Frank and members of the engineering and production staffs.

The new showroom, offices and service facilities, located at 1221-23 Main Street are newly decorated with the most modern of facilities to best service those in the music trade.

CHICAGO—Mort and Irv Secore of Secore & Secore, this city, presented the newest idea for counter play action to catch some of the millions of sales tax pennies now flooding the nation.

Page 22

Both men have long been studying the fact that the trade needs a new type of counter game which would give ops the chance to get their share of the millions of sales tax coins cashiers are handing out in change all day and all night long.

They developed their new counter ball game, "Scatter Ball," after much study and much work in this direction.

The game has attracted many leaders in the field who are planning to use it on counters, located near cash registers, which have always been con-sidered the "finest locations" for all types of equipment.

Tho this game is not coin operated, it is one of the speediest that has ever appeared on the market.

It is fool-proof and extremely well constructed. It allows the operator to know just how many winners were made.

In addition there are many other features attractive to any operator.

Tho the "Scatter Ball" is expressly created for getting a share of the sales tax pennies flooding over counters in stores everywhere in the country, the machine can also handle nickels, dimes and quarters, for those who want to operate "Scatter Ball" on that basis.

The size is unique in the fact that it takes up no more room than a regular-sized display card which can be featured at the cash register in any location.

The firm is busy shipping "Scatter Ball" units to operators all over the country.

AMI Premiers "D-80" At Omaha Show

OMAHA, NEB. — Without much fanfare and very quietly, AMI premiered its new 45 rpm 80 selection phonograph at the booth of its local distributor Mayflower Distributing Company, during the Midwest Coin Machine Show.

The Cash Box

The reason for lack of advance publicity was due to the fact that this machine was an actual production model, and even those from AMI who attended the show weren't aware themselves until the last minute whether they would receive it in time.

The phono clicked with the ops. The fact that more and more of the music ops are turning to 45 rpm had much to do with the attention that the AMI Model "D-80" received from those who attended the meeting.

The 80 record job is the same size as the present "D-40" model, but it now features 80 selections, with the 45 rpm unit turned about in a manner so it can easily accommodate the records required. Its lighted appearance won many compliments for the firm. Tone is extremely fine. General appearance of the lighted plastic arrangement and the complete showcase —display of the mechanism in operation, as well as the lighted inside effect, were all given very high praise by those who saw it for the first time.

W. E. (Bill) FitzGerald of AMI was on hand to help show the new "D-80," as was the popular Ed Ratajack, western regional representative for the manufacturing firm. Al Mason and T. A. Wright of AMI's engineering staff were also at the show demonstrating the phono's features.

Representing the distributing firm, Mayflower, were Herman Paster, Matt Engel, Jerry Harris, Allen Nilva and Max Polsky. New 5-Ball Being Shipped To Distribs

BILL DeSELM

CHICAGO—Bill DeSelm, general sales manager of United Manufacturing Company, this city, announced this week that its new five ball replay game "County Fair" is now coming off its line in good quantities, and that their distributors report unusually fine reception from the operators.

"County Fair," based on animated horses racing to a finish line, is described by DeSelm as "giving the player terrific suspense with a close finish practically every time, supported with great competitive appeal and fast play."

Machine Company, this city, now have another which is catching on everywhere bowler games are being used. This is their new "Allied Roll-Under Conversion."

It converts all of Chicago Coin bowlers and the Universal Twin Bowler into an unusually profitable machine. It modernizes the old games to such an extent that operators who have already used this newest Allied conversion report, "Players take to the converted game with real play action."

conversion report, "Players take to the conversion report, "Players take to the converted game with real play action." Weiss said, "This is one conversion unit, just like the first one we built, that operators know is 100 per cent mechanically perfect in every way.

"It absolutely eliminates many, many service calls. It is built so that it saves the operator time, effort and money, and," he continued, "it also means that he makes new machines out of old bowlers so that he enjoys bigger profits than he earned before." Production is now under way, and the men state they are stepping it up

Western Distributors covers this area as distributors for AMI phonographs and accessories.

Distributing Company, this city, ad-vised that his firm has just added 5,000 square feet to its present quar-

ters for storage and repair work. Said Coven, "The time is fast approaching when the ops will need equipment which they won't be able to obtain from anyone but the dis-tributors who had the foresight to stock merchandise for them while

they could. "We believe", he continued, "that the average operator hasn't the facilities to storage merchandise the way the distributor has. "Furthermore", he said, "the dis-

come what may.

"Therefore", he concluded, "it is our purpose to have whatever the operators will need as conditions reach the point where there won't be anything available except at the headquarters of those distributors who had the foresight and vision to prepare for this eventuality."

The firm is already starting to use the extra 5,000 square feet which it has added to its present quarters and is also arranging for extra repair work space.

The appearance of the Legionnaires at their convention here brought with it plenty of action . . . Joe Mangone, Gottlieb rep, bought another truck and took on another mechanic. Joe's plenty busy . . . Ozzie Truppman and Ted Bush, Bush Distributing (Wurlitzer distrib), took Willie (Little Napoleon) Blatt out to lunch this week. When Willie kidded about the free meal, Ted told him "it's strictly an investment for the future." ... All the operators here seen with big smiles on their faces-reflecting the value of their association, which it's reported is giving them some fine cooperation on their locations. "We finally have a business" an op stated . . . Sam Taran, Taran Distributing, back from a trip north, and plenty busy with his games lines and the AMI phono. New offices being built by Taran, but with all that the place is bulging at the seams . . . Bert Lane off to N. Y. again . . . The Willie Levey's now really natives-they just bought a waterfront home . . . Leo Wilentz, recuperating from a recent illness, looks like a million-and only after two days here . . . Willie Blatt ran into an old friend (and former manager of a Supreme branch in Phila. in 1932), Bernie Salzberg. Bernie has been in the finance business in Washington, and while still keeping his interest there, is in semi-retirement. He still looks as young as in 1932.

"It's What's in THE CASH BOX That Counts"

A report in the Journal of Commerce this week disclosed that the Long Island area is mushrooming on a war boom. Fastest growing area in New York State is the Nassau-Suffolk district. New defense contracts already run into the billions of dollars in this area, chiefly in aircraft and electronics. Many of these plants devoted to defense work are reported to be able to reconvert easily to civilian output whenever necessary. Today the combined population of Nassau and Suffolk County is about 950,000, or 30 percent greater than 10 years ago. Business leaders forecast another gain of at least 30 percent in the next decade. Industrial employment is estimated at 85,000, or a gain of 25 to 30 percent in the last year.

November 3, a Saturday night, is creeping up on us rapidly. That is the night in which the Automatic Music Operators Association is holding its 14th Annual banquet and show. Al Denver, president, arranged a change in locale from the Waldorf to the Commodore Hotel. "The Commodore, with its large ballroom" stated Denver, "will make it possible for us to play host to a large number of music operators, machine distributors and their factory representatives, recording company personnel, and all the friends of our association." As usual, there will be "big" show, with many of the recording stars on hand to visit with the ops . . . The "Grand Opening Party" of Wurlitzer's newly appointed distributors in Buffalo, Century Music Distributors, on October 13 was quite a shindig. Phil Mills, Steve Vukelic, Walter Ogarek, Charles Duggan, Dick McCann, Ed Clinton and John Pillion, of the Century company greeted many well-wishers . . . Joe Young, Young Distributors, the local Wurlitzer distrib., pulled a ten strike a week ago, when he rushed a Wurlitzer 1400 over to CBS for the Perry Como TV show. The juke box got plenty of camera coverage, plus a verbal statement from Como that he hoped the music operators wouldn't get sore at him for not dropping in a nickel to play the next tune (which he sung) . . . For the first time in a long while we saw a few Exhibit "Broncos" on the floor of Mike Munves. Mike explained, however, that they were just taken out of the crates for a check-up. "They were sold a long time ago" stated Mike, "and I hope Exhibit keeps rushing me more every day."

Jack Mitnick, eastern regional representative for AMI, back in town for a week or so. Jack had been covering the mid-west territory. . . . Barney (Shugy) Sugerman, Runyon Sales, a buzz saw in action—on the phone, talking with ops, and rushing hither and yon. His bw (Mol'y) comes to the city one PM to get him away from it all, but has to wait until late. . . Ben Becker, Bally's special representative, busy with local biz (expects to leave on a trip by the end of the week. . . . Nunzio and Sunny Nigro, L. I. ops, visit along coinrow. While in Joe Young's, Sunny proudly boasts of the arrival of his new son. . . . Meyer Gensburg, Genco, Bert Lane of Miami Beach, Fla., and Harry Pearl of Trenton, N. J., visit along coinrow—probably exploiting Genco's new game "8 Player" shuffle. Dave Lowy, Dave Lowy & Company, displays the game on his floor, and reports the ops have given it a nice reception. . . . Al Simon, Albert Simon, Inc., runs into Phila. for a day seeing the trade there on ChiCoin's "6 Player Bowling Alley", which is reported to be going big. . . . Harry Green, demon location getter, now associated with Willie Aronson, games op, gave his daughter Bernice a nice party on her eighth birthday. . . . Ray Bralynishi of Brown's Novelty Co., Trenton, N. J. favors dime play. "The best thing that could happen to the music industry" he states. "We would change over at once if we could get the other operators to go along."

Max Hurvich, partner with brother Harry in Birmingham Vending Company, Birmingham, Ala., has been selected as chairman of the Birmingham United Jewish Fund Appeal. Birmingham has been doing an outstanding job for many years for this cause, and the local citizens have every confidence that Max will carry on with this great effort and measure up to the great task he's undertaken.

Football has captured the attention of most of the coin machine operators in Dallas and the surrounding area. Of course the big game of the week was the Oklahoma-Texas game right here in the Cotton Bowl. . . . Over at Commercial Music Company the whole gang—Tommy Chatten, B. H. Williams, Raymond Williams, Jack Eskew et al—went to the game. Most of them were disappointed because Texas didn't score more touchdowns. Oh well, a win is a win. . . B. H. Williams and Tommy Chatten have been in the Texas Panhandle where they report that business is booming. . . Bill Helms of Childress is adding new machines to his route and says that the coming of fall and the football season is really making the coin machine business boom. . . C. A. Culp and Jay Confer of Culp Distributing Company in Oklahoma City came to Dallas this weekend to see the big football game. We assume that they were a disappointed pair when they went home. . . T. W. Hughes of S. & H. Novelty Company in Shreveport, La. won a bet from Mike Coenig this week. Mike bet that T. W. couldn't load six Wurlitzer machines on a single pick-up truck. T. W. did it and Mike paid off happily. For any who wish to attempt the same trick we might add that the front of the truck was waving and the back was almost touching the ground.

H. A. Thuesdale and Hoy McCracken of Electra are so busy that they have to work on Sunday. They came to Dallas this week with two pick-up trucks and took them home full of new machines. . . . Leonard Metassa over at American Distributing Company tells us that Jim Boyle of Oklahoma City was in town this week for the TU-OU football game. Joe and Leonard didn't have tickets but they say that Morey Gottlieb did enough rooting for both of them. . . . Harold W. Daily Jr. of Houston and his wife, Betty, and their nine months old baby girl were in Dallas over the weekend. . . . Mrs. Audry Hunter of General Distributing Company reports business as usual. . . . Frank Emerson sold the last of his juke box locations in Dallas and says he is going to stick to Greenville and outlying territory for all his locations.

Many of the coinmen 'round town didn't return to their offices until Wednesday A.M. This was due to the fact that they attended the Midwest C. M. Show in Omaha. It was not the biggest attendance these men had enjoyed. But there was one fact that did stand out. Many of these men, competitors in business, were able to get together with each other, talk with each other, and learned that they weren't such bad guys after all. So, like Vic Weiss said, "You know, I think this show was worthwhile from the standpoint that we had a chance to learn a little more about each other and to better understand each other." That certainly is about as much as anyone can ever expect from any show. . . One of the funniest angles of the show was the Tuesday nite plane getaway. Herb Perkins of Purveyor came dashing down into the lobby of the Paxton to shout, "The plane's held up in Denver. It's goina be over two hours late." And the way faces fell, dun't esk! But, someone tho't of the next plane, dashed for the transportation desk and got on—and the rush was under way. The wind-up? All got on and were on their way at 9:10 P.M. to arrive back home in Chi that very evening after a rough flight. Billy Knapp probably came up with the one crack of the show that will

Billy Knapp probably came up with the one crack of the show that will long be remembered. Said Billy, "Say, we can't even sell the merchandise below cost." . . . Mal Finke of First Distribs was a busy, busy man and proved himself one of the best informed and astute premium salesmen in the coinbiz. Joe ("The Boss") Kline simply sat outside the parlor door on a soft couch counting the men as they went by, "And," said Joe, "I've still got some fingers left to count." . . . Ed Ratajack and Bill Fitzgerald of AMI were plenty busy listening to all the comments on their brand new D-80 AMI. It's a 45 rpm machine featuring 80 selections. The one shown at the show was an actual production run machine—just off the firm's production line. Herman Paster, Allen Nilva, Jerry Harris, Matt Engel, Max Polsky, and the rest of the boys from Mayflower (distribs for AMI) were pretty proud of the new AMI Model D-80 and, let it be known, took orders away in advance. Mayflower did quite a nice selling job, all things considered.

In the meantime, NCMDA (National Coin Machine Distributors Assn.) was meeting here in town to discuss this and thata. It was considered a private meeting. . . David Gottlieb, chairman of the convention committee for CMI, announced that 1200 floor plans and booth contracts had been mailed for the 170 booths that will be at the CMI show in Feb. '52. . . . Sam Lewis, Lou Singer, Harold Lieberman and Jonas Bessler were all battling each other with music in the ChiCoin and Lieberman Music display rooms. . . Gary Sinclair of Wurlitzer said, "This show is hearing lots of great Wurlitzer music." . . . Art Weinand of Rock-Ola barged into the show to display the firm's wall and bar box which features 50 selections, but, which can be arranged (and very simply, too) to feature 100 or even 200 selections. . . Frank Mencuri of Exhibit was almost mobbed when he arrived. Everyone wanted to know more about the Jet gun and, especially, when they were going to get "horses". Frank dashed on to Kansas City in Carl Hoelze.'s car and from there will fly down to Dallas. . . . Mort and Irv Secore scored with their "Scatter Ball" idea.

Phil Weinberg of Bally was here, there and everywhere and mighty proud of the nice remarks made about Bally games. . . . Johnny Casola of United proved himself a very capable mechanic by showing the Mayflower mechanics how to mechanic a game. . . . Ralph Sheffield of Ace Premium Sales was expected, but, just his luck, someone phoned in and so Ralph continued to remain busy at his own place instead. . . . Ben Coven was also expected to be in Omaha for at least one day but, Ben, too, got the facts and stuck to his office where he was busier than ever, as he reported this past week. . . . Joe Cohen of Ristaucrat, Inc. flew in late Tuesday eve and continued right on to Appleton, Wis. to get out some of the Ristaucrats ordered from him at the show. Sam Deutch of Minneapolis, who worked with Joe in the Ristaucrat booth, proved himself an outstanding salesman. . . . Almost everyone of the record people were at the Omaha show. . . . Interesting was the fact that Sen. O'Conor's amendment to the Crime Committee's bill which is now up in the Senate for vote exempted pinball entertainment and this caused much happiness among Nebraska ops.

MOA's Board of Directors remained over in Omaha to go into a serious meeting regarding the public hearings on Rep. Joseph Bryson's bill now before the House Sub-Committee on the Judiciary. Hearings start on Oct. 25. This is considered an extremely serious matter and all juke box ops are asked to be ready to help when and if called upon to do so. . . Dick Goetzen and Gail Halliday of Permo Needles were among the most popular at the Omaha show. They were giving away those windshield scrapers and out in the country ice sure does form on windshields. . . Herman Guttman of DeFour Sales had his big and outstanding catalog on display for the ops and many were much impressed with the coupon plan he presented. . . . When it looked like some of the boys weren't going to be able to get a plane, bidding started for that extra berth Irv and Mort Secore had in their pockets. ...Never saw a guy drive home so fast as did Joe Kline from the airport where his missus met him with his car. What was the hurry, Joe? ... Hymie Zorinsky of H. Z. Vending proved himself a very fine host to all the boys from Chicago. Hymie opened a large suite where refreshments were in order all day long. His gorgeous headquarters were just a few blocks away and he insisted on having the boys look the place over. ... Lou Casola of Rockford was here, there and everywhere about the show and wound up buying plenty of premium merchandise after marching all around the place to make up his mind. ... Lots of the boys had their first look at Boystown, U. S. A. ... One really nice boy liked by all was Marshall Black. ... Sol Gottlieb was actually deluged by guys who would like to have the Gottlieb line. ... And Bill Ryan of Williams went thru the some sort of deal. Bill took it in stride. TWO DAYS IN OMAHA Midwest C. M. Show Fails To Bring Crowds

OMAHA, NEBR. — The Midwest Coin Machine Show held here this past week, Monday and Tuesday, October 15 and 16, disappointed the majority of the exhibitors due to the fact that the large crowds which were expected never did make their appearance.

All in all, tho, the show was not considered a failure. It was best described by one well known distributor in this fashion, "Anyway, it brought us closer together with many competitors and gave us a chance to better understand each other."

The heads of the six states of music operators' associations that sponsored the show were all present.

Harold Klein, publicity chairman of the Show, worked very hard to make this show an outstanding success.

Jerry Witt, president of the Nebraska Automatic Phono. Ops. Assn.; Clinton S. Pierce, president of the Wisconsin Phono. Ops. Assn.; Charles Rose, president of the N. D. Music Ops Assn.; Mike Imig, president of the S. D. Phono Assn.; Tom Crosby, Games Assn.; and Leo C. Miller, president of the Iowa Aut. Music Ops Assn. were all on hand to greet those who attended the convention.

George A. Miller and the Board of Directors of Music Operators of America were present and held their meet immediately after the last day of the show, Wednesday, Oct. 17. Sidney H. Levine, attorney for MOA, was also present.

An impressive array of exhibitors were on hand. Each one had something new to show the ops. The big feature of this showing was the fact that premium displays predominated over everything else that was shown. The premium men are enjoying a boom.

The show actually got under way on Sunday evening. It continued to pick up on Monday. Tuesday, it is believed, proved to be the busiest day of all.

As far as hospitality and congeniality were concerned, this proved one of the very finest of meetings.

It also gave the men the opportunity to come closer together and spend a little more time getting acquainted with each other than they ordinarily would during a busy, bustling convention.

Over at Sicking's we found Exhibit's new "Shoot-A-Line" just about the most fascingting the gate wat but the taking a game from second call. fascinating target game yet out. In taking a game from secy. Cele Padwa (by default) and dropping one to Jack Simon, we decided that for continuous firing action, excitement and high scoring interest, this was it. . . Gottlieb's new 5-ball, "Rose Bowl," which is being eagerly awaited by a number of job-bers, should be a well timed number. Well in advance of the big football game from whence it got the name, this machine is timed perfectly.

Walked in at Badger just as Al Silverman was giddyapping aboard Exhibit's new horse-size "Pony Express". Understand the novelty ride has really caught on in both big and small models, with such locations as supermarkets and children's nurseries going for it as well as are the arcades. Al showed us his operation, the nine stitches taken in his leg when the corner of his car ripped into it while on his Chicago trip. Until the accident, he was having a great time visiting with Dave Rockola, a former employer, and Ray Maloney, Tommy Callaghan, Jack Nelson and many other equipment mfrs. in the Chicago area. Al says he was just going to contact Bill Gersh for an auld lang syne when he stopped the door with his leg. Despite the injury, Al brought home a couple of good deals for the Badger firm, we gathered.

"Going great," that's what Fred Gaunt of General Music says of Chicago Coin's "Six Player Bowler" and he adds, "It's the best out yet." . . . Al Bet-telman, over at C. A. Robinson's, had a special word for the way United's "Zingo" is zingoing right out. In addition to a really large variety of new and used equipt, the Robinson firm is now stocking a full line of tubes, bulbs and parts, Al noted. . . . At Paul Laymon's, we spotted an op giving Bally's "Coney Island" a workout, and he must have been pleased with what he saw as Paul went into a huddle on a deal with him. Andy O'Berg made a trip to his farm just to see how close the oil rigs were getting. How about selling some oil stock, Andy?

BRYSON'S JUKE BOX COPY-RIGHT AMENDMENT BILL HEARINGS START OCT. 25 Representative's Bill (H. R. 5473) To Be Heard Before

Committee on the Judiciary To Amend Copyright Act and Make Juke Box Operators Pay Royalties And Submit Monthly Reports To Owner Of Copyright. Coin Machine Industry Alerted. Attorneys To Appear.

WASHINGTON — Hearings start on October 25 on Rep. Joseph Bryson's (D., S.C.) bill (H. R. 5473) before the House of Representatives Sub-Committee on the Judiciary.

This bill is similar to others which have been presented in the past.

It again makes an effort to have the Copyright Act changed so that juke boxes will be forced to pay royalties for copyrighted music.

The bill states, "The public reproduction or rendition of a musical composition by or upon a coin-operated machine shall be deemed a public performance for profit..."

This is the very same bill that harkens back to some years ago and which wording has been introduced time and again in the past years in an effort to make the nation's automatic music ops pay royalties to such organizations as ASCAP.

The entire industry has been alerted to the public hearings to be held before the House Sub-Committee on the Judiciary.

Attorneys for MOA as well as for the juke box manufacturers will be present.

On the other side, it is reported that all facets of the music business will line up solidly for the passage of this amendment. It is stated that music business organizations are going all-out to get the amendment into the legislative books.

It is sincerely believed by all leaders in the field that these hearings are more serious than any others which have been held in the past.

It is also hoped that everyone of the nation's juke box operators will be ready to be called upon is necessary for whatever help will be needed. 82D CONGRESS 1st Session

H.R. 5473

IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 25, 1951

Mr. BRYSON introduced the following bill; which was referred to the Committee on the Judiciary

A BILL

To amend section 1 of title 17 of the United States Code to make the public reproduction or rendition of a musical composition by or upon a coin-operated machine a public performance for profit when a fee is not charged for admission to the place where such reproduction or rendition occurs, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 1 of title 17 of the United States Code is amended by striking out the last paragraph of subsection (e) of such section, and by adding at the end of such section a new subsection as follows:

"(f) The public reproduction or rendition of a musical composition by or upon a coin-operated machine shall be deemed a public performance for profit by the owner or operator thereof whether or not a fee is charged for admission to the place where such reproduction or rendition occurs. Whenever a disk or other device for mechanical reproduction of a copyrighted musical composition, the playing time of which is four minutes or less, has been lawfully manufactured in accordance with the provisions of subsection (e), any person may perform, reproduce, or render such musical composition by use of such disk or device in, by, or upon, a coin-operated machine at a place to which no admission fee is charged, upon payment by the owner or operator of such coin-operated machine to the proprietor of the copyrighted composition, of a royalty computed as follows: For each such copyrighted composition on a disk or device the sum of one cent for each week (or fraction thereof) of consecutive time during which such disk or device shall remain in the machine. An owner or operator shall be entitled to the benefits of this subsection by furnishing, on or before the last day of each month, a report to the provietor of the copyrighted composition, stating the amount of royalties due during the previous month, and by paying the royalties so due on or before the last day of the next succeeding month.

"The obligation to pay royalties under this subsection as to reproductions or renditions specified in this subsection shall be limited to the owner, operator, and/or distributor of two or more such coin-operated machines and/or other person having an interest in or relationship to such machine designed to control or obtain, directly or indirectly, participation in the receipts of the machine, except that this limitation shall not apply to any owner, operator, and/or distributor if a fee is charged for admission to the place where such reproduction or rendition occurs. The proprietor of a copyrighted composition may not collect royalties from more than one owner, operator, and/or distributor of any such coin-operated machine for said composition on a disk or device in said machine during any particular period of time."

SEC. 2. This Act shall take effect as of July 1, 1952.

And all it Cost was

That 92ϕ a week allows me to use a 40 word classified ad in each and every week's issue of The Cash Box for a full year of 52 weeks-plus, giving me a full \$15 per year subscription free of charge. What a bargain that is—a total value of \$181.40 for only \$48.

But, that isn't all. The fact is that my first classified ad in The Cash Box brought me back more than my entire total investment of \$48 and, I still have 51 ads more to use in the biggest and most outstanding classified advertising department in the entire industry. Remember The Cash Box publishes more classified ads each week than all the other magazines publish in a month.

Brother, that's where I want to spend my money-where everyone reads my ads-for whatever they want to buy or want to sell. And, when I can get a bargain of such a history-making nature, I'm going to invest my 48 bucks, which actually amounts to only 92¢ a week, to let the entire industry know that I'm in business.

Take my advice, friend, and start making yourself some real money while getting yourself recognition from everyone in the industry --send your check for \$48 along with your first 40 word classified ad today to: THE CASH BOX, EMPIRE STATE BLDG., NEW YORK 1, N. Y.

WEEK'S USED MACHINE OUOTATIONS

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price can only retartive the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange —posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists", rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, hav-ing a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the

peculiarities of his territory. METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price.

This Week's Used Market

Activity in the used machines market was accelerated this week, but in general, prices held. Equipment offered was the more popular types of machines in all classifications. Most activity this week was noted in used shuffle games, popular models of music machines, and former

"hit" pin games and arcade equipment. Shuffle games led the parade, with practically every machine getting some attention. With all the activity, however, with few exceptions, prices asked were comparable to those of last week.

Music machines were offered in fair quantity, with prices of the better post-war models noticeably off slightly. This is attributed to the sale of new machines, and on which the wholesalers have been taking used machines in trade. While wholesalers state they would prefer to hold these machines, they haven't the storage space. Operators have a fine opportunity to grab up some good bargains at this time, and for which in some months to come there will be a decided increase in price.

Pin games, on a whole, was slightly more active than the previous week, altho prices in general remained the same-very few dropping, and very few going up.

Arcade equipment was quite active for this time of the year, with prices holding the level of the previous week.

The following was the most active equipment in this week's used market:

Most Active Shuffles & Rebounds
Held-Bally Shuffle-Bowler \$ 25.00-\$ 49.50
Held-Bally Speed Bowler. 49.50- 79.50
