Singer Dinah Washington, whose Mercury recording of "I Won't Cry Anymore" is riding high in rhythm and blues locations throughout the country, is pictured in a huddle with Ike Carpenter, musical director, and Ben Bart, president of Universal Attractions, Dinah's booking agent. The meeting took place on the west coast recently when she was starring at the Club Oasis in Los Angeles. Since then Dinah has scored a tremendous success at Birdland in New York.

ARE YOU MAKING ANY MONEY?

That's the aged and popular query when coinman meets coinman anywhere in the nation: "Are you making any money?"

Naturally, among all businessmen in whatever business they are engaged, this is, without any doubt, the most important question.

Are you making any money?

Can you continue on 5¢ play when the cost of new equipment, parts, supplies and services have risen anywhere from 200% to over 400%?

Even if the commission-percentage basis is cut down to 75% to the operator and 25% to the storekeeper can you make money?

It is a well known fact thruout the field that, once the commission-percentage basis is cut low, cut down to 70%-30% or 75%-25%, then the retailer's cooperation fades with the lower income he receives from the equipment.

When the storekeeper's cooperation is gone, or almost gone, then the equipment in his place of business might as well be removed.

To overcome this lack of cooperation which the down-to-the-bone-cut commission-percentage basis of 75%-25% brought about, dime play came into being.

It wasn't at all new. It was first proposed by this publication over eight years ago.

In fact, this publication even proposed the elimination of the nickel coin chute and a change to 2 plays 10c and 6 plays 25c for all phonos about the same time.

All this just didn't seem to work out over a steady period of time. Not that the play didn't continue right along, but, that regardless of the play, the intake wasn't enough to take care of the overhead expense which the operator was enduring. He simply had to "sell more."

Many times accountants have gone over the books of leading business firms and, after elimination of waste expenses, have stated:

"The only answer to your problem, Mr. Businessman, is more business. More sales to obtain more income for your firm. Only by more business, more sales, producing more income, is there a possibility for profit for your organization."

And that was just what the average operator thruout the country was faced with. He had to sell more. He had to take in more. So that there would be some "possibility for profit" from his operations.

Since the greater majority of the nation's ops were already selling the highest possible percentage of the public traffic entering the establishments where their equipment was located, then it simply resulted down to the point where the operator had to "obtain more" for what he was already selling.

To do that he had to swing over to 10c play. Even if the adoption of the dime coin chute would eliminate half the players (which would mean saving 50 percent wear and tear on his equipment) he would still be taking in as much.

But, at the same time, his equipment would last longer, wouldn't wear out as quickly, and would still be able to give good service for a 50 percent longer period of time. This, too, is mighty important in these days of trade-in profit angles and expensive equipment.

The resultant effect was, tho, that in almost every case, the loss of players wasn't anywhere near 50 percent of the number who played the equipment formerly.

This, then, meant greater intake for the operators. It mean't that they were seeing an overall higher average from their equipment.

Even if some of the poor spots dropped on dime play, and some of the mediocre spots continued about the same as on nickel play, the better spots boosted the general average sufficiently to show an overall increase.

But, as this increase came along, inflation grew more rampant and costs continued to rise for all parts, supplies and services, as well as higher costs of new machines.

Therefore, whether the operator is or is not as yet making money, he is to be considered having taken the right path.

In short, he has found the first step in increasing his intake, in selling more, in obtaining more for what he does sell, and, in the possibility that this greater income may, as things and ideas and plans develop, bring about the solution to:

"Are you making any money?"

THE CASH BOX covers the coin operated machines industry, and all allied to this industry in any fashion whatsoever, throughout the United States, Canada, Central and South America, Africa, Japan, Hawaii, Philippine Islands, and other Asiatic and Pacific countries, as well as certain European nations. The Cash Box is on hand at various American consular offices throughout the world. This coverage includes operators, jobbers, distributors and manufacturers and all allied to:—automatic coin operated music equipment; automatic coin operated vending and service machines; as well as coin operated amusement equipment; in all divisions. The music and record fields, recording artists, publishers of music, disc jockeys, radio stations, and all others in any fashion identified with, or allied to, the coin operated music machines industry are completely covered. Manufacturers and distributors

of various merchandise, parts, supplies, components and all materials used in the coin operated vending, music and amusement fields are covered by *The Cash Box*. Banks, finance firms, loan organizations and other financial institutions, expressly interested in the financing of coin operated machines of all types, are covered by *The Cash Box*.

THE CASH BOX IS RECOGNIZED by various associations of coin machine operators throughout the United States as their "official" weekly magazine.

"THE CONFIDENTIAL PRICE LISTS"

"The Confidential Price Lists" are the one and only officially recognized price guide of all new and used machines in the United States. "The Confidential Price Lists" are an exclusive, copyrighted feature of *The Cash Box*. "The Confidential Price Lists" report each week's low and high prices for all new and used coin operated machines, regardless of age, listing all market changes, and continually adding on all the new equipment as this equipment is announced to the industry. "The Confidential Price Lists" are recognized by many cities and states throughout the country as the "official price book of the coin operated machines industry". They are an integral part of *The Cash Box* and appear in each week's issue. "The Confidential Price Lists" are officially used in the settlement of estates, for buying, selling and trading of all coin operated equipment, and are also officially recognized for taxation purposes. "The Confidential Price Lists" are used by finance firms, factors, loan companies, bankers and other financial institutions to guide them in making loans to members of the coin operated machines industry. They have been legally recognized in courts throughout the United States and Canada. "The Confidential Price Lists" have been acclaimed by the coin operated machines industry. Entire business transactions and legal cases are based upon the quotations appearing in "The Confidential Price Lists".

NEW ERA

Defense Work Plus Lack of Materials Upsets Manufacturing Schedules and Brings Many Changes from Now Thru 1952

Tho this publication has made this statement before, it makes it again: There's a new era dawning in the coin operated machines business that promises to bring about a great many radical changes.

The leading manufactories of the industry are gradually being jammed with defense work.

This takes away their machine shop facilities and also takes over their die and tool makers, draftsmen and all skilled labor.

It means, in most cases, that only assembly lines of a much shorter nature, are left to the manufacturer.

One noted manufacturer reported, "Even if I wanted to fabricate new parts for this machine I wouldn't be able to do it. Our machine shop is working right around the clock completely engaged in defense work."

Even this is not as effective in halting new machines production as the CMP (Controlled Materials Plan) which is cutting the three great necessities for continued high volume production: copper, steel and aluminum, to a bare minimum.

With materials gone, and with the fact that more and still more defense work is being taken on by the average manufactory in the industry, there is little, if any, possibility, of any volume production in the fourth quarter of 1951 (October, November and December) and, especially, all during 1952, when the defense works program is being tremendously intensified in an effort to catch up with what the Russians already have built, and are building at top speed each and every day, while they try to lull the democracies to sleep with peace talks which can only mean absolutely nothing to peace.

With all this happening, even faster than the average coin machine man can conceive it, there is now no longer any doubt that this forthcoming peacetime-wartime economy will tremendously affect this industry.

Some manufacturers have been sufficiently farsighted to build up a stock of their standard products and warehouse them. Then continue to sell them as orders arrive.

Others are scheduling their production, and rationing their distributors, so that new machines will soon become something few will see.

In short, as one manufacturer stated, "We've been cut to the point where we can only see ourselves building about 500 games per month.

"That," he stated, "isn't enough to keep our factory in operation for a week.

"It means," he explained, "that we have to pick what we believe are the best machines we have, and build about 250 each of these each month.

"That number is sold even before the month's production gets under way."

This same manufacturer built more than 500 machines per week, even during slow weeks. The trade gets some idea of what the materials cuts brought about by the CMP mean to the industry.

In short, a new era is on the way, and will become ever more apparent, especially as the fourth quarter gets under way.

By that time distributors should be accustomed to receiving but a very small part of what they order.

Already salesmen sit with shipping department heads and allot whatever production is forthcoming each day to all their distributors, based on past sales performances and present needs.

It is no wonder, then, that the used machines market is perking up. This may be the saving force between the lack of new machines production, and the continuation of some manufacturing volume.

But, because there will continue to always be new machines, the used market will not rule the roost, as it did during World War II.

In short, this present condition is not war—and, certainly, is not peace. It's a wartime-peacetime economy which was promised the nation. It upsets all business.

If no new machines at all were forthcoming from the factories then the trade would realize it was back in the era of used machine sales.

But, there are some new machines forthcoming. Not many. But enough to upset the used machines appecart.

Upset it to the point where the used machines market must base itself on the price of the new machines.

In short, if a similar type new machine appears, and the machine sells for \$100, the used machines of this type cannot sell even near this price.

This, therefore, means a big break for the operators. It means that, even tho the prices of new machines are skyrocketing and will continue to go up because of labor and materials costs, used machines will not surpass these prices and will, with-

out any doubt, stay somewhere within reasonable distance.

Whatever will transpire as the months go by, there is now no doubt in the minds of all engaged in the field that manufacture, as it was known some months ago, is all over.

There will be but a tiny trickle of new machines coming to market. This will be enlarged by the purchase and sales of used machines.

Yet, used machines will not be able to dominate the picture. The trickle of new machines will always act as a threat against their price setup.

The new era is one that will probably last for many years. If there is no world war to intervene in between them. This is the era of a peacetime-wartime economy whereby these United States of America take over the defense and protection of the entire world.

In short, the point of power has shifted to this youngest of all the great nations. Now the peoples of this great land realize what it has meant to many other great nations, for years and years in the past, to guarantee the peace and protection of freedom loving people.

The era of confusion and adjustment is nearing its apex. From now on there will be a gradual glide down to the point of absolute agreement among the peoples of this nation that there is, and will endure for years to come, a peacetime-wartime economy which, if students who like to look into the future and predict, will last much, much longer than the optimistic words of Washington's politicians have been attempting to disseminate.

For many, many years to come, this nation will live in fear of war. And to offset that fear, will have to continue an era of wartime production, even tho peace is still in effect.

Little undeclared wars here and there. But, none that will mean anything—unless the big one comes along.

The new era is here.

The intelligent members of the industry will know what to do to best offset whatever economic slides may come about.

This is an era for fast thinking, hard working businessmen.

Right now: It is the era of the jitters. But also The Era of the Big Boom . . . beginning this October, 1951.

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"WONDER WHY" (3:20)
"I CAN SEE YOU" (2:58)

VIC DAMONE
(Mercury 5669; 5669 x 45)

● A beautiful ballad from Vic Damone's first film "Rich Young And Pretty" provides him with a disk that could easily step out. Vic performs it in great style as George Siravo does the orchestration. The lower end is another ballad from the film on which Vic does well. The top deck has strong possibilities.

"DIMPLES AND CHERRY CHEEKS"
(2:42)

"BY THE LIGHT OF THE STARS"
(2:42)

JAN GARBER ORCH.
(Capitol 1742; F-1742)

● An appealing novelty is given a going over on the upper end by Jan Garber and his crew. Roy Cordell does the vocal on this one and gives it that light touch. Bottom half is another tune sung by Roy. The first side is the more likely one.

"YOU'LL KNOW" (2:38)
"FIVE LITTLE MILES FROM
SAN BERDOO" (2:49)

JANE RUSSELL
(London 969)

● Jane Russell tries her voice on records and without being able to see her too, her charms seem a little dimmed. The first side is a Latin rhythm number while the second side is a novelty on which she fares somewhat better. Her fans might care to hear this.

"WITH ALL MY HEART AND SOUL"
(2:46)

"TELL ME AGAIN" (2:38)

DICK JAMES
(London 1053)

● Dick James teams up with Pearl Cobb on the upper end to come through with a soft duet. This pleasant item has Stanley Black's orchestra doing the backing. On the lower end Dick goes it alone getting some nice feeling into the number. Although not world shaking, this one may get some play.

"YOU BLEW OUT THE FLAME"
(2:43)

"THE DAY ISN'T LONG ENOUGH"
(2:56)

TEX BENEKE ORCH.
(MGM 11029; K11029)

● A very catchy melody gets a nice workout from Tex Beneke and his band. Tex does the vocal on this as the boys back him up with a jumpy instrumental. The second side is a ballad done slowly. The top deck is the more commercial endeavor.

"ENCHANTED LAND" (2:53)
"I'VE GOT MY MIND ON YOU"
(2:38)

BILLY ECKSTINE
(MGM 11028; K11028)

● Taking a tune in beguine tempo, Billy Eckstine gives it a top notch vocal as Pete Rugolo and the orchestra back him up. The second half is a ballad again getting the typical Eckstine treatment. This time Russ Case does the orchestration. This one will do ok in the boxes.

DISK OF THE WEEK

"THE WORLD IS WAITING FOR THE SUNRISE" (2:09)

"WHISPERING" (1:58)

LES PAUL & MARY FORD

(Capitol 1748; F-1748)

LES PAUL & MARY FORD

● Les Paul and Mary Ford have another oldie to bring back into the limelight on this disk and what a job they do with it. Taking "The World Is Waiting For The Sun-

rise", the couple do it as it has never been done before and assure its resurgence in the coming months. Ops who are still counting the coin from "How High The Moon" can get ready again. Here's another one. Mary is singing this in all her voices and Les' guitar sounds like an avalanche. This is something to hear. On the lower end, Les does "Whispering" alone with his guitar sounding again like a group, he makes it grand listening. The top deck, which in every way is equal to the best that Les and Mary have ever done, is destined for a great ride. Ops are advised to ride along.

"THREE HANDED WOMAN" (2:49)

"MY BABY'S GONE" (2:56)

WOODY HERMAN ORCH.

(MGM 11026; K11026)

● A novelty that's been getting a lot of attention serves Woody Herman with some likely material on the first side. Woody and the band jump through this one in nice style. The bottom side is a Latin American rhythm piece on which the boys again do ok. Ops might take a peek.

"I WANT TO BE NEAR YOU" (2:37)

"I WILL NEVER CHANGE" (2:54)

JOHNNY DESMOND

(MGM 11027; K11027)

● A dynamic tune with great potential is offered by Johnny Desmond on the upper half. Johnny makes this jaunty tune one of his best recent sides as the Ray Charles Singers and Tony Mattola's orchestra back him up. The second half is a ballad done slowly by Johnny. The top deck could be big.

"PENNY WHISTLE BOOGIE" (2:53)

"PENNY WHISTLE BLUES" (2:43)

WILLARD COLE

(London 1038)

● Here's a new instrument — or more accurately an old one — used for modern purposes. Willard Cole takes a thing called the flageolet and turns out some interesting sounding music. The flageolet seems to be a high pitched instrument of historical interest and this disk seems to be made for those with like interests.

"THAT OLD FEELING" (2:54)

"BUGLE CALL RAG" (2:35)

CHARLIE VENTURA ORCH.

(Mercury 8949)

● Charlie Ventura and his orchestra give out with some fine music on this one. First they do an oldie in slow style and then they take another standard and really give it a ride. This one needs the right locations but it should do very well in them.

"THAT'S HOW YOUR MOM BECAME
MINE" (2:53)

"THE PICNIC SONG" (2:58)

YOGI YORGESSION
(Capitol 1734; F-1734)

● On the first side, Yogi Yorgesson has a very sentimental piece to offer. Doing it to the accompaniment of organ music, this one gets a little sticky at times. The bottom half is a more appealing novelty on which Yogi tells a story with a moral. Ops might take a peek.

"JOSEPHINE" (2:19)

"CASA LOMA STOMP" (2:08)

THE MADCAPS
(Decca 27702; 9-27702)

● The Madcaps, a harmonica group, turn in a grand job on this oldie which is currently being revived. With some very cute touches to go along, the boys show a lively feeling for this. On the lower end they're moving fast again giving with some more good music. Ops oughta take this one in.

"MARY ROSE" (2:30)

"IT'S OVER" (2:30)

RAY BARBOUR
(Mercury 5689; 5689 x 45)

● Ray Barbour has a good new ballad to work with on the top deck. Taking a Dutch import, Ray gives it a listenable vocal as Russ Case provides the musical background. The bottom half is another ballad which sounds ok. The top half is the one that could go.

"IN THE HALL OF THE MOUNTAIN
KING" (2:55)

"JAZZ PIZZICATO" (2:38)

BARCLAY ALLEN
(Capitol 1744; F-1744)

● Some interesting music comes our way as Barclay Allen and his rhythm four go to work on two light numbers. Each end gets some fine instrumentals as the boys get going in a delicate style. Although not for every box, this should do well in specialized locations.

"I'VE GOT YOU UNDER MY SKIN"
(3:05)

"FAREWELL, FAREWELL TO
LOVE" (3:00)

GEORGE SIRAVO ORCH.
(Mercury 5688; 5688 x 45)

● An old standard is given a jumpy rendition on the upper half by George Siravo and his boys. Done as an instrumental, this one is good to hear. The lower end is in a slower vein with Sue Bennett turning in a worthwhile vocal. Ops might take a look at this.

"VENTURA BOULEVARD BOOGIE"
(2:42)

"I LOVE A PIANO" (2:51)

JOE "FINGERS" CARR & EWING SISTERS
(Capitol 1733; F-1733)

● A terrific side is offered here with the Ewing Sisters and Joe "Fingers" Carr getting together. Joe comes up with some great piano work as the girls follow through on the vocal end to make this a strong contender. The bottom half is a novelty with some more good performances. Ops mustn't miss the first side.

BEST BETS

In the opinion of The Cash Box music staff, records listed below, in addition to the "Disk" and "Sleeper" Of The Week, are those most likely to achieve popularity.

- ★ "I WANT TO BE NEAR YOU"..... Johnny Desmond... MGM 11027; K11027
- ★ "WONDER WHY"..... Vic Damone... Mercury 5669; 5669 x 45
- ★ "ONLY, ONLY YOU"..... Ames Brothers... Coral 60549; 9-60549
- ★ "WAY UP IN NORTH CAROLINA".... The Belltones... Mercury 5692; 5692 x 45

WHAT'S ALL THIS NONSENSE ABOUT FRANKENSTEINS AND DISK JOCKEYS?

There seems to be a contest going on among certain trade paper editors to determine who can write the nastiest things about disk jockeys. During the past few months, in one sheet or another, jockeys have been accused of everything from stealing their mother's false teeth to claiming credit for the popularity of "The Star Spangled Banner".

It's become a practice among these editors, everytime some white space stares them in the face, to work up steam about the dj. And this is all sanctimoniously done in the name of helping the music business.

One paper periodically drags out the old payola story. In mysterious terms, it talks about leading disk jockeys being on the take. But when asked to name names and give evidence, it pulls the gag about journalistic ethics preventing the disclosure of its sources. Journalistic ethics, in such a case, is used to clothe flagrant irresponsibility whereby groups of men are accused in the most general terms and yet cannot defend themselves since no one is accused personally.

Most disk jockeys, smarting under such attacks, nevertheless feel it best to say nothing lest in proclaiming their innocence they be asked, "Why are YOU defending yourself?"

Another paper recently devoted a great deal of space to prove that old, old equation, disk jockey=frankenstein. In a rambling perusal of the ills of the music business, the disk jockey was the focus of every fault in the music world down to and including the naïveté of his sponsor.

It's about time that we looked at the disk jockey in a somewhat objective light, not as a god or a devil but as a guy who's found a place in the entertainment world because he offers an effective and comparatively inexpensive means of bringing a sponsor's product to the attention of the public. That is his main job. The fact that for the greater part of his program he plays records, can only help everyone in the business to greater sales—the songwriter, the publisher, the artist and the record company.

What kind of frankenstein can this be who has played a part in building the popularity and acceptance of records to the position it enjoys today?

Let's examine then some of the charges against djs:

THE OLD PAYOLA

Sure there are some disk jockeys who can be bought. There are small time jerks in every business everywhere in the country. They can be had for anything from a can of beans to a Cadillac. But since when should this reflect upon the great majority of honest men in every industry who do their job as well as they know how and with all the integrity demanded of them?

How about a moratorium on vague stories about payola? If you have the goods on a guy, all well and good. Let him have it. If you haven't, there are plenty of other constructive factors that can be worked for in the music business without printing a lot of unprovable rumors.

WHO MAKES THE HITS?

In the last analysis, it's the public—and the public alone—that creates a hit. Everyone knows of cases where disk jockeys plugged tunes like mad, where publishers and record companies spent thousands for exploitation—and nothing happened. The public just didn't like the song or treatment or both.

On the other hand, everyone knows of sleepers that came out of left field with no ballyhoo at all and just caught on because the paying customers wanted to hear them.

A disk jockey (and most of them will be quick to admit this) can only present a tune to the public. He can't make anyone like it.

Of course some djs are vain. Of course some like to think they helped create a tune. Well in many cases they did help, and in those

where they claim they did but didn't—let him who is without sin, cast the first stone.

THAT GAG ABOUT THE GOOD OLD DAYS

There are constant references in all these attacks on disk jockeys to the music business of the good old days when songs sold on their own merits and didn't depend on records. Someone ought to tell those guys that there never were any good old days. The business had just as many difficulties and hazards then as it does now. They were only different—not easier to take.

It's much less difficult to accept the compelling fact that conditions change as time progresses if we forget about what used to be. Today the simple truth is that records make hit tunes almost singlehandedly. No amount of wailing, moaning and breastbeating will change it. In the coming years other factors may develop to alter this, but today the record is the thing.

It's a simple fact too that the quickest way to get a disk before a large audience is through a disk jockey for through him a record is not only brought to the attention of the buying public, but can also be introduced to the buying music operator and dealer.

So let's stop living in the past for a while—at least long enough to recognize reality. And reality makes it very clear that songs and records and disk jockeys go hand in hand.

In place of the periodic attacks on djs all in the name of helping the business, we would like to offer the suggestion that a better approach might be to treat the jockey as a fellow who wants to and can do a lot of good and who cares about the music business because it's his business.

Let's start judging disk jockeys by the great majority who are honest, capable, sincere entertainers rather than by the few who are heels.

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"ONLY, ONLY YOU" (2:35)

"EVERYTHING'S GONNA BE ALRIGHT" (3:02)

AMES BROTHERS

(Coral 60549; 9-60549)

● The Ames Brothers have a potent item in a very infectious tune on the upper level. Giving it their usual smooth treatment, the boys haven't had as likely a disk for a long time. Second half is a happy novelty in Latin rhythm. Marty Manning's orchestra provides the musical setting on either side. Ops have to keep an eye on the top half.

"WAY UP IN NORTH CAROLINA" (2:32)

"STOP WORRIN'" (2:52)

THE BELLTONES

(Mercury 5692; 5692 x 45)

● A real sleeper shows up here in a cute ditty done by the Belltones with a lot of zest. Featuring Davis and Bebbe on the vocal, this side has great possibilities. The lower end too is a very appealing one with the same group giving a winning performance. The top deck is a must for ops.

"WHAT IS GOD?" (3:27)

"MAY THE ANGELS SLEEP ON YOUR PILLOW" (2:58)

DON McNEIL & FRAN ALLISON

(RCA Victor 20-4210; 47-4210)

● Don McNeil and Fran Allison team up to give forth with a children's piece with a religious theme. Don does the recitation while Fran sings the lyrics. On the second side, she goes through a sentimental little piece. This is very specialized material not suitable for every box.

"TEN LITTLE BOTTLES IN THE SINK" (2:40)

"OKMNX" (2:16)

MEL BLANC

(Capitol 1727; F-1727)

● A little novelty during which Mel Blanc gets progressively stewed provides the comedian with some funny disk material. Mel is backed up by Billy May as he runs through ten bottles. On the bottom end he has a novelty with a play on letters. Ops might take a peek.

"HOT TIME IN NEW ORLEANS TONIGHT" (2:25)

"THE LAST CAROUSE" (2:35)

REX ALLEN

(Mercury 5686; 5686 x 45)

● Rex Allen has a couple of different type numbers to offer here. The top deck is a lively item on which the Jack Halloran Choir and Lew Douglas' orchestra help out. The bottom half is an unusual drinking song, a little too deadly in theme. The upper half should get some play.

SLEEPER OF THE WEEK

"BLOW, BLOW, WINDS OF THE SEA" (2:54)

"MAKE BELIEVE LAND" (2:46)

HUGO WINTERHALTER ORCH.

(RCA Victor 20-4212; 47-4212)

HUGO WINTERHALTER

● Hugo Winterhalter has a likely side in a tune called "Blow, Blow, Winds Of The Sea". With his orchestra and chorus giving a top notch performance on this appealing number, it looks as though

Hugo has a hit on his hands. Ops can have the same if they get this one into their machines. The tune is a dynamic one in that it keeps you listening for more and humming the melody. Ginny Gibson does a grand job with the vocal as the chorus and orchestra under Winterhalter's direction pitch in to help make this an appealing side. The bottom half, labeled "Make Believe Land", is another new ballad with a dreamy feeling which the aggregation also does well as Stuart Foster delivers the vocal. The side which looks as though it might step out is the first one. Ops better keep an eye on it.

"LOVE YOU MADLY" (2:57)

"SMOOTH SAILING" (3:04)

ELLA FITZGERALD

(Decca 27695; 9-27695)

● Ella Fitzgerald has two sides here which her fans are sure to take to. First half is an interesting tune to which she gives her own interpretation as Sy Oliver and the orchestra back her up. Bottom half is one of those things Ella is famous for, singing without words. It makes for good listening.

"THREE HANDED WOMAN" (2:42)

"PLEASE DON'T LEAVE ME" (3:11)

LOUIS JORDAN

(Decca 27694; 9-27694)

● Louis Jordan is at it again, turning out those sides which are wonderful to hear. Louis has a jumpy tune on the top deck with contrasting organ music in the background. The lower half is a low down sounding blues number with some grand instrumentals. Ops in the right spots will want to tune in.

"THE GLOCKENSPIEL" (2:43)

"THE CIRCUS DAY PARADE" (2:20)

GUY LOMBARDO

(Decca 27692; 9-27692)

● A couple of beer drinking ditties are turned out on this platter by Guy Lombardo. On the first side the Trio runs through a pleasant sounding thing with bells predominating. The bottom half is a march with Kenny Gardner doing the vocalizing. This is for Lombardo followers.

"EVERLASTING" (2:52)

"AT THE END OF THE DAY" (2:48)

GRACIE FIELDS

(London 1068)

● Gracie Fields has two numbers to offer in her loud recognizable way. The first side is a pretty tune on which Gracie gets some help from the Eight Stars and Bob Farnon's orchestra. The second half is a slow religious side. Ops in the proper locations might have a look.

"DEEP NIGHT" (2:53)

"GOT HIM OFF MY HANDS" (2:48)

MARION MORGAN

(MGM 11034; K11034)

● A standard is given another go here as Marion Morgan does a wonderful job with it. Leroy Holmes provides a beautiful accompaniment and together these artists give this side a lot of distinction. Lower end is a torchy number with Marion again turning in some good work. This is a disk to watch.

"IT'S ALL IN THE GAME" (2:48)

"ALL OVER AGAIN" (2:52)

TOMMY EDWARDS

(MGM 11035; K11035)

● Tommy Edwards, who keeps showing more promise with each record, continues his progress with two more listenable sides. Each end is done in the misty style which Tommy has made his own and each deserves to be heard by ops. This is a good follow up to Tommy's "Morningside Of The Mountain."

"I LIKE IT—I LIKE IT" (2:43)

"I'LL TELL A POLICEMAN ON YOU" (2:39)

JERRY LEWIS

(Capitol 1740; F-1740)

● Jerry Lewis is performing his antics again, this time with two novelties tailor made for him. The top deck, which is the better side, gets a spirited going over from Jerry as Dick Stabile makes with music. The bottom half doesn't do much. Jerry's fans are gonna go for this however.

"TENNESSEE BLUES" (3:04)

"I CAN'T FORGET" (2:35)

DINNING SISTERS & JAN GARBER

(Capitol 1726; F-1726)

● A very slow blues number gives the Dinning Sisters and Jan Garber a likely side. The girls harmonize in fine form on this tune as Jan does right by the orchestrating. The second half is an easy going ballad with more good performances. The top side is the one to watch.

"TEMPTATION" (2:35)

"THE HAPPY WALTZ" (2:37)

KEN WILSON & BILL GREEN

(Columbia 39401; 4-39401)

● An interesting mixture of organ and piano makes for some good listening on this disk. Ken Wilson plays the organ and Bill Green the piano as the pair try an oldie on the upper deck. The bottom half is in waltz tempo just right for their type of playing. This is good for the quieter spots.

"WOMAN IS A FIVE LETTER WORD" (2:53)

"I'LL FOLLOW YOU" (2:43)

HARRY RANCH

(MGM 11018; K11018)

● A couple of very cute tunes are worked over here by Harry Ranch accompanied by Jane Martin, Dick Wise and the Trio. The upper half is a slow go with listenable lyrics while the lower half is a novelty on which the group do a good job. Ops oughta tune in.

"A COTTAGE WITH A PRAYER" (2:53)

"LORD UPS AN' DOWNS" (3:10)

MILLS BROTHERS

(Decca 27683; 9-27683)

● The Mills keep turning out their own brand of harmony. On the upper side they try a slow, sentimental tune with a good solo and harmony. The bottom end is an English novelty which the boys do complete with accent and all. This should get a play on the boxes.

ROUND THE WAX CIRCLE

NEW YORK:

Dave Kapp left for Europe last week reportedly having settled his contract with Decca for \$75,000. . . . Cafe Society Downtown was closed on the night of August 2 by an order from the Collector of Internal Revenue. . . . As a result of the success of their disk, "Out O' Breath", Guy Lombardo and Gloria DeHaven will do six more sides together. . . . Norman Prescott, WORL dj in Boston and his promotion man Bob Cabitt, have had quite a long association. They've been buddies for more than ten years having gone to school together. They've worked together in the radio business for the last four years on various free lance shows and in October they started at WORL as a team, Norm as program director and disk jockey, Bob as promotion manager. . . . Henry Okun pondering some offers as consultant for disk firms. . . . "Wonderful, Wasn't It", Frankie Laine's new disk is wonderful, isn't it? . . . Ella Fitzgerald will play a two week engagement at the Bandbox in Chicago prior to embarking on her nationwide tour with Norman Granz, "Jazz At the Phil-

harmonic" organization. . . . It looks like Hadaacol is rounding up every top star in the country for its show. . . . Dolores Gray, star of the musical "Two On The Aisle", has been signed to a Decca contract. Prior to her appearance in her current show, she scored as the lead in the London company of "Annie Get Your Gun." . . . Wilf Carter (Montana Slim) in town this week to record "Wha Happened?" for Victor which Dawn Music will publish. . . . Acuff-Rose sent to disk jockeys a shot of Tony Bennett singing "Cold, Cold Heart" before an enraptured audience at the St. Benedictine Church in Cleveland. . . . Capitol Records singer Johnny Parker is testing at R.K.O. for a role in "The U. S. O. Story." Based on the belief that Duchess Music's new tune "Woman Is A Five Letter Word", recorded by Harry Ranch on MGM, is great for juke box operators, samples are being sent all over the country for ops via MGM distrib. . . . Sammy Kaye's new Sunday Serenade will make its bow on October 7, sponsored by Sylvania. Show will originate from a different city each week over ABC network.

CHICAGO:

Dear Editor: With my secretary on vacation I've been forced to do lots of things I've almost forgotten how to do. Like calling up dozens of ops and asking (very politely), "May I have your top ten tunes please?" And, to learn, that the tunes are all ready and "waiting" for The Cash Box. But, what's even more important, to hear the comment of the guys and gals who compile these lists for us (by what their agents out in the field tell them are "making money") and have them report on this and that artist or ork pilot and give very "personal opinions" of their latest recordings. This, in itself, is an education for any of the exploitation guys. . . . Anyway, we learned from some of the gals, who compile what the boys out covering the locations want, that Tony Bennett is zooming into terrific popularity 'round the town. (Next time Tony comes in we will have to drag him around to meet some of these people) . . . We also learned that Mario Lanza remains "tops." . . . And that Dinah Shore is actually revered by the gals and the guys. All are tremendously happy that she kicked off so swellishly with "Sweet Violets." That Billy Williams Quartet is going up fast with all the juke box people here. (We're sure sorry now we didn't take Billy around to meet the juke box people) . . . That Tony Martin is the gleam in many a gal's eye and heart 'round Chi's juke box circuit. So, next time Tony comes 'round to sing at the Chez, we'll have to spend a day introducing this handsome handsome to the gals who "call the shots" for his disks. . . . Well, Mr. Editor, we've gone off course quite a bit, so, down to our own town's doings. . . . Billy Daniels (who so impressed us when he was at the Savannah Club in the Village) is comin' in to the Chez Paree. . . . Jimmy Martin's "Sharp" label is growin' ever more popular everywhere and he's got one terrific tune that listens like the money. . . . Can't beat those Chess boys. They're clickin' with "Juiced" while "Rocket 88" is still selling.

BILLY WILLIAMS

LOS ANGELES:

Great to hear that one of our favorite people and dee-jays name of George Jay has opened his popular "Show People's Show" at a really live spot on Restaurant Row. . . . It's the Ming Room, now run by another old friend named Bruce Wong . . . KGFJ will carry the show from midnight to 4 a.m. . . . Things 'apoppin at Swingtime, whose Franklin Kort buzzed us with news of their releasing Cecil Gant's "All Because of You," Ray Charles' "What Have I Done" and the proved hits, former Supreme masters, of Paula (Little Bird Told Me) Watson's "Pretty Poppa Blues" and "Paula's Nightmare," Jimmy Witherspoon's "Cain River Blues" and Percy Mayfield's "Two Years of Torture." . . . Met up with Arnold Haber, a very nice young guy, now handling promotion for Decca and off to a flying start on Bing Crosby's and Jane Wyman's "In the Cool, Cool, Cool of the Evening." . . . Chatted with Sylvester Cross, headman of American Music, just back from an eight-month stay in New York. . . . He tells us that our former roommate Wally Brady is now headquartering his professional management for the firm in the Big City and that American has a big thing off fast in "The Girl in the Wood," via Frankie Laine on Columbia and Terry Gilkyson on Decca. . . . American did all right on "Beautiful Brown Eyes," winding up with 22 records, Cross tells us.

BING CROSBY

Had our first visit with Floyd Bittaker since he took over as division sales manager for Capitol, operating out of their downtown distribution point. . . . The long rumored move of headman Glenn Wallichs and the Capitol home office to New York is slated to take place soon, and Floyd decided to stay out here in Los Angeles for reasons of family health. . . . Just about all the majors seem to have reshuffled their distribution personnel of late in these parts, at least in the promotional end.

THE CASH BOX

Disk Jockeys' REGIONAL RECORD REPORTS

Listings below are reprinted exactly as submitted by leading disk jockeys throughout the nation for the week ending August 11 without any changes on the part of THE CASH BOX.

ADVANCE PREDICTION ■ **WAY UP IN NORTH CAROLINA** (Raleigh) — From left field comes this ditty by the Belltones (Colonial 714) which may well turn out to be one of the biggest hits of the year. The major labels are rushing it. Belltones have cut a superb side.

* * * * *

MOVING UP ■ **CASTLE ROCK** (Wemar) — Originally a rhythm instrumental, introduced by Johnny Hodges (Mer. 8944), three new vocal versions by Frank Sinatra-Harry James (Col. 39527), the Fontane Sisters (Vic. 20-4213) and Sy Oliver (Dec. 27707) are moving upward on the lists. Tune is high on the Rhythm and Blues "most played" lists. (Vocal versions are non-exclusive BMI)

* * * * *

RATES HONORS ■ **BLUE VELVET** (Meridian) — Decca's new singing star, Arthur Prysock with Sy Oliver's orchestra (Dec. 27722) tees off on this excellent ballad with appealing effect. Meanwhile Tony Bennett and Percy Faith (Col.) combine on a disc that will rate honors.

* * * * *

DANCE CLICK ■ **THE WINKY DINK** (Sheldon) — Ralph Flanagan (Vic. 20-4222) and Hot Lips Johnson (Dec. 27651) are strong contenders with this new Harlem dance sensation. Record distributors are moving the Flanagan disc.

* * * * *

DINAH SHORE HIT ■ **TEN THOUSAND MILES** (Serenade) — Dinah Shore (Vic. 20-4175) shows up with a definite possibility in this item which has what it takes. Buzz Butler (Mer. 6334) and Jenks Carman (Cap. 1571), too, are in the money with their versions.

* * * * *

FOLK TO POP ■ **HEY, GOOD LOOKIN'** (Acuff-Rose) — Hank Williams (MGM 11000), one of the top folk artists who has started many a pop number, contributes another ditty headed for the best sellers.

* * * * *

BIG KIDISK ■ **DANDY HANDY AND CANDY** (Marks) — Rosemary Clooney (Col. 90125) comes up with a kiddie item that promises to equal in popularity those in her usual repertoire. Will be big in the children's department.

EDDIE WILCOX ORCHESTRA & BETTE McLAURIN

(Derby 766)

BETTE McLAURIN

● The Eddie Wilcox orchestra and Bette McLaurin get together on the top deck to offer a wonderful arrangement of an old pop tune. This number has tremendous potentialities and with the first rate treatment given to it, it can

easily break out. A blues item, it is one of those strong and forceful type ballads that always carry great listening appeal. Bette delivers a powerful and meaningful vocal which does justice to the lyrics and melody. Eddie and his crew back this fine chirping with an instrumental that adds to the presentation. The second end finds Eddie and his orchestra taking off with a lively jump tune and coming out with a pleasurable instrumental. Some real good sax and piano playing are featured here as finishing touches to a swell side. Ops have strong material on this disk and surely can't miss with the upper level. Our advice is to get with it fast.

"BABY, I'M ALONE" (2:32)
"LITTLE GIRL, LITTLE GIRL" (2:43)

PAUL GAYTEN ORCHESTRA
(Regal 3329)

● Paul Gayten and his orchestra belt home a hard driving jump tune. With a fair vocal to go along with the instrumental, the crew turns out a listenable end. Flip is a change up in the form of a slow and low down blues number. The vocalist is shown to better advantage on this half. We like the lower lid.

"SHE'S GONE WITH THE WIND" (2:34)
"WHICH WOMAN DO I LOVE?" (2:43)

THE SUGARMAN
(Sittin' In 609)

● The Sugarman offers a listenable item on the top deck. It's a slow, driving number that is delivered in a talking manner. Flip is another such tune that also gets a similar treatment. Both ends are backed by some good guitar playing. Ops in the market for items of this nature oughta tune in.

"REAL TRUE GAL" (2:21)
"RAMPAGING MAMA" (2:48)

BLOW TOP LYNN
(RCA Victor 22-0139; 49-0139)

● Blow Top Lynn, with Melvin Smith piping the lyrics, spins through a slow, forceful tune. The vocal is delivered in that typical blues style, while the band supplies a fitting backdrop. The bottom deck is a bouncy instrumental that's real gone. Ops should get play on both ends.

"MEAN LITTLE WOMAN" (2:45)
"THE GIRL I LOVE" (2:44)

MEMPHIS SLIM
(Peacock 1517)

● Memphis Slim comes up with a pair of loud rhythm sides. The top end is a typical blues number that is offered by Slim in that low down style. The under level is a loud, hard hitting tune that gets an appropriate vocal and a fitting instrumental backing from the band. Ops have their choice of either half.

"EYESIGHT TO THE BLIND" (2:47)
"CATCH 'EM YOUNG, TREAT 'EM ROUGH, TELL 'EM NOTHIN'" (2:48)

BILL DAVIS TRIO
(Okeh 6808)

● Here is a tune that has already created a big fuss in the rhythm and blues field. The Bill Davis trio gives this slow number a strong treatment with a fine instrumental and vocal. The bottom lid is a bouncy item that also gets good handling from the vocalist and band. The top end should get its share.

"RHYTHM BOOGIE" (3:00)
"WHEN YOU AND I WERE YOUNG MAGGIE" (3:02)

ALBERT AMMONS
(Mercury 8242)

● Albert Ammons hammers out a couple of listenable instrumentals on the ivories. The upper deck is a fast moving thing that has plenty of that boogie beat to offer. The second level is another jumpy thing that is also dished out a the piano by Albert. Ops have strong filler items here.

"DARKNESS BLUES" (2:23)
"INFLATION BLUES" (2:45)

GEORGE VANN
(Savoy 811)

● George Vann doles out a listenable vocal to a slow, forceful blues number. The band helps in setting the proper mood for his warbling. The under half shows George to better advantage as he hops through a nice sounding jump tune. This side features a bit of good sax playing. We give our nod to the lower deck.

"YOU RAN AWAY WITH MY HEART" (2:42)
"AT LAST" (2:46)

THE MAJORS
(Derby 763)

● The Majors have a lovely blues item on the top deck that can easily go all the way. The soloist gives out with a tearful vocal while the group offers a grand backing for him. The under lid is a slow, soft ballad that gets a meaningful rendition from the boys. The upper lid is a sleeper and ops would be wise to watch it.

BMI's Collection of American Musicana Scheduled For Illinois State Fair

NEW YORK—BMI's rare collection of "American Musicana" will be placed on exhibition at the Illinois State Fair in Springfield August 10 through August 19. Hy Reiter, advertising and promotion manager who designed the exhibit, left for Springfield this week (Wed., August 8) with more than a ton of manuscripts, display cases and packing crates.

The "Musicana" display has previously been shown in Chicago, Milwaukee, Ann Arbor, Michigan and Indianapolis and is scheduled to be featured at the Wisconsin State Fair later this month. Plans have been made to tour the exhibit throughout the country with showings to be arranged under the auspices of Broadcasters Association in each State.

The collection is being exhibited at the Illinois Fair at the request of Governor Adlai E. Stevenson and the Illinois Broadcasters Association.

Among the large group of musical rarities included are the original autographed manuscripts of "Dixie," "Listen To The Mocking Bird," "Rocked in the Cradle of the Deep," "All Quiet Along the Potomac Tonight" and the little known but extremely rare Stephen Foster manuscript of "Sadly To Mine Heart Appealing." Other items are autographs of "America," "Sweet Genevieve," "Tenting On The Old Camp Ground" and many other original documents that reflect the traditions of American music.

Mercury To Feature Record Playing Time

CHICAGO—Mercury Records will feature playing time of all new records in all advertisements and news releases, according to Art Talmadge.

Reason for prominently featuring the playing time in the ads of the firm, as well as in all exploitation material, will be for juke box ops to note that the firm is attempting to hold records down to as close to two minutes playing time as good arranging and music will permit.

At present, like other firms, Mercury has record playing time printed on the labels of all releases.

O. P. S. To Enforce Price Filing Order

WASHINGTON, D. C.—Office of Price Stabilization enforcement investigators this week launched a nation wide survey to determine compliance on the part of retail dealers in radios and television sets and related fields in the filing of price charts under Ceiling Price Regulation 7.

According to Edward P. Morgan, assistant OPS director in charge of enforcement, many dealers have failed to comply with OPS regulations.

Compliance with the price filing order is important, Mr. Morgan said, because of the number of retailers throughout the country who come under the regulation. He noted that there has been a wide variance in compliance in the various OPS regions and that more than 25% of the price charts filed have been returned for additional information or correction of errors.

The Department of Justice has instructed United States Attorneys in the field to institute suits to compel filing of the charts in all cases where dealers fail to heed warning letters within the grace period set by OPS, Mr. Morgan said.

Contact Man Arnold Adam Dies

NEW YORK—Arnold Adam, 52, contact man for the Sam Fox Publishing Company, died suddenly in New York on August 5. Adam had been employed by the Sam Fox firm for more than 25 years at both the New York and Cleveland offices. Services were held in both cities with interment at Mount Olive Cemetery, Cleveland.

Peter Pan Institutes Novel Return Plan

NEW YORK—Peter Pan kidiskery's prexy Henry LaPidus announces a new three-for-one plan to be tested in New York and California distributing areas. Commencing this week, for every three dollars of Peter Pan albums or 45 rpm records ordered, dealers may return one dollar's worth of any record whatsoever in stock. Thus, the three-for-one return privilege is good for kiddie records, classics, pops, any record, any speed, and of any manufacturer—so that obsoletes of all kinds may be cut from inventory.

Purpose of the three-for-one promotion, according to LaPidus, is to stimulate sales for everyone concerned during the normal summer slow-down. It has never been attempted by a kidiskery before, nor exclusively on kiddie records by any major.

Terry Gilkyson Signs RKO Film Contract

HOLLYWOOD, CAL—Terry Gilkyson, writer of the new hit "Girl In The Wood," which was recently recorded both by Frankie Laine and himself, has just signed a long term contract with RKO Pictures. He will soon be seen in the forthcoming independent production "Slaughter Trail" co-starring Brian Donlevy and on the strength of his performance in that film his contract has been taken over by RKO on a long term basis.

Gilkyson recently signed a new contract with Decca Records also.

Nashville Celebrates Phil Harris Day

NASHVILLE, TENN. — Friday, July 27th, was designated "Phil Harris Day" in Nashville, Tenn., with the noted comic-singer planing in for a grand reception, beginning with a welcome at the airport by both the Mayor of Nashville and the Governor of Tennessee. Special honors included the award of a scroll to Harris, acclaiming him as the city's favorite native son. The singer was also made a Tennessee Colonel and given the key to the city.

Additional ceremonies included a charity baseball game at which Harris presided and a banquet at the Belle Mede Country Club. Harris, in turn, presented Governor Browning with an RCA Victor 45-EY record player and a silver-plated copy of his RCA Victor recording, "That's What I Like About the South."

Nashville's annual "son (or daughter)" ceremonies, sponsored by the Chamber of Commerce and the Kiwanis, two years ago honored Dinah Shore with a tumultuous reception which inspired the popular song, "Dear Hearts And Gentle People."

Now There Are 2 Beeps

HOLLYWOOD, CALIF. — "So Round, So Firm, So Fully Packed" is the title doctors tagged to a seven pound, two ounce boy born at 4:42 a.m., August 4, 1951, at St. Joseph's in Burbank, Calif. His name is Adrian K. "Beep" Roberts, Jr., son of the youthful Hollywood exploitation man identified with folk and western artists from coast to coast. Roberts, Sr., was a member of the executive staff of Capitol Records for two years and is now professional manager of Central Songs. Mother Katie and son are doing fine and father is reported making a quick recovery.

"ROTATION BLUES" (2:45)
"COWPOKE" (2:40)

ELTON BRITT
(RCA Victor 21-0494; 48-0494)

ELTON BRITT

● Here is a tune and presentation that seems destined to soar right to the top. Titled "Rotation Blues", this number falls in line with the trend toward songs about the army. Elton Britt takes hold

of this blues item and delivers it in a wonderful and infectuous manner. Putting lots of feeling into the exceptionally clever lyrics, Elton comes up with a fine side. The Skytoppers round out this level with an instrumental accompaniment that helps set the mood and add additional class to the ditty. This half should be a must for the machines. The lower deck is another strong tune that is done in a lighter vein. It gets a cute and novel presentation from Elton and the entire crew which makes it an item to be watched. Ops oughta stock up now in order to get in on the flow of coins the top deck should bring.

"BLUE GUITAR STOMP" (2:58)
"I DIDN'T KNOW HOW MUCH I LOVED YOU" (2:43)

LEON McAULIFFE
(Columbia 20845)

● Leon McAuliffe and his boys offer a pair of lively sides that are done with much gusto. The top end features a nice sounding guitar as it plucks its way through a number that has a big bounce to it. The second half is a tune that is presented with a bit of a jump beat, but still carries the ballad flavor. Ops oughta look in.

"THERE'S SOMETHING NICE ABOUT YOU" (2:45)
"MARIJUANA" (2:50)

MR. SUNSHINE
(RFD 5082)

● The upper deck finds Mr. Sunshine and his guitar pickers spinning through a fast and jumpy thing, with Mr. Sunshine piping the lyrics. The vocal and the musical backing make this a listenable end. The lower side features the same artists with a cute ditty that has some good lyrics to offer. We like the bottom half.

"THE LAMP OF FAITH" (2:17)
"GOOD LUCK, GOOD HEALTH, GOD BLESS YOU" (2:15)

ROY ROGERS
(RCA Victor 21-0496; 48-0496)

● The popular cowboy Roy Rogers, with the help of Frank Worth and his orchestra, warbles his way through a pleasant tune that may click. Roy delivers this number in a talking manner, while a fine choral group offers a soothing backdrop for the vocal. Flip is a pop song that gets a good treatment from the entire crew. Ops should watch this disk.

"KEEP YOUR COTTON PICKIN' HANDS OFF MY GAL" (2:30)
"TEN TRIPS TO THE ALTAR" (2:42)

JOHNNY BOND
(Columbia 20844)

● Johnny Bond comes up with a pair of happy sounding sides. Both ends are done in the novelty vein and with Johnny giving out with the lyrics these tunes come out better than average. The first half has an infectuous bouncy beat, while the second side is done with an equally fine moderate beat. Either side can go.

"BRIMSTONE BEAUTY" (2:43)
"FIRST, LAST AND ALWAYS" (2:54)

BUD HOBBS
(MGM 11032)

● Bud Hobbs, with a good instrumental assistance, takes a fast moving jump tune and spins through it in fine style. Bud gives this end some first class vocalizing. The lower half is a fair sounding ballad that is offered by in a listenable fashion. We think it's the top deck.

"DONE ROVIN'" (2:42)
"PLAID AND CALICO" (2:36)

JOHNNY HORTON
(Cormac 1193)

● The top end is a slow ballad that might easily break out. Johnny Horton handles the lyrics in a wonderful manner, while Bill Thompson and the Westernaires lend a fine musical backdrop to the tune. Flip is a change of pace for the boys and they bring this number home with another good interpretation. Ops oughta watch the first side.

"CAN'T GO ON" (2:15)
"I AIN'T DONE NOTHIN'" (2:22)

SMILEY BURNETTE
(Capitol 1746; F-1746)

● Smiley Burnette has a pair of swell sounding sides working for him on this new piece of wax. The upper level is a pleasant tune with a fast tempo that Smiley takes hold of and makes it come out ok. The bottom half is a slow and forceful blues number that gets a fine instrumental push. Either side can go.

"LOVE THIEF" (2:37)
"HOW DO YOU FEEL" (2:17)

HANK THOMPSON
(Capitol 1745; F-1745)

● Hank Thompson, aided by Johnny Manson, offers a couple of slow ballads. Each half receives some nice vocalizing by Hank and some good instrumental assistance from the band. Hank takes the lower deck by himself and dishes out a bit of fine listening pleasure. Ops should take heed of the under lid.

MANUFACTURE ON WARTIME BASIS

Shorted Production Schedules, Less Changes of Equip't, Continued Rationing of New Games Foreseen as New Peacetime - Wartime Manufacturing Basis Thru '52

USED MACHINES MARKET BEGINS TO WAKE UP

CHICAGO — Manufacture of new machines has gone on a wartime basis. This was what has been predicted for sometime now by all leading Government agencies.

The Cash Box analyzed this fact many months ago. It so reported to the industry. Few believed that it was fact.

Today, all are viewing the new type of wartime-peacetime economy, which the nation's leaders have been talking about for months.

Manufacture in this industry is now on this new type wartime-peacetime economy.

In short, even tho peace does still exist, manufacturers are actually producing what they probably would manufacture if a war was in progress.

Each day even this small production is being hampered and cut down.

Not only will this small production continue thru the balance of 1951, but, is definitely the case of what can be looked forward to thruout all of 1952.

There is now no doubt that The Cash Box reports of some many months ago regarding a wartime-

peacetime economy are coming into being.

(This publication, like all other trade publications in the durable goods fields, does not like what confronts industry.)

In the meantime, of course, and as first reported by this magazine in its July 28, 1951 issue, the used machines market is beginning to awaken.

Operators now realize that whatever new equipment they will be able to purchase will only be able to take care of a very small portion of their routes.

All know that operators must have new machines to hold the interest of the players.

Those who are not now purchasing whatever new machines they can, will find themselves losing locations to those who are, one leading op stated.

He also reported, "There's nothing like a new machine to bring the customers into a spot. It just draws them away from where older machines are located. It speeds and increases play. Smart operators will continue to buy new machines because these are the lifeblood of this business."

ChiCoin Prepares Surprise Products

CHICAGO — Even tho more and more defense work is being taken on by Chicago Coin Machine Company, execs report that the firm is continuing on ahead with its experimental work as well as construction of coin operated equipment.

The firm is planning some very unique surprise games to be presented

to the trade within a few more weeks.

As one of the firm's executives stated, "Tho we are very busy with our defense work at this time, we are still giving complete consideration to our regular games work, and will have some very outstanding products for the nation's operators before many more weeks have gone by."

Midwest Coin Machine Show Exhibit Space And Floor Plans Ready

OMAHA, NEB. — Harold Klein, publicity chairman of the Midwest Coin Machine Show to be held here at the Paxton Hotel, October 15 and 16, reported this past week that floor plans of the exhibit space for the show are now ready for all who wish to exhibit.

Klein also reported, "From all advance indications this looks like it will be the biggest convention ever held outside of the old Chicago coin machine shows."

Klein suggested, "All those interested in exhibiting at the Midwest Coin Machine Show should immediately write in to get a floor plan of the exhibit space and also arrange for their booths as well as for hotel accommodations."

Operators are urged to make their hotel reservations early. It is hoped that the greater majority of the op-

erators will all have their reservations in before October 1.

The operators of the six states that are sponsoring the Midwest Coin Machine Show have been told to contact their state associations and to have their reservations made thru these organizations.

These are: North Dakota Music Operators Assn.; South Dakota Phonograph Operators Assn.; Wisconsin Phonograph Operators Assn.; Nebraska Phonograph Operators Ass'n.; Minnesota Amusement Games Ass'n. and Iowa Automatic Music Operators Association.

Executives of any of the above six state organizations will pass on reservations to Harold Klein, Publicity Chairman.

Klein's address is: 1611 Chicago St., Omaha, Nebr.

All Civilian Manufacturers To Be Under Basic Metals Rule On Oct. 1

WASHINGTON, D. C.—In a national address over the radio this week, Manly Fleischmann, defense production administrator, announced that extension of basic metals controls to all civilian manufacturers, effective October 1.

He reported that the present system of allocating steel, copper and aluminum for tanks, planes, guns and other arms—and for essential items such as machine tools, freight cars, ships and industrial equipment—would cover all industry starting with the last quarter of 1951.

Fleischmann said the broadened or-

der would end a wild scramble for reduced supplies and emphasize the importance of continued civilian output in the defense-slanted economy.

Manufacturers of consumer goods who now draw their supplies from the open market must apply for Government allocation permits by August 15, "or risk being unable to get materials," Fleischmann said.

Under the new plan the legal open market in steel, copper and aluminum no longer will exist. These metals govern the use of almost all other materials.

International & Press Table At Party

CHICAGO—One of the most interesting tables at the Rock-Ola distrib party introducing the new "Super Rocket '52-50" phono, Sunday, July 29, was the "international" and "press" table. Here we see included (not in order): Irving Solovey, Canal

Zone; Jose Romero, Puerto Rico; Neapolitan Boccheciampe, Maracaibo, Venezuela; Mr. and Mrs. C. R. Sandoval, exclusive factory exporters; Harvey Carr; and Mr. and Mrs. Bill Gersh.

“I couldn’t believe it!”

Remember the farmer who saw his first giraffe?
 “There ain’t no sech animal!” he insisted. *He couldn’t believe it.*

Many operators, looking over the earnings record of their first AMI juke box, are like that farmer. They, too, find the factual truth hard to believe.

They’re amazed when they realize how little it costs to operate the AMI. Breakdowns are nil. There’s no lengthy period of shutting down for repairs. The AMI costs less when new, sells for more on a trade-in; enjoys top earnings all the time between.

Small wonder that disbelief fades, for as operators add more AMI juke boxes to their routes, their experience proves that believing in AMI is a common-sense, profitable thing to do!

OPS REGULATION 14

Rules Reprinted Here In Matter Of Dime Phono Plays

NEW YORK — On May 11, the Office of Price Stabilization issued its Ceiling Price Regulation 34. The regulation is lengthy and thoro. It includes services. The regulation set forth certain definite rules, and by using one of these rules, all who offer services are to determine their ceiling prices. We quote below the exact rules, regulations and suggestions issued in the "OPS Guide":

RULE NO. 1—You charge no more now than you charged for a service you supplied to a purchaser of the same class during the base period, December 19, 1950, to January 25, 1951.

RULE NO. 2—If you did not actually deliver a service to a certain customer, your ceiling price is the highest price you offered (in writing) to supply this service to the same class of customer in the base period.

RULE NO. 3—If you did not supply a service or offer it for sale, your selling price is the highest price of your closest competitor for the same service to a purchaser of the same class. You may use Rule No. 3 only if you neither offered nor supplied the service during the base period. If you do use this rule, you must file a statement with your District OPS Office showing how your price was computed. This must be done within 10 days after you determine it.

RULE NO. 4—You must file an application with the Director of Price Stabilization, Washington 25, D. C., for approval of a ceiling price in line with other prices established by this regulation if you cannot price your services under Rules 1, 2, or 3. This application must contain: (1) description of the service; (2) direct material and labor costs; (3) proposed ceiling prices; (4) an explanation of why you cannot price under the preceding rules; (5) if you supplied any other service during the base period, submit a description of the most comparable service showing your present direct labor and material cost and your present ceiling price.

SPECIAL EXCEPTIONS—In most cases you will be able to price your services according to the above four rules. There are other situations in which these rules will not apply, and the regulation provides pricing rules for meeting such exceptional situations. Seasonal services offer an example. For complete information on all pricing rules you must use, write or visit your District OPS Office and ask for a copy of Ceiling Price Regulation No. 34.

General Overriding Regulation 14 Excepted Services — July 19, 1951

TITLE 32A—NATIONAL DEFENSE APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Overriding Regulation 14]

GOR 14—EXCEPTED SERVICES

Pursuant to the Defense Production Act of 1950 (Pub. Law 774, 81st Cong.), as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this General Overriding Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This General Overriding Regulation is an across-the-board regulation which exempts certain services from price control. All services now or hereafter totally exempted from price control will be listed in this General Overriding Regulation.

Some of the listed services have already been exempted under the provisions of Supplementary Regulation 15 to the General Ceiling Price Regulation. This supplementary regulation is simultaneously being revoked insofar as it deals with total exemptions. After this date, it will deal only with temporary suspensions and adjustable pricing authority as to sellers of certain services. The services which are now temporarily suspended are services furnished by hospitals and summer camps and certain services related to harvesting and packing of fresh fruits, vegetables, berries and nuts. The adjustable pricing authority is now applicable to contract carriers by motor vehicle and lessors of trucks and passenger cars.

Those services already exempted under such Supplementary Regulation 15 and which are merely incorporated into this General Overriding Regulation for convenience are services rendered by schools, printing and binding services pursuant to contract with the United States Government Printing Office, drilling of oil and gas wells and certain other services related to oil and gas wells, and certain rates regulated by the Department of Agriculture under the Packers and Stockyards Act. The statement of considerations for such Supplementary Regulation 15 discusses the reasons for these exemptions.

A number of services are exempted from price control for the first time by this General Overriding Regulation. They fall within three groups: (1) services over which the Office of Price Stabilization has no control by virtue of the provisions of section 402 (e) of the Defense Production Act of 1950; (2) services which have minor significance and slight effect upon the cost of living; and (3) services which cannot practicably be controlled.

In the first category are a number of exemptions for professional services as well as exemptions relating to publishing, broadcasting, motion picture and insurance fields. These groups are dealt with by section 402 (e) of the Defense Production Act of 1950.

In the second category are services such as the repair and maintenance of antiques, shoe shining by shoe shine boys, taxidermy, etc.

The third group includes stevedoring and watchman and guard services. These services involve such a narrow margin over labor cost and often involve such an individualized pattern of charging that the administrative difficulties of control outweigh the benefits.

The use of parking space on streets and thoroughfares when regulated by governmentally operated parking meters is exempted from price control. Parking fees usually partake more of the nature of a tax or the exercise of a municipal police power in the regulation of the use of public streets than a charge for a service. This exemption from parking does not apply to parking charges in lots operated by governmental agencies or private persons.

A number of services are exempted by an occupational designation. It is made clear in the regulation that the exemption extends to services which fall within the scope of the particular occupation and which are not performed as an incident to a non-exempt service.

All services rendered by employees are exempted since the control of wages and salaries is not within the scope of Office of Price Stabilization activities. Services rendered by way of employment are under Wage Stabilization Board jurisdiction.

This additional list was prepared after the Director of Price Stabilization had consulted with numerous representatives from various service fields and had given consideration to their recommendations. Subjecting the charges for these services to price control would have no appreciable effect on the program of price stabilization and would impose an unnecessary administrative and enforcement burden. In the judgment of the Director of Price Stabilization, in view of the nature of the additional services exempted, no ceilings are required to be applied to prices for such services.

REGULATORY PROVISIONS

Sec.

1. What this regulation does.
2. Applicability.
3. Exceptions.

AUTHORITY: Sections 1 to 3 issued under sec. 704, Pub. Law 774, 81st Cong. Interpret or apply Title IV, Pub. Law 774, 81st Cong. E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.

SECTION 1. What this regulation does. This regulation excepts from any ceiling price restriction imposed by the Office of Price Stabilization the rates, fees and charges for supplying the services enumerated.

SEC. 2. Applicability. The provisions of this General Overriding Regulation are applicable to services supplied in the 48 States of the United States, the District of Columbia, and Alaska, Guam, Hawaii, Puerto Rico, Samoa and the Virgin Islands.

SEC. 3. Exceptions. (a) No ceiling price regulation now or hereafter issued by the Office of Price Stabilization shall apply to the rates, fees and charges for the supply of the services listed below and the services which fall within the scope of the occupations listed below:

Golumbo Holds Boston Showing Of Rock-Ola Phono

BOSTON, MASS.—Jerry Golumbo of Music & Television, this city, is showing the new Rock-Ola '52-50 Super Rocket phonograph at his headquarters here, this Monday, Tuesday and Wednesday, August 13, 14 and 15. Larry Papen of the Rock-Ola Manufacturing Corporation will be on hand to represent the factory. Larry also wants to meet all the New England music ops and tell them about the plans which the factory have already formulated for their welfare. Helping Golumbo will be Ed Ravreby and Joe Greene, both well known to the New England music ops.

NEW ORLEANS NOTES

An all too quiet week end in the hospital was had by yours truly and believe me kids this heat and a hospital both are no fun. . . . Missed out on the dog races at Biloxi, Mississippi, but Lady Luck was more than generous with those who drove down over the week end. . . . In Chicago last week, Bill Maddox, Mallory's Distributing Company, saw Fred Barber of Walbox Sales of Dallas. Fred sent greetings to all his friends in Nola especially his old fire eating buddy Milton Shott. . . . Ham Nelson, the sage of Natchez was down a few days ago. Says times are getting so rough he's having to use some of the dough he has stashed in the basement. . . . How did it get in the basement Ham???? John Serra spent a hot day in Nola today. . . . By the time this is published, Mallory Distributing Company will be showing the new Rock-Ola "Super Rocket '52-50." We will give you all the particulars of the open house next week. . . . Jennie Presly drove in from Opelousas to week-end in Nola, and Jennie tells us that her operator business in phonograph records is terrific which means that the ops' business must be good around Opelousas way. . . . J. C. Moore of Meridian, Mississippi, seen purchasing five William's "Music Mites".

Ralph Bosworth back on the job at New Orleans Novelty Company following a two week vacation. . . . and Lou Boasberg and family returned to N. O. following a week in Miami Beach. . . . Wurlitzer Profit For 1st Quarter \$166,792
Defense Contracts Now Total \$16,000,000

CHICAGO—Consolidated operations of The Rudolph Wurlitzer Company for the first quarter (April, May and June), according to a statement by that company, resulted in a net profit of \$166,792.53, or 20c per share, after provision for income taxes amounting to \$166,000 computed at existing rates, as compared with a profit of \$280,920.33 for the same period last year. Sales for the first quarter were \$5,413,367.33 as compared with \$5,791,235.28 for the same period last year. Production schedules on pianos, ac-

cordions, electronic organs and coin-operated phonographs have been adjusted to comply with government limitation orders. "Present indications are that we should have no difficulty in selling all the civilian goods we are permitted to manufacture for the balance of the year," stated R. C. Roling, president. Wurlitzer has defense contracts amounting to more than \$16,000,000. Full scale production on these contracts will be under way by early fall. At a meeting of the Board of Di-

EMPLOYMENT BOOMS

More Than 14 Million Placements In Year

WASHINGTON, D. C.—More than 14,000,000 job placements of farm and non-farm workers were made by the public employment service during the fiscal year ending June 30, according to a report by the Bureau of Employment Security.

Bureau Director Robert C. Goodwin said that as a result of the increased demand for workers for defense and civilian activities, the State employment services made more job placements in the first year after Korea than in any previous postwar year.

It was also reported that employment in the United States shipyards has increased over 60 percent since the outbreak of Korean hostilities. It is predicted that 40,000 additional workers would be added by the middle of 1952.

With employment reaching top levels, coinmen are bound to reap greatly increased play on their equipment. Many are now watching local developments so that they have their best money making equipment in locations near and around these booming industries.

Seek 4½ Million More Defense Workers

WASHINGTON, D. C.—Defense Mobilization Director Charles E. Wilson, following a U. S. Department of Labor report that labor shortages have become more widespread than at anytime since Korea, acted to assure skilled workers for the nation's critical defense industries.

Wilson asked for intensive recruiting programs and for a study of job standardization.

He reported that during the balance of this year, two million persons must be added to defense production.

During 1952 another two and a half million will be needed.

This means that industry must have 4 and one-half million more workers in the next year and a half.

Regardless of the normal growth of the labor force, and also the addition of women workers, shortages continue in many important defense production areas.

Many coinmen believe that this demand for over 4.5 million workers for the next 18 months will boom business for all types of coin operated entertainment.

Five Critical Housing Areas

WASHINGTON, D. C.—Critical housing areas, it has been found, prove ideal places for location of coin operated equipment of all types.

Five more critical housing areas were announced this past week by the National Production Authority.

In these areas Federal credit restrictions on housing are relaxed to

provide more housing units for military personnel and workers.

The new areas are:
Norfolk-Portsmouth, Va.
Lancaster—Palmdale-Mojave, Calif.
Othello, Wash.
Wright Patterson Air Force Base, near Dayton, O.
Sampson Air Force Base, N. Y.

Rise In Military Contract Placements

Ops Favored By Greater Employment—But New Coin Equipment Will Be Scarce

WASHINGTON, D. C.—The Defense Department will break the current "lull" in placing military procurement contracts starting in August, it was indicated this week.

The Army, Navy and Air Force placed \$3.3 billion in contracts during May, boosted the rate to more than \$4 billion in June, but then slumped sharply during July.

A board official stated this week that procurement activity will be stepped up to \$3 billion or more in August.

With the House adopting the bill to appropriate \$56 billion and the Senate is sure to pass it in fast order, it is expected that much more than half of this amount will go into the manufacture of defense equipment.

From now on, it is predicted greater monthly allotments will be made for procurements, with more and more materials, as well as manufacturing plants being directed toward military items.

As a result of the increasing activity in defense production, coinmen will be affected both adversely and favorably. With so many people employed, operators cannot fail to find increases in their collections, but at the same time, manufacture of new equipment will be curtailed (thru lack of materials and defense production activity of the coin factories). The progressive operator will take every step, while he has the opportunity, to protect himself for the future.

CALIFORNIA CLIPPINGS

Pantages Maestro company will soon cease to function as manufacturer and distributor of wired music and related equipment. Harry Snodgrass tell us that they'll be concentrating strictly on operation as soon as they complete production on a batch of bar boxes and "Gimmick" phono-wired music combos. Seems the necessary material for these units, that was ordered over a year ago, just arrived last week. This situation as regards scarcity of material has convinced Snodgrass that it's useless for the firm to stay on as a manufacturer, but he figures they'll be plenty active in the operating end through the large number of units they already have on location. The boys plan to be back in production just as soon as things loosen up. . . . Another change in the local scenery is the sale of his big building by Lyn Brown, who hopes to locate in a smaller spot someplace on the Row. Didn't get the name or nature of business he'd sold the building to, but it could be a bowling alley or a dance hall — the place is that big. . . . Then there's Automatic Games, which isn't pretending to be too active these days, with George Warner spending a good deal of his time in another enterprise, selling insurance. George is one guy who ought to be able to do a good job in that line, and we're just gonna make sure we don't have the price of any premiums around before he corners us.

One fellow who seems to be doing fine, despite the familiar summer blues tune of the past few months, is Mac Sanders, whose miniature golf courses are at their most thriving season right now. . . . Catching his share of local action is Chicago Coin's Phil Robinson via their "Horseshoes" game. . . . On tap at C. A. Robinson's was Charlie himself, who reports that things aren't too bad for them locally and considerably better up Reno way. . . . Fred Gaunt admits that General Music has seen busier weeks but they're still getting their share and better of what there is to get. Fred is just about ready to take off on that vacation at some quiet mountain lake and, we suspect, if he doesn't hear a juke box, see an amusement game or talk deal with an operator for the few weeks, it'll be okay with him. . . . Just back from a short run, Jack Simon was waiting on another shipment of Exhibit's "Pony Express," the liveliest item on the Sicking floor these days.

W. R. Happel, Jr. giving a little account of his recent combination vacation and business trip, says he called on operators in Montana, Portland, Seattle and San Francisco. Business seemed to be just about the same all over, with all of the lads hoping for a real pickup, come the Fall. . . . Bally's new regional man, Phil Weinberg, spent a few days with the Laymons. . . . Back from his vacation was Wurlitzer expert Stan Turner, and swallowing just about the biggest vitamin pills we've ever seen. . . . Also back from his vacation, and raring to go (on another vacation), was Laymon mechanic Red Creswell.

Condolences to the family of Fontana operator Gravy DeWitt, who was killed in an automobile accident. . . . Luckier was San Bernardino operator Ben Goodsell, whose car turned over, landed on its wheels, and Ben got out and walked away. . . . Congratulations to Los Angeles operator Mel Heiman, who was a proud papa this past week. . . . On the Row: Lloyd Dindinger and Bill Bolton of Oceanside. . . . Oxnard's Ken Ferrier. . . . Harold Sharkey of Huntington Park. . . . Santa Monica's L. T. Hill, Jr. . . . Jack Sickly from Bakersfield (off on another ocean fishing trip) . . . Wm. Bradley of Covina. . . . Todd Faulkner of Long Beach. . . . Al Cicero from Santa Maria.

MINNEAPOLIS, MINN.

Many of the coin machine operators in this area were saddened by the passing of Charlie Potter, well known operator from Fairmont, Minnesota, who operated the Fairmont Novelty Company. At one time, Charlie had one of the largest operations in this area. The cause of his death was cancer of the spine. Quite a few of the distributors and coin machine operators turned out for his funeral, which was held at Fairmont, on Saturday, August 4. At the present time, Mrs. Charlie Potter is continuing the operation. . . . Seen around town picking up supplies for his route was August Streyle of Hazelton, N. D. . . . Mark Coughlin was also in town. Visiting him is his son Jimmy, who made the trip here from California. . . . Pat Flannigan of the Ajax Novelty Company, Minneapolis, just returned from a short vacation at Duck Lake in Northern Minnesota and he claims that the fishing was terrific. . . . Some of the operators who were in town picking up records and supplies for their routes, were the Sieg Brothers of Augusta, Wis., Bob Cross, of Fairmont; Red Wilbur of Duluth; Ed and Millie Birkemeyer of Litchfield; and C. B. Sersen of St. Cloud. . . . Earl Hanson said that his father Gil was supposed to make the trip into town with him but was still too busy to get away so Earl has to do the chores in town for him.

Chet La Doux of Bemidji, was seen in town as was Wes Rydell of Mora. . . . Walt Thorn of Staples, certainly is taking a nice vacation for himself and spending quite some time in Alaska and still is not back yet. . . . Oscar Winters of La Crosse, Wis., surprised the distributors by making a trip into the Twin Cities to see what is new in coin machine equipment, as did Glen Bischell of Chippewa Falls, Wis. . . . It seems that this is vacation time for quite a few of the operators and the people in the coin machine business. Dick Jones and his wife of Mpls, made an extended motor trip throughout the West visiting Glacier National Park and traveling through Wyoming and the Black Hills. . . . Chuck Baird and John McMahon were also vacationing up in the Northern Part of Wisconsin and from reports they caught quite a few fish. . . . Lew Ruben of the Lieberman Music Company is on vacation at the present time and certainly deserved it. . . . Ted Fischer of Waconia, reports that the fish are really biting.

EASTERN FLASHES

It was pretty quiet along coinrow this week—that is until Hirsh de LaVie of Washington, D. C., came along. His presence didn't in any way increase the amount of business being done, but at least the street was "alive" for a day. There were the usual mysterious explosions, fires, etc., with many a happy chuckle resulting. All good clean fun. However, Hirsh was mighty careless with that fountain pen of his. Hirsh tells us that Phil Mason, who is partners in a music route in Washington with him, is becoming quite a sportsman. Every day at three in the afternoon, Phil visits the Country Club for some swimming and exercise. . . . Everyone on the street was most happy to welcome back Joe Hirsch, business manager of the games association, who once again was busy at his desk. Joe had suffered from a severe heart attack, with the medicos very pessimistic over his complete recovery. However, Joe, while weak, is practically as good as ever. He must be very careful now, and not overdo anything. . . . Barney (Shugy) Sugerman, Runyon Sales Company, must be having himself a time at Paul's in Swan Lake, N. Y. Away for a week's vacation, he was due back on the job this week—but phoned the office he'd stay on for several more days. Meanwhile, Morris Rood and Lou Wolberg working at top speed. Rood, in demonstrating Bally's "Shuffle-Line" has become quite expert in running up high scores. The game is taking on here, with ops stating that once the player finds out how to work out the best scoring action, they can't be chased away from the game.

* * * * *

Jack Mitnick, AMI sales representative, here for a few days. He and his missus getting more excited by the minute as the wedding date of his daughter, Bud (Beverly) approaches. It's Sunday, August 19. . . . Jack Semel and son "Happy" Herbie along the street buying equipment. . . . Joe Young, Young Distributing, busy setting up display on new wall box and speakers just received from Wurlitzer. The Wall Box Model # 4851, a 48 selection box, quite a beauty in appearance, and to our non-mechanical mind, quite an amazing simple method of selecting the tune. The Speakers, the 8" custom job, and the 12" Deluxe model, most beautiful in design and appearance. Joe tells us that there's a plastic Pilaster (Wall Plaque) that is available so that the Wall Box and Speaker can be joined together for those locations needing this type of equipment. . . . Al Simon, Albert Simon, Inc., reports that ChiCoin's "Horseshoes" keeps moving out to ops. "They tell me," states Al, "that the game brings in increased collections each week it's on location."

* * * * *

Mike Munves away from the office, vacationing in the Catskill Mountains. He'll be back next week. Meanwhile, George Fleckenheimer holds down the fort. . . . Hymie Koepfel, Koepfel Distributing Company, trying to do a million things at one time, as Harry is out for the day. The Koepfels are probably the hardest working men in town. Maybe that, plus their policy of treating their customers with every consideration, is the reason for the volume of business being done. . . . Dave Lowy, Dave Lowy & Company, back from his 10-day vacation, working like a beaver, moving plenty of used equipment. This despite the fact that he wasn't feeling too well. Dave has an ailment picked up while serving in Italy during the past war that catches up with him every once in a while. . . . Bart Hartnett, one of the industry's old timers, visits with Joe Hirsch at the association offices. . . . One of the worst problems along coinrow is the lack of parking facilities for ops. Police regulations forbids parking, and it is strictly enforced by motorcycle gendarmes. We think it would be to the benefit of all the wholesalers along the street, if they were to combine their resources to provide some sort of parking space. Operators then would know that they could drive down, park their cars, and buy equipment. A plan of this kind would certainly add many sales for everyone during the year. . . . Have a note from Willie (Little Napoleon) Blatt of Miami, Fla., who tells us he's getting ready to start some jobbing again. Good luck, Nappie!

DALLAS DOINGS

Texas, and especially the area around Dallas, is caught in the throes of the worst heat wave in its history. For eight straight days the mercury has soared to 105 degrees and over. . . . And what does that mean to business? The coin machine operators are getting out as little as possible. Each day new deaths from sun stroke are reported, so most people are taking no chances. . . . Albert McKool is letting his new bowling machines make money for him while he is vacationing at Miami Beach. On a post card to Leonard Metassa of American Distributing Company he reports that the weather is cool and comfortable. Guess that reports from Florida aren't all propaganda. . . . Weldon Denton has figured out one sure way to beat the heat. He is vacationing in the snow capped mountains of cool Colorado. . . . Our sympathy to the family of Dewey Turner who died August 4 and was buried the following Monday from the Palmer Christian Church in Palmer. Turner was shipping manager for King Records, Inc., here. He died at the Dallas Veterans Hospital after a short illness. He joined King Records, Inc., in 1941 where he became shipping manager before his death.

H. G. (Mac) McKenzie has stepped up a notch at Commercial Music Company. He is now a full-fledged salesman. . . . If you want to make Garland (Dele) Delamar happy just mention his baby daughter Debby. He will tell you in no uncertain terms that she is just about the cutest little bundle ever to reach this earth. His idea of real living is to get out in his back yard, and water the grass with Debby's play pen close by. He might have something there. Dele, by the way, is with E. J. Shelby Co. of Waco. . . . W. D. Wiggins of McKinney breezed into Dallas briefly Saturday. He is looking hale and hearty as ever. His only complaints were about the weather. . . . Grady Smith just came home after an extended vacation through the South and Middle West. . . . Tom Ratcliff of Corsicana bought his first 45 RPM coin machine. Now he is worrying about finding enough records to fill it. . . . Jimmy Garrett of Longview made another flying trip to Dallas.

MIAMI MURMURS

It sure was a big thrill to read "The Miami Herald" (June 26) and, on page 1-C, note a headlined story all about what the U. S. Mint thinks of a 7½c coin. Since the first and original suggestion came from this publication for all America, it was interesting to note that Senator Harley Kilgore was questioning the U. S. Mint, "What about a 7½ cent coin?" If such a coin is minted eventullay, all America's businessmen will have to thank The Cash Box—"and that's what counts." . . . It's pretty quiet down here. But, every good hotel on the Beach is jammed. So if you, too, are coming down for a summer vacation here, better make sure you have reservations. . . . Meyer Friedman of the Saxony Hotel asking me, "When's Bill Gersh coming down, he's usually here in the summertime?" . . . Mr. and Mrs. Harry Siskind of good ole Brooklyn down here for a three week vacation and enjoying every minute of it. . . . Dick Steinberg's brother here buying up small music routes. Guess Dick wants to settle down in Florida's paradise. . . . Mr. and Mrs. Lou Koren on their way back to Chicago. Expect to return driving a brand new Cadillac back from the hot and humid 'Windy City'. By the way these very grand people are building 50 more rooms and a brand new dining room for their new hotel, the North Shore. . . . Ted Bush and Ozzie Truppman are among the most terrific fight enthusiasts in town. They're at every fight. . . Hear that Ron and Nancy Rood of Orlando made the trip to hot Chicago to see the new Rock-Ola Super Rocket for 1952. . . . Willie and Sydelle Blatt are just enjoying life. Taking things easy these days and looking forward to one of Miami's greatest seasons in 1952. (Can't stop those young bloods from hoping). . . . If defense work keeps up, Miami natives claim, "Everyone of the big manufacturers will spend the entire winter down here. Just to get away from the noise of their factories." . . . Some of the northern boys down here putting out 100 selection phonos down here on 50-50 and with only 5c play. (Oh, brother, will they learn!)

Jack Mitnick, AMI's eastern rep., in town this past week to say "Hello" to everyone here and to talk about "what's new" as well as how AMI is doing great things for the music ops and, before he knew it, was in the regular Thursday "gin" contest with Willie Blatt of Supreme Distributors, Willie Levey (Brooklyn's Miami Beau Brummel), Steve Delevan, formerly of Long Island, N. Y., and now one of the leading Motel owners down here, Murray Gross, one of our town's pinball leading lights, and Murray Blane who owns that zillion dollar spot, Liberty City Pool. (As to who took whom for how much or what—no report as yet.)

The fame of The Cash Box has certainly spread far and wide as Willie (Little Napoleon) Blatt learned last week. Willie advised that Mr. and Mrs. Simms of Panamurico, Panama, wrote to him to advise that they would be in Miami on Aug. 7, but, that they had read in The Cash Box that he would be in New York about that time. So, their letter stated, they did hope he would be back to meet with them when they arrived. . . . Ted Bush is a "Hayburner" fan. Ted reports that he can sell all the "Hayburners" that Williams can ship him. "It's the hottest game we've had in months," is the way Ozzie Truppman and Ted Bush report. This should be sweet music to the ears of Harry Williams, Sam Stern and Bill Ryan.

Sam Taran just received another load of Genco's Shuffle Targets and claims that these machines "hold up averages" for ops. . . . Mr. and Mrs. Irv Sommer seen at Flamingo Park, Miami Beach ball game. Irv. has turned his talents to real estate, but, still maintains his drink dispensers. . . . This is one of the best summer seasons Miami has had in years. . . . Northerners come down and state that it's cheaper and certainly more entertaining and relaxing to be down here in Miami with its even temperature than up in the northern resorts where they are charged by the pint of blood for a mosquito-infested room. . . . All hotelmen as well as coinmen here look forth to the biggest winter season in all Miami's history. So, if you plan to come down, make reservations early.

Please mention THE CASH BOX when answering ads—it proves you're a real coin machine man!

CHICAGO CHATTER

Some music ops upset by OPS Reg. 34. Most ops recall fact that this publication has been telling them, for more than eight years, to switch to dime play. Those who did are okay. Those who didn't, within specified time of OPS, should now apply for "relief." Like phone companies that have switched from 5c to 10c for pay station phones this business, too, desperately needs increase. Ops' expenses are from 200 to 400 percent more today than they were prior to War II. . . . Coin operated units will come much closer to the public this Fall and Winter. Paramount Pictures and other big movie moguls planning on installing coin operated meters in homes to show latest pics on TV. That helps popularize the idea of coin-in-the-slot-entertainment. . . . Leo Dixon of Youngstown phones in to report that he spent two grand weeks away from the world. Far up in Quebec, Canada.

Mr. and Mrs. Don Dixon on way in for All-Star Football Game here on the 17th. . . . Up at Nippersink, noted resort near Genoa City, Wisc., there's one of those "Lucky Wishing Wells" on the Purple Heart vets' program. (Original from California). . . . Harold Klein, publicity chairman of the Midwest Coin Machine Show to be held at the Hotel Paxton, Omaha, Oct. 15 and 16, advises that floor plans for exhibit space all prepared for those who want to get their display booths all set. Harold hopes ops will have their hotel reservations in before Oct. 1. . . . The Gottliebs are back at the factory again, now that vacations are over. . . . David Gottlieb, Nate, Sol and Alvin Gottlieb all busy with a click game on the production line, "Watch My Line." Shipments going right ahead. . . . Mr. and Mrs. Ed Zorinsky in town (son of Hymie Zorinsky of Omaha) spending their first wedding anniversary here with Alvin Gottlieb as their host. Ed is a Lieutenant in the reserve. Spent two annual weeks in camp in Wisconsin. Came down here to meet his wife and they did the twon.

Irwin Blumenfeld of Baltimore at the Chez with Sam Stern of Williams. . . . Harry Silverberg of Kansas City phoned in to Alvin Gottlieb to advise him that "Watch My Line" would be the hit of the flooded region. . . . Bill DeSelm back on the job again and tells about how quiet and beautiful Drummond Isle in the upper Michigan peninsula is. At the same time, Billy reports, one of the world's most outstanding and greatest sporting goods stores is located there, "as you walk out of the primeval wilderness." It's called the "Wayfarer's Mart." . . . Ray Williams of Dallas and Fletcher Blalock of New Orleans were on their way into our town as this was being written. . . . There are now two pilots over at United—Ray Riehl and Lyn Durant. Both now very enthusiastic fliers. And both will fly you from Belmont to Diversey Avenues anytime.

Johnny Casola, who just came back from "checking" (that's what he calls it), reports that never before in United's history has he seen anything like the growing demand for "Six Player Shuffle Alley," "3-4-5," and "A-B-C." . . . Bobby Jones, Si Redd's salesman, from Boston, in town to spend his vacation here. Also visiting some of the factories. (Note Si: Bobby's mixing his vacation with business). . . . Joe Abraham of Lake City, Cleveland, advises that he'll be ready with his big open house party sometime early in Sept. Joe's new place will be completed by that time. . . . Jack Nelson in the east calling on Bally distribs. . . . Tom Callaghan reported to be a busy man this past week. . . . Bill O'Donnell reports that there just doesn't seem to be any letup in demand for "Bright Lights," "Shuffle Line" and "Futurity." . . . Bill Fitzgerald, AMI's adman and Jim Mangan of Mangan & Eckland, in a huddle this past week. . . . Art Weinand dashes off to Pittsburgh and advises that Larry Papan of Rock-Ola will take his place at Jerry Golumbo's Boston showing of the new Rock-Ola '52-50 Super Rocket. . . . Sam Lewis working very hard to make this year's UJA amusement division dinner an even bigger financial success than his great accomplishment of last year. Sam hopes the coin machine division will again come thru with a new donation record.

Inquiry from Irv Vidor of Virginia City regarding the Johnson Act well answered by Atty. Marty Nelson here. . . . Joe Cohen of Ristaurat, Inc., Appleton, Wis., reports that the firm is stepping up production every week. Many of these small counter model phonos finding their way into Central and South America via Joe Caldron here. . . . Mike Hammergren back in town and his new office jammed with guys who want to say "hello." . . . Ray Cunliffe reports that "some of the boys" here are working mighty hard on 10c play. . . . Wally Finke phones in to tell us about Monday's Trib's front page showing the burial of the nickel. Which is something every coinman in the nation should take cognizance of these days. . . . There's a big jet plane sitting right in the yard over at Roy McGinnis' J. H. Keeney & Co., Inc. from what Paul Huebsch tells us. Something for all coinvisitors to see. . . . Henry Strong agrees with us that those who don't know the facts should at least keep their mouths shut.

Vince Shay's idea of an ideal vacation is to get up on a hay mower and just mow down that there hay. . . . Ops who are requesting 2 minute records, since crusade carried on this publication some six years ago, will be helped immeasurably with program being placed into effect by The Cash Box to once again jab disk mfrs awake to this need. The record mfrs cut down playing time when crusade went into effect. . . . Lon and Ann Koren held open house at the Covenant Club for their many friends this past week. They are now owners of North Shore Hotel in Miami Beach which, current reports state, they are remodeling and will make into luxury spot with same homey atmosphere as they had at the King Cole. . . . Hirsh de LaViez of Washington's Music Guild should have something very interesting to report after the 15th. (Please phone us, Hirsh) . . . HAPPY BIRTHDAY THIS WEEK TO: Budge Wright, Portland, Ore., and to I.H. Rothstein, Philadelphia, Pa. . . . Charley Pieri and Clayton Nemeroff with their coats off moving machines into their new spot.

Joe Mitchell of Mitchell Nov., Milwaukee, after talking to us about dime phono play, and also about phone company's switching to dime pay stations in Milwaukee, decided not to wait. Went after dime play himself. . . . Hear that Clinton S. Pierce, Mayor of Brodhead, Wisc., and well known music op, may have something to tell us soon about dime play. . . . Found Ben Coven out for the day this past Wednesday—playing golf. . . . Some mfrs holding off presenting new products until early September. Vacations and torrid weather not conducive to proper reception of new products. . . . Busiest man in town—Frank Mencuri of Exhibit—who has dozens of ops wanting the firm's sensational horses. These horses bringing in real coin. Commissions paid average only 20 percent. And to top flight locations. Just ask Frank.

THIS WEEK'S USED MACHINE QUOTATIONS

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists", rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price.

SHUFFLE-LINE

**BRIGHT LIGHTS "IN-LINE" SCORING
PLUS HIGH SCORE**

**ALL THE ACTION AND SKILL-APPEAL
OF SHUFFLE BOWLING**

NEW EXCITING SCORE-BOOSTER

Player aims at numbers 1 to 25 ranged along the rebound end of playfield. Every shot scores 10 until boosted by "in-line" scoring. For example, after any 3-in-line are lit, each shot scores 40—10 plus a bonus of 30. A double 3-in-line boosts the shot-score by 60. 4-in-line adds 50 to the value of each shot, while 5-in-line adds 100 to every shot. You'll be convinced by cash-box evidence. Try SHUFFLE-LINE now... immediate delivery from your nearest Bally distributor.

BRIGHT LIGHTS

**EARNING-POWER
MULTIPLIED**

BY NEW 6-SECTION SELECTIVE PLAY

Players can skill-shoot to score in 1, 2, 3, 4, 5 or 6 sections . . . a new player's choice feature that insures extra earning-power and fattest profits.

**DESIGNED TO STIMULATE CONTINUOUS
REPEAT PLAY**

Every game played is either a scoring success or a near miss. "Come-Close" appeal excites the try-again spirit that insures repeat-play. Although player scores only in selected sections, scores light up in all sections to inspire repeat-play and stimulate multiple-section play.
