Axelay could be the hottest shooter ever made!

Electronic Gaming Monthly

They said it all! Other shooter games may claim they're the best. But Axelay reveals its true colors on the high speed, Super NES ride of your life through untold eons of spectrum shattering special 3-D effects.

Scream through the stratosphere horizontally or tear up the extraterrestrials in head-on vertical style. You're flying the prototype tactical fighter ship, Axelay, with the most sophisticated weaponry ever invented, like the deadly Round Vulcan with its full 360° range.

In 6 shocking stages of horrific floating fortresses, multi-legged mobile forts, robot cities, volcanos and the City of Darkness you may be tempted to stop and see the sights. Not a good idea, even for a glance, unless you want an asteroid up your nose. Just see for yourself what the critics are raving about.

Gauge enemy fire power and attack patterns or you'll be cosmic dust.

Axelay's arsenal is pumped and primed for confronting the huge intimidating henchmen at the end of each stage.

THE BIGGEST AND BEST JUST GOT BETTER...

What you now hold in your hands is the largest video game magazine ever produced in America. Weighing in at 320 pages (sure, I know 48 of them comprise Electronic Boutique's new catalog, but they're cool too), this mega-gaming monstrosity is packed to the rim with all of the explosive color, hot news, and secret info only EGM can deliver.

I know I speak for the rest of the EGM staff when I tell you that we've had an absolutely awesome time working to deliver the best video game mag around. As the size and scope of the magazine (not to mention the industry that it serves) change, you can count on us to be there with the first look at whatever the latest games, tips, or technology may be!

Although the video game industry has been able to mature at a zippy rate, all of this expansion has caused a nasty topic to rear its ugly head for the first time. The illegal copying of games is a problem that has been relegated to computer software in the past, but now threatens to take hold of the video game scene.

Using special devices that enable gaming pirates to download programming code, a few small bands of unscrupulous gamers have started duplicating favorite games for mass consumption within their circles. Although the extent of the disease is small, largely because of the high cost and unavailability of the illegal hardware needed to copy, it does exist and is against the law.

Electronic Gaming Monthly recognizes the hard work and large investments that video game developers and manufacturers continue to make to bring us the hottest new games that cut the leading edge of technology. By illegally copying any video game, potential pirates hurt the hobby by decreasing overall sales. Even if the game is an older title, the integrity of the product remains the same and should not, under any circumstances, be violated.

Recently Electronic Gaming Monthly has instituted a company policy that mandates an end to illegal video game duplication. We are working with a number of major video game licensees to isolate the perpetrators of illegal game copying in an effort to bring about an end to this new form of crime. If you are aware of any such activities, or if you know the names of companies offering illegal video game duplication equipment, please contact me personally at: Sendai Publishing Group, 1920 Highland Avenue, Suite 222, Lombard, Illinois, 60148, attention: Game Pirates.

Getting back to the magazine, I hope you get into this issue of EGM as much as we did when we were making it! The holiday season is shaping up to be a blast and I'm glad that you've turned to the Biggest and Best Video Game Magazine for all your gaming needs. And don't forget to hold onto this special collector's issue - after all it's the biggest mag the states have ever seen!

At least until next month!

**CONQUER OUTER SPACE!**
An all-new action-puzzle-exploration game.
Out on a date in his Dad's space shuttle, Eric runs out of gas! He rides off on his space scooter in search of gas canisters to get home safely. The containers must be carefully collected in numerical order while maneuvering through strange terrain, avoiding tanks, dodging time bullets and evading sprinkler guns. In *Out of Gas*, Eric races through space to find the gas before he's out of time, too!

- Puzzling! Negotiate 64 different maze-like screens.
- Action-packed! Tricky obstacles block your path.
- Exploration fun! Discover the quickest route through the galaxy.

**CONQUER INNER SPACE!**
A space-crazy follow-up to the original *Boxxle* game!
Challenge a brain teaser with a brand new twist. While Willy is working in the warehouse, an alien spacecraft captures Wanda! Now he must build a spaceship and rescue her. But first, Willy has to move boxes into their proper spaces so he can buy parts for his space rocket. With 120 different puzzle screens, arranging the space in the warehouse will "boxxle" your mind. Combine manual labor and brain power to beat *Boxxle* III!

- Creative! Construct your own puzzles with three Edit screens.
- Tricky! Retrace your mistakes with Special Instant Replay mode.
- Impressive! Reduce or enlarge any screen for a better look.
- Fascinating! Password feature lets you resume where you left off.

SEGA CD UPDATE!

I am very interested in purchasing the Sega CD as soon as it comes out this fall. I believe that CD games are the wave of the future and Sega seems to have the most up-to-date game system and CD technology. Even though I have researched my purchase, there still seem to be a few unknowns in the way the Sega CD will be packaged. I get all the game magazines and nobody seems to know exactly what we game players will get for our $299. One magazine which used to have reliable info is saying Sol-Feace won't be released in the U.S. while Sega says that it will be one of the discs included with the system! The mag also says that Renovation will do Cobra Command but Sega again says that they will bring out the disc. Sega should know what they are doing but can give us the final story on the mysterious Sega CD.

Vincent Tucker
Raleigh, NC

(Ed. Always willing to help Vince. The reason why you are getting different stories is because Sega is constantly changing their minds. The CD system is very important to them and they want to give the players the best deal possible when the system comes out this holiday season.

With the system configuration literally changing every month, you have to be careful which magazine you get the information from. Not to bash our competition, but EGM has the shortest lead-time in the biz!

Anyway, Sega currently plans to include Sherlock Holmes Consulting Detective, Sol-Feace, a four in one Sega Classics disc that contains Streets of Rage, Columns, Golden Axe and Revenge of Shinobi (Super Monaco GP will not be on this disc), a CD+G demo disc and a CD audio disc. Is this the final configuration? Does Sonic the Hedgehog have a bad attitude?

There have been other game changes happening on the Sega systems. Cobra Command CD, previously known as Thunderstorm FX, is now being brought out by Sega themselves, not Renovation. The U.S. rights to the hot cart Thunder Force 4 have also gone to Sega, who are planning to call it Lightening Strike. Ditto for Ex-Mutants, being developed by Mallbu Interactive. One thing is for sure - if you want to get the latest information keep tuned to EGM!

BOGUS SF2 ARCADE GAMES

I recently took a trip to Taiwan. I know most of the Japanese imports go immediately over there, and of course, SF2 was the hottest arcade game around. One thing that was unusual though was that the SF2 machines are different. My friends living there said that these 'different' versions were illegal ripoffs. While they look and play very much like SF2 they could do no moves. Not only that but you could perform moves in the air! The fireballs could be thrown so slow that you could walk inside your own fireball! Sonic booms could be thrown in mid air. There were many more new and interesting twists to the game.

While I understand that these versions will never appear in the U.S. Capcom should consider doing something similar. Playing SF2 CD every day gets pretty boring and these changes add a new strategy!

Hubert Cheng
La Jolla, CA

When I went down to the pizza parlor to play SF2 CE, I discovered there were new mid-air moves! The game was fun but can EGM tell me if this was a rip-off game?

Steve Rossa
Millbrae, CA

(Both machines were rips, guys. Although they may be way-cool, it's not a great idea to support your local gray-board importer. Try Mortal Kombat instead.)
Power-Grip Glove and Football Set

Hey... we're sure you know what it feels like when you make that great athletic catch. Those times when all your friends yell "Wow! What a Catch!" Well now you can make those great grabs EVERY TIME... with the "Whatta Catch!" Power-Grip Glove and Football Set.

Whether you're a righty or lefty, our adjustable gloves will fit you. They're covered with sticky hook-and-loop material that makes it almost impossible not to make a great catch! Plus, our high-quality football is so realistic, it even pumps up with air! That makes it better than all those watermelon-shaped foam and cotton-filled footballs you've seen other kids playing with. Plus, our bright neon pink and green ball looks great!

"Whatta Catch!" is taking the country by storm so get in on the action. Run over to your store and buy one today!

And be sure to keep an eye out for all our other popular products, like the "Whatta Catch!" Flying Disc and the "Whatta Catch!" Power-Grip Softball. Plus, you can also buy extra Power-Grip Gloves and Footballs individually. That way, the whole gang can play at once!

WONDERMega Blues...
Now with the Sega CD only a month away I am getting very excited about this spectacular peripheral. While $299 is a bit on the high side, the free discs do make it a good value for the money.

That was until I saw your last issue and off in the corner on one your EGM Express pages is a picture of something called the Wondermega. Just exactly what is this? Should I consider buying this new product, or will it even come out in the U.S.?

Michael Robles
Bronx, NY

JVC's Wondermega will be coming to the U.S. later this year.

(Ed. You must have missed our May issue Michael. We broke the news to the nation about this nifty product. In essence, the Wondermega is a Genesis and a Sega CD wrapped in one. As far as graphics and video are concerned, other than a built-in Super VHS video output, there isn't any difference. If you are really into the audio, however, then you will want to at least take a look at this system. JVC has added a few cool features that will turn your crank. A special bass enhancer which adds punch to the lower frequencies and a digital audio processor which expands the dynamic range of the music are the two most important additions. Believe me, if you run your games through a stereo system (not just the TV) you will definitely want the Wondermega! Other features include a mike input, a karaoke echo and a MIDI (Musical Instrument Digital Interface) port.

If you thought that the Sega CD was expensive, Michael, you better sit down for this one. The Wondermega lists for over $620 in Japan.

OK, so it really isn't a true psycho letter, but there was someone willing to go to the trouble of hunting up a relative named Dhalsim as we requested in the Tricks of the Trade section.

Mr. Eric McGovern of Port Orange, Florida is the crazy who made his sister up as Street Fighter 2's gumby warrior. C'mon Eric, it was a joke! You score the free loot, bud, but don't think you have us fooled for a moment!

"Sir, Enclosed is my sister's birth record and picture. She is 8 years old and her name is Dhalsim! I am 6 and I think it's a funny name. Please send my games. I have a Super NES."

WIN AN OFFICIAL EGM T-SHIRT!
If you think you have what it takes to contribute to society, go write to Newsweek. If, however, you have a thought or opinion that fellow gamers would find particularly crazy, we'd like to immortalize you with a special edition EGM T-Shirt proclaiming your fondness of and psychosis to video games!

Since its introduction, however, the price has decreased to about $400. There are two versions of the system in Japan. One is released by Sega and the other sports the JVC label. Other than decals and pack-in software, the systems are the same. Here in the U.S., Sega hasn't indicated whether they will bring out their version of the Wondermega. JVC, on the other hand, is currently thinking of bringing their system out later this year.

PLAY STATION DEAD?
I am an avid Super NES and Sony fan, and the Play Station looked to be a dream come true. That was quite a while ago and other than bits and pieces of new info, there hasn't been anything new about Sony's dream machine. Have they soothed their problems with Nintendo? Will the Super NES CD-ROM and the Play Station still be compatible?

Cedar Mulligan
Port Alexander, AK

(Ed. We haven't heard anything new about the Play Station for a few months. It's important to note that Sony has signed up with Sega to be a CD-ROM software licensee. This being the case, the best guess is that they were never able to reach an agreement with Nintendo and probably decided to hold off on bringing out their own system since they didn't have the software support.)
S-NES CD-ROM 32-BIT & $200?

You guys have already printed the specs and names of some of the games for the Sega CD. You even told about the pack-in discs and release schedule, but what you haven’t talked about a lot is Nintendo’s Super NES CD-ROM. Can you give us an update? Will it come out in January 1993? Is Nintendo still planning to sell it for $200?

Jose Galvez
N. Hollywood, CA

Please check out the story that Nintendo is changing their Super NES CD-ROM plans. I got a letter from them on September 14th and they said that their new peripheral is to be 32-Bit and still cost only $200! They even go on to talk about a new 3-D graphics chip that they are working on. If this is true, their machine should leave Sega’s overpriced 16-Bit CD-ROM in the dust!

Frank Cipparone
Philadelphia, PA

(Ed. We heard about the newest version of the Super NES CD-ROM when we were at the Nintendo Show in Japan back in August. Unfortunately this news came just days after we went to print with the October issue. For a complete description of their new peripheral, check out this month’s EGM Express column.

As to whether their new system will sell for $200? Highly unlikely. Few people believed that Nintendo could sell a dependable and durable 16-Bit CD-ROM for $200, not alone a 32-Bit machine. Rumor was that Nintendo had major problems in getting their old CD-ROM to interface properly with the Phillips CD-I. In addition, development systems never went out to the software licensees and time was running out for a January 1993 launch.

One thing to remember is that CD technology is big business. Being first is very important. Sega showed their system first and Nintendo had to go one-up. They did this with a press release about their CD-ROM system being only $200. Now Sega is first with their CD-ROM in the stores and Nintendo needs something bigger-and-better to talk about - like a $200 32-Bit system. C’mon Nintendo, you can do better than that. If you’re marketing vaporware, why not make it a 64-Bit CD system?)

IT'S TOTALLY PROGRAMMABLE!
MORE MORTAL KOMBAT!
Thats enough Street Fighter 2 coverage! You now have to cover Midway's hot new fighting game - Mortal Kombat. Do just what you did with the SF game and cover all the moves! Also, make it a point to show the fatalities!

I have been going to the local arcade for the past month and all I have been playing is the game Mortal Kombat. At least, when I can get to it. The line is so long I can only get a couple of games in each night. By the way, the SF2 CE game isn't even being played now that Mortal Kombat is in! My problem is that I am getting my tail kicked because I don't know the special moves. How about telling me a few of these moves so I can last longer than 2 minutes.

Thanks for the story on Mortal Kombat. I've been playing it for three months now and I've gotten so good that I can beat the game with Scorpion. Do you know when they are coming out with a Mortal Kombat 2? P.S. Here are some of the special moves. Hope you like them!
Scorpion's Death Wish - Hold block button down and press up and get 3 feet away.
Sonya's Death Wish - F, F, B, B, Block Button.

(Ed: We have already received over a hundred letters on this hot new arcade fighter! Watch future issues of EGM for more info, pix and all the special moves. The way it looks from our end, SF2 CE seems to be dropping in popularity rapidly. It is taking some time for the MK machines to get out across the country, but as soon as the players see MK they're hooked! With SF3 eons away it looks like MK is the new king!)
Suddenly, the place with the games everyone wants is Sears. Go figure.

Following the theme of the blockbuster movie, Super Star Wars is translated with great attention to detail throughout. Embracing conventional side-scrolling action themes while adding Mode 7 Landspeeder and flying sequences, the play technique is straightforward but very solid. Well drawn cinema displays motivate the storyline and help bring additional depth to the characters as you advance the movie's well-known plot. Fight off Luke's home world, meet up with Han Solo and Chewbacca, and blast to the Death Star to rescue Princess Leia. Return to take on Darth Vader and blow the space station away!

STEVE

Although this game has a few problems with its control and execution, the package is presented in a near flawless manner. The graphics are absolutely incredible and complimented with strong play action and good technique. The game is simplistic in design, but the quality of the design is second to none! A winner!

MARTIN

This is a dream come true for Star Wars fans. The game is so well done that you can't help getting hooked. The graphics are great, the music is absolutely phenomenal and the game play is fast and action-packed from beginning to end. This is the best movie-to-game translation that I've ever seen! Encore please. E.S.B.!!

SUSHI

Super Star Wars is destined to become a Super NES classic over the next year. With the graphically intense backdrops, interstellar sounds, and a proven storyline, what else could you expect? This grandfather of epic is making the video game transformation exceptionally well!

X

Do we thank the Force?
The latest blaster for the Nintendo 16-Bit includes five levels of intergalactic conflict. Combining detailed graphics, standard video game play mechanics and some innovative techniques come together to add credibility to this shooter. Fight through ten levels of play, using the Garland fighter's powerful cannons and special ability to lock-on to enemy craft to steal-away their weapon enhancements.

While the real focus of this game is the unique capture-and-power-up technique, the game flies higher on its graphics than its play. Its a solid, if somewhat sparse, battle, and selection of weaponry is interesting, but the overall graphic representation of the background and foreground characters is where the soft shines.

A better than average shooter from Atlus. The graphics are very well done and the game play is well controlled. It isn't a very easy game but not so hard as to make it frustrating. While it isn't revolutionary, it does offer satisfactory entertainment for the shooter fans. The sound is good enough to listen too for a few times.

Why would a company release a mediocre shooter, when other carts show how good a SNES shooter can really be? The game is fairly difficult, but the graphics are nothing to shout about. The sound department isn't the best either. The game play is very straightforward with only a few cool options. Missed it by...

Hooray! Another shooter to keep the dust off my game shelf. Too little, too late is often becoming the byline of most shooters this year, however, and Blazeon is no exception. It's passable in most departments, but it still isn't enough. To really blow your socks off, you need strength and charisma, not just good looks.

The latest in Spectrum Holobyte's line of Tetris spin-offs, Wordtris succeeds in combining the addictive play of the original tris game with an educational angle that teaches as it plays.

Boasting a 50,000 word dictionary to recognize even the most obscure language, each level of Wordtris encourages players to better their vocabulary in an effort to stop the rising stack of letters.

Although I love Tetris, I haven't found any of the follow-up titles to have anywhere near the same level of appeal. This game isn't much different, complicating the addictive qualities of Tetris with unnecessary demands on how items are placed. Its own Wordtris would be average, compared to Tetris it falls way short.

Wow, another puzzle game on the SNES! I like the concept of being able to actually think in a game but the system seems to be under utilized. The vocabulary is exceptional and that must be where all the memory has gone to. A fun way to expand a player's vocabulary! Give it a try!

Come on now! I liked Tetris, but isn't this taking it a bit too far? Sure the game play is similar, but it just isn't the same. The backgrounds are interesting and the playing concept is different than 90% of the SNES carts out there. A change of pace that will stimulate your mind as well as your reflexes.

While Wordtris really puts your mind to work, it quickly becomes clear that this is a lot of power for a GameBoy-type game. Still, for those of us who like to challenge our minds as well as our reflexes, Wordtris will be waiting. One problem: it may be a pretty smart game, but it doesn't recognize all the words it should.

Expanding on the number of sports games available for the Super NES, Amazing Tennis attempts to recreate the game and provide a wide variety of options to any would-be Agassi's!

Game play is presented in a nicely sculpted three-quarter angle that provides plenty of mobility and a nice look. Three difference court types are available, with solo or head-to-head contests available.

I'm not a big fan of video tennis, but this game is appealing, especially in the head-to-head mode (where most sports games excel). As a solo match, however, Amazing Tennis is still an attractive game that features decent graphics and good sound support. If tennis is your game, there isn't much here that should offend you.

Unlike many of the other sports, there isn't a whole lot to do in a game of tennis. The actions are rather predictable and easy to learn. The graphics are very well done and the control is very responsive, though it takes some practice to really get good. Of all the tennis games out there, this is easily one of the best.

First of all, I don't get into playing enhanced ping-pong. This is a very good tennis cart and is very close to the real sport. The graphics are well done and the animation is great. It takes a while to get used to the game play, but overall it responds well. A decent effort that should please most sports enthusiasts.

Amazing Tennis is not exactly my favorite game to hack at. With the hard to learn play control, most will toss the game through the window in frustration long before they learn even the basics. Trust, after weeks of practice you may begin to win a couple of games, but only the patient will triumph.
One warrior. One dream. One chance. The complete saga. Only for the TurboGrafx™-CD.
A truly unique approach to the usual brand of action games, Spindizzy Worlds offers a combination of straight action play with an innovative control and environment filled with obstacles to overcome.

As a space-age top, the player must successfully wind through various three-dimensional mazes. Don't bump into anything or fall, however, or the spinning icon will break! Conquer all 30 levels!

I like the approach of this game a lot, even if it does get a bit frustrating at times. The unique nature of the action, combined with decent graphics and some fun techniques made up for any of the soft's minor shortcomings. For a change of pace that employs a leisurely challenge, Spindizzy may be for you.

Spindizzy is a great game. The controls will take a while to get used to but once learned, this is the type of game that becomes very addicting and hard to put down. The game concept is unique and the puzzles are real mind benders. Although the graphics are unassuming the game play more than makes up for it.

Once in a while I play a game that is totally original. Spindizzy has a unique style of gameplay that reminds me of Marble Madness. The game is filled with puzzles and plenty of tricky situations. The graphs could be a little more interesting and the sounds aren't too impressive, but it does stay fresh for the first ten rounds.

While the graphics and sound hint of Marble Madness, Spindizzy Worlds is much, much more. This game requires you to utilize your problem-solving skills in order to finish a round. The object isn't just to plow past obstacles but to think your way around them. Spindizzy Worlds is a great puzzle-race-against-time game!

This game continues the story that has been made popular in the successful Final Fantasy series - sort of. Final Fantasy - Mystic Quest takes many of the play mechanics found in earlier Final Fantasy efforts and places them within a slightly less challenging environment.

Four gems have been stolen by a tyrant and must be recovered to save the earth. The light tone of the quest should make it fun for kids.

This RPG is actually quite fun to play and runs at a consistently fast pace. It never dwells only on one aspect of the adventure and features enough depth in the story and action to make for an enjoyable time. While the game is geared toward a younger set, its ease is the only fault I could find.

A perfect RPG for the player who doesn't want to have to spend hundreds of hours in solving the game. The beginner will enjoy the challenge and even the experienced questmaster will find the game challenging. The graphics are noteworthy as they are better than the average screens we are used to in other RPG's.

Another RPG from the folks at Square! The game is set up like your typical RPG with plenty of menus, actionless battle scenes, and hours of searching for much needed items. The music is by far the most impressive aspect of the cart and the graphics are top notch too. The quest is good but geared for the younger crowd.

Final Fantasy MQ is a great amateur's adventure title with tons of quests to solve. FF MQ isn't very hard, but it's solid, so it should be popular with that crowd. Let's face it, FF MQ is a HQ RPG, not quite suited for VIP's, but since it will go MIA PDQ at your local EB, KB, etc., U had better RSVP yours ASAP!

Super Mario makes his latest appearance on the Super NES atop a super-charged go-kart! This driving variant expands upon the F-Zero three-quarter play style with more tracks, different characters and power-ups that can be used to knock opposing racers off the course! Great graphics and music support the action and add even more to the Super Mario Bros. theme.

This is the best driving game to come along for some time. Mario Kart looks like an F-Zero clone on the surface, but there are many interesting upgrades ranging from power-ups to special combat modes using a split-screen layout. Replay options and plenty of tracks add to the appeal of this super game!

Another hit for Nintendo. They may not make many games in a year but the ones they do are spectacular. Cute looking and a cakewalk as this is a game that requires lots of technique to master. Fun for the kids but challenging enough for those who take their racing seriously. A definite must have!

A cute, but very good follow-up to F-Zero. This game may look cutey, but don't be fooled! It really gets intense. The game play is very good and loaded with neat features like instant replay. The graphics and music are high quality and utilize Mode 7 very well. The game is a ton of fun and even better in two-player mode.

Jammin'! Super Mario Kart really blasts past the fun barrier, bringing all of my favorite Nintendo characters back in one spectacular racing game with plenty of power-ups, race tracks, and obstacles! This is one of those games that is very hard to put down, especially with the twin screen action and replays!
With the most advanced graphics ever created for boxing, the 'sweet science' has never been so incredibly real.

Check out the action: you've won your first bout, but it was tough! 8 gruelling rounds, and now you're dog tired. So it's back to the gym to work on your stamina. Next bout: you're up against this guy who's REALLY FAST! He's not hurting you, but he's building up points with pitty-pat combinations, and you're getting mad! Between rounds, your corner tells you how to get even! They've seen he drops his left guard, so he's open for the right hook. Next round: BAM!! Right hook! HE'S OUTTA HERE!!

This is TKO SUPER CHAMPIONSHIP BOXING. Non-stop Smashin' Bashin' Knuckle-Krunchin' Action!

Either go one-on-one with a buddy; pick a fight with one of eight powerhouse opponents; or go for the whole enchilada - beat 'em all and become WORLD CHAMP!

After just one bout, you will agree that TKO is a major KNOCKOUT!
The classic cartoon character is back for an adventure on the NES. An evil professor has kidnapped the beloved Kitty, and is holding her hostage in exchange for Felix's coveted magic bag. The game is filled with various dangers and traps around every corner. There are helpful items to collect and bonus rooms where you can power-up! Use over 10 different magical power-ups to save Kitty.

The variety afforded by the magical bag o' tricks gives this game some character, but what you're left with through a predominant amount of play is a standard side-scroller with some nice graphics and technique. The action never gets too heavy and the comical overtones, while missing the mark occasionally, are fun.

With great games like this one the old 8-Bit Nintendo could last another year. Easily one of the most enjoyable NES games to come out this year and definitely worth buying. Felix plays well and has lots of different items to find. Great animation and a long adventure will keep the whole family busy for quite some time.

This just may well be one of the last 8-Bit games really worth playing. The theme is killer and brings back one of the coolest cartoon characters around. Tons of special items keep the game interesting. Cute graphics and OK sounds combined with solid game play make this cart a winner. Grab your magic bag and save Kitty!

Surprisingly, the 8-bit king still has a little life left in it, thanks to games like Felix the Cat. The graphics and sounds are cute, but I want to see this in 16-Bit. If the programmers can translate this theme and story into the 16-bit world, it's sure to be a hit. As it stands on 8-Bit, however, Felix is still a bag of fun!

There's a new planet on the universal map and a rivalry has started between the neighborhood deities. You must pick one of four different gods and set up a race of people on the planet. Your race of people will advance in civilization and weapons technology as time passes. The object is to build better weapons and stronger fortresses so you can crush the other races and claim the planet as your sole prize.

This game is a combination of several proven concepts that works well for me. Although the game never reaches a burning crescendo, the steady pace of the game, coupled with its very good graphic and sound support, make it worth investigating. The plot is involving and delivers on its promises.

Definitely not the type of game for the player who wants instant gratification. Tyrants is a game that requires thinking and progress is slow. If you ever loved to control peoples destiny, this is the one for you. Kind of like a cross between Populous and the Sim series. Not bad but not for everybody.

No offense, but this game bores me. The game play is too similar in concept to Populous. The graphics are nothing special and the music is average for the Genesis. Once I got through the first couple levels, the game got extremely repetitive and I became uninterested very quickly. Not my cup of tea.

Games like Tyrants are generally best left to computer gamers with the patience for such slow, repetitive game play. By adding more action to these titles, it could be entertaining. While the concept is fine, as well as detailed graphics, the game itself moves too slowly with not enough surprises for high interest.

Joe Montana is back for his third attempt at grid iron action the Genesis. This cart features official NFL teams and play-by-play digitized announcers. The game has plenty of new features and a zoom-in effect that brings you into the action. Play through a full season as the computer keeps track of the American and National league and sets up the big Super Bowl game. Realistic football action is the goal of this sequel.

While the Madden series has always been my favorite football games, Sega is making some strides in the right direction with this soft. The gloss is heaped on in the second sequel, with many new features being joined by official NFL licenses. The play control still comes up short, however, although it's an improvement.

It looks like Sega has finally created a spectacular football game. If anything the voice is worth the price of admission. The announcer really can talk and his voice is superb. No garbled speech here and his vocabulary is quite extensive. More importantly the game plays outstanding and a good change of pace from Madden.

This is the best football game that Sega has brought out yet, but it still can't compare with Madden. The new additions to the game play and the improved voice are very cool. The zoom-in view of the action is a great effect and the game play has really improved since the last cart. A good appetizer to hold you over till Madden '93!

The best thing about Sports Talk Football is that you KNOW Madden '93 will be that much better! Sorry Sega, but as impressive as ST FB is, it needs more clarity and control to size up to the rock solid feel of the Madden titles. With a few adjustments these two series of football games will be neck and neck!

Get behind the controls of the one of the most powerful attack helicopters in the world. This cart is a flight simulation and action packed shooter all in one. Choose from an Apache or the top secret LHX helicopter and take to the skies. Realistic polygon graphics depict the action from five different views. Equip you copter with state-of-the-art weaponry and go on a courageous mission for your country.

LHX suffers from the same ailments that plague carts that try to reproduce arcade-quality polygon graphics. The overall environment is sparsely drawn, the action is painfully slow even in the heat of battle and the goals repetitive. It does deserve credit for being the best poly game so far - but it still left me unimpressed.

A good copter simulation but game play is hampered by the not quite perfect polygon graphics. Not a lot of background detail but with enough targets to shoot at you won't spend much time looking around at the scenery. Good control of the copter and the missions get harder as you get better. Good but not great.

Surprisingly, the Genesis really handles the polygon graphics in this game well. The game play is a little shaky, but there is plenty of control and the helicopter is easy to fly. There are lots of targets to destroy and the missions get rather difficult as you progress. It's a good thing you can blow up the camels or I'd get bored.

LHX Attack Copter is pretty stable for a polygon flying simulator. The graphics break up a little around the edges sometimes, but overall it's a good shooter with plenty to target. Even the challenge is fairly consistent, increasing steadily right up to the final stages. Look for possible sequels to this one with cleaner graphics.

An evil armada of cyborgs are trying to take over the world and Air Zonz is the only one who can stop them. Zonz had a spell of amnesia for a while, but faithful gamers across the land helped him remember his name. The game play is loaded with 8 power-ups and 10 special options. There are 5 stages of nonstop scrolling action and huge cartoon-like bosses waiting at the end of each challenging level.

While this game tries to buy some faith on the Bonk franchise, it really doesn't need to. Nor should it. This game is totally original and a worthwhile investment. Using some of the damnest graphics to show up on the Turbo in some time, Zonz delivers a fast-paced blast-out, with a title character oozing with personality. Good job!

Zonz, Bonk, whatever. TTI has taken the old caveman and updated him for the 90's. They did a good job also, especially by not relying on the old character to carry the game. The new Zonz has a personality of his own and this is probably the best way to break away from the Bonk series. One of the best Turbo games.

A great addition to the Turbo library! This shooter has a unique theme and really shines. Graphics are well-animated and very colorful, with end bosses that are huge! The game play is filled with power-ups and loads of enemies supported by music that is totally cool! Zonz is a fun shooter with more than enough challenge.

What can I say? Air Zonz is really hard-hitting fun with awesome colors and sounds! The enemies are just as entertaining as the main character himself, and wait until you see the last Boss! Wow! The TurboGrafX-16 is really beginning to make a turn-around! I can't wait for more Zonz titles in the future.

This disc will be one of the pack in games on the 3-in-1 disc with the Turbo Duo or will be available for the regular Turbo CD with the new system card. The game is an explosive side scrolling shooter with 7 levels of intense action and huge end-of-level bosses. There are three main power-ups and they can be powered up threefold. The game features a 3D musical score and loads of cinematic displays at the intro and ending.

Gate of Thunder marks a milestone for the Turbo! This is the first disc game that is all-out fun from start to finish. Despite a lack of difficulty, the action, graphics and music of this title are top-notch all the way! The game has been deftly orchestrated and gives booster-fans new reason to look into the Turbo CD.

Talk about intense action! This shooter holds its own when compared to the best action carts on any system. Tons of enemies, huge bosses and excellent graphics. Fantastic music too! While challenging it could have been harder, but only the best of players will blow through this shooter in a short time.

Gate of Thunder is without a doubt, one of the best shooters that I've played in a long time. The graphics are phenomenal, every end boss is huge and is awesomely detailed. Incredible music and tons of cool cinemas also enhance the disc. The best thing is the near perfect game play. It's only vice is the ease of its play.

Now this is a shooter to watch for! It really has what it takes to bring home all of the flash and fire of a full-fledged arcade machine! Superb graphics highlight every scene with high detail screaming colors, and great sound! Large bosses up the ante with intense battle sequences guaranteed to please!
May The Force Go With You.

The Death Star threatens to crush the rebellion forever. Darth Vader holds Princess Leia captive. Only you Luke Skywalker, leader of the last band of rebels for good, can stop them. With Han Solo and Obi Wan Kenobi on your side and the Millennium Falcon as your ride, you have the Force to win. Better take off now.

Like many cliches in society these Lemmings don't have a mind of their own and are brainless when it comes to danger. You must be the one to lead them safely through 30 levels of dangers and lemming traps. Choose which lemmings should do the job that will save the rest. Sometimes one of these little dudes will have to be heroic and give up his life to save the others. It kind of gets you all choked up.

I've had enough of these little guys already! All I have to say for their Game Gear appearance is good job. You've managed to duplicate a puzzle game that I've never really had a fondness for almost perfectly. Fewer levels and toned down visuals didn't help my earlier opinions of the game. Not for me!

Sega did a good job in making sure that the little rodents would be visible on the small portable screen especially when they were already tiny on the console versions. Nothing new here but if you like to take your puzzles with you this is probably one of the best to have come out for the game gear in a long time.

Lemmings are everywhere! The Game Gear does a good job of bringing this sadistic puzzler to the portable frontier. The game play is basically the same and very little has been lost in the translation. There aren't as many levels as other versions and the lemmings are very tiny on the screen. Average speed is passable.

Is there a wrong way to cook a Lemming? This lovely recipe is just what the doctor ordered for long family trips (just don't forget the car adapter)! Of course, there's nothing cute about condemning an entire race of Lemmings to their death, but saving them is a challenge worth 'gearing' up for.

A creepy clan of Neanderthal nerds has kidnapped all of your cave babys. Joe and Mac are the two bravest cavenmen in your tribe and have set out to rescue the much missed damsels in distress. There are prehistoric dangers everywhere you go. Hungry Tyrannosaurs and pesky Pterodactyls are on the prowl. Collect primitive weaponry and fight your way through 5 levels of marvelous metazoic mayhem.

I liked this game a lot! The detail in the graphics, both the character animations and background scenery, is first-class all the way. The action is transferred from earlier versions with a high attention to quality. The game is difficult to play whenever the action clips along rapidly, but it still doesn't overshadow a great game.

It isn't often when a GameBoy cart plays, looks, and sounds better than its Nintendo cousin but this is one of them. The game play is great and the character is easy to control. The graphics are unusually well done and if it wasn't for the GameBoy hardware problems this would have been a near perfect game.

Believe it or not, the GB version is better than the NES version! The graphics are very detailed and the animation is good. The Bosses are huge and actually look decent on the tiny GB screen. The game play is also very good and moves along very smoothly. Just a headache this BIG from the constant blurring though.

Cute game, cute graphics, cute sounds, ancient system. Oh well, three out of four isn't too bad. The constant blurring (typical) really destroys what should be considered excellent graphics and detail! The game itself is masterful considering the limitations, but no game should have to beg for glasses this way.

It's time to hit the grid iron and it's also time to hit the road. Don't worry! Now you can bring NFL action with you wherever you go. You can choose from the AFC or NFC teams and pick your plays from an extensive clipboard filled with defensive and offensive plays and formations. The field scales in and out depending on where the action is going down. Go for the touchdown in this realistic football cart.

I was not impressed with this game at all. The concept of a simple video football game has been cluttered with a lack of focus and poor implementation of what could have been cool effects (like the isolation scaling). The control is poor and brings down the whole game. An NFL license does not a game make.

I had high hopes for this cart but it fell far short of being spectacular. Player control is difficult, partly because of the small screen and partly because of the poor animation. It is choppy when it moves and this doesn't help. I liked the NFL teams but I would have rather had a better playing game with no name teams.

This is a decent football game for a portable system, but I really think that it could of been done much better on a system like the Lynx. The game play is decent, but the scaling has a slight chopping. The sounds are equally annoying. The use of real NFL teams is a plus, but doesn't salvage this mediocre cart.

Ouch! What should have been a seven or an eight barely scores a field goal! The choppy graphics really make this intense game hard to follow if the graphics can be smoothed out, and the animations refined, we might see a really jammin' sequel on the horizon. Until then, I'll wait for football season.

**LIMITED EDITION FIRST ROUND**

A25000
Get ready to tackle Madden’s finest season yet. John Madden Football™ 93. The all-new version of the game with the greatest run anywhere. The top of the charts since day one.

This year, Madden really makes history. Twenty-eight updated pro teams. The eight greatest teams of all time—Miami ’72, Oakland ’76, Dallas ’77, Pittsburgh ’78, Washington ’82, San Francisco ’84, Chicago ’85, New York ’86.

Plus the ’92 All-Madden team and his Greatest Ever squad.

So you can pit the Hogs against the Steel Curtain. And see who lands on top. In all, thirty-eight different teams. Think you can find a more hard-hitting game? Take a hike.
Talk about a game with Madden written all over it. Madden '93 has yards of plays. A total of 125 including new audibles. Each from the pen of John Madden. Including the no-huddle offense and a quarterback killing the clock play.

It's a game of match-ups—Madden's brand of football. Each team scouted by the man himself. Battery back-up saves game and player stats through the playoffs. Make the right match-up at every position and you'll go all the way.

The more intense the action, the more excited Madden gets. Blasting out comments like "Boom!"

Madden's playbook has some big surprises. Get caught in the wrong formation and you'll get burned.

Where'd that truck come from? It's the true personality of football.

Call the no-huddle offense and you'll give an out-of-position defense the slip. Especially if it's a snowy day in Buffalo.

With head butts and shoestring catches, this game definitely has all the right moves.

A split play-calling screen keeps the other side of the line on its toes. Tougher computer opponents keep you on yours.

CALL 1-800-288-HINO (4466) for Reader Service Card.

EASN, the Electronic Arts Sports Network, is all over the field like a roving linebacker. Highlights. IsoVision™ instant replay. Cameras covering every angle of the game. Make the right call. Phone (800) 245-4525 anytime. Or visit your local EA dealer. And get the only game worthy of the Hall of Fame.

If you are under 18, be sure to get a parent's permission before calling. It all requires a Touch-Tone telephone and is only available in the US. Call length determined by operator. Average length is four minutes. Message subject to change without notice.

Super Star Wars is the game that has done the unthinkable - it has topped Street Fighter 2 from a top position held since the game's introduction in July. The incredible graphics and game play have made this SNES title an EGM staff favorite. We received a copy of Sonic 2, however, and that game has debuted high.

SUPER HOT DEALS ON ALL
SUPER NINTENDO ITEMS IN STOCK!
...Step right up to the new fat-free Quartermann column that gives you all the great taste you expect from a gospel column without any of the calories! The Q-Mann has scoped out some great gaming goodies for you this month, kiddies, including boffo news on all of the new consoles for you hardware heads out there! Without further delay, let's open this Oreo wide open...Hold your breath if you want to turn blue, but not if you expect to be playing CD games on your Super NES any time soon. The big 'N' has nixed their plans to belly up against Sega's impending machine, privately indicating that they don't see CD games being that different from regular carts. While this isn't a bad call in the Quartermann's eyes, Nintendo is keeping their hands wet with development of a 32-Bit CD-ROM complete with a slick custom chip set that they say could be ready by August of '93. Sega gets its head start again, but with the enhancements Nintendo is promising in their CD design, we might see the mighty mega-power of gaming quickly taking over Sonic's home turf - but only if the unit proves to be more than smoke...

...Replacing Nintendo's next super system is a super chip! The terminators of Nintendo have developed proprietary code that enables the Super NES to display higher quality 3-D softs without the need for a hardware extension! The Super FX chip gives the Nintendo 16-Bitter the power to deliver shaded polygon images through RISC-based technology. Expect the first title to use the innovative ROMs to hit in February, with a slew of third-party products to follow...The Q-Mann's been sporting wood over the new DSP chip that enhances the processing speed of the Super NES. But now I hear that the games that utilize the zippy Seta chips could cost over 100 bucks! Timberrrr...

...Yours truly has finally zeroed in on the developer of the super secret Atari Jaguar project! As the Q-Mann pegged previously, the system is being designed in Europe by a company contracted by the Tramiel Trio. The 64-Bit (yeah, right) miracle machine supposedly uses RISC-based technology to produce shaded polygon images like those found in arcade drivers like Virtual Racing (deja vu)! The hardware house responsible for Atari's last gasp is called Flare. Look for a debut around the Summer '93 CES where Atari hopes to have 20 titles ready to go! 20 games with no development staff? No way Hans, no way...While we're on the subject of game development, Sega plans to open a midwest R&D house under the command of industry veteran Joe Robbins who's late of Sunsoft. The group is looking to produce two carts and one CD project every year for the Genesis and could begin on Virtual Racing as their first multi-media project! Don't understand why you picked our neck of the woods, but welcome to the neighborhood...

...Now on to the machine that no one but Quartermann wants to talk about. The EA/ Warner/Matsushita team is readying a test of their play-by-cable system, the SMG, for early next year somewhere in the north-east according to recent rumors. A consumer version, with CD capability may also be made available later in the year. What all you Quarter-maniacs may not be aware of, however, is that the design team that put together the latest in video game technology is comprised of almost all the same members that also gave birth to the Lynx hand-held and Amiga computer...What's the only thing worse than having the "exclusive" to a game that EGM covered months earlier? Putting a hologram on your cover that's the same size as the editor's...News from the Japanese front points to new and improved Genesis games just around the corner! The buzz on the street says that the Genesis will soon be able to display more colors, choose from more colors and enjoy enhanced resolution through a number of nifty software tricks! The Q-Mann will keep you posted...

...Look for Tandy (the buds from Radio Shack) to promo their CD-I driver soon with an Inspector Gadget game. How many chips will be wasted before the white shirts wise up and develop a uniform CD platform that all softs can use?...Don't trust a game mag editor named after his underwear...Well, we knew that Data would find his head, but I've got my fingers crossed that Q makes an intro sometime soon!...Till next time, stay fluffy...

SUPER-FX CHIP BRINGS 3-D TO SUPER NES

During the prestigious Shoshinakai Software Show (basically a Nintendo-only trade show) in Tokyo, Nintendo of Japan president Hiroshi Yamauchi confirmed reports that Electronic Gaming Monthly had been making for several months. On August 26, 1992, the top dog of Nintendo unveiled plans to use a new chip set, called Super FX, in future 16-Bit Super NES game cartridges.

The proprietary chip used by the FX extender is based on RISC technology and includes a digital signal processor. The chip has been designed to perform high level mathematical functions enabling the Super NES to now display textured mapping, shading and real-time three-dimensional effects. The quality of the new visuals is reportedly so good, according to Nintendo, that they claim their 16-Bitter will be able to outperform anything currently on the market.

The first set of softs to utilize the new Super FX chip will be released by Nintendo in February, 1993. No title was given, but it is known that third-party licensees won't get their hands on the technology until early next year.

The Super FX chip is not the first DSP upgrade available for the Super NES. Game licensee and developer Seta has introduced a new extender that enhances the speed of the console to nearly 8MHz! The first game that will take advantage of the innovation in a big way will be F1-ROC 2 which should find its way onto store shelves sometime in the middle of next year.

SUPER NES 32-BIT CD COMING NEXT YEAR

Coinciding with the announcement during the Shoshinakai Software Show in Tokyo, Nintendo announced that they are shelving plans to have a CD-ROM drive on the market any time soon.

Instead of competing directly with Sega, Nintendo now hopes to battle out the next generation of gaming on their own terms, sometime in late 1993.

To gain the overwhelming advances that Nintendo feels CD-ROM needs for success, they are continuing with the development of such an accessory but will instead base it on a new, custom 32-Bit processor.

Nintendo of Japan president Hiroshi Yamauchi indicated that a 32-Bit Super NES CD-ROM peripheral could be in production by August of 1993. Further plans will be announced at the '93 SCES.

Super Mario Kart is but one of several 16-Bit games to use add-on chips.

One of the first peripherals originally unveiled for the Sega 16-Bitter was the Tele-Genesis modem. This "revolutionary" device was touted as the next generation of video games at a time when NEC was countering the Genesis with their own CD-ROM add-on for the TurboGrafx-16. Ultimately, the Turbo upgrade failed to meet with widespread acceptance and the Sega modem, once it became evident that the threat from NEC was hollow, never saw the light of day in the states.

That fact hasn't deterred a new upstart from seeking to plot its own growth in the telephone gaming market.

The Teleplay Interactive System, being released in the Spring of 1993 by Baton Technologies, promises to deliver on the promises Sega made over three years ago! Their unit goes beyond the wizardry of the original Sega device, however, to also include NES games, a faster baud rate and a number of game releases that take advantage of the unit.

While info on the new network was sketchy at press time, the basic elements of the add-on have been revealed to EGM.

The modem operates as a stand-alone attachment that connects to the Genesis via the expansion port. A separate lead going out of the Teleplay System then runs to an operating telephone jack. You dial another Baton modem owner, follow the on-screen prompts, and play away!

While the company has privately indicated that they intend to have a Nintendo version of the system available soon, and that cross-platform play (with Genesis and NES owners competing at the same time) may be possible, no working details were divulged. Although such a feat may be possible, it would seem likely that the quality of the games would mirror the technological restrictions of the NES, rather than the options afforded by the Genesis, if head-to-head play were possible.

The system runs at 2400 baud, another indicating factor that the quality of modem play may be limited for the same reasons that eventually sent the Tele-Genesis to its grave. The first game, Terran Wars, is far from complex, but still remains a competitive two-player title.

Supposedly the device will also make additional upgrades, such as computer keyboards, accessible to Genesis modem users. In any event, modem gaming appears to have arrived.

7 Olympic Games Events

Barcelona, 1992. It's the Olympic Summer Games, and your once in a lifetime chance to prove yourself in a world arena. You'll hear the crowd, feel the heat and experience the total rush of the ultimate competition. Break a world record. Smash an Olympic Games record. Or beat a friend. Here's the rundown:

**Hammer Throw**
Trajectory, speed, angle of descent, you get the idea. Don't you wish you paid attention in physics?

**Archery**
The farther you pull the bow, the harder to hold your aim steady.

**Springboard Diving**
Four required dives and one you improvise. Scores based on difficulty, execution and entry into water.

**Pole Vaulting**
The hardest event. Plant the pole and time your release to clear record heights.

**200 Meter Freestyle Swimming**
Bang those turns but conserve your strength to sprint for the gold.

**110 Meter Hurdles**
Timing your jumps is everything in this event.

**100 Meter Sprint**
You'll need a fast start and warp speed to have a shot at the gold.

**Opening and Closing Ceremonies**
Light the torch and let the Games begin... Fireworks will bring them to a close.
VIRTUAL RACING

With all the hype surrounding virtual reality, it is refreshing to see a company take full advantage of what the technology has to offer.

Sega has created a racing masterpiece in Virtual Racing, which uses incredibly fluid polygon graphics and an air bladder system to give you the sensation of motion.

You can select between four different viewing perspectives including behind-the-car, top view, aerial view and cockpit view. The lifelike racing sensations are extremely impressive and exciting!

HOW IT RATES

With the use of everything from air bladders to simulate motion to a steering wheel that features a tension mechanism for added realism, Sega succeeds in creating one of the most realistic racing games ever.

The polygon graphics are smooth and mobile. The selection of views as well as transmission types enhance the already fantastic game play. The machine even has link-up capabilities which will allow multi-player racing!

Virtual Racing leaves all other racing games eating its technological dust!

Overall: 9

Be careful! Spectacular crashes like this await all impetuous drivers!

Choose from a large variety of viewing options. Here is a behind-the-car view.

Check your speed frequently. The display is located in the lower left corner of the screen. If you take a turn too fast, you'll wipe-out!
Can You Withstand The Wrath Of The Infernal Lord?

Battle minions of evil that will overpower your screen!

Keep track of your warrior’s weapons, hit points, and magic ability!

Control 8 warriors and their destinies in a chaotic world!

KING BARIUS LIVES!

From the flaming depths of evil, he returns, bringing forth legions of monsters more vicious than anything the world has ever known! Gather your wits and grab your sword! Team up with a band of worthy companions to search for treasure and magic. Then prepare yourself for a vicious battle against the evil King Barius!

GALAXIAN 3

Galaxian 3 by Namco is, quite frankly, like nothing you have ever seen!
The game uses an advanced 32-Bit processor which generates some of the smoothest polygon graphics seen to date. Everything about this game is revolutionary.
Up to six players can compete at once on two very large screens. Sit back and enjoy the ride as you are catapulted into the interior of huge star cruisers, rocketed through large fields of automated laser turrets and chased by relentless alien fighter squadrons.
If you suffer from bouts of motion sickness, this game is definitely not for you! Galaxian 3 represents the new wave of video game technology. Keep an eye out for this one.

Fly through the alien battle cruisers in order to destroy their reactors!
Rocket in between the auto-turrets while nullifying the alien fighters!

Folks, just in case it makes its way to the U.S. And remember, you saw it first in EGM!

FINAL LAP 3

Namco’s Final Lap 3 is another cool racing game that appears to have all the earmarks of a winner. With killer graphics and multiplayer capabilities, it’s no surprise that this is a game that everyone is talking about.
Choose your course and get ready for some high speed excitement on different tracks from around the world. Keep an eye on your rear-view mirror and watch the clock as you wind in and out of dangerous hairpin turns.
Your competition is out for blood, so be prepared! Namco has outdone themselves and spared no expense in capturing the look and feel of real Formula One racing. Expect this game to be one of the hottest at your local arcade! Start your engines and head for the checkered flag!

Step on it! This game has realistic graphics and multi-unit integration!

BUCKY O’HARE

He’s here! Everybody’s favorite intergalactic hare is blasting onto the arcade scene! It’s Bucky O’Hare from Konami!
Based on the popular cartoon series, Bucky and his friends must try to neutralize the threat of the evil toads.
Bucky O’Hare boasts excellent graphics, great game play and some truly riotous sounds. In addition, you can play with up to four players for a real video blow-out!
This game looks and sounds just like the cartoon. Smooth animation helps to make Bucky O’Hare one of the slickest arcade titles around.
Those terrible toads won’t stand a chance with Bucky O’Hare on the case! Look for Bucky to land in an arcade near you soon, and be prepared for a hare-raising good time!

Help Bucky save his friends and the universe from the evil toads! Yow!
Bucky can collect blaster power-ups and super weapons to aid him in his fight!

You don’t need a basketball to get serious hang time. All you need is a lightning bolt hairdo and a cool pair of shades. It’s Air Zonk, the brand new 16-bit game from TurboGrafx. Where did Zonk come from? Well, his buddy Bonk gets the assist on this one. He created Zonk in his pre-historic laboratory and shot him off into the future to do battle with hoards of cyber robots. In this futuristic setting, you’ll soar through 5 different levels of intense action. And if you’re lucky, you can enlist one of your friends to help you along the way. So don your shades and lace up your boots extra tight, because there are no referees in this game, and the bad guys always play foul.

Riddles Unravelled

The Doc Delivers the Cure

Y'know, yours truly has been serving as The Game Doctor since 1981, and in that time I've worked on some pretty popular magazines. But never—I repeat, never—have I seen such an incredible outpouring of patients before coming here to EGM. Wow. I really appreciate the business!

Okay, enough with the intros, let's get this show on the road.

Q: I recently found a picture in a magazine of Red M. Bison vs. The Blue Chun Li on Zangief stage in Street Fighter II. Underneath, it said from the streets of Super Nintendo. Now I really want to know if there is a code to make SF II into the Champion Edition. Of course, right after I saw that picture, I started to make calls. I hesitated to call Capcom because last time I called they told me there were no codes at all for Street Fighter II. I was really mad when I found out about the player vs. player code.

Mike Beidel
Wausau, WI

So if you can, Game Doctor, find a code to make it Champion Edition, and if there isn't a code clear up all the rumors that are going around.

Thanks, Doc.

Q: How is it possible that CD players can run video games?

A: Well, I'm sure you've already read in EGM about the "secret code" available in Street Fighter II. But first, let's discuss the differences between Street Fighter II and the Champion Edition. In the Champion Edition two things are now possible: players can operate Bosses and two players can both choose the same fighter. There is a code which allows the existing Super NES version of Street Fighter II to access the mode in which both gamers can use the same fighter, but so far as the Doc knows, no code has been uncovered which allows players to become Bosses. EGM will be the first to show you if one pops up.

LETTER OF THE MONTH

Q: I think the new Lynx looks cool! I was wondering if there is any way I could trade my old model Lynx for the new one? I hope you can help me out with this one, Doc.

David Smith
Alvord, TX

A: According to the folks at Atari Customer Service, (408-744-0880) you can send them your old Lynx along with $55 and Atari will mail you a new model Lynx with a full warranty. Write to: Atari Service Center, 390 Caribbean Dr., Sunnyvale, CA 94089.

A quick reminder: anyone promised a Game Doc Prize Packet who doesn't receive it within two weeks of publication, drop me a POSTCARD (not a letter) addressed to: Game Doctor Prize Packet (MIA). Because of the massive influx of your letters and other information to my office, sometimes these packages get misplaced.

Q: What is the best tool for game development?

A: CD's in the gaming world can be used in several ways. We traditionally think of them as possessing great audio and often supplying actual human speech for printed text, but when it comes to high frame-rate arcade-style games CDs can have problems.

Playing video games, however, is something CDs can do as easily as cartridges, floppy discs or any other memory storage medium. The CD-ROM systems generally dump all the code into a buffer, which can then run the game without any search and display problems. A CD, after all, can hold up to 550 megabytes, so memory space and great sound are its strong points. The only problem occurs when a system's buffer isn't big enough to hold an entire game in resident memory. In fact, the major problem with the original TurboGrafx-16's CD drive was that it didn't have enough buffer space to hold an average-sized game. TTI's new version basically increased the buffer space to bring it up to standard.

Good question, Jamie!!
Will the Master Gear Converter Always Work?

Q: Last night I mail ordered a Master Gear converter for my Game Gear. Early this afternoon, however, I was reading a back issue of a magazine that reviewed the device at length.

The review said that there were two games that reportedly have problems with the display hardware inside the Game Gear: Phantasy Star (I was heart-broken) and Lord of the Sword. What are these problems? Is the text just blurred, or is it like old Atari 2600 flashbacks?

Buck Rogers
Abilene, TX

P.S.: Buck Rogers is not my real name.

A: Well, Buck, or whoever you are, the problem is that the Game Gear was never really intended to run programs higher than 4 Megs and it does have problems with those games. The games in question, however, are not unplayable. A pixel or two might get scrambled or blink out then reappear, but it’s nothing to make you give up on a favorite game. Otherwise, the play seems to hold up just fine.

P.S.: The Game Doctor isn’t my real name, either.

Q: First of all, let me say that I’ve enjoyed reading EGM and your column in the past and for the most part found your answers to be accurate. Being a former Atari Corp. employee, however, I felt it necessary to point out an error printed in your October ‘92 column. In response to a letter from Ed Rogers, you stated that Atari Games markets the Lynx while Atari Corp. is the coin-op company. This is incorrect. Atari Corp., which is located in Sunnyvale, CA, is responsible for the Lynx (Epyx being the original developer) and Atari Games in Milpitas, CA, develops the arcade machines.

Gary Barth
Third Party Licensing
Sega of America

A: Thank you, Gary. Did you ever have a mental block about something, and it’s so strong, the more you have it wrong, the greater the certainty that you are correct? My apologies for the misdiagnosis.

Q&A QUICKIES. For those folk who insist a Super NES can’t be hooked up to a VGA monitor, I still say it should be possible. Try contacting the world famous Redmond Cable of Redmond, WA. These guys make adapters for everything. If it’s only a matter of the pin connection, don’t sweat it, they’ll probably have something for you—if not now, then next week. But as I believe I said once before—generating sound is going to be another big problem, since VGA monitors have no internal speakers...so why do all those folks want to hook up their Super NES systems to VGA monitors anyway? How about a T.V.?

By the way, because of the tremendous overflow of EGM letters, some of them may appear in our sister publication, Electronic Games, so make sure you check it out. Similarly, some computer-related EG or EGM questions may wind up in CGR, and so on. So check all three magazines—heck, buy all three—you won’t find better coverage of the plugged-in gaming scene than you will from this trio! The Doc likes to share his good Qs—besides, there’s nothing I hate more than not being able to answer a great question because I don’t have the space!

So, before I bid you all a fond farewell and head for the swimming pool with the Game Nurse, remember to send those questions, comments, corrections and such to:

The origins of Game Codes - when was the first one discovered?

Q: Are the codes used to change the various video games deliberately placed into games by the programmers or is it by trial and error that these codes are found?

Scott Brenenstahl
Cherry Valley, CA

A: Yes, and sometimes, yes. First, let’s get our terminology straight.

The very first programming trick was planted by a shrewd programmer in the Atari 2600 game called Adventure. Atari, which at that time did not believe in crediting game creators (and they say there’s no such thing as karma!), was not pleased when they discovered it. But then the positive letters started pouring in and magazines started hunts for these little goodies hidden amidst the zillions of lines of code. Even Atari realized it had a pretty good thing going. Tricks and codes have become a video game tradition ever since.

Sometimes, however, they get there by accident and are discovered by young gamers willing to sit for hours, trying every possible variation in order to uncover something special.

Happy hunting!

Hello gamers! It's Terry Aki, back once again with the best of the best in international gaming! It has been a busy month for ol' Mr. Aki, with two big-time major game shows in Tokyo this month! I even had to let EGM head ed. Semrad sleep over during his visit! Let me tell you, when this guy cuts wood he blows sound barriers! Yikes!

Anyway, on to games and the annual Nintendo Show held August 26th and 27th in Tokyo. As you can see from the following pages, Japanese developers have plenty on the plate as we head into the new year. Dozens of new games got their public premiere at the show and from what I saw many of them look great!

Fighting carts have become the latest gaming category in Japan. Almost every single company had some kind of Street Fighter 2 clone on display. While most were simple reconstruct-

tions of the landmark kick-fest, a couple titles showed promise. The Super CD and 12-Meg Ranma 1/2 softs showed promise as well as the Mega Drive and Super Famicom versions of Fatal Fury. If your fighting game has to have a number at the end of the title, scope out Fist of the North Star 6. It's a wild slug-a-thon with more than a few innovative touches. Although rumors that Street Fighter 3 is under development as a four-player simultaneous cart persist, no hard news has hit the streets in Japan.

**FOUR'S COMPANY...**

Several companies are setting out to juice up the Super Famicom in Japan with cool peripherals designed to offer new options. From Hudson we saw a new four-player adaptor that allows the whole gang to play. Besides the four ports opened up by the device (due to appear in November), another player can still use the open slot on the control deck. Although it wasn't on display, you can bet that a four-player Bomberman isn't far behind. Konami showed off a new controller that uses a satellite dish to pick up infra-red from their new multi-task pad. Although Konami has no firm plans to pop into the U.S. controller market, the idea should surface from another company.

STREET CHALLENGE

"Crash" Cooney and his posse from Southside High own every sports record in Spring Hill history. Legends? Heroes? Not in this town—where Todd Thornley and all the rich snobs up on the Hill think Southsiders are low-lifes.

So Todd and the silver-spoon mama's boys at the three "Hiller" schools have issued a desperate challenge to save their fading reps: Let's take it to the streets in the Southside...no rules...no refs...no penalties—and we'll see who comes out in one piece.

And just in case the Hillers can't handle Crash 'N' The Boys, Todd's rich daddy has fielded Team Thornley—a ringer group of super-athletes from Thornley Industries.

Five radical events. Five motivated teams. Five members per team. Only one winner.

Tie-Breaker Questions
The tie-breaker questions will determine the winner if two or more entrants have achieved the same qualifying time in any of the events. Make sure you answer both questions.

THE ANSWERS TO THESE QUESTIONS MUST BE WRITTEN ON A PLAIN 3X5 PIECE OF PAPER ALONG WITH YOUR NAME, AGE, ADDRESS AND PHONE NUMBER TO QUALIFY FOR THE TIE-BREAKER.

Question 1:
What gift does Ted bring Team Thorne at the airport, in the victory animation sequence following a 1-player Tournament victory by Southside High?

Question 2:
How many gold medals are available on the Hammer Throw golf course?

Contest Rules: Please Read All Rules Carefully

As the imprisoned young adventurer who has just managed to escape your cell in the palace dungeons, you have only 60 minutes to make your way to the top of the palace and rescue the beautiful princess from a forced marriage with Jaffar, the evil tyrant who has stolen her father's throne.

PRINCE OF PERSIA® will plunge you into an exotic world of challenging puzzles and non-stop action, featuring the most fluid and realistic animation you've ever seen on your NES™! You may be swift and cunning enough to slash your way past palace guards and dodge trap doors... but how will you withstand the wicked sorcery of Jaffar?
TERRY AKI  
BEATS THE STREETS...

The good word from the trenches of Tokyo were the long  
lines of players hoping to get  
their hands on Super Mario Kart.  
This super soft has flown off  
shelves like lightning, with no  
end in sight. Stores won't even  
take deposits on this hot little  
item and no wonder - it's a great  
game with loads of technique!  

Another super soft in short  
supply right now is Toho's Super  
Aste. Soon to be Space Mega-  
Force in the states, this all-blast-  
ers-out shooter has scored a  
direct hit in Japan!  

Things aren't so rosy, however,  
for the Sega Mega Drive. Our  
16-Bit contender has dropped in  
price on the street as has interest in the machine. Coupled with  
the poor reception the Mega CD  
has received (although new titles  
have perked interest slightly),  
the current rumor has Sega  
rushing to finish their 32-Bit wonder  
system, the Giga Drive, for  
sale at the end of '93. Although  
the Sega president confirmed  
that such a device was in develop- 
ment, my friend Quartermann  
has told me that Sega is private- 
ly reluctant to intro a new system  
when their major focus statewide  
will be the Sega CD. With Nint- 
tendo bowing out of the CD  
sweepstakes, Sega's push for  
CD gaming is likely to be hard.

Is 32-Bit gaming around the corner?  
Sega may offer games like this soon!
Hey Renegade, now you can live the ultimate off road race adventure in a rough and tumble scramble to the finish line on your choice of over 22 authentic Jeep® Jamboree courses. THE NUMBERS GAME...

Sega does have many reasons to be happy, however, especially as the latest chapter in their Phantasy Star series nears completion. With only a couple of months left in development, Phantasy Star 4 is quickly shaping into one of the best RPGs ever made.

SimAnt is a member of the "Mouse Project" series of games for the Super Famicom. These games utilize the compact mouse that is revolutionizing RPG and simulation games!

SimAnt puts you in control of an ant colony. The goal of the game is to increase the population of your black ants while wiping out the red and yellow ants.

There are other options that allow you to experiment with your ants. Do you what fate faces ant under a magnifying glass?

The fun of an ant farm is retained in a sim light on theme but heavy on play.

A worker ant is moving food into a storage chamber for later use.

Various pop-up menus allow you to change your ants’ progress and duty.

The Legend Continues...
Populous II is yet another Super NES “Mouse Project.” Of course, the mouse is not required, but does make play easier.

In Populous II you become a powerful god, overseeing great lands! A computer classic ported to the Super NES, P2 proves to be faithful to its source in nearly every way.

The object is to compete for the most followers. Evil entities are a constant threat to your quest and you must keep your subjects happy by casting mass destruction spells to rid the land of evil influences.

The thunderstorm miracle clears the land of trees and other obstructions.

The volcano is the ultimate miracle. It causes massive destruction.

Terry Aki has learned that Phantasy Star 4 will NOT be a follow-up to the third installment. Instead, Sega will take us back in time to the generations immediately following the second game! Part four will remain within the same setting, although the scope of the game will be much larger, encompassing dozens of lands instead of the handful that were traversed on the 8-Bit. Look for a lot of loose ends in the series to be tied up with this game, which should weigh in at 12 to 16 Meg!

Technosoft’s brilliant Sega shooter, Thunder Force 4 (which is a sequel to part three) will be making its way to the Genesis courtesy of Sega! The game will be renamed Lightening Strike.

The “BAM” boys are back in the all-new SUPER DOUBLE DRAGON for your Super Nintendo Entertainment System. Billy and Jimmy Lee punch, spin and kick their way through bruising new battlegrounds and babe-saving missions to rescue Marian, the beautiful policewoman. Furious fists, fast feet and paralyzing new moves will take out some really tough dudes. Awesome action that will take you to the edge.

Bring the POWER of SUPER DOUBLE DRAGON home today!
**Really Popular Games**

Two of the hottest and most eagerly awaited carts in many Tokyo moons just happen to be RPGs! Both Dragon Quest 5 (the first 16-Bit entry in the obscenely successful series) and Final Fantasy 5 have kept deposits high in anticipation of their respective September and December release dates. Those of you who follow EGM will realize what a milestone Dragon Quest's release really is. The game was nearly finished when the soft was re-worked to eliminate similarities to early efforts. The "new" Dragon Quest should sizzle on the Super Famicom.

Final Fight-CD has kept Japan guessing... combo play or solo once again?

Big rumors also surround the unveiling of Final Fight CD, due December for the Mega CD. Although everyone's hoping for an accurate arcade translation, complete with dual play, Capcom won't confirm. In fact, although the Japanese gaming press thought (as EGM did) that Capcom was an official licensee of Sega's in Japan, word from the top floor at Capcom says otherwise. If it were possible for the entire world to be wrong, then it's probably not surprising that Capcom claims to be licensing their games to Sega. If this is indeed the truth, would Capcom allow their prize possession, Street Fighter 2, to appear on the Sega 16-Bitter? Tune in next month!

**THE JOY OF SPECS...**

No longer content with the color and resolution specifications of their 16-Bit hardware, Sega is rumored to be feverishly working on two new software upgrades that will let future games pack an even greater punch!

Techs in Tokyo have perfected a way to not only increase the number of available colors that Mega Drive programmers can choose from, they're also very close to enabling the machine to display more colors as well. No word on how significant the leap in color will be, but don't look for games that use enhanced color any time soon.

Sonic 2 is the first game to use Sega's resolution compression!

During the two-player split-screen, Sonic 2 activates this new feature!

Increased resolution, on the other hand, is a feat that the Sega 16-Bit system has already mastered! A new software technique employed in Sonic 2 will allow future Mega Drive/Genesis games to actually alter the resolution of the display screen! The split-screen levels of Sonic are the first to make use of the advancement.
AND NOW, FOR SOMETHING COMPLETELY DIFFERENT

Changing gears to the wonderful world of coin-op video games, Mr. Aki scored some big scoops during the 30th annual JAMMA Amusement Machine Show held in the Makuhari Messe convention center of Tokyo on the 27th through 29th of August. Dozens of new machines debuted in the mammoth convention hall, including several revolutionary items that will probably never see the light of day in America.

The top title on the list of U.S. no-shows has got to be Namco's Galaxian 3 video. That's too bad because the six-player game also proved to be the most incredible video game ever produced, at least from a visual standpoint. This game utilizes an advanced version of the RISC processor technology that Namco introduced with their earlier polygon efforts Solavalou and Star Blazer. In Galaxian 3,

CHASE H.Q. 2

The chase is on! Chase H.Q. 2 is the smash sequel to one of the hottest arcade driving sims. You play an undercover cop in pursuit of drug runners. Utilize cars and trucks to smash the drug runner's cars and yank them out for the bust!

Look out for various road conditions that can hamper your progress as you pursue the deadliest drug lords on roads of death!

A Ferrari F40 as a fuel-injected crime stopper? Anyway you look at it, speed is quick and deadly!

Wow! That sure is one fast semi! Chase H.Q. 2 offers a variety of quick vehicles.
Just how far can you take it?

One look down, and you'll never know. After all, when you're racing along narrow catwalks, searching frantically for energy-crystals, there's no time to dwell on a fear of heights. Especially since the clock keeps ticking, and you haven't even begun to explore this intergalactic maze. Maybe... over there! Another quick turn, and you're racing down a ramp so steep, you want to shut your eyes. Fighting to slow down, you catch some major—and totally unintentional—air. Mid-flight, you spot the crystals, but it's too late; you're already over the edge. Before you know it, you're learning what it's like to bungee jump* without the cord. With thirty completely different worlds, and fifteen levels to each world, you may not make it on the first try—but you'll certainly get hooked along the way.

Spindizzy Worlds. Join the Revolution.
Mario meets the casino! This video roulette game turned a few heads! However, the technology is pushed beyond its limits to create the next generation of video gaming. Although Galaxian 3 is more of a ride than a game (it occupies nearly 40 feet of wall space for the six participants to aim at), it knocked me off my feet—as well as everyone else who got near it!

Another game shown for the first time at JAMMA that uses a similar type of presentation was Sim Driving. This huge video driver puts you behind the wheel and in front of an expansive wrap-around screen that totally encompasses your visual senses. No matter where you look, the game is staring back!

Among the other interesting arcade pieces not soon for the states was Mario Roulette. Outside of Vegas, I can't see this gem of a redemption piece turning up across the ocean.

All in all, the shows were a blast and EGM was a big hit! As the pictures show, forget the smooth stuff and leave it to EGM to always score big! Sayonara!

**THE PERFECT GAME**

The ultimate trick for this bowling extravaganza has been found! This trick will allow you to get a strike every time and make your way to a perfect game! To do it, you must first pick a male, right-handed bowler, give him a 16 pound bowling ball, choose medium or high oil on the lane, and set the difficulty on normal. When you go into the game itself, move your bowler all the way to the right side of the screen. Move the pointer three taps to the left with the top L button. While the curve meter is going back and forth, stop it on the red arrows, or all the way to the far left. Once the power meter appears, stop the meter when the brackets are the furthest apart (or when the meter is at full power). When you let go of the ball, it will curve to the left and knock every one of the pins down for a strike. Repeat this throughout your whole game and you'll will end up with perfect 300 point play!

There is a way to create an ultimate boxer in Evander Holyfield's "Real Deal" Boxing. First, make sure you have an open space to create a new fighter. At the title screen, choose the Career Mode option and then select Create a New Fighter. When the screen appears, select the name for your fighter and press START. If you need to delete a boxer already made in the game's memory, you may do so at this point. A green boxer will materialize in the picture box on the left side. Once you choose to use him, examine his stats. You will notice that he has full power, stamina, speed and defense capacity. When the beast faces his first challenger, you'll see that recovery is very quick and each time you hit your opponent a significant amount of damage is inflicted. If you know where to hit your opponent at the right time, you will easily finish him off. During each match, try to fight the highest ranked boxer that the computer will allow. This way you can work to the top quickly without having to fight every opponent. If any of your power is lost during a fight, you can train hard and make up whatever energy was lost!

Todd Schnell
Violet, LA

Choose the Career Mode option at the title screen.

Start your career and create a new boxer using the menus.

Name your new fighter THE BEAST and then press End.

A green fighter will appear in place of the regular one.

The Beast begins with all his skills at maximum power!

Fight through the toughest boxers to reach the top.

"Make Musashi The Ninja Run Backwards!" Revenge of Shinobi™

Here's a neat trick you can do only with GAMEHANDLER GS. To add new challenge to Revenge of Shinobi from Sega, try to beat the game running backwards. All you have to do is tip the nose of your GAMEHANDLER GS controller upside-down. Now Musashi the Ninja runs backwards and must stop momentarily to fire his weapon. See how good you really are.

WATCH THIS SPACE FOR MORE SECRETS AND TRICKS YOU CAN DO... ONLY WITH GAMEHANDLER GS™!

"Make Macross As Birdman Disappear!" Saint Sword™

Here's a cool trick for Saint Sword from Talito. Again, only with the GAMEHANDLER GS controller you can make Macross as Birdman Hyperwarp — actually disappear and reappear around the screen. We're still learning more about this trick, but if you push your button and flick your wrist quickly you can escape the bad guys and actually go through walls and barriers.

NEW SOFT NEWS

With the Christmas shopping season rapidly approaching, the game companies are working at a feverish pace to crank out the latest and greatest hits. Once again this section will highlight many of the new titles that have been added to the list.

There is big news on last minute games for the Genesis. Domark is flying high with an all new version of Mig-29. Electronic Arts' wacked out pinball game, Twisted Flipper, has been renamed Crüe Ball. Road Rash 2 is another hot sequel everyone has been waiting for. JVC has a futuristic racing game called Metal Fangs. Gods is a new action game coming from Mindscape.

If you thought the Game Gear was lacking in good softs, there is a big surprise in store for you! Predator 2 and Terminator 2: The Arcade are coming from Arena. Bart vs. The Space Mutants brings America's favorite brat to the portable market. GameTek will introduce The Gadget Twins, The Humans, and Jeopardy. Sega has a long list that includes Ariel, Chakan, Chase H.Q., David Robinson's Supreme Court, Evander Holyfield Boxing, Shinobi 2, Talespin, and TazMania. TekMagik will showcase Populous. Tengen also has a long list that includes Marble Madness, Prince of Persia, Rampart, and Super Space Invaders. Virgin is working on Double Dragon.

The rock slide can make short work of the enemies, as well as your posse!

When Konami announced they were producing Genesis games it wasn't surprising that Sunset Riders was selected as one of their premiere titles!

In a time when cowboys and Indians were the West, men who had the power would take over towns, harass townspeople and force them to obey their every wish. They manipulated towns for their own evil purposes.

They were wrong...

Four men pledged their lives to stop these men before the Great West became a war zone. These men were Steve, Bob, Billy, and Cormano. Together, they are the Sunset Riders.

This new two player simultaneous adventure faithfully captures its arcade counterpart. The levels are identical to the coin-op in every way!

In each mission you must search for a specific bad guy from a Wanted poster. If you and your comrades capture the criminals, great rewards will be yours.

Don't let this guy's charm fool you. He starts shooting once he gets inside.

These boys never stop! The rooftop snipers are your greatest threat.

Shoot down this Boss and his gang in the windows to finish the round.
EVOLUTION...To paraphrase Darwin, it's the survival of the hippest. One wrong move and you're dino-meat, one wrong step and you're a fossil, one fashion faux-pas and you're the laughing stock of the gene pool, baby. Discover tools, survive and multiply or these HUMANS are a time-line footnote. In this world of chaos and carnivores...

...Keep the tribe alive.

DRAGON'S LAIR

SUPER NES | UKN. MEG | CARTRIDGE

Loosely based on the one-time laser disc hit, Dragon's Lair pits Dirk the Daring against the evil Wizard Mordroc.
Princess Daphne is being held prisoner in Mordroc's trap-ridden castle. To rescue her, Dirk must face Singe, the dragon that is holding her in its lower chambers.
Instead of the linear laser disc game play, Dragon's Lair now plays like an action game. No more simple joystick movements while the story takes care of itself! You are in full control of Dirk.
The levels hold secrets that only the bravest adventurers will find. To succeed, Dirk must find the hearts and crystals needed to keep his body in top condition.

This shadow beast can completely disappear, making it a tough target!

The great graphics and animation are apparent when you fight this snake.

Collect the colorful health crystals to maintain top physical condition.

TERMINATOR 2™: THE ARCADE GAME

GENESIS | UKN. MEG | CARTRIDGE

Straight from the arcade coin-op and into your living room, Terminator 2: The Arcade Game puts the thrill and suspense of the hit movie into one exciting cart!
You have the option of using the standard Genesis joystick or the Menacer peripheral to relive the exact feel of the arcade version.
The game play is very unique! Backgrounds slowly scroll while you shoot at the advancing Terminators and HK's. Power-ups are located in crates at the bottom of the screen and can be easily activated just like in the arcade!
The T-1000 awaits your arrival in the final stages of this near perfect translation.

When the Terminators get this close, expect to take some heavy damage!

When attacking the base, you must also shoot approaching missiles.

Not Recommended For Cowards.

From deep within Mordroc's Castle, a foul stench rises up to mix with the cold, damp midnight air. In the deadly caves far below the surface, the evil wizard's pet fire-breathing dragon, Singe, guards the captive Princess Daphne. You, Dirk the Daring, walk steadily toward the castle gate. You feel no fear—but then, fear is for cowards. No other would dare to enter this perilous castle where Mordroc has imprisoned the helpless princess. But for you, there is no other possible course to take. Now is the time for heroes. Now is the time to enter the DRAGON'S LAIR™.

**TINY TOON ADVENTURES**

**GENESIS** | **UKN. MEG** | **CARTRIDGE**

Konami has yet another hit on their hands with Tiny Toon Adventures for the Sega Genesis! Buster Bunny is the star in this action-packed adventure game!

On a mission to locate his lost buddies, Buster faces enemies from the cartoon series. The Wolverine, for instance, will steal items away from Buster!

Collect tasty carrots to increase lives and gain points. The levels are filled with obstacles and booby traps set by the rich little brat Montana Max!

The infamous Dr. Gene Splicer even makes an appearance as a boss! He's out to capture Buster and involve him in another one of his wacky DNA experiments.

Use the pendulums in these trees to help cross the caverns below.

The conveyor belt platform serves as a helpful tool for Buster's jumps.

Hang on tight! To earn the top bonus, collect all of the carrots.

Oh no! It's Dr. Gene Splicer! He has lured Dizzy Devil into working for him.

Road Riot 4WD is Tengen’s latest and greatest venture into the world of arcade translations!

If off-road adventure is your forte, Road Riot 4WD offers plenty of fun in the dirt! You’ll compete in 11 grueling courses that challenge the durability of your vehicle and your backbone!

Each course has a specific host depending on where you race. The kooky MC’s range from Elvis Presley to an Arabian Sheik to an outback Australian.

The courses all present their own challenges as well! Animals may cross your path (watch out for the rhinos) and sometimes spectators wander too far out on the track.

The graphics are rendered in a digitized style that adds to the game’s appeal!
Once you've got a grip on the handlebars of this wild and crazy game, you won't ever want to let go!

Push the pedals and race over tortuous tracks in a real super scrambling game with true comic appeal.

Join the Stunt Kids in one or two player head to head competition.

Play over five different horizontally scrolling worlds each with several different levels. 47 levels in all! That's a lot of track to cover.

Race against the competition and the clock. Courses include forests, work sites, leisure areas and ponds and feature ramps, obstacles, bridges, and gaps. Speed up, slow down or perform wheelies! More than just speed, players must use skill to avoid course hazards such as bouncing balls, leaping frogs, moving machinery and nasty skateboarders.

If you beat the Stunt Kids, count yourself one tough gamer.

JUNKER'S HIGH

GENESIS 8 MEG CARTRIDGE

Prepare yourself for a race through cybernetic cities of the future. Junker’s High puts you in the driver’s seat during the ultimate high performance race.

Choose to practice on tricky tracks that pose real challenges. Once your gusto hits top gear, play against a flock of computer controlled opponents that are prepared to win the championship for themselves.

The circuit racing takes you to many exotic places that have managed to withstand nuclear attack. Visit Athens, Paris and the Grand Canyon on a race that will have your competitors sucking exhaust! The race of the future is here today!

TAITO/TURBO TECHNOLOGIES

CHASE H.Q.

TURBODUO 3 MEG CARTRIDGE

Nancy at Chase H.Q. has your orders. You are to put a stop to the criminals that are attempting to leave the city! To stop them, you have been given a supercharged Porsche that can outrun anything on the road!

Each level begins with Nancy describing the fleeing criminal and giving you a visual of the getaway vehicle.

As you speed along the rural highways, a meter shows how far away the bad guys are. Once you locate the car, begin slamming it to bring it to a halt. If they make a break for it, squeeze off a blast of nitrous and get the criminal off the road.

Various missions and high speed racing keep the excitement flowing in Chase H.Q.

ELECTRO BRAIN

BIONIC BATTLER

GAMEBOY 1 MEG CARTRIDGE

On a distant planet many light years away, a mining colony is under attack by robots that have gone mad and are destroying all human life. The Bionic Battlers have been called in to put an end to this hi-tech tyranny.

Begin this adventure by selecting either the Valiant or Sirius fighters. Then set out within the deepest caverns of the corrupt mining colony.

The lower half of the screen displays a map that will help you locate your way through the confusing shafts. When question marks appear, it means a robot is approaching. You must quickly decide if it is one of your own group or a mining robot. Victory awaits you in Bionic Battler.

The route screen shows your lap time and total progress.

AND NOW A MESSAGE FROM EVANDER HOLYFIELD.

Sweat’s gonna fly. And blood’s gonna flow. ’Cause this is no two-bit sports simulation. This is Evander Holyfield’s “Real Deal” Boxing—16-bit Sega® Genesis® realism right in your face.

Defense. You design your own boxer.
Right down to his haircut. But you gotta be strategic. There are 28 hungry contenders itching to make you kiss canvas. Long before you get a shot at the champ. You’ve got 360 degrees of freedom.

So jab. Cross. Block. Uppercut and punch. The more you win, the more formidable you become. Evander Holyfield’s “Real Deal” Boxing. It’s tough. It’s bloody. It’s The Real Deal. Get the message?

SEGA® GENESIS®
Leading the 16-bit revolution.
"DUCK."

EVANDER HOLYFIELD'S "REAL DEAL" BOXING
Dear Sega Gamers and Friends,

It has been a remarkable year at Sega. Widespread market acceptance of 16 bit video gaming last Christmas made Sega Genesis the number one system in the $4 billion dollar video game industry. Of course, Sonic the Hedgehog made Sega Genesis the number one system in the $4 billion dollar video game industry. Of course, Sonic likes to take all the credit for moving Sega into a 63% market share position but the rest of us at Sega know that it has been the strength of the entire Genesis software library and the throngs of Sega game players who have jetisoned us into the premier position.

But like Sega, we haven't been resting on Genesis' 16 bit leadership or Game Gear's portable category success. We've been busy creating even more technologically advanced and exciting Genesis games which showcase the awesome capabilities of our 16 bit system. We've been collecting the finest licensing properties such as Batman Returns, Evander Holyfield and Home Alone for both Genesis and Game Gear; NFL Sportstalk Football '93 with Joe Montana for Genesis and Wimbledon Tennis for Game Gear. We've also been building exceptional peripherals which will greatly enhance gameplay including Menacer with its Acu-Sight technology for dead-on shooting performance. And certainly we've been hustling to bring the most exciting advancement to video gaming... the Sega CD which transforms Genesis into a powerful, interactive CD ROM machine. You will not believe the exciting new types of game play Sega CD provides.

In other words, Sega's been super busy doing what we do best -- bringing you advanced technology for the best in gameplay.

In 1992, Sega wants to welcome you to the next level. Are you up to it?

Biggest news is the much-awaited sequel Sonic The Hedgehog 2 coming to retail shelves around the world on "Sonic 2sday" November 24. Sonic is predicting that 5 million video gaming enthusiasts worldwide will buy his latest adventures. Of course, Dr. Robotnik and his Death Egg creation are out to foil Sonic and his new friend, Tails.

Sega CD will share the limelight this Fall because of its extraordinary gameplay, Real voices, real video, real drama making Sega CD an experience you've never had at home. I encourage you to check out Night Trap, Make Your Own Music Video or Thunderstorm to see how Sega's multimedia interactivity is the next level of enjoyment.

And then there's the games. More than 350 for Genesis and 75 for Game Gear; Streets of Rage 2, Mickey Mouse and Donald Duck in World of Illusion, Dolphin, Home Alone, Chakan: The Forever Man, X-Men, Aryton Senna's Super Monaco GP II, Shinobi II, Greendog and many, many more incredible action, shooters, rpgs and sports games.

It's an exciting time at Sega. I encourage you to catch some of it this Fall. You'll love the next level from Sega.

Sincerely,

Thomas J. Kalinske

FOOTBALL ACTION SO REAL, IT'S... BONE-CRUNCHING!

Super High Impact for Genesis brings the fast-paced action of the BONE-CRUNCHING arcade smash home. Choose from 18 hard-charging teams and over 30 plays, from a red dog blitz to a never-say-die super fly. “Yer Toast” if the HIT-O-METER rates your tackle “Dween”, but you can settle the score with an all-out team brawl!

Stop watching from the sidelines... This is football action so real... it's Bone Crunching!
SEGA
Into the 21st Century

Sega Force is back!

Welcome to Sega Force. It is time once again to look back at the exciting products released for the Genesis and Game Gear in the last year. This is also your chance to look forward at the exciting games of 1993. The Genesis is now bringing forward their fourth generation of game, and if you thought games like Sonic the Hedgehog were hot, you'd better hang on. With the introduction of the Sega CD, 1993 promises to be the best year yet!

So if you think you can handle all of the ultra-hot information we have waiting for you, read on. Sega Force has landed!

Genesis — Three years and still going strong.

Another year has passed us by, and Genesis is still the number one system, for super-charged 16-Bit gaming! Over three million more systems have been sold in the last year, meaning the public has spoken and the Genesis is here to stay!

Companies who, in the past, exclusively made games for the other guy, have wised up. Soon, Genesis owners will be able to play games like Teenage Mutant Ninja Turtles: The Hyperstone Heist from Konami, and Tecmo's awesome Tecmo Super Bowl. And our favorite licensees from the past are still keeping up the good work with new sports like Team U.S.A. Basketball from EA, and new licenses, like Superman from Sunsoft. In all there are now over forty five official Sega licensees, and that means more great games for you! And if all those licensed games aren't enough, Sega themselves has a flood of great titles coming at you.

Montana!

With more than 300 games to choose from, it is easy to see why the Genesis has been number one for the last three years, and why it will stay number one in the future!

If I can't take it with me, I'm not going!

Sega hasn't forgotten about those who want to take their game action on the road. Support for the Game Gear has continued to grow over the last twelve months, and new advances now allow developers to make portable games larger than before. Sonic 2 on the Game Gear will be a full 4 Meg, the same size as the first Sonic on Genesis! Other 4 Meg titles coming soon are Mickey Mouse 2 and the original Defenders of Oasis.

Now there is no need to leave your favorite games at home. Most of the great Sega titles available on Genesis, will be making their way to the little screen, including: Batman Returns, Ariel: The Little Mermaid,
CAN YOU TAKE THE TERROR?

ALIEN 3
ON GENESIS™ AND GAME GEAR™!

The Xenomorph are fast, spit acid and are right behind YOU! The motion tracker is your only warning. No time to think, no time to catch your breath...RUN!
Can’t see very far ahead in these air ducts. Hard to breathe. Face-huggers can be anywhere. Must find a Queen Alien. The closer you get, the more Aliens you find...better not have them find you first!
Just keep telling yourself, “THIS ISN’T REALLY HAPPENING...IT’S ONLY A GAME.”
Tazmania, Tailspin, and Joe Montana Football! Plus great third party offerings like Humans from Game Tek and George Forman Boxing from Flying Edge!

The action doesn't end there! With the TV tuner option, your favorite compact game system doubles as a portable, color TV! This amazing peripheral allows you to watch your favorite shows should your gaming hands become tired from the action you have experienced! And if you have a library of Master System cartridges sitting in the corner gathering dust, now you can take them along too! The Master-Gear converter lets you add over

And now for something completely different...

Everyone says how great games are going to be in the future, but now you have no reason to wait! Just add the CD to your Genesis system and explode into the next level of video game power!

The power of the Sega CD is achieved with the addition of a second 16-Bit processor, working in parallel with the one inside your Genesis. Two processors to pump out great graphics, sound, and even full-motion video! Two processors to offer more power, more speed, and more gaming action!

And they haven't forgotten the bells and whistles either. The CD unit offers advanced functions like hardware scaling and rotation!

What would a CD system be without the sound that first made compact discs popular. The Sega CD is fully compatible with all audio CDs as well as CD+Gs!

No matter how great the system is, without good software you might as well use it as a decorative floral centerpiece on the Thanksgiving table. Sega has been working on a whole

100 additional games to your portable game collection!

Thanks to the Game Gear, portable gaming is now reaching new heights with your favorite classics and new and upcoming releases! So the next time they tell you to leave it at home, tell them you don't have to, because you got it in Gear!
BASEBALL SO REAL...

R.B.I. 4 BASEBALL

All-new graphics and animation so awesome you'll feel like you're at the ballpark!

SONIC THE HEDGEHOG RETURNS!!

Sonic returns accompanied by his two-tailed sidekick, Tails. Together they will travel through twelve exciting levels of speed induced action!

Dr. Robotnik is awaiting Sonic's challenge after each level. Piloting his contraptions of destruction, he offers Sonic and Tails the kind of challenge they have never expected before! Here are a few more pix to get you salivating!!

A slew of radical translations and original offerings. All new versions of Sonic the Hedgehog and Batman Returns; computer translations like Ultima: Underworld, arcade hits like Cobra Command, and original programming such as Dark Wizard!

Sega isn't alone in their efforts. Third party developers are already lining up!

Sierra is coming with their first console video games ever! Willie Beamish, Kings Quest V, Steller 7, Leisure Suit Larry, and Mixed-Up Mother Goose are just some of the title already in development.

Future Power!

Other companies promise great things for the future, but who wants to wait three years for a 128-Bit system, running games on biodegradable banana peel based optical discs? Sega has the power ready now. Power enough for now and for years to come!

JVC/LucasFilm are preparing Monkey Island, Wolf Child, and Wonder Dog; Sony Imagesoft has Hook and Chuck Rock; and Virgin offers a radical version of Out of This World complete with cinemas!

In all, there are more than fifty games in development for the Sega CD, and more companies are signing up every day to develop for this super hot video game system.
CYBER-COP
ARE YOU TOUGH ENOUGH TO TAKE ON THE Corporation

The Universal Cylindrical Corporation is having a big problem. Some sneaky people are creating the new deadly robot. They've designed "THE CYBER-COP" due to a nasty little defect - this robot likes to kill.

It is your problem that the UCC happened to create a genetically engineered killing machine, who also happens to have an invisible appetite for human beings.

The Commonwealth Corporation, you're the CYBER-COP and you've been chosen by the government to crack the complex security system of the UCC. Your mission is to destroy the malfunctioning robot they've designed as the ultimate weapon.

STRATEGIC WARGAMING

A Different Kind of Wargame

WARSONG™, the ultimate strategy role-playing simulation, places the player in complete control of up to 8 valiant commanders and their loyal troops. Twenty daring, wartime scenarios pit your forces against the legions of the blackhearted Emperor Python. The treacherous Dalis Empire awaits your arrival. Encounter bands of rogue thieves, Python's Soldiers of Doom, and blood-hungry beasts as you make your way to regain the all powerful sword — WARSONG!

The Story Unfolds

Unlike most tedious Strategy RPG's, WARSONG™ is constructed around an intricate plot which will challenge even the most intellectual minds. Yet, the player can still experience the full impact of battle! Watch as blades clash, cities crumble, allies perish, and chaos abounds in a land ravaged by evil! Launch armies of swordsmen, archers, horses, and monks against the dark forces who fiendishly plundered WARSONG from its protectors. Each new scenario brings with it startling revelations, deadly surprises and clues that will help to unveil the dark, sinister sides of Baltia!

Machines of War

Up to 8 allied commanders with a myriad of arcane powers, such as

Select the Commanders, soldiers, and items you think are going to do the job!

Calais the magical guardian of Baltia, and Sabra the legendary Dragon Knight, oversee 84 troop squads who await your command. Soldiers range from simple Guardsmen and Archers to fabulous fighting Gryphons and Mermen — all having a wide range of intriguing abilities that you'll have to manage wisely.

Easy to Command, Hard to Master!

With simple, pull-down menus and icon driven commands, you can spend more time concentrating on the hazardous battlefields, and less on learning tedious step by step instructions. Foot and Sword Icons allows you to easily control troops and commanders. The easy-to-use, pull-down menus enable you to execute a vast array of usually complicated commands. Playing the game, though, is a different story altogether. In the course of your siege, you'll incur such pitfalls as commanders dying, shortages of funds needed to purchase troops, and other monstrosous "surprises". All of which contribute to the difficulty of future scenarios. WARSONG™ is more than just a game, it's the adventure of a lifetime.

Somewhere in the deepest space of the Gamma Mu Eta system lies a planet no one knows to be live or dead. The surface appears to be moving, but not like oceans, according to displacement readings and photos from a probe nearby.

What mysteries are held by this big green glob in the middle of space?

This question and others have been left in the somewhat capable hands of space jockeys Todd and Rooney. The administration supplies them with everything they need to plot and document Slime Planet. Our heroes hop onto their own Slime World Express, headed for danger, excitement and maybe even death.
A TEAM LIKE THIS COMES ALONG ONCE IN A LIFETIME.

The greatest team in basketball history. The guys who turned up the heat at the Summer Games. And set a new gold standard. It's all there in TEAM USA BASKETBALL. Every player, every high-flying move.

Like the team, this game is a true collector's item. Available for just a limited time only. Individually numbered. Including the special SkyBox Mini-Mural Collector's Cards Set. Nowhere else in the entire world can you find this kind of hoops action. Because it's the only time all these players join forces on the same side of the court. Each one shooting for the same goal.

Talk about air superiority. You get more fireworks than the Fourth of July. Earth-shaking slams. World-class shot blocking and defense. The greatest long-range bombers anywhere.
There are new signature moves for each TEAM USA player. Pippen's "around the world dunk," Mr. Robinson's "windmill jam." Magic's entire bag of tricks. And standing between us and the gold is the rest of the world.

Fifteen international teams include Divac's Team Yugoslavia, Marciljisonis' Team Lithuania. Even an All-World Team—a squad of the best players from the rest of the world.

EASN, the Electronic Arts Sports Network, has coverage that's nothing less than global. Famed play-by-play announcer Ron Barr is all over the court like a full-court press. Commentary. Highlights. Instant replay. Real-life stats. The medal ceremony. Plus EASN crews are stationed all over the map, beaming stunning location shots.

Prove to the rest of the world that some of the best things are still made in the USA. TEAM USA BASKETBALL is available for only a limited time for Sega Genesis and IBM. Visit your local EA dealer or order by phone any time: (800) 245-4525.

Mechanical Madness in The Gadget Kingdom.

The Gadget Kings Gem has been stolen. BOP and BUMP have been summoned to get it back. Follow them on a wild ride through the oceans and atmospheres in their quest to track down the evil THUMP and return the gem to the Gadget Kingdom. Twelve levels of the wildest arcade-action ever seen on the Sega® Genesis™. Use any number of BOP and BUMP’S strange but effective defenses necessary to defeat their enemies. But watch out, because most of the inhabitants in this world of mechanical madness have a few surprises of their own. Sega Genesis Gadget Twins™ is a masterpiece of mechanical mayhem.
“King Salmon
You can almost hear
is so real...
the fish jumping!

Let's go fishin' for King Salmon now!
Any time, any season, Sage's Creation has your license for fun, and the trophy catch is King Salmon. In this realistic angling simulation you need to be crafty, cunning, and patient. These salmon aren't dubbed king for nothing. They'll fight to the death, and if your not good you'll never land a catch.

Bait your own hook.
Enjoy fishing the great northwest, from Alaska to Vancouver, in rivers or on the sea. Open your tackle box and set your rig. A spoon, spinner, plug or live herring. What's going to work today? Whether you bring home a whopper of a catch or a whopper of a story, it's all your choice!

Fun in the Sun, or choose the Heat of Competition!
A kick back day of fishing, with a friend or two in the beauty of the outdoors, or the heavy competition of the world renown Salmon Fishing Derby in Vancouver B.C.?

In either case, King Salmon promises years of challenging fun. Realistically detailed, authentic Chinook fishing environments, and a special password memory that allows you to save and resume your game whenever you're ready.

Get your fishin' license.
King Salmon is a new sportfishing game that's coming to your Sega Genesis™ system. Get hooked on King Salmon while the King's are still running.

**Super Star Wars**

"USE THE FORCE LUKE!"

It seems like only yesterday we all heard these infamous words from Ben Kenobi. That was fifteen years ago, however, and now Lucas is dazzling us once again with Super Star Wars for the Super NES. This game captures all of the excitement of the movie bearing the same name. Super Star Wars is one of the best translations of the original movie for any system to date. Almost every scene, from the sands of Tatooine to the final fight down the trench of the Death Star is captured in pixel-perfect detail! The music is digitized straight from the movie and incorporated into the action very well. The game also makes use of the Super NES's advanced capabilities, especially Mode 7 features highlighted in the Landspeeder and X-Wing scenes. So grab your lightsaber and join the rebellion!

**Level Three: Fight to the Top of the Jawa Sandcrawler.**
CINEMA DISPLAYS THAT ARE SO INTENSE IT'S ALMOST LIKE YOU'RE WATCHING THE ACTUAL MOVIE!

COLLECT THESE IMPORTANT ITEMS AND POWER-UP THE REBELLION!!!

- **BONUS MULTIPLIER**: Increases all point values. Can be built up to 8x normal points.
- **SMALL LIFE HEART**: Increases remaining health by small amount.
- **LARGE LIFE HEART**: Increases remaining health by large amount.
- **BLASTER POWER-UP**: Enhances shooting strength. Can be increased five times.
- **EXTRA LIFE ICON**: Awards an additional life. Sometimes these are hidden.
- **JET FUEL CANISTER**: Enables flight in landspeeder scenes.
- **INVINCIBILITY SHIELD**: Provides total protection for short period of time.
- **HEALTH SWORD**: Increases available amount of health. Resets with each new level.
- **THERMAL DETONATOR**: Eliminates all enemies on-screen. Must be used quickly!
- **TIME INCREASE ICON**: Increases available time left to complete a round.

YOU CAN POWER UP EACH CHARACTER’S BLASTER FIVE TIMES. LUKE ALSO HAS ACCESS TO HIS TRUSTY LIGHTSABER.

**BLASTER**
- **FLAME**
- **SEEKER**
- **RAPID ION**
- **PLASMA**
- **LUKE’S LIGHTSABER**
The Bosses at the end of each level are incredibly huge and graphically outstanding! Almost every Boss is instantly recognizable because they are straight out of the original movie. Each Boss is increasingly more challenging and has its own pattern which must be mastered for success. Coupled with these incredible graphics are great sound effects. You will be amazed at the overall realism and intensity of the action!

Your journey to the Death Star will not be easy. You start out as Luke on his home planet, Tatooine, where you find C-3PO in his crashed escape pod. After defeating the Sarlac, you must race to the Jawa's Sandcrawler in your Landspeeder to rescue R2-D2. After completing this, you return home through the Dune Sea, home of the Sandpeople and Ben Kenobi. Ben tells you of your Jedi past and gives you your father's lightsaber. He asks you to assist him in finding passage to the Alderaan system, but in order to do this, you must find a ship and pilot at the Mos Eisley space port. Once inside Mos Eisley, you and Ben look for candidates in the Cantina, where Han and Chewie are found! After leaving the space port, you take to the stars, but a tractor beam pulls your ship into the dreaded Death Star. This is where your final challenge awaits. The fate of the Rebellion lies in your hands!

Once inside the Sandcrawler you must rescue R2-D2 from the vile Jawas. Inside the Cantina you will find someone to take you to Alderaan.

After deactivating the tractor beam, battle your way to the exhaust trench. Evade tie fighters and use your proton torpedoes to destroy the Death Star.

YOU MAY HAVE WON THIS TIME, SKYWALKER, BUT THE EMPIRE CAN ALWAYS STRIKE BACK!
More than 15 years after its release, the mere mention of Star Wars still stirs the imagination and appeals to all of us.

Even now, stories and rumors surround the legendary motion picture and an industry-spawned by Star Wars merchandise continues to thrive.

The Star Wars phenomenon boasts statistics as imposing as the Death Star. The saga has been seen by more than 700 million people, sold over $2.6 billion in consumer products, and grossed over $100 million in video cassette sales.

A new best-selling book series by Hugo Award Winner Timothy Zahn has resurrected interest in the original film trilogy and fueled speculation that more Star Wars films may be on the way.

According to officials at LucasFilm, creator George Lucas is planning a trilogy prequel to the three Star Wars motion pictures. The first of the three films will be in production within the next five years.

The epic film(s) will explain how the good powers of the Force and the sinister might of the Dark Side came into being. Imagine a young Obi-Wan Kenobi and Darth Vader before he turned to the Dark Side of the Force.

Toy figurines depicting Star Wars characters are now worth as much as $75 each.

New rides at Disneyland and Disneyworld also celebrate the Star Wars theme.

Other Star Wars memorabilia includes video games (including some old Parker Brothers carts that were used with the venerable Atari 2600), a role-playing game with several manuals, multivitamins, ceramic plates, chess sets, hologram watches, puzzles, trading cards, books and even a planetarium show.

Dark Horse Comics just launched a Classic Star Wars title in September. Marvel and Dark Horse have both previously published comic books based on Star Wars.

LucasArts officials attribute this renewed interest in Star Wars mainly to Zahn's book series. For several weeks, both "Heir to the Empire" and "Dark Force Rising" were at the top of the New York Times bestseller list. The books pick up the story where the film trilogy ends.

With a Super NES cart on the way (see the Fact File), and anticipation of a new film trilogy, the force of the Star Wars legend will continue to be strong for a long, long time.
"BEEP! BEEP!"

This long-running and most successful cartoon is about to make its debut on the Super NES! This game is filled with incredible speed! Once you reach maximum velocity, you will have no idea where you'll end up.

THE CLASSIC "FALLING SCENE" IS NOW DONE WITH MODE 7!

ENTER THE HOT SPOT OF DEATH VALLEY!

Quickly run from Wile E. Coyote and lead him to the rickety old bridge!

Yipes! So much for the new airlift diet! Light cuisine this isn't!

Yes, it's the Acme Batsuit! How far do you think he can fly with it?

CATAPULT CRAZINESS!

Wile E Coyote, the super genius, has built an array of traps to make a quick lunch of the Road Runner!

Heads up! Wile E. Coyote will need some major headache medicine!

GET READY TO SOAR THROUGH A TRAP-INFESTED DESERT!

Rev 'em up and whisk through this dangerous construction area!

Hop aboard the carnival train and try to avoid the fast flying rocket!

Yikes! Now he's really using the high-tech equipment!

Jeepers! This could put a serious damper on your day!

This eerie mine shaft holds many traps laid by the "genius."

Yes, Mars is a level and the familiar alien cast is present!

Acme is making a new factory, and Wile E. Coyote is testing their equipment!
Arcade Attacks!

Just when you thought it was safe to visit your local video game center, a new villain appears! Arcade is up to his devious tricks again in Spider-Man-X-Men Arcade's Revenge. While rescuing the X-Men from Arcade Spidey and the quartet were sent into separate time warps! You now assume the identity of Spiderman and all X-Men in order to return from this prison.

To return each member from their time warp, you must complete two levels per character. You must overcome eleven challenging rounds in your quest to end Arcade's reign of terror. The fate of Spiderman and the X-Men now lies in your hands! Good Luck!

You begin as Spiderman and must first rescue the X-Men from Arcade's time warps. Once this is done, you will be able to play as Spiderman or any of the X-Men. Now, it's time to put an end to Arcade and his sinister plot to destroy earth's heroes!

Level One: Spiderman must successfully diffuse all the bombs that have been scattered throughout the city. Do this and the X-Men will be rescued.

After the X-Men are captured, Spiderman lends a helping hand in getting them back. Arcade has placed explosives all over the city, and Spidey must diffuse them while freeing the X-Men. After removing the bombs, Spiderman finds out the task was a trap! All of the heroes are thrown into separate fantasy warps.

Spiderman's duty is not over. He must also pass through this sinister level.

You must help Wolverine find his way out of Arcade's terrible toyhouse.

Cyclops is confined to an underground mineshaft deep below the surface.

Storm now finds herself in the murky depths of a dangerous, unknown sea.

Don't let this huge spike ball ruin poor Gambit's day in the casino world.
DON'T FLIRT WITH Q*BERT!

Remember when Q*bert was the hottest game in the arcades? He's the strange little character who lives in a geometric world avoiding nasties like Coliy, Slick, Ugg and Wrong Way, among others. Now, Q*bert is hopping to your Super NES in Q*bert 3! This time, Q*bert bops across three-dimensional graphics to stereo sound effects. In addition to the usual line up of enemies, there are some new faces to watch out for, such as frogs and pipes that spit out dangerous bouncing balls! Add a pause mode and other features and you get a wild new adventure unlike anything you've seen before!

THE ONE & ONLY:
The bouncin' man himself, Q*bert! This video superstar needs no introduction or explanation!

BONUS: One of the items that will give you big points. Collect cherries and other fruits on your quest to be the best!

DISC: This is the item that can remove Q*bert from danger and takes him to the top of the board!

PIPE: This utility shoots out balls that bounce down the board. Like most everything else, they are fatal to Q*bert.

ISLANDS: On some levels, Q*bert must use the discs to travel between boards!

THE RIGHT TYPE: Here, Q*bert must hit the keys Q-B-T three times to progress!

Careful when at the bottom of the board, because that is where everything falls off.

Q*bert's Adversaries

UGG
These zany critters jump on the sides of the blocks to give Q-Bert trouble!

WRONG WAY

SLICK
These two mischief makers love to change the block color on Q-Bert.

FROGGY

COILY
Q-Bert's ruthless arch enemy!
WHEN YOU RACE WITH "THE DUEL,"
IT'S ADVISABLE TO CARRY A SPARE.

The knuckles turn white. The sweat turns cold. The heart turns cartwheels. That's what you can expect behind the wheel of the #1 racing title in history, *The Duel/Test Drive II,* now for Sega Genesis®.

Squeeze into the cockpit of the hyper-fast Ferrari F40™—a twin turbo V8 with 478 horses ready to snap your neck. Bolt asphalt in the Porsche 959™—the legendary road rocket that'll do 0-60 in a stunning 3.6 seconds. Leave the launching pad in the Lamborghini Diablo™—an awesome exotic with a mind-boggling top speed of 202 mph.

Race head-to-head against the computer or the clock. Blast through tight tunnels, bone-dry deserts and twisting mountain roads. Streak past confused cops and scenic cities. Jam down the highway to hot music tracks.

*The Duel/Test Drive II* from Ballistic. If you're scared, take the bus.

FRY THE FURBAGS!

Humanity is threatened by a relentless enemy from the stars! The feline Kilrathi are determined to conquer the universe, and only a small band of fighter pilots from the Terran Confederacy stand in their way. Wing Commander is a perfect blend of arcade-style shooting, strategy, and simulation. This Super NES version of the PC hit is a great translation, with realistic conversations, highly detailed graphics and mind-blowing sound effects from start to finish! So punch the afterburners and power-up the shields for hot and heavy space battles unlike all others!

Gather helpful information about the enemy and use it during battle.

Skills acquired during special training simulations will help you win!

MODE 7 scaling and rotation is used during the entire flight simulation!

One wrong move or too many hits will bring your mission to a fiery end!
SPACE.

IN YOUR FACE.

WarpSpeed's full screen, first-person cockpit perspective puts you so close to the combat that your eyebrows may get scorched. Pilot one of four heavily armed Starfighters against multiple alien races. 16 hyper-fast enemy spacecraft come right at you in seven blazing battle scenarios.

-from hyperspace. Swirl, firing and flying with fluid 3-D animation. Over 500 way cool combat locales keeps the fighting fresh.

WarpSpeed for the Super Nintendo. Guaranteed to rearrange your face.

The game begins with a long opening cinema detailing the terrible invasion!

All of the bosses have a pattern. Be patient, and you'll defeat them!

Later levels require some fancy jumping. Timing is crucial if you want to succeed!

Valis warrior clones will attack with the same moves that Lena employs!
Rock 'n Roll

Super Off-Road:
Rock around a dirt track with Super Off-Road! Roll with the villains' punches in Double Dragon! You'll find all the action you can handle when you bring these two Arcade Blockbusters home to play on your Sega® Genesis®.

Super Off-Road™ separates the men from the boys. And the boys from their lunch. These babies burn nitro. And rubber. And other computer off-roads, if you're good enough. This blockbuster game has 32 course configurations. Plus big-time obstacles like oil pits, sand hills, pot holes and rock pillars.

Double Dragon™ is a chilling challenge. Rat infested slums. Your girl kidnapped. And that's not Mom heading your way. Meet the Shadow Boss. Evil. Tough. Hangs around with a gang of Ninja warriors. They've got a hobby. Terminating you. To survive you must master special Ninja fighting techniques. Like four types of kicks and three types of punches.

Enter the Jennifer Capriati Tennis Champions ’93 Contest and See
A Great Match.

Olympic gold medal winner Jennifer Capriati brings together some of the best players in the world to challenge you with power serves, baseline thunder, net volleys and exciting point rallies. All the realism of tennis is here, from the spin of a backhand shot past your opponent to the overhead smash for the match. Even create your own players for the circuit tournaments or just a quick exhibition match to build up your skills. And don’t forget doubles because teamwork is always important in professional sports. Looking for a great match of tennis? It’s right here in Jennifer Capriati Tennis, from Renovation Products for the Sega Genesis system.

What Gamers May Win:

GRAND PRIZE — One (1) all expense paid trip for two (2) to see Jennifer Capriati play in a tournament to be determined by Jennifer Capriati. Also included in the prize is a special meeting and autograph session with Jennifer, plus two (2) Renovation Products T-shirts.

FIRST PRIZE — One (1) free game cartridge from Renovation Products to fifty (50) lucky entrants in the Jennifer Capriati Tennis Champions ’93 Contest.

SECOND PRIZE — One (1) free Renovation Products 100% cotton T-shirt to five hundred (500) lucky entrants.

How To Enter:

To qualify for the Champions ’93 Contest, participants must win all four tournaments in Jennifer Capriati Tennis. When a player has won the complete circuit, a champions screen will be displayed with the statement “Congratulations on your great victory!” followed by the listing of the contest winners. A photo of any of these screens will be accepted as proof of your victory.

To enter, fill in the form or print your name, address, phone number, age and the words “Jennifer Capriati Tennis Champions ’93 Contest” on a 3” x 5” card. Then mail your entry form along with a photo of your winning TV screen to: Renovation Products, P.O. Box 641357, San Jose, CA 95164-1357. All prizes will be awarded to qualifying entries in the order they are chosen.

Contest Rules:

This contest is sponsored by Renovation Products and National Mailing Service. Only one entry per person. No purchase necessary to enter. Winners will be notified by mail. Changes of entry will be determined by the number of entries received. Contest ends January 31, 1993. All entries must be postmarked by this date. Only valid in U.S.A. Void where prohibited. Employees of National Mailing Service and Renovation and their families are ineligible to enter. National Mailing Service and Renovation reserve the right to cancel this promotion at any time with appropriate notice. Winners’ names and prize information may be used by National Mailing Service and Renovation for promotional or advertising purposes without further compensation.

You can buy your RENOVATION games at Toys ’R Us, Babbage’s Electronics Boutique, Software Etc. and other fine retailers. RENOVATION games are also distributed by Ingram/Commodore. Order games direct by calling 1-800-677-4336.

**TAKE ME OUT TO THE BALL GAME!**

The nation's favorite pastime is reproduced once again with new style in Namco's contribution to the video baseball battles.

Super Batter-Up combines the lively graphics and animation afforded by the Nintendo 16-Bit NES with a fine attention to baseball detail. The game attempts to spice up the feel of conventional baseball carts by adding a variety of options and including actual players!

The options that have been programmed into Super Batter-Up range from control over background details such as line-ups and pitching changes to the selection of stadiums. This is a particularly important feature since each complex has a different construction and challenge.

Although standard video baseball interaction is present (highlighted by proven hitting and fielding perspectives), extra touches such as the singing of the national anthem increase the game's overall realism.
WHY BE A NOBODY?
BE A PRO!

Some games claim to be realistic; we are. Check out the rosters. Ever hear of their players? Larry? Joe? Super Batter Up is packed with actual Major League Baseball Players and their statistics. We’ve analyzed RBI, ERA, home runs, stolen bases, errors, speed, and throwing ability data to insure that our game plays like the real thing. From the national anthem to the 7th inning stretch Super Batter Up delivers the baseball action you deserve. Don’t be an average Joe; You can be a baseball hero.

- One or two players.
- 8 megs of realistic graphics.
- 26 teams.

**Firepower 2000**

On a routine test flight, 30km NW of Bermuda...

...a sudden instrument malfunction occurs!

"Delta-9, respond! We've lost her!"

An underground race is stealing weaponry!

Stop them before they destroy the world!

---

**RED ALERT!**

A fighter jet flies across the skies off the coast of Bermuda. Suddenly, its instrument panel goes haywire and the plane disappears over the horizon. Behind this devious act, an underground race of warriors begins its quest for world domination, stealing the world's offensive military capability! It's up to you to stop these ruthless dictators.

Choose from an attack chopper or assault jeep in this one or two player shooter. You'll find plenty of weapons complimenting the detailed graphics and sound! Superb game play and excellent scrolling effects round out this blast-a-thon.

Dawn Patrol

Frigid air buffets your face as you fly through the war torn skies of France. From the east you see movement: an enemy patrol. You adjust your goggles and slam the throttle open. You know you can take them.

Wings 2 - Aces High plunges you into the swirling air battles of World War 1. Join an elite squadron of the Royal Flying Corps and take off on three different missions. Sweep in low with blazing machine guns on deadly strafing missions. Shatter enemy installations on charged bombing runs. Clear the skies in desperate dog fights. Precise play control brings the feeling of flight to the Super Nintendo Entertainment System. We’ve got the gear if you’ve got the guts!

• Smoking digitized graphics.
• Passwords keep you close to the boiling action at the front.

"IT AIN'T EASY BEIN' CHEESY!"

Poor Chester. He's trapped in the dreaded Four Corners Zoo. Chester's motorcycle, his only means of escape, is laying around the zoo in pieces! You must help Chester reassemble his motorcycle and get out of dodge! At the end of each level, you will find an additional piece of Chester's chopper, and move yourself one step closer to escaping.

To make things a little easier, there are many icons to collect along the way. For example, the sunglasses will enable Chester to see hidden objects. There is also a guitar icon which will make Chester invincible for a short time (while he dances and jams to some cheetah tunes).

With hilarious gameplay and a great challenge, Chester will have you laughing from beginning to end! Pick up Chester Cheetah for a roaring good time, but don't let the cat out of the bag!

During the bonus rounds, Chester can pick-up a multitude of useful items.

It's Eddie VanCheetah! Grab this guitar icon and Chester will be invincible!

In the third level, this friendly hippo will carry Chester across the water.

Bizarre enemies like this mechanical walker will try to foil Chester's escape.

You must help Chester navigate his way through the zoo's sewer systems.

By collecting this tennis shoe icon, Chester can run at lightning speeds!

THE HEAT IS BLAZING ON...

Following the introduction of the 16-Meg monster Street Fighter 2, Sega decided to construct their own version. And we're in for a treat!

Now, with four characters, you can choose from several original and unique moves. So many in fact we didn't have enough space on this page to show them all! Stay tuned to EGM for more up-to-date coverage!
THE CITY SLUMS
CRIME BOSS ONE - JACK

As you can see, Eddie is dealing with the enemy on a straight one-on-one basis!

Use all your abilities! The streets are filled to the brim with human garbage!

The boss wields an arsenal of knives! He'll attack when close and far away!

Watch out for manholes, for you never know what might lurk inside!

BAR ROOM BRAWL
CRIME BOSS TWO - ERECTRA

Drinks are on the house, and just about everywhere else! This place may not be large, but you'll get the swing of things when plenty of thugs start heading your way. Don't be fooled by the western singer either, she wields an electric whip packed with wattage!

This woman knows how to put a charge in a man's life!

Not even the strongest person can hold up to the power of Erectra's whip!

Watch your step, all the drunks are a pretty rough crowd!

Hey, that bartender just took off out the back door! I wonder what he's up to?

The bar room is a nasty place to visit! There are plenty of thugs to smack about, not to mention the singer and her electric whip. The bartender mysteriously disappears out the back door. Could he be going for help? You'll find out soon enough!

BACKALLEY BASH
MAIN BOSS ONE - BARBON

Since you trashed his bar and best singer, the bartender rushed out back to assemble a death squad! Be prepared for some fancy fist flinging action from the mug-slinger himself!
FLY WITH THE EAGLES

The Navy has the top guns, but the Air Force has its Steel Talons - the best of the best chopper pilots! With only ten percent of all trainees succeeding, they had better be good! See if you have what it takes to survive twelve levels of air-to-air or ground-to-air combat! Take to the sky flying a $15 million gunship. With the hefty price tag comes more than enough high-tech missiles and guns as well as precision targeting and sensory equipment. Find your enemies and destroy them from long distances with laser-guided missiles. At the end of each mission, you'll receive a rating and performance breakdown leading into the next stage of combat. Get ready for one awesome assault of aerial arsenals!

MISSION
HEAD TO HEAD
FAIL

Your console will show information about ammunition, fuel and enemy locations!

IN YOUR SIGHTS:
Wait until you lock-on to a target, then blow it away!

Sustain heavy damage, hit a structure, or run out of fuel, and it's crash-'n-burn!

HEAD TO HEAD
WE TOOK THE ORIGINAL RAMPART,

AND BLEW IT UP.

If you had a blast with Rampart™ in the arcade, you’ll be rocked by the new Rampart for the Super NES. Because you get the original balls-to-the-walls hit plus new Super Rampart with more destructive firepower, intense strategy and explosive action.

Straight out of the arcade, you get all the original action that made Rampart a smash hit.

Two player action means someone’s going to walk the plank when all the smoke clears.

Super Rampart gives you Propaganda Balloons, Super Cannons and 15 huge, swarming 3-D battleships.

With two-player Super Rampart, you’ll do more than blow your friends to bits. Devastate your opponent’s castle with fiery cannonballs from your Super Cannons. Send in ground troops to scale his walls. Then scramble to rearm and rebuild your splintered stronghold with more elaborate stone pieces.

Single-player Super Rampart is just as destructive. Protect your fortress from an armada of menacing ships, fend off storming ground troops and use Propaganda Balloons to incite mutiny on enemy ships.

All in an attempt to massacre your ultimate foes: ruthless enemy bosses. Surviving a level lets you challenge the bonus round to rack up big points as you prepare for the next storm of cannonballs.

To get original Rampart and Super Rampart all in one Super NES cartridge, see your retailer or call 1 (800) 245-4525.

WIN BIG WITH EGM!

Get ready for the ultimate video game contest - only from EGM! Each month the kindly companies listed below have agreed to smuggle out to us the latest and greatest games we profile in every issue of EGM! Not being the stingy sort, we’ve decided to pass these carts along to you because that’s the real reason why companies send them to us in the first place. Anyway, if you’d like a jab at these gaming goodies, simply detach the reader survey card, answer the questions, and mark which system(s) you own. Once we find a box, we’ll put all your cards together and start pickin’! Remember to read the rules carefully, and enter today!

The following companies are contributing to this contest:
Activision, Acclaim, Arena, Atari, Atlus, Bignet, Capcom, Dynamix, FCI, Electronic Arts, Hudson, Jaleco, JVC, Konami, Mindscape, Namco, Nintendo, NTVIC, Sunsoft, Takara, Tradewest, Turbo Technologies

ENTERING IS EASY:
1) Fill out the Reader Survey Card.
2) Answer the Survey Questions and Pick the Systems that You Own.
3) Mail you Reader Service Card to:
   Electronic Gaming Monthly
   P.O. Box 8965
   Boulder, CO 80328-8965

Winners will be listed in the Jan. EGM!

Contest Rules: All entries must be received before December 1, 1993. EGM or the judges are not liable for lost or misdirected mail. One entry per person, multiple entries will be disqualified. Prizes are not transferable. Illegible or incomplete entries are ineligible. Void where prohibited. The decision of the judges is final. No purchase necessary to enter. Contest is not open to employees of Sendai Publishing Group, Inc. or to members of their immediate family. Taxes are the responsibility of the winner. Approximate value of prizes is $800. Prizes will be forwarded to the winner when final production copies are available. One prize per household. Pneumococcal/pneumococcal pneumonia. Go look it up. Determination of winners will be made through a random drawing. The decision of the judges is final so don’t whine if you lose.
Play Against The Best In The Business!

Nobody knows more about football than John Madden. And no one is better prepared to bring you the hard hitting, bone crunching excitement of the video grid iron.

You can't find a better video football game anywhere! The control is absolutely incredible. You can view three different receivers at the same time and throw the ball in a split second. When running, the heart of all offenses, you have a variety of moves that allow you to shake your would-be tacklers. You can't beat EA's enhanced graphics and play, either. Get ready to do some serious head-bashing this football season.

Now that is the way to catch a ball in a crowd! John will definitely be happy.

Line-up for the extra point. Get the power meter all the way up and count it good!

The game stats are where you can win some little victories even if you lose!

Destiny awaits

You are Ryu Hyabusa, last descendant of an honorable ninja clan. Armed only with the Dragon Sword, an heirloom passed on through the generations, you must hunt down a terribly ruthless criminal. Known only as the Master of Darkness, it's up to Ryu to vanquish this Boss and his forces.

Utilizing your martial arts skills to defeat the enemy, you must restore your family honor with a blade. It is your fate to do so.

Ninja Gaiden brings all the intensity of the 8-Bit classic to the Genesis, with enhancements in every category. The music is exotic and fast paced, the graphics detailed and the action fierce throughout.

The cityscape at night is the perfect setting for a ninja nightmare.

Drug dealing in the casino is one of the many evils you will find on your quest.

Take on the enemy one-on-one, or fight your way through entire gangs.

BLACK HOLE ASSAULT

INTO THE DARKNESS

As usual, the solar system finds itself under attack by an alien force. Their armies come equipped with armored assault suits. The time has come for a counterattack by special CAM (Cybernetic Anthropomorphic Machines) weaponry. With only two working prototypes: the Cyquest and the Orion, you must master these state-of-the-art fighting machines and go head-on against the enemy!

Several colonies have already fallen, and it's up to you to reclaim them! Details on the enemy assault suits follow at the end of this report along with information on the locations in which you will be fighting.

Caution is the key to survival when fighting an opponent for the first time. Each battle suit has at least one power move, varying from rocket launchers to steel claws. Keep your distance and launch a barrage of missile or laser fire. It's often best to use jump kicks when the enemy gets within the minimum range on your weapon. These attacks will do a lot of damage, and should force your opponent to the ground. Don't let your foe recover! Keep kicking him until he's finished!

YO HO HO AND A BARREL OF MONKEYS

Shiver me timbers, laddie. Youngsters like you need to be careful if you wish to survive Monkey Island. Fates worse than keel hauling await those not up to the challenge. Voodoo curses, ghosts, and witch doctors are but a few of the many obstacles you'll encounter.

Landlubbers listen closely, and I will tell ye a tale of treasure. Long ago a vicious ol' pirate named LeChuck found a secret entryway into an underworld. Filled with lava; it was. He met an awful fate, but he left behind more booty than you can imagine. Guarded by his ghost, no one has ever been able to steal his treasure. Will you be the first?

Deep beneath Monkey Island, the ghost pirate LeChuck's ship lies anchored in a river of lava.

Deep in a bed of lava lies LeChuck's hidden ship of pirate treasure!

Pirates love good ale and long tales; maybe you can supply them with both.

Listen to your elders, and you will not go wrong. Try to use their good advice.

Search out clues. Almost everything can be used later in the game.

Argh matey, seek out every section in this vicinity to find helpful things.

LeChuck's ghost haunts the island, intending to protect his treasure forever!

Dear Mom and Dad,

I hope you don’t get mad at me, but I’m on my way to the Genesis CD-ROM! Now Genesis owners, like those who have personal computers, can follow my journey to the Nintari video game tournament – so long as I don’t get in trouble along the way! I hope you’ll follow my quest with me and Horny, my frog, as we set out for the tournament.

Wish me luck!

Do RPG games emphasize boredom instead of excitement? OR do you feel action games work your FINGERS, not your MIND?

Get the Best of Both Worlds

Intense action and graphics combined with a mind-bending storyline sure to challenge all the above. ■ No wonder EGM declared, “If you combine Zelda and ActRaiser (two of the best), you will get SoulBlazer.”

From the people who brought you ActRaiser.
Sega fans have been eagerly awaiting the day when popular SNES titles would reach their Genesis. Finally the waiting is over and Sega is bringing out one of the most popular fighting games ever: Final Fight! Join Cody, Haggar and Guy in their war on crime as they search for a kidnapped girl. You will battle an array of enemies, ranging from the not-so-tough members of street gangs all the way to the fiercest of Bosses! The game, while graphically enriched on the CD, retains its challenge! With the additional memory afforded by the CD, all the levels from the original can now be found. You also have the new opportunity to play as any of the three characters! The music is also ported straight from the arcade.

All this and more await you in Final Fight CD, a fighting game unparalleled in its intense action and awesome graphics! Join in the Final Fight!
Give your grey matter some color

Every day your brain does little things for you. Like storing facts and figures, controlling your arms and legs, or reminding you to breathe at regular intervals. It's time you returned the favor with the Lynx color game system. Imagine how surprised your brain will be when you stimulate it with over 4,000 colors. The biggest screen available. Full stereo sound, and blazing 16 bit action. It's everything you need to keep a big brain satisfied. The Atari Lynx.

Is your brain big enough?
Get ready for a shapeshifting adventure of mammoth proportions! JVC's latest CD-ROM game for the Sega CD is sure to make you howl with excitement!

Ambush attacks await you around every corner. Destroy this gun very quickly!

Awesome graphics and great sounds make this CD game a real winner!

Play the part of Saul Morrow, the youngest son of a famous genetic engineer. After seeing his parents brutally murdered, Saul swears to avenge their deaths by becoming something more than what he is today. Utilizing his father's formulas, he plans to transform himself into a creature capable of the vengeance he seeks. The Wolfchild is born!

Although it's hard not to be overwhelmed by Wolfchild's killer graphics and CD-quality musical scores, you must keep your concentration while collecting the power-ups needed to dispatch the hordes of mutated creatures. Sink your fangs into Wolfchild by JVC, and release the animal hiding inside!

You must collect power-ups in order to transform into the Wolfchild!

Always keep a close watch on your life meter located in the upper left corner.

Scale huge trees in vast forests on your quest to avenge the death of your family.

This Boss is another crazy creature transmuted by Project Wolfchild.

You have a limited supply of bombs to use when you get into trouble.

You've never seen 2-player shoot-'em-up action like this! An alien war force is threatening the human race. Our scientists have developed the ultimate weapon: Strike Gunner! Equipped with an awesome arsenal of offensive and defensive devices, only two could be built—but those two can combine into one superfighter of astonishing power!

Q*Bert 3 for the 16-bit Super NES system takes the classic Q*Bert arcade game theme to new heights, with an amazing variety of eye-popping, multi-screen worlds. Along with the old familiar cast of characters, Q*Bert 3 introduces a whole universe of new enemies, obstacles and items.

Q*Bert 3 is the new challenge for Q*Bert fans everywhere!
BECOME THE FANTASY

Embark on the adventure of a lifetime with Turbo Technologies' new adventure, LOOM. You are Bobbin Threadbare, a young member of an ancient sect known as the Guild of Weavers. Loom is different from the many other adventure games because you must not only play it, but complete it to experience its magic fully.

Use Bobbin's distaff to weave magical spells (known as drafts) which will help you on your quest to destroy Chaos. The spells are cast by using a series of musical notes that are discovered along the way. The game is highly detailed and even allows you to weave spells backwards for an opposite effect! For example, the draft of opening cast backwards becomes the draft of closing.

Special note must be made of the beautifully detailed graphics and the brilliant CD-quality musical score. The spells, though numerous, are easy to recall when you get the hang of it!

Leave the friendly confines of our paltry little world and enter the universe of dark fantasy and incredible challenge contained within LOOM. Oh what a tangled web we weave...

When you enter the tent which contains the Loom, remember to grab the distaff.

Look for spheres like this for important clues about the future.

The save option allows you to restart your quest at the beginning of the area.

In the Bishop's Castle, the fabric of the pattern is ripped asunder by evil Chaos.

Chaos, he who heralds the Coming of the Third Shadow, is your final adversary.

Our hero is swept away by the dragon! While in the lair, weave the draft of sleep.
Move over masters, a new champion is kicking in.

This exciting action adventure game recreates the fury and explosiveness of international boxing. In this game, they take no prisoners. It is a fight for life and the championship in a ten series match. Set against international backdrops players pit themselves against ten of the most deadly Masters of the Martial Arts. Each master brings to the fight their own special weapons and fighting techniques. Players kick, punch and jump their way to victory. This exciting video battle features dimensional screens, high quality graphics, special sound and video effects and challenging game play. Enemy masters can be designed for special attacking action. Weather and seasons change during the course of the game action.

Make your move to power with one of the hottest games yet, "POWER MOVES!"

The action is furious as players kick, jump and punch to victory.

*The crowd roars as the Victory sign is flashed.

*Special sound, video effects and 3-D screens add to realism.

*Weather and seasons change during game play.

IF YOU THOUGHT TETRIS® WAS FUN, LOOK WHAT WE DID TO WORDTRIS.™

ACID. BOMBS. DYNAMITE. OUR SCIENTISTS MADE IT HARD TO GET A WORD IN EDGewise.

This mind-boggling, falling-block Soviet game will burn you up, blow you away, blast your socks off. This time the falling pieces are letter blocks. Instead of forming lines, you form words. Horizontally. Vertically. They clear. You score. The pace quickens. Where’s that Magic Word? A Wild Card Block appears. The challenge builds as the levels go higher and the blocks fall faster and faster. You find our 50,000 word dictionary knows it all. You’re in the mood for 2-player mode so you take on a friend. So much to do, so little time. More challenging than Tetris? You have our word on it.

Welcome to the start of tonight's big game between the red and the blue!

Your goalie can be knocked through the net if your opponent has the gold stick!

STICK IT TO 'EM, BE COLD AS ICE!

This is the hockey game all TurboGrafx owners have been waiting for. Taito and Turbo Technologies have faithfully reproduced the arcade sensation, Hit the Ice, for everyone who's already spent a year's allowance on the coin-op version.

Hit the Ice is a three-on-three, all-out, skates-in-your-face power brawl. You can choose your skaters from a substantial list of participants, each with their own strengths and weaknesses. The graphics are sharp, and the game flows smoothly from one end of the rink to the other. Expect the crowd to get into the game as well! You'll see bottles and garbage thrown onto the ice and some wise guy actually tosses an octopus! If you're ready for the meanest old-time hockey game this side of the arctic, then grab your stick and Hit the Ice!

For those of you who keep track of bragging rights, here is the ammo!

In this hockey game, offense is the primary concern. Score, baby, score!

Here's a brainy idea: Pick up Mystic Quest, the world's first role-playing game especially designed for the entry-level player.

Easy-to-read icons put your head in the game immediately. Skull-tingling action keeps it there. Then there's constantly changing 16-bit characters and enough heady combat to scramble your synapses.

And a free strategy book offer comes in every box.

All this for just $39.99.

Hey, you don't need to be a brain specialist to see what a smart deal that is.
BOO!

Get ready for a hauntingly good time with the latest adventure game for the Turbo Duo. You're cast in the role of Arthur, a hapless lad who must brave a house of hair-raising monsters and ghouls in order to restore peace to the town.

Typically awesome Turbo Duo game play combines great graphics and cool characters to create an adventure that is sure to keep you glued to the edge of your seat!

Pick up various icons, ranging from ammunition, which will aid you in your battle, to ghostly items that will send you rocketing upwards! Arthur can even swim through piranha-infested waters to retrieve keys which will allow you to go to the next stage.

Ghost Manor takes the Turbo to all new heights with five intense levels of scary enemies, steep cliffs, maze-like mansions and a monstrous quest that will have you biting your nails!

Bounce on the trampolines to gain easy access to those tricky ledges.

At the beginning of the game, you are endowed with a powerful weapon!

You must search for keys to unlock the various doors in order to progress.

Travel up the mountainside on board this ghostly claw. Don't fall off!

Skeletons and other horrifying enemies will try to put a quick end to your fun.

Swim, run and jump your way through level after level of perilous adventures.

IS THIS THE END OF MEGA MAN?

Dr. Wily just won't quit! After four attempts to destroy the plucky and resourceful Mega Man, the evil doctor may have finally created enemies who will do the job! Dr. Wily is trying so hard to do it right that he let fans of the popular game series create their own villains! Who better to design Mega Man's new opponents than the fans who love and adore him? What a devious plan!

This occurred during a contest in Japan, where Capcom accepted ideas for new bosses to be included in their upcoming Mega Man 5 game. This scheme was also used in preparation of Mega Man 4, but our hero still survived! Although Mega Man 5 isn't quite finished, it will very likely leave a distinctive mark next to its predecessors!

So maybe, just maybe, Dr. Wily's fifth set of robot rejects will get the job done. Or will they?

WHAT'S UP? Even gravity is an enemy. Here Mega Man walks on the ceiling!

ALL ABOARD: Mega Man runs through the train station in front of the cars.

BUNGLE IN THE JUNGLE: Mega Man must battle wild beasts in the tropics!

I WANT MY MTV: Mega Man 5 is filled with great backgrounds and animation!

CHOICES, CHOICES: You'll have to wait until the game is ready to see them!

SEA YA: On this level, you fight a monster while piloting a speedboat!

**BACK TO THE DRAWING BOARD:**

These are some of the villains I've been tinkering with to destroy that cursed Mega Man. Thanks to the people who invented these characters, Mega Man will have a harder time defeating me and thwarting my plans! Prepare to meet your doom Mega Man, because this time I’ll win! Here are four of the eight new villains you’ll face on this journey!
BACK IN BLACK!

Batman Returns is now coming for the NES! Everyone's favorite Caped Crusader is out patrolling the streets of Gotham City. This time, he must fight the combined powers of the Penguin and Catwoman to save the good citizens from an evil plan!

Batman will have his work cut out for him when he tries to save Gotham City this time. He must defeat killer clowns in the streets and motorcycle lunatics who are doing their best to leave tracks on his cape.

Once you have the streets under control, you must reclaim the rooftops! This is not easy, especially since you must face the ever-cunning Catwoman. Batman must also fight through a department store loaded with devils and a remote control helicopter that drops bombs all around. When the Penguin's plans are foiled, you must still save the children! Only you can help Batman succeed, and assist the Dark Knight as he triumphs over evil in Gotham City!
CATCH THE TAITO WAVE

You and your trusty boomerang are on a secret seek and destroy mission. This is action with a cutting edge that will keep on coming back for more.

Little Samson

There’s bone crunching action for Sega Genesis too. Unless you want some free dough work you had better stick in the mousetrap, stick on the pads and CHECK it out!

Power Blade

You and your three pals will journey through maze after maze packed with crazy creatures and hair raising adventure. They’ll have you climbing the walls and hanging from the ceiling.

Hit the Ice

This head bangin’, hard checkin’, free-for-all will settle your bones and send you flyin’ into the next county. So, face ‘em up and CHECK it out!

The Jetsons

While supervising the Button Pusher Division of Spacely Sprockets, George Jetson notices that the robots and computers are malfunctioning. With the help of Jane, Judy, and Elroy, George’s mission is to find and stop the cause of this problem.

Fred uncovers a treasure map and sets off on a wild adventure to find the lost. Help Fred through seven adventure filled stages in this journey.

ALWAYS STRIVE TO IMPROVE THE QUALITY OF THE CONTENT PRESENTED HERE.
Hi, Kids!

Welcome, one and all, to Krusty's Fun House, the nutty and kooky new NES adventure! Rats have invaded the house of Bart's favorite TV personality, and Krusty must lead these creatures to a trap guarded by Bart or Homer located in each level.

Each level is a puzzle and Krusty must find the right path for the rats to travel so that they end up in the trap at the end of the stage. There are certain paths that require barriers to be removed before the rats will follow Krusty, and square blocks can be used to accomplish this task.

The first few levels are pretty straightforward, but tougher challenges await in later stages. So be ready to blast 'em, smash 'em, and Krustenize 'em all the way to the end!

Lure the mindless rodents past the many obstacles toward the waiting rat trap.

Kicking boxes will reveal useful items and some hidden bonus room entrances!

Complete a bonus room and receive a load of items, power-ups and 1-ups!

Matt Groening
ONLY THE STRONGEST MONSTERS WILL SURVIVE

The Universe has turned, and Man is no longer master of the Earth. The Era of the Super Monster has arrived. Each monster is cruel and vicious, but who is the strongest Super Monster of all? Only through battle will this be known, as Cities are smashed and Mankind quakes with fear!

Become one of four Super Monsters, and challenge the rest to combat. Fight with massive force and use special powers to defeat Monster and human foes alike. Avoid the human’s military might and smash their tanks and planes or use them as bludgeons against your fellow Monsters. Defeat all opponents and be crowned the greatest Super Monster of all!

- Battle through eight stages in four Battle Cities!
- Multiple Monster fighting techniques!
- Special deadly weapons for each Monster!
- Play against the computer or tackle another player head to head!

Great graphics, so-real sound effects, and amazingly lifelike street mapping all add to the fast-paced fun. Get King of the Monsters soon—before it gets you!

Ultima
Warriors of Destiny

JOIN THE QUEST!

The Avatar has just returned to Britannia. Upon his arrival, a close friend named Shamino, is wounded by three formless beings, known as the Shadowlords! Shamino tells of Britannia's ruler, Lord British, who has been missing since he led a band of men into the Underworld. In his absence, Lord British's trusted subject, Blackthorn, has taken over the kingdom. Now, the once gentle Blackthorn has been corrupted by the three Shadowlords, transforming the land into a desolate country of hatred and oppression. You must find Lord British and return him to power...if he is still alive!

Ultima: Warriors of Destiny has jumped from computers to the NES system! Follow the adventures of the Avatar and his band of warriors as they embark on their quest. Visit a variety of lands, and fight a huge assortment of monsters throughout the game to return Lord British to power.

DISCOVER THE NEW LAND!

Mario, as you may suspect, must be the hardest working man in video gaming. His name is everywhere, including the Super Mario Land 2 box - a super sequel to the original adventure!

The new Mario game stays with the same winning formula that made this hero a household name before. This time, however, he pulls out all the stops in the first 4-Meg cart for the GameBoy! This translates into better graphics, more levels, and much more fun! If you thought the first Super Mario Land was a blast, then part two will knock your socks off! The next wave in GameBoy technology is here, and it's not surprising that Mario is the messenger!

Welcome to the Macro Zone map, where Mario can find magic gold coins.

This is the overview of Pumpkin World. Many new challenges await you!

Collect power-ups from the question marks. Look out for poison mushrooms!

The arrows will push you forward into the fire if you step on them.

IN FOR A SHOCK?

THEN STEP INTO DYNAMOR, YOUR ALIEN-CRAFTED SUIT OF DYNAMIC ARMOR. BUT MOVE QUICKLY, YOUR METAL HEAD COMPETITION IS ABOUT TO SMACK YOUR JAW WITH A NASTY LITTLE LASER BOLT. AND THAT'S JUST THE WARMUP. WHEN THE ACTION REALLY HEATS UP, THE MECHANIZED SHOCKTROOPERS FROM IMPERIUM WILL BE TRYING TO TURN THAT DYNAMOR OF YOURS INTO NOTHING MORE THAN A COOKIE SHEET.

IMPERIUM. REAL HEAVY METAL FUN.
Bombs away! Bonk has the ability to flip in the air and bash an enemy from above!

1-ups can be found in hard to reach places, so be quick and nimble!

Ouch! That smart! Beware of live cacti out to spike you with long, sharp needles!

Headbutt flowers to release power-ups or other items hidden within.

Smiley faces give you bonus points at the end of each stage. Gather 'em up!

HAPPY HEADHUNTING!

He's back! That cute, lovable cave boy, Bonk, seems to have games popping up everywhere, and now he's in a new adventure for the GameBoy system!

Guide this cool neanderthal nut through many levels of prehistoric play, that gives new meaning to the word "headache". Bash the enemies with Bonk's built-in weapon! The graphics are cute and comical, and they add to the hilarious game play. Remember that the only way to win with Bonk is if you use your head! Where's the aspirin?

READ MY BRICKS...

Test your thinking and construction skills with Megalit, the latest GameBoy puzzler!

You assume the role of a heroic fighter who must overcome obstacles by moving bricks. Rescue a princess as well as other people kidnapped by an evil witch by successfully moving these items. Practice on the Easy Mode, or try the Quest mode for a harder challenge. Be cautious and don't drop the bricks more than one grid, or you'll find yourself at the beginning of the level. If the length of the quest leaves you weary, there is a game save option. Also, after each level, a hint is provided to speed you through this building adventure.

GIVE UP!

If you get in a jam, or can't move blocks, the game offers a "Give Up" option!

Besides being able to push bricks around, you also have the ability to jump.

MEGALIT

The primary objective: Clear all the levels and save the lovely Princess!

Are you trying to break-off my curse?

BROKEN !!!

Any bricks that drop more than one level will break and force you to start over.

OUCH !!!

Make sure the bricks don't fall on top of you while pushing them around!

ALIEN SLIMEFEST!

Terror has struck again! This time a space penal colony has the displeasure of hosting an alien horde for dinner. As Ripley, you must make your way through the forgotten prison institution to save the inhabitants from a sudden death sentence.

Although the aliens are quick, powerful, and numerous, you are not without help. Scattered throughout the jailhouse are various weapons to help resist the alien onslaught. Use the motion tracker, pulse rifle, grenades, and flame thrower to blast the xenomorphs down to green slime puddles.

Alien 3 is filled with cool graphics and an eerie musical theme that's sure to satisfy fans of the series!

You can run, Ripley, but you can't hide!

Track down the space beasts through the long corridors and blast away!

Save the prisoners of FURY 151 from a bloody death at the claws of the aliens!

GORY DEATH SCENES

Eliminate all the aliens before...

...they put Ripley away as an incubator!
**MICKEY MOUSE 2**

Proceed with caution. Mickey has his work cut out for him this time!

**MOUSE POWER!**

Everyone's favorite mouse is back in his second Game Gear adventure! In *Mickey Mouse 2*, Mickey must overcome more than his fair share of horned monsters and dangerous obstacles which block his path.

Assist Mickey in leaping over vast chasms, climbing huge vines and scaling enormous trees. Guide Mickey into secret rooms which contain life-giving power-ups as well as other important icons.

Level after level of excitement await, as you encounter hilarious, yet deadly, enemies that Mickey must overcome.

Detailed graphics and way-out game play make this a "must buy" for all Game Gear owners. Even experienced gamers will enjoy this game. The graphics and animation recreate the images we all remember from the classic Mickey Mouse cartoons!

So get into Gear and help Mickey overcome the obstacles in *Mickey Mouse 2*!

Dinosaurs Blown Back to the Stone Age

Rumors of Steven Spielberg's upcoming prehistoric epic "Jurassic Park" are becoming as mythical as the dinosaurs in the film. But in mid-September production suffered a major blow when Hurricane Iniki swept through the elaborate set situated in a remote location on the Hawaiian island of Kauai. Projected to be next summer's blockbuster, "Jurassic Park" will likely be back on schedule in time to hit its release as planned. Still, insiders are buzzing about special effects techniques that will be used in the film. Speculation persists that computers, instead of models, will create most of the animation. The film will take Terminator 2 inspired effects to new heights. Such an extensive use of computer graphics for animation is unprecedented, but experts predict it will revolutionize special effects.

Solo in the Big Apple

He was left behind again. But this time, Kevin McCallister (Macaulay Culkin) is in New York City during Christmas. Bumbling bad guys Joe Pesci and Daniel Stern reprise their roles as the wacky antagonists of "Mack" in Home Alone 2: Lost in New York. The overwhelming positive response from test-screening audiences indicate that Home Alone 2 has the potential to duplicate the astronomical success of the original, which was the third highest grossing film in movie history. One question though: Why

DC Comic Sales

Boom with Rumors of Superman's impending Doom

Officials at DC Comics have confirmed that the Man of Steel will indeed turn to rust, er dust.

In Superman #75 entitled Superman: Doomsday, the guardian of Metropolis gives his life to save the city and its inhabitants. The price of this hot issue will be $1.25. A special poly-bagged edition, costing $2.50, includes Superman's obituary from the Daily Planet, a mock Superman postage stamp, a mourning armband emblazoned with the traditional "S", and a poster portraying Superman's funeral with both his friends and foes paying their final respects to the fallen hero. Even though DC Comics has been flooded with phone calls in support of keeping Superman alive, the only issues planned after #75 are those covering Superman's funeral.

MAN OF STEEL TURNING TO RUST?

And Finally

Bruce Willis is considering a lucrative offer from 20th Century Fox to do Die Hard 3. Another run-in with terrorists? Maybe it should be called Bad Luck 3.
SPORTS

Two Legit 2 Quit

NFL playoffs, Sanders is a critical element in both teams' mixes. In fact, Sanders is so important to his two teams, that both offered him multi-year, multi-million dollar contracts to stick with their sport and drop the other.

No chance, says Deion, who was among the National League leaders in batting average for much of this season.

In week two of the NFL season, Sanders returned a kickoff 99 yards against the Washington Redskins. In either sport, Sanders is truly a "Prime Time" player.

GADGETS

"Hello. This is my answering machine...I can't get the phone right now, I haven't fixed my hair yet." That may be a likely greeting when products like the FuturePhone, a television picture-phone, become widely available.

Don't worry about keeping a comb near your phone anytime soon though. FuturePhone is just a concept that's not expected to be released for some time.

CONTEST

The Battle of the Magazine Editors

All of the editors of the major game magazines in the U.S. and Japan recently gathered in Sapporo Japan to go head-to-head in the ultimate game contest!

Sponsored by Micronet of Japan and their U.S. subsidiary Bignet, the editors were able to try out first-hand the company's new Sega CD fighting game - Black Hole Assault.

The competition was formidable. From Japan there were editors of famous magazines such as Famicon Tsushin, Beep Megadrive, Mega Drive Fan, Game Boy, PC Engine Fan, Marukatsu PC Engine, Monthly PC Engine, Hippon Super and Marukatsu Mega Drive.

Representing the U.S. were the editors of Electronic Gaming Monthly (Ed Semrad), GamePro (Wes Nihel) and Video Games and Computer Entertainment (Andy Eddy).

Before the game contest, Mr. Akihiko Murakami, president of Micronet Inc., talked about the development of Black Hole Assault, followed by a presentation by Mr. Yang of Sega of Japan about the future of Sega's CD-ROM system and the leaps they're taking in software.

Then the competition began. Since the U.S. editors were outnumbered 18 to 3, they took a pass on the first round of competition. In the second round it was their turn to play. Each was matched up with one of the winners of the first match.

The competition continued and the eventual winner was the editor of the PC Engine magazine. Although the U.S. players put up a good fight, they were ultimately bested by the guys with home field advantage.

For a detailed look at Black Hole Assault, check out the Sega CD Fact-File starting on page 218, and for a preview of all of Bignet's Sega titles, page through the exclusive 68 page Sega Force supplement in this issue.

Mr. Murakami introduces Micronet's new Sega CD - Black Hole Assault.

EGM's Ed Semrad takes on one of the Japanese game mag editors.
Laser Discs

On the Brink of a Breakthrough

After an inauspicious debut, Laser Discs packed with features superior in technology and quality to video cassettes, are beginning to gain wider appeal among movie buffs.

LD's are quite similar to Compact Disc's, except they include video as well as sound.

Consequently, LD's boast the same inherent advantages. The recording never fades or distorts, the sound (and picture) is unsurpassed in clarity, and the digital format allows for greater flexibility.

The inside of the alien mothership is revealed in Close Encounters of the Third Kind. In found in the film's original release, many laser discs offer special "letterbox" displays

That flexibility has enabled film distributors to include features on LD recordings that are not usually

found on video cassettes.

More and more movies released on LD have such bonuses as behind the scenes look at actors, directors, or the making of the film; a simulated theater screen known as "letterbox" format; or extra scenes not found in the original big screen version of the film.

Film distributors have realized that those people who become fans of theatrical releases will also pay to see enhanced versions of their favorite films at home.

Aliens director James Cameron, for example, reinserted nearly 20

Several scenes that were cut from the original version of The Lawnmower Man. Many laser discs contain additional footage and descriptions from movies.
Director Steven Spielberg was adamant that the letterbox format (which has the same 1.85:1 ratio as theater screens) be retained for the LD release of Close Encounters of the Third Kind.

In an interview at the end of the LD version of the film, Spielberg reveals many interesting insights into the making of Close Encounters.

An audio feature on the Wizard of Oz LD enables the viewer to select between the movie's soundtrack and a fascinating running commentary on the history and making of the film classic. Did you know that Buddy Ebsen, who played Jed Clampett on the Beverly Hillbillies, was originally cast as the Tin Man but dropped out because of an allergy to the silver face paint?

Star Trek 6 only has approximately three minutes of new footage, but that time dramatically alters the film's overall storyline.

In a Special Widescreen Collector's Edition of Aliens, an opening sequence that lasts nearly six minutes introduces Newt's family while showing how the Alien infestation begins on their world.

A break-dancing Scarecrow? Not really, but in the collector's edition LD of The Wizard of Oz, this dance sequence and other scenes that were originally omitted have been restored.

The recently released Lawnmower Man LD also includes scenes extracted from the theater version of the high-tech horror film.

Many owners of LD players are looking forward to a special version of the 1991 blockbuster Terminator 2. Although Cameron, who was responsible for bringing Aliens back to life on LD, has not commented on a director's cut, several scenes from the movie were filmed. Among the footage that could find its way onto LD are the original ending (showing an old Sarah Conner with her Senator son John), the shutdown of Sky-Net, or Sarah's dreams of Kyle Reese.

Falling prices of LD players have recently made it possible for many more people to enjoy the added quality and depth that LD has to offer. You can now find a decent LD player for about $500.

LD's appear to be on the verge of gaining mass acceptance. When that happens, expect to see LD entertainment extend beyond new footage.

**Rules:** All scores on Tazmania must be received by December 15, 1992. If maximum scores are reached, a drawing of all maximum scorers will be conducted to determine prize winners. All scores must be submitted on official Team entry forms and an accompanying legible photo. Void where prohibited. Send SASE to High Scores, 1920 Highland Ave., Suite 222, Lombard, IL 60148 for an official entry form. One winner per household per year. Score rollovers will be treated the same as maximum scores. Decisions of the judges will be final.
TEENAGE MUTANT NINJA TURTLES IV
TURTLES IN TIME

Deadly mutagen slime can cause serious damage!

TOTALLY SHELL-SHOCKED!

The Teenage Mutant Ninja Turtles have fought long and hard in a vicious battle against the evil Shredder's minions. Finally, they come across their deadliest opponent: the Shredder himself! Only teamwork and fast reflexes can keep our heroes from becoming turtle soup. Victory is in sight, but the Shredder is nothing to sneeze at. He will fry you with flames and annihilate you with blue beams! The most vile attack, however, is the retro-mutagen slime that will turn you back into an ordinary turtle! Can you bring back the Statue of Liberty and stop the menace of Shredder's Footclan?

The turtles have passed the final test. They are now true ninjas! Master Splinter congratulates them, and sends our heroes on their jubilant way!

What's more fun than watching a cartoon?
Starring in one! Bugs Bunny, Daffy Duck, The
Tasmanian Devil and many other favorite Looney Tunes
characters circle the world in a wild and totally looney
adventure. You control a different character through
six wild and wacky “mini-cartoons”—plus a blast of a
bonus round—it's like playing seven different games in one!

OCP is sending in Rehab Officers to clear the streets of Old Detroit, making way for the construction of Delta City. When ROBOCOP sees helpless families forced out of their homes as the bulldozers move in, he joins the resistance movement to battle the Rehabs!

Armed with a new multi-weapon arm attachment containing a large-bore cannon and a smart bomb, plus a gyropack for airborne assault capability, ROBOCOP faces a battalion of ED-209's, tanks, heavy artillery and a new adversary, OTOMO. The odds seem impossible, but remember—you're ROBOCOP!
