VOL. 11, NO. 15  
JANUARY 7, 1950

Maestro Louis Prima plays pretty for Mayor Ralph Villani, of Newark, N. J., while vocalist Keely Smith practices some steps of the tarantella during a recent engagement there. Prima's wax antics have long "played pretty" for music operators, with such outstanding hits as "All Right, Louie, Drop The Gun"; "It's A Cruel, Cruel World" and "The Thousand Islands Song" racking up peak play. Recent click for Louis is his current platter, "I Beeped When I Should Have Bopped" and "The Manueto Tarantel", on Mercury Records. Louis and the band recently concluded a smash stay at Bop City, New York, and are currently engaged in a nationwide theatre tour.

A decorative border with intricate floral and scrollwork patterns surrounds the text.

## Talking It Over

One very important event, which may have escaped the attention of the average busy coinman, is that of the telephone companies thruout the nation are appealing to their states as well as the Federal Government for installation of 10c coin boxes, instead of the present 5c boxes.

This lends greater solidity to The Cash Box statements of some seven years now that the average coin operated machine should feature a 10c coin chute. The Cash Box brought this to the front for automatic music equipment as well as amusement machines. The vending machine people had already arranged their equipment to accept the quarter and give change where and when necessary. All other businesses had, by one method or another, also changed to more coin.

The introduction of the large, standard size shuffleboards to the coin machine industry, brought about the first chance for the average amusement op to obtain 10c play per man and, in some cases, even more. It was then found that The Cash Box statements were true. That 10c play was "the answer" to more profitable operation.

From the shuffleboards came a new development for the smaller size location, the shuffle games, and these immediately adopted the 10c coin chute, for their cost as well as the unique play which they offered, forced such action. The result in this case is that a new industry has been born with the advent of the shuffle games and many are now of the belief that this will lead to an entirely new type of automatic amusement business.

In the interim, the automatic music industry did not remain static. It took up The Cash Box appeal to swing over to a better and more equitable commission basis. Many did change to 60%-40% and to The Cash Box commission basis of 70%-30%, as well as a front money service guarantee. Television entering into locations forced many music ops to change to this more equitable commission set-up with the result that music has come thru the adjustment era with flying colors and is gradually, regaining its status of leadership.

Still the average juke box op is reluctant to swing over to 10c play. He has, instead, used every subterfuge he possibly could. Some have even offered the public 6 plays for 25c as an inducement to obtain more quarters. Others have piped music thru their juke boxes in an effort to obtain a weekly guarantee from the location. Still others have switched from one method of operation to another also with the intent and purpose of obtaining more assured income.

Yet, the juke box industry hesitates to change to 10c coin chutes, even tho the amusement machines division has already made this change and found it profitable. Therefore, should the telephone companies prove successful in their appeal to FCC to change over to 10c public coin boxes, instead of the present 5c boxes, the automatic music industry will then have every reason to swing over to 10c play and better assure its future.

Regardless of the fact that the price of records has gone down to some extent, regardless of the fact that the so called non-breakable disks have been introduced, and regardless also of the fact that these disks give longer and better wear, overhead has continued to increase and the juke box operator must battle for every nickel today to assure himself some sort of profit on his investment.

The answer for the juke box industry will, therefore, come about, just as it did in the amusement field, when the new equipment is offered to the public with 10c coin chutes as the telephone firms jump to this coin with Federal sanction.

# Trade Agrees...

# “IT’S 10c PLAY”

## “The Cash Box” Prediction of Seven Years at Last Acclaimed!

For over seven years now “The Cash Box” has been urging this field to go to 10c play.

This was the reasoning of all leaders in the business who foresaw that this industry could not continue profitably on nickel play.

In fact, “The Cash Box” was the very first publication in the country to bring forth the fact that the United States Mint should once again produce a 7 1/2c coin. Proving, in the editorial which “The Cash Box” printed, that such a coin would mean tremendous savings as well as better business for hundreds of industries all over the country.

But, knowing what a great length of time would elapse prior to the minting of a 7 1/2c coin, “The Cash Box” returned to the suggestion (and appeal) that the trade had better turn to 10c play.

This was very hotly contested by certain persons in the field.

Today, the Shuffles and Rebounds have proved that “The Cash Box” was right. These games are not only bringing in more money for operators everywhere in the nation as well as meeting approval of the American public by featuring 10c coin chutes but, surprisingly, waking up an entire industry to the fact that its unique and economical entertainment is recognized as worth 10c.

Even the telephone companies thruout the country are now presenting arguments that they must get 10c. They cannot longer continue on nickel pay telephones. “We must obtain 10c,” they are telling FCC, as well as state and city governmental agencies.

This will surely come to pass. There is no other way out for this extremely important communications agency. They must obtain 10c to insure their profitable continuance. And these firms are among the largest and most important in the nation.

The same has already happened in other fields. Long ago the tavern owners, restaurateurs, and others, changed from 5c to 10c. Even candy bars, shoe shines, and other daily necessities swung over to the dime.

This was pointed out each time by “The Cash Box”. It was urged on the coin machine industry where it met with foul looks and harsher statements from a few in the field. It even caused certain forces to come forth with items refuting the statements which “The Cash Box” had made. Even tho “The Cash Box” statements were backed by FACTS.

Now, at long last, the industry has come to the point where it realizes that the 10c coin chute is the answer to profits. At least a normal return on the huge investments being made in coin operated machines.

Yes, it is possible to get 10c from Mr. and Mrs. John Q. Public. Just as easily as it was possible to get 5c.

Whatever the game which will result from the combination of the five-ball and the shuffle and rebound, this game will, to insure its success, appear with a 10c coin chute. Only because, everywhere in the nation, operators now agree that the dime is the “logical coin.”

The nickel is today the penny of yesterday. What with increased overhead, increased cost of machines, increased cost of operation, the 5c coin can no longer present a profit margin to the operator. He must obtain at least 10c per play. The dime is the difference between profit and loss.

Tho “The Cash Box” has been singing this tune for over seven years, it now, triumphantly, sings it again. The dime is today the logical coin for play on any type of amusement and entertainment product in this industry.

The field cannot survive on pennies. And the nickel is the penny of yesterday. The increased cost of equipment alone answers the question.

Not to speak of the tremendously increased operating overhead, cost of supplies and parts, and other costs and taxes which have come about since the pre-war era. Also the further fact that, with labor demanding more and still more money, even these costs will continue to increase as time goes on; as pensions are voted; as employees receive three weeks vacation with pay; and as other benefits come into being on a bigger, more socialistic scale than any business man in this nation ever imagined would happen.

This industry is most definitely tied in with the retail business of America. The 2,500,000 retail locations are today, to a great extent, dependent on profits from their coin operated equipment.

They no longer can disregard this factor. They must work with this industry. They must live with it today because it is a very definite part of their business.

Therefore, it is time to give sincere thanks that the coin operated business has swung over to a better profit factor for its investors who are today obtaining a 10c coin where, formerly, they gave the same service for 5c and suffered tremendously. Even to a point where the industry seemed destined for destitution instead of destined for the greatness which is its due.

"Sitting By The Window" (2:47)

"Just For Old Times Sake" 3:07

JERRY GRAY ORCH.  
(Decca 24837)

● With the orchestra opening the first chorus and giving a beautiful instrumental rendition of, "Sitting By The Window," a tune that's catching on, followed with piper Tommy Traynor doing a grand warbling job, this beautiful ballad sounds like it's sure to go places. On the flip, "Just For Old Times," Maestro Jerry Gray perfectly balances a slow tempo romantic ballad and lets Tommy come in for some sweet vocalizing that makes this bottom side one of the neatest heard.

"All The Way Choo-Choo" (2:55)

"University of North Carolina Medley" (2:50)

JOHNNY LONG ORCH.  
(King 15030)

● We'll sadly miss our guess if the entire State of North Carolina doesn't stock up strong on this platter which is, without any doubt, a definite tribute to the "Tar Heel" State and to one of the greatest of football greats, Choo-Choo Justice. The top-side of this wax, "All The Way Choo-Choo", is one of the bestest of the best ever yet produced by Maestro Johnny Long and his grand orchestra. Johnny simply waves magic into that baton of his and the left-handed fiddler does one of the bestest jobs of his career to turn in a tune that has all the earmarks of a winner. With petite Janet Brace, the Glee Club and The Longshots handle the vocal spotlite to perfection. This becomes one of the best cuttings by Maestro Long heard in a long, long time. On the flip, a medley of North Carolina tunes, "Carolina Victory March", "Carolina Fight Song", "Tar Heels On Hand" and "Hark The Sound", for another cutting that has plenty of oomph behind it.

"I've Been Floating Down The Old Green River" (2:13)

"Hometown Band" (2:20)

RUSS MORGAN ORCH.  
(Decca 24834)

● A platter that's a natural for every tavern location with Russ Morgan and his "Music In The Morgan Manner" to cut wax as is wax. On the topside, "I've Been Floating Down The Old Green River", is going to meet with the approval of every bartender 'round the nation for it's the kind of tune that speeds up business in taverns and the kind of melody that gets the boys in the back-room to singing in quartet style. Its string band effect is sure to please for it's that old time, ragtime, drag me in and out rhythm that has done wonders for pulling coins into juke boxes. And on the flip, a march with the marchingest effect you've ever yet listened to, "(There's Something About) A Hometown Band", that'll have 'em lining up and marching 'round and 'round any tavern spot it's played in. Applause for Maestro Russ Morgan and his grand way of analyzing and presenting a couple of grand tunes. Just listen in to The Heartbeats and The Morganares do a terrific cutting.

## SLEEPER OF THE WEEK

"The Wedding Samba" (3:00)

"I See, I See" (2:43)

ANDREWS SISTERS—CARMEN MIRANDA  
(Decca 24841)

ANDREWS SISTERS

● Here's one of the most unusual and best combos ever yet put together for a samba beat that will absolutely pull the house down wherever it's featured. These grand, grand "queens of the juke boxes," The Andrews Sisters, and that marvelous South American star, Carmen Miranda, simply tear into, "The Wedding Samba," to produce what is probably one of the most outstanding juke box tunes for 1950. The way these gals get that samba rhythm and beat roving thruout this tune is something to listen to. It seems that every spin of the turntable

CARMEN MIRANDA

takes that rocking step along with them. They're simply going to pull nickles, dimes and quarters out of many and many a pocket to hear them spin this side over and over again. On the flip, with Carmen taking the lead, "I See, I See," becomes another heated tune in rhumba time, that is ripe for picking up spirits in any location and opening '50 with plenty of pep and ginger. This is one disk that you can bank on. Buy 'em quick.

"Copper Canyon" (2:03)

"The Laziest Gal In Town" (2:55)

MADelyn RUSSEL  
(Mercury 5348)

● With the very friendly, bearded, Mitch Miller to background the chirp, Madelyn Russel turns out two grand sides. The topside, "Copper Canyon", shining forth from the platter. The gal does a very fine job on this westernish tune and sends it home to listeners with lots of good punch. On the flip, Mitch goes all the way out to background the gal in a lowdown bluesy blues tune that has all the quality her voice requires to show off the chirp's ability. This is the meanest of mean blues heard in a long time and for which Miss Russel can take a very low bow. The gal's got it tho, as yet, not pitched in the right spot.

"Why Don't You Fall In Love With Me?" (2:30)

"I Wish I Had A Sweetheart" (2:40)

JOHNNY LONG ORCH.  
(Coral 60145)

● Johnny Long and his ork come back here to do an old timer that opens with a whistling chorus and with the lyrics piped by Bob Houston and Helen Young that has lots of beat and lots of rhythm, and with the very longest title we've ever yet read, "(As Long As You're Not In Love With Anyone Else) Why Don't You Fall In Love With Me", and that has plenty of possibilities to go places. On the flip, with Bob Houston handling this grand, old standard, "I Wish I Had A Sweetheart (Like That Old Sweetheart Of Mine)" that becomes surefire for every tavern spot in the land, Maestro Johnny Long cuts some grand wax. This is one platter that is highly recommended for the spots where the old timers like to gather 'round with a glass of the foamin' brew and just reminisce.

Medley "A" Side (2:25)

Medley "B" Side (2:22)

FRED BURTON  
(Hudson 902)

● Here's a new idea which this record firm believes can click with juke boxes and which offers listeners some of the greatest standards of all time. The idea is to cut songs which the public will actually sing with and to which a nostalgic glow can be added. It has lots of possibilities and Fred "Fingers" Burton, known as "The Human Pianola", does a grand piano job here to produce on the "A" side, "Jealous", "Dinah" and "I Can't Give You Anything But Love". On the "B" side, "A Smile Will Go A Long, Long Way", "Let A Smile Be Your Umbrella" and "When You're Smiling". The firm also has another platter (Hudson 901) which features on the "A" side, "For Me And My Gal", "Mary Lou" and "Margie". And on the "B" side, "Girl Of My Dreams", "Who's Sorry Now" and "When Your Old Wedding Ring Was New". If you have the spots where the boys want to recall and remember. Fred Burton's speedy fingered pianoing should bring lots of nostalgia.

"Sitting By The Window" (2:44)

"Dixie" (2:53)

RAY ANTHONY ORCH.  
(Capitol 794)

● Ray Anthony and his grand orchestra produce two sides of wax here that have lots of possibilities of clicking with juke box listeners. On the topside, a ballad that everyone seems to be cutting, "Sitting By The Window", with Dick Noel and The Skyliners to pipe the lyrics, Maestro Anthony does one very grand job. On the flip, an instrumental of one of the great great, old, old standards, "Dixie", Ray Anthony and his boys tear loose and cut good wax all around.

"I Wake Up Every Morning With A Heartache" (2:32)

"In Time" (2:43)

LENNY ROGERS QUINNET  
(King 15024)

● The very unusual piping of tenor Lenny Rogers lends a new and different feeling to the topside of this platter, "I Wake Up Every Morning With A Heartache". It offers plenty of possibilities to many locations thruout the nation. This ballad is cut in medium fast time and Lenny takes advantage of every note in the score to sell it for all it's worth. It has plenty of beat and lots of rhythm and is sure to please a great many juke box listeners. On the flip, "In Time", Lenny and his boys go into a slow, sad and blue ballad in tear-jerker style, but, with good instrumentalization make it a tune that can be listened to time and again.

"I Love Jeemy" (2:33)

"That's Okay" (2:59)

DE MARCO SISTERS  
(King 15025)

● Cute as a button, the DeMarco Sisters sell a south of the border tune with lyrics that bring a laugh in, "I Love Jeemy", and cut a side of wax that may go lots of places with plenty of juke box ops. Just listen to these gals sell this side and you may have something you've been searching for, especially for locations where they like that Mexican beat and cute lyrics for each tune. On the flip, "That's Okay", the gals open in very slow time, then speed up the tempo in the second chorus, add beat and rhythm, and click with a tune that's a natural for the younger generation on any location.

"You Stole My Wife—You Horse Thief" (3:04)

"Say When" (3:09)

DIZZY GILLESPIE ORCH.  
(Capitol 797)

● Dizzy breaks loose here with a tune that has all the possibilities of taking over in many a spot 'round the country, "You Stole My Wife—You Horse Thief". It's got the comedy lyrics which tie in with the title of the song and is a novelty that is sure to click with the kids who listen to the Maestro. On the flip, "Say When", a typical Dizzy Gillespie instrumental with all the power and off-chord keys that can be dreamt of in any one tune and done with that original twist which has placed Gillespie in a class by himself.

"The Third Man Theme" (2:54)

"Cafe Mozart Waltz" (2:45)

GUY LOMBARDO ORCH.  
(Decca 24839)

● Two instrumental sides by Guy Lombardo and His Royal Canadians that are sure to get plenty attention from dancing feet everywhere. On the topside, "The Third Man Theme," tune that's gaining much attention from the music biz, with a guitar solo by Don Rodney, turns out to be a very beautiful side, as cut by Maestro Lombardo and his crew. The guitar solo is something to write home about and should bring Don Rodney plenty of fans from everywhere about the nation. On the flip, "Cafe Mozart Waltz," Maestro Lombardo gives Don Rodney and his guitar solo the best backing we've heard in a long time.

## LOS ANGELES:

It was a dry Christmas out this way, the weather, that is. . . . Otherwise, the assets were strictly liquid with the music fraternity adding a mellow note to the goings-on, though in a strictly orderly manner, to be sure. . . . According to the newspaper reports, almost everybody else in town was trying hard to make the pokey by mixing gasoline with alcohol. . . . We didn't take any chances and spent most of our Christmas away from the heavy traffic, where some of the gals even kicked off their high heeled shoes (you can stop right there, brother) so as not to step on anyone's arches. . . . The place was Tempo Records, the refreshments as you like 'em and the entertainment tops, right up there with the great hospitality and cordial atmosphere provided by Irving Fogel, Dick Weil, Jo-Anne, Helen, Margaret, Grace and the other swell people that make up this wide awake company.

Among the artists on hand were Ben Light, Joe Venuti, organist Irma G'enn, fine singer Stanley Hickman, Brother Bones and Roberta Lee, the latter two teaming up in a batch of song and dance routines that would have stopped anybody's show. . . . Roberta, a gal with a heart as great as her voice, had girl friend June Bruner along and June, who is also out at Charley Foy's spot in the Valley, had the gang screaming for more with her piano and vocal numbers, some from her standard repertoire and some her own special material. . . . Really a great and versatile entertainer, that Brother Bones, his whistling of "Adeste Fidelis" and other sacred Christmas songs magically converting the handsomely fitted Tempo office and the gay crowd into a church-like scene.

Earlier in the day we stopped in at Mercury where veteran operator Paul Johnson joined Harry Bloom, Lee Palmer, salesman Don Warner and Gerry Albert in a bit of seasonal cheer. . . . Over at Modern Distribs across the street, Mike Kurlan was out making the rounds and salesman Lester Sill was dashing off with a load of platters for the Avenue, particularly Little Willie's latest, a thing called "The Moon Is Risin'."

# MGM In A Dither About A Zither

NEW YORK—Lots of things bustin' wide open at MGM Records here, but, most of the noise around the firm's offices is that everyone seems to be, "in a dither about a zither".

Zither's aren't very well known as musical instruments in these United States, but over in Europe they're among the most listened to instruments. As one of the zitherized boys at MGM explains, "The zither is the modern representative of the ancient Cithara and is a popular and well known instrument in the Tyrol. Over there they've been picking on the gadget for centuries and come up with some pretty interesting results. Its 36 or more strings, when properly plucked, give out with a certain type of indescribable music. A haunting, lingering old-worldish sound . . . it seems to combine the finer elements of a Kansas windstorm and the passing of a hard winter."

Anyway, the facts are that David O. Selznick made himself a pic in Europe called, "The Third Man". Thruout the pic runs a background musical theme that's played solely on a zither. The music bust its way into the homes of thousands of European families and has resulted in lots of zither propaganda reaching the U. S. since. This resulted in "The Third Man Theme", which is, more or less, as yet restricted in the U. S.

But now MGM have got themselves something for what they believe is, "the zither-starved American public". It was especially written for Art Mooney and the melody is entitled, "Zither Serenade". As MGM's publicity crew explain, "Of course, the basic thought in both music and lyric is the zither, with this lovely instrument played by none other than Franz Dietschmann, Europe's great gift to the zither world."

In fact, MGM believes that in this new Art Mooney disk, "We've got it." Meaning by "it", a million

seller. They're rushing samples to their distributors by airmail and, at the same time, advise that pressing is well under way.

They believe that Art's "Zither Serenade" will have everyone else in a dither over a zither and that, before long, the whistling of the "Kansas windstorm and the passing of a hard winter" will be soothing babies to sleep in American homes 'cross the land.

Here's the point...

"Chattanooga Shoe Shine Boy" (2:42)  
"Sugarfoot Rag" (2:20)

RED FOLEY  
(Decca 46205)

RED FOLEY

● Brother, brother, brother, wait'll you hear the topside of this disk, "Chattanooga Shoe Shine Boy," you'll rush right out to buy a zillion. It's simply out of the world. With that shoe cloth snapping thruout the platter, with Red Foley's grand

voice carrying the lyrics thruout with beat and rhythm plus the snap, snap, snap of the shoe shine boy's cloth as background—you'll just simply tip and tap and rip and rap right along with the spinning of the disk and then play it over and over again. This is one of the grandest Bull's Eyes we've picked in years and we predict, right here and now, that Red's gonna swamp the land with this terrific, smasheroo, "Chattanooga Shoe Shine Boy." On the flip, "Sugarfoot Rag," Red Foley brings another lively tempoed square dance melody with his voice never better than you'll hear it on this side. But, our money's on "Chattanooga Shoe Shine Boy." You can order these by the boxful quick.

"Sleepin' At The Foot Of The Bed" (2:37)

"Fools Rush In" (2:41)  
JERRY JERICHO  
(4-Star 1410)

It's novel, it's lively, it's got rhythm and beat and it's one of the grandest sides you'll ever yet hear. On the flip, "Fools Rush In," in much slower tempo, Jerry again sells a tune for a fare-thee-well. Get with this platter.

"It Only Costs Three Cents" (2:41)  
"The Smoky Mountain Waltz" (2:57)

BUZ BUTLER  
(Decca 46208)

● In medium fast tempo and in gorgeous voice, Buz Butler sings, "It Only Costs Three Cents." The lyrics are grand and the melody is beautiful. This is one side that has every possibility of pulling in plenty of nickels, dimes and quarters. On the flip, "The Smoky Mountain Waltz," in slow tempo, beautifully sung by Buz in true country style. Here's a platter that can stay put in your boxes.

"Foolish Tears" (2:39)  
"Send Ten Pretty Flowers To My Girl In Tennessee" (2:30)  
SPADE COOLEY ORCH.  
(RCA Victor 21-0150)

"My Home Is The Dust Of The Road" (2:38)

"You're Next Door To Heaven" (2:30)  
ERNIE LEE  
(RCA Victor 21-0151)

● The very beautiful voice of Ernie Lee in a very grand ballad, "My Home Is The Dust Of The Road," with his Southerners giving him very, very great backing, to cut a side of wax that'll spin for a long time to come in whatever juke boxes it appears. And on the flip, "You're Next Door To Heaven" (When You're In Tennessee), another grand and bouncy side of wax. The melody is swell and the lyrics great. This is one platter that has just about everything anyone can ask for.

"Bloodshot Eyes" (2:35)  
HANK PENNY  
(King 828)

● Hank Penny cuts great wax with, "I Was Satisfied," the topside of a grand platter. Just listen to Hank sing this tune and sell it for every bit of spin that's in it. It's in medium slow tempo with very sad lyrics and a very gorgeous melody to back it up. On the flip, in much livelier tempo, with the cutest lyrics you've yet heard, "Bloodshot Eyes," a side that's gonna give you a great big kick. Here's a platter that has all you can ask for.

"But, I'll Go Chasin' Women" (2:52)  
"Mommy Can I Take My Doll To Heaven?" (3:03)

BUD MESSNER  
(Abbey 15001)

● With Ray Parks to handle the swell lyrics of this lively, peppy tune, "I Ain't Going Huntin', Jake, But I'll Go Chasin' Women," Bud Messner and his Skyline Boys cut one of the very best renditions of this popular side of wax. Just listen to these boys give their all to make this side of wax zing right off the turntable. On the flip, a slow, romantic, very, very sad and beautiful tune with Allan Roberts very capably handling the warbling to make this platter one of the best.

Just listen to the bouncy beat of, "I'm Gonna Strut My Stuff," with lyrics that help sell the tune for all it's worth. On the flip, "Forever And A Day," Jimmie takes over in much slower tempo featuring a very beautiful melody and sells a romantic cutting right off the turntable. Here's one platter you can bank on.

"Jackass Caravan" (2:25)  
"Red River Valley" (2:45)  
CACTUS PRYOR

You'll just laugh your way right thru the cutting as Cactus holds forth with his jackasses. On the flip, the old standard, "Red River Valley," with Cactus in grand voice and giving all he has to this famed tune.

THE FIVE BLUE FLAMES

● The Five Blue Flames with Chris Powell and Duke Wells to do the vocalizing come thru with one of the sweetest, grandest ballads in smooth, romantic style heard in a long, long time, when

they cut, "I'm Still In Love With You." It's surefire for juke box play anywhere. When these boys get under way with this marvelous ballad people will drop coin after coin just to hear them sing this sweet tune over and over again. Here's one platter that sets up for big time play. On the backing, "Swingin' In The Groove," The Five Blue Flames tear loose with a lowdown bluesy blue tune shouting and hand clapping their way thru the entire side to produce one of the swellest sides yet cut. In fact, either side here is topside, though we lean toward, "I'm Still In Love With You."

"Nothing But D. Best" (2:56)

"The Continental" (2:59)

GEORGE SHEARING QUINTET  
 (MGM 10596)

● Here's an instrumental platter that has lots and lots of possibilities to click wherever it's placed. The top-side, in our humble estimation, is "Nothing But D. Best." It's in speed tempo with an upbeat that's grand and shows off the great instrumental effort of George Shearing And His Quintet. The drums that are featured in this topside are something that will get toes tappin' and fingers drummin' away. On the flip, "The Continental," George once again comes thru in slow, blues time with his great piano shining thru from this side. This is one platter that is bound to click in tavern after tavern 'round the land.

and the way Arthur Prysock handles the vocal stint puts this platter away up in the possibilities category. Don't hesitate because of the tune. It's because "Because" is so great and because it has ridden many and many a turntable that makes it a tune that will live forever and will stay put in juke boxes for a long time to come.

"Sittin' On It All The Time" (2:35)

"Baby, Shame On You" (2:42)

WYNONIE HARRIS  
 (King 4330)

● Man, oh, man, just listen to Wynonie cut loose and go all out to produce a side that has everything on it but the kitchen sink. There's no earthly doubt but what Wynonie is going to please everyone of his fans everywhere with the topside of this platter, "Sittin' On It All The Time." Just catch those lyrics once and the side will spin again and over again until it's worn right down to a frazzle. And on the flip, "Baby, Shame On You," Wynonie Harris just doesn't let up for an instant. This side is just as terrific as the topside. Take off your ear muffs, brother, and listen in to this hottest of hot wax.

"Jesus Hits Like The Atom Bomb" (2:35)

"Hallelujah" (2:45)

THE CHARMING BELLS  
 (Selective-36)

● If you can use spirituals here's one of the greatest ever yet cut on wax, "Jesus Hits Like The Atom Bomb." This is one side that deserves a spot in every juke box in the land for it tells one of the greatest stories ever told. It's so beautifully sung and the harmony is so gorgeous you'll be sold on it the first moment it starts its spin. Don't hesitate for an instant—grab a batch and place 'em around. On the flip, The Charming Bells again go to town with "Hallelujah" a great, great standard. But, it's the topside of this platter that has the smash.

"Keep Your Hand On Your Heart" (2:41)

"You Turned Your Back On Me" (2:43)

LITTLE MISS CORNSHUCKS  
 (Aladdin 3034)

● We've missed Little Miss Cornshucks for sometime now, but, here comes that gal with an aggregation of all stars behind her that will start the old blues arrollin' 'round the land when you listen to the gal spin, "Keep Your Hand On Your Heart." The way this gal sells the tune is just about tops in anyone's book. And that ain't all, just listen to the flip, "You Turned Your Back On Me," just as grand as the top-side. In fact, either side here is topside. Listen in.

# P.S.C. APPROVES 10c COIN BOX RATE FOR ROCHESTER, N. Y. TELEPHONES

## Sets Precedent For State. Predict Forerunner For Rest Of N. Y. State

ROCHESTER, N. Y.—In a precedent-making decision, The Public Service Commission in Albany, the state's capital, authorized the Rochester Telephone Corporation, this city, to charge 10c for local coin box telephones. It is the first increase in telephone coin box rates authorized by the commission since 1907.

It is authoritatively believed that this decision is a forerunner to similar rulings for coin box charges in New York and other areas served by the New York Telephone Company. In a recent decision regarding New York the commission indicated that the existing five cent rate was unfair.

The change cannot become effective at once, but has to await the acquisition and installation of new equipment.

## WMG Plays Santa Claus

WASHINGTON, D. C.—Recognizing the unlimited value of a good press, the Washington Music Guild, local music operators association, does more than talk about it—they work up highly interesting programs, and then put them into effect.

Under the guidance of its president, Hirsh de La Viez, the association outdid themselves this Christmas. Members contributed funds from over 750 Christmas Seal coin cans placed in each of their locations, and in addition made a special gift contribution to the District of Columbia Tuberculosis Association.

Pictured above is Hirsh de La Viez presenting organization's check to Mrs. Evelyn Van Natten, director of the Tuberculosis Association's Christmas Seal Sale division.

However, its master effort was the presentation of an all star Christmas show for the patients of the U. S. Naval Hospital at Bethesda, Md., on Wednesday, December 28. This program was a co-operative effort of the association and the Washington Daily News. The entire show was staged and produced by La Viez and Arnold Fine, Washington Daily News columnist, with the co-operation of the D. C. Federation of Musicians Local 161, and the Musicians Protective Union, Local 710, together with Paul Schwartz and William Bailey.

Appearing on the show were: Arnold Fine, master of ceremonies; Louis Armstrong with Earl Hines, Cozy Cole, Sid Catlett, Barney Bigard and Auril Shaw—orchestra (and what an orchestra); Daryl Harpa and his 13 piece Rhumba Band, featuring Margo Page; Robert L. Friend, the Thought Analyst; Stan Barclay with Jean Cassell and Yodeling Connie (Josephine Friedman at the piano); Mardi Gras Girls (a beautiful chorus line); and Jody Miller (Miss Washington of 1948-49).

"This is the greatest and best show ever to be presented at the hospital, and in dollars and cents this aggregation of talent would cost \$15,000 to produce for this one performance," stated J. O. Atkinson, Lt. (j.g.) MSC USN Recreation Officer of the Naval Hospital.

## Wurlitzer Adds Gary Sinclair To Staff As Field Sales Representative

NORTH TONAWANDA, N. Y.—Continuing along with its expanded sales program, Wurlitzer named Gary Sinclair to the sales staff as Field Sales Representative. This announcement was made this week by Ed R. Wurgler, general sales manager of the phonograph division. The company plans to work directly from the sales department with distributors and contact them with experienced men in the field, Wurgler explained.

Sinclair is no newcomer to the phonograph business. He operated all types of coin machine equipment on the west coast. He became indirectly connected with Wurlitzer in 1946 in a national Wurlitzer advertising program. In this capacity, he conducted distributor meetings thruout the entire nation.

For the past two and a half years, Sinclair was engaged as sales manager for Fletcher Blalock's F.A.B. Distributing Company, the Wurlitzer distributor in New Orleans, La. He has been working directly for Wurlitzer since August 1 of this year.

"With his experience as a coin machine operator," stated Wurgler, "coupled with his work as advertising program representative and distributor sales manager, Sinclair is well suited for his new post."

## EASTERN FLASHES

Usually the week between Christmas and New Year's is the deapest of the year on coinrow. Not this year, however. And all credit is due the shuffle bowler type games. Every element in the business is begging for more equipment—operators are visiting all the jobbing and distributing firms on the row, using all their wiles to cajole a few pieces—jobbers and distributors are pressing regional representatives for deliveries—and distributors and regional representatives are phoning their Chicago factories for added quantities and quicker deliveries. It all seems to add up to a profitable 1950 for all in the trade. And in addition to the activity in the games division, strangely enough for this time of the year, reconditioned music machines are moving.

\* \* \* \* \*

First deliveries of Scientific Machine Corporation's "Jungle Joe" arrive at Mike Munves, and makes an immediate hit with ops who get a look-see. Munves is the eastern regional representative for Scientific, covering the states of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York and New Jersey. "Jungle Joe" is a ray pistol machine with a moving target in the midst of a highly colorful backboard which is hung up on the wall of the location. All space problems of any type of location are solved, as the pistol attached to a cable can be operated from any distance away from the target as is feasible. Munves is receiving complete production from the initial test run by Scientific at this time, and Max Levine, president of the manufacturing firm states a full announcement will be made to the trade in a very short while.

\* \* \* \* \*

Ben Becker, regional representative for Bally Manufacturing Company, home with his family for the holidays. While in the city, Ben will make several visits to his doctor in an effort to cure an ear ailment. . . . Dave Lowy, Dave Lowy & Company, in quite a dilemma. He's overjoyed at the manner in which the operators are buying Keeney's "Pin Boy," but at the same time sad and aggravated that the factory is unable to ship them in sufficient quantities to fill the large orders he has stacked up on his desk. . . . Barney (Shugy) Sugerman, Runyon Sales Company, and his family spend the holiday week at Virginia Beach. Storing up energy and strength for the coming 1950, no doubt. Which brings to mind, Shugy and Abe Green, whether lucky or perspicacious, have the most efficient and cooperative staff of office personnel and sales people of any music and games distributor in the country. Headed by Morris Rood in New York and Eddie Berg in Newark, the firm has established a reputation among operators and jobbers that is most enviable.

The monstrosity of a building that has been cluttering up the southwest corner of 10th Avenue and 43rd Street, has been demolished. A nice modern building on this site will enhance the appearance of coinrow considerably. . . . Effective January 1, Murray and Bill Wiener, representatives for C-8 electric cigarette machines in Delaware, Maryland, and Eastern Pennsylvania, add the states of Connecticut, New Jersey and New York (up to Albany) to their territory. The firm will be known as the Wiener Sales Company, with offices on Tenth Avenue, between 42nd and 43rd Streets. . . . Jack Kauffman, K. C. Novelty Company, Philadelphia, visits Al Simon, Albert Simon, Inc., in an effort to promote added deliveries of Chicago Coin's "Bowling Alley." With Jack sitting at his side, Al phones the factory in Chicago. We imagine Al knew in advance what the answer would be, but he just had to satisfy Kauffman. . . . Kauffman reports that the demand for shuffle bowler type games in Philadelphia is just as great as anywhere in the country. . . . Before taxiing in to the big city, Kauffman visited with Dave Stern of Seacoast Distributing, Elizabeth, N. J., and Abe Green of Runyon Sales Company, in Newark, N. J.

Dave Stern, Seacoast Distributors, Elizabeth, N. J., distributors for Rock-Ola, going half crazy rushing "Shuffle-Lane" to the many operators and jobbers in his territory, which takes in Metropolitan New York. Well, he waited a long while for something like this, and it looks like he's got a big hit on his hands. . . . With all the excitement over the games, the Koepfel brothers, Harry and Hymie of Koepfel Distributing Company, go merrily on their way, buying and selling numerous used music machines. This week the boys shipped a sizable export order. . . . Another firm active in used music is Mason Distributing Company, headed by the likable Phil Mason, who headquarters in Irvington, N. J. . . . Joe Young, Young Distributing Company (Wurlitzer distributors), sitting on a hot seat, anxiously awaiting the good word from the factory. "It won't be long now" smiles Joe.

The psychology of the machine playing public is a serious study, which can be used to the advantage of the coin trade. And Leon Minogue, operator from Long Branch, N. J., is one member of the industry who never misses an opportunity to apply it to his gain. Operating both an arcade and individual spots, Leon, varies his strategy. "People playing games in the arcade like noise" states Leon. "Every machine I had there, either had a loud bell or clapper, and if it didn't originally, I inserted one. When consoles were permissible, I had a string of machines along side of each other, and every one had some gimmick noise maker but each one different. The players inserting their nickels would be aware at all times of someone hitting a winner. One time we bought a ray gun and I noticed it wasn't getting any play. I picked up a auto drum brake and fixed a hammer to strike it whenever a bullseye was made. It sounded like a fire alarm and could be heard half a mile away. But it did stimulate play to the extent that the cash box overflowed before we could make our first collection."

## CHICAGO CHATTER

This is a really happy, Happy New Year for everyone 'round 'bout Our Town . . . with the way production is going at all the leading factories there's no longer any doubt that this New Year's weekend will see some of the manufacturers biting their fingernails right down to the elbow sitting and fretting at home while they think of all those backorders they have on hand . . . and the orders that are coming in every day. In fact, some of the manufacturers plan to make this a very short and sweet weekend and get back on the job just as fast as they can so that they'll be in position to ship just as many of the shuffle games as possible as '50 get under way. Yes, sir, "Shuffle Alley" was the "nifty for '50" if any game in the long history of the amusement biz started the ball rolling while the field was at low ebb. There was "Bunner" 'way back when and also "Rocket" and before that "Ballyhoo" and "Five Star Final" and many others, but, like a gathering of the boys stated around some foaming brew the other eve, "Never anything like the way 'Shuffle Alley' started the ball to rolling."

We hear that Vince Shay, Mrs. Shay and their son, planning a trip down to Noo Orleans. . . . Vince has many friends down there . . . who will sure be happy to see him for the great bells the firm have shipped into that part of the world. . . . Joe Caldron of AMI's offices here reports that he's now in the midst of trying to "sort out the orders we've taken" from their distribs and also attempt to allocate shipments . . . only hope, Joe, that this will prove your toughest problem all during 1950. . . . Ed Holyfield of Dixie Coin, New Orleans, around town just in time to celebrate the coming of the New Yer with some of the coinmen here. . . . Grant Shay reports that this past December was the biggest December in Bell-O-Matic's history . . . they never expected such a boom of business as the year drew to a close. . . . Tommy Callaghan over at Bally much enthused over the many Xmas parties which this firm gave for employees, friends, execs and so forth, and still recovering from them. . . . In the meantime the whole gang over at Bally, from Ray Moloney all the way down are working away at top speed trying to get those "Shuffle Bowlers," "Hot Rods," "Champions" and all the other Bally products out to the field. Production at highest pitch at Bally.

John Conroe over at J. H. Keeney & Co., working away like a beaver to get those "Pin-Boys" out to the firm's distribs . . . and here comes "Pyramid," a terrific club bell, as well as the cig vendor, and other products of the firm still going strong . . . so John's Xmas and New Year's are busier than they've ever been before . . . and that reminds us, it's just about this time of the year when Roy McGinnis gets going for his Miami home to play a little golf and bask in Miami's warm sunshine. . . . Art Weinand over at Rock-Ola tells us that after reading our last column about the means being used to get the firm "Shuffle-Lane" out to the field that, "I expect, any day, to see some ox carts and mule trains pull up on Kedzie Avenue with ops snapping whips for more our 'Shuffle-Lanes.'" . . . Art, it's highly probable. . . . Sam Gensburg of Chicoin and his entire family down to Miami to enjoy the sunshine and their lovely home. . . . Sam will mix business with pleasure while there . . . wants to get an idea how the locations like that great speaker the firm are building. . . . Sam Stern of Williams Mfg. Co., in Philadelphia with Mrs. Stern . . . her father passed away.

Talk about entertaining people, Sam Lewis of Chicoin had lunch with Lottie Berman of Sicking, Inc., Indianapolis, the other noontime and then, just as Lottie was ready to go her way, Ed Levin hosted her to dinner that evening . . . keeping Lottie entertained and very happy. . . . Paul Federman at Williams, who has the job of keeping the firm's distribs happy, especially while Sam Stern is away, reports, "All I wished for for Xmas was 50,000 'Twin-Shuffle' games so that I could supply the demand of all our distributors at one and the same time." But, since Paul couldn't get his wish from Santa . . . he's working like a madman at the Williams' plant pleading with production heads for "more, more, more." . . . John Neise left O. D. Jennings & Co. . . . Frank Mencuri is hopping all over the place at Exhibit Supply these days. With seven brand new arcade machines on the production lines, with orders taken at the NAAPPB show in his pocket, with phones ringing asking him "when do I get delivery?" Frank's just about ready to jump into the production line himself and help get those machines under way. . . . In the meantime all execs at Exhibit joined hands in giving kids of employees a very grand Xmas party one afternoon and then all adults got together one evening for their own special party with everyone very, very happy.

We hear that Ted Rubenstein may spring a surprise on the trade verra soon. . . . Ted's been investigating about quietly and, from reports, is just about ready to crack open with an interesting announcement. . . . Ben Coven is one of the busiest of the distribs in Our Town . . . not only getting ready to soon show the new Wurlitzers . . . but also trying to satisfy all his customers who keep phoning him for more Bally "Shuffle-Bowlers." In the meantime (aside to the very charming Trudy Coven) "Don't let up on Ben, Trudy, make him build that house for you as a New Year's gift." . . . They tell me that Ray Moloney should have been dubbed, "Santa Claus Moloney," at least that's what all his employees claim. . . . Like the way Jim Mangan is telling the entire music biz, "See the 'C'". . . it's a very intriguing advertising campaign. . . . Talking about admen, we hear that Mac Churvis is very proud of his son who's doing a very grand job on the radio in South Bend. The kid's making very good. Known as Bud Chase to radio and TV audiences. . . . Over at United Mfg. Co., where the biz boom goes on and on and on (seemingly ad infinitum) Herb, Ray, Billy, Lynn, and all the rest are simply fagged out from the Xmas parties as well as the phone calls and wires, etc., which have been jamming this factory since their first announcement of "Shuffle Alley". . . . whattayearaheadfortheseboys.

Over at Buckley Mfg. Co., Pat Buckley and Jerry Haley are going to have some very good news for lots of ops 'round about the nation . . . official announcements will be made very soon. . . . And now off we go to enjoy ourselves, bending an elbow here and there about the factories, and saying "Happy New Year". . . to you . . . and you . . . and you . . . and you . . . whooee . . . what fire water these factories do serve. . . . And that's 30.

## CALIFORNIA CLIPPINGS

Amidst all the Christmas cheer and New Year joy, L. A. Coin Row was in a fairly festive mood, the cares and woes of the past year apparently replaced by optimistic visions of the new year. . . . Celebrating the holidays in traditional fashion were most of the distributors along Pico Blvd., particularly Paul Laymon's Sicking Distribs and Automatic Games. . . . At Laymon's, Paul, Lucille, Charlie and Ed displayed their usual hospitality to ourselves and all their other good friends and customers. . . . Herb Jones and the gang at Bally responsible for that excellent article on Paul and Lucille in a recent edition of Bally-Who might like to know that Lucille let her beauty shop gal talk her into a blue-grey hair job on the premise that blue mink went so well with it. But when Santa Claus didn't produce the mink, Lucille decided on a quick switch back to her lovely platinum blonde. . . . At Sicking's, Jack Simon was once again on the sick list and at home, but Jack Ryan and Cele Padwa did a nice job of carrying on in his absence with an appetizing buffet spread and something to wash it down with. . . . W. R. Happel, Jr., Al Silberman and the Gang at Badger Sales were another cordial group via some playing cards that must have been designed for women only. . . . The boys would have an awfully hard time keeping their minds on their game.

Walt Solomon and staff at J. Peskin's adjourned to a neighboring restaurant for their Xmas party, with a wide open invite to ops and all to join them. Tried to make it but didn't quite get there. . . . Among those spending a quiet holiday was Mills' Mark Jennison, who introduced us to new secy. Vera Brynildsen, a blonde, Valkyrie-like beauty from Minnesota, who said we wouldn't put her name in the mag. How's that, Vera? . . . Johnny Hawley was doing something a little different when we stopped in, painting his youngsters' bikes, and Bob Bard was working away getting his new layout in order while Nels Nelson was out to Long Beach checking up on their new game which they're going to spring on the town soon. . . . Ran into E. E. Peterson of San Diego at Leuenhagen's, where he was loading up on records and telling Bill that his son, V. C. Peterson, was coming along pretty well after his long hospital siege. . . . Pete told us that Jack Millspaugh is doing business at the same old stand in Diego but he didn't seem to know of Mary Sims' whereabouts and activity. What's with ya', Mary?

Big news of the week was that Lyn Brown planned to be very much in action as a distributor once again, taking over the large quarters of E. T. Mape on Pico Blvd. Nobody, including Lyn, seemed too sure as to what lines he'd be handling there, other than everything that would sell. . . . As for Mape, seems the vet distrib has decided to concentrate on his San Francisco and Stockton outlets, along with gentleman ranching. . . . Frank Butterfield, his L. A. branch manager, wasn't certain yet as to his own plans. . . . Fred Gaunt, philosophically remarking "I don't know what the New Year will bring but no beef on the old," told us that General Music's first shipment of Chicago Coin's "Bowling Alley" was off to fast start. . . . Among the out of towners on the Row, many of them in for social reasons, were a Mr. Graft from the Texas Panhandle region, Ben Spalding of Phoenix, Inglewood's George Joyce, Mel Snodderly of Compton, Archie Luper and Harry Grassle from Ventura, Hollywood's Paul Milburn, H. L. Alderman of Upland, Bernard Mills from Bell Gardens, Paul Husserl of L. A., Covina's W. H. Bradley, E. C. Everson from Barstow and J. W. Olsen of San Pedro.

## MINNEAPOLIS—ST. PAUL, MINN.

With the Christmas spirit in the air the past week very few out of town operators took time out to drive into the Twin Cities, and stayed pretty close to home. . . . Of course, there are the exceptions who drove into Minneapolis with their families for last minute Christmas shopping, and with the downtown department stores illuminated with beautiful Christmas toy windows for the children this was something they wouldn't want to miss.

Joe and Clarence Totzke of Fairmount, Minnesota took time out to drive into the Twin Cities to pick up a supply of records. . . . Kenny Anderson of Austin, Minnesota, also in town for the day picking up some merchandise. . . . Clayton Norberg of C & N Sales Company, Mankato, Minnesota, took time out to spend a day in Minneapolis with his wife, Clayton calling on a few distributors, while Mrs. was making her last minute Christmas purchases. Clayton's dad, Fred Norberg, from Illinois is spending the Christmas Holidays with his son.

Art Skram of Kennsett, Iowa, also in town for the day. . . . Vince Jorgenson of Mason City, Iowa, commuting between Minneapolis and Mason City quite frequently, this trip to buy himself a new wardrobe. . . . Don Arden of the Red Wing Novelty Company, Red Wing, Minnesota, in Minneapolis for the day with his wife to get that Christmas shopping in. . . . Stan Woznak of the Stanley Music Company, Little Falls, Minnesota, also in town for the same reason.

Ernest Woytassek of Cayuga, North Dakota, driving into Minneapolis and making the rounds. . . . George Cossetti and his wife of Nisswa, Minnesota also in Minneapolis to spend the Christmas Holidays with Georgie's folks. . . . W. F. Surprenant of Red Lake Falls, Minnesota left there at three o'clock in the morning and was in Minneapolis at eight o'clock, ready to take care of his business. Bill and his wife are leaving January 10, 1950 for the Gulf of Mexico, where they will spend two months vacationing. . . . Frank Phillips of Winona, Minnesota, in town for the day, picking up records and other miscellaneous parts. . . . Morris Berger of Duluth, Minnesota, also in town, just for the day, to take care of some unfinished business.

### How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists", rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week: Second price listed is highest price. Where only one price appears this should be considered lowest price.
