

As he has done year after year, Perry Como again at this Holiday Season exemplifies the Christmas spirit for us. Dressed in typical Santa Claus garb, complete with holly and berries, Perry conveys the feeling of the season in all its brightness. One of the all time great recording stars, Perry will be starting the new year with a brand new RCA Victor record release, "Catch A Falling Star" and "Magic Moments".

(Dot 15683) **B**+ "YELLOW DOG BLUES" (2:05) **B**+ [Handy Bros. ASCAP—Handy] A dixieland blueser from the pen of W. C. Handy that's attracting con-siderable attention on the coast, is hopped on by Johnny Maddox and his boys with thrilling results. Potent arrangement that should bite off a big share of the sales melon if the song makes the grade.

B "SUGAR TRAIN" (1:48) [Randy-Smith ASCAP—Vaughn, Smith] Maddox pounds the keys of a corn-ball piano as he belts out an exciting honky tonk item reminiscent of the good old days. The dixieland band assists.

ANGELE McNEIL

(Prep 126) "THE POLKA ROCK" (2:15) Winters] A **B** "THE POLKA ROCK" (2:15) [Leo Talent-Page, Winters] A cute new novelty with both a polka and R & R beat is happily jumped thru by Angele McNeil, former TV ventriloquist. Cute song that should appeal to all age groups.

C+ "THE PHONE CALL" (2:45) McNeil] A tearful rock and roll bal-lad given a strong teen delivery by the young lark.

THE FONTANE SISTERS (Dot 15682)

(**bot 15682**) **B**+ "LOVE LIKE A FOOL" (1:49) [Hill & Range-House Of Fortune BMI—Motola, Winn, Marascalco] The Fontane Sisters' most commercial of-fering in quite some time is this smooth sailing rock and roll jumper with a good teen flavor. Happy dancer the kids should enjoy.

B "AIN'T IT THE TRUTH" (1:58) [Leo Feist ASCAP—Arlen, Har-burg] Another socko rocker with a moral. Deck has a stirring gospel flavor and a terrific dance tempo.

LAURA K. BRYANT (Cameo 124)

B+ "BOBBY" (2:10) [Sheldon BMI artist who, sooner or later, will be a big star. She could climb a few rungs up the success ladder with this excit-ing reading of a potent R & R "name" tune. Terrific arrangement and de-lineary livery.

C+ "ANGEL TEARS" (2:15) [Lowe ASCAP—Mann, Lowe] A tearful slow-waltz ballad chanted with a broken heart by the gifted lark.

THE TROUBADORS

(Kapp 203)

(Kapp 203) **C+** "THE LIGHTS OF PARIS" (2:31) [Robbins ASCAP — Hen-derson, Friedhofer] The Troubadors, who played an important role in the success of the Jane Morgan's hit "Fascination", are in the spotlight here as they glide thru the pretty love theme from the film "The Sun Also Rises". Lovely string item en-hanced by some beautiful choral work and whistling. Could be a big one.

C+ "THE FLAMING ROSE" (2:02) [Famous ASCAP—David, Amfi-theatrof] A warm and melodic latin tempo mood item from another pic "The Spanish Affair". This half is all instrumental.

the Cash Box

"CATCH A FALLING STAR" (2:25) [Marvin ASCAP-Vance, Pockriss] "MAGIC MOMENTS" (2:41) [Famous ASCAP-David, Bacharach]

PERRY COMO (RCA Victor 7128)

• Perry just keeps on rolling along—turning out one great record after another. With "Just Born" completing a long and successful run on the charts, Como hands down another outstanding tune, "Catch A Falling Star"—a charming rhythm romancer that could easily repeat Perry's success with "Round And Round". The side's got the same deightful air about it plus such other delectable ingredients as: a lovely melody, delightful lyrics, varied tempos, wonderful Ray Charles choral support, a pretty Mitch Ayres orchestration and a top notch arrangement by Joe Reisman. Side should take off immediately after the star introduces the number on his #1 show. But don't sell the companion deck short. "Magic Moments" is another superb, relaxed Como treatment of an easy-going, shuffle beat romancer. Two great sides for the price of one.

"YOU ARE MY DESTINY" (2:43) [Pamco BMI-Anka]

"WHEN I STOP LOVING YOU" (1:50) [Figure BMI-Joseph, Elias]

PAUL ANKA (ABC-Paramount 9880)

• Paul Anka, the teenager who skyrocketed to fame with "Diana", a song which he wrote and recorded, should again hit double pay dirt with an overpowering new ballad which he penned and which ABC-Paramount has issued this week. The song is titled "You Are My Destiny"—an extremely dramatic, emotional love song chanted to a big R & R ballad beat. The Don Costa string-filled orchestration and arrangement is just sensational and supplies a perfect showcase for Anka's crying delivery. The kids'll flip when they hear this one. Bottom side, "When I Stop Loving You" is a high-speed rocker that moves along in a happy mood. Catchy hand-clapper that could also make it. Top deck has the edge.

"LA DEE DAH" (2:10) [Conley BMI-Slay, Jr., Crewe]

"THE MONSTER" (2:43) [Conley BMI-Slay, Jr., Crewe]

BILLY & LILLIE (Swan 4002)

• The new Swan label gets off to a flying start with a great new rock and roll novelty that could become one of the new year's biggest hits. The tune is a clean cut, gimmick-filled teen tune called simply, "La Dee Dah" and features a smooth working team billed as Billy & Lillie. The number has an easy-going R & R beat and sports a set of lyrics comprising titles of various rock and roll hits. The artists handle this pleasant rhythm opus in an inviting style reminiscent of Mickey & Sylvia's technique. Wonderful R & R tempo that also lends itself to dancing the cha-cha. And the song comes from the pen of Frank Slay and Bob Crewe, composers of the current smash "Silhouettes". The more you spin this one the more you're convinced it's a smash. Underside, "The Monster", is another R & R item, this half featuring Billy Ford and the Thunderbirds.

"SWINGIN' DADDY" (1:50) "WHENEVER I'M LONELY (2:02) [Patricia BMI-Knox, Bowen, [Patricia BMI-Knox, Bowen, Lanier] Lanier]

BUDDY KNOX (Roulette 4042)

• Buddy Knox, riding an unbroken chain of hits that started with "Party Doll" and most recently was kept intact with "Hula Love", con-tinues in his winning ways with two powerful new sides that should keep Mr. Knox rolling in the right direction during the new year. For his many fans who like their music with a big beat, Buddy offers "Swingin" Daddy"—a hard driving, guitar-filled jumper that really moves. Socko side that should immediately attract attention. But the coupling "When-ever I'm Lonely" could get up there in the long run. The melodic coun-try-flavored ballad is smoothly warbled in touching style by the talented youngster. Repeated play makes this half more and more attractive. Take your pick.

(MGM 12599)

(MGM 12599) **B**+FOLKS" (2:17) [Oxford ASCAP —Benjamin, Weiss] A wonderful oldie with an excellent teenage lyric, is re-designed for today's R & R con-scious market with wonderful re-sults. Robbin Hood does a powerful job with the well written tune, and could come up with a money-maker.

C+ (2:30) [Aberbach (Canada) Ltd. ASCAP—Schroeder, Tepper, Bennett] Another teen styled item with a slow rock and roll tempo and a pretty melody. Tearful tune chanted with feeling by the lark.

BRENDA LEE (Deccg 30535)

B+ "ROCK THE BOP" (2:07) [Cedarwood BMI — Tillis, Walk-er] Little Brenda Lee's exciting voice is tailor-made for this cute rock and roll novelty that should appeal to the teenagers. Side has a great beat and gets a solid send-off from the young lark.

C+ "ROCK-A-BYE BABY BLUES" (2:15) [Robyn Rennee BMI — Wilson] Another good R & R ditty with a lyric fitting for a youngster. More commercial fare.

LEE CLARK (Gallo 103)

(Gallo 103) **B** "WARM LIPS AND COLD, COLD KISSES" (1:44) [Gold-mine ASCAP—Kenny, Kenny, Coots] A smooth, easy-rockin' ballad with a pleasant country flavoring is intro-duced in attractive fashion by crooner Lee Clark. Fine side that could make the grade the grade.

B "THE SONGS MY MOTHER LOVED" (2:16) [Planetary AS-CAP — Hoffman, Manning, Berle] A very touching "I Remember Mama" song, is chanted with an emotional, reminiscent air by the songster. Love-ly side that could develop into a standard. Tugs at the heart strings.

JACQUE BAIR (Fraternity 786)

C+ "I DIDN'T MEAN WHAT I SAID" (2:36) [Windy City AS-CAP — Flick, Williams, Trace] Lark Jacque Bair bows on Fraternity with a fish-beat reading of a teenage love song. Smooth side the kids should enjoy enjoy.

C+ "AS EVER YOURS" (2:24) [Windy City ASCAP — Lewis, Hart, Stafford, Philips] Another in-viting romantic item handled warmly by the songstress.

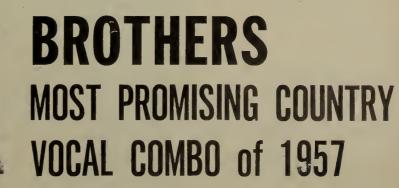

METRONOMES (Cadence 1339)

B+ "DEAR DON" (2:14) [Joe Levy BMI—Boone] A Dear Don ver-sion of the familiar Dear John Letter is smoothly set to music by the Metro-nomes. Pretty rendition of a tearful rock and roll ballad that could break wide open among teenagers. Side has great potential, and a fine sound too.

C+ "HOW MUCH I LOVE YOU" (2:16) [Adams BMI — Poner, McRae] The boys blend beautifully once again as they present another commercial rock and roll ballad. Way above average crew that could make the grade.

DICK HYMAN TRIO (MGM 12600)

B+ (1:59) [Cromwell BMI-Hyman] The Hyman Trio glides thru an en-chantingly beautiful mood item that becomes prettier with each listen. Wonderful new theme which Hyman penned. Could slowly develop into a hit instrumental number.

B "GOOD TIMES" (1:59) [Crom-well ASCAP—Hyman] As the title might indicate, this half is a light and colorful bouncer also from Hyman's pen. Joyous novelty with a whistler in the spotlight. Swinging organ work by Hyman is terrific.

TED RAMBO (Peak 1201)

"SORORITY GIRL" (2:23) [Har-lene ASCAP—Stein] The title ballad of a forthcoming film is chanted with great emotion by Ted Rambo and the Shades. Moody, heavy opus, with a dramatic love lyric.

C+ "RUNAWAY DAUGHTERS" ner, Stein,] A hot rod's flying take-off opens this rockin' and rollin' jumper. Solid dance item.

FELICIA SANDERS (Decca 30538)

B+(2:58) [Frank ASCAP—Willson] The polished voice of Felicia Sanders debuts on the Decca label with a warm and fragile interpretation of a beauti-ful waltz ballad from the B'way bound musical, "The Music Man". Lovely side that grows on you. Watch this sleeper. sleeper.

B "SONG OF GERAVISE" (2:59) [Rayven BMI—Auric, Queneau, Parker] A hauntingly beautiful song, the title tune of the hit French pic "Geravise", is tenderly treated by the talented lark. Fine first coupling.

JOHNNY STARK (Crystalette 715)

B "ROCKING BILLY" (2:00) [Hilder, Merenbach BMI—Reeth, Hafner] The songster is heard on an upbeat goodie that swings through-out. Stark is assisted by the swing-ing guitar of Johnny Oliver as he jumps through the tune. The disk is what the kids want. Bears watching.

B "DRIVIN' ME OUT OF MY MIND" (1:38) [Balboa BMI— Gray, Olson] The rock and roll vo-calist delivers a slightly slower but still bouncing item. The happy hand clapper features a vocal accompani-ment which aides the energetic singer nicely. Two colorful sides.

SAMMY DAVIS, JR. (Decca 30536)

B+ [Conley BMI—Slay, Crewe] A tune that's starting to click in the R & R field, is hopped on by Sammy Davis with excellent results. Strong fish-beat ballad with a "Silhouettes" flavoring. Smooth dance deck the bids could take to flavoring. Smooth kids could take to.

B "HALLELUJAH I LOVE HER SO" (2:42) [Progressive BMI —Charles] Ray Charles' swinging R & B smash of about a year ago, is revamped by Sammy for the pop mar-ket via another exciting version. Side has a thrilling beat and SD's low-down delivery really moves.

"WHAT A SHAME" (1:56) [Robert Mellin BMI-Rossiter, Mellin, Young]

"MADE FOR EACH OTHER" (1:47)

[Hecht-Lancaster & Buzzell ASCAP-Roberts, Jacobson]

DON RONDO (Jubilee 5313)

• Don Rondo, who rose to disk stardom with his top selling duo "Two Different Worlds" and "White Silver Sands", is on the winning track once again with a new side that should be his first big money-maker of '58. The tune is a shuffle-beat rhythm ballad dubbed "What A Shame". A tearful romancer chanted convincingly and in commercial fashion by the songster. Don's strongest side since "Sands". This one deserves attention. Flip is a contagious bounce tempo love ditty labeled "Made For Each Other". Happy handclapper seasoned with a wonderful corn-ball flavor. Top half could be a big one.

"WEARY BLUES FROM WAITIN"" (2:39) [Acuff-Rose BMI-Williams]

"LOVE SONG FROM 'BEAUTY AND THE BEAST'" (2:47) [Fullarton ASCAP—David, Livingston]

TONY BENNETT (Columbia 41086)

• Tony Bennett, a versatile lad who can make just about any song sound great, should have another tremendous money-maker in his latest Columbia effort. This time the songster has chosen a tune out of the country music catalog—a touching blues ballad by the great Hank Wil-liams, "Weary Blues From Waitin'". It's a heavy-hearted tale of love which Tony sings with great feeling against a beautiful choral and ork backdrop supplied by Ray Ellis. Hank Williams penned one of Tony's biggest hits, "Cold Cold Heart". He could again be responsible for another Bennett smash. Flip is the love song from the forthcoming TV production of "Beauty And The Beast" which Shirley Temple will present in the near future. Top deck all the way.

"BABY" (2:33) [Balcones BMI—Burch] "YOU MEAN EVERYTHING TO ME" (2:35) [Balcones BMI—Kaspar]

THE SPADES (Liberty 55118)

• The Liberty label has picked up a terrific master that could blossom into one of the company's biggest hits. Titled "Baby", the side features an extremely smooth new rock and roll vocal combo called the Spades. The deck displays some sensational harmony and a number of commer-cial gimmicks plus an unusual rock and roll tempo that should have the kids swingin'. The overall sound is just fabulous. Watch this one take off. On the flip, "You Mean Everything To Me", the quintet drifts softly thru a romantic fish-beat opus. The lead voice is excellent. Keep a close watch on the "Baby" side. It's loaded with potential.

"THE SWINGIN' SHEPHERD BLUES" (2:12) [Benell BMI—Koffman] "HAMBOURG BOUND" (2:46) [Benell BMI—Koffman]

MOE KOFFMAN QUARTETTE (Jubilee 5311)

• Jazz items are not normally commercial, but Jubilee has hit upon one that could become a top hit in the pop field. It's an unusual opus called "The Swingin' Shepherd Blues" penned by Moe Koffman and per-formed by the Koffman Quartette. The side was originally in the groups' latest LP for the label, but dee jay reaction has warranted the number's release as a single. The off-beat deck is a slow-moving blues theme with a flute in the spotlight creating a haunting, yet fascinating sound. Relaxing bit of programming that all jockeys should spin a few times. The arrangement and melody grow on you. A sleeper smash. Flip, "Hambourg Bound", is an up-beat jazz item with the sax in the fore-ground. ground.

CAMEOS (Cameo 123)

B "NEW YEAR'S EVE" (2:00) [Mayland BMI—Williams] Dee jays have some excellent holiday pro-gramming material in this coupling. This side offers a smooth R & R group the Cameos, rockin' thru a romantic jumper about New Year's Eve.

C+ "MERRY CHRISTMAS" (2:00) [Mayland BMI-Williams] A fine new Yuletide R & R jumper that kids should find pleasing. Late date of release and time limit on material, should hamper huge sales.

MARK TERRY (Kem 2746)

B "NOBODY'S DARLIN'" (1:56) [Jenkins ASCAP—Davis] With the aid of some cute femme sighs, Mark Terry rocks and rolls thru a con-tagious finger-snappin' ditty the kids should enjoy. Commercial deck that could be Kem's biggest pop click in some time.

B "THE PRISONER'S SONG" (1:50) [Shapiro, Bernstein AS-CAP—Massey] A great oldie is re-vamped for the rock and roll market by Terry. Fine results. Strong ar-rangement with a good beat.

DON CHERRY (Columbia 41077)

B "IT'LL BE ME" (2:30) [Crom-well ASCAP—Patterson] A re-ligious, hallelujah type swinger is chanted with gusto by the polished Mr. Cherry. Happy sounding spiritual that could go great guns.

C+ "LOVE ME, IF YOU WILL" (2:20) [Ludlow BMI—Parsons, Turner, Panzeri, Mascheroni] A warm romantic ballad is tenderly treated by the warbler. Pretty side that makes inviting listening. the warbler. Pre-inviting listening.

ESCORTS (OJ 1044)

B "MISTY EYES" (2:27) [Fel-lows BMI--Roberts] The Escorts aim this side at the teeners as they harmonize on a pretty fish-beat ro-mancer. Good side that could step out

C+ "ARROW TWO HEARTS" (2:17) [Fellows BMI—Tate] The boys depart from the rock and roll sound here presenting a warm love song set to a waltz tempo.

LURLEAN HUNTER (Vik 0309)

B "SHOW ME LOVE" (2:21) [Fred Fisher ASCAP—Silvers] The talented songstress is heard lend-ing her delicate stylings to a lightly swinging item. Miss Hunter has a handsome accompaniment in a brassy ork backdrop as she programs the bouncy toe tapper.

C+ "YOU TOUCHED ME" (2:42) [Muirfield Music ASCAP—Allan] The lower portion has the lark ren-dering a class latin beat ballad. The selection has a set of pretty lyrics, and they receive a fine reading from the thrush.

CATHY, PATTY & JEANNIE (Kapp 206)

B "ON THE GOOD SHIP LOLLI-POP" (2:06) [Movietone AS-CAP-Clare, Whiting] A delightful kiddie favorite is joyfully presented by three tots with charming voices. Pleasant listening with a happy bounce beat. Wonderful for holiday programming.

C+ "ANIMAL CRACKERS IN MY SOUP" (2:05) [Movietone AS-CAP—Koehler, Caesar, Henderson] Another light and infectious interpre-tation of a colorful kiddie ditty. In a special sleeve, this could be a huge kiddie seller.

EDDIE THOMAS (MGM 12591)

C+ "NEVER NEVER KNEW" Eddie Thomas bows on MGM with a lilting romancer sporting and attrac-tive melody. A chorus supports.

C+ "YOU'RE OUT OF MY SIGHT" Brooks, Reed] A pretty country-fla-vored ballad is warbled smoothly by the songster. Side has a contagious rhythm.

JIMMY RICHARDS (Columbia 41083)

B "COOL AS A MOOSE" (2:35) [Blackwood BMI — Coniff] A swinging, hand-clapping rock and roll instrumental is presented in exciting dance style by Jimmy Richards and his crew. Fine teen item with a strong blend of voices and instruments.

B "STROLLIN' AND BOPPIN'" (2:35) [Blackwood BMI—Con-niff] A slow, stroll beat blueser gets the super R & R treatment from the Richards' aggregation. Another rock-in' teen deck with a solid dance tempo.

BIGGIE McFADDEN (Dot 15684)

C+ "IT MUST BE CHARLIE" (1:36) [Dayton ASCAP—Fish-er, Gussin] The deep bass voice of Biggie McFadden is accompanied by the Red Callender Quintet as the vo-calist shuffles thru a cute rhythm novelty.

C+ "THE LORD DON'T TREAT HIS CHILDREN THAT WAY" (2:15) [Dayton ASCAP—Fisher, Alexander] The basso chants a pretty inspirational ballad tailor-made for holiday season programming.

FRANK FIELDS ORCH. (Dot 15676)

B+"THE GIRL WITH THE HEATHER GREEN EYES" (2:12) [Michele Music ASCAP—Dis-cant, Wood] The Frank Fields and his ork lend their string oriented delivery to a pretty mood item. The side has an appealing sound. Espe-cially the harmonica segments. Sooth-ing opus. ing opus.

B "STRAW HAT" (2:22) [Mi-chele Music ASCAP—Mersey] This side is completely different. The musicians romp through a bouncy goodie complete with handclapping and sound effects. "Straw Hat" is a excitingly portrayed item that runs on and on at a rapid pace. Well sounding platter. Happy polka item for jukes.

"BELIEVE ME" (2:39) [Nor-Va-Jak BMI-Petty, Robinson] "EVERYDAY"(2:34) [Peer International BMI-Petty, Hardin]

TINA ROBIN (Coral 61935)

• Petite Tina Robin is on the brink of stardom. The talented lark, although a tenderfoot in the business, has already established a huge disk jockey following. And this following should spin the grooves off the canary's latest release. One half is a beautiful ballad dubbed "Be-lieve Me"—a dramatic romantic affair chanted with great emotion by the strong voiced performer. Class merchandise to watch closely. The companion deck is "Everyday", a shuffle beat rock and roller that's on the back of Buddy Holly's smash "Peggy Sue". This new rendition should attract strong teenage response. Watch the top half.

"UNSPOKEN LOVE" (2:35) [Mack Martin BMI-Soloway, Wolfe] "TONIGHT" (2:40) [Maureen BMI—Gale]

MALCOLM DODDS (End 1010)

• Here's a disk that sounds like the first smash for the young End label. It's a big new side tagged "Unspoken Love" featuring a dramatic new rock and roll balladeer, Malcolm Dodds. Dodds has an overpower-ing voice that's just thrilling. And the artist receives brilliant support from a huge choral group that creates a vocal fullness that's just sen-sational. Exciting new sound that the kids will go for in a big way. And the material has great potential. Watch this side closely. The lower lid, "Tonight," is another production arrangement. This time the tune is in the latin vein.

"EVER SINCE I MET LUCY" (2:00) [Bourne ASCAP-Teifer, Sharp] "THERE'S NOTHING TO DO ABOUT YOU" (2:40) [Garland ASCAP—Shelton, Holt]

ARK STONE (Kapp 205)

• The Kapp label has come up with an exciting new vocal find in Mark Stone, a songster we'll probably be hearing a great deal about in the coming months. Mark makes his debut on the label with an easy-going rocker dubbed "Ever Since I Met Lucy", a contagious ditty with a cute melody and lyric. Simple teen item with some outstanding multiple voice work that begins at mid-point on the disk. Stone has a relaxed delivery that's just excellent. Keep a tab on this youngster. The companion deck displays the new comer in a more romantic vein as he chants a warm love tune titled "Nothing To Do About You".

"CHARADES" (2:14) [Cherio BMI-Wolf, Leonard]

"WHAT CAN I DO" (2:26) [Cherio BMI-Perper, Beducci]

SOPHOMORES (Epic 9259)

• Epic Records intros a strong new rock and roll group known as the Sophomores who could very well have a top seller with their first record-ing for the label. The tune is a commercial teen ballad dubbed "Cha-rades". The lyrics are fresh and interesting and the boys deliver the side in a smooth "Silhouettes" fashion. Side has many hit ingredients and should break wide open. Flip "What Can I Do" is a latin beat romancer attractively fashioned by the group. Top half has potential.

(Corol 61918)
 C+ "ROCK BILLY BOOGIE" (2:31)
 [Mitchell ASCAP — Burnette, Burnette, Hawkins, Mottimer] The disk programs Burnette issuing a punchy reading of the swinging R & R item. The vocalist follows the rock-a-billy delivery as he bounces through the goodie. Should find a hearty wel-come from the teenage market.
 C+ "IF YOU WANT IT ENOUGH" [Mitchell ASCAP — Grayson, Howard] This portion of the press-ing has Burnette again jumping through a rock-a-billy tune. The vo-calist again displays that delivery so commercial to rock and roll songsters. Two jolting sides.

HARRY JAMES (Capitol 3849)

We hear from Ed Horne (WSME-Sanford, Maine) that the station has a new staff. The set is-Manager-John Carlson, who moved over from KLOU-Lake Charles, La.; Program Direc-tor-Ed Horne, formerly at WGAW in Gardner, Mass.; News Director-Bob Hall, formerly at WKTQ, Nor-way, Maine. . . Jack Rowzie (WWDC-Washington, D.C.) walked into the station's studios Monday, Dec. 9th with a bright red, blushed face. Rowzie served as master of ceremonies at the Prince County Safety Patrol ceremonies in Cheverly, Md. Following congratulatory remarks to the

boys and girls, Jack sat down and proceeded to offer chewing gum to his immediate company, Prince George County Commissioner Frank J. Lastner and police department officials. Much to Rowzie's horror his ten-year-old son had slipped a well concealed pack of red-hot pepper gum into his pocket. Rowzie Jr. is in hiding, and the P. G. police force is hunting.

Bill Cook, who gave up his dj chores for WAAT-Newark, N.J. to guide Roy Hamilton's career, comes up as a songwriter of the likely hit by Sam Cooke on the Specialty label "I'll Come Running Back To You". It is reported

to have sold over 400,000 records. . . . Mal Bellairs (WBBM-Chicago, Ill.) and his family will leave Chicago next week for a few days in New York where Mal will put in an appearance on the CBS-TV show, "The Big Record", December 11. . . . WLOB, Portland, Me. is holding its first big scholarship fund record hop Dec. 26th at Stevens Avenue Armory, and could use "live" acts. Any artists who are in-terested should contact Howie Leonard at SPruce 5-2336, Portland, Me. . . . Peter Tripp of WMGM has been receiving cryptic messages lately. What do they mean and what is 1421.... Herb Knight (WONE-Dayton, Ohio) issues a tip to other jocks. He sug-gests they listen and play "She's Neat" on Frater-nity by Dale Wright. Wright hails from Middletown, Ohio, as do the Shepherd Sisters. Not because he is more or less a local area boy, but according to the deejay, the record has drawn a tremendous reaction in Dayton. . . Radio station WHB is celebrating the Christmas season with a local touch. The station has arranged for several

of the leading choirs and choruses in the WHB listening area to record Christmas songs and hymns. These will be played throughout the day on WHB's disk jockey shows between now and Christmas.

Alan Fredricks of the "Night Train" program over WGBB-Freeport, L. I. is running a mammoth record hop Monday night, Dec. 30th, at the Levittown Arena in Levittown, Long Island, for the benefit of the Seven Reardon Childrens fund-a fund designed to aid a family of seven children left fatherless this year. Any recording artist who would like to appear can contact Alan

at WGBB any afternoon after 2:00 at Mafair 3-1240. Robert Hoth (KAKC-Tulsa, Oklahoma) informs us that Tulsa deejay Chris Lane, has been appointed Program Director of the station. Chris also holds a record hop every Saturday afternoon at the Cimarron Ballroom here in Tulsa and additional hops in the areas surrounding Tulsa. Chris succeeds John Trotter, who is leaving the station for a position in Chicago. . . . Tom "T. J." Johnson (WRON-Ronceverte, W. Va.) held a top tunes night for each high school in the Green Brier Valley. The following were rated the three top numbers according to the school votes: "My Special Angel", "Silhouettes" and "Chances Are".

BOSS of the **BLUES BIG TEEN-AGE HIT**

Joe Turner, "The Boss of the Blues," doesn't claim to be a teen-ager, but at the session when he made "Teen Age Letter," he said, "Man, I never felt so **skittle**-ish!"

And skittle-ish is the word to describe the bubbly, light-headed effect that "Teen Age Letter" is having on the country's teen-agers. This fabulous up-tempo swinger is one of Big Joe's best records of all time, and is getting the green light everywhere we've checked.

Where did we get this hit? It was written by Renald Richard of Thibodeaux, Louisiana — and arranged by Jesse Stone. Everybody has been asking, "Who is that fantastic piano player on 'Teen Age Letter', for Pete's sake?" Well, it's Mike Stoller of the one and only Leiber-Stoller writing team.

This record is all gravy. So, cut yourself in!

Page 26

London Lowdown

Although Harry Belafonte's "Mary's Boy Child" is probably the fastest record to sell over a million in this country, close behind is Paul Anka's "Diana."

The great Ella Fitzgerald who will be undertaking a concert tour of Great Britain in the early Spring, has been asked to appear in Val Parnell's Sunday night TV-er from the Palladium on April 6th. It is also rumoured that Ella may star in Parnell's Saturday Spectacular the following week.

The BBC-TV teenage show, "The Six-Five Special," now one of the major contributions to the sale of skiffle and rock & roll records, is the subject of a film and two Companies have released albums tying in with this very popular show.

It seems as though Edmundo Ros may have a follow-up to his recent hit, "Melodie D'Amour" in his version of "Colonel Bogey."

Winifred Atwell, who went over to Denmark for a special show in Copenhagen had her "other piano" specially flown over for the concert: Winnie came back via Hamburg, Germany, where she guested on one of their major TV shows.

For the first time, Anne Shelton will appear in Cabaret at the Savoy Hotel beginning December 30th.

Although it is just December, managements are securing recording stars to headline summer shows along the British coastal resorts.

The film, "Pal Joey" is scheduled to open in London January 9th and should help Capitol sell the soundtrack of this very fine musical.

BBC will broadcast a special tribute to Glenn Miller on Boxing Day. The show will include special recording from Ray McKinley and Ray Anthony. Ray McKinley and the new Glenn Miller Band are due here in January.

Si Waronker of Liberty Records arrived in London to supervise recording session of Julie London, currently filming here. Si's visit will only be a brief one and he plans to return to the U.S. in about four days.

Looking back on the year, it seems that several promising names will be with us for quite a while. They include Johnny Mathis, the Crickets, the Everly Brothers, Jerry Lee Lewis and Paul Anka. Among British stars, the most successful newcomers are Tommy Steele and Jim Dale, and of course, Lonnie Donegan and his Skiffle Group. NEWARK—Paul Brenner, "Requestfully Yours" d.j. of WAAT, Newark, holds album of amusing clippings compiled by listener Adam Krausser (right) while Norris Saurman, head of record department of Krich-New Jersey (RCA Victor distributor) looks on. Krausser's album was selected as best of those submitted by listeners to Brenner's "Smile Bag" feature on program. His prizes, consisting of album carrying case and 4 RCA Victor LP albums, were presented to him on air by Saurman.

RCA Victor Streamlines Sales And Promotional Staffs

NEW YORK—George R. Marek, vice-president and general-manager of the RCA Victor Record Division, revealed.last week that the company is streamlining its sales and promotional staffs "to give us an operation geared specifically for today's expanding markets."

Under the new setup, he explained, Victor's 26 fieldmen will handle both albums and singles for the company's three labels—RCA Victor, Vik and Camden. The company's sales force formerly was divided into two units, one for albums and the other for singles.

Marek announced that John Y. Burgess, Jr., formerly manager of the Singles Department, had been named manager of the Commercial Sales Department, covering both albums and singles. Harry Jenkins, formerly manager of Sales and Promotion for Singles, moves into Burgess' former job. Vice-President W. W. Bullock continues as manager of the Album Department.

The company's advertising, promotional and publicity activities also have been coordinated, Marek said, with W. I. Alexander, former Advertising Manager, named to head the new department.

The organization of Alexander's department follows:

George L. Parkhill, manager Pop Advertising and Promotion, with Carl Bosler handling advertising and point of sale materials, and Jack Dunn assigned to radio promotion; Jerry Thorp, manager of Publicity; Bernie Miller, administrator Artists' Exploitation; C. J. Luten, manager Red Seal Promotion; and Bob Kotlowitz, manager of Promotion for Tapes, Services and Camden Records.

Burgess pointed out that his field force, including five district managers, had been so strategically located "that we can hit 93 per cent of the market within any given 48 hours."

The district managers and their respective forces follow:

The first-named city in all instances after the fieldman's name will be the base of operations. Also reporting to Burgess will be Irwin Tarr manager of Sales for Special Markets.

Burgess, Jenkins and Alexander, as well as Bullock and Vice-President James Davis, manager of Operations, all will report directly to Marek.

Capitol Expands Distribution Set-Up; Announces Promotions And Appointments

HOLLYWOOD - The creation of | two new Capitol Records distributing sales districts, increasing the total from 6 to 8 effective January 1, 1958, was announced last week by Max K. Callison, vice-president and national sales manager. All present districts have been re-aligned and re-named. The reason for the increase in number of districts, Callison explained, was because of the introduction of the Capitol phonograph line, stereophonic tapes and the increased volume of "Capitol" off the World album releases during the past six months. To effect a more efficient sales organization, the size of each district has necessarily been reduced to enable the district sales managers to spend more time with the sales managers under their supervision. Another major contributing factor is the integration of the Angel Records sales force with CRDC, effective January 2. The various Angel sales units will report to the DSM's in their area. The new district line-up for CRDC, effective the first of the year, is as follows:

Northeastern District No. 1—DSM, Andy Miele, New York, headquarters, Boston, Newark, Hartford.

Eastern District No. 2 — DSM, George Novak, Baltimore, headquarters, Charlotte, Philadelphia.

Southern District No 3 - DSM, Wade Pepper, Atlanta, headquarters, Jacksonville, Memphis, New Orleans (Independent Distributor).

East Central District No. 4—DSM, Larry Owens, Detroit, headquarters, Buffalo, Cleveland. Pittsburgh.

South Central District No. 5—DSM, Peter Goyak, Cincinnati, headquarters, Kansas City, St. Louis, Indianapolis, Louisville (latter two, ID's).

Central District. No. 6 — DSM, George Gerken, Chicago, headquarters, Des Moines, Milwaukee, Minneapolis, South Bend (ID).

Southwestern District No. 7—DSM, Bill Mikels, Dallas, headquarters, Oklahoma City, Denver, El Paso, San Antonio (latter three, ID's).

Western District No. 8 — DSM, George Steiner, Los Angeles, headquarters, San Francisco, Seattle, Billings, Salt Lake City, Honolulu (latter three, ID's).

At the same time, the appointment of three new district sales managers for Capitol Records Distributing were disclosed by Callison. All three changes are effective Jan. 1, 1958.

Peter Goyak, presently sales manager of the Cincinnati branch of CRDC, will be promoted to DSM of District No. 5, headquartering in Cincinnati.

George Novak is being advanced from sales manager of the Baltimore branch to DSM of District No. 2, with headquarters in Baltimore.

George Steiner, presently sales manager of the Los Angeles branch, effective the first of the year, will be elevated to DSM of District No. 8, with headquarters in Los Angeles.

Goyak has been with CRDC for the past 9 years. He started with the company as a branch clerk. Novak was formerly a record salesman in Baltimore before he joined CRDC. Steiner has been with CRDC since 1950, when he joined the organization as a salesman.

The promotion of six in various sales capacities of the Capitol Distributing Corp. were also announced last week. Appointments also effective January 1, 1958.

Pat Brophy, CRDC sales representative at the Chicago branch, has been advanced to sales manager at Cincinnati. Earl Horwitz, who has been a sales representative in San Francisco, moves to the Northwest to become Seattle sales manager. Sales representative Thomas Lavelle in Pittsburgh has been promoted to sales manager of that branch. Mike Mackulics, who has been Pittsburgh sales manager, moves to the Baltimore branch in a like capacity.

The former sales manager of the Seattle branch, Jay Swint, is promoted to the Los Angeles branch sales manager's post, and Philip Baron, Detroit branch sales representative, has been promoted to Classical Field Representative for the Eastern area, headquartering out of New York.

Tico Expands Activity

NEW YORK—Joe Kolsky, executive vice-president at Roulette Records, announced last week that the activity at Tico Records will be stepped up in the next few months. In line with this, Kolsky stated that three new distributors have been set up to handle the Tico Records line. They are: Sandel Dist. Co., Minneapolis, Eric Dist. in Dallas and Eric Dist. in San Francisco. All three distributors also handle Roulette records.

Tico, a division of Roulette Records, will shortly release a new Tito Rodriguez album entitled "Latin Jewels." The LP will contain Latin-American favorites, such as "Frenesi," "Green Eyes," "Amapola," "Granada," etc.

Rodriguez and his orchestra returned to New York only recently after a successful tour of one-nighters on the West Coast. The band is currently appearing at the Palladium in New York and 'at the end of this month will fly to Puerto Rico for a series of television spectaculars over the island's national television broadcasting outlets.

Along with the release of the "Latin Jewels" album there will be two more Tico albums released at the same time. "That Latin Touch," by Pianist Marco Rizo; Rizo spent ten years as arranger and accompanist for Desi Arnaz as well as having worked on the "I Love Lucy" show. The third album will be "Flying Down To Rio," by Latin drummer Caney.

Contract Approved

HOLLYWOOD—Young Phillip Phillips and his mother smile happily in Los Angeles Superior Court where Phillip's contract with Carter Records was approved last week. Phillip, who is seen weekly on the Gisele MacKenzie TV show, is one of the youngest artists ever signed to an exclusive recording contract. His current release for the Carter label is "No Santa Claus."

Am-Par Distribs To Meet

NEW YORK—All Eastern divisional distributor heads of ABC-Paramount selling organizations have been invited to a special distributor conclave to be held in the firm's Board of Directors Conference Room in New York on January 10th. Preceding the general meeting, the distrib execs have been invited to be AM-Par's guests at the Copacabana opening of the Axidentals, rising vocal group with the diskery.

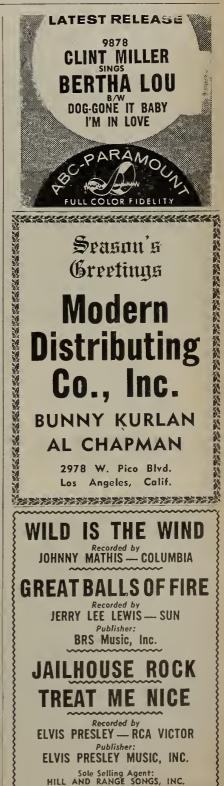

The meeting on the 10th, according to Sam Clark, ABC-Paramount prexy, will deal with the firm's plans for the new year and, besides the visiting distrib toppers, will include representative discussions with members of Clark's top staffers: Harry Levine, vice-president; Larry Newton, general sales manager; Dewey Bergman, Jr., sales and merchandising manager, album division; Natt Hale, promotion and publicity director. Also present will be Al Genovese, fiscal and auditing chief for Am-Par; Irwin Garr, national disk jockey contact rep; Rick Ward, administrative assistant, promotion and publicity; and Romeo Fabrizio, general director of production.

Don Costa and Creed Taylor, A & R toppers, will also divulge plans of 1958 product. Taylor is preparing a special presentation for the meeting regarding the January release of 22 long-playing albums, while Costa is scheduled to reveal plans for new artists and special albums in the offing.

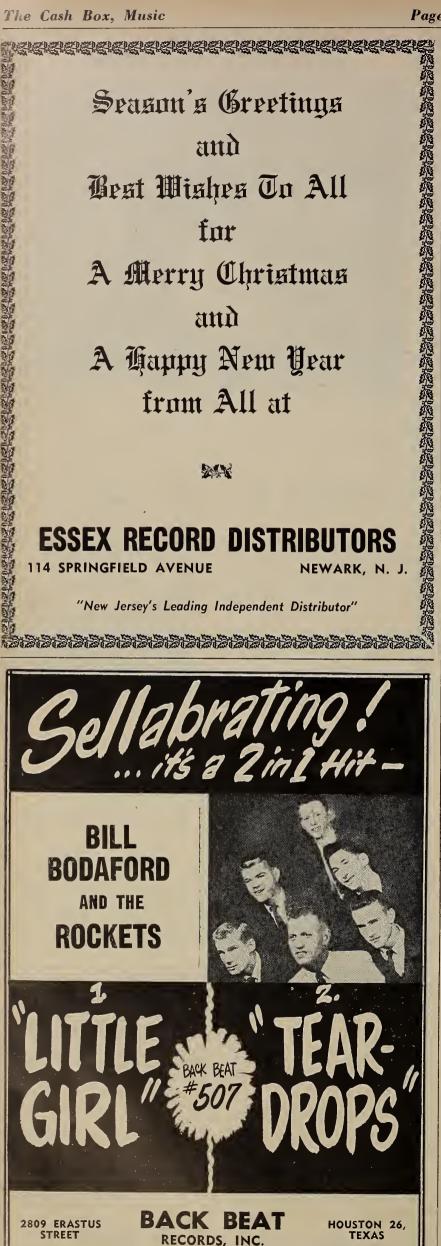

Miami Eatery Books Names

MIAMI, FLA.—The Avalon Restaurant of Hiama opened to the public last week with a show starring the Crew Cuts and featuring as its regular band, Bobby Dukoff, RCA Victor recording artist, with Anita Boyer, vocalist.

The restaurant will continue to book name acts. The Crew Cuts are there for the first week.

Victor Raises 45 RPM Price To 98c; Offers 3 Month 100% Guarantee

NEW YORK—A new plan calling for a price increase and a 100 per cent return privilege will be initiated January 1, 1958, by RCA Victor Rec-ords, it was announced at the annual sales meetings held in New York this week.

week. Jack Burgess, manager, Commer-cial Sales Department, stated that all 45 rpm singles will have a nationally advertised price (optional with deal-ers) of 98 cents, including federal ex-cise tax. The retail price increase is being made in conjunction with a complete revamping of RCA Victor's single record return allowance and privilege policies. According to Burgess, "the new 100 per cent return plan is the most

liberal in the industry today." The deal allows for all single records, both 45 rpm and 78 rpm, scheduled for re-lease after January 1, 1958, to be shipped to distributors for a period of three (3) months from date of release on a 100 per cent return privilege basis. It is expected that distributors will pass on the same privilege to all customers—dealers, rack jobbers and one stops. one stops.

Deems Taylor To Head Selection Panel For Victor-B.O.M. Disk Club

NEW YORK - Deems Taylor, the noted composer and commentator, has accepted chairmanship of a distinguished 10-man Selection Panel that will aid the newly formed RCA Victor Society of Great Music in its choice of repertoire.

Organization of the phonograph record club was announced last month by RCA Victor and the Book of the Month Club. The latter organization, recognized as one of the most experienced firms in this specialized type of selling, will direct operation of the club.

"We hope that through the club we can persuade millions of Americans that a college degree is not essential to the appreciation of good music,' said George R. Marek, vice-president and general manager of the RCA Victor Record Division.

Other members include: Jacques Barzun, Professor of History at Columbia University, music critic and author of many books on music; Samuel Chotzinoff, General Music Director of the National Broadcasting Company, organizer of the NBC Symphony Orchestra, author and pianist; John M. Conly, editor of High Fidelity magazine and music columnist of The Atlantic; Aaron Copland, writer, teacher and Pulitzer Prize-winning composer of such works as "Apalachian Spring" and "El Salon Mexico"; Alfred Frankenstein, music critic of the San Francisco Chronicle, and lecturer at the University of California; Douglas Moore, MacDowell Professor of Music, Columbia University, and composer of the Pulitzer Prize opera "Giants of the Earth"; William Schuman, President of the Julliard School of Music, composer and winner of the first Pulitzer Prize for music; Carleton Sprague Smith, Chief of the Music Division of the New York Public Library and the Metropolitan Opera Association; and G. Wallace Woodworth, Professor of Music at Harvard University, University Organist and Choirmaster and conductor of the Harvard Glee Club and commentator on the weekly radio program, "Tomorrow's Symphony," which precedes the Boston Symphony broadcasts.

LOS ANGELES, CALIF.—Contem-porary Records, last week, announced the release of a "Pal Joey" LP, fea-turing Andre Previn and His Pals. The LP follows the two best selling "My Fair Lady" and "Li'l Abner" jazz albums in which Previn plays with Shelly Manne.

The "Pal Joey" disk features eight tunes from the original musical plus one written for the show but not used, "I'm Talking With My Pal."

Along with "Pal Joey" is an Andre Previn and Russ Freeman album dubbed "Double Play! Two Piano Jazz." The disk opens with "Take Me Out To the Ball Game" and follows with eight originals, all dealing with sports sports.

Mercury To Increase Classical Album Prices

Page 36

CHICAGO—Mercury Records last week announced an increase in the price of its classical line of long-playing merchandise, the "Olympian Living Presence" series. The increase was prompted by the firm's "desire to maintain the high level of quality established in our recordings". "The proposed change will become effective February 1st, of next year. Under the new price-structure, all albums in the MG-50000 catalog will retail at \$4.98 instead of the existing figure of \$3.98. Also included in the increase is the complete MG-40000 grouping. The latter series has met with great acceptance because of its concentration on the works of con-temporary American composers.

concentration on the works of con-temporary American composers. There will be no public announce-ment of the increase until February 1st. Mercury, however, feels that by making the trade aware of its inten-tions at this early date, it affords the retail dealers a tremendous op-portunity to upgrade and increase the dollar value of their stock. Dealers will have approximately a month and a half in which they may continue to purchase all of this classical mer-chandise at the prevailing dealer chandise at the prevailing dealer price.

Irving Green, President of Mercury, explained the basic reasons for the augmentation when he noted, "The original concept of the 'Olympian Living Presence' series was to bring to the serious classical listener, the ultimate in recording perfection and quality. Through the years, it was this facet of the 'Olympians' person-ality that enabled our company to make such magnificent strides in the classical record market. Increased

'cost of recording and production left us with the choice of either lowering our standards or raising our prices. Our research department spent a great amount of time and effort on the problem and finally arrived at the conclusion that the devotee of classi-cal music would rather pay the slight increase if the quality could be main-tained. This we have done and it is our sincere hope that all concerned will realize that we have acted in the best interest of the "ears" of today's record buying public." Mercury began to expand its Classi-cal Division interests in 1951 with the inception of the "Olympian Liv-ing Presence" series. This terminol-ogy was chosen to "best depict the mirror-like clarity and naturalness of sound that was reproduced through the revolutionary 'Single Microphone' technique of recording." Mercury's engineers attained recog-nition with the development of their "Sound Recording Truck". In order to better the sound of recording ses-sions held under variable conditions, a movable sound studio was invented and built into a truck. This permitted Mercury to record anywhere in the world and still maintain top repro-duction. The returns on these efforts began

duction. The returns on these efforts began The returns on these enorts began to pay off when the Minneapolis Symphony's recording of the "1812 Overture" and the Detroit Symphony's rendition of "Ravel's Bolero" started showing up on the country's best selling charts. The "1812" has been a top seller since May of 1956. The "Bolero" has been on the charts for most of its four year history.

Rex-Keen Success Story

LOS ANGELES, CAL.—Rex Productions, the new Los Angeles company that came to the fore with its initial release on Keen label of Sam Cooke's "You Send Me", is the brainchild of three men in the aircraft parts design and manufacturing business. John Siamas, Alex Siamas, and Andy Karres are owners and operators of Randall Engineering, and Randall Company in Culver City, California. They had long entertained a desire to start a record company, however, it wasn't until September of 1957, that this desire became a reality.

"Bumps" Blackwell, a veteran music man, was secured as music director, and along with Blackwell came Sam Cooke. The results of this initial joining of forces can be seen on charts—as Sam Cooke's Keen disk of "You Send Me" stands at the top.

John Siamas, Rex Productions president, says he still can't completely believe so much happened so fast. "You Send Me" started mushrooming, and distributors were secured almost overnight. Pressing facilities throughout the nation had to be set up to handle the hit. Blackwell and Cooke went on a month long promotion tour. Higuera Publishing company was set up—they own "You Send Me", written by Sam's brother. Andy Litschi was appointed distributor relations manager, and George Jay Associates were secured for disk

jockey promotion. Don Clark joined the organization to handle advertising and publicity. Even though "You Send Me" is

Even though "You Send Me" is continuing to sell—now close to two million according to the label's execs —Sam Cooke's second release of "Desire Me" and "I Love You For Sentimental Reasons" was recently released with tremendous advance orders. A Sam Cooke album on Keen will be available by Christmas.

Rex Productions also operates an album line, called Andex Disc Recordings. Two Albums are available at present. One is "Solo For Seven", with the Bob Keene Septet, featuring Red Norvo, Milt Bernhardt, Pepper Adams, and many other top jazzmen. The other Andex album is "Look Up" with the Pilgrim Travelers, one of the foremost gospel singing groups. Due for January release on Andex will be a latin jazz album and a jazz with strings album. More concentration on building an Andex album catalogue will be undertaken after the first of the year.

Another release on the Keen label is "This Is The Night" with the Valiants, which is showing good sales.

The executives at Rex Productions feel their biggest immediate problem is finding a building large enough to house offices and a full size recording studio. As John Siamas puts it; "If we could find a building for Rex Productions, we'd really start to move."

Record Giveaway

NEW ORLEANS, LA. — New Orleans High School kids really turned out for New Orleans big record giveaway. WNOE, 50,000 Watt Independent, recently gave away it's entire library of 78 records, about 5,000 in all. The records were loaded in the back of one of the mobile news units and a different High School was picked three times a day for five days until all the records were gone. A contest was held in conjunction with the giveaway. 15 times a day a copy of a record given away was played on the station and if the student that received that record brought it to the station within 12 hours, they received \$10.00 to \$25.00. One record a day was picked as the Jackpot record and it was worth \$100.00. All the WNOE Disk Jockeys were in on the deal, Gary Owens, Larry Fischer, Jim Stewart, Bud Connell, Harry Birrell, Mel Kent, and Bill Stanley.

Ionovac: New **Speaker Invention**

CHICAGO . - A milestone in the science of electronics passed recently when DuKane Corporation of St. Charles, Illinois, began manufactur-ing the "Ionovac", device which is be-ing hailed by its engineers as the first

While the product is being offered initially to the high-fidelity market as a loudspeaker for the more expensive record players and radios, its ap-"lications as a generator of ultra-sonic waves for use by a wide variety of industries is considered of even greater importance.

Heart of the new invention is a small open-ended quartz cell (pictured above) the size of a peanut shell. Air is cupped in a chamber which narrows down to an aperture about the size of an automatic pencil lead. Within this small space, air molecules are bombarded with a high frequency, high voltage current which literally bats millions of electrons out of their atomic orbits, ionizing the air.

The resulting ionized cloud, which lows with a violet hue, is similar in electrical nature to the ionosphere, the layers of air up to 250 miles above the earth's surface which reflect radio signals. Once aglow the ionic cloud functions in place of the traditional diaphragm.

In explaining the Ionovac, William Torn, senior engineer in charge of its development, said, "Ionized particles, when exposed to an intense electric field, become highly agitated. When we change the strength of the field we also change the breadth of the oscillations of each of the parti-

cles. Each variation causes an expan-sion of the 'cloud', followed by a con-traction, thereby producing sound waves in any strength, form and fre-quency needed." "Why is this new method superior to that now employed?" Torn elab-orated. "Because moving parts in loudspeakers — the coils and dia-phragms — are the weakest links in high fidelity sound reproduction. Within the receiver and amplifier we have learned how to design with ex-tremely low distortion, only to de-stroy the fidelity by the unavoidable nature of moving parts. The finest diphragms have their own resonance or vibration characteristics. They cannot accurately reproduce the wave combinations produced by wave cre-ators as the vocal chords or musical instruments. In addition, because of their inertia, diaphragms cannot re-spond fast enough to catch the subtle sounds. nuances and overtones. for their inertia, diaphragms cannot re-spond fast enough to catch the subtle sounds, nuances and overtones, for which the Hi Fi fan so earnestly strives."

-Dot DLP-9000 (1-12" LP) The waxing features music from the sound track of the cinema-scope flick. Pat Boone and Shirley Jones, the stars are heard singing some of the tunes such as "April Love" (Boone), "Give Me A Gentle Girl" (Jones). The artists also combine their singing talents on tunes such as "Do It Yourself" and "The Bentonville Fair". The stirring orchestral work is conducted by Lionel Newman. Tremendous sales attraction.

"SATCHMO THE GREAT"—Louis Armstrong and Edward R. Murrow—Columbia CL-1077 (1-12" LP)

12" LP) The entry is a collection of music and extracts from the sound track of the film "Satchmo The Great". Murrow narrates and holds some very interesting chats with the great trumpeter. Arm-strong renders "When It's Sleepy Time Down South", "St. Louis Blues", "Oh Didn't He Ramble", "Indiana", and six others. Leonard Bernstein does a laudable piece of conducting with the Lewisohn Stadium Symphony Orchestra. Well done set that will surely find a hearty wel-come from Armstrong's many followers.

"SLAUGHTER ON TENTH AVENUE"—The Sound Track Album—Decca DL-8657 (1-12" LP)

The platter is a original sound track recording from the current Broadway flick. With a score by Richard Rodgers, and movie stars Richard Egan, Jan Sterling, Dan Duryea, and Julie Adams, the album is a very attractive offering. Supplying the music is the Universal-Interna-tional Orchestra under the most capable leader-ship of Joseph Gershenson. The stirring ork work plus high standing of the movie should make this rank high among the many current soundtrack disks. The platter is a original sound track recording

"THE MORSE CODE"-Ella Mae Morse-Capi-tol T-898 (1-12" LP)

tol T-898 (1-12" LP) The popular vocalist is heard going over a well chosen program of evergreens. Miss Morse has an effectively individual delivery as is obvious in her readings of "Dream A Little Dream Of Me", "I'm Gonna Sit Right Down And Right Myself A Letter", "Heart And Soul", and "My Funny Valentine". The artist is attractively accompanied by the orchestra under the expert conducting of Billy May. Pleasing vocals.

"DREAMS"-David Carroll and his Orchestra-Mercury MG-20301 (1-12" LP)

David Carroll and his musicians present a pro-gram of moody items. The beautifully blended orchestra relaxingly renders the twelve carefully selected items. Some of the warm tunes are "There's Never Been Anyone Else But You", "Green Fire", "My Favorite Memory", and "Dis-sertation On The State Of Bliss". A better mood platter from Carroll's talented crew. Fine sound.

"DOORS OF DREAMS"—Joe Reisman and his Orchestra—RCA Victor LPM-1519 (1-12" LP)

Reisman leads his musicians through a dozen Reisman leads his musicians through a dozen portrayals including four originals. The ar-ranger - composer - conductor takes his crew through rich string oriented versions of "When Sunny Gets Blue", "Sunday Afternoon", "El Dorado", "Covered Wagon" and others. The orchestra displays a unique delivery that is ex-plained by the presence of such worthy members as Tony Mattola (guitar), and Urbie Green (trom-bone). Worthwhile mood entry.

"BURL IVES SINGS IN THE STILL OF THE NIGHT"—Burl Ives—Decca DL-8247 (1-12" LP)

The waxing features the famous folk singer portraying a program of ballads. Ives projects tender readings of the seventeen selections heard. Included are "I'm Sad And I'm Lonely", "From Here On Up, The Hills Don't Get Any Higher", "Hear The Nightingale Sing", and "Down In The Valley". Burl Ives brings out the real appeal of the tunes with his intimate, personal delivery.

BL-54026 (1-12" LP) The two vocalists program some impressive readings as once again they blend their vocal chords. Jackie and Roy, one of the most color-ful jazz inspired vocal groups around, receive the expert instrumental support of the Charlie Ventura Quintet and the Neal Hefti Orchestra. "I Hear Music", "Just You Just Me", "They Can't Take That Away From Me", and "Banana Split" are among the songs showcased. Inviting collection of stylings.

LP) The waxing represents the initial LP effort for the Jack Halloran singers. The group has accompanied such top recording stars as Pat Boone, Mahalia Jackson, and Gale Storm. Among the fourteen offerings receiving the group's har-monious delivery are "Camptown Races", "Little Street Where Old Friends Meet", "Try A Little Tenderness", and "Twilight On The Trail". Beau-tiful vocal blending by the versatile singers.

MGV-20003 (1-12" LP) Dalida, a new French songstress, is heard on her initial issue for the diskery. The thrush dis-plays an intriguing style as she delivers a pro-gram of French selections. Two of the tunes receiving the distinctive stylings are the famous classics "Bambino", and "La Violetera". A lush string background effectively compliments the vocalist's thrilling readings. Impressive mood vocals. vocals.

"DIXIELAND GOES BROADWAY"-Stan Rubin and his Tigertown Orchestra-Coral CRL-57185 (1-12" LP)

(1-12" LP) Stan Rubin and his crew on their first LP effort for the diskery, swing through a dozen tunes taken from Broadway musicals. The dixie-land musicians display their authentic style while rendering "Mutual Admiration Society", "Jubilation T. Cornpone", "Get Me To The Church On Time", and "Is It A Crime". The Rubin ork, employing such masters of the trade as Billy Butterfield, Robt. "Cutty" Cutshall, and Bunny Shawker, render some zesty sessions.

"GIVE HIM THE OOH-LA-LA"—Blossom Dearie —Verve MG V-2081 (1-12" LP) The pressing is Dearie's initial Verve LP effort. The jazz inspired thrush accompanies herself on piano as she receives the strong assistance of Ray Brown (bass), Herb Ellis (guitar), and Jo Jones (drums). Some of the items are "Give Him The Ooh-La-La", "Just One Of Those Things", "Like Someone In Love", and "Between The Devil And The Deep Blue Sea". Miss Dearie has an issue destined for lots of deejay-sales action.

"POLKA DATE WITH RAY"-Ray Henry and his Orchestra-Dana DLP-1253 (1-12" LP)

nis Orchestra—Dana DLP-1253 (1-12" LP) • The waxing is a happy collection of polkas and obereks. The diskery is one of the leading pro-ducers of polka music in the nation. Ray Henry and his musicians give tasteful renditions of the bouncing tunes, that include "Hey, Hey Polka", "Pin Wheel", "Gypsy Anne", and "Polka Party". With the current growing interest in polkas, the platter should fare well with lovers of the music. Pleasing album.

GETZ MEETS MULLIGAN IN HI-FI

Piano—Emarcy MG-36112 (1-12" LP) Saye, who had a previous issue for the diskery with an orchestral accompaniment, ("Scotch On The Rocks"), offers this collection with the aid of a rhythm section. The musicians in the back-ground, all top name jazz artists, are Herbie Mann (flute), Osie Johnson (drums), Milt Hin-ton (bass), and Barry Gailbraith (guitar). The songs receiving the mood-jazz stylings include "My Funny Valentine", "Happiness Is Just A Thing Called Joe", "Scotch Tweed", and "Cockle Chowder". Well done entry.

"GETZ MEETS MULLIGAN IN HI-FI"-Stan Getz and Gerry Mulligan-Verve MG V-8249 (1-12" LP)

The jazz notables issue some easy on the ears sessions with their saxes, Mulligan on baritone and Getz on tenor. The rhythm section, consist-ing of Lou Levy (piano), Stan Levey (drums), and Ray Brown (bass), does a particularly good job. The soloists render six items including "Let's Fall In Love", "Too Close For Comfort", "Any-thing Goes", and "Ballad", a beautiful Mulligan original Important iszz entry original. Important jazz entry.

"THE ART OF SERGEI RACHMANINOFF, Vol. 1"—Sergei Rachmaninoff, Pianist—Camden CAL-396 (1-12" LP)

The issue programs the outstandnig concert pianist lending his talents to the works of two other great musicians, Chopin and Shumann. Rachmaninoff offers Chopin's "Sonata In B-Flat Minor, Op. 35" and Shumann's "Carnaval, Op. 9", with tender authority. The entry is a great buy for the economy minded at \$1.98. Brilliant keyboard work.

NASHVILLE, TENN.—Thousands of persons jammed the Tennessee State Fair Grounds Coloseum recently for the first WKDA Record Hop. They enjoyed and danced to the music of Bill Justis, Dale Hawkins, Jimmy Edwards, Wink Martindale, Johnny Jay, Jerry Reed, The Sprouts and Dell Saint and his Devils. The WKDA-DJs, Bob Irwin, Dick Buckley, Hal Smith, Nate Street and Keith Ryan have formed a "Hops Company," the first of its kind in Nashville and plan to hold record hops in the Nashville area every week.

Maxin Exits Via **Hit Route**

NEW YORK—Arnold Maxin, who this week takes over as president of the MGM Record Company, leaves the Epic label with a chain of hit records, some of which are already on the charts and others which are headed in that direction. Among this line-up of hits are such disks as: Roy Hamilton's "Don't Let Go", which Maxin reports is showing every indication of becoming Hamil-ton's biggest hit to date. Maxin re-vealed that the disk had been exceed-ing the 60,000 per week sales mark prior to his departure. Others include the Four Coins' recording, "A Broken Promise" b/w "Follow Your Heart"; "Echoes Keep Calling Me" b/w "Lonesome" featuring Little Joe and the Thrillers; and Something Smith and the Redheads' latest pair-ing "Wrap Up All Your Heartaches" b/w "Every Night At Nine O'Clock". Maxin stated that he expects all of these sides to at least go over the 100,000 mark. In the album field Maxin reports that the new "Lester Lanin At The Tiffany Ball" LP has almost reached the 80,000 mark and Sal Mineo's first solo LP "Sal" has topped the 40,000 figure in the first 10 days of its release. During the past weekend, Maxin

During the past weekend, Maxin recorded Mineo on a new single, titles not yet announced.

United Artists **Pacts Bob Carroll**

NEW YORK—Bob Carroll, record-ing, television and nightclub singer, has been signed by United Artists Records, it was announced last week by Max E. Youngstein, President.

by Max E. Youngstein, President. Carroll who has performed on such top network television shows as the Jackie Gleason, Milton Berle, Art Linkletter and Ted Steele programs and in NBC "Spectaculars," is the holiday headliner for the Sans Souci Club in Havana. He has appeared in leading nightclubs in New York, Miami and Chicago and was starred in a road company of "Guys and Dolls" and in many other musicals.

Bob is a native New Yorker who made his professional debut on radio. His vast credits in this media include the "Big Show," with Talullah Bankhead.

Bob also was soloist at two George Gershwin concerts in the Hollywood Bowl.

He has recorded for Coral and RCA Victor.

Carroll joins UA's expanding ros-ter of disk talent which was intro-duced last week with releases by Joe Valino and Hollywood newcomer, Wes Bryan.

Carroll's first single release is skedded for the end of January.

Lang-Worth To Sell Jim Ameche Show

HOLLYWOOD-Jim Ameche Productions, Inc., has concluded arrange-ments and signed contracts for Langductions, Inc., has concluded arrange-ments and signed contracts for Lang-Worth Feature Programs, Inc., to sell and distribute "It's Jim Ameche Time", a taped dj syndicated show, it was announced last week by Harold Spina, chairman of the firm. Hugh Allen handled negotiations for John Langlois, and Lang-Worth. John Courcier will be West Coast representative. Jerome L. Doff, and Steven G. Valenci, are consultant and attorney for Jim Ameche. The show has been operating since June, distributing to 25 cities. Lang-Worth expects to increase this to 100 by mid-January, with a minimum of 350 stations by the end of 1958. They have a potential of 600 stations for the program. The format of the show is middle of the road DJ programming featur-ing top tunes, albums, and spotlight-

ing new and coming up releases. Rec-ord programming is handled by Harold Spina Jr.

The show has an 18 hour a week schedule, 6 days a week, 3 hours a day. Minimum schedule for a station is 6 hours a week with a 13 week contract.

contract. A new, very thin tape, with power-ful tensile strength, has been devel-oped for the show. This makes it possible for a one hour show to fit on a 7 inch reel. Shipping costs are saved by this method. Frank David is in charge of production packaging, and A. G. Telson is business manager for station relations. Engineering is in the hands of Joe Otis, formerly with KLAC.

Ameche will also continue with his 3 hour daily FM stint on KRHM, and announcing chores on the "Amos And Andy Show."

Del-Fi Records Bows On West Coast

STUDIO CITY, CAL.—Del-Fi Records, a new West Coast indie, has anounced its entry into the record field. Headed by Foster Hagman and Bob

Headed by Foster Hagman and Bob Keene, the new label has set up offices at 12333 Ventura Blvd. in Studio City, California. First release by the new firm is by pianist Henri Rose assisted with a choral background on an unusual arrangement of the standard, "Caravan".

National distribution has been set for the label by Bob Keene. Keene was formerly associated with the Keen label the company that brought Sam Cooke to the fore as a recording artist.

Del-Fi is now in the process of signing additional artists, with new recordings set for release shortly after the first of the year.

First LP for the firm is being recorded now, and features the piano of Henri Rose. Future plans calls for steady album production to be released on a regular basis. The George Jay office has been set to do national promotion for the new label.

Magnani Waxes For Verve

NEW YORK—Norman Granz, head of Verve Records, will issue the first recording by movie star Anna Magnani. Her initial release for the label will be a number directly from the soundtrack of her Paramount film, "Wild Is The Wind." The song, "Scapricciatiello", is backed with "Aggio Perduto O Suonno," a tune Granz discovered during a recent trip to Italy.

A special jacket is planned for the platter which is to be released in January on a 45 EP. This jacket will carry translations of the two sides which Miss Magnani sings in Italian.

In announcing Miss Magnani's debut on the label, Granz stated that a number of other recording firms had been seeking her services. He also said that other Verve releases by the star are now being planned.

George Sanders Signs ABC Recording Pact

NEW YORK — Having made two appearances on the "Perry Como Show" within the past two months with a singing and acting engagement in England in the interim, firm star George Sanders, has just been signed to a recording pact by ABC-Paramount.

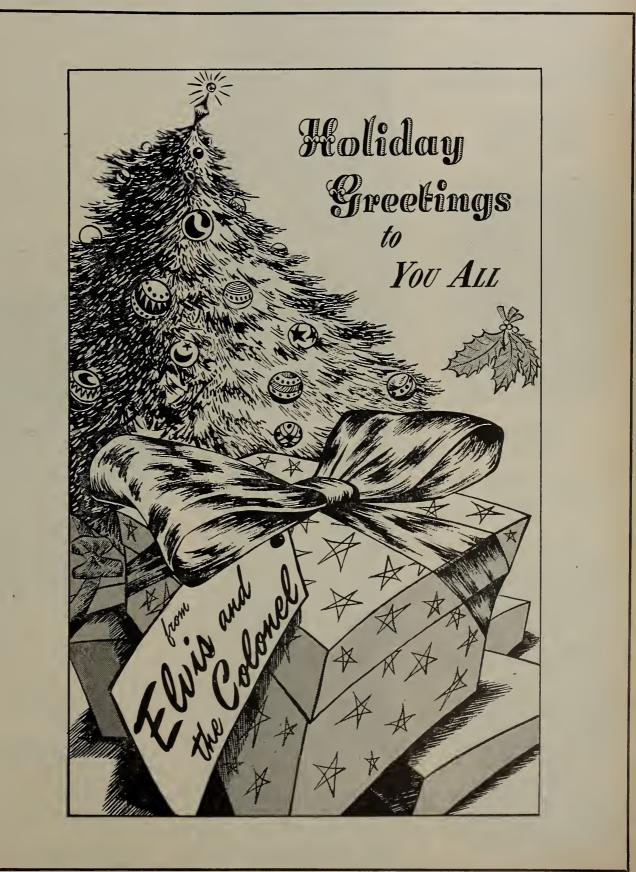

The screen star has already completed his first album, with a large orchestra and chorus under the direction and production supervision of Don Costa, the label's A & R chief. Upon completion of the last session for the package, Costa stated: "Working with Mr. Sanders was a true delight and a pleasure. His intense devotion to detail and his striving for perfection were exceeded only by his fine musicianship. I believe Mr. Sanders' album to be one of the finest vocal albums we have yet produced."

The package is scheduled for immediate release, to be included in the winter album promotion scheduled by the diskery in January.

Robert Allen On Cash Box Charts 52 Weeks Of 1957

NEW YORK — Songwriter Robert Allen has accomplished an amazing feat during the past twelve months. In each of the past fifty-two weeks of 1957, at least one of his compositions has been on the Top 60 Best Seller list of The Cash Box. Eight different songs accounted for this spectacular record and resulted in a total record sale that reached close to the 6 million mark at last count. It all began in the first week of

Page 46

It all began in the first week of the year when "Who -Needs You" by The Four Lads on Columbia hit the charts. The song spent about five months on the boards and reached the #8 spot.

As "Who Needs You" was completing its lengthy run, "It's Not For Me To Say" brought newcomer Johnny Mathis stardom. This Allen composition came to the fore on April 27th and spent 6 months on the best seller list ending its run October 26th. This number reached as the #2 position Featured in the motion picture "Lizzie", the song it a strong contender for an Academy Award nomination.

From May thru October, two other tunes from the Allen pen made their mark via the efforts of the Four Lads "I Just Don't Know" and "The Eyes Of God". In September, Johnny Mathis began to achieve still greater fame with another Allen gem "Chances Are". The song is now in its fourth month as a best seller and currently occupies the #10 slot. It hit the coveted #1 position on October 12th. "Chances Are" and "It's Not For Me To Say", are two of the top five songs of the year according to The Cash Box' year end best-seller survey.

Toward the close of the year, in November, Tony Bennett stepped out with an Allen number "I Never Felt More Like Falling In Love". And currently, a rapidly rising song called "A Very Special Love", for which Allen penned the lyrics and music, seems to be headed for the Top Ten circle. This one is climbing thru the efforts of the Johnny Nash and Debbie Reynolds recordings.

bie Reynolds recordings. "Who Needs You", "It's Not For Me To Say", "Chances Are" and "The Eyes Of God" are songs which Robert Allen composed with lyricist Al Stillman. "I Just Don't Know" was penned with Joe Stone. And "I Never Felt More Like Falling In Love" was co-authored by Allen and Ralph Freed.

All of the above mentioned hits were published by the Korwin Music Company, an ASCAP affiliate.

Epic Sales Nearly Double In 1957

NEW YORK — Epic Record sales rose enormously during 1957, regis-tering an increase of 84 per cent over 1956 totals, according to a year-end statement by William Nielsen, Computer Manager

tering an increase of 84 per cent over 1956 totals, according to a year-end statement by William Nielsen, General Manager. Both classical and popular album sales increased by more than a third to send the Epic sales curve upward. The popular album sales rise was spearheaded by dance bandleader Les-ter Lanin and his two best-selling albums, "Dance to The Music of Les-ter Lanin" and "Lester Lanin at the Tiffany Ball," with total sales at the quarter million mark. Other best-selling albums of the year were "Let Me Sing and I'm Happy," a collection of Irving Berlin songs conducted by Jay Blackton; Roy Hamilton's "The Golden Boy"; "Put the Blame on Mame" by Some-thin' Smith and the Redheads, and the Merrill Station Choir's "Up An-chor" and "Sound Off." Screen star Sal Mineo made his popular album debut at the close of 1957 with "Sal", a release which promptly attracted heavy sales. The young record star led Epic's singles hit parade with "Start Movin'," "Par-ty Time" and "Lasting Love," with sales totaling more than 2,000,000, according to the label. Other best-selling Epic popular ar-tists were the Four Coins, with "Shangri-La," Somethin' Smith and the Redheads and Roy Hamilton. The Okeh label produced a trio of new best-selling artists in Little Joe Doc Bagby and the School Boys. Epic's classical catalog showed the biggest sales year in its history, with strongest consumer interest in its two major orchestras, The Cleveland Or-

strongest consumer interest in its two major orchestras, The Cleveland Orchestra conducted by George Szell and the Amsterdam Concertgebouw under the baton of Eduard van Beinum. Best-selling status was also achieved by Leon Fleisher's recording of the Rachmaninoff Rhapsody on a Theme of Paganini, violinist Arthur Grumiaux' recording of the Tchaikovsky Violin Concerto, the complete recording of "The Marriage of Figaro" and releases by pianist Clara Haskil and I Musici.

At a year-end press luncheon held by Epic last week, Joe Sherman, the label's pop A & R head stated that during the coming year he will attempt to bring about a closer harmony and a more unified position between writer, arranger and the A & R man. He stated that he plans an expansion of Sal Mineo's talents (something other than singing) but he did not disclose what it was to be. He also will be going to Hollywood, soon, to record Jack Lemmon, a recent Epic pactee, as both a singer and pianist. Sherman, who assumes the A & R helm this week, thanked his redecessor Arnold Maxin for his help, cooperation and guidance in preparing him for the job.

Charles Schicke, classical A & R or Epic stated that his prime objective of 1958 will be to continue "a very ambitious program" with the Cleveland Orchestra under the baton of George Szell. He plans to make the classical catalog more diversified than it has been up to now. Plans are in the making for a pop concert program with the Cleveland Orchestra. And he also expects to do more recording with pianist Leonard Shure.

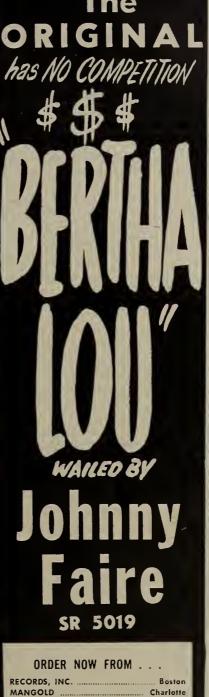

Jim Foglesong, pop album A & R head, announced the release of an album by the Four Coins. He is planning a new series of LP's of native music of different countries which will be initiated the first of the year.

Pickering Announces Stereo Cartridge

Page 50

PLAINVIEW, NEW YORK-Pick-PLAINVIEW, NEW YORK—Pick-ering And Company, Inc., of this city, demonstrated its new "Stanton 45 x 45" stereo cartridge at the Park Sher-aton Hotel in New York, last week, and announced that it is ready to put the new pickup into production as soon the new pickup into production as soon as a number of record companies an-nounce their intention to produce stereo disks. (Audio Fidelity Records introduced the first stereo disk two weeks ago). Walter O. Stanton, in-ventor of the Fluxvalve cartridge, stated that the 45x45 has been put through preliminary production and field tests and that it meets all of the original performance specifications. Designed for use with the Westrex stereo-disk the Stanton 45x45 has two independent output channels and uses

Designed for use with the Westrex stereo-disk the Stanton 45x45 has two independent output channels and uses Pickering's ½ mil diamond stylus. The frequency response of each chan-nel is flat within 2 db over the com-plete stereo recording range. Recom-mended stylus force is 2 to 4 grams when used in professional arms. Tests in automatic record changers indicate 4 to 6 grams with a 1 mil stylus. The Stanton 45x45 is fully compatible with all types of phonograph records, playing two channel Westrex type stereo disks and conventional LP's and 45's without any need for switch-es or other adjustments and features an exclusive hum rejection circuit. As of this date the recording in-dustry is considering two distinct types of stereo-disk recording, the Lateral-Vertical concept and the Wes-trex system. It is the intention of the industry to standardize on one or the other after carefully considering the merits of both. The Lateral-Vertical system, as the name implies, is a single groove method wherein one channel is recorded by means of lat-eral modulation and the other chan-nel simultaneously modulates the same groove in a vertical direction. The Westrex system uses a method wherein the record groove is modu-lated simultaneously in two directions each 90 degrees apart and at 45 de-grees from the surface of the record. each 90 degrees apart and at 45 degrees from the surface of the record. In the playback of both systems, the Lateral-Vertical and the Westrex, a single pickup stylus is employed and the pickup is designed so as to separate mechanically the two channels that are recorded in the single groove.

The general understanding is that many record companies appear determined not to make a stereo record before an industry-wide standard is decided upon.

Pickering And Company, Inc. has been engaged in the design and development of a stereo cartridge for more than a year. Encouraged by the most recent developments with stereo-disks, Pickering is continuing in its work with all of the major recording companies.

Granz Announces \$7,000,000.00 **Gross At 3-Day Verve Conclave**

LAS VEGAS — With Verve Rec-ords' chief, Norman Granz, announc-ing a \$7,000,000 gross for the label in 1957, the company wound up its an-nual three-day meeting last week, in this city (December 20, 21 and 22). About 100 salesmen and 30 distribu-tors attended the convention at the Sands Hotel in Las Vegas, marking the second straight year that the Verve conclave has been held in Vegas.

Verve conclave has been held in Vegas. The multimillion dollar gross set a record for the firm, Granz declared. He cited two reasons for the achieve-ment: an upsurge of sales in the jazz field, and Verve's expansion into pop albums and singles. He said that he expects the upward sales trend to continue in '58. Among the jazz LP's which ac-counted for Verve's gross were the 14-album Newport Jazz Festival pack-age, the 3-album "Charlie Parker Story," the 8-album "Genius of Char-lie Parker," "Jazz At the Hollywood Bowl" and "Basie In London" sets.

Ella Fitzgerald came in for a large share of sales in '57, according to Granz. Her major albums were "Ella Fitzgerald Sings the Rogers and Hart Song Book," "Ella Fitzgerald Sings the Cole Porter Song Book," 'Like Someone In Love," "Ella and Louis' and "Ella and Louis Again." The last two were waxed with Louis Arm-strong. Ella also appeared in the Newport series in an LP, "Ella Fitz-gerald and Billie Holiday." In the pop field, Ricky Nelson's "I'm Walkin'" b/w "A Teenager's Romance," put Verve high on the singles charts. Other pop albums which Granz said accounted for the gross were the original soundtrack from the M-G-M film "Funny Face"; Spike Jones' "Dinner Music for Peo-ple Who Aren't Very Hungry"; and "Dance Atop Nob Hill," with Ernie Heckscher's society music orchestra. Granz predicted that Verve would continue to expand in the popular field, with both singles and LP's, in 1958.

Benefit Performance

NEW YORK—Jim "Mr. Magoo" Backus (left) looks overcome by the whole thing as the "Honeydreamers" quintet carol out in the drawing room of Gracie Mansion, home of New York's Mayor. Occasion was the Dec. 10 party of the New York Chapter of American Women in Radio and Television to benefit needy children at Christmas. The entire cast of the American Broad-casting Network's "Jim Backus Show" showed up to help with the enter-tainment.

Winners Of Capitol Sales Contest **Get Free Hawaii Vacation**

HOLLYWOOD — Fifteen Capitol sales personnel and their wives will converge on Los Angeles Internationconverge on Los Angeles Internation-al Airport the morning of December 27 where they will board a Pan Ameri-can DC-7 Clipper—headed for a one-week all expense paid vacation in Hawaii. They are the big winners in Capitol's October-November sales contest—the biggest in Capitol's history. The contest was open to all Branch and Independent Distributor Sales-men, Sales Managers, and District Sales Managers.

Sales Managers. The flight will be preceded by a cocktail party held at the Capitol Tower the evening before take-off and hosted by President Glenn E. Wal-lichs. Several Capitol recording ar-tists also will attend. The party will be followed by dinner at a Hollywood restaurant restaurant.

be followed by dinner at a Hollywood restaurant. In Hawaii, the winners and their spouses will stay at the Surf Rider Hotel at Waikiki Beach. Tours of the island, an aloha dinner at the Royal Hawaiian Hotel, a cocktail party, boating, swimming, surfrid-ing and other events are planned. The winners are: Andy Miele, District Sales Mana-ger; Vito Samela, New York Sales Manager; Tom Carey, Hartford Salesman, all of District 1. Jim Peterson, Detroit Sales Mana-ger; Charles Bartlett, Cleveland Salesman, District 2. Joe Cerami, Chicago Sales Mana-ger, and Sam Ball, Kansas City Sales-man, District 3. Ed Nielsen, San Francisco Sales Manager; Earl Horwitz, San Fran-cisco Salesman, District 4. Bob Klein, Jacksonville Sales Mana-ger, and Paul Bell, Jacksonville Sales-man, District 5. Bill Cannôn Oklahoma City Sales

ger, and Paul Bell, Jacksonville Sales-man, District 5. Bill Cannon, Oklahoma City Sales Manager; Dick Beaty, Oklahoma City Salesman, District 6. It was a close contest among Inde-pendent Distributors, according to Capitol—so close that it resulted in a tie right down to one 100th of 1 per cent. Winding up with an identi-cal 103.50 per cent were Bill Caffee, Indianapolis, and Don McDiarmid, of Honolulu. Since McDiarmid is from Hawaii, he will be given a vacation on the mainland. Jim Boyle, New Or-leans, was the winning Distributor Salesman. Second-place winners in the contest

Second-place winners in the contest received prizes that include automatic washer-dryers, TV sets, golf sets,

movie cameras, etc. These winners are

Wade Pepper, Atlanta; John Corbo, Philadelphia; Bruce Majeska, Phila-delphia; Joe Okla. Buffalo; Jim Black-wood, Detroit; Bob Thompson, Wil-waukee; Pat Brophy, Chicago; Jay Swint, Seattle; Charles Bratnobar, San Francisco; George Novak, Balti-more; Bernard Polakoff, Baltimore; Dick .Slezak, Oklahoma City; Louis Jamail, San Antonio; and Jim Bright-well, Louisville. There were 38 third-prize winners who qualified by breaking quota. They each will receive their choice of a Transistor radio, 35 mm camera, a set of matched woods, or similar items.

Imperial Plans More Instrumental Singles

BEVERLY HILLS, CAL.—Imperi-al Records is planning a heavy release schedule of instrumental singles for 1958, following the success of label's "Raunchy," by Ernie Freeman. Prexy Lew Chudd announced that no fewer than four a month will be released starting in January. Explaining the reason for "Raun-chy's" success and the change in com-pany policy which Chudd feels many other labels will adopt, he says: "Fifty per cent of R and B's sales ap-peal is due to the infectious rhythm and strong beat. Take the vocal eut and the same thing happens. "Raun-chy" has the rhythm and beat and is wonderful to dance to—and this is the big factor. Kids today are dancthe big factor. Kids today are danc-ing, and I think they will just as readily buy an instrumental for this purpose as a vocal record which is done well."

is done well." After checking with disk jockeys around the country, Chudd also re-vealed that "deejays are happy to play instrumentals because by spotting them in between vocal records, it makes for better programming. In fact, most of them told me they would welcome more instrumentals in the future."

welcome more instrumentals in the future." Toward this end, Chudd will swing through the South and Midwest next month on a two-week talent hunt, seeking small bands and outstanding instrumentalists. Already scheduled for January release are two instru-mental singles by Ernie Freeman and Dave Bartholomew.

HOLLYWOOD-When singer Ronnie Deauville, a victim of polio, was the subject of a "This Is Your Life" TV show, M. C. Ralph Edwards gave a tremendous plug to Deauville's Era album, "Smoke Dreams." The following day dealers across the country were swamped with orders for the album, and two weeks after the show the album was in the top selling twenty five albums in the country. In the picture above, taken during the show, Deauville and his wife are greeted by Los Angeles disk jockey Larry Finley, as Edwards looks on.

MGM Enters Field Of "Spoken Word" Recordings

NEW YORK-MGM Records will enter the field of recordings devoted to the "spoken word" with four 12inch microgroove packages set for January release. The over-all series will be designated "The Arcady Series," the "Arcady" taking its origin from the poetic name for the imaginary land of poetry as derived from the Greek. The records will list at \$4.98 each.

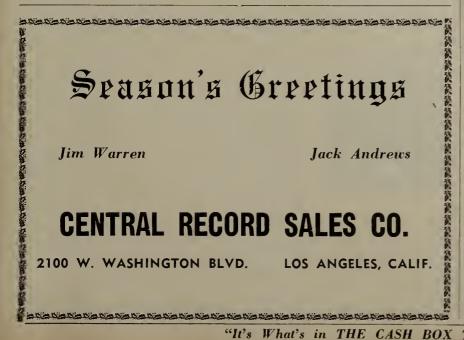

The first four LP's feature two world-famous actors reading from the classics and two prize-winning American authors reading from their own works. Sir Ralph Richardson will be heard in condensed versions of Joseph Conrad's "Youth" and "Heart of Darkness"; Alec Guinness in selections from "Gulliver's Travels" and other writings by Jonathan Swift;

William Faulkner in passages from "Light In August" and "The Sound and the Fury"; and Carson McCullers in portions of her novel and play "Member of the Wedding," her novel "The Heart Is a Lonely Hunter," her novelette, "Ballad of the Sad Cafe," and in three of her poems.

The producer of the series is Jean Stein, editor of the Paris Review. She has projected several future recordings. Already completed for release is an album devoted to author Izak Dinesan reading complete stories from her latest book, "Last Tales," and her classic "Winter's Tales."

"Julius Caesar" and "Dramatic Highlights from Quo Vadis" are two catalog items in the same vein which have enjoyed strong sales since their release, according to MGM.

NEW YORK:

The long awaited Christmas buying spree caught up with the record business last week and the tears dried up followed by smiles. Some of the local distributors said that in spite of a slightly belated start they may end up with a better season than 1956. Local merchants, crying the blues because

of last week's subway strike in New York and fearful of a catastrophic season, now forsee the possibility of completely recapturing the lost sales. Most of the stores are setting daily all-time records as the shoppers climb all over each other to settle their Christmas problems. . . . Friends of Al Green, one of the most popular fellows in the entertainment field, were shocked and saddened when he died of a heart attack Wednesday. Roulette Records out with four new records this week. Count Basie and Joe Williams offer "Gee Baby, Ain't I Good To You" and "What's New"; Buddy Knox singing "Whenever I'm Lonely" and "Swingin' Daddy"; Carol Hughes offers "First Date" and "Lend Me Your Comb"; and Count Basie presents "The Kid From Red Bank" and "Lil Darlin'".

Joe Kolsky, Roulette, left last Saturday for a two week cruise to the warm waters. Kolsky stated that Roulette business was "sensational" for the past two weeks. . . . With Al Silver up in Buffalo to work on his several "hot" waxings, Doug Moody fills in on what's new. Doug tells us "Get A Job" by the Silhouettes is creating tremendous excitement in Philadelphia. It is also starting to get a nationwide reaction and Doug says Dick Clark gets the credit. Dick exposed it on his nationwide TV show and Moody reports demand for the record began immediately. "Don't know just where to begin," said Moody, "'cause we've got so many things going for us." The Turbans "Congratulations" and "The Wadda-Do" are both breaking and it looks like a two-sided hit. "Just A Memory" by Tommy Ridgley has opened up in Philadelphia, Buffalo, Cincinnati and other territories. The Mello-Kings are beginning to show with "The Only Girl I Ever Loved", and of course the

Herald-Ember combine is talking only big figures with "Walkin' With Mr. Lee" by Lee Allen, and "The Joker" by Billy Myles. In the LP department "Herald The Beat" continues to build and it is definitely a hit LP for the label. Silver and Moody cut a session last Friday with Lee Allen. The results are expected to be the first Lee Allen LP. . . . Jerry Winston, Onyx Records, crossing his fingers as he watches the sales reaction to "Thinking Of You" by The Wanderers building excitingly. "The fastest response to any previous Onyx record," says Winston. A tremendous waxing and it is getting lots of New York pop as well as r & b airplay. Federal Records has covered "Walkin' With Mr. Lee" with Johnnie Pate. Pate backs with "Pattin' With Pate". On the DeLuxe label Otis Williams sings "Could This Be Magic" and "Oh Julie". . . Sol Rabinowitz, Baton Records, is flipped about a new group that he just signed. The fellows, from Albany, walked into his office cold and "knocked him out". "The lead," says Rabinowitz, "is one of the greatest I've ever heard." Sol is now trying to come up with a name for the Albany boys. Baton is currently climbing up the charts with "Hard Times" by Noble Watts. It will undoubtedly become Baton's biggest seller to-date. A recent session with Noble Watts turned out so good that the Baton headman says, "We got

May have something to tell you about this record soon, says Bea. On her Hull label she is doing very nicely with "The Legend Of Love" by The Legends. . . . Paul Sherman, WINS Crown Prince of Rock 'N Roll, brings his first show and dance into the Grand Ballroom, St. Nick's Sport Center on 66th Street on Friday, January 10. At this writing, Sherman has lined up Roy Hamilton, The Deltaires, The Chantelles, The Dubs, The Five Satins, Thurston Harris, Jo Ann Campbell and La-Vern Ray. Googie Rene, back East to promote his new LP, "Beautiful Weekend With Googie Rene", was called in to New York to receive his BMI award for "Little Bitty Pretty One". . . . Don Bexley, latest comic signed to record for the Dooto label, debuts his first LP this week in the popular "Laft Of The Party" series. Other comics featured in the Dooto humor brigade are Red Foxx, Sloppy Daniels, and Dave Turner. . . . Class Records have two big ones breaking in several markets in "Hey Maryann" by The Sputniks, and Oscar McLollie's "Scold Me". . . . Mit Wiess of Milton Record Distributors hoping for another Thurston Harris hit in his new Aladdin waxing of "T'm Asking Forgiveness". . . . John Siamas, Rex Productions prexy, announced he is sending The Valiants, Keen Records vocal quartet out on the road to promote their new Keen disk. "This Is The Night". . . . Imperial Records may have the fip "The Big Beat", title song from a new movie. . . . New artist, Johnny Rapheal has been signed to an exclusive recording contract by Aladdin Records. Vocalist has already recorded four sides all of which were written by B. B. Blake. The first two sides will be released by Aladdin shortly after the first of the year. . . . John Dolphin has reactivated his cash Records label and the initial new release looks like a hit. It's Jessie Belvin's "Beware" which is beginning to hit charts across the country.

Early Inquiries Flood Jazz School

Page 56

LENOX, MASS.—The second annual session of the School of Jazz which begins August 10, 1958 on the grounds of Music Inn, Lenox, Massachusetts is attracting a great many inquiries at this early date, execs of the school report. Inquiries have already been received from such distant places as Ceylon, Norway, England, and South Africa.

For the first time in its history, the School of Jazz has announced the availability of scholarships for prospective students on a competitive basis.

The following scholarships will be awarded by the scholarship committee headed by John Lewis, Executive Director of the School of Jazz and musical director of the Modern Jazz Quartet, primarily on the qualifications of outstanding musicianship, professional potential in the jazz field, and individual need:

The Herman Lubinsky Scholarship —established by a grant of \$385.00 from Herman Lubinsky, owner of the Savoy Record Co., this scholarship provides full tuition, private lesson fees, and room and board to an instrumental student.

The Louis Armstrong Scholarships —Established by a grant of \$1000.00 from the Newport Jazz Festival, the Louis Armstrong Scholarships will be awarded in varying amounts to students in instrumental fields primarily other than piano.

The School Of Jazz Fund—A fund of \$900.00 established by the first students of the School of Jazz from the receipts of the School of Jazz Benefit Concert, August 29, 1957 in the Berkshire Music Barn. Awards will be made from this fund in varying amounts to students in all instrumental fields.

Benson Show At Regal

CHICAGO—Al Benson, WGES-Chicago deejay, presents his big holiday season show at the B&K Regal Theater opening December 27th through January 2nd. Benson's show will feature the Hollywood Flames, Percy Mayfield, the Ravens, Ted Taylor, Jackie Wilson, Valerie Carr, Vi Kemp, Joan Henderson, Billy "The Kid" Emerson and the Five Satins. "Red" Saunders and his Orchestra

"Red" Saunders and his Orchestra will provide accompaniment and solo numbers.

Al Benson will emcee the show.

NEW YORK—In January, Prestig Records will issue an album called "Gil Evans And Ten," the first venture by Evans as a leader. Evans is currently one of the jazz field's top arrangers.

arrangers. Evans has gained respect in jazz circles for his arranging efforts in behalf of Miles Davis. He was also an important contributor to the famous Claude Thornhill sound in the late forties and early fifties. More recently, he did the arrangements for an album which features Miles Davis and a 19 piece orchestra. The emphasis in the "Gil Evans And

C+ "ZULU'S COURT" (2:30) [Dodger BMI—S. Evans] Stick Evans and The House Rockers put together an intriguing middle beat in-strumental. Ok deck that should come in for some nice airplay.

THE ELIGIBLES (Fable 608)

B "LITTLE FIRE EYES" (2:19) [Dandelion BMI-Miller, Guitar] The Eligibles bounce merrily through a middle beat bouncer and the result is a happy deck that makes good lis-tening. Bright wax.

"SHAKESPEARE ROCK" (1:50) **C+** "SHAKESPEARE ROCK [1.36, [Happy BMI—Bob Zwirn] The Eligibles turn out a combination of the Bard and today's current teenage fad. Novel idea that doesn't come off too outstanding.

JIMMIE HASKELL & ORCH. (Imperial 5480)

B "ASTROSONIC" (1:57) [Post Music ASCAP—Jet Rocket] An-other in the series of satellite disks. Jimmie Haskell and his orchestra rock out a quick beat instrumental with a high powered reading that is for the energy laden youngsters. An exciting treatment just bursting with enthusiasm. Good teenage wax.

B "ROCKIN' IN THE ORBIT" (1:57) [Post ASCAP—Big Jay Sputnik] The Haskell Ork turns in another swinging instrumental with splendid effect. The middle beat jumper is alive with sound and treat-ment and is in the dance tempo that appeals to the largest segment of dancers dancers.

THE SPUTNIKS (Class 217)

B+ "HEY MARYANN" (2:30) [Rec-ordo BMI—Nathan, Vikki] The Sputniks (here again we have that satellite influence) dish up a middle beat bouncer in easy, but bright style. The Sputniks come up with a novelty reading and arrangement that should grab off a better than average reaction. Keep an eye on this deck.

"MY LOVE IS GONE" (2:45) [Recordo BMI-Nathan, Vikki] B The Sputniks try a slow beat ballad on the flip and do right well by it. However we think "Maryann" will prove too strong.

GENE WYATT

B+ "LOVER BOY" (2:10) [Ebb BMI -Marais, Lewis] Gene Wyatt swings out with a rock-a-billy item that bears strong promise. Wyatt comes out well and the overall effect of the deck should appeal to the teener audience.

B+ "LOVE FEVER" (1:55) [Ebb BMI—Marais, Lewis] Wyatt backs with another strong side that also has every chance to break through into the big sales. This lad is a strong entry and should be watched. The deck is an exciting quick beat. Two strong sides.

SWEET MARQUEES (Apache Records 1516)

B "YOU LIED" (2:40) [Thornett BMI—Pipkin, Browne] The Sweet Marquees team gently on a slow paced, drifty ballad. Smooth and soft wax. Pleasant, relaxing mood item.

B "I LOVE MY BABY" (2:18) [Thornett BMI — Thompson, Browne] The Sweet Marquees drive out a quick beat jump with a polished performance. The group is good, the lead is good, and the general result is a better than average performance. Good deck that deserves attention.

B+"JUST TO SAY HELLO" (2:10) [Statler ASCAP—Spence, Glad-stone] Jesse Belvin lends his smooth working chords to a melodic middle beat bouncer. Easy, swingy, and done with an obvious relaxed chanter at the helm. Like it.

B "MY SATELLITE" (2:20) [Mod-ern BMI—Belvin] Belvin turns a complete about face on this deck and hits hard at a racing quick beat jump. A wild jump beat for the kids with more energy than they know what to do with.

JOHNNY FLAMINGO (Aladdin 3406)

B "SO LONG" (2:38) [Shapiro Bernstein ASCAP—Morgan, Har-ris, Helsher] Johnny Flamingo sings a slow beat ballad with a soft inter-pretation. Easy on the ears wax that

B "MAKE ME A PRESENT OF YOU" (2:41) [Teri ASCAP—Joe Greene] Flamingo turns his talents in the direction of the dramatic ballad and comes through with an easy, drifty and melodic wax. Good programming.

PAUL PERRYMAN (Duke 181)

B+ "I'M WALKING OUT" (2:26) [Lion BMI-P. Perryman] Paul Perryman offers a middle beat bouncer with his engaging style. The chanter rocks the teener item with a swing-ing projection that makes it a strong deck.

B+ "SATELLITE FEVER-ASIATIC —R. White] Perryman bounces mer-rily with a quick beat novelty lyric that brings together two of this win-ters top headlines—the satellite and the asiatic flu. It's a spirited ditty with an infectious sound and beat. Could make it big.

"THE WADDA-DO" (2:30) [Angel BMI-Platt, Jones] THE TURBANS (Herald 510)

• The Turbans offer a tender, tuneful slow beat, "Congratulations", that should reach the impressionable youngsters. It is a tender slow beat ballad delicately fashioned by the talented group. It could be The Turbans strongest pitch since "When You Dance". It has the markings of a hit. The coupling, "The Wadda-Do", is a quick beat description of a new dance. The deck is loaded with listening and dance appeal and could beat out "Congratulations" for the number one side. Watch both etchings. It's a two sider.

"WILD CHILD" (2:30) [Maggie BMI-Smith, Dixon] "THE STROLL" (2:10) [Men Lo BMI-Elbert, Toombs, Mendelsohn] DONNIE ELBERT (DeLuxe 6156)

• Donnie Elbert has a two-sider here that bears every indication of reaching into the upper strata of record sales. The chanter turns in two exciting vocal treatments. He handles the dramatic and moving "Wild Child" with a sock vocal and turns the middle beat bouncer in-

to an item that bears the brand, "must". The flip, "The Stroll", is not the same tune that appeared on the market a couple of weeks ago, but is a goodie that stands on its own merits. Elbert swings out the light bouncer with a happy, in-teresting treatment. Watch both decks. They're loaded.

"SO TOUCH" (2:15) [Lion BMI-G. Mears] "I LOVE MY DARLING" (2:10) [Lion BMI-G. Mears]

THE CASUALS

(Back Beat 503)

• The Casuals make their debut on the Back Beat label with a potent item, "So Tough". It could bring them right into the limelight. The group handles the quick beat bouncer with an appealing delivery that catches the ear and makes a solid impression. The side has beat, vocal treatment, and an infectious quality that lifts it above the routine release. Watch this deck for real chart action. The flip, "I Love My Darling", is another solid entry—well done and with solid ear catching qualities. However, for the strong deck we lean to "So Tough".

"SO TOUCH" (2:21) [Lion BMI-G. Mears] "WHAT 'CHA GONNA DO?" (2:03) [Sherman-Buddy Lee]

THE KUF-LINX (Challenge 1013)

• The Kuf-Linx bound with a zestful performance as they rock out a quick beat offering, "So Tough". The team teams in excellent fashion and the resulting wax is an exciting release that should grab plenty of action about the country. Stick close to this one. The coupling, "What 'Cha Gonna Do?" is an easy middle beat bouncer with an engaging treatment. In-fectious and a strong backer-upper for "So Tough".

BILL BODAFORD and The Rockets (Back Beat 507)

B "LITTLE GIRL" (2:33) [Lion BMI—Wm. Bodaford] Bill Boda-ford and The Rockets bounce through a happy r & r item with very listen-able qualities. Ok teener bait.

B "TEARDROPS" (2:44) [Lion BMI—Wm. Bodaford] Bodaford and The Rockets offer a slow beat sentimental ballad on the coupling. A moving, tender wax that should pick up a good piece of action.

THE MONITORS (Specialty 622)

B "CLOSER TO HEAVEN" (2:01) [Venice BMI—Tircuit, Smith] The Monitors blend softly on a slow beat ballad. Lead is in the vein of Bill Kenny. Smooth waxing.

B "ROCK 'N' ROLL FEVER" (2:22) [Venice BMI—Phoenix, Kidd] The Monitors turn out a middle beat jump ditty with a strong beat the kids will take kindly to. It's tailor made teener cloth.

Sammy On Tape

December 28, 1957

CHICAGO, ILL.—Sammy Davis, Jr. and John Ridley, newly imported (ex-London) Advertising and Publicity Director for Majestic International Corpo-ration, New York and Chicago, get together on a Grundig Majestic TK8 Hi-Fi Tape Recorder. Occasion was a party given by the Chicago Urban League in Sammy's honor. The artist made two recordings, one of the speeches he was to make at the party (this was immediately played back at full volume, thus saving his larynx, as there was no P.A. in the room), the other being addressed to patrons of the National Playing Fields Association of England.

Sterling Distribs Opens

CLEVELAND, OHIO — Sterling Music Distributors, Inc., Cleveland's newest independent record wholesaler, opened for business recently at 2928 Prospect Ave. The firm is handling records and accessories. The company's general manager is Marvin Browdy. Promotion and man-ufacturer dealings are handled by Eddie Kleinbaum. Assistant manager is Ray Rusnak. Miss Kay Prechtel is secretary secretary.

The execs of the Sterling Company emphasized that new firm is in no way connected with any other distributor in the area.

NEW YORK-Bob Wilson, the popular NBC newscaster, who is TV chairman of the New York Division of the "March Of Dimes", is seen above at the Peekskill Motor Inn, Peekskill, N. Y., presenting an "Official TV Popeye Record Album" to three-year old-polio victim, Donna Montesano. Bob made an appearance at the Peekskill Motor Inn in connection with launching the "March Of Dimes Drive" in the Westchester area, and he plans on working closely with musical TV personalities in making the drive a tremendous success. Bob, incidentally, while attending Southeastern Louisiana College earned some spending money by leading a dance band, and he is still a recording enthusiast.

United Artists Hosts Deejays In Chicago

NEW YORK-United Artists Rec-NEW YORK—United Artists Rec-ords received an in-person trade send-off in Chicago on Friday, December 20. Garmisa Distributors, which han-dles the sales of UA disks in the mid-western metropolis, was host to re-gional disk jockeys, radio-television personalities, the press and retailers at a cocktail party in the Imperial House House.

Guests of honor included UA re-cording stars Joe Valino and Wes Bryan, whose initial platters for the company have just been released; Al Tamarin, Executive Assistant to Max E. Youngstein, President of United Artists Records and Music companies, and Harold L. Friedman, UA Records sales director.

Tamarin will be in Los Angeles this week for more of the same with local distributor, Central Record Sales. Prior to leaving for Chicago, Tamarin stated that the new UA label hopes to have its first six or seven LP's in the works by the end of January. He also revealed that he will announce new staffers shortly after the first of the year.

Record Industry Continues To Grow In Australia

MELBOURNE, AUSTRALIA — W & G Record Processing Company, Pty. Ltd. of Melbourne, Australia, is play-ing a major role in the success of American labels appearing on the Au-stralian recording scene. The magni-tude of the record industry in that country can be gauged from the fact that in 1956, Australians bought over 9 million records involving a total outthat in 1956, Australians bought over 9 million records involving a total out-lay of approximately 8 million pounds. These figures, are certain to be ex-ceeded this year, and such amounts compare with a total turnover of about 9 million records in provide records

ceeded this year, and such amounts compare with a total turnover of about 2 million pounds in prewar years. Of the many companies currently releasing records throughout Austra-lia, one of the outstanding success stories is that of the label known as W & G Selected Releases. Two years ago this label was un-known. Now, it is recognized as one of Australia's major recording com-panies. It is the largest manufacturer and distributor of American made pho-nograph records in Australia and New Zealand. The man responsible for this rapid development is Harry Bone, sales and catalogue manager of W & G. The Parent company White & Gil-lespie Pty. Ltd., was formed by Ern White and Jim Gillespie in 1910 and is now one of the largest and most up-to-date electrotyper and stereo-typer organizations in the southern hemisphere.

The custom pressing division of W

& G developed to the stage where, in post war years, it was almost impos-sible to keep up with the ever-in-creasing demand for recorded music. This huge output for other record companies prompted White and Gil-lespie to give serious consideration to the establishment of their own record label

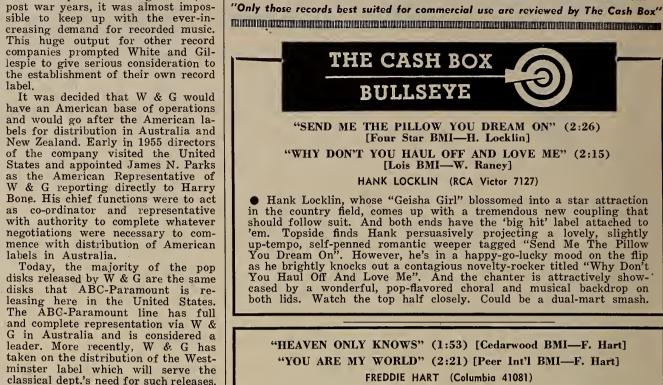

taken on the distribution of the West-minster label which will serve the classical dept.'s need for such releases. With the recent inclusion of the Sommerset and Transworld lines, W & G will be represented in all mar-kets with representation for over 35 American labels among which are Aladdin, Crickett, Fraternity, Key, Marvel, Record Corp. of America and others. others.

Page 64

"HEAVEN ONLY KNOWS" (1:53) [Cedarwood BMI-F. Hart] "YOU ARE MY WORLD" (2:21) [Peer Int'l BMI-F. Hart] FREDDIE HART (Columbia 41081)

• Freddie Hart takes a top spot in the new release field this week as he comes up with two power-packed sides that oughta make huge sales dents in both the country and pop markets. And they're two self-penned affairs that the chanter sells with authority. One half, labeled "Heaven Only Knows", is a captivating, romantic rocker while the other end, tagged "You Are My World", is a stirring middle-beat lover's ballad. Stellar choral and ork support on both lids. It's a toss-up. Take your pick.

JIMMY HEAP (Fame 501)

B+(2:72) [Mel-Mat BMI—Glenden-ing, Williams, Harris] Perk Williams, backed up in top calibre instrumental fashion by Jimmy Heap and the Mel-ody Masters, turns in a heartfelt vocal effort on a tear-compelling, middle beat lover's ballad.

B "I'M ONE OF THOSE" (2:27) [Mel-Mat BMI-Glendening, Wil-liams, Harris] More of the same fine vocal and instrumental-work by Wil-liams, Heap and the crew on another potent, moderate paced lover's lament. Two grade "A" intro efforts on the new label.

MILTON ALLEN (RCA Victor 7116)

B+"JAMBOREE" (2:13) [Hill & Range B M I — Harris, Deane, Weisman] Milton Allen, whose "Love A, Love A Lover" kicked up some territorial dust makes an even stronger bid for national recognition with this terrific pop-country rock 'n roller. Solid musical and vocal backdrop.

B+"DON'T BUG ME BABY" (2:30) Bragg] Under portion in an infectious rocker that Allen decks out in socko, all-market style. Sensational coupling that oughta earn a bundle of loot for all concerned. Keep close tabs on both ends. Either end can happen.

PHIL BROWN (Bakersfield 130)

C+ "ALL THESE MEMORIES" (2:25) [American BMI — B. Woods, J. Shepard] Phil Brown puts his heart into his delivery of this middle beat romantic tear-jerker. The warbler would give anything to for-get the gal get the gal.

C+ "YOU'RE A LUXURY" (2:25) [Chris BMI_I. Smith] Here he sez that his 'beer' income can't satisfy his sweetie's champagne appetite'. A catchy, quick beat ditty. Bill Wood's band ably backs up the artist on both lids.

ANNE YOUNG (Mar-Vel 1350)

(Mar-Vel 1350) **B** "BRANDED" [Hits Of Tomor-row BMI — R. Brasfield] Anne Young turns in a first rate vocal per-formance on her debut for the disk-ery as she sadly relates a tale of a broken heart. Poignant, slightly up tempo ballad that could make a solid impression on the deejay charts. **C+** "I WON'T CRY ANYMORE" **C+** (1:57) [Hits Of Tomorrow BMI —E. Thomas, J. Powell] Flipside the dulcet-toned canary sends up another feelingful reading as she claims that the guy's sorrow-producing days are over. It's a heartfelt, moderate pace opus that also rates the spins. **DYEP_SIGTERS**

DYER SISTERS

(Decca 30529)

(Decco 30529) **B** "A LITTLE WHILE AGO" (2:50) [Copar BMI — G. Douglas, V. McAlpin] The Dyer Sisters, Myrna & Joy, turn in an ear-pleasing duet-vocal performance on their initial ef-fort for the label. It's a penetrating, moderate paced romantic weeper that the chirps render with the utmost sincerity. Pop-flavored choral and ork backdrop. backdrop.

B [Forrest BMI — J. Logsdon, V. McAlpin, L. Mings] Under portion, another pop-oriented affair, features the gal's pretty vocal blending on a shufflin' lover's lament. Splendid in-tro pairing.

JIMMY WILLIAMS

JIMMY WILLIAMS (MGM 12596) **B**+ "DO YOU KNOW" (1:55) [White Oak BMI—J. Williams] Jimmy Williams comes up with his most powerful contender for hitdom as he colorfully fashions this tantalizing ro-mantic opus set to a steady-drivin', fish-beat ballad pace. Real appealing, pop-oriented vocal and musical assist on a deck that could develop into a two-market click.

B LOVE" (2:06) [White Oak BMI —J. Williams] Under slicing is a de-lectable, up tempo love item that Wil-liams and the ork and chorus carve out in enticing, pop-country style.

It was announced, last week, by Jimmy Heap in Taylor, Texas, that a new label tagged Fame Records has been formed. The first artists signed by the company are Heap and the Melody Masters with Perk Williams and their initial release, due out about Dec. 10th, will be "Alone At The Phone", and "Tm One Of Those," featuring Williams—backed up by Heap and the crew. Also signed by Fame are new artists, Bill Taylor, Bill Denning, and the Clef's. Their releases will be "Little Jewel" by Tay-lor and the Clef's, and "Studyhall Romance" by Bill Denning and the Clef's. Fame will also be signing pop and r&b artists in the future. * * * * * *

Les Kangas types that he's getting terrific reaction to his tune, "Sputnik II", waxed by Al Barkle on Vita. It's the same tune as his 1st "Sputnik" but the've added the beeps and a dog. Incidentally, the song was recorded 5 years ago as "You're Just A Flying Saucer" and last year as "Flying Love".

Ken Parsons, KPBA-Pine Bluff, Ark. has a cute publicity stunt going. He's sending out copies of news bulletins, that are sent over the wire-service machines, in which he plugs the latest tunes. This weeks' sheet plugs "The Man In The Moon" cut by Victor's Browns, Jim Edward, Maxine, Bonnie and younger sister, Norma.

Jimmy Simpson, KBYR-Anchorage, Alaska's "Oil-field Boy", recently played Jimmy Heap & Perk Wil-liams' old Capitol disk, "Conscience, I'm Guilty", and response was so good that he's included the tune in his top 10 listings.

JOE ALLISON JOE ALLISON Hank Snow, on his latest RCA Victor release, a pair of guitar solo efforts tagged "Under The Double Eagle" and "Blue Danube Waltz", is joined by Sleepy McDaniel on bass fiddle. Hank's current two-sided chart-rider is "Squid Jiggin' Ground" and "Unfaithful".

J. E. "Red" Swarr types that he's withdrawn his plans for the Cuntry Music Convention that was to be held in Los Angeles, next year, and will instead support Joe Allison, who announced plans for a similar shindig while in Nashville recently. Swarr thanks and urges all the folks who sup-ported him to get behind Allison to help him make next Spring's event a real successful one. This action enables Swarr to devote more time to his position as West Coast Sales & Promotional Mgr. for Mark Records as well as his many c&w music promotions. Allison may be reached at KRKD-Los Angeles, Calif. or at KABC-TV's "Country America" show originating from Hollywood. Incidentally, Ginny Jackson has returned from a long eastern tour and is the newest member of the "Country America" cast to replace the Can-adian Sweethearts, who are going on tour.

A "Grand Ole Opry" package, starring Roy Acuff, The Wilburn Bros., June Webb, Gordon Terry, and many others, plays Kansas City, Kan., Dec. 28th, Omaha, Neb. Dec. 29th, Topeka, Dec. 30th, Beatrice, Neb., Dec. 31st, Wichita, Kan., Jan. 1st. and Sioux City, Iowa Jan. 2nd. These dates were set by Frankie More in conjunction with the Hap Peebles Agency of Wichita. * * * *

Chaw Mank writes from Staunton, Ill. that his 2 Elvis Presley Fan Clubs include a "Teen-Age" club and an "Adult-Over 21" one with membership in each costing 63¢ (free to foreign members, who must write for a blank). Chaw's also doing a book called "What The Fans Think Of Elvis Presley" and asks that the fans and deejays submit articles, not over 200 words (the jocks are asked to include photos of themselves) to him at Box 30 in Staunton.

W. E. "Lucky" Moeller tells us that Eddie Hill, George Morgan, Carl

Butler, Smiley & Kitty, and Rita Faye appeared in Durham, N. C. on Thursday, December 19th and that Brenda Lee, Chuck Bowers and the Country Gentlemen helped to entertain for the Hamilton Manufacturing Company in Columbus, Ind. on Dec. 14th. Brenda spent the preceding day in Chicago doing numerous radio and TV spots. Lucky adds that upon returning from personal appearance and film commitments on the West Coast, Webb Pierce will journey to Swainsboro, Ga. to combine a personal appearance and business at Radio Station WJAT, which he owns jointly with Jim Denny. Moeller by the way, just returned to Nashville after a very successful business trip representing the Jim Denny's Artist Bureau and the "Country Music Jubilee" at the Iowa State Fair Asso-ciation meeting held in Des Moines.

M. Deegan, Program Director for WJMJ-Phila., Pa. infos that Sally Starr of WJMJ and WFIL-TV will be hospitalized during the coming Christmas holidays and it'll mark the 1st time in 10 years of radio broadcasting that she'll be unable to present her "Christmas Jamboree" program and the 1st time in 3 years that she'll not host the WFIL-TV "Starr Theatre" show. The "Jam-boree" show, recently voted the best c&w program in the Delaware Valley area, has been carried by WJMJ, uninterrupted for a decade on the same Mon. thru Sat. schedule. The station will welcome taped messages to Sally and her listeners for use throughout the holiday season. All c&w talent are invited to tape record and mail greetings, as soon as possible to WJMJ, Phila., 3 Penn. Cards for Sally should be addressed to Episcopal Hospital, Front & Lehigh Ave., Phila, Penna.

EXPORT-IMPORT COUNCIL

Mai 1958, Conference du:

CONSEIL INTERNATIONAL D'EXPORT-IMPORT DE MACHINES VENDEUSES

Questions à poser aux membres de "The Cash Box' International Coin Machine Export-Import Council" dans 43 pays, pour décider de tenir la première conférence en mai 1958, durant la éunion de l'MOA (Music Operators of America, Inc.) à Chicago.

CHICAGO-Un questionnaire spécial est en préparation qui sera adressé á tous les membres de "The Cash Box' International Coin Machine Export-Import Council" dans 43 pays pour déterminer s'ils désirent tenir la première conférence du Conseil á Chicago, Illinois, E.U.A., au début de mai 1958, au cours de la réunion de l'MOA (Music Operators of America, Inc.). Cette réunion doit avoir lieu les 6, 7 et 8 mai 1958. Il ne fait pas l'ombre d'un doute que, tout comme dans les réunions précédentes, de nombreuses nouvelles machines vont être présentées, qui ne manqueront pas d'intéresser les importateurs mondiaux. Les exportateurs également, qu'ils soient des Etats-Unis ou de l'étranger, y trouveront un grand intérêt.

D'autre part, les membres résidant en pays étrangers pourront ainsi rencontrer les plus importants fabricants de ces machines dont les usines se trouvent à Chicago. C'est lá une occasion unique de faire connaissance avec les fabricants de ces machines que très peu d'entre nous ont été à même de rencontrer en personne jusqu'à présent.

Avion Special Europeen

Des dispositions ont été prises avec une importante compagnie d'aviation internationale pour mettre un avion spécial à la disposition des membres européens de "The Cash Box' Internaeuropeens de "The Cash Box Interna-tional Coin Machine Export-Import Council." Cet avion quittera Paris à une date et heure déterminées. La compagnie d'avition internationale s'est déclarée prête à s'occuper de tous les détails nécessaires pour as-curer une place sur cet avion aux surer une place sur cet avion aux members européens du Conseil.

Ces derniers auront ainsi l'occasion de se rencontrer, dans certains cas pour la première fois, avant même d'atterrir sur le sol américain.

La destination de l'avion spécial est Chicago, E.U.A. L'avion est à la com-plète disposition des membres. Il sera prêt à entreprendre le voyage de re-tour Chicago-Paris à la date de leur cheix choix.

Avion D'Extreme Orient

Les mêmes dispositions peuvent être prises pour un avion spécial des-

tiné aux membres de "The Cash Box' International Coin Machine Export-Import Council" résidant en Extrême Orient.

Le point de départ de cet avion est à choisir entre les importantes villes d'Extrême Orient, par exemple Tokio, Singapour, Hong Kong, Manille et même Honolulu.

La compagnie d'avition, qui a déjà choisi l'avion en question, a même proposé de prendre les dispositions nécessaires pour assurer le transport de membres du Conseil à partir de leur lieu de résidence jusqu'au point de départ de l'avion spécial qui doit les mener aux Etats-Unis et à Chicago.

Avion D'Amerique Latine

Un avion spécial, dont le point de départ serait Lima, Buenos-Aires, Rio de Janeiro, La Havane ou toute autre capitale d'Amérique Centrale ou du Sud, peut être mis à la disposition des membres du Conseil, qui peuvent l'ab-order à l'une ou l'autre des villes sur la route, à destination de Chicago.

Au cours de ce voyage, bon nombre d'importateurs de ce voyage, bon hombre d'importateurs de machines-vendeuses d'Amérique Centrale ou du Sud auront l'occasion de faire connaissance au cours du vol qui les mènera à leur première érunion à Chicago.

Nous avons encore cinq avant la date cette conférence. Nous espérons sincèrement que cette période sera suffisante pour réunir une grande majorité des membres du "Interna-tional Coin Machine Export-Import Council" dans 43 pays du monde. Ceci n'est peut-être pas une très longue période en trmes d'affaires in-ternationales, mais nous espérons toutefois qu'elle sera suffisante.

Reservations

Reservations Les membres de "The Cash Box' In-ternational Coin Machine Export-Im-port Council" désireux d'obtenir une place sur l'un des avions spéciaux en provenance de l'Europe, de l'Amérique Centrale ou du Sud, ou de l'Extrême Orient, sont priés de présenter leur demande sans tarder à l'adresse suj-vante: The Cash Box, 32 West Ran-dolph Street, Chicago 1, Illinois, E.U.A., ou à l'un des autres bureaux de "The Cash Box": 1721 Broadway, New York 19, New York, E.U.A., 6272 Sunset Blvd., Hollywood 28, Cali-fornie, E.U.A., 17 Hilltop, Londres, N.W. 11, Angleterre, 27 Place Saint-Ferdinand, Paris, France.

Reunion en Mayo, 1958, del:

INTERNATIONAL COIN MACHINE EXPORT-IMPORT COUNCIL

Consultar con los miembros del "International Coin Machine Export-Import Council" de The Cash Box en 43 países sobre si celebrar la primera asamblea en Mayo, 1958, durante la convención MOA en Chicago.

CHICAGO-Actualmente se prepara un cuestionario que será enviado a todos los miembros del "International Coin Machine Export-Import Council' (Consejo Internacional de Exportación-Importación de Máquinas Expendedoras) de The Cash Box en 43 países preguntándoles si desean o no celebrar la primera asamblea del consejo en Chicago, Illinois, E.U.A. a principios d emayo, 1958, durante la convención del MOA (Music Operators of America, Inc.).

La convención del MOA tendrá lugar los días 6, 7 y 8 de mayo de 1958. No cabe la menor duda de que, al igual que en las exhibiciones pasadas, se exhibirán muchas nuevas má* quinas. Esto es de gran interés para los importadores de todas partes del mundo. También interesará por igual a los exportadores, ya sean de los Estados Unidos o de otros países.

Al mismo tiempo, todos los que procedan de muchos países desearán re-lacionarse personalmente con los prin-cipales fabricantes de Chicago. Esta será una buena oportunidad para co-nocer mejor a los que se dedican a la fabricación de máquinas en esa ciudad.

Avión Especial Europeo

Gracias a los arreglos efectuados con una conocida línea aérea internacon una conocida línea aérea interna-cional, podrá fletarse un avión espe-cial para los miembros europeos del "International Coin Machine Export-Import Council" de The Cash Box. Este avión podrá abordarse en París, en un día determinado y a cierta hora. Esta empresa de aviacón internacional ha dado a conocer que le será en ex-tremo grato hacer todas las gestiones necesarias para que los miembros eu-ropeos del Consejo viajen en dicho avión.

En esta forma, los miembros euro-peos de The Cash Box—"International Coin Machine Export-Import Council," podrán conocerse personalmente, si acaso no se conocen, aun antes de que el avión llegue a los Estados Unidos.

Los miembros volarán directamente a Chicago, E.U.A., y el avión estará a su entera disposición. Si lo desean, el avión estará listo para llevarlos, en la fecha que designen, de Chicago a París, en el viaje de regreso.

Avión del Lejano Oriente

Estos mismos arreglos de fletami-ento de un avión especial podrán

sollten sich sofort wegen Platz-bele-gung an "The Cash Box," 32 West Randolph Street, Chicago 1, Illinois, U.S.A., wenden. Sie können sich aber auch an eines der folgenden Büros von "The Cash

hacerse también a favor de todos los miembros en el Lejano Oriente del "Consejo"—"International Coin Ma-chine Export-Import Council" de The Cash Box.

Tal avión podrá iniciar el viaje en cualquier ciudad importante del Le-iano Oriente, como por ejemplo, Tojano Oriente, como por ejemplo, To-kio, Singapur, Hong oKnk, Manila y hasta Honolulu.

La línea aérea, cuyo avión se elija, podrá también disponer el transporte directo de los miembros del Consejo desde la ciudad en que residan hasta el aeropuerto en que los espere el avión especial que los conducirá a Chicago, Estados Unidos.

Avión Latinoamericano

También puede obtenerse un avión También puede obtenerse un avión especial en Lima, Buenos Aires, Río de Janeiro, La Habana o cualquiera otra ciudad en Centro o Sudamérica y hacerse arreglos para el transporte de los miembros del "International Coin Machine Export-Import Council" de The Cash Box desde cualquier ciu-dad en el recorrido hasta Chicago, E.U.A.

Como es natural, de esta manera muchos importadores centro y sud-americanos de máquinas accionadas monedas tendránn la oportunidad de conocerse mejor durante el viaje antes de su llegada a Chicago, E.U.A., para participar en la primera asam-blea.

Todavía quedan cinco meses para la celebración de dicha asamblea. Se abriga la sincera esperanza de que abriga la sincera esperanza de que este es tiempo suficiente para con-vocar a una gran mayoría de los miembros del "International Coin Ma-chine Export-Import Council" de los 43 países del mundo. Aunque tal vez no sea demasiado tiempo, cuando se trata de negocios internacionales, muchos tienen la esperanza de que sea suficiente suficiente.

Alojamiento Anticipado

Todos los miembros del "Interna-tional Coin Machine Export-Import Council" de The Cash Box que vengan d Enropa, de Centro o Sudamérica, o del Lejano Oriente, deberán solicitar immediatamente reservaciones a: The Cash Box, 32 West Randolph Street, Chicago 1, Illinois, E.U.A.

También podrán^{*} dirigirse a las si-guientes oficinas de The Cash Box: 1721 Broadway, Nueva York 19, N. Y., E.U.A.; 6272 Sunset Blvd., Holly-wood 28, California, E.U.A.; 17 Hill-top, Londres, N.W. 11, Inglaterra; 27 Place Saint-Ferdinand, París, Francia Francia.

Assemblea Tenutasi Nel Maggio

del 1958, peril:

CONSIGLIO INTERNAZIONALE PER L'IMPORTA-Zione delle macchine azionate a maneta

Interrogare i membri del "Consiglio Internazionale Per L'Importazione Ed Esportazione Delle Macchine Azionate A Moneta" della Cash Box appartenenti a 43 nazioni in merito all tenuta della prima assemblea nel Maggio del 1958, durante Il Congresso del MOA a Chicago.

CHICAGO—Si sta preparando un questionario che sarà inviato a tutti i membri del "Consiglio Internazionale per l'Importazione ed Esportazione delle macchine azionate a moneta" della Cash Box in 43 nazioni per sapere se vorranno tennere la prima riunione del consiglio a Chicago, Illinois, S.U.A., ai primi di maggio 1958, durante il congresso del MOA (Operatori Musicali di America, Inc.).

Il Congresso del MOA si svolgerà il 6, 7 ed 8 maggio 1958. Non vi è alcun dubbio che, come avvenuto nei congressi precedenti, verranno messe in mostra molte macchine nuove. Ciò è di interesse per tutti gli importatori in tutto il mondo. E di altrettanto grande importanza per gli esportatori, sia degli Stati Uniti che di altre nazioni.

Allo stesso tempo, persone di molte nazionalità vorranno incontrarsi con i fabbricanti primari le fabbriche dei quali si trovano a Chicago. Ciò darà loro la possibilità di conoscere meglio le persone che costruiscono le macchine e che pochi hanno finora conosciuto personalmente.

Speciale Aeroplano Europeo

Grazie ad accordi con una aviolinea internazionale è stato possibile mettere un aeroplano speciale a disposizione dei membri europei del "Consiglio Internazionale per l'Importazione ed Esportazione" della Cash Box. Si può entrare a bordo di questo apparecchio a Parigi un certo giorno e ad una certa ora. Questa aviolinea internazionale ha fatto sapere di essere più che lieta di fare tutti i preparativi necessari perchè i membri europei del consiglio si trovino su questo aeroplano. In tal modo questi membri del "Consiglio Internazionale per l'Importazione ed Esportazione delle Mac-chine azionate a moneta" della Cash Box, potranno fare la conoscenza personale, per la prima volta, anche prima che l'aeroplano atterri negli Stati Uniti.

Queste persone saranno portate in volo direttamente a Chicago, S.U.A. L'aeroplano sarà a loro completa disposizione. Se essi lo desideranno, l'aeroplano sarà pronto, a loro disposizione, a qualsiasi data essi vorranno fissare per il volo di ritorno da Chicago a Parigi, Francia.

Aeroplano Per Il Lontano Oriente

Gli stessi preparativi per un apparecchio speciale si possono anche fare per tutti i membri del Lontano Oriente del "Consiglio Internazionale per l'Importazione ed Esportazione delle Macchine Azionate a Moneta" della Cash Box. Tale aeroplano sarà contento di cominciare il proprio viaggio da qualsiasi città nota del Lontano Oriente. Per esempio, Tokyo, Singapore, Hong Kong, Manilla, perfino Honolulu.

L'aviolinea, l'aeroplano della quale sarà scelto, farà anche i preparativi per provvedere il trasporto per qualsiasi membro del consiglio da qualsiasi città essi risiedano direttamente all'aeroplano speciale che li trasporterà negli Stati Uniti ed alla destinazione di Chicago, S.U.A.

Aeroplano Per L'America Latina

Un aeroplano speciale di base a Lima, Buenos Aires, Rio De Janeiro, Avana o in qualsiasi altra città dell'-America Centrale o Meridionale, con i preparativi per il prelevamento di membri del "Consiglio Internazionale per l'Importazione ed Esportazione di Macchine Azionate a Moneta" della Cash Box da qualsiasi città intermedia e per il trasporto dei membri a Chicago, può anche essere messo a disposizione.

In tal modo, naturalmente, molti importatori dell'America Centrale e Meridonale di macchine azionate a moneta avranno la possibilità di coonscersi meglio durante il percorso di volo da fare prima di arrivare nella sede della prima riunione, Chicago, S.U.A.

Cinque mesi dovranno ancora passare prima che una tale riunione possa avere luogo. Si esprime la sincera speranza che questo tempo sarà suficiente a convocare la grande mag-Internazionale per l'Importazione ed gioranza dei membri del "Consiglio Esportazione delle Macchine Azionate a Moneta" dalle 43 nazioni del mondo. Questo periodo di tempo può non essere molto, in termini di affari internazionali, però molti nutrono la speranza che esso sio più che sufficiente.

Prenotazione Alloggi

Quei membri del "Consiglio Internazionale per l'Importazione ed Esportazione delle Macchine Azionate a Moneta" della Cash Box che vorrebbero trovarsi su questo aeroplano, proveniendo dall'Europa, dall'America Centrale o Meridionale o dal Lontano Oriente, debbono immediatamente rivolgere domanda di prenotazione a: The Cash Box, 32 West Randolph Street, Chicago 1, Illinois, S.U.A.

Oppure a qualsiasi degli uffici della Cash Box: 1721 Broadway, New York 19, S.U.A., 6272 Sunset Boulevard, Hollywood 28, California, U.S. A.; 17 Hilltop, London, N.W. 11, Inghilterra; 27 Place Saint-Ferdinand, Parigi, Francia.

BELGIAN COIN MACHINE FIRMS LOOK FOR BIG BUSINESS BOOM

Expect 1958 World's Fair in Bruxelles to Bring Millions of Visitors from All Over the World. Belgian Operators Prepare for Biggest Boom in All Coin Machine History.

BRUXELLES, BELGIUM — The operators of no other nation in the world are as optimistic for the forth-coming year of 1958 as are the opera-tors of Belgium. Because of the great World's Fair that is scheduled to take place in this city, this year of 1958, with indica-tions that millions of visitors from all over the world will flock to Belgium to see this great World's Fair, coin machine firms are already feverishly preparing for what they believe will be their biggest boom business year. Never before have these coin ma-chine firms competed with such inten-sity for locations where they believe sity for locations where they believe tremendous play action will result for their games and music.

Belgium has been one of the few free trade countries where coin machines of every make and manufacture have been imported for some years. The coin machine business has boomed here at a remarkable pace.

Exports of coin machines of all kinds from Belgium to various other countries throughout Europe are just as great as are the imports.

In fact, exports have been sent all over the known world from this city and from Antwerp and other Belgian centers.

Music operators are coming together to raise the price of the phonograph play so that all will enjoy the greatest possible prosperity during this great Brussel's World's Fair period.

Interest in the World's Fair here has been heightened by the competition between the various nations who are building gigantic and outstanding displays.

Every country of note throughout Europe and all the rest of the world are completing buildings at the fair grounds which are winning tremendous comment because of their beautiful design.

Nor have the Belgian operators been slow in recognizing the great play action possibilities which millions of visitors to the World's Fair in this city will bring about in all of their country.

Many have been preparing ever since the summer of 1957 by purchasing more games and phonographs than ever before in their history.

Where, formerly, most of these would have been sold by the importers in this progressive nation, these men are placing equipment on the best locations first, and then reserving machines they believe they will require when the World's Fair is in full swing.

It is tremendously exhilarating to visit Belgium, especially Bruxelles, and enjoy this feeling and spirit of great anticipation and even greater enterprise.

So many of the coin machine firms so many of the cold machine firms are working at such a tremendously speedy pace that visitors just can't believe their eyes. In every case the air of optimism ranges throughout the entire coin ma-chine industry. Everyona is onthused

ranges throughout the entire coin ma-chine industry. Everyone is enthused over 1958. All look to this year to be the biggest of all business boom years. And, from all present indications, from all advance reports, it seems that the coin machine firms of Bel-gium are not wrong in their estima-tion of the great boom they can look forward to in 1958.

CHICAGO—Lyn Durant, president of United Manufacturing Company, this city, and George A. Miller, na-tional president and managing direc-tor of Music Operators of America, Inc. (MOA), were tied in the voting of the old timers of the industry, mem-bers of the Cash Box' "20 Year Club," for the annual "Gold Coin Award." Because of this a double award will be made this year. One of the "Gold Coin Awards" will go to Lyn Durant and the other to George A. Miller. Both men were accorded this great honor, which can be awarded but once to any person in the industry, by the

votes of the over 1,500 members of The Cash Box' "20-Year Club." There were many who voted for all on the suggested ballot and others who chose but one or two men for the award.

award. Both Lyn Durant and George A. Miller took an early lead in the voting. They maintained this lead right through to the end. They were al-ways within one or two votes of each other

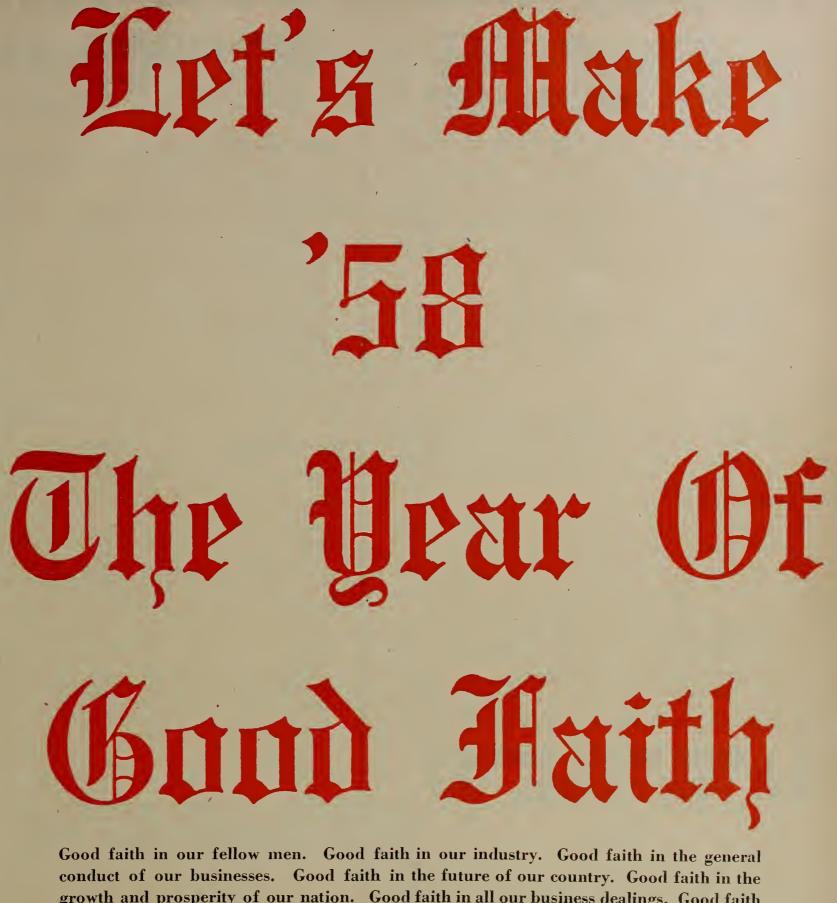

other. For a long while they were tied in the voting and when the final tally was made it was found that, again, they were tied for the honor.

The Cash Box **"INTERNATIONAL QUARTERLY EXPORT EDITION**" ANALYZATION OF THE 3rd QUARTER (JULY, AUG., SEPT., 1957)

Exporters Enjoy Tremendous Volume Sales. First Three **Quarters Of 1957 Exceed All Of 1956. 70,087 Machines** Shipped, Valued At \$19,722,-**057. Third Quarter Sales Top** Second Quarter.

Due to the coverage of the Export market these past years by The Cash Box thru its editorial features and advertising lineage, plus circulation expansion thruout the world, stimulating greater activity and closer cooperation, it is a certainty that no firm, either in the United States or the other countries in the world, is unaware of tremendous importance world-wide sales have played in the expansion of the coin machine industry.

Years ago The Cash Box brought to the attention of the buyers and sellers of coin operated equipment that export of all types of machines from the United States to countries all over the world was a very important phase of their wholesaling business.

As each quarter, and each year rolled along, export of coin operated machines continued to increase-and it appears there will be no let-up in demand by foreign countries for U.S. machines. As a matter of fact, what holds down export at all, is the inability of the American wholesalers and manufacturers to meet the demands by foreign buyers.

As astronomical as the current export statistics reveal, these sales would easily be dwarfed were several of the world's leading markets to open their ports to American coin machines. Eventually these countries will license imports, and those American firms with the export organizations, equipment and proper contacts will be able to develop a really sensational sales outlet.

Statistics revealed in this issue for the 3rd quarter (July, August and September); as well as those for the first three quarters of 1957; paint an amazing picture. Number of units shipped, as well as dollar value, for these first 9 months already exceed the totals for the entire year of 1956 —and 1956 was an exceptionally big year. In 1956, U. S. firms exported a total of 67,111 units valued at \$19,-441,485. In nine months of 1957, exports have already reached a total of 70,087 units valued at \$19,722,057. And there's still another quarter of 1957 to be assessed.

The overall statistics for the 3rd quarter of 1957 (July, August and September) brings to light some interesting facts. During this period exporters bought less units than the previous quarter (April, May and June) -22,305 in the 3rd quarter compared to 25,134 in the 2nd quarter; but spent more money-\$7,247,739 compared to \$6,411,073 in the 2nd quarter. In other words, during the months of July, August and September, importers bought 2,829 less units, but paid \$636,666 more for them. This condition is obvious when all the statistics are studied: Importers bought considerably more music machines, and less games and vendors. Foreign firms advise they would be willing to purchase more games, but they just weren't available during this period.

An analysis of the various types of equipment exported for this 3rd quarter-phonographs, amusement machines and vending machines, discloses:

1) Phonographs: Importers bought more machines and spent more money than they did in the previous three months. In the 3rd quarter, U. S. firms shipped 7,677 units valued at \$5,000,385 compared to 5,984 units valued at \$3,873,955 in the 2nd quarter. As usual, Europe was the biggest buyer-consuming 4,473 units valued at \$2,760,669; with Belgium top importer and West Germany next. North and Central America was the 2nd ranking continent, with Mexico, Canada and Cuba the big buyers in

that order. In South America, the big importing country is Venezuela.

2) Amusement Machines: In the games division, for this 3rd quarter, importers purchased less units and spent less money than they did in the 2nd quarter. U. S. firms shipped 8,129 units valued at \$1,637,226 compared with 2nd quarter exports of 10,733 units valued at \$2,015,000. This slideoff was due to scarcity of used games in the U.S. Here too, once again, Europe was the biggest importer, with Italy spending the most money \$567,420 for 2,209 units. Second European importing country was Belgium, buying more machines than Italy, 2,886, but spending less dollars, \$387,591. The reason for above is that Italy bought more new amusement machines. The area of North and Central America was next biggest importer, with Canada and Cuba leading in that order.

3) Vending Machines: U. S. exports of vending machines dropped off in units, compared with the 2nd quarter, but brought more dollars. In the previous quarter 8,417 units valued at \$522,118 were shipped compared with 6,499 units valued at \$610,128 for the 3rd quarter. North and Central America area was the big buyer, with Canada buying most of the machines.

Activities of the manufacturers during the past quarter (October, November and December)

AMI, Inc., Grand Rapids, Michigan, with its "H" model phonographs, in 200, 120 and 100 selections, an established winner, brought out a "H-200M" model, featuring mechanical operation, and which cannot be util-ized for Wall Box installations, but which lists for less money than the electrical "H-200" model.

Auto-Photo Company, Los Angeles, California, introduced its new model "14" automatic photograph machine with newly designed, attractive cabinet.

Bally Manufacturing Company, Chicago, Illinois, keeps its large factory busy producing "ABC Super De-Luxe Bowler", a puck shuffle game; "Sun Valley", in-line amusement machine; and its steady selling line of Kiddie Rides. Introduced this past quarter "Carnival" a 5-ball pinball; and "Strike-Bowler", ball bowler in 11 ft., 14 ft., and 18 ft., featuring a playfield without switches or contacts.

Bally Vending Corporation, Chi-cago, Illinois, continues on its model "587" combination beverage vending machine, which dispenses hot and cold drinks with 8 selections. Chicago Coin Machine (Division of Chicago Dynamic Industries, Inc.), Chicago, Illinois, brought out a new ball bowler, "TV Bowling League", which hasn't any contacts on the play-field; and introduced its sensational "Commando Machine Gun", which was

a tremendous hit at the December Park Show in Chicago.

Exhibit Supply, Chicago, Illinois, continues producing arcade machines, card venders and picture postcards.

card venders and picture postcards. J. F. Frantz Manufacturing Com-pany, Chicago, Illinois, altho busy shipping its regular products "A.B.T. Guesser Scale", "A.B.T. Rifle Sports Gallery", "A.B.T. Challenger", "Kick-er & Catcher", and "Pace Aristo Scale"; introduced "Vibrator Scale" and "Vibrator Attachment" (converts scale into 5¢-1¢ vibrator scale).

Games, Inc., Chicago, Illinois, with its larger and modern facilities at its new quarters, brought out "Hole-In-One", a skill golf amusement game.

Genco Manufacturing, Chicago, Illinois, introduced 2 new items this pe-riod—"Motorama", a skill novelty amusement machine; and its first pin-ball game in years "Showboat". Firm advises it will continue to bring the trade pinball games trade pinball games.

D. Gottlieb & Company, Chicago, Illinois, continuing on its long estab-lished production of pinball machines, introduced "Silver", a 5-ball game; and "Falstaff", a 5-ball 4-player pin-ball ball.

The Irving Kaye Company, Brook-lyn, N. Y., continues in production of its "El Dorado" pool game; and intro-duced "DeLuxe Competitor" (6-pocket pool game); "Kaye's 4-Pocket" pool game; "Jumbo Hockey", a hockey amusement machine; and "Melody Tower", a music machine accessory.

J. H. Keeney & Company, Chicago, Illinois, keeps its production lines busy supplying its "Riviera 22" cigar-ette machine, as well as its Coffee, Soup, Coffee and Chocolate, and Cold Drink vendors.

Rock-Ola Manufacturing Corpora-tion, Chicago, Illinois, busy supply-ing its current line of phonographs: model "1455" (200 selections); model "1458" (120 selections); and model "1452" (50 selections).

J. P. Seeburg, Chicago, Illinois, still producing quantities of its "KD-200" (200 selections featuring dual pric-ing); and "100-L" (100 selections).

Standard-Harvey Metal Typer, Inc., Chicago, Illinois, producing a new counter for its identification disc vending machine.

vending machine. United Manufacturing Company, Chicago, Illinois, one of the leading and biggest of manufacturers, brings the trade "6 Star Shuffle Alley" (puck shuffle game); and "Royal Bowling Alley", ball bowler without switches on playfield. Comes in 13 ft., 16 ft., 17 ft., and 20 ft. lengths. United Music Corporation, Chicago, Illinois, continues shipping its "UPA-100" model phonograph. Y., continues produc-tion of one of its best selling phono-graphs, series "2100"—model "2100" (200 selections); model "2150" (200 selections, medium priced); and mod-el "2104" (104 selections), all featur-ing the 50¢ coin play.

The Cash Box **"INTERNATIONALE VIERTELJAHRLICHE EXPORTAUSGABE**" **ANALYSE DES DRITTEN VIERTELJAHRES (JULI, AUGUST, SEPT., 1957)**

Die exporteure erfreuen sich der grössten umsätze. Die ersten drei viertljahre von 1957 übertreffen das ganze jahr 1956. 70.087 automaten verschifft, im werte von \$19.722.057. Verkaufsziffern des dritten vierteljahrs übersteigen die des zweiten.

Durch die Ausfuhrmarktberichte von The Cash Box während der letzten Ausfuhrmarktberichte von The Cash Box während der letzten Jahre, durch seine Leitartikel und reichhaltigen Anzeigen, wie auch durch seine Verbreitung in aller Welt, die überall Hochbetrieb und engere Zusammenarbeit anregten, steht es fest, dass keiner Firma in den U. S. A. oder in anderen Ländern der Welt die ausschlaggebenede Rolle, welche die weltweiten Umsätze in der Ausbrei-tung der münzautomatischen Indus-trie gespielt haben, unbekannt geb-lieben ist. Schon vor Jahren machte The Cash

Schon vor Jahren machte The Cash Box die Käufer und Verkäufer von Münzautomaten-Ausrüstungen darauf aufmerksam, dass die Ausfuhr aller Arten von Automaten aus den U. S. A. nach aller Herren Länder eine sehr wichtige Phase ihres Groshandels darstelle. Jedes

darstelle. Jedes Vierteljahr—jedes Jahr— stiegen die Ausfuhrziffern der Münz-automaten ständig an, und es scheint jetzt festzustehen, dass die Nach-frage nach U.S.A.-Apparaten im Auslande nicht abnehmen wird. Es ist vielmehr eine Tatsache, dass die Ausfuhr lediglich durch das Unver-mögen der amerikanischen Gross-händler und Hersteller, der Nach-frage des Auslands gerecht zu wer-den, gehemmt wird.

den, gehemmt wird. Wie astronomisch Wie astronomisch die Ausfuhrzif-fern derzeit auch erscheinen mögen, würden sie nur zu leicht zwerghaft erscheinen, wenn weitere Weltmärkte ihre Häfen der Einfuhr von amerikan-ischen Münzautomaten öffnen würden. Schliesslich werden diese Länder aber doch eine solche Einfuhr genehmigen müssen, und den amerikanischen Fir-men, welche ihren Ausfuhrbetrieb, ihre Ausrüstungen und ihre Verbin-dungen bereits richtig aufgebaut ha-ben, wird es dann möglich sein, wahr-haft sensationalle Absatzgebiete auf-zuschliessen. astronomisch die Ausfuhrzifzuschliessen.

Die in dieser Ausgabe des dritten Vierteljahres (Juli, August und Sep-tember 1957) abgedruckte Statistik wie auch die Statistiken aller drei ersten Vierteljahre d. J. 1957 zeigen ein erstaunliches Bild. Die Anzahl der verschifften Automaten wie auch ihr Dollarwert für das ganze Jahr 1956—wobei 1956 ein ausnehmend er-folgreiches Jahr war! Im Jahre 1956 exportierten U. S. A.-Firmen insge-samt 67,111 Automaten im Werte von \$19.441.485. In neun Monaten d. J. 1957 erreichten die Ausfuhrziffern be-reits eine Höhe von insgesamt 70.087 Automaten im Werte von \$19.722.057. Ein weiteres Vierteljahr von 1957 ist aber noch einzuschätzen! Die Gesamtstatistik für das dritte

vierteljahr von 1957 (Juli, August und September) bringt einige interessante Tatsachen ans Licht. Während dieser Zeitspanne kauften die Exporteure weniger Automaten, was die Stück-zahl anbetrifft, als im vorhergehenden Vierteljahr (April, Mai und Juni)-22.305 im 3. Vierteljahr im Vergleich mit 25.134 im 2. Vieteljahr; sie haben aber mehr Geld ausgegeben, und zwar \$1.247.739 im Vergleich mit \$6.411.073 im 2. Vierteljahr. In anderen Worten kauften die Importeure während der Monate Juli, August und September, was die Stückzahl anbelangt, 2.829 weniger Automaten, zahlten aber \$636,666 mehr für dieselben. Wenn man alle Statistiken studiert, so findet man warum: die Importeure kauften eine grössere Anzahl von Musikauto-maten und weniger Spiele und Ver-kaufsautomaten. Die Auslandfirmen gaben jedoch an, dass sie gerne mehr Spiele gekauft hätten, doch waren sie während dieser Zeitspanne einfach unerhältlich.

unernaltlich. Die Analyse der verschiedenen im 3. Vierteljahr ausgeführten Ausrüs-tugen — Plattenspieler, Unterhal-tungsspiele und Verkaufsautomaten… ergibt das folgende Bild:

ergibt das folgende Bild: 1) Plattenspieler: Die Importeure kauften mehr Automaten und gaben mehr Geld aus als in den vorherge-henden drei Monaten. Im 3. Vieterl-jahr verschifften U.S.A.-Firmen 7.677 Apparate im Werte von \$5.000.385 im Vergleich mit 5.984 Apparaten im Werte von \$3.873.955 im 2. Viertel-jahr. Wie gewöhnlich war Europe der grösste Abnehmer: 4,473 Auto-maten im Werte von \$2.760.669; dabei stand Belgien an der Spitze und West Deutschland an zweiter Stelle. Nord-und Zentral-America nahmen als Kon-tinent die zweite Stelle ein, mit Kan-ada als dem führenden Grossabnehner, gefolgt von Kuba. In Süd-Amerika war Venezuela dos grösste Einfuhr-land. 2) Unterhaltungs-Automaten: Im 3

land. 2) Unterhaltungs-Automaten: Im 3. and.
2) Unterhaltungs-Automaten: Im 3.
Vierteljahr kauften die Importeure weniger Unterhaltungsspiele und gaben weniger Geld aus, als im 2.
Vierteljahr. U. S. A.-Firmen ver-schifften 8.129 Spiele im Werte von \$1.637.226—im Vergleich mit einer Ausfuhr im 2. Vierteljahr von einer Stückzahl von 10.733 im Werte von \$2.015.000,-. Dieser Rückschlag war die Folge der Knappheit an gebrauch-ten Spielen in den U. S. A. Die Ein-fuhr nach Europa war wieder die grösste; Italien stand mit der Aus-gabe von \$567.420— für 2.209 Auto-maten an der Spitze. Das zweite eu-ropäische Einfuhrland war Belgien: es kaufte mehr Apparate als Italien,

und zwar 2.886, gab aber weniger Dollar aus: 5387.591—. Der Grund dafür war, dass Italien eine grössere Anzahl von neuen Maschinen Kaufte. Das Gebiet von Nord- und Zentral-Amerika war des nächstgrösste in der Einfuhr, mit Kanada and der Spitze, gefolgt von Kuba. 3) Verkaufsautomaten: Die Aus-fuhr von Verkausautomaten aus den Vereinigten Staaten ging verglichen mit dem 2. Vierteljahr in der Stück-zahl zurück, brachte aber mehr Dollar ein. Im Vorhergehenden Vierteljahr waren 8.417 Automaten im Werte von \$522.118—verschifft worden im Ver-gleich mit einer Stückzahl von 6.499 im Werte von \$610.128— im 3. Vier-teljahr. Das grösste Ankaufgebiet war Nord- und Zentral-Amerika; Kanada kaufte die meisten Apparate.

Die Tätigkeit der Hersteller während dem letzen Vierteljahr (Oktober, November und Dezember)

Dezember) Die Fa. AMI, Inc., Grand Rapids, Michigan, deren "H"-Modell—Platten-spieler mit 200, 120 und 100 Aus-wahlstücken führend sind, brachte ihr "H-200M"-Modell heraus, das mit me-chanischem Betrieb ausgestattet ist und das nicht mit Wanddoseninstal-lationen benutzt werden kann, das aber weniger kostet als das elek-trische "H-200"-Modell. Die Auto-Photo Company, Los An-geles, Kalifornien, brachte ihren neu-en automatischen Plattenspieler, Mo-del "14" in einem neuentworfenen, gutaussehenden Schrank auf den Markt. Die Bally Manufacturing Company, Chicago, Illinois, ist vollbeschäftigt in ihrer grossen Fabrik mit der Her-stellung von "ABC Super De-Luxe Bowler", einem Scheiben-Shuffle-Spiel; "Sun-Valley"; einem "in-line" Unterhaltungsautomaten; und den Kinder-Ritten und Fahrten, die nach wie vor guten Absatz finden. Neuher-ausgebracht wurden in diesem letzten Vierteljahr: "Carnival", ein 5-Ball-Pinbal-Spiel und "Strike-Bowler", ein Ball-Kegelspiel in Grössen vonn 11, 14, und 18 Fuss, ausgestatten mit einem Spielfeld ohne Schalter oder Kontakte. Die Fa. Exhibit Supply, Chicago, Ilinois, fährt damit fort, Arkaden-Automaten, Karten- und Ansichtskar-ten-Verkaufsmaschinen herzustellen.
Die J. F. Frantz Manufacturing Company, Chicago, Illinois, trotz ihrer Geschäftigkeit in der Lieferung ihrer bisherigen Produkte: "A. B. T. Guess-er Scale", "A. B. T. Rifle Sports Gal-lery", "A. B. The Cash Box "EDITION INTERNATIONALE TRIMESTRIELLE D'EXPORTATIONS" ANALYSE DU TROISIEME TRIMESTRE (Juillet, Aout, Septembre, 1957)

Les exportateurs ont eu un volume de ventes extraordinaire. Les premiers trois trimestres de 1957 ont depasse tout 1956. 70.087 machines expediees, s'evaluant a \$19.722.057. Les ventes du troisieme trimestre surpassent celles du second trimestre.

Ces dernières années, The Cash Box a couvert tout le marché exportation avec ses articles éditoriaux, ainsi que ses lignes publicitaires. Et, du fait du développement de sa circulation à travers le monde, encourageant une plus grande activité et une cooperation plus étroite, il est certain qu'aucune firme, fût-elle américaine ou de toute autre pays, ignore l'importance énorme des ventes mondiales dans l'expansion de l'industrie de la machine à distribution automatique.

Il y a quelques années, "The Cash Box" a attiré l'attention des acheteurs et vendeurs d'équipements à distribution automatique.

Il y a quelques années, The Cash Box a attiré l'attention des acheteurs et vendeurs d'équipements à distribution automatique, que les exportations de tous genres de machines des Etats-Unis vers les payls du monte entier, étaient une phase très importante de leurs affaires de masse.

leurs affaires de masse. Avec chaque trimestre, et chaque année qui se sont écoulés, les exportations de la machine distributrice ont continué à augmenter—et il semble qu'il n'y aura pas de relachement dans la demande de machines américaines par les pay étrangers. En fait, ce qui restreint les exportations, c'est qu'il est impossible pour les fabricants et les vendeurs américaines de faire fasse à la gross edemande des acheteurs étrangers.

acheteurs étrangers. Aussi grandes que se révèlent les statistiques des exportations courantes, celles-ci sembleraient petites si plusieurs des marchés dominants du monde voulaient ouvrir leurs ports à la machine à distribution automatique américaine. Eventuellement ces marchés accorderont des licences d'importation, et les Maisons américaines étant bien organisés pour exporter, avec l'équipement et les contacts nécessaires, seront à même de développer un volume de ventes réellement sensationnel. Les statistiques mentionnées dans

Les statistiques mentionnées dans cette publication pour le troisième trimestre (Juillet, Aout et Septembre), ainsi que celles des trois premiers trimestres, dressent un tableau fantastique. Le nombre d'expéditions, ainsi leur valeur en dollars, pendant ces neuf premiers mois, a déjà surpassé le total de l'année entiere de 1956-et 1956 a été elle-même une année exceptionnellement forte: les firmes américaines ont exporté un total de 67,111 machines, s'évaluant à \$19.441.485. Dans les neuf mois de 1957, les exportations ont déjé atteint

un total de 70.087 unités, s'évaluant à \$19.722.057. Eet il faut encore attendre les résultats du dernier trimestre 1957, qui viendront s'ajouter à ces chiffres.

L'ensemble des satistiques du troisiéme trimestre de 1957 (Juillet, Aout et Septembre) met en relief des faits très intéressants. Durant cette période, les exportateurs ont acheté moins de machines que pendant le trimestre précédent (Avril, Mai, Juin)—22.305 pour le troisième trimestre comparé à 25.134 dans le second trimestre, mais ont dépensé plus—\$7.247.739, comparé à \$6.411.073 dans le deuxième trimestre. En d'autres termes, pendant les mois de Juillet, Aout et Septembre, les importateurs ont acheté 2.829 unités de moins, mais ont payé \$636.-666 de plus pour les machines. Ce qui ressort de cette constation est évident: Les importateurs ont acheté beaucoup plus de machines de musique, et moins de machines de jeux et machinesvendeuses. Les Maisons étrangères disent qu'elles auraient voulu acheter plus de jeux, mais qu'ils n'étaient pas disponibles pendant cette période.

Une analyse des types variés d'équipment exportés pendant le troisième trimestre — phonographes, amusement, machines distributricesvendeuses,—révèle:

1) Phonographes: Les importateurs ont acheté plus de machines et dépensé plus d'argent qu'ils le firent dans les trois mois antérieurs. Durant le troisième trimestre, les firmes américaines ont expédié 7.677 unités s'évaluant à \$5.000.385, comparé à 5.984 unités s'évaluant à \$3.873.955 pour le deuxième trimestre. Comme d'habitude, l'Europe a été le plus grand acheteur—consommant 4.473 unités s'évaluant à \$2.760.669, avec la Belgique en tête des importateurs, et l'Allemagne de l'Quest ensuite. L'Amérique du Nord et Centrale fûrent le deuxième continent, ayant comme gros acheteurs le Mexique, le Canada, et Cuba, par order. Dans l'Amérique du Sud, le pays d'importations le plus fort est le Venezuela.

tions le plus fort est le Venezuela. 2) Machines de Jeux: Dans la branche des jeux, pendant ce troisiéme trimestre, les importateurs onr acheté moins de machines et dépensé moins qu'ils le firent durant le deuxième trimestre. Les firmes américaines ont expédié 8.129 unités s'évaluant à \$1.637.226, comparé avec 10.723 machines d'une valeur de \$2.015.000 pendant le deuxième trimestre. Cette diminution est dûe à la rareté des machines de seconde-main aux Etats-

Unis. Ici également, de nouveau l'Europe a été le gros acheteur, l'Italie étant le pays dépassant le plus: \$567.-420 pour 2.209 unités. Le second pays européen importateur fut le Belgique, achetant plus de machines que l'Italie, 2.886, mais dépensant moins de dollars, \$387.591. La raison de ce qui précède est que l'Italie a acheté plus de machines de jeux neuves. Les régionsde l'Amérique du Nord, et de l'Amérique centrale, furent les seconds plus grands importateurs, avec le Canada et Cuba en tête, dans cet ordre.

3) Machines A Distribution Automatique: Les exportations américaines de machines distributrices on diminué en unités, comparé avec le second trimestre, mais ont rapporté plus de dollars. Durant le trimestre précédent, 8.417 unités furent expédiées pour une valeur de \$522.118, se comparant avec 6.499 unités évaluées à \$610.128, pour le troisième trimestre. Les régions d'Amérique du. Nord et Centrale furent les meilleurs acheteurs, le Canada achetant le plus de machines.

Activite Des Fabricants Durant Ce Trimestre (Octobre, Novembre Et Decembre)

Watling Manufacturing Corporation, Chicago, Illinois: fabricant établi depuis longtemps dans le production de balances, continue à expédier à ses clients du monde entier, sa balance "Penny Fortune Scale."

Williams Manufacturing Company, Chicago, Illinois: a sorti ses nouveaux jeux de pinball à 5 balles, "Reno," "Steeplechase," et "Jig Saw."

The Wurlitzer Company, North Tonawanda, N. Y., continue la fabrication d'un de ses meilleurs phonographes à succès, séries "2100"—modéle "2100" (200 disques); modéle "2150" (200 disques, de prix moyen); et modéle "2104" (104 disques); tous ceux-ci fonctionnant avec une pièce de 50¢.

Los Exportadores Logran una Enorme Cifra de Ventas. Los Tres Primeros **Trimstres de 1957 Superan el Total** en 1956. Se Despacharon 70.087 Maguinas por Valor de \$19.722.057. Las Ventas del Tercer Trimestre Exceden las del Segundo.

Gracias a la extensa información acerca del mercado de exportación proporcionada por The Cash Box duractorea de marcado de exportación proporcionada por The Cash Box dur-antelos últimos años por medio de sus editoriales y anuncios, además de la mayor circulación en todas partes del mundo, que han contribuido a fomen-tar las actividades y a estrechar la cooperación, es indudable que ninguna empresa de los Estados Unidos ni de los demás países del mundo desconoce la tremenda importancia que las ven-tas mundiales han desempeñado en la expansión de la industria de máquinas accionadas por monedas. Hace años que The Cash Box ad-virtió a los compradores y vendores de máquinas accionadas por monedas que la exportación de toda clase de equipos de los Estados Unidos a otros países en todo el mundo constituía una fase muy importante de sus nego-cios al por mayor. En el curso de cada trimestre y de

cios al por mayor. En el curso de cada trimestre y de cada año, las exportaciones de áquinas accionadas por monedas continuó en eumento y al parecer, la demanda de máquinas de los Estados Unidos en poísos eutropismos recorso de margal maquinas de los Estados Unidos en países extranjeros no cesa. La verdad del caso es que lo único que lo único que mantiene más bajas las exporta-ciones es la imposibilidad de los mayoristas y fabricantes de los Esta-dos Unidos de satisfacer las demandas de los compradores extranjeros. Aunque las estadísticas actuales revelan cifras descomunales, las ven-tas serían mucho mayores si algunos de los más importantes mercados del

de los más importantes mercados del mundo abrieran sus puertas a las máquinas norteamericanas accionadas por monedas. Sin embargo, tarde o temprano estos países expedirán licen-cias de importación y en ese caso, las empresas de los Estados Unidos que dispongan de facilidades para la ex-portación, de equipo necesario y de buenas relaciones, lograrán desarrol-lar negocios de grandes proporciones. Las estadísticas presentadas en esta edición y correspondientes al tercer trimestre (Julio, agosto y septiembre), así como las de los tres primeros tri-mestres de 1957, ofrecen un cuadro múy interesante. Tanto el número de máquinas despachadas como el valor en dólares correspondientes a estos primeros 9 meses, sobrepasan ya a los totales del año excepcional. En 1956, las firmas de los Estados Unidos exportaron un total de 67.111 unidades por valor de \$19.441.485. Durante los últimos nueve meses de 1957, las ex-portaciones han llegado ya a un total

de 70.087 unidades valoradas en \$19.-722.057. Y aun falta otro trimestre de 1957 per contar.

de 70.087 unidades valoradas en \$19.-722.057. Y aun falta otro trimestre de 1957 per contar. Las estadísticas totales correspondi-entes al tercer trimestre de 1957 (julio, agosto y septiembre), traen a luz algunos datos de interés. Dur-ante este período, los exportadores compraron menos unidades que en el trimestre anterior (abril, mayo y junio)—22.305 en el tercer trimestre, en contraste con 25.134 en el segundo, pero gastaron más dinero—\$7.247.739, en comparición con \$6.411.073 en el segundo trimestre. En otras palabras, durante los meses de julio, agosto y septiembre los importadores compra-ron 2.829 menos unidades, pero paga-ron \$636.666 más por ellas. Este estado de cosas es obvio si se analizan las estadísticas. Por ejemplo, los importa-dores compraron muchas más máqui-nas musicales y menos juegos y má-quinas expendedoras. Las casas ex-tranjeras manifiestan que estarían dispuestas a comprar más juegos, pero que no pudieron conseguirlos durante diversión y aparatos de expendio— revela lo siguiente: 1) Fonógrafos: Los importadores compraron más máquinas e invirtieron más dinero que en los tres meses an-teriores. En el tercer trimestre, los exportadores norteamericanos des-pacharon 7.677 unidades por valor dex \$5.000.385, en comparación con 5.984 unidades por valor de \$3.873.955 des-pachadas en el segundo trimestre. Como de costumbre, Europa fué el mayor comprador, importando 4.473 unidades valoradas en \$2.760.669, ocupando Bélgica el primer lugar y Alemania Occidental el segundo. Norte y Centro América vienen después, siendo los más importantes compra-dores Méjico, el Canadá y Cuba, en ese orden. En la América del Sur el major cliente fué Venezuela. 2) Máquinas de Diversión: En la división de juegos, los importadores compraron menos unidades per valor de \$1.637.226, en comparación 10.733 unidades por valor de \$2.015.000 ex-portadas en el segundo trimestre. Este reducción fué debida a la escasez de juegos usados en los Estados Unidos.

En este caso, Europa fué también el-importador más importante e Italia invirtió la mayor suma de dinero-\$567.420 por 2.209 unidades. El seg-undo lugar como importador fué ocu-pado por Bélgica, la cual compró más máquinas que Italia, pero invirtió menos dólares-\$387.591. Este se debe a que dicho país compró más máquinas de diversión nuevas. Las Américas del Norte y del Centro ocuparon el seg-undo lugar como compradores, siendo el Canadá y Cuba los clientes más importantes, en ese orden. 3) Máquinas Expendidoras: Las ex-portaciones de máquinas expendidoras

3) Máquinas Expendidoras: Las exportaciones de máquinas expendidoras de los Estados Unidos bajaron en lo que respecta al número de unidades, en comparación con las del segundo trimestre, pero fueron mayores en dólares. En el trimestre anterior se despacharon 8.417 unidades por valor de \$610.128, en contraste con 6.499 unidades por valor de \$610.128 en el tercer trimestre. La zona de Norte y Centroamérica fué el cliente principal y el Canadá fué el más importante comprador de máquinas.

The Cash Box **"EDIZIONE PER L'ESPORTAZIONE** 15 **INTERNAZIONALE TRIMESTRALE**" ANALISI DEL TERZO TRIMESTRE (LUGLIO, AGOSTO E SETTEMBRE 1957)

Gli esportatori hanno un enorme volume di vendite. I primi tre trimestri del 1957 superano tutto l'anno 1956. Sono state spedite 70.087 macchine per un valore di \$19.722.057. Le vendite del terzo trimestre superano quelle del secondo trimestre.

Grazie all a trattazione del mercato di esportazione in questi ultimi anni da parte della The Cash Box con ar-ticoli di fondo e con lo spazio riser-vato alla pubblicità, nonchè all'espan-sione della sua tiratura in tutto il mondo, con conseguente stimollo ad una maggiore attività e una più stret-ta collaborazione, sussiste la certezza che nessuna ditta degli Stati Uniti o delle altre nazioni del mondo sia all'-oscuro dell'immensa importanza reci-tata dalle vendite in tutto il mondo nel processo di espannsione dell'in-dustria delle distributrici automatiche. Anni fa la The Cash Box richiamò Grazie all a trattazione del mercato

Anni fa la The Cash Box richiamò l'attenzione di compratori e venditori di macchinari per la distribuzione au-tomatica azionati da monete sul fatto che l'esportazione di macchine di ogni tipo dagli Stati Uniti alle nazioni di tutto il mondo era una fase molto im-portante del loro commercio all'ingrosso.

grosso. Con il passare di ogni trimestre e de ogni anno, l'esportazione di dis-tributrici automatiche continuò ad aumentare e sembra che la richiesta di macchinario statunitense da parte di nazioni estere non diminuirà. Anzi, il fattore che limita le esportazioni è proprio l'incapacità dei fabbricanti e venditori all'ingrosso degli Stati Uniti a soddisfare le richieste dei compratori esteri. compratori esteri. Per quanto le attuali statistiche di esportazione rivelino l'astronomicità delle vendite, essa aumenterebbe di gran lunga se diversi dei mercati più importanti del mondo aprissero i propri porti alle distributrici auto-matiche americane. E prevedibile che un giorno queste nazioni permetteran-no le importazioni e le ditte ameri-cane con organizzazioni, attrezzature e relazioni adatte per l'esportazione saranno in grado di assicurarsi uno smercio di vendita veramente stra-ordinario. ordinario.

ordinario. Le statistiche rivelate in questo nu-mero del terzo trimstre (luglio, agosto e settembre), come pure quelle dei primi tre trimestri del 1957 fornis-cono un quadro stupefacente. Il nu-mero di unità spedite, come pure il valore in dollari per questi primi nove mesi già superano i totali dell'intero anno 1956, ed il 1956 fu un anno par-ticolarmente favorevole. Nel 1956 le ditte statunitensi hanno esportato un ottale di 67.111 unità valutate a 19.441.485 dollari. Nei primi nove mesi del 1957 le esportazioni hanno già raggiunto il totale di 70.087 unitè per un valore di 19.722.057 dollari. E vi è ancora un altro tremestre del

1957 da conteggiare.

La statistica generale del terzo tri-mestre del 1957 (luglio, agosto e set-tembre) mette in luce alcuni fatti inmestre del 1551 (nghi, agosto e sec tembre) mette in luce alcuni fatti in-teressanti. Durante questo periodo gli esportatori hanno acquistato un nu-mero di unità inferiore a quello del trimestre precedente (aprile, maggio e giugno), 22.305 nel terzo trimestre, paragonato a 25.134 del secondo tri-mestre; però hanno speso più danaro, 7.247.739 dollari, paragonato a 6.411.-073dollari del secondo trimestre. In altre parole, durante i mesi di luglio, agosto e settembre gli importatori hanno acquistato 2.829 unità in meno, pagando però per esse 636.666 dollari di più. Questo particolare è evidente quando si studiano tutte le statistiche: gli importatori hanno acquistato un numero considerevolmente maggiore di macchine musicali ed un numero di macchine musicali ed un numero minore di giuochi e di macchine per la vendita automatica. Ditte straniere comunicano che sarebbero disposte ad acquistare un numero più grande di macchine per giuochi, però queste non sono state disponibili durante questo periodo.

Un'analisi dei vari tipi di macchin-ario esportato in questo terzo tri-mestre, fonografi, macchine per di-vertimento e per la vendita automatica,

1) Fonografi: gli importatori hanno acquistato più danaro di quanto non abbiano fatto nei tre mesi precedenti. Nel terzo trimestre le ditte statunitensi hanno spedito 7.677 unità valutate a 5.00038 dollari paragonato a 5.984 unità valutate a 3.875.955 dollari del secondo trimestre. Come al solito, l'Europa ê stata la maggiore acquirente, avendo assorbito 4.473 unità valutate a 2.760.669 dollari, con il Belgio in testa alla classifica dei compratori seguito dalla Germania. L'America del Nord e l'America Centrale è stata al secondo posto per continenti e la classifica per nazioni acquirenti ha visto il Messico precedere il Canadà e Cuba. Nel Sud America, la prima nazione importatrice è stato il Venezuela.

2) Macchine per divertimento: nel reparto giuochi, nel terzo trimestre, gli importatori hanno acquistato un numero minore di unità ed hanno speso meno danaro di quanto non abbiano fatto nel secondo trimestre. Le ditte statunitensi hanno spedito 8.129 unità valutate a 1.637.226 dollari, paragonato alle esportazioni del secondo agonato alle esportazioni del secondo trimestre di 10.733 unità valutate a 2.015.000 dollari. Questa diminuzione è stata dovuta alla scarsezza di

giuochi usati negli Stati Uniti. Anche in questa categorîa, l'Europa è stata la maggiore importatrice e l'Italia è stata la nazione che abbia spenso di più, 567.420 dollari per 2.209 unità. Nel trimestre precedente sono state spe-dite 8.417 unità valutate a 522.118 dollari, invece delle 6.499 unità valu-tate a 610.128 dollari del terzo tri-mestre. Il maggiore acquirente è stata la zona dell'America Settentrionale e Centrale e la nazione che ha com-perato il maggiore numero di mac-chines è stato il Canadà.

The Publisher of The Cash Box Interviewed **MR. GERSH:**

The Idea of a World Council for the Coin Machine Trade has been received everywhere enthusiastically.

Americans are pleased to be called "the Romans of the modern world," and Mr. William Gersh, the publisher of the American trade magaznie, "The Cash Box," is no doubt of the opinion that his countrymen deserve this honorable name due to the fact that they know how to manufacture coin machines of unexcelled and sound workmanship, which fact refers now to music boxes, inline games, flippers, bowling-alleys, as well as to merchandise distributing machines. For Mr. Gersh there is nothing more important in the whole world than "coin machines."

Meeting: "Cash Box" "Automaat"

Our Editor in Chief had a very interesting talk with Bill Gersh, the publisher of the leading profes-sional paper of the coin machine trade, the Cash Box.

Mr. Gersh was very much pleased to be interviewed by the head of a paper of the same trade, and he created an active interest of our magazine for his idea of a World Council for the coin machine trade, "International Coin Machine Export-Import Council."

In the Amstel Hotel in Amsterdam, we had a discussion, which lasted many hours, with this outstanding propagandist of the coin machine trade. He is now touring the entire world, in the company of his wife, in order to awake interest for his idea to create a world council for the coin machine trade. This new organization, "International Coin Machine Export-Import Council", has the purpose to create a closer cooperation between the exporters and importers of automatic machines.

Mr. Gersh was very much pleased that the editor-in-chief and a few coworkers of "De Automaat" paid him a visit and what's more, that they actively endorsed his endeavors. Mr. Gersh stated with pride how much enthusiasm he had met already for his idea in Europe.

In London, for instance, he had first discussed this matter with representatives of the British organizations.

Then he was in Paris, where especially the gentlemen of Socodimex, voiced their approval of his idea.

Likewise in Brussels, people promised him all possible cooperation. In Antwerpen and in Amsterdam he

had found a very favorable reception. His itinerary leads him on to Stock-

holm, Copenhagen, Hamburg, Frankfort, Zurich, Geneva, Milan, Turin,

Florence, Rome, Tel Aviv, Madrid and Lisbon.

Around Christmas, he plans to be back in Chicago. But immediately after New Year, Mr. Gersh will take a plane to Singapore, Hong Kong and Tokyo. Then he plans to visit Latin America, in order to make contacts and to create interest for this world council.

"Do you know", Mr. Gersh asked us, "that my paper, 'The Cash Box' took, nine years ago, the initiative in founding the Music Operators Organization, the M.O.A.? At that time, it was an internal matter of the American operators. Now, however, it is an urgent question in the field of the import and export of coin machines that international cooperation is created.

"Again, it was 'The Cash Box' which gave the initiative for a World Council. We expected to find in America interest for this idea. But that we would find such a warm reception in Europe, we had not expected."

We asked him whether he planned to hold the first meeting of the world council for importers and exporters in Paris this fall.

"Actually this was planned originally", replied Mr. Gersh, "but upon further consideration and after hearing the opinions here in Europe, we

In het Amstelhotel te Amsterdam hebben wij een urenlang gesprek gehad met deze merkwaardige propagandist voor de muntmachines, die momenteel, in gezelschap van zijn echtgenote, de gehele wereld afreist, teneinde belangstelling te wekken voor zijn idee tot het stichten van een wereldraad voor muntmachines, welke nieuwe organisatie ten doel heeft beter onderling begrip in het automatenbedrijf te bevorderen.

De heer Gersh stelde het zeer op prijs dat onze hoofdredacteur en enkele medewerkers aan "De Automaat" hem een bezoek brachten en daadwerkelijke instemming hadden betoond met zijn streven. Met trots vertelde de heer Gersh hoeveel geestdrift hij in Europa reeds voor zijn idee had ontmoet. Zo in Londen bijvoorbeeld, waar hij eerst met vertegenwoordigers van de Britse organisaties en van het blad Worlds Fair had gesproken, vervolgens in Parijs waar in het bijzonder de he ren van Socodimex hun instemming met zijn streven hadden betuigd; evenzo had men hem in Brussel alle mogelijke medewerking toegezegd en had hij ook in Antwerpen bij Max Lobo en collega's en te Amsterdam bij Dureco en vel anderen een prettig onthaal gevonden. Zijn reisplan voerde hem verder naar Stockholm, Kopenhagen, Hamburg, Frankfort, Zürich, Genève,

Ontmoeting "Cash Box" .. Automaat''

Onze hoofdredakteaur had een zeer interessante bespreking met Bill Gersh, de hoofdredakteur van het toonaangevende vakblad voor de automatenbranche, de Cash Box.

De heer Gersh vond het prettig door een collegavakblad geïnterviewd te worden en stelde de daadwerkelijke belangstelling van ons blad voor het idee van een wereldraad voor de automatenbranche zeer op prijs.

Milaan, Turijn, Florence, Rome, Tel Aviv, Madrid en Lissabon..

Rond Kerstmis zou hij in Chicago terug zijn, doch meteen met nieuwjaar neemt de heer Gersh weer het vliegtuig naar Singapore, Hongkong, Tokio en tenslotte wil hij Latijns Amerika nog afreizen om contacten te leggen en belangstelling te wekken voor zijn wereldraad.

"Wist U", zo vroeg de heer Gersh ons, "dat mijn blad de "Cash Box" negen jaar geleden ook het initiatief genomen heeft tot het stichten van de Music Operators Organization, de M.O.A.? Dat was destijds een interne aangelegenheid voor de amerikaanse ondernemers, thans echter zijn er zoveel urgente kwesties op het gebied van import en export van muntmachines, dat een internationale samenwerking gewenst is. Het was wederom de "Cash Box" welke de stoot gaf tot een wereldraad. Dat men in Amerika interesse voor deze instelling zou tonen was te voorzien, doch dat men er ook in Europa zo onmiddellijk voor warm zou lopen, hadden wij niet verwacht."

U had de eerste vergadering van deze wereldraad voor importeurs en exporeturs toch dit najaar in Parijs willen houden, zo vroegen wij.

"Aanvankelijk lag dit inderdaad in de bedoeling", antwoordde de heer (Continued on next page)

decided to hold the first meeting in Chicago, probably in May of next year. Chicago is the 'El Dorado' of all coin machine men. For instance, there are in that city and in its surroundings, not less than 37 large factories, producing coin machines. These factories have a policy of the open door, and thus agreeable and instructive excursions can be arranged."

"You ask when the definite date for the first meeting of the International Import & Export Council will be set? — The M.O.A., which will meet in Miami Beach on November 14 of this year, will set the date."

Excellently Informed . . .

It is, truly, a great pleasure to talk with Mr. Gersh about coin machines. He is unusually well informed about everything concerning the coin machine trade. Through the diplomatic services in all countries, he has at his disposal the most comprehensive and authentic data — which proves that even in government circles in the U.S.A. the importance of the coin machine trade is readily recognized.

The commercial attachés gauge the possibilities of the trade and know how to use their influence in the right places, in order to achieve the most favorable rulings for American exporters.

"The Cash Box", Mr. Gersh told us, "is in such contingencies the leading paper dealing with questions of prices, taxes, etc."

Talking to him, we noticed the knowledge of facts and the phenomenal memory which Mr. Gersh has at his disposal. He masters all problems of production, buying, selling, exploitation, import, export, shipping, paying, trade psychology. propaganda, publicity, etc. Moreover, he is familiar with modern music and with electronics.

More New Machines Should Be Bought!

Be Bought: During the few hours, which Mr. Gersh was in Holland, he was able to inform himself fully on the local business conditions, and this in such a manner, that we were truly surprised. He could readily tell us the approximate number of Juke Boxes which were in operation in the Netherlands, as well as where most of them were located, and he was well informed on the distinct aspects of the business policy of the Philips Concern.

In his opinion, there is no drawback in the fact that here, as well as in Europe in general, more secondhand machines than new ones are imported. Because, so he said, we had a fine selling system, in selling through banks to café owners, etc. on the installment plan.

However, a second-hand-box should lead the way to purchasing a new one. We really should, so he said at the right moment, import more new machines here in Holland. Greater possibilities of trade and exploitation are here available than generally assumed in judging the market superficially.

Actually business conditions in the Netherlands are better than elsewhere up to a certain point, because the Netherlanders are afraid to spend money.

It is true that in France, Belgium and West Germany the public is closer to the "American way of life", as in these countries people are more ready to go out and spend money on recreation. But in the Netherlands, too, much more could be done in the coin machine trade, if the exploitation and propaganda are correctly handled.

In the opinion of Mr. Gersh, the phonograph record business is about to expend enormously in the Netherlands. For instance, an enterprise

like Philips is thoroughly convinced that music boxes contribute greatly in increasing the sales of records. Mr. Gersh doubts that Philips plan to put their own music box on the market.

It must be something very good, so declared Mr. Gersh with true selfconfidence, in order to be able to compete with the large American manufacturers of record players. He also did not believe that it would be possible for the German industry to threaten the American coin machine industry, especially the music box industry.

In America, the Remington factories were busy for some time in designing and constructing of an amusement machine and as these people were specialists in the mechanical field, they succeeded in bringing such a machine on the market, in spite of the fact that it does not fulfil all necessary requirements.

In manufacturing all coin operated machines, the critical point is the fact that the public is inexaustible in the invention of tricks to force the coin mechanism while on the other hand, the public in general is so petty, that they become immediately disgusted when, at a certain moment, the automatic machine does not function, after a coin has been inserted!

The factories which have an experience of several decades and know all the tricks of the fraudulent public have an advantage nobody can catch up with.

A juke box must be good looking, handy, practically indestructible and the parts, which are most important for maintenance and repairs, must be easily obtainable through the servicemen.

Business Developments in America

Very interesting was everything Mr. Gersh had to tell about the developments of the juke box business in the United States. There, for instance, the music box is a very important link between the artist, the record manufacturer and the public, and the owner of a few or of many of such boxes is there, much more than here, the friend of artists and of the manufacturers.

Thus the profitableness of the box is fully recognized by the manufacturers, and with the large companies such as R.C.A. Victor, M.G.M., Mercury, etc., it has become customary to send large numbers of records to the operators, free of charge, because the juke box has proven to be for these companies a not unconsiderable incentive for an increased buying of their products.

In addition, there exists the socalled One-Stop business, which is something like a central sales office for phonograph records, where an operator can buy his entire stock of records.

The owner of such a One Stop receives sometimes the wholesale discounts or, at other times, the discounts which are reserved for the retailers. Mr. Gersh believes it is to be a disadvantage that the prices of records are fixed in the Netherlands.

We as Netherlanders, are familiar, of course, with the advantages and disadvantages of this policy.

We asked Mr. Gersh whether this husiness was, generally speaking, "sound" in America, and his reply to our question was definitely positive.

The manner in which the American operators run their business, their fine organization and their mutual solidarity, the editors of "De Automaat" can, indeed, put up as an example for our European fellowtraders.

With our best wishes for the success of his good-will world tour we took thereupon leave of our cordial and pleasant host.

Gersh, "doch bij nader inzien en nadat wij de meningen hier in Europa hadden gepeild, zijn wij toch maar besloten de eerste zitting in Chicago te beleggen en wel in mei van het volgend jaar. Chicago is een dorado voor elke automatenman. In de stad en omgeving telt men bijvoorbeeld niet minder dan 37 grote fabrieken van automatische machines. Die fabrieken houden open deur en dus kunnen er prettige en leerzame excursies worden gemaakt."

"De definitieve datum voor de eerste bijeenkomst van de International Import & Export Council? De M.O.A., welke op 1 november a.s. in Miami Beach vergadert, zal de datum vaststellen."

Uitstekend geïnformeered

Het is anders een waar genoegen met deze heer Gersh over automaten te praten. Hij is zeldzaam goed geiformeerd over alles wat de automatenbranche aanbelangt. Via de diplomatieke diensten in alle landen bschikt hij over de meest uitgebreide en authentieke gegevens — een bewijs hoe men van regeringswege in de U.S.A. ook de belangrijkheid van de automatenhandel inderkent. — De handelattaché's weten bij eventuele moeilijkheden welke de handel ontmoet, steeds op de juiste plaats hun invloed aan te wenden teneinde een zo gunstig mogelijke beslissing voor de Amerikaanse exporteurs te bekômen. De "Cash Box", zo zeide de heer Gersh, is bij dergelijke gebeurtenissen dikwerf 't orgaan dat een voorname rol speelt in verband met prijzen, taxaties e.d. Al pratende bemerkt men pas over welk een feitenkennis en een fenomenaal geheugen de heer Gersh beschikt; hij beheerst alle problemen van productie, in koop, verkoop, exploitatie, import, export verschepling, betaling, phychologie van de handel, propaganda, publiciteit etc. en weet bovendien het nodige van moderne muziek en van electronica.

Toch meer nieuwe machines kopen!

In den enkele uren, dat de heer Gersh pas in Holland was, had hij kans gezien zich op de hoogte te stellen van de gang van zaken alhier en wel zodanig, dat het ons verbaasde. Hij wist direct te zeggen hoeveel Juke Boxes zich ongeveer in Nederland bevinden, zo ook waar de meeste staan en hij was heel goed op de hoogte met be paalde aspecten van de zakenpolitiek van het Philipsconcern.

Naar zijn mening is het voor Nederland absoluut geen bezwaar, dat hier en in Europa in het algemeen veel meer gebruikte dan nieuwe machines worden ingevoerd, omdat, zo zei hij, wij 'n prachtig verkoopssysteem hebben om door via de bank apparaten aan caféhouders e.a. in termijnbetaling te verkopen. Een gebriukte box zal dikwijls aanleiding zijn tot de aankoop van een nieuwe. Maar durven jullie toch ook ees wat, hier in Holland, zo zegt hij op een gegeven moment, importeert ook meernieuwe machines. De mogelijkheden voor handel en voor de exploitatie zijn in ruimere mate aanwezig dan men oppervlakkig wel zou denken. Weliswaar liggen in Nederland de zaken enigszins moeilijker dan elders omdat de Nederlander bevreesd is om geld uit te geven. In Frankrijk, België en West-Duitsland staat het publiek veel dichter bij de "american way of life", men begeeft zich in deez landen veel gemakkelijker buitenshuis en spendeert meer, aan ontspanning. Toch is ook in Nederland meer te bereiken mits de automatenbranche de juiste wegen voor exploitatie en propaganda weet te bewandelen. Het was de overtuiging van Mr. Gersh dat de handel in grammofoonplaten in Nederland gezig is zich enorm uit te breiden. Eeen onderneming als Philips is zich bivoorbeeld terdege bewust dat de muzieboxen er in grote mate toe bijdragen om de afzet van platen te vergroten. Of evenwel Philips in dit verband er ook toe zou koemn een eigen muziebox op de markt te brengen, meende Mr. Gersh te moeten betwijfelen. Men moet ook al van goede huize komen, zo verklaarde hij zelfbewust, wil men met de grote amerikaanse fabrikanten van muziekmachines concurreren. Ook de duitse industrie achtte hij niet in staat de positie van de amerikaanse automatenindustrie, in het bijzonder die van de muziek-automaten, te bedreigen.

In Amerika zelf hebben de Remmington-fabrieken zich eens een keer beziggehouden met het ontwerpen en bouwen van een muziekbox en daar deze mensen gespecialiseerd waren op mechanisch gebied, slaagden zij er ook in zulk een apparaat af te leveren, hoewel het geheel niet aan de te stellen eisen voldeed. Bij de fabricage van alle apparaten met munt-inworp ligt hetcritieke punt dáár, dat het publiek onuitputtelijk is in het bedenken van trucs om het muntmachanisme te forceren, terwijl anderzijds het grote publiek zo kleinzielig is om de tent af te breken, wanneer op een zeker moment de automaat na geldinworp niet zou functioneren!

De fabrieken welke een ervaring van tientallen jaren bezitten en alle knepen van het frauderende publiek kennen, hebben een voorsprong welke ooit is in te halen.

Een Juze-box moett mooi zijn, handig, praktisch onverwoestbaar en die delen, die het meest voor onderhoud in aanmerking komen, moeten door de service-mensen makkelijk te benaderen zijn.

De gang van zaken in Amerika. Zeen belangwekkend was al hetgeen da heer Gersh wist te vertellen over de gang van zaken in de jukebox-bhanche in de V.S. Zo is daar b.v. de muziebox een zeer belangrijke schakel tussen artist, platenfabrikant en publiek, en de bezitter ven enkele of vele van die boxes is daar veel meer dan hier de vriend van de artisten en fabrikanten.

Het nut van de box wordt dan ook en het de fabrikant terdege ingezien en het is bij de grote ondernemingen zoals R.C.A. Victor, M.G.M. Mercury enz. gebruikelijk om veel gratis exemplaren naar de exploitanten te verzenden, omdat de juke-box voor deze ondernemingen een niet geringe stimulans tot omzetvergroting is.

Dan zijn er ook de zogenaamde One Stop Service zaken, een soort centraal verkoopkantoor van grammofoonplaten, waar de exploitant meteen zijn hele vooraad platen inkoopt.

De eigenaar van zo'n One Stop krijgt soms de groothandelskorting of soms de korting die bepaald is voor de detaillisten. Eeen nadeel vond Gersh het, dat in Nederland de prijzen van de platen zijn vastgesteld.

Als Nederlanders kennen wij natuurlijk de voor- en nadelen van deze politiek.

Wij hebben Gersh gevraagd, of deze business in Amerika over het algemeen "gezond" is en op deze vraag een beslist bevestigend antwoord gekregen.

De manier zoals de amerikaanse exploitanten hun zaken runnen, hun prima organisatie en onderlinge solidariteit kutn U, als redaktie van "De Automaat", inderdaad als een voorbeeld stellen aan de europese vakgenoten.

Met de ebste wensen voor het welslagen van zijn goodwill-wereldreis hebben wij daarap afscheid genomen van onze gulle en prettige gastheer. Page 78

Meeting In May, 1958, For: **INTERNATIONAL COIN MACHINE OUESTION MEMBERS OF THE CASH BOX' "INTERNATIONAL COIN MACHINE EXPORT-IMPORT COUNCIL" FROM 43 COUNTRIES AS TO HOLDING FIRST MEETING IN MAY, '58, DURING MOA CONVENTION IN CHICAGO**

CHICAGO — A questionnaire is being prepared for mailing to all members of The Cash Box' "International Coin Machine Export-Import Council" in 43 countries as to whether or not they would like to hold the very first meeting of the council in Chicago, Illinois, U.S.A., early in May, 1958, during the MOA (Music Operators of America, Inc.) convention.

The MOA convention will take place on May 6, 7 and 8, 1958. There is no doubt, as during past conventions, many new machines will be displayed. This is of interest to all importers worldwide. It is also of just as great interest to the exporters, whether from this country or from other countries.

At the same time those from many countries will want to meet with the leading manufacturers whose plants are in Chicago. This will give them the opportunity to become better acquainted with the people who manufacture the machines and whom very few have yet met personally.

Special European Plane

Thru arrangements with a noted international airline a special plane can be arranged for the European members of The Cash Box' "International Coin Machine Export-Import Council." This plane can be boarded in Paris on a certain date and at a certain time. This international airline has reported that it will be more than happy to make all arrangements necessary for European members of the council to be on this plane.

In this fashion those European members of The Cash Box' "International Coin Machine Export-Import Council" can meet each other, some for the first time, even before this plane lands in the U.S.

The men will be flown directly to Chicago, U.S.A. The plane will be at their complete disposal. If they so desire, the plane will be ready for them, at any date they wish to set, to take them right from Chicago back to Paris, France.

Far Eastern Plane

The very same arrangements for a special airplane can also be made for all Far East members of The Cash

Box' "International Coin Machine Export-Import Council."

Such a plane will be happy to begin its journey from any noted city in the Far East. For example, Tokyo, Singapore, Hong Kong, Manila, even Honolulu

The airline, whose plane is chosen, will even arrange transportation for any members of the council from whatever city in which they reside direct to the special plane which will carry them to the U.S. and on to Chicago, U.S.A.

Latin American Plane

A special plane based either in Lima, Buenos Aires, Rio de Janiero, Habana, or any other city in Central or South America, with arrangements made to pick up members of The Cash Box' "International Coin Machine Export-Import Council" from any cities on the way, and fly the members to Chicago can also be had.

In this way, of course, many Central and South American importers of coin machines will have the opportunity to become better acquainted with each other during the flying time required prior to arriving at the first meeting in Chicago, U.S.A.

There is still five months before such a meeting can take place. It is sincerely hoped that this will prove sufficient time to call together a great majority of the members of the "International Coin Machine Export-Import Council" from the 43 countries of the world.

This may not be too much time, in terms of international business but many are of the hope that it will so prove.

Advance Accomodations

Those members of The Cash Box' "International Coin Machine Export-Import Council" who would like to be on such a plane, whether from Europe, Central or South America or the Far East, should immediately apply for reservations to:

The Cash Box, 32 West Randolph Street, Chicago 1, Illinois, U.S.A.

Or to any of The Cash Box' offices: 1721 Broadway, New York 19, N.Y., U.S.A.; 6272 Sunset Blvd., Hollywood 28, California, U.S.A.; 17 Hilltop, London, N.W. 11, England; 27 Place Saint-Ferdinand, Paris, France.

INTERNATIONALEN MUNZAUTOMATEN-EXPORT-IMPORT-RATS

Anfrage von "The Cash Box" an die Mitglieder des "Internationalen Münzautomaten-Export-Import-Rats" aus 43 Ländern, ob die erste Versammlung im Mai 1958 während der MOA-Tagung in Chicago stattfinden soll.

CHICAGO-Ein Fragebogen wird vorbereitet zur Aussendung an alle Mitglieder des von "The Cash Box" gegründeten "Internationalen Münz-automaten-Export-Import-Rats" in 45 Ländern mit der Anfrage, ob sie die erste Versammlung des Rats in den ersten Tagen des Monats Mai 1958 in Chicago, Illinois, U.S.A., während der Tagung der MOA (Music Operators of America, Inc.) abhalten wollen.

Die MOA-Tagung wird am 6. 7. und 8. Mai 1958 stattfinden. Ohne Frage werden dann, wie ouf früheren Tagungen, viele neue Automaten ausgestellt werden. Eine solche Ausstellung wird die Imporeure aus aller Welt interessieren. Ebenso interessant wird sie aber auch für die Exporteure sein, ob sie nun aus den U.S.A. oder aus anderen Ländern exportieren.

Die Besucher aus vielen Ländern werden aber auch zugleich die führenden Hersteller, deren Fabriken sich in Chicago befinden, kennen lernen wollen. Somit werden die Besucher die Gelegenheit haben, mit den Automatenfabrikanten bekannt zu werden, welche nur wenige unter ihnen persönlich getroffen haben.

Europa-Sonderflugzeug:

Durch eine mit einer bekannten internationalen Fluglinie getroffenen Vereinbarung, kann ein Snderflugzeug für die europäischen Mitglieder des von "The Cash Box" gegründeten "Internationalen Münzautomaten-Export-Import-Rats" zur Verfügung gestellt werden. Dieses Flugzeug wird von Paris an einem festgesetzten Tage und zur bestimmten Stunde abgehen. Diese internationale Fluglinie hat sich freundlicherweise bereit erklärt, den europäischen Mitgliedern des Rats, welche dieses Flugzeug benutzen wollen, mit allen nötigen Ein-zelheiten behilflich zu sein.

Auf diese Weise werden die europäischen Mitglieder des von "The Cash Box" gegründeten "Internationalen Münzautomaten-Export-Import-Rats" sich schon gegenseitig treffen können-viele darunter zum

ersten Malbevor das Flugzeug in den U.S.A. landet.

Die Besucher werden in diesem Flugzeug direkt nach Chicago, U.S.A., gebracht werden. Das ganze Flugzeug wird ihnen zu Diensten stehen. Auch wird das Flugzeug zu jeder ge-wünschten Zeit bereit stahen, um sie wieder nach Paris (Frankreich) zu-wickzubringen rückzubringen.

Ost-Asien-Flugzeug

Ein Sonderflugzeug kann auch für die aus dem Fernen Osten kommenden Mitglieder des von "The Cash Box" gegründeten "Internationalen Münz-automaten-Export-Import-Rats" ber-eitenstellt worden eitgestellt werden.

Ein solches Flugzeug kann von einer beliebigen Grossstadt Ost-Asiens abfliegen, zum Beispiel von Tokio, Singapore, Hong-Kong, Manila oder auch von Honolulu.

Die Fluglinie, welche dieses Flug-zeug zur Verfügung stellt, wird auch den Mitgliedern des Rats mit der Ver-bindung von ihrem Heimatort zum Flugzeug, dass sie in die U.S.A. und nach Chicago bringen soll, behilflich sein sein.

Latein-Amerika-Flugzeug

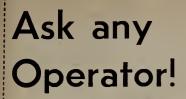

Latein-Amerika-Flugzeug Ein Sonderflugzeug soll von Lima, Buenos Aires, Rio de Janeiro, Havana oder einer anderen Stadt in Zentral-oder Süd-Amerika abfliegen, um die Mitglieder des von "The Cash Box" gegründeten "Internationalen Münz-automaten-Export-Import-Rats" aus Städten unterwegs abzuholen und sie nach Chicago zu bringen. Auf diese Weise wird es auch vielen zenrtla- und südamerikanischen Im-porteuren van Münzautomaten währ-

porteuren van Münzautomaten währ-end der Reise zur ersten Versamm-lung in Chicago, U.S.A. möglich sein, besser miteinander bekannt zu wer-

den. Wir haben somit noch fünf Monate vor uns, bevor diese Vetsammlung stattfinden kann. Wir hoffen, dass diese Zeit genügen wird, um die meis-ten Mitglieder des "International Münzautomaten-Export-Import-Rats" Munzautomaten-Export-Import-Rats aus 43 Ländern zusammenzurufen. Vom Standpunkt internationaler Ge-schäftsbziehungen ist das keine sehr lange Zeit, doch hoffen wir mit vielen, dass sie zu diesem Zwecke genügen wird dass wird.

So. Dak. Phono Ops To Meet Jan. 12-13

MOBRIDGE, S. D .- Harold Scott, secretary-treasurer of the South Dakota Phonograph Operators Association, this city, announced that the next meeting of the organization will be held on Sunday and Monday, January 12 and 13, at the Sawnee Hotel, Brookings.

Elmer Cummings, who will be the host, reports that he has made arrangements for a tour of the South Dakota State College for the women. Election of officers will take place

at this meeting. Wholesalers, as usual, will display equipment.

Automatic Phono Distributing Moves

CHICAGO - Mike Spagnola, general sales manager of Automobile Phonograph Distributing Company (AMI), this citv, announced that the firm is now located in its new and larger quarters at 3652 W. North Avenue.

The new building provides 50 per cent more space for offices, showrooms and shop facilities, according to Spagnola.

"The location here is much more convenient for nearly all operators," he stated. "North Avenue is a wellknown main street away from heavy traffic.

"And," he added, "there's plenty of parking."

Boston Phono Ops Drop Round In License Fee Battle

BOSTON, MASS.—Phonograph ops lost a round in their fight against heavy license fees, cited as "unfair" and "discriminatory," imposed by the city for weekday operation of juke boxes in Superior Court Friday, De-cember 13, when Judge Frank Murray disallowed a petition for a stipulation. The case was another step in the fight to attempt to get a reduction of juke box license fees which now run \$160 per machine broken down: City weekday license, \$50; city Sunday h-cense, \$50; State Sunday license, \$50; Federal tax, \$10. The Friday suit involved the \$50 fee for weekday operation and had been taken under advisement by Judge Murray on December 3. In the petition, the Music Operators Asso-ciation of Massachusetts asked that the city license fees money be held in escrow pending their Supreme low and J. Baker, Melo-Tone Music. fee

David J. Baker, Melo-Tone Music, Arlington, president of the associa-tion, said the license fees are payable on December 31, and that the attor-neys for the association had urged the court to hold the fee in escrow.

the court to hold the fee in escrow. In another case, pending before the Supreme Court, and due to be heard this month, it is charged that the \$50 fees charged by the State and the City for Sunday operation is unconstitu-tional. This suit asks for a declara-tory judgment with respect to the con-stitutionality of the state statutes and city ordinances and also charges prior restraint on the freedom of speech and press guaranteed by the state and federal constitutions. The Supreme Court action asks that a 1956 law and city ordinance im-

posing the licenses and fees be agro-gated. David Baker said following the dis-allowal of the Super Court stipulation, that the Supreme Court action would be carried all the way to the U. S. Supreme Court "if need be." In the meantime, the president of MOA, George Miller, sent a letter of encouragement to the association with a substantial check for the the con-tinuation of the fight and expressed the complete backing of MOA. Baker said many juke box ops throughout the country were sending in unsolicited donations to help in the fight against the license fees after reading the story in The Cash Box. Other New England juke box op associations and groups have been coming in from ops as far away as West Virginia. Baker said that among ops sending in their expressions of good wishes and donations was L. O. Haynes of East Rainelle, West Vir-ginia. In its Supreme Court suit, the juke

N. Y. C. Court Rules One License Fee **Regardless Of Number Of Machines On One Location**

Page 84

NEW YORK-The amusement ma-NEW YORK—The amusement ma-chine operators here won a long court battle against multiple licenses for locations utilizing more than one amusement machine. On November 27, the Court of Special Sessions, Appellate Part, rendered its decision, which concluded: "... If it is intended that each machine be separately li-censed it should so state clearly and unequivocally."

We reprint the summary of the entire proceedings:

James Corrigan, as the owner of premises 141-40-224th St., Queens, New York City, a licensed bar and grill, was charged by an inspector of the Department of Licenses with violation of Chapter B32 Section 41.0 of the Administrative Code, for failure to have a common show license for a miniature pool table which he maintained and operated in his premises.

The matter was tried before Magistrate LoPiccolo on November 15, 1956. The testimony adduced showed that the license had been obtained by the defendant. However, this license was for the class of "shuffle board" and that the defendant did have on his premises a shuffle board as well as miniature pool table, both of which were in good operating condition and available to the public for use. Magistrate LoPiccolo reserved decision and memoranda of law were submitted by Haskell and Blatt, as attorneys for the defendant, and by Angelo P. Risi and Joseph M. Callahan, for the Corporation Counsel.

On January 31, 1957, Judge LoPiccolo rendered his decision in which he stated: "The sole issue to be determined by this Court is whether a license fee is required to be paid to operate each game which constitutes a common show."

He referred to each of the Sections, namely, the one defining the common show and the one providing for the licensing of the operator and stated that these Sections together "constitute the law which governs and controls the licensing and operation of common show in public places within the City of New York." He concluded that a game is a common show, and that when the defendant installed a second game, namely, the miniature pool table, he was required to obtain an additional license. He fur-ther expressed the principle of law that in a criminal proceeding of any doubt as to the law should resolve in favor of the People, since the People have no right to appeal. The defend-out for a guerra when ant, for a wrong ruling, may always appeal the case for review to a higher Court. Having found the defendant guilty he imposed a sentence, as follows

"\$10 or two days, which is suspended on the provision that he will appeal the decision and prosecute the same expeditiously."

A Notice of Appeal was filed and the Magistrate's Return on Appeal dated May 6, 1957, was also filed.

This matter came on to be heard before the Appellate Part, Court of Special Sessions, Second Department, on June 14, 1957. On June 21, 1957, the Court rendered a decision affirming the judgement, Judge Silver dissenting and voting to reverse the judgment with the following memorandum:

"In my opinion the regulation or article requires clarification. If it is intended that each machine be sepa-rately licensed, it should so state clearly and unequivocally."

The defendant moved for reargument herein. Such reargument was heard by the Appellate Part, and additional affidavits in support of this application and in opposition thereto, were filed by Haskell and Blatt, and Eugene J. Keefe, on behalf of the Corporation Counsel. A decision on this motion was rendered by the Appellate Part on November 27, 1957, as follows:

"Motion for reargument granted. On reargument, judgment reversed on the law only, complaint dismissed and defendant discharged. Fine remitted. The regulation or article requires clarification. If it is intended that each machine be separately licensed it should so state clearly and unequivocally. All Concur."

This establishes the law of the case to be that one licensé and only one license is required regardless of the number of games operated in the licensed premises.

In a prior action, a preliminary in-junction was asked by Freed, repre-senting the music machine industry, Boston restaurant owners and cafes, and challenging the legality of fees for juke boxes, tv sets, radios in pub-lic places

The preliminary injunction was de-nied by Judge Vincent Brogna in Suf-folk Superior Court. As a result of this action the case went to the Su-preme Court.

has been fighting the fees ever since. The entire action looks to set a precedent for the automatic coin op-erated phono business, and juke box ops and associations throughout the country are watching the progress of the Boston fight with great interest. The legal battle has been the sub-ject of discussion at every meeting of the Massachusetts group for the past year. Recently, George Miller, presi-dent of MOA, was in Boston to dis-cuss the matter. In the meantime, Boston music ma-chine ops will have to pay the fees which are due on December 31.

FERTILE, MINN. — Regardless of general conditions, Duane Knutson of Automatic Music, this city, believes that business will be "about the same" for the music operators. He also advises that he has now converted all of his 78 rpm phonos to

45 rpm but, he adds, this does not mean more intake in his area due to the fact that "up in this neck of the woods we don't do much better with new equipment anyway." But Knutson is very adamant about one very important factor. He warns all operators about ASCAP. "Stop ASCAP," he says, "from their horrible legislation plans."

Annual Banquet Of The Assoc. Amuse. Ops Of N.Y. Draws 400

NEW YORK—About 400 coinmen, their wives and guests, attended the 8th Annual Banquet of the Associated Sth Annual Banquet of the Associated Amusement Machine Operators of New York on Saturday night, Decem-ber 14, held in the main ballroom of the Park Sheraton Hotel, this city. It was acclaimed the best party ever run by the games organization. Prior to sitting down for dinner, the guests partook of cocktails and hors d'oeuvres, and danced to the music of a very fine orchestra. At 8 P.M. the guests were invited into the dining room, where a most delicious meal was served. The highly colorfully dec-orated room, with balloons and tinsel, lent a further air of gaity to the pro-ceedings. Dance music was provided in between every course.

A very entertaining three act show, mc'd by the well known comedian, Zero Mostel, followed the meal, with dancing concluding the evening's fes-tivities tivities

Claire Morano, Sandy Warner and Irv Holzman are to be highly com-mended on the fine evening provided for the amusement machine men and their guests.

Liquor at the tables was provided by Dave Simon, Irving Holzman and United Manufacturing Company. Al-bert Simon, Genco Manufacturing and Chicago Coin Machine took care of the Cocktail party. Barney Sugerman, Abe Green and Bally Manufacturing Company gifted all with a beautiful combination letter opener and knife. Verle Van Nattan, Auto-Photo Gompany, came the furthest-from Los Angeles, California. Also on hand was Art Garvey, representing Bally Manufacturing Company. The souvenir journal was the most successful and most unusual ever pro-duced. It was die-cut in the shape of a ball bowler, with the advertisements superimposed over a light tan back-ground drawings of a ball bowler. The Westchester Operators Guild was represented by Harold Rosenberg, Nate Bensky and Pete Rosano. The New York State Guild was represent-ed by Tom Greco, Jack Wilson and Mike Mulqueen. Ther invited guests were Com-missioner Edward Doyle, License De-partment, and City Councilman Jack Kranis.

DR. V. M. I MILAN, ITALY—The business of operating leased record playing ma-chines began in Italy during the first months following the end of the 1st World War. During that time, ma-chines which were left in abandoned A R A R (American Expeditionary Forces) camps were readily available; thus the Italian public became first acquainted with coin operated phono-graphs, in the form of unesthetic and badly functioning sound towers. These sound towers, which had served, dur-ing the war, to enliven the hours of rest of the allied soldiers, were re-paired as best as it could be done and were rented out by some private en-terpreneurs. terpreneurs

As such experimental exploitation

As such experimental exploitation became more popular, importers of various types of games became inter-ested in this business; thus the first coin operated phonographs of a sat-isfactory make and of truly reliable operation appeared on the market. The importation of such machines, especially of Seeburg M-100A models, increased at a steady pace. But the business of leasing these machines remained in the hands of the im-porters proper. In spite of a steadily growing demand, the importers them-selves continued in the phonograph business with great interest. They had believed in finding, and actually had found, in this steadily increasing demand, an excellent source for the placing of the machines which they imported. Only then did the first juke box

Only then did the first juke box operators appear. These men dedi-cated themselves exclusively to the leasing of record players. These first operators were former technicans of the importers, or friends of said im-porters, or some persons who, recog-nizing the profitableness of this busi-ness, started to acquire coin operated record players, due to the increased demand from various public places. Thus individual business enter-prises were founded. Many of which started and expanded solely due to the dynamic acumen of their man-agers. These were without any head organization. Nor were they based on scientific work regulation which is the indispensable basis for a durable suc-

indispensable basis for a durable success

The individual efforts in leasing constrained machines, which were not as yet aided by a common or-ganization of all interested parties, demonstrated clearly that here was a field of enormous exploitation possi-bilities. But, due to the isolation of the individual operators, no class affi-nity was created or any homogeneity of views in meeting common prob-lems, which are so essential. The Italian operators of record players should unite their operative of the hour! Thus the most progres-sive ones among them (and their are *continued bottom third column*)

MILAN, ITALY-L'origine dell-attività sulle macchine musicali a mezzo noleggio in Italia risale ai primi mesi dopo l'ultima guerra mondiale. In tale periodo, dispersi i residuati bellici dei campi ARAR, il pubblico italiano fece la prima conoscenza dei fonografi a gettone attraverso le antiestetiche e malandate torri sonore. Queste torri sonore, che avevano allietato durante la guerra le pause di riposo dei soldati alleati, vennero romesse al meglio e collocate a noleggio da parte di alcuni impreditori privati. Sullo slancio di tale sperimentale sfruttamento si mossero le ditte che erano già importatrici di vari tipi di giuochi e si ebbero così i primi fonografi a gettone di buon modello e di veramente soddisfacente funzionamente.

amente. Le importazioni di tali macchine,, principalmente Seeburg M-100A, con-tinuarono con ritmo sempre crescente e lo sfruttamento dell'attività del noleggio rimase limitata agli impor-tatori delle macchine stesse sino a che, ormai mossosi il mercato con sempre più esigenti richieste, cure sul commercio dei fonografi stessi: avevano creduto di trovare (ed ave-vano effettivamente trovato-da-to il sempre maggior ritmo delle richieste sempre maggior ritmo delle richieste —un'ottima vena per il definitivo col-locamento degli apparacchi impor-tati). Solo allora nacquero i primi veri operatori musicali, esclusiva-mente dediti al noleggio dei fonografii.

I primi operatori furono ex tec-nici degli importatori, amici degli imnici degli importatori, amici degli im-portatori stessi, persone qualunque che, messe al corrente casualmente della produttività di tale attività, ini-ziarono l'acquisto di apparecchi mu-sicali a gettone dietro la richesta montante dei vari esercizi pubblici. Si formarono così delle attività in-dividuali, alcue delle quali fiorirono e si espansero solo in conseguenza del dinamismo del loro dirigente ma senza quella organizzazione capillare del dinamismo del loro dirigente ina senza quella organizzazione capillare —basata su uno scientifico ordina-mento del lavoro— che é l'indispen-sabile premessa di un duraturo successo

Gli sforzi individuali, non artinco-lati in un'azione concordata tra tutti gli interessati nell'attività del noleg-gio delle macchine musicali a gettone, dimostrarono bensì che il campo si prestava ad un enorme ulteriore sfruttamento ma non produssero — dato l'isolamento l'uno dall'altro degli operatori stessi — quella affinità di classe e quella omogeneità di vedute nell'affrontare gli stessi problemi che sarerbe invece indispensabile. British Juke Box Business Booms

Unlimited Financing Reported Available To Ops. More Locations Demand Juke Boxes. Record Companies Increase Production To Supply 45's.

GORDON MARKS

LONDON, ENGLAND—The juke box operating business here has en-joyed a tremendous boom in the last three years, according to Gordon Marks of Phonographic Equipment Company, Ltd., this city. In a letter to The Cash Box, Gor-don Marks, who successfully operates a large juke box route in England, revealed that the operators have gained the co-operation of finance companies, locations and record com-panies. panies.

panies. "This business," writes Marks, "has altered considerably in the last three years. At first, no finance company wanted to be associated with this risk. "Today," he said, "most finance companies are prepared to accept coin operated phonographs in unlimited quantities. So far, there has never been a single defaulter in any pay-ments involving juke box operators." Marks pointed out that the juke

Marks pointed out that the juke box operator, just a few years ago, found a tremendous prejudice to be overcome in finding a site where the location owner would not be certain to say that a bad element would be introduced into his business if he ac-cepted a juke box. "There is still an amount of preju-dice to this very day," he admitted, "but it is rapidly decreasing. We still find the hardest location is the first one in any neighbourhood. Once this has been cracked, we invariably get another six or eight requests within the first month to have juke boxes installed." Marks went on to report, "We, in

the first month to have juke boxes installed." Marks went on to report, "We, in England, operate on the first £5 per week (\$14.00) front money, the bal-ance being divided equally between the location owner and ourselves. To pro-mote understanding and protect our industry, we have formed an associ-ation called the P.O.A. (Phonographic Operators Association). "When we started our juke box operations," Gordon Marks continued, "the record companies were very re-luctant to co-operate with us in any way. The majority of these record companies would not even acknowl-edge that 45 RPM records were a must, and so only one or two labels bothered to produce 45 RPM's. "Today, in our own small way, we

LONDON, ENGLAND — "Having been a subscriber to The Cash Box for many years now," reports Gordon Marks, director of Phonographic Equipment Company, Ltd., this city, "we have a very close affinity for the publication.

"To us," Gordon Marks reports, The Cash Box deserves many, many ave-nues of praise.

nues of praise. "For example," he continues, "there immediately springs into mind the rec-ord lists on which we base our popu-larity forecasts for all of our phono-graphs and which, at the same time, enable us to keep our customers happy and ourselves ahead of others with the best money-making records on our automatic phonographs. au fait with modern trends in techni-ques, styles, prices and so forth. "The worldwide news of other auto-matic music people is tremendously interesting and important to us, as well as the news of amusement ma-chine people and all other operators everywhere in the world.

"The Cash Box, in our estimation, is the one force that knits all these together. It is, truly, the 'international magazine' of our industry. It knows this industry. It helps this industry. It works for this industry.

It works for this industry. "We can only state that it is the go-ahead, wide-awake policy of The Cash Box itself that has helped all of us, everywhere in the world, to better understand the importance of our business and to try hard to make it the most profitable of all businesses catering to the public."

from the record companies in this country. "In recent months," he said, "the record manufacturers have been more than courteous, and have been willing to co-operate with any plan we have suggested. We have even had a juke box in a regular programme on our BBC television!" Marks concluded by stating that the future of the automatic music indus-try in England looks brighter than ever for continuing expansion and growth.

GREEN BAY, WIS.—"A year ago," reports N. R. Boutcher of Badger Sales, this city, "we thought 10¢ play was the answer. "We changed over to 10¢ play, but," he now advises, "our gross, this year, is 20% less. "It looks to me," he claims, "that mergers are the answer."

"It looks to me," he claims, "that mergers are the answer." (Editor's Note: Boutcher's state-ment is not in keeping with what this publication has reported as 'the an-swer'. The Cash Box has continued to editorialize that the answer to to-day's problems for the operators is '10¢ play plus a more equitable ar-rangement of the gross intake from all machines'. Boutcher's statements however, that 'mergers are the an-swer' are in keeping with what The Cash Box has proposed for sometime now for certain operators in various areas of the nation.)

Urges Less New Models

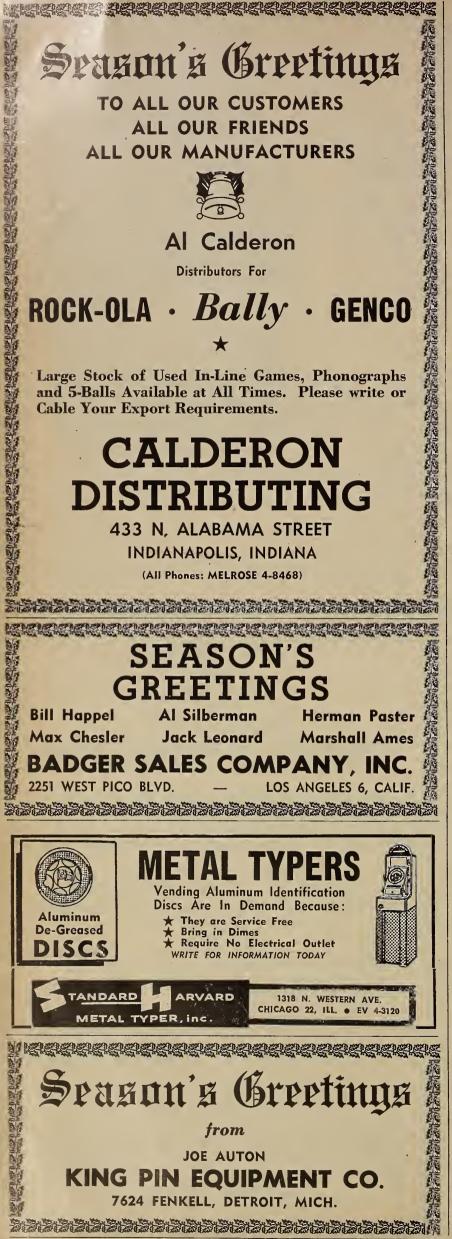

SIDNEY, MONT.—R. D. Criger of the Sidney Music Mart, this city, urges that there be less new models of phonos brought to market. "In the first place," he claims, "the phonos are much too high priced. "But what's more important," he adds, "is that there are too many changes in models, making equipment obsolete, even before it is fully paid for.

obsolete, even before it is fully prime for. "Our gross," he advises, "is less than 50% in same locations than it was three years ago. "Only half as many new models should be introduced," Criger says, "and the price should be cut even if only 80 selections are featured. "Also important," he adds, "is to get lower cost financing."

Report On Far East Coin Machine Situation

WILLIAM J. SUTER

MANILA, PHILIPPINE ISLANDS -William J. (Bill) Suter, general manager of Morcoin Company, Ltd., this city, has travelled thruout the Far East extensively, and is well qualified to report on conditions in this area. We reproduce herewith his view of the coin machine business.

"The Philippines is no newcomer to the coin machine field. Old timers here still remember the Silver Dollar Cafe on Plaza Goiti which looked like everyone's mental picture of a Far East den. It had not changed since 1898 except for one thing-that was the little 12 selection coin operated juke box which took over when the piano player got filled up. Later, other restaurants and bars grew up around the taurants and bars grew up around the Silver Dollar Cafe and just before De-cember 7, 1941, there were about a dozen or more 20, 24 and 40-selection machines including a few SLOTS and some pre-cursors of pinballs includ-ing the old "Bally Prospector," but the average Filipino or Chinese left those pleasures to the visiting sailors and foreign residents.

"In 1946, two enterprising Ex-Army men of the C.I.C., Capt. John W. Spak-owski (Seeburg Distrib) and Wm. J. Suter (AMI Distrib), independently of each other, reasoned out that music would be one of the first demands of the Filipino whose country had just recovered from the ravages inflicted by the Armed Forces of Japan and the United States—first when the Japa-nese attacked, second when the Amer-icans retreated, third when the Japa-nese retreated and fourth from the pounding the cities had to take before the victorious American forces marched in. "Manila, with its population of

marched in. "Manila, with its population of over a million, was the first to receive the post-war juke boxes. However, at first there was a great reluctance on the part of the average restaurant to permit the installation of a juke box. The owners of the restaurants (princi-pally Chinese) claimed the music would distract the customers from their conversations. Many induce-ments had to be made to persuade and convince them that they were wrong but during the early part of 1947, the juke boxes "caught on." "A terrific blow to coin machine

juke boxes "caught on." "A terrific blow to coin machine importation was the enactment of im-port dollar controls the latter part of 1949. These controls which were temporary in nature (supposedly!) have greatly curtailed, and in some cases completely banned, some types of coin-operated equipment. "The leading Philipping distribu

"The leading Philippine distribu-tors, Morcoin Co., Ltd. (AMI), and the Philippine Amusement Enter-prises (Seeburg) import factory parts and the cabinets are made here along

with other plastic and metal parts available locally. Present trends indi-cate a further retrenchment on the part of the Philippine Government which means curtailing still further even importations of spare parts. The only ray of hope is that the country will get back on its feet and allow free enterprise to exist once again and when that day comes it is expected that almost every town and hamlet in the Philippines will fulfill their desire of having music as they please, when they please. "Hongkong received the impact of

"Hongkong received the impact of thousands of Bally Bingo Games (but all used equipment) ranging from \$25 to \$75 each USA before importation of coin operated phonographs. How-ever, in 1952, the first coin-operated phonographs were imported in sub-stantial quantities by Jesse Yee of United World Distributors, the AMI distributor. Late last year, the Hong-kong Government banned all further importation of bingo games and while the ops have fought back, the picture at this writing for renewal of oper-ations on bingos and pinballs is not bright. "Japan, because of its delicate trade

bright. "Japan, because of its delicate trade balance and nationalistic self-sufficient attitude, has made the importations of all coin machines difficult. The AMI distributor, Michael Kogan of Taito Trading, has resourcefully solved this problem by importing his record-changing mechanisms but the cabinets, plastics, trims, speakers are all manu-factured by him. Mike displayed the very first licensed AMI assembled in Japan at the Tokyo World's Fair in May of this year. It was the first time any juke box had ever been displayed in a Japanese Fair and it was esti-mated that over one million people saw and heard his machine. In Korea, Bruce Eckert of Hennig-

saw and heard his machine. In Korea, Bruce Eckert of Hennig-son & Co., distributes the AMI line but sad to say as yet the Korean austerity program has not permitted nor encouraged juke boxes for the civilians who have to rely on the hand-me-downs from the army. "In Hanglerer, shout hole of the

"In Hongkong, about half of the records on Juke Boxes are American and one-half Chinese. While Hong-kong has a form of import licensing, it does not have the strict import controls as found elsewhere and there is no dollar control!

"In Taipeh, which is, as we all know, practically under strict military rule, installations are confined to a .few select clubs and importation is quite difficult. Civilian locations catering to foreign trade acquire their machines one way or another but not through legal importations.

legal importations. "Malaya and Singapore, reports Ng Lian Chin of Hup Hup Ltd., the AMI distributor there, is waging a one-man fight against the remnants of the 78 rpm machines which are still bitterly holding on. This is the only territory where 78 rpms are still dying—the other territories previously mentioned having all 45 rpm's. Since Malaya achieved its independence, Mr. Chin feels that while the Malayan Govern-ment will undoubtedly institute some import controls, such drastic controls as in the Philippines are not envi-sioned. In Malaya, Chin's problem is installing records of four different languages—Chinese, Indian, Malayan and English. "In Guam, Austin Shelton, the AMI

and English. "In Guam, Austin Shelton, the AMI distributor, reports that this tight little isle has just about reached its saturation point for coin machines. No controls affect Austin but some-times he says he wish there were con-trols as there is practically one juke box now for every 10 ft. of available territory! Practically everything on Guam is US military which accounts for the majority of the play on the games and phonographs. "Okinawa recently received 54 (continued on page 96)

Bally Intros "All Star Bowler"

BILL O'DONNELL

CHICAGO - A new ball-bowling game named "All-Star Bowler" which occupies only 51/2 ft. floor space, is now rolling out of the Bally factory to distributors all over the nation, according to Bill O'Donnell, Bally general sales manager.

The new game scores the same as official bowling and may be played by one or two players at 10 cents per player. A new Oscillating Ball Delivery Feature is described as a ballthrowing "gun" which swings back and forth, permitting player, by pressing lever, to throw ball when "gun" is aimed in desired direction for strike, or to pick-up a leave of a previous shot. Built without switch-rollovers on alley, "All-Star Bowler" permits player to deliver ball down smooth alley and to score, not by rolling ball across switch rollovers, but by actually hitting pins with ball, with skill identical to technique of real bowling. Other features include Light-Up Scores; High-Speed Rotary Totalizers; Speedy Pin Re-Set and Continuous Ball Delivery. O'Donnell emphasized that the new, smaller 51/2 ft. length would open up many new locations where the space factor would not accommodate larger type equip-

New Mills Bells Manufactured By Mills Bell-O-Matic Only

CHICAGO—"Only one company in all the world can manufacture a new Mills bell," stated Ralph Mills, pres-ident of Mills Bell-O-Matic Corpora-tion, this city. "And that company," he empha-sized, "is Mills Bell-O-Matic." The firm, with executive offices at 4630 W. "We are the only firm," Mills said, "with the original tools, dies and pat-terns for the production of the all-new Mills machines. Wurlitzer Company Appoints Los Angeles Distributor

ROBERT H. (BOB) BEAR

NORTH TONAWANDA, N. Y.---"A highly capable West Coast organization has been appointed to represent the sale and service of Wurlitzer phonographs in the Los Angeles, California territory," announced Bob Bear, Wurlitzer sales manager, "which is designated Associated Distributors, Inc. and is headed by Lee Walker who serves as president and general manager."

Associated Distributors, Inc. has leased the premises at 2775 West Pico Blvd., formerly occupied by Sierra Distributors. A complete renovation of the building is underway and Lee Walker promises that this company will have one of the most attractive showrooms in Southern California with complete service facilities.

with complete service facilities. In announcing the appointment of the new West Coast distributorship, Bob Bear was glowing in his com-ments concerning the men who will be responsible for the sales and service of Wurlitzer products in Los Angeles and vicinity. He said in part, "Lee Walker steps into the top spot of As-sociated Distributors, Inc. with a valu-able background in the coin machine music business. He has for years been associated with M.A.C. Vendors, Inc., one of the largest operators of music on the coast. Lee will be ably assisted by Barney Smith, vice president of Associated. Barney is well-known to

retary-treasurer of the new distribu-torship." Concerning the market potential, Bear said, "Southern California is en-joying an expansion which challenges rivalry from any other part of the United States. The climate is ideally suited for manufacturing projects and tens of thousands of persons migrate to the area monthly to meet the man-power demands of this burgeoning in-dustry. The appointment of Associated Distributors is another step in the Wurlitzer plan to centralize our sales and service outlets where the growth of population and the demand for automatic music are the greatest. "Four splendid Wurlitzer distribu-torships now furnish every possible service to the operators of California. They line the coast and are easily ac-cessible from any part of the state. Pacific Distributors in Los Angeles, George K. Young in Selma and Emarcy Distributing in San Francisco. With this most recent appointment, Wurlitzer has assured a West Coast sales and service group second to none. We are proud to have these men as part of our strong selling Wurlitzer group and know that their efforts will prove profitable to oper-ators who will be their customers." Associated Distributors is presently doing business from the new location

Associated Distributors is presently doing business from the new location and extend a cordial invitation to all and extend a cordial invitation to all operators in their territory to come in and learn of the extremely attractive arrangements which are being made to purchasers of phonographs and re-mote equipment in the new Wurlitzer All-Location Line. The territory as-signed the new distributorship in-cludes the counties of Los Angeles, Orange, Riverside, San Bernardino, Santa Barbara and Ventura in Cali-fornia, and Clark and Lincoln in Nevada.

Nevada. The service end of the business is headed by Dick Kerr, a veteran in his field. Those operators who require parts or service in a hurry are in-vited to call Republic 1-2241. An im-mediate and interested response is assured them.

For Better Business DETROIT, MICH .- Nino Garafolo of this city is of the belief that this

business can continue on ahead very profitably if the people engaged in the industry, from operator thru distributor to manufacturer, arrange for better business standards.

"If and when operators will adjust themselves to a mutual understand-ing by a better standard of business practises, then," advises Garafolo, "I can foresee profitable years ahead.

"The distributors and manufacturers must cooperate in this regard," he continues, "by not forcing sales and, especially, by not enticing location owners to purchase machines."

"We think that your publishing of the Top Sixty Best Selling Tunes is the greatest invention since the self-starter. This alone is worth the price of the subscription."

Just have that feeling. That this is going to be but the merriest of all Merry Christmases and the healthiest, happiest, most prosperous of all New Years. Call it "woman's intuition" if you will but, gals, don't you, too, feel the same? One reason is the very, very marvelous and heartening note I received from the very beautiful Lee (Mrs. Harry) Williams. Lee writes, "Hi There! And - Jingle - Jingle -Hope your holidays are gay-and the New Year brings all good your way. Harry and I are anticipating a much happier holiday season and New Year this year. I'm feeling so very much better—and so many blessings to be thankful for—especially at this time of year." You gals who might now know, well, Lee's been abed for almost a year. Very ill. And the fact that, as she writes, she feels so very much better, well, that in itself just made the Holiday Season so much more gay for me. (Aside: Dearest Lee-we're all just thrilled with your gay and happy note and we're looking forward to you just jumping right out of bed one of these bright and sunny days and, once again, visiting with us all). . . And so many, many Xmas cards already received. From Claire and Saxie Dowell, from Erwin and Gertrude Barg, from Billie and Seymour Heller and their gorgeous, gorgeous new doll, Elizabeth Joy, from Les and Mary Ford, from Len Edwards and Pat Williams, from Maude and Benny Strong, from Maurice and Eddie Ginsburg and their wives, from Robbin Hood, Mr. and Mrs. George Pincus, Mr. and Mrs George Jenkins,

Pincus, Mr. and Mrs George Jenkins, Mr. and Mrs. George Kozy and so many, many, many more. But—just look at this from Edna and Ray Moloney—aren't they just the most gorgeous kids and all grown up. You who have saved the Moloney's cards over the years must have been just as thrilled as I was.

And just look at that beautiful group—"All The Boasbergs"—as the card reads. And Papa (Lou Boasberg) among the smallest of the group.

Well, gals, your cards and notes and all your marvelous wishes—be-lieve me, most sincerely, helps make '58 a year of faith—and from me to all of you marvelous gals and guys— my bestest best wishes for the hap-piest Holidays and, especially, the healthiest, happiest, most prosperous of all New Years.

United, Inc., Milw., **Expands Sales-Service** Departments

MILWAUKEE, WIS. — Harry Ja-cobs, Jr. of United, Incorporated, Wurlitzer distributor, announced this past week that he has added two more men in the firm's sales and service departments. George Klamm, with over 20 years of experience in the coin machine business, will cover Milwaukee coun-ty as sales representative, according to Jacobs. George Groskopf joins the firm as head of the parts department. He is reported to have had considerable ex-perience in related fields including electronics. With the addition of these two men," stated Jacobs, "we will be able to provide the operators with in-creased service on Wurlitzer equip-ment, as well as outstanding coopera-tion throughout the territory."

Logan Distrib Moves

CHICAGO-Jack Nelson, Jr., owner of Logan Distributing Company, an-nounced this past week that the firm has moved to new and larger quar-ters at 1850 W. Division Street, this

ters at 1850 W. Division Street, this city. Nelson stated that the new loca-tion will enlarge the supermarket type of display and merchandising of hundreds of charm items. "What's more", added Nelson, "we will now be able to expand our busi-ness to become headquarters for all kinds of vending machines, new and used. used

"The trend today", he observed, "is toward diversifying music and games routes with vending machines. The most economical way to do this is with reconditioned venders, and our showrooms will soon be filled with a big display of various types of vend-ing machines."

Logan also intends to expand in the distribution of all bulk vending prod-ucts, charms and merchandise, Nelson said.

No Loyalty

BRUNSWICK, GA.—"There was a time when the operator was loyal to a certain distributor or factory", says C. A. Taylor, Jr. of Taylor Amusement, this city. "But today", he contends, "we feel no more loyalty to any distributor, any factory, or any make of machine. We look after ourselves the best we cap"

can." Taylor also expressed the opinion that too many distributors operate. "They compete with us", he claims, "or set up new operators."

The Cash Box PRICE LISTS"

Industry) BLUE BOOK"] FOREWORD: Many times, wide differences appear in the quotation of high and low prices of certain equipment. Like any true reporter "The Price Lists" can only feature the market prices as they are quoted. "The Price Lists" acts exactly the same as the market quotation board at the Stock Exchange— posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quan-tity, and condition of equipment must be taken into consideration. (Some equipment offered by outstand-ing firms, having a reputation for shipping com-pletely reconditioned machines, will be offered at higher prices than others, due to the added cost of reconditioning.) "The Price Lists" reports each quo-tation exactly as it is made and depends on the sub-scriber to make average price adjustments to fit the public the subscriber. METHOD: "The Price Lists" should be read as followie. First wide difference as price adjustments to fit the

METHOD: "The Price Lists" should be read as follows: First price listed is lowest price quoted for the week; Second price listed is highest price quoted.

FOREIGN BUYERS: To cover cost of packing, crating, shipping, etc., figure an additional \$20 to \$25 on Pin Games—and \$25 to \$30 on Phonographs.
