Joe Carlton, Merenry Records artist and repertoire exce, makes a point as Richard Hayes, Patti Page and Frankle Laine look on. Pic was lensed at a recent cocktail party for Page and Laine, heralding their opening at the Paramount Theatre, New York. Top grosses the latter duo are racking up avidly depict the niche they carved for themselves among music operators and juke box fans. Richard Hayes scored with "The Old Master Painter", as did Patti Page with her sock rendition of "With My Eyes Wide Open I'm Dreaming." Laine's recorded successes would fill a book. Current winner for "Mr. Rhythm" is "Stars & Stripes Forever." Trio of artists are exclusively featured on Mercury Records.

What Makes Phonograph Value?

Price alone does not make phonograph value ... it's what you GET for what you PAY!

Today you can buy a phonograph for a little less than the price of a Wurlitzer 1250. And you can buy one that costs a lot more.

Which one offers the *greatest* dollar value? The one that offers the *most* and the *best* money-making features for the money *invested*. Features that mean a higher weekly *dividend* on your investment ...a quicker return of your *entire* investment. .PLUS features that protect that investment *well* enough and *long* enough so it *can* pay for itself and produce a handsome profit besides.

On that basis we say

FOR SHEER DOLLAR VALUE, THE WURLITZER 1250 OUTSHINES THEM ALL! HERE'S WHY!

IT'S THE ONLY PHONOGRAPH THAT PROTECTS YOU AGAINST OBSOLESCENCE. An \$8.75 kit and just a few minutes time adapts it to play 33¹/₃ or 45 RPM records. No need to buy an entirely new and costly record changer mechanism.

IT'S THE ONLY PHONOGRAPH THAT PLAYS 48 TUNES ON 24 RECORDS. Enough tunes to satisfy everyone yet no increase in record costs. And you can make any number of those tunes top tunes by placing two seven inch records in a tray.

IT'S THE ONLY PHONOGRAPH THAT CAN GIVE YOU THE HIGH FIDELITY OF THE NEW SPEED RECORDS. Combines the finer tone of LP records with the tonal superiority of the Cobra Stylus.

IT'S THE ONLY PHONOGRAPH THAT OFFERS ZENITH COBRA REC-ORD ECONOMY. 50% saving in record and needle wear.

In addition, the Wurlitzer 1250 saves you money because it does not obsolete current Wurlitzer Wall and Bar Boxes. It saves you money through service accessibility that conserves the serviceman's time.

FEATURE FOR FEATURE, POINT FOR POINT, THE WURLITZER 1250 OFFERS YOU THE INDUSTRY'S GREATEST DOLLAR VALUE. THERE IS NO ECONOMY IN BUYING A PHONOGRAPH FOR LESS MONEY. THERE IS NO REASON TO PAY MORE.

If you want Value for your Money your Best Investment is the

Why Not IOc Five-Ball Play?

Now that the clouds are beginning to lift for many thruout the industry, especially those who have been completely entangled in the hustle and bustle and rush for machines of every kind, there is slowly and gradually, creeping into the field the belief that the success of 10ϕ play action, so remarkably and effectively demonstrated by the shuffle game, should be furthered along the entire amusement machine line.

Some years ago this publication ventured forth with the suggestion that all amusement games should swing over to 10ϕ play. There was stunned silence for a few weeks. Then the blasts came. This magazine was jammed with letters wires and phone calls from many who agreed with it. Others were just as adamant that our editorialists were, to use as kindly and printable a word as possible, "Nuts".

But, this publication was upheld in its contention and its appeal to the operators that 10ϕ play "was the answer". It is "the answer". It has proved itself the salvation of operator after operator.

Some of the manufacturers, in the early days of shuffle games, were somewhat timid about mentioning the fact that they were equipping the machines with 10ϕ coin chutes. In fact, they asked that the 10ϕ chute not be featured. Today these same manufacturers are loud in their statements that 10ϕ play will show the operators rapid amortization of the cost, as well as a decent profit on the investment, and in a shorter period of time.

Why then, shouldn't the brand new, different, better and more entertaining five balls, which are now being produced, also feature 10ϕ coin chutes?

Just because the public has become more or less accustomed to everything featuring a five cent clute is simply not the answer. The public are using 10ϕ 'telephones. They will be using more and more 10ϕ pay telephones as the months go by. New York loudly proclaimed that the 5ϕ subway fare was "traditional", and that it actually meant "New York City" to everyone. But, the subway fare is 10ϕ today. And no one notices the difference.

Where's that grand old American institution, the 5¢ eigar? Even shoeshine boys are asking 15¢. They have 15¢ painted in crude figures right on their little shoe shine boxes. And what happened to beer? Even the daily newspaper is now 5¢ not 2¢, and Sunday papers have jumped to 10¢ and 15¢. Where's anything that sold for a nickel? Even a cup of coffee?

The American business man, in these inflationary days, just simply cannot exist on nickel action. Taxes, tremendous inflationary distribution of dollars, high rents, high prices, overhead and more overhead, wages that are going higher and higher and still higher, have eliminated the nickel.

That's why *The Cash Box* was the very first publication in history to call for the minting of a $7\frac{1}{2}\dot{\varphi}$ coin. This coin meant at least 50% more gross than what the operators were getting today, for phono play anyway.

But, not for amusement. In the amusement business there is that showmanship quality which makes the dime smaller than the nickel—in fact—as well as in size.

The shuffle games proved it.

It's up to the nation's coin machine men to get together and prove that it can be done in the matter of five-balls.

It can be done by certain changes, ingenious ideas. These should now be forthcoming from the trade to help the manufacturers bring the grand, new five-balls to the market with 10ϕ action.

"What're we gonna do with the used shuffle games?"

Believe it or not, here's a question that's being popped at people everywhere about the nation by distributors of outstanding reputation.

The first answer that comes to the mind of people who are deeply entangled and engrossed in the activity in the factories at this time, just trying to get machines out in the quantities requested, is "Nuts".

But, that doesn't seem to solve the problem for the men who believe that the tremendous volume of shuffle games which are being sold thruout the nation will bring a deluge of used machines down on their heads and they will, as they seem to indicate, be at a loss as to what to do with the "used machines".

Never before in the history of the coin machine industry has anyone ever been at a loss as to what to do with used equipment, especially after that equipment was reconditioned to a good extent.

In fact, some of the nation's leading jobbers and distributors prefer to do a "used machine business".

They claim they can see their way to some profit with used machines, regardless of the amount and expense of the reconditioning work they have to do.

This nation, Canada, and South and Central America, will be demanding used shuffle games for a long time to come. The very fact of the matter is that the used shuffle games are naturals for such countries where the dollar is hard to get. These countries can issue only small amounts of dollars compared to the need for the larger amounts which purchasers of new machines, in any good volume, require. The surrounding export markets require "used" shuffle games.

Nor is that all. What about the smaller hamlets thruout the nation where collections aren't of the sort that can afford new equipment? Even the best of operators move machines down the line to secondary locations, after players have tired of them in the best spots.

If only ten per cent of the retail market of the United States is covered with shuffle games, it will mean than over 250,000 of these machines have been sold. It'll take a long, long time to cover this market. Even with every factory working at top speed.

This 250,000 market, only 10% of the nation's retail outlets, cannot all use new equipment. After all, as has been noted time and again by all intelligent coinmen, less than 3% of the locations in any territory are rated among "the best".

That being the case, and the market here in these United States as big as it is, many a used shuffle game will enter into retail locations unknown to operators even 50 miles away from the spots. Country stores, roadside spots, and even indoor locations right in the very heart of cosmopolitan centers, want used shuffle games.

The first thought to take into consideration is that the used machine price is always at such a low point that it makes it profitable for many an operator to place such used machines on a great many of his locations. After some reconditioning work right inhis own shop he has that machine looking practically new all over again anyway. With the location owner giving it the needed push for more play. He is insured, within a short time, of amortizing the used machine cost as well as the reconditioning expense.

The used shuffle games market hasn't even started as yet. Those few distributors who have been able to get their hands on any quantity at all have sold them just as fast as they let the trade know about them. And, at the very same time, have been able to continue selling brand new machines right along with the used games. The demand for used shuffle games is big. It will continue to be big for a long time to come.

Just looking back on the used market's history and, in fact, checking it right in this very issue, will bring a greater and more enlightening realization that machines of many years vintage are still getting a grand price.

No one person now engaged in the shuffle game business need worry about what he's going to do with whatever shuffle games he can obtain, especially those that will be traded in to him against the purchase of the new machines he is featuring.

All he need worry about, at this time, is that he will have enough new machines on hand to be able to accept trades. If he's at all enterprising, he'll rid himself of used machines, just as fast as they come into his place.

Many already have taken some trades. The majority of such men report that they sold the used machines even before they brought them into their places of business.

One noted distrib advises, "Got a trade of five of the early models (shuffle games) against five of the latest and, even before we picked them up, had them sold. Our truck just simply went over to the operator's place and carted the machines over to this other op. Both guys were plenty happy. Wish I had a hundred used ones on hand right now. There's a big market."

So, any of the distributors who have been popping the question at all and sundry as to the "bugaboo" of a "big used market", should simply check back on pin games, phonos, consoles, oneballs, bells, arcade equipment, and every other type machine manufactured, and realize that used machines are part and parcel of the industry.

"ASK ANY DAISY" (2:10) "THE SHY LITTLE GIRL IN THE PEEK-A-BOO HAT" (2:45) JOAN GREER (SWCI 200018)

• Top deck of this one has Joan Greer and Eddie DeMarco in a cute boy-girl duet on a so-so romantic ode. Ditty lacks commercial flavor, but makes up for this in vocal attraction. Flip side has Joan taking it solo, on a clever bit in the novelty vein. Ditty has some winning potential and rates ops' listening time.

"PARADISE" (2:34)

"I'M IN THE MOOD FOR LOVE" (2:46)

DAVID and DOROTHY PAIGE (Admiral 1010)

• Pair of oldies that don't hold any-thing in store for music ops are these set up by David and Dorothy Paige. Vocal duet on the sides is effective, but that's all. Work ork backing, and lack of commercial appeal for the material offered, knocks this biscuit down a peg. Ops in the market for some fillers might lend an ear.

"IF WE COULD BE A-L-O-N-E" (2:31)

"THE SHADE WENT UP" (3:11) JOE MARINE

(Decca 27021)

• Novelty romantic pitch on the top deck is smooth and cute enough to earn its keep in ops' machines. Tune has been around for some time, and should be well known to music ops. This rendition might give the song the added boost it needs. Flip side has a spot of Latin flavor about it, with Joe purring an effective ballad. Wax rates ops' listening time — and possibly more. more.

"IF WE COULD BE A-L-O-N-E" (2:56)

"I SEE YOUR FACE BEFORE ME" (2:43)

LILY ANN CAROL—JIMMY SAUNDERS (Signature 15275)

Split vocal novelty attraction of • Split vocal novelty attraction of the top deck is fair enough for music ops to take a peek at. Tune has been fairly well recorded and should be well known to music ops. This rendi-tion will shine with the rest of them. Flip side has Lily Ann taking it solo on another oldie. This side is rendered in straight manner, with Lily purring the lyrics in smooth tones that satisfy.

"TZIN-TZUN-TZAN" (3:03) "THE PICNIC SONG" (3:14) CARMEN CAVALLARO ORCH. (Decca 27060)

• Excellent production of this top ode by maestro Cavallaro rates some special attention this week. Ditty is flavored with some wonderful Latin tones, with Bob Lido and the Cava-liers spouting a smooth lyric that scores. Tune rolls in mellow tempo and is pert and sprightly enough to make you wanna shake along with it. Coupling is a hot novelty ode, handled in excellent manner by the same group. Disk rates a spot on music ops' machines. machines.

"SIMPLE MELODY" (2:17) "I STILL GET A THRILL" (3:00) DINAH SHORE (Columbia 38837)

DINAH SHORE

• Music ops had better order two of this one, for there's a sock hit on each side. Dinah Shore keeps her trail of recorded successes in-tact via a pair of fresh sides that will catch coin by the ton. Top deck • of

"OSTRICH WALK" (2:57) "BLUES DOCTOR" (3:03) SIX ALARM SIX (Tempo 476)

• Dixie in the mellow vein, with the Six Alarm Six setting up with "Os-trich Walk" and "Blues Doctor." Top deck is straight instrumental in mel-low up-tempo patter, while the flip features a slow, wailing horn that gets ya'. Wide demand for this brand should account for a heavy call on this one this one.

"DON'T BRING ME POSIES" (2:49) "WEARY RIVER" (3:06) ROBERTA LEE (Tempo 462)

• Cute rhythm lilt by Roberta Lee shows well enough on this end. Tune has a nice ring to it, with Roberta's pipes purring the comely lyrics in rich, sincere style. Flip side slows down some, and has the gal in the sen-timental vein, on an off-the-beaten track melody. Both sides show the gal's pipes to good advantage.

"DANCING ON THE CEILING" (2:23)

"ONE FOR THE ROAD" (2:16) JOE BUSHKIN (Atlantic 670)

• Unique piano styling by Joe Bush-kin should earn its keep in those quiet, sedate locations. Both ends of this platter feature Joe at the ivorys, tinkling away in his own inimitable piano style. Ops who have a call for this brand can't go wrong with this bisquit biscuit.

is a zingy melody, with Dinah and a vocal chorus purring the cute lyrics in mellow style. Tune rolls along at a merry clip, with some great instrumental tones via maes-tro. Hurry Zimmerman betting in great instrumental tones via maes-tro Harry Zimmerman beating in the background. Tinted with a dash of Dixie, flavored by a wonderful set of lyrics, and topped by some top drawer warbling; this side can't miss. On the other end with still another blue-ribbon winner, Dinah comes back with a scintillat-ing rendition of the rapidly climb-ing "I Still Get A Thrill." Tune is a well established oldie, offered in plush, sparkling manner by the

"STRANGERS" (2:58) "ANNA FROM HAVANA" (2:54) LORRY RAINE (Universal 193)

• Infectious blues ballad on the top deck has some winning potential for ops to look into. Tune is spotted in an echo chamber, with Lorry Raine pur-ring the comely lyrics in smooth vocal tones. Chorus blending brightens the side all the more. Flip picks up in tempo and is a stock Latin flavored oirl tune girl^{tune.}

"MORE MORE MAMBO" (2:39) "HAPPY PAY DAY" (2:56) SONNY BURKE (Decca 27045)

• Excellent instrumental follow-up to the up and coming "Mambo," is this bid by Sonny Burke's crew. Disk has some wonderful melody to it, and rolls in mellow tempo, throughout. Flip side shows the groups wares in so-so time. The Latin will pay off in the boxes.

"I SURRENDER DEAR" (3:00) "OUR LOVE" (2:50) BILLY ECKSTINE (National 9115)

• Pair of standards, flavored by strong ballading by Billy Eckstine should do more than just well enough for music ops here. Both tunes are well known to ops, as is Billy's widely established popularity. Disk is the sort that will earn consistent phono play, and rates a spot in ops' machine.

"THANKS, MISTER FLORIST" (2:48)

"I'M IN LOVE WITH THE MOTHER OF THE GIRL I LOVE" (2:37) JACK OWENS

(Decca 27055)

• Jack Owens offers some of his best warbling to date on this fresh pair. Top deck is a smooth ballad that echos the title, and has Jack aided some by a male vocal group. Flip side is a potent sleeper if there ever was one. Tune flows in mellow tempo, and has Jack and the group weaving a bright melody that scores. Ops should latch onto this biscuit!

"I WANNA BE LOVED" (2:55) "STARDUST" (2:55) BILLY ECKSTINE (MGM 10716)

• Plush pash tones of piper Billy Eckstine on this current hot ballad should score heavily with music fans and ops alike. Billy's strong, sincere vocal effort, blended with a sock set-ting of singing strings makes this one to get with. Flip side has the bal-ladeer offering his best on the well known standard. Top deck for the moola!

"MISSISSIPPI" (2:31) "THE BREEZE IS MY SWEETHEART" (3:11)

ART MOONEY ORCH.

(MGM 10721)

• Cute flavor of the top deck echoes brightly enough to warrant some attention from music ops. Vocal by Allan Brooks and the Four Clovers on this ode to ole' Mississip is fair enough, as the music whirls in a mod-erate bounce tempo. Flips side has Mooney taking off a la Glen Miller with a sweet romantic ode, while Johnny Martin and the group pitch the lyrics. At best this side should attract only the Mooney fans.

"ONE LITTLE CANDLE ON A TWO LAYER CAKE" (2:56)

THE BOY WITH THE RIP IN HIS PANTS" (2:57)

TWO TON BAKER (Mercury 5426)

• Sentimental echo of this pair in the direction of that cute little tot makes for fairly pleasant tender listening time, and altho the wax isn't too commercial, it should meet with fair reception. Both sides feature the maestro at the vocals, with the tempo weaving slowly throughout. Disk has some winning potential and rates ops' listening time.

"SEEMS LIKE YESTERDAY" (2:41) "AMERICAN BEAUTY ROSE" (2:30) EDDY HOWARD ORCH. (Mercury 5433)

• Lack of sincerity in maestro Eddy Howard's vocal work on both ends here pulls this biscuit down quite a peg. Top deck is a tender tear-jerker, while the flip, a current climber in the rhythm romantic vein, gets abso-lutely no polish by the maestro. Both etchings have no flavor for the juke hor trade box trade.

NEW YORK: The spirit took form this past week, in the personage of Irv Katz, Apollo wee-pee and sales manager. We chatted with Irv for the first time in a long while, and that report that he'd shed some fifty odd pounds is actually true. Now that he's down to his fighting weight, he's gonna have to shell out for a complete new wardrobe. He took off so much weight, that his clothes hardly fit. . . . Caught the premier of the new Robert Q. Lewis-Ralph Flanagan air-show this past week. Yep, we still listen to radio, unlike some of the other proletariats of the music biz. Flanagan's music, in addition to Pappy Lewis' clever chit-chat scored with us, and altho it won't switch us to that "mild-cool-cigarette," we'll twist the dial to CBS come next Wednesday. . . Alert talent rep for some of the major diskeries might hightail it in the direction of chirp Elizabeth Palmer. Her first etching on an indie label has caused some tongue-wagging among the veterans in the business, and we heard of at least one wide-awake a & r man making offers. . . . Lisa Kirk has left the cast of "Kiss Me Kate" to head for Hollywood and moom pictries anxious as all get out. Seems as if the distribs are returning some tremendous amounts of "broken" records. . . . Irish tenor Phil Regan has added an oil well to his long list of "hobbies." Phil's is located way down plast week, with a 2G raise. Some people are actually starving. . . . Note the top Tunes breakdown, and you'll see that Sammy Kaye is riding hot with three winners, "It Isn't Fair, "Wanderin' and "Roses." Former two are in the top Tune. winners, Top Ten.

"HOW'S TRIX?" (3:16) GEORGE SHEARING (MGM 10720)

• Oldie on the top deck gets a new face via the George Shearing treat-ment. Instrumental rendition as of-fered here is as mellow as you want it, with the group showing their stuff in great style. Flip picks up some, and features an excellent vibe spot. Top deck is the one they'll yell for-ops should get with this done.

"I'LL GET MYSELF A CHOO-CIIOO TRAIN" (2:21)

("ARITHMETIC" (2:33) KIRBY STONE QUINTET

(MGM 10726)

• Top deck here is a rousing rendi-tion of this rhythm ballad. Disk whirls at a mellow pace, with Kirby and the group chanting the clever lyrics in fond style. Hand clap on the side adds to the wax incentive offered. The coupling stays in the same vein, and features the maestro on an up tempo bid. Both ends should do more than hold their own in the hores boxes.

cellent follow-up to Eileen's smash "I'd've Baked A Cake," and has what it takes to score in a big way. "May I Take Two Giant Steps" is a terrific parody on a game we all played as little tots, with Eileen's zingy-swingy pipes purring the cute flavor in top notch style. Tune rolls along in mellow tempo, with a vocal chorus and a fond hand clap to add to the luster and polish of the side. Repetition of the title, is gonna have phono fans from six to sixty singing and humming this clever melody. On the other end, Eileen stays in the novelty vein, with another pert happy ode that should catch on. Lyrics make for pleasant listening, as does the chirp's excellent set of pipes. "NOBODY WINS ON A MERRY-GO-ROUND" (2:13)

"PICNIC IN THE PARK" (2:27) TED STEELE

(Columbia 38839)

• Happy novelty echo of the top deck is one that catches our ear, and we're sure it will score with you too. Ditty is an easy flowing novelty side, with the maestro and a vocal group purring the lyrics. Flip has a fem chirp joining the set on an up-tempo melody that parrots the title. The "Merry-Go-Round" side is the one for your money. your money.

"THE OLD RUGGED CROSS" (3:07) "IN THE GARDEN" (2:48)

DINAH SHORE-GENE AUTRY (Columbia 38828)

• Wax styled in the religious vein, with a dramatic pitch behind it by Dinah Shore and Gene Autry, should hold its own with the crowd that goes for this brand. Both ends whirl in slow, tender fashion, with the vocal duct singing it in smooth tones. Ops who have a call for this might lend an ear. an ear.

"SAM'S SONG" (2:38) "DRIFTIN' DOWN THE DREAMY OL' OHIO" (2:38) VICTOR YOUNG ORCH. (Decca 27033)

• Happy echo of the top lilt has already attracted a ton of coinage to "Sam's Song." Ditty is a merry gang sing, with a wonderful infectious melody behind it. Vocal and instru-mental work are highly polished from start to finish. Flip side is a slow waltz oldie, and has the group turn-ing in another good side. Top deck can't miss!

"MAPLE LEAF RAG" (2:20)

WHERE ARE YOU GONNA BE WHEN THE MOON SHINES" (2:41)

FRANKIE CARLE

(RCA Victor 20-3805)

• For the fans that like Frankie Carle, this duo shouldn't be too hard to take. Top deck is a jazz classic, handled in straight manner by the maestro. Flip is a current up tempo rhythm ballad, with Alan Simms turn-ing in an effective vocal. Ivory tick-ling by Frankie is featured through-out, for those who are interested.

"CLOUDY MORNING" (3:05) "WHEN WE'RE DANCING" (2:40) FRAN WARREN (RCA Victor 20-3800)

• Teeming tones of terrific tonsil-ing throughout this tender tone by Fran Warren spotlight the thrush in another potential winner here. Top deck is the one. It's a rich senti-mental ode, tinted with a bit of ro-mance, and handled to perfection in sincere style by Frannie. Flip side is another ballad, and gets an equally sock sendoff by the chirp. Ops shouldn't miss this one!

"CALL HER SAVAGE" (2:40) "PAGAN LOVE SONG" (2:40) HERB JEFFRIES (Columbia 38829)

• This one is Herb Jeffries best since "Flamingo." It's the top deck they'll yell for, and with good cause too. Ditty is a 'plush Latin styled ballad, with Herb's strong, sincere vocal tones jelling with the mood and patter of the melody. Flip side is a stand-ard that gets a good sendoff by Herb. Grab the top one!

"SING ME A HAPPY SONG" (3:11) "THING-A-MA-JIG" (3:16)

PETER LIND HAYES

(Decca 27022)

• Only the most ardent devotee of Peter Lind Hayes will want to spend time listening to this mess. Pair of as un-commercial sides we've ever heard echo forth on this platter, with Hayes spilling the lyrics in sing-song monotone fashion. Ops in desperate need of a filler might listen in.

"MISSISSIPPI" (2:20)

"I DON'T WANT THE WORLD" (2:10)

ELLA FITZGERALD (Decca 27061)

• Sock rendition of this tune is sure to pay off for music ops in a big way. Widely recorded "Mississippi" by Ella Fitzgerald is first rate music from start to finish here. This ren-dition, with Ella purring in her usual excellent style is one of the best around. Flip slows down some, and has Ella taking a medium tempo'd romantic tune in stride. Vocal flavor is added on both ends by the Four Hits & A Miss. Ops should grab this one! one!

"THE PICNIC SONG" (3:02)

"MISSISSIPPI" (2:30) BRADFORD & ROMANO (RCA Victor 20-3808)

• Novelty echo of the "Picnic Song," in duet style by Bradford and Romano is mellow enough to earn its keep in the boxes. Ditty has a great set of lyrics, in addition to some wonderful melody. Flip side has been widely recorded, and is handled in very effec-tive style in this platter. Both ends are juke box material—listen in.

"SOMETIME" (2:52)

"YOU ARE MY LOVE" (2:47) WAYNE KING ORCH. (RCA Victor 20-3796)

Solid sentimental ballad, and one

"HERE COMES THE BRIDE ON A PINTO PONY" (2:30)

"BABES IN THE WOOD" (3:10) HUGO WINTERHALTER ORCH.

(RCA Victor 20-3807)

• Novelty wedding story of the top deck, offered in a western setting by Hugo Winterhalter is a cute fresh one that has a pleasing ring to it. Vocal by the chorus echoes the senti-ments of the title throughout, with the ork blending beautifully. Other end is a slow, plush romantic pitch that doesn't quite come off.

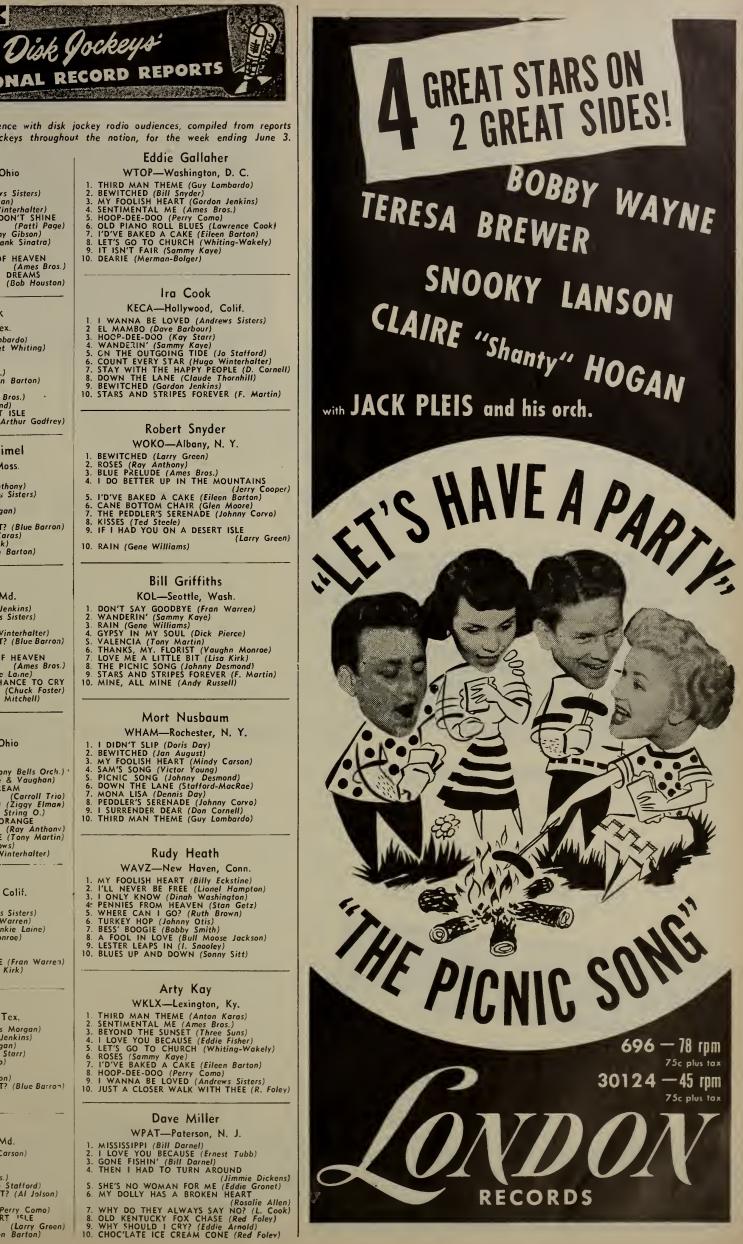

EILEEN BARTON

Sock rendition of this bright • Sock rendition of this bright new novelty is gonna rock the boat once again for thrush Eileen Bar-ton, and fill music ops jeans with loads of silver beans. Once this disk makes the rounds, there's no telling what they'll do. It's an ex-

Gordon Jenkins Guests At Gil Newsome, KWK, St. Louis, Fifth Anniversary Party

June 10, 1950

ST. LOUIS, MO.—Gordon Jenkins (right) flew in from Hollywood to St. Louis recently to be special guest on the broadcast honoring St. Louis disc jockey Gil Newsome (left) on the occasion of the latter's fifth anniversary in St. Louis. Jenkins, whose "My Foolish Heart," "Don't Cry, Joe," and "Maybe You'll Be There," were top coin-grabbers on the nation's juke boxes, paid special tribute to Newsome for his untiring efforts toward improving inter-group relations among teen agers of all faiths and nationalities. Also fea-tured on the broadcast were Anton (Third Man Theme) Karas, and band leader Buddy Moreno.

CMI JUNE SHOW CALLED OFF

CHICAGO-Members of the music industry planning to at-tend the scheduled Coin Machine Institute Convention (CMI) here in Chicago in June, were notified that all plans for the trade meet

have been canceled. The Board of Directors of CMI officially disclosed that holding the show, would have placed too much of an expense and burden upon members of the coin machine trade, and its allied fields, in-cluding the music industry. Executives of recording companies who had planned to exhibit at the CMI Show have been notified by CMI of the cancellation this past week.

A total of four shows for the industry had been planned this year; two having taken place already. It was felt that the CMI Show would have been too much of an expense and burden to place upon those planning to attend.

Lombardo & Damone Shine At Waldorf

NEW YORK-Music biz came out en masse this past week (June 2) to pay tribute to maestro Guy Lombardo and balladeer Vic Damone at their Starlight Roof, Waldorf - Astoria

opening. Top gathering of celebrities, trade and daily press loudly applauded the Lombardo-Damone setto, latter's ap-pearing being his first at the Wal-dorf. Proof that Lombardo makes the

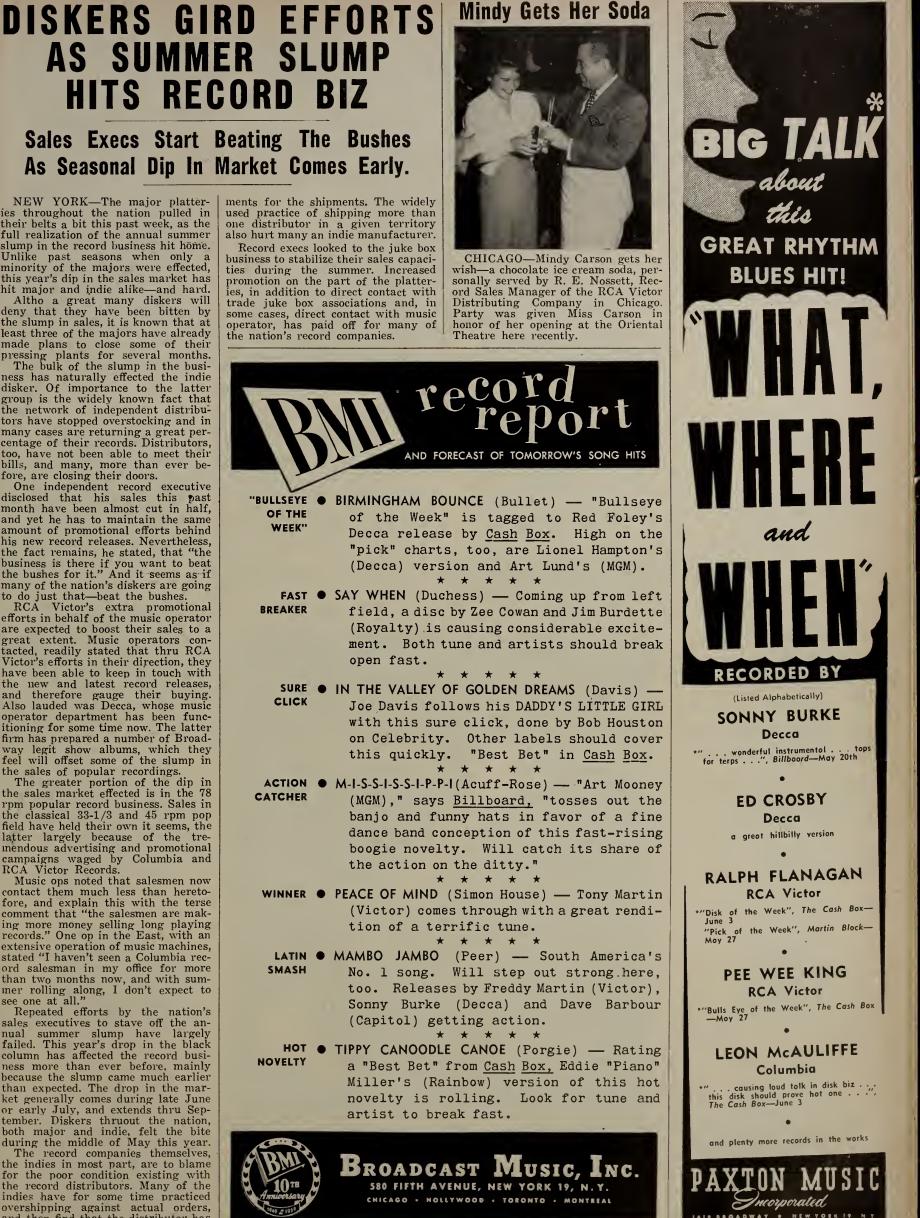

dorf. Proof that Lombardo makes the dancers come out was the mob scene on the dance floor, which was occupied to capacity every minute Lombardo was on the stand. Damone's vocal efforts met with the similar success that Lombardo's music did. Polish Vic has acquired on the floor really proves the songstar has come a long way. On hand to host Lombardo were top Decca execs Milton Rackmil, Leonard Schneider and Mike Conners, while v-p Art Talmadge, Joe Carlton and Nat Shapiro of Mercury Records ap-plauded Damone.

Rainbow Sets Heavy Promotion Campaign **On First Buddy** Williams Release

NEW YORK—Eddy Heller, presi-dent of Rainbow Records Inc., this past week disclosed plans for a pro-motion campaign to be waged on the release of the Buddy Williams record-ing of "On The Mall." Heller discloses that the Williams version of "On The Mall' is the first swing rendition of the tune recorded. Promotion plans call for complete kits to be mailed to disk jockeys, trade re-viewers and top dealers and music ops. Included in the kit is a demon-stration recording which explains the Williams' disk, in addition to a vinyl-copy of the disk itself. The Williams' ork was recently signed to a disk pact with the Rainbow diskery, and has been widely heralded in music circles. "On The Mall" is slated to receive the same efforts which Heller directed behind his click recordings of "She Wore A Yellow Ribbon," "Music, Mu-sic, Music" and "Daddy's Little Girl."

NEW YORK—The major platter-ies throughout the nation pulled in their belts a bit this past week, as the full realization of the annual summer

AS SUMMER SLUMP

HITS RECORD

their belts a bit this past week, as the full realization of the annual summer slump in the record business hit home. Unlike past seasons when only a minority of the majors were effected, this year's dip in the sales market has hit major and indie alike—and hard. Altho a great many diskers will deny that they have been bitten by the slump in sales, it is known that at least three of the majors have already made plans to close some of their pressing plants for several months. The bulk of the slump in the busi-ness has naturally effected the indie disker. Of importance to the latter group is the widely known fact that the network of independent distribu-tors have stopped overstocking and in many cases are returning a great per-centage of their records. Distributors, too, have not been able to meet their bills, and many, more than ever be-fore, are closing their doors. One independent record executive disclosed that his sales this past month have been almost cut in half, and yet he has to maintain the same amount of promotional efforts behind his new record releases. Nevertheless, the fact remains, he stated, that "the business is there if you want to beat

his new record releases. Nevertheless, the fact remains, he stated, that "the business is there if you want to beat the bushes for it." And it seems as if many of the nation's diskers are going to do just that—beat the bushes. RCA Victor's extra promotional efforts in behalf of the music operator are expected to boost their sales to a great extent. Music operators con-tacted, readily stated that thru RCA Victor's efforts in their direction, they have been able to keep in touch with the new and latest record releases, and therefore gauge their buying. Also lauded was Decca, whose music operator department has been func-tioning for some time now. The latter firm has prepared a number of Broad-way legit show albums, which they feel will offset some of the slump in the sales of popular recordings. The greater portion of the dip in the sales of popular recordings. The greater portion of the dip in the sales of appular recordings. Music ops noted that salesmen now ford, Avictor Records. Music ops noted that salesmen now fore, and explain this with the terse comment that "the salesmen are mak-ing more money selling long playing records." One op in the East, with an extensive operation of music machines, stated "I haven't seen a Columbia rec-ord salesman in my office for more than two months now, and with sum-mer rolling along, I don't expect to sales executives to stave off the an-nual summer slump have largely failed. This year's drop in the black column has affected the record busi-ness more than ever before, mainly because the slump came much earlier than expected. The drop in the mar-ket generally comes during late June or early July, and extends thru Sep-tember. Diskers thruout the nation, both major and indie, felt the bit during the middle of May this year. The record companies themselves, the indies in most part, are to blame for the poor condition existing with the record distributors. Many of the indies have for some time practiced overshipping against actual orders, and then find that the distribu

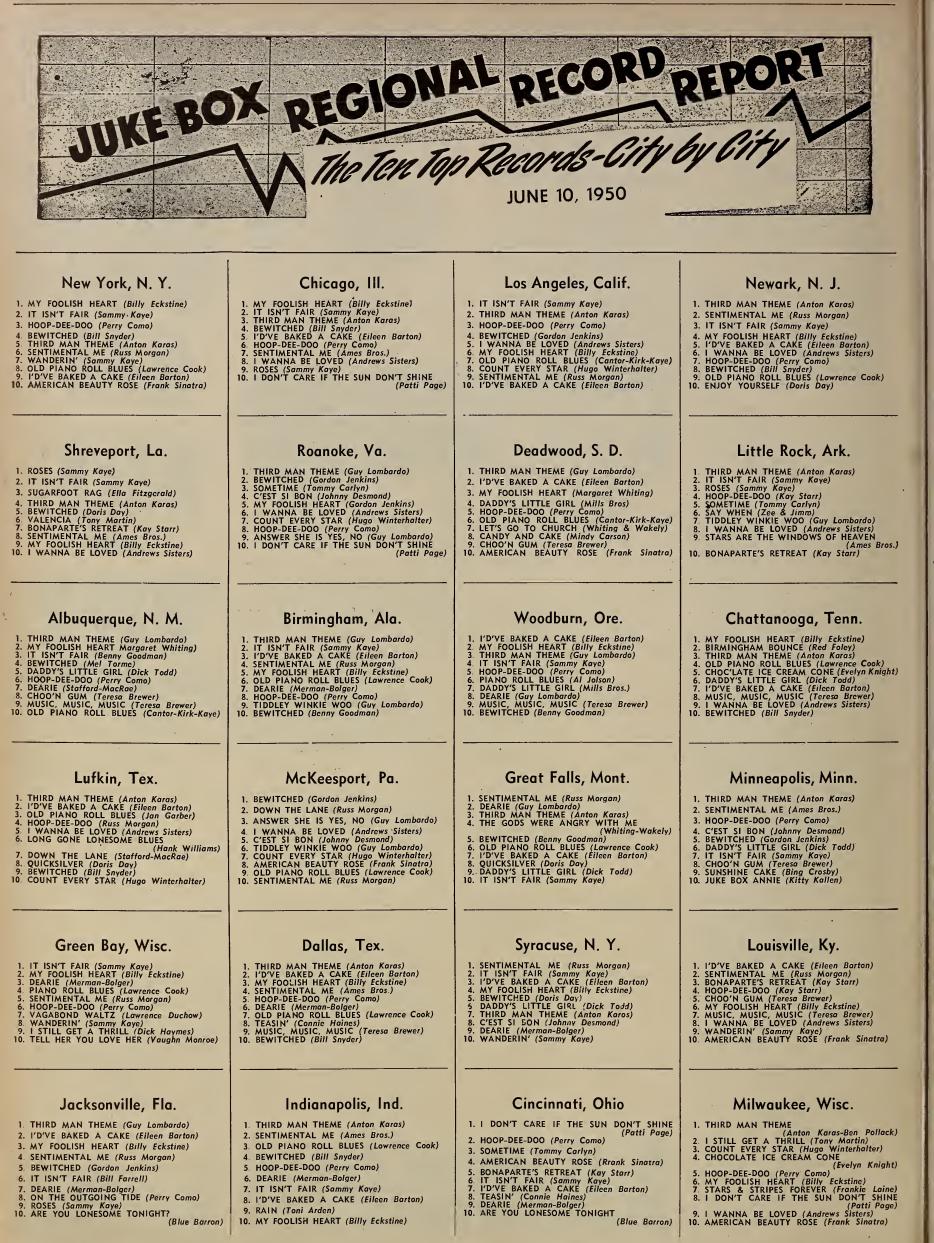

ments for the shipments. The widely used practice of shipping more than one distributor in a given territory also hurt many an indie manufacturer.

Record execs looked to the juke box business to stabilize their sales capacibusiness to stabilize their sales capaci-ties during the summer. Increased promotion on the part of the platter-ies, in addition to direct contact with trade juke box associations and, in some cases, direct contact with music operator, has paid off for many of the nation's record companies.

THE ORIOLES

• You can wrap up a great big bouquet for The Orioles right quick, for this latest etching by the group is by far and large the best thing they've done since "It's Too Soon To Know." Consistent win-ners that they are, the vocal combo step out in a new role on this pair, that should cause a ton of tongue

"UNFAITHFUL WOMAN" (2:54) "RIGHT NOW" (2:47) EDDIE WILLIAMS (Selective 121)

• Echo of this biscuit should reap harvest for music ops by the barrel-ful, and prove to be a hot one for music fans and ops alike. Both sides have an excellent spot vocal by Lester Myrat, with the Williams group mak-ing mellow music in the background. Sides have that juke box appeal— ops should grab 'em pronto.

"DIG A LITTLE DEEPER" (2:37) "I'M FREE AGAIN" (3:04) JORDÁNAIRES (Decca 46242)

• Wide demand for music in the spiritual vein should account for a fair shake of juke box play with this one. Both ends feature the gospel singing of the Jordanaires with the material offered in the religious vein. Music ops who have a call for this stuff should get with this pair.

"ROCK ME IN YOUR CHAIR" (2:43) "SITUATION BLUES" (2:56)

DUKE HENDERSON

(London 17011)

• Blues styled by Duke Henderson, and the set-up of "Rock Me In Your Chair" and "Situation Blues" in the offing for music ops. Both sides have the Duke in the vocal spot, and make for fairly pleasant listening time. Wax is the sort that you have to listen to in order to fully appreciate it—we suggest just that.

'FRIED CHICKEN RAG'' (2:42) "TEMPTATION RAG" (2:38) OLSON BROS.

• Wax recorded in Europe, and offered here by the Olson Brothers, should perk up ops' play. While not in the strict jazz and blues vein, the sides feature a honky-tonk barrelhouse piano that should catch music fans' fancy. It's smooth stuff that

* 5028) wagging in no time at all. Both ends of the platter are blue-ribbon winners. Top deck is a slow, tender ballad that had been around some. This rendition is a cinch to top every pop version recorded, and likewise win tons of silver for music ops. Tender tones of scintil-lating and thrilling romantic music echo throughout the side. Send an extra round of applause in the direction of Sonny Till, whose spot solo vocal on the side is nothing less than sensational. On the other end with "You're Gone," the group keeps the tempo slow and senti-mental, and comes up with another winner. Tune is a melancholy ballad that scores from the very start. The bulk of the beauty in the disking lies in the orchestral background, which features a sec-tion of singing strings under the direction of maestro Sid Bass. The disk is a juke box natural—don't miss it!

"I LOVE MY BABY" (2:35) "MY KIND OF BABY" (2:56) LARRY DARNELL (Regal 3274)

(Regal 3274) • Pair of potential hot sides by the widely popular Larry Darnell should do more than earn their keep in the boxes. Both ends of this platter make for mellow listening pleasure, and should be greeted with much fervor. Wax is the sort that consistently wins phono play, and rates a spot in ops' machines. Larry's many fans should yell for the sides.

"SNUFF DIPPER" (2:50) "SHE WON'T LEAVE NO MORE" (2:25)

LITTLE JOE GAINES (Mercury 8180)

• This duo might be used effectively by ops as a filler item. Wax as set up by Little Joe Gaines is fair enough as it stands, but it just misses a bit in performance. Both ends are in the blues shouting vein, with Little Joe handling the material offered in so-so fashion. Ops who have the room in their machines might lend an ear.

"FEELIN' SO SAD" (2:30) "MOODY BABY" (2:41) JOE TURNER (MGM 10719)

• Low-down blues spouted by Joe Turner is what you'll find on this fresh duo. Music ops who have a de-mand for this brand should do well with the sides too, since Joe always turns in a good performance. Mate-rial offered rolls around the titles of the tunes, with Joe basking in a well deserved spotlight. Ops should listen in. a wen listen in.

"WHO OWNS THE JOINT" (2:28) "WORD FROM THE DEACON BIRD" (2:35)

JOHNNY SPARROW ORCH. (National 9114)

• Novelty vocal on the top deck, "Who Owns The Joint," makes for pleasing moments of listening time, and might satisfy music fans just as well. The side itself has some mellow instrumental tones by the Sparrow group. Flip side has the bird ork dis-playing their musical wares in good style to offer ops a potential winner.

Music Publishers Set Plans To Hypo Sheet Sales Market

NEW YORK-Representatives of NEW YORK—Representatives of the major music publishing firms were scheduled to meet here this past week to get together and exploit ideas and possibly new promotional avenues to bolster the sale of sheet music throughout the nation. Sheet music sales have for some time been behind, in comparison to ex-pected sales on a given popular song. Veteran publishers pointed out that

"THROW YOUR LOVE MY WAY" (2:31) "GIVE ME A LITTLE OLD FASHIONED LOVE" (3:00) ERNEST TUBB

(Decca 46243)

Vocal flavor of this fresh pair of sides is the sort of material music ops will go for-and go for in a big way. Both ends of the wax are top notch juke box songs, and should be greeted with excellent reaction on the part of ops and fans alike. Top deck is a clever ode, with Tubb wailing the infectious lyrics in smooth, clear style throughout. The tune itself makes you wanna sing with it, as

does the captivating melody. On the other end, Tubb shows his versatility, and comes back with still another hot side. Tune itself echoes the sentiments of the title, with Tubb in great voice throughout. It's a tune that will win consistent juke box silver, and has his many fans yelling loud and long for this one. Ops should get with this biscuit in a hurry—and by the boxful. too!

"EVERYTHING'S OKAY" (2:49) "TOO MANY PARTIES" (2:48) LUKE THE DRIFTER (MGM 10718)

(MGM 10718) • Folk philosophy by Luke The Drifter might catch some coin in those locations that have a call for this brand. Luke reads a pair of poems that make a lot of sense, and also weave quite a wax story, too. Light instrumental background adds to the winning potential of the platter. Ops who use this brand might lend an ear.

"MEAN MAMA BOOGIE" (2:48) "CHEROKEE WALTZ" (2:26) JOHNNY BOND (Columbia 20704)

• Wax styled by Johnny Bond and his Red River Valley Boys makes for fairly nice listening pleasure. Altho the sides won't stop traffic, they should hold their own. The name popularity of the combo will attract a fair share of attention to this duo-ops might listen in and then take it from there.

"LOSE YOUR BLUES" (2:45) "OVER AN OCEAN OF GOLDEN DREAMS" (2:52)

RED KIRK (Mercury 6257)

• New sides by Red Kirk, teamed with Jerry Byrd on steel guitar, might catch on with music ops and fans alike. Top deck of this one is a clever blues ode, with the flip echoing the tones of the title. Red's vocal work is smooth throughout, with some great instrumental backing seeping through both sides. Ops should feature this one.

"HE WILL SET YOUR FIELDS ON FIRE" (2:51) "WE ARE CLIMBING JACOB'S LADDER" (2:53) MADDOX BROTHERS and ROSE (4_Star 1473)

• Vocal hymns tinted in the spiritual vein by the Maddox Brothers and Rose should earn their keep with the crowd that goes for this material. Top deck features a male vocal, while the flip has Rose in the spotlight. Sides weave in slow tender tempo, and echo the sentiments of the title. Ops who have a call for this might listen.

"ENCLOSED, ONE BROKEN HEART" (2:35) "CUDDLE BUGGIN' BABY" (2:25) EDDY ARNOLD (RCA Victor 21-0342)

• Widely popular Eddy Arnold comes up with another potential win-ner in this latest disk pairing "En-closed, One Broken Heart" and "Cud-dle Buggin' Baby." Top deck is a straight folk lament, with Eddy spouting the tender lyrics in smooth style. Flip side picks up some with the tune wheeling around the title. Top deck should score.

"THE CANDY MAN" (2:30) "THAT'S JUST MY HAND YOU'RE HOLDING" (2:15) DOYE O'DELL (Mercury 6259)

• Western flavor by Doye O'Dell, and the set-up of a pair of effective sides in this fresh duo. Top deck is a cute bid for wax fame that should catch on with phono fans. The flip side stays happy, and has Doye weav-ing a light-hearted romantic ode. Both sides make for good juke box listen-ing pleasure. ing pleasure.

"ON THE ROAD BACK TO OLD SAN ANTONE" (2:51) "ROSE OF THE RANGE" (2:47) VIC ANTHONY (Autograph 817)

• Top notch country ditty that just can't miss is this fresh one by Vic Anthony. Tune is essentially an ode to San Antone, but Vic's crystal clear tonsils gild the tune into something wonderful. . It's tempting music throughout, with excellent ork backing coming thru, too. Flip side is just as good, and shows Anthony at his best. We like the top deck, and we're sure you will too.

"YOU'RE BARKING UP THE WRONG TREE NOW" (2:27) "WHEN I GET RICH" (2:28) RED SOVINE (MGM 10717)

 Novelty tones of this pair are sure to win more applause from Red Sovine's growing bevy of fans. Both ends of the platter make for wonderful listening pleasure, in addition to a host of laughter. Vocal flavor of the wax is in excellent keep with the material offered. Ops should lend an ear in this direction.

"KEEP AN EYE ON VENDORS" **Research Report Shows Giant Mass Buying Of Supplies Growth Of Vending Industry Helps Sell Hot Dog Vendors**

'50's Equipment To Cost \$100 Million

NEW YORK—"Keep An Eye On Vending Machines," headlines a dis-tribution report put out by the Re-search Institute of America. In a copyrighted statement to all subscribers of the national service, the Insti-tute points out the tremendous growth

tute points out the tremendous growth of the vending machine industry and outlines the coming expansion in au-tomatic merchandising. According to the Research Institute report vending machines and auto-matic equipment are being manufac-tured to the tune of more than \$100 million a year. This figure is said to be exclusive of juke boxes, games, bell machines and arcade equipment. The venous estimates about one million be exclusive of juke boxes, games, bell machines and arcade equipment. The report estimates about one million penny gum, peanut and candy ma-chines on location, plus 350,000 serv-ice units such as parcel lockers, scales, etc.; 325,000 cigarette vendors, 300,-000 dispensers of five cent candy bars, 275,000 bottled and 15,000 cup dis-pensing haverage machines

275,000 bottled and 15,000 cup dis-pensing beverage machines. Public acceptance of automatic merchandising is shown in the fact that the Pentagon Building in Wash-ington has over 100 beverage, cigar-ette and candy machines; New York's LaGuardia Airport has 470 vending machines that grossed nearly half a million dollars last year. New York City subways grossed nearly two mil-lion dollars from penny gum, choco-late and peanut vendors and scales last year. last year

In addition to the more commonly accepted and better known automatic

accepted and better known automatic merchandisers the report mentions: aspirin, books, grilled sandwiches, film, dental kits, shoe shines, sun tan sprayers, typewriters, flowers, vita-mins, ice cubes and perfume. Chances of success in automatic merchandising, according to the Re-search Institute Report, depend upon meeting these specifications: impulse or emergency purchase item, fast turnover, compact package, consumed near the point of purchase, sells for less than \$1--preferably for 25c or under, well-known brand name and doesn't require sales effort. The report of the Research Insti-tute is added proof the many indica-tions of coming prosperity in the vend-

ing machine field that the Automatic Merchant has reported in the past few weeks.

The increasing trend among opera-tors to handle all kinds of equipment in order to protect their locations has resulted in the greatest diversifica-tion in the lines that operators are now handling that this industry has ever seen. This is one of the most important tendencies in the entire coin machine industry of this time. It important tendencies in the entire coin machine industry at this time. It means that the operator is getting farther and farther away from the days when his business featured the particular type of machine that he specialized in rather than the more business-like attitude of "What is my location worth?" The end result is the ever-growing number of operators that are now entering the field of au-tomatic merchandising.

that are now entering the field of au-tomatic merchandising. Add to this fact The Boston De-partment Store that last week set a national precedent by establishing an entire section that is operated by vending machines. The results of this experiment have so far been better than the store executives predicted with a strong possibility that the idea may be picked up elsewhere. All this means a greater public acceptance of buying through the medium of vend-ing machines.

buying through the medium of vend-ing machines. The Paper Cup And Container In-stitute, Inc., Field Research Division, showed in the survey carried in *The Cash Box* (June 3, 1950), that not only are factory's pleased with the vendors that they now have but most of them are actually looking for good equipment which they can add to the automatic merchandising machines that they now have or which they can use to inaugurate an automatic Food service. service.

Special Signs For Comm. Chest Drive

WASHINGTON, D. C.—Automatic merchandisers, who are members of the National Automatic Merchandis-ing Association, will cooperate next October in publicizing the Community Chest drives throughout the nation. Automatic merchandising mechanism

October in publicizing the Community Chest drives throughout the nation. Automatic merchandising machines of every description will carry stick-ers bearing the familiar red feather and the Community Chest slogan "Everybody Benefits — Everybody Gives." The nation-wide public relations project is the brainchild of Aaron Goldman, automatic merchant, this city. Goldman is chairman of the N.A.M.A.'s publicity committee. He originally adopted the plan ten years ago by distributing match books car-rying the Community Chest slogan through his cigarette vendors. Gold-man was recently appointed Chair-man of the Planning Committee of the Community Chest Federation of Washington, D.C. Special Sponsor-Ad sign fixtures have been introduced providing a dis-play card specially designed for this purpose. The Community Chest slo-gan message will make a colorful dis-play wherever vending machines ap-pear all over the United States. **THE CASH BOX when answering**

ger of the George Sylvan Electric Corp. Friedman explained that some au-tomatic merchants believed they would run into retailers who would prefer to buy their own hot dogs, napkins, rolls, mustard, relish, etc., and would be able to offset their sales for use of the machine. "But," as Friedman explained, "the operators of the George Sylvan units are not confronted with any such problem. They point out to the store-keepers that if the retailer starts making phone calls to obtain small quantities of hot dogs, napkins, buns, relish, mustard and other needs for sales of hot dogs to customers, he will not only find himself confronted with a price problem, but, in most instances, will also find that the bak-ers and meat packers aren't inter-ested in delivering in small quantities daily." Therefore, the coin machine opera-

ers and meat packers aren't inter-ested in delivering in small quantities daily." Therefore, the coin machine opera-tor who is already in the location, and can earn a very handsome income from the use of the Geo. Sylvan hot dog dispenser, which is not coin op-erated, is in the perfect position to service the average tavern or other storekeeper where only a small quan-tity is used daily. The automatic merchant buys in large quantity to take care of his many locations and arranges deliver-ies in smaller quantity to each of his spots as the service men go out to make their regular calls. "In this way," Friedman stated, "the automatic merchant can match or beat any price the storekeepers can obtain for the needed ingredients and, at the same time, profit from the sale ads---it proves you're a real coin

Automatic Merchants Urge: STOP PAYING TRIBUTE FOR MACHINE SPACE

One of the greatest evils continually faced by automatic merchants everywhere in the country is the tribute being paid for machine space to location owners.

One operator after the other has been forced to cut deep into his reserve and, especially, into future potential profits, because he has found that his locations were offered payment, in one fashion or another, for their machine space.

This has, many times, disgusted very good operators. Many such men have left the industry. They could not see themselves paying tribute to any organization, to any retailer, for placement of automatic merchandising equipment which was extremely beneficial to that organization or to that retailer.

The average automatic merchant is not in a financial position to pay the heavy tribute which some of the older and more established operators are able to pay.

They find that, in many cases, after they have "set a route" of machines, the locations which they have built, after hard and persevering effort, will be approached by one or another of the larger ops who are willing to "loan" to the location owner and, in even more flagrant cases, actually "give" money for the location.

This has happened time after time, to the point where the average automatic merchant cannot afford to place any equipment on location, unless he has the location owner sign a legal location agreement wherein that location becomes his for a definite period of time.

This has cut down on sales to some extent. Manufacturers, in many instances, have been told by automatic merchants that operators just cannot continue on in business in face of the tribute which is being paid to locations.

This idea of paying tribute to obtain locations has invaded one division after another in the automatic merchandising industry.

It has caused great hardship to men who would have proved themselves among the most progressive operators in the industry.

Whether this can be halted or not, by agreement among local automatic merchants, or whether it should become one of the planks in a program by the national organization, should be determined at this forthcoming NAMA show, according to many ops who have so been hurt.

There is no doubt, these men state, that if this keeps up there will be could see his way clear of cutting in

fewer men in the industry, for the larger and more financially powerful operator is in position to wipe out the average automatic merchant by offering unusually large tribute to location owners and removing all other equipment from the spots.

Tribute has also invaded the drink vender field, just as it has been rife in the automatic cigarette business for some years. Wherever ops have come together they have somewhat curbed tribute from being openly offered against the rules of their organization. But, they have not been able to stop it.

Such ops' associations have driven these people underground. But, the tribute-payer now makes offers in ways that circumvent the rules of organizations. They use their financial power in such fashion that the smaller ops, regardless of the fact that they may be in position to offer just as good, if not better, service than this large op, simply cannot, and will not, compete with the large tribute-paying merchants.

What is most ludicrous as well as ironical about the whole tribute offering picture is the fact that today, especially, it is not necessary.

The automatic merchandising machine is a definite and integral part of the retailing and industrial picture. It is in demand. It is one unit that every location needs and wants.

There is, then, no reason, no need, for tribute to be offered where simply locating the machine is enough.

Manufacturer after manufacturer realizes tribute-payers are simply cutting down on their own future prog-ress by limiting sales potential. If he feels that he can sell to just one man in each area then the payment of tribute to the locations for placement of automatic merchandisers should be encouraged by him-openly.

But, when he stops to realize that when one op becomes all-powerful in any one area, that sales can be stopped at whatever time this op so desires, then, perhaps, he should give more thought to more open competition from the standpoint of a greater future sales potential as against a closed market.

This closed market was endured in the cigarette machine field for many years, as one example. It took a long and hard fight on the part of the cigarette machine manufacturers, who were on the outside, to cut into the market.

Everywhere their men traveled they were faced with the fact that no one on the one all-powerful source. Sales dropped so badly in the cigarette ma-chine manufacturing field that it seemed the field was forever shut to further growth.

Today the new manufacturers are cutting into the business. This was made possible by the better, newer equipment, but, also by the fact that those now interested in this field are financially powerful and are in posi-tion to fight the tribute-paying battle.

What has this done to the smaller automatic merchants? It has pushed them to the outskirts—to the once-in-a-while-buyers' locations and has somewhat clipped the wings of what could have been a ten times more tre-mendous business mendous business.

This same is not only true of the cigarette merchandiser field, but is cigarette merchandiser field, but is also true of almost every other divi-sion of the automatic merchandiser industry. The result is that this busi-ness lays itself open to some of the worst type of competition. The kind that once it gets in, stays put, and limits the progress of the industry.

If many of those who are today paying tribute to obtain locations can be prevailed upon to stop doing so, then the automatic merchandising industry is going to progress faster and further and better than it ever did before.

The time has come when all divi-sions, all members, all elements of the field, must get together on this point and, once and for all time, arrange to clarify the situation to such an extent that many who now desire to enter into the automatic merchandising pic-ture will be able to do so, without the fear of finding themselves caught short with a warehouse full of machines they can't place on locations because they just haven't the further finances to pay the necessary tribute to the location owners. to match what is being offered by the big tribute-payers in the field today.

Northwest Shows "Shinemaster"

MINNEAPOLIS, MINN. - Northwest Engineering and Manuafcturing. Inc., this city, displayed a new shoe shine machine called "Shinemaster" at the A.C.M.M.A. show.

The new machine is 35" x 16" x 18" and weighs 103 lbs. "Shinemaster" can be handled by one man and placed the trunk of the average automobile. The vendor polishes either brown or black shoes in approximately one minute per shoe.

The customer places a nickel in the coin chute, places his shoe in the opening and with a slight pressure starts an electrical spraying mechanism which applies a wet coat of carnuba wax in one second and then dries it in three. Brushes automatically rotate on the shoe, polishing the entire surface.

Executives pointed to the relative inexpense of "Shinemaster" and stated that, "this is one machine where the maintenance is kept at an absolute minimum. 'Shinemaster' car-ries with it a ten day money-back guarantee and a one year mechanical guarantee. A full quart of polish and the horse hair brushes are shipped free with the 'Shinemaster'."

Northwest was one of the fourteen Northwest was one of the fourteen vendor, service machines, supply and parts firms that exhibited at the re-cent A.C.M.M.A. convention. A sur-prisingly large percentage of this group introduced new machines. The new equipment has created a great deal of excitement and favorable com-ment throughout the industry.

Interest In Cig. Routes Grows

CHICAGO — Reports are current here to the effect that even though operating cigarette merchandisers has

operating cigarette merchandisers has been among the best businesses in the industry, the sales of these units are growing bigger, instead of slack-ening, regardless of the many big operations throughout the nation. Seems that ops have turned to ciga-rette merchandisers for "insurance" instead of just routes. Many who had the opportunity to build routes of cigarette machines, these reports state, were lax, and are now trying to make up for it by getting in spots which they could formerly have cov-ered without much financial outlay.

which they could formerly have cov-ered without much financial outlay. Present problem, reports state, is the large amounts being offered for the locations. But, the statements go, this is nothing compared to the de-mand which has suddenly arisen. Ops everywhere seem intent on setting a route of cigarette machines regardless of difficulties that they face. Many old timers in cigarette vending have found this competition extremely tough.

Some of these men say that the newcomers are barging right in headlong without too much thought or study of the business, and just pushing for locations. The belief is that there will

locations. The benef is that there will be more cigarette machines in opera-tion by the end of 1950 than anyone ever believed possible. Intensive action on the part of ciga-rette machine manufacturers is also part of the picture, old timers state. Some of the manufacturers with new machines are clicking. Autotype machines, are clicking. Auto-matic merchants using these machines are talking away spots as fast as they possibly can. Belief here is that much comment

in this direction will be raised at the N.A.M.A. show.

ALL SHOWS SAME WEEK! Urge NAMA, MOA, CMI, ACMMA Run Shows Same Week Same City Cut Expense Bring Big **Crowds. Exhibitors and Trade Leaders Agree With** THE CASH BOX "All Shows Same Week" Plan

NOTE: This plan was suggested by The Cash Box to trade leaders and exhibitors during the ACMMA show and met with their full and instant approval. It is being offered here for further comment and opinion.

CHICAGO - One statement that | to attend conventions of various rang thru the past ACMMA convention was, "Well, this is the end of the old time, big shows, when 15,000 and more people attended."

There's no need for that statement. There's no need to involve the average exhibitor, operator, jobber and distributor in doubled and tripled expense. There is no logical reason for attempting to make people come to one show one month, another show the next month, and still another the following month.

The Cash Box suggested to trade leaders, heads of organizations, and many of the largest exhibitors an, "All Shows Same Week" plan. This met with instant approval.

These men, in turn, urged The Cash Box to publicize this plan. They all agreed that it would be "the answer" to the present attendance and expense problem of exhibiting at more than one show.

Regardless of the fact that record manufacturers may want to display their wares exclusively at MOA (Music Operators of America) convention where they believe they are meeting the audience they want, concentrated into one showing; and regardless of the fact that a manufacturer of vendors may want to only show his wares at the NAMA (National Automatic Merchandising Assn.) convention, because he feels that this is the logical place for his exhibit; the operators, themselves, because their routes are today so widely diversified, because of the fact that they operate vending machines and music equipment, as well as pinballs, bells, consoles, shuffle games and all other machines, can't stand the expense nor have the time to attend three and four shows.

Operators just can't afford to leave their businesses for three and four different weeks during the year. Even jobbers and distributors feel that they cannot leave their businesses for so many different weeks during the year

equipment and, in most cases, meet many of the very same manufacturers displaying the same machines at the various shows.

As far as the manufacturers are concerned they, too, feel that this is an imposition upon them. The expense of exhibiting at various shows is very great. And regardless of how much the manufacturer likes to get together with the nation's coinmen at convention time, it gets to the point where expense exceeds good judgment.

Factories are upset for weeks at a time, before, during, and after a convention. Orders fall to nothing two and three weeks before a show. During the exhibit the entire factory staff is completely upset, and production and sales are at a standstill. After the show, the meetings that are needed to decide on just what to build, and when to get started, keep the factories upset.

There is no doubt that many who did not attend the ACMMA convention would have attended the CMI showing. Some felt one way, some another. Now those who didn't attend the ACMMA show feel that they lost something, because of the fact that CMI has called off its exhibit.

Regardless of what the reason may be, all will agree that if the two organizations would have shown in two different hotels here in Chicago the same week, the crowd would have been double the size and all would have been happy.

Whether NAMA will agree or not, whether MOA will or will not agree, whether ACMMA or CMI will or will not agree on certain principles they should all agree on the fact that, because operators today have such diversified equipment routes, they will all benefit, if they will all hold their shows the same week, even at four different hotels in the same city.

Most certainly the leaders of each of the four large manufacturers' organizations in the coin machine industry are in agreement that they will all enjoy better business, and get greater attention for their exhibitors, if they will all feature their shows the same week in the same city.

Surely they agree that this will save the operators money, will save themselves great expense and will, in general, create much better sentiment thruout the entire trade to be present that one big week in whatever city is chosen. It will give the operator the opportunity of seeing every type |

Coin Firms Give Employees Long Memorial Week-End Holiday

CHICAGO-Tho a few execs of leading factories here were on hand in the city to handle whatever emergencies might arise, employees were given one of the longest weekend holidays of the year.

Many of the factories closed down as of Friday, May 26 and did not reopen until Wednesday, June 1.

This may somewhat effect production for distribs who are eagerly seeking equipment, now that the convention is over.

But, as certain execs at the various factories stated, "We'll catch up quick when the vacation is over."

At the same time many factories here believed that the long weekend holiday was coming to their employees in view of the work which had been going on here since last Fall without halt.

Production has been at top peak. Many factories worked right into Saturday and some worked on Sunday to take care of the beginning of the following week.

Since the shuffle and rebound games clicked so big, and now five-balls coming back into action, with demand growing every day for bells and consoles and one-balls, the factories have been working at peak here, and this holiday for employees and execs was much relished.

of equipment during one big week of exhibits.

Since these four big organizations, NAMA, MOA, CMI and ACMMA, can't seem to agree on general principle, at least let them agree, among themselves, and in the spirit of economy and better business and finer public relations, to hold their shows the same week in the same city.

WHAT DO YOU THINK OF The Cash Box "All Shows Same Week" Plan?

Used Five-Ball Market Spurts

NEW YORK-An analysis of the used market on five-balls for the past few weeks brings home the fact that prices on these machines have gradually been on the increase for the most part.

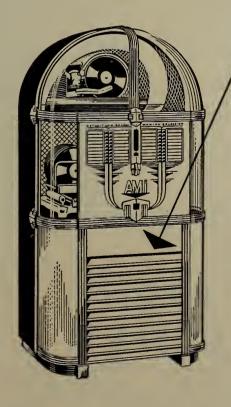

The usual routine of price structure for the sale of used five-balls is that they drop several dollars each week. A "hit" game which has proven to be a money-maker on location holds its price better than the run of regular games, but even those keep dipping gradually until they reach a certain mark. Then the price fluctuates up and down a few dollars.

What has caused the prices of used five balls to hold its own, and as stated in many cases increase, is considered by many due to the fact that the export market has opened up the export market has opened up greatly with Canada taking many ma-chines. Another reason offered is that in the past months manufacturers have been busy producing shuffle games, and only a few new games have been offered the trade. With fewer new games available, the opera-tor has had to use the equipment on tor has had to use the equipment on hand, and was reluctant to sell off or trade in games necessary to cover his routes.

routes. With production of shuffle games running capacity these days, and the market now in a position to absorb only certain quantities, several five-ball manufacturers have once again brought out new games and it is be-lieved they will be coming along in sufficient numbers to permit the five-ball operator enough variety to re-place equipment as needed. This con-dition, no doubt, will bring brisker trading of used five-balls.

A Clean Grill!

A clean machine always makes more money! One of the outstanding features of the "C" is its new plastic grill, fresh as a sunny morning, new as the next tick of your watch. Take a swipe at it with a damp cloth and it's as clean and bright as the day/it was shipped from the factory. How different from

the old fashioned grill cloth that collects dust and dirt and advertises the age of the machine like gray hairs on the human head!

If any "C" grill louvers ever need replacement, they can be installed inexpensively and with great ease and speed. This clean, plastic grill is the only one on any modern juke box. Without a clean grill you simply can't have a clean machine!

NEW JUKE BOX PLAY SUGGESTION PRAISED HOOD COMPLIMENTS "THE CASH Music Ops Like Plan—Are BOX" ON NEW PHONO PLAY IDEA **Giving It Full Location Tests**

H. C. Evans & Co. Will Introduce New Phono July 1 Featuring 1 Play 5c, 3 Plays 10c, 7 Plays 25c

RICHARD HOOD

CHICAGO-Dick Hood of H. C. Evans & Company, manufacturers of the "Constellation" automatic phono, phoned The Cash Box this past week to "compliment you on your new play suggestion to the nation's phonograph ouerators" operators.

NEW GAMES

Bally Shuffle Champ

Hood stated, "I believe that you have hit the nail on the head in tell-ing juke box operators to 'give more to earn more' and to bring the public one of the greatest bargains in all music history."

Hood also reported that his firm was instantly going into production with a new model "Constellation" which will feature this new play for the nation's juke box operators, 1 play 5c, 3 plays 10c and 7 plays for 25c.

2bc. The overplays which result from consistent playing of the phono, plus the further fact that juke box ops are now getting records of unbreakable quality which give them five to ten times more play than the old shellac records did and, in many cases, for which they pay less than they paid for the old type records, plus the bet-ter and longer playing needles now on the market for less money, "makes this great music bargain to the American public a natural," as Dick Hood put it. The new model "Constellation"

The new model "Constellation" phonograph featuring 1 play 5c, 3 plays 10c and 7 plays 25c, will be ready for operators on July 1, 1950, Dick Hood stated.

CHICAGO—Well known juke box ops from almost every leading city have been in touch with this office of The Cash Box since appearance of the editorials this past issue (June 3, 1950) suggesting operators "give more to earn more" and bring the "biggest music bargain in history to America" with 1 play 5c, 3 plays 10c and 7 plays 25c. — As far as merchandising angles are concerned, these men pointed out that they liked the idea. The 3 plays for 10c suggested the same deal as 3 packs of gum or 3 chocolate bars for 10c which can be obtained from the average supermarket, chain cigar, candy or department store. — It was the kind of bargain, most of these men said, with which the public is familiar and, therefore, a merchan-dising plan which has been found to be profitable by some of the largest merchandising organizations in his-tory. — Furthermore, the 7 plays for 25c

tory. Furthermore, the 7 plays for 25c Furthermore, the 7 plays for 25c angle, which is only a more tempting method to get the public to insert 3 dimes (30c) for nine plays, has been proved in many cases. The 6 plays for 25c is a step away from juke box tradition, as these men pointed out, by almost every manufacturer in the business business.

But, what was most interesting, was the fact that the average opera-tor today is willing to turn on his machine for full time play, even 24 hours per day, to any location, for approximately \$15 per week guarantee. This continuous music idea has been getting popular in some spots around the country.

But, for the average juke box op, he doesn't care whether the machine plays for hours on end, he reports. In fact, he wants it to play as long as possible. This means more people coming up to play the machine, and that means overplays as well as bigger profits.

The questions most asked concerned various makes and models of automatic phonos and whether these could be changed over to this new play idea.

It seems that the music mechanics of the nation are going to have a field day switching over phonos to 1 play 5c, 3 plays 10c and 7 plays for 25c.

Whether this can or cannot be done to every model phono isn't as yet known. Mechanics say that, with very few changes, it can be done, and that the changes aren't at all intricate or difficult.

Most factories have engineers who can inform the ops, especially those who have been phoning The Cash Box, whether this can, or cannot, be done

to most of the phonos now on the market.

to most of the phonos now on the market. New phonos, as in the case of the "Constellation" of H. C. Evans & Co., as well as the Model "C" of AMI, Inc., announce that this is a very simple changeover. These firms will be more than happy to advise ops just how this can be done, they report. In the meantime, The Cash Box is waiting to hear from juke box ops everywhere in the country regarding the result of their tests. These are important to the entire industry. The results are sure to start a new and better era for the entire auto-matic music industry, and, therefore, those ops who complete their tests should instantly notify The Cash Box about results obtained.

ChiCoin Sets New "Classic" Run

CHICAGO—Tho Chicago Coin Ma-chine Co. had decided to cut down its "Bowling Classic" run, orders jammed into the factory this past week to start an entirely new and larger pro-duction yup

start an entirely new and larger pro-duction run. "In short," as one executive of the firm stated, "we just can't stop pro-ducing 'Bowling Classic'. "The game," he said, "is taking

hold more and more strongly everywhere in the country."

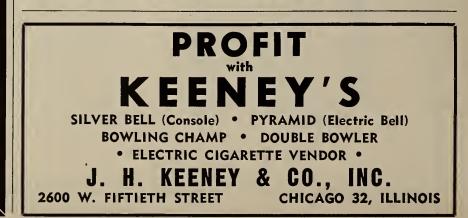

It is believed that the 45 second speed action of this one or two player game with disappearing pins, as well as the sensational rebound action, has caused the players to go for it in a big way.

The firm is, therefore, once again concentrating its entire production line on "Bowling Classic" in an effort to satisfy the demand.

As this exec said, "We thought that demand would slow down this past week, but, instead, it has again stepped up. The volume we had originally planned to push thru our production line has been more than doubled in an effort to take care of the orders we now have on hand." "Bowling Classic" is holding back

production of other equipment which the firm had planned to introduce.

Demand continues to grow for the game, instead of slacken, with the result that the firm foresees another long run on this machine as they have enjoyed with their other rebound, two player games.

Seven Different Machines In **Production At Exhibit Supply Co.**

Working Overtime To Fill Back Orders

FRANK J. MENCURI

CHICAGO-Exhibit Supply Company, this city, is working one of the largest and most varied production lines in the firm's long history.

They have seven different machines going down their production lines at one and the same time.

These are: "Strike," Jeanie," "Ro-tary Merchandiser," "Electric Card

tary Merchandiser," "Electric Card Vender," "Pony Express," "Grip De-veloper" and "See-A-View." "In addition," Frank Mencuri, Sales-manager of Exhibit stated, "we also have arcade machines being produced. "We have worked right thru with overtime in an effort to get equipment

to our customers who have simply backlogged us with orders." He continued, "We are trying our best to rush delivery of all the ma-

chines requested just as speedily as we possible can."

Mencuri also said, "Everytime we think we're going to see daylight, and get caught up with orders for one machine, demand increases to the point where we simply have to continue to add on more and more help."

He pointed to the "Rotary Merchandiser" as an example of how orders are coming in.

Said Frank, "When we thought we had met with the demand orders, and could slow down on this machine, more and more orders suddenly flooded in, and now we have been forced to double up on production volume for the 'Rotary Merchandiser.'"

The "Pony Express," three gaited horse, which Exhibit introduced sometime ago, is now moving faster than the firm ever expected it would. They have a large quantity in production at this time in an effort to satisfy the demand for this item.

"All we do is ask the operators to have just a little patience," Mencuri said, "we are working day and night and will be shipping their machines to them just as fast as they come off our production lines."

T & L Distrib Co. Appointed Wurlitzer Distrib In Cincinnati

CINCINNATI, O .- T & L Distributing Company, this city, has been se-lected as the Wurlitzer distributor for that territory it was announced today by Ed R. Wurgler, general sales manager of the Rudolph Wurlitzer Company.

Manager for the Cincinnati firm is Leonard J. Goldstein who has a background of fifteen years as a distributor for various lines of coin-operated equipment. T & L maintains offices and sales and service departments at 1321-23 Central Parkway in Cincinnati.

The territory represented by the Cincinnati distributing organization covers twenty Ohio counties surrounding Cincinnati, seven counties in Indiana and twelve in Kentucky.

According to Goldstein, T & L is remodeling its place of business and will be able to display the new Wurlitzer model Twelve-Fifty to its fullest advantage. T & L has formerly handled automatic phonographs, as well as other coin-operated equipment, and has complete service and parts facilities and trained service person-nel.

Len Goldstein is well known dealt with him during all of his fif-teen years in the business. Goldstein is a veteran of World War II and was a prisoner in Germany for ten months. a prisoner in Germany for ten months. He became active again at the close of the war and is now offering opera-tors in his territory the Wurlitzer model Twelve-Fifty, which will play any speed record and which offers a choice of forty eight selections choice of forty-eight selections

Goldstein extends an invitation to all the music operators in his territory to drop in at the Central Parkway showrooms where they will be assured a cordial welcome and a complete supply of phonographs, auxiliary equipment and service parts.

THRU THE COIN CHUTE

CHICAGO CHATTER

Many coinmen were still seen around town long after the convention doors were shut. Didn't have enough time to complete their business. And with fact that CMI called off its show, most of the men wanted to get their affairs cleaned up rather than come back here in the summertime. . . . Very nice report to hit the trade is that coin machine division of CJA (Combined Jewish Appeal) went over the 1949 mark by more than 20 per cent. Other divisions of amusement industries fell down somewhat, but, coin machine division took honors right in first appeal. Sam Lewis of ChiCoin was chairman for coin machine division here. . . They tell us that Sam Lews is looking forward to becoming a Pappy soon. . . Ed Levin of ChiCoin to Florida for a three weeks vacation as Sam Gensburg and his son, Avron, return to factory. Sam drove back from Miami, stopping off in Washington and New York for Mrs. Gensburg to see these cities. . . Blossoming inflation, it is reported, will see majority of communities paying 10c per phone call early in '51. Most phone companies have go ahead signal already. What about 10c amusement action?

about 10c amusement action? Keep juke boxes playing is plan of 1 play 5c, 3 plays 10c, 7 plays 25c. Ops can afford it and, further, overplays bring profits, while dimes and quarters stack up in machines.... Frank Mencuri, Joe Batten and Ford Sebastian over at Exhibit Supply among the busiest of execs in town. Trying to get all equipment out while being bombarded with more orders. Firm worked all day Monday even to overtime in effort to catch up on production.... Seen around town, long after others gone, Lou Wolcher of San Francisco, Bill Frey of Miami, Joe Abraham of Cleveland, Sam Taran of Miami, Al Sleight of Portland, Phil Weinberg and George Wrenn of Dallas, and many, many others.... Lyn Durant and Ray Riehl rushed out for some fishing over the weekend.... Billy DeSelm and Lou Casola down to the Indianapolis races.... Herb Oettinger watching baseball games from an easy chair.... Ben and Trudy Coven golfing for all they're worth with both buying new sticks and getting set for a big summer of golf.... Same for Roy and Mrs, Bazelon who strolled down the fairways of Green Acres.... Ted Rubenstein enthused over nice reception his new 1950 model counter games received from the trade. Ted believes that these counter games are still among the greatest and best for assured income from any location. . . . Gil Kitt off to Florida. . . . Joe Abraham of Cleveland advises that he has plans to speed up service to ops. . . . Plenty of talk-talk around the show concerning Bally's new one-ball, "Turf King," and talk continues even after show doors are long closed. Looks like Bally's problems with this game will be production and more production. . . Ben Coven on the air this past week over Radio Station WMOR and tho he reported he "froze" before mike—it ain't so. We were there and heard Ben give out with some grand talk. His charming wife, Trudy, also had her chance on the air. . . Phono sales have hit a new high this year and are still going great guns with many ops reported "polishing" up their routes with brand new boxes. . . . Irv Sax of Superior phoned to advise that the firm were very happy over show's results. . . . Busier than ever, Art Weinand, who advises that their 50 selection phono has caused so much comment he is simply answering 'em, "Just wait and see." In short, as Art says, a little more patience and the ops are going to be very, very well pleased. . . . That was quite a group of AMI men, Jack Mitnick, Ed Ratajack, Bill Fitz-Gerald, Barney Sugeman, Abe Green, Mike Spagnola, Phil Weisman, Leo Weinberger and some others who got into a huddle. . . . CHICAGO-A new jumbo-sized pinball game was introduced to the trade this past week by Bally Manufacturing Company. The game, named "Turf King," can be played with one ball or five balls and is operated on a replay basis.

"'Turf King' surpasses 'Citation' and 'Champion' in play-appeal and earning power," stated Jack Nelson, general sales manager. "The game includes many play principles that have proved their value in previous Bally games-such as 'Citation-type' advancing odds, mystery selections, 'wild' scoring holes, double-score possibilities, the section-shift idea by which purse and show pockets actually score as win pockets and the ever popular build-up Feature bonus.

"But," continued Nelson, "all of these time-tested and profit-proved ideas are presented to the public in a new and exciting way, which we call 'Player's Choice,' because the player can actually play according to his judgment in selecting particular advantages. Thus 'Turf King' provides attractions for every type of player.

"The popular 'L' and 'R' feature is retained, but has a new appeal in that a ball in 'L' or 'R' pocket, when cordesponding light is lit on backglass, lights all 7 selections for the next game. The A, B, C, D bumpers also have a new twist. When all four bumpers are lit by being hit in rotation the next winner is doubled.

"The 'Player's Choice' idea provides that, after depositing first coin, thus flashing all advantages on the backglass, player may either continue to flash all advantages or he may select a group of advantages for concentrated play. Selection of concentrated advantages is by means of symbol buttons on the front rail-a horseshoe; a star, a clover and a pennant. "Exhaustive location-tests in all sections of the country prove that the

new and revolutionary 'Player's Choice' idea is the strongest repeatplay stimulator ever created, result-

CALIFORNIA CLIPPINGS

A local situation of passing interest developed over the Memorial Day holiday, with most of the more firmly established distributors preferring to make it a long weekend, closing down Monday as well as Tuesday. Only hitch in the plan was their perhaps justified concern that one lone outfit might stay open on the Monday and snag any trade that happened to hit Pico Bivd. that day . . At Paul Laymon's we learned that Paul and Lueille must have had a gay and busy time at the ACMMA Convention as Charlie Daniels and Ed Wilkes had hardly a line from 'em since their departure for Chicago . . All the boys did know is that the Laymons had missed connections on that nice new car they'd planned to pick up in the East and were training it back, resigned to put up with the "old buggy" for the time being. Jack Simon, we understand, did get his new car and was driving it back fort and not turning any customers away . . . Jack Sheppard was due back from Colorado with a batch of orders for his novelty line, which seems also to have caught on widely in this territory judging by the sudden influx of bronze cow-boys and silver clocks (or is it vice versa) about the town . . . Fred Hailparn putting in time at Lyn Brown Co. front desk while Lyn supervising construc-tion of that pop-up pin conversion unit in the shop . . . At Automatic, Sammie Donin was arranging for a shipment of bells to Las Vegas, where Dannie Jack-son and he now have an office and are lining up some storing space. It seems the boys plan to stay on Pico Blvd. if only in the music and bowling game end of the business, from what we could gather. Chatted with Wayne Meuessel, So. Calif. Freezer Division Sales Mgr. for

Chatted with Wayne Meuessel, So. Calif. Freezer Division Sales Mgr. for Mills, and learned that the line will be expanding soon as the summer heat sets in, with plans calling for additional compression units and ice cube makers to join the ice cream making and freezer boxes in the half of the Pico Blvd. location formerly occupied by the games . . . Johnny Hawley, still unable to get that larger space he wanted nearby, is holding on to his present spot and selling old 5-balls like mad, he tells us, to arcades. Also moving out fast, according to Johnny, is Gottlieb's new "Bank-a-Ball" 5-shot pool game . . . Phil Robinson will be heading back to Chicago June 20 for confabs with Chicago Coin sales toppers Ed Levin and Sam Lewis on an interesting new development regarding the "Band Box" and also to bring the glad tidings direct to his bosses, Sam Wolberg and Sam Gensburg, that their new "Classic" bowling game has really caught on out this way.

Walter Solomon of J. Peskin Co. heading up to San Francisco for the long weekend. He and Aubrey Stemler are still piling up those AMI orders faster than Joe Peskin can get the boxes shipped out here . . . And at Southland Distributing Co. that seems to be the same problem still, as regards the new Wurlitzer 1250, for Al Mendez and Norman Rothschild . . . Bud Parr back from Chicago, where he talked over business conditions with mfrs. and distribs, Fred Gaunt tells us at General Music . . . On the Row: Jack Dolan down from San Francisco ... C. E. Stevens of Sierra Madre ... Ernest Bryant, Ben Korte and Pete Thelan from Glendale ... Pomona's S. L. Griffin ... Ray Brandy and R. G. Patterson of San Berdoo . . . Dudley Trojan of the Trojan Novelty Co. in Englewood getting ready for some fishing and cruising . . . Long Beach's Homer Gillespie, Harold Tureen, E. F. Lyon (an old-timer who made it in pennies before taxes) and Charley Cahoone, who we just learned used to be in partnership with Laymons' Ed Wilkes in the music biz out there . . . F. E. Morison of El Monte . . . Mr. & Mrs. M. W. Griffin from San Diego and Santa Monica's L. G. Leonard.

MINNEAPOLIS-ST. PAUL. MINN.

Amos Heilicher of Advance Music Company, Minneapolis, attended the ACMMA Convention in Chicago and just recently returned home ... Mr. and Mrs. Phil Moses of the Phillips Sales Company, Minneapolis, also were in Chiand a the show and had a very nice time . . . Cliff McKenzie, Minne-apolis operator, took time out to go to Chicago for the ACMMA Show, and is making a regular vacation out of it . . . Joe Blenker of Junction City, Wis., was the lucky operator who won the prize Cadillac at the ACMMA. Show . . Ozzie Wurdman of Don Leary, Inc., left for Chicago Sunday, May 28th, on a week's vacation and plans to visit several of the manufacturers in the coin machine industry.

"Stub" Schoefter of Valley City, N. D., drove into Minneapolis over the weekend with his young daughter to visit his sister who is at Lake Independence to do a couple days of fishing. Believe it or not, he did get some very nice walleyes . . . Charlie Webber, Minneapolis, who recently dissolved partnership with Ed Rodseth, and is now operating his own route, left for Washington, D. C., for a few days . . . Carl Wickstrom of the Northland Music Company. Brainerd, in Minneapolis early Monday morning to pick up his record supply and says that the weather there is fine and the ice is out of the lake, and over the weekend many tourists were already there for over the Memorial Day vacation.

Jack Harrison of Crosby making a special trip to Minneapolis to pick up some shuffle games for one of the summer resort spots. The resorts throughout the northern part of Minnesota are now opening and operators are really being kept busy getting the places arranged with different types of machines. Because of the unusually cold and bad weather, resorts through Minnesota and Wisconsin are opening much later, and it has cost the operators a considerable amount of money.
