MUSICAL KEYBOARD — SYNTHESIZER

This is not a toy but a professional musical instrument for your Commodore 64

- Ideal for beginners, professional musicians and composers.
- Simple to use, it simply plugs into your Commodore 64.
- Play up to eight notes at one time, plus rhythms, automatic bass and accompaniment, all with that unmistakable FM sound quality.
- Music can be played using the computer keyboard, the keyboard overlay or, the 49 note full size plug-in keyboard.
- Incredibly Realistic Voices. A large selection of preset sounds, including vibraphone, brass, strings, plus synth sounds and many more. In split keyboard mode, two different sounds can be played at once.
- Sounds can be easily changed at the touch of a button.
- 12 preset rhythms, each with its own different arrangement, available on one finger chords or fingered chords. Thrill to the trill of the life on the march rhythm, or boogie with the bass on the rock rhythm.
- Sound can be output through your TV or monitor, or for best effect through your hi-fi or an amplifier.
- The amazing 'Riff Machine'. A novel feature enabling you to arrange your own pop, rock or swing compositions.
