GRAPHICS FOR AMIGA

PHOTOLAB

CREATE PHOTO QUALITY PICTURES AND POSTERS.

POSTERS: Print any image as large as a 10' by 10' billboard, or as tiny as a 1" by 1" postage stamp • Smoothing option gives posters a more realistic appearance by antialiasing the image as it is printed.

\$209

PAINT: Paint in all Amiga graphics modes, including Extra-Halfbrite for 64 colours and HAM for 4096 colours • Complete set of tools including curves, polygons and airbrush • Create images larger than the screen — as large as expanded memory • Ideal for creating original art or for manipulating digitized images.

COLOURS: Automatically convert images between graphics modes • Match the colour palette of one image to the palette of another • Analyze an image's colour usage and control hue, saturation and value • Make red-green-blue or yellow-cyan-magenta colour separations.

PRINT II

DeluxePrint II helps you make attractive signs, cards, banners, letterhead, labels and calendars. It's quick, easy and creative. Use DeluxePrint II anywhere you want to say something with style — at home, church, school and work. • Place graphics anywhere on the page or arrange in one of 6 pre-set patterns • Choose from the over 100 colourful borders, graphics and pictures included • Uses the mouse and pull-down menus • Print in colour or black & white • Include up to 9 different graphics and a border on each printout • Flip borders and graphics 4 ways for special effects • Resize your graphic to fit your needs • Use images from DeluxePaint II, D·E·G·A·S™ Elite or other graphic programs • Create or edit your own multicolour graphic with the built-in editor • Extensive selection of powerful editing tools.

\$169

PAINT III

FEATURING ANIMPAINT: Animation as easy as painting! Creating animation is as easy as pressing one key to record your paint strokes, and another key to play them back. • Animated cartoons • Dynamic presentations • Educational applications • Professional video applications • Credits and titles for home videos • Sales Demos • Video Storyboarding.

\$289

NEW PAINT FEATURES: • Extra-halfbrite support for 64 colours • Direct overscan painting for desktop video • Wrap and tint brush modes for special effects • Precision airbrush painting • Better font support, letting you preview unlimited fonts in any size or style • Compression mode, letting you create impressive animations with just 1 MB of RAM • ANIM file format, for compatibility with most popular animation programs • Many performance enhancements, including faster perspective.

PLUS THESE AWARD-WINNING FEATURES from DeluxePaint II: • Split screen magnify with variable zoom • 3D perspective • Colour gradient fills • Stencils • Powerful brush selection • Colour cycling • Complete set of paint tools • Special features like mirror, tile and cyclic symmetry. And many, many more.

DELUX PRODUCTIONS

This simple-to-use video program creates professional quality video presentations. You can use them to add life to your presentations, live broadcasts, or video tape productions.

\$209

DELUX MUSIC

• Over 10 digitized instruments • Multiple play styles like staccato and legato for each instrument • Change instruments within each staff whenever you like • Dynamic range from *ppp* to *fff*, playback speed from 1 to 240 beats/minute • Onscreen player piano or flash notes • 16 channel MIDI out to control MIDI instruments.

\$159

... FOR PRINTING: • Reposition notes and chords for easy-to-read sheet music • Stretch the space within, above and below each staff — use up to 8 staves • Parts printing onscreen or in printout.

Complete input, editing and notation: • See and hear notes before you place them • Grab and slide notes or bar lines • Full cut, paste and copy music editing • "What-you-see-is-what-you-get" • Keyboard options for the entire note palette • Multiple time and key signatures in a piece • Repeats, 1st and 2nd ending, double bar and end-of-song • Dozens of other musical symbols, including guitar chords • Step mode input using MIDI keyboard or onscreen piano keyboard.

DIGI-VIEW GOLD

Brings the World into Your Amiga! Turn video images into dazzling computer graphics with *Digi-View Gold*, the best-selling video digitizer for the Amiga. *It's Like an Artist in a Box*. Why redraw something that already exists? Point your video camera at any picture or object, and you've got instant computer graphics. Create stunning images for graphics software, desktop presentations or video, or just for fun. *Digi-View Gold* saves you time, money and effort. *The Best Pictures On Your Amiga*. *Digi-View Gold* digitizes with startling realism and clarity. *Digi-View Gold* digitizes in 2.1 million colours, then uses advanced dithering algorithms to give you an apparent 100,000 colours on the screen — the best quality possible on your Amiga. *Powerful Image Manipulation*. *Digi-View Gold* makes your Amiga an IFF-image manipulation workstation. Control colour, contrast, brightness and sharpness. Digitize to specific palettes and re-map images from one resolution to another. Use edge detection to digitize logos or line art. *Digi-View Gold* has the power you need for total image control.

\$359

• Exclusive Enhanced Hold-and-Modify mode for superb 4096 colour images • Digitize with 21 bits per pixel resolution, using 2.1 million colours • Creates IFF pictures for compatibility with all Amiga graphics software • Includes line art mode for digitizing logos • Complete documentation including tutorial and digitizing tips.

Ready to go

Sega, one of the leading manufacturers of arcade game machines, has made a home entertainment breakthrough with the SEGA MASTER. The SEGA MASTER is capable of giving you arcade graphics in the comfort of your own lounge room. It simply connects into your TV, plug in a cartridge and you are ready for some real action with games such as, Double Dragon, Out Run, After Burner, Wonder Boy and many more.

THE RANGE OF GAMES IS SEGANORMUS...

7012 Double Dragon™
Fight your way through a city controlled by ruthless gangs of thugs. Keep your guard up as you battle to save your sweetheart and restore the streets to law and order.

5068 Wonder Boy™
Playable and addictive, the captivating cartoon adventure Wonder Boy with a quest to reach his girlfriend across unfriendly landscape.

9001 After Burner™
You're an ace fighter pilot. For wings you have an F14 Thundercat, the most advanced fighter jet ever developed, a perfect combination of man and machine.

7003 Out Run™
Nerve, skill and brains. So get geared for the ride of your life. One speed only: fast.

THE ACCESSORIES ARE SEGA MAZING...

SEGA LIGHT PHASER™
The most advanced video gun on the market! The Sega Light Phaser™ registers hits... and misses... with sound, action and light features. Shoot the duck and watch feathers fly! Miss... and put holes in the background.

SEGA SCOPE™ 3-D GLASSES

Sega has revolutionized video game play with the awesome power of SegaScope™ 3-D! The Sega 3-D Glasses™ are sleek... high tech... state-of-the-art. Put them on, and the screen comes to life with images so real that you can almost touch them.
