**THE HOTTEST MONEY MAKERS**

**The most profitable Kiddie Ride —Ever!**

The hydraulic helicopter seats one child and has two controls, one to raise and one to lower, plus a push button for a machine gun. The helicopter goes up four feet.

14 of the most attractive kiddie rides in the world, smaller, safer, stronger

**THE MOST PROFITABLE BULK VENDOR—EVER!**

The most impressive bulk vendor ever, featuring a clucking hen that lays plastic eggs, right in front of your eyes. Every egg has a small gift for the children. Machine employs an eye catching attraction with an intermittent "clucking" sound made by the chicken that moves around the nest of eggs.

# STAINLESS STEEL TOP won't wear out!

SST is a new generation in Air Cushion Hockey Games. It's durably built to outlast all others and is designed to replace existing games in top locations. SST is faster than other conventional Air Cushion Hockey Games and includes features that operators want for service-free operation. It's truly built to last forever.

(516) 842-4242

# TECHNA

ITS SPACE AGE TECHNOLOGY MOVES  
MORE PROFIT YOUR WAY.

There's nothing passive about this jukebox. Everything about Techna has been designed to attract more sales. To make your jukebox operation more profitable than ever before.

Techna's compelling exterior contours and illuminated graphics extend around all three sides to make it strikingly conspicuous from every vantage point. A new elegantly styled slim cabinet means you can set Techna anywhere.

Techna maximizes play time, too. Any time. Because Hit Tracker enables you to program Techna to serve you best. Rock-Ola's exclusive Bonus Play adds playing excitement. During inac-

tive periods, Techna draws attention by playing a complimentary record. And only it can compute and display the top 3 location hits, a location proven feature that stimulates uncertain players and challenges others to push their own favorites into the top 3.

Techna reflects the proven success of other Rock-Ola space age designed programmable jukeboxes, which have already dramatically increased operators' profits.

And Techna is dependable. Engineered and crafted by Rock-Ola, world recognized for trouble-free operation.

Want to get the most profit out of your jukebox? Put Techna in. And let the future pay off now.

"SINCE 1975"

the NEW BIG CAT —

**THE** *Cougar* — PROVES IT!

Undisputed in quality, unchallenged in holding — and *increasing* — collections. For years, these have been built in assurances in any coin-operated table carrying the Valley name. The new COUGAR continues this tradition of value, service and acceptability, to make it a still better investment with a new enlarged cash box; a new color (a long-wearing laminate in attractive bird's eye maple-like finish); and a 50¢ push chute as standard. But the COUGAR's greatest "plus" is the Valley name, a name which means a full commitment to satisfying the needs of our customers. This means leadership . . . this means Valley.

VALLEY FEATURES;  
VALLEY VALUES

- PUSH CHUTE COIN MECHANISM  
50¢ play standard;  
25¢ and 35¢ play optional
- DROP CHUTE COIN MECHANISM  
25¢, 35¢ and 50¢ play
- Full set of quality cast-phenolic balls, and four Valley-made cues included
- Long-lasting cloth and professional gum rubber cushions
- Imported, precision-ground one-piece slate
- Durable, stylish chrome corners
- Easy-access clean-out door
- Four sizes to suit your needs

**THE VALLEY COMPANY**

Subsidiary of Walter Kidde & Company, Inc.

**You kick in fewer  
bucks for Bronco.  
But it kicks your  
profits sky-high!**

Have you ever felt you needed a table which didn't cost you the earth going in, but made you a bundle on location? United has now filled this need with a new, ready-for-action workhorse that's built to last. And built to keep on bringing in the money long after other tables have been farmed out to residential basement dens.

**Bronco Features**

- Available with 3/4" or 7/8" thick slate.
- Side-door service, with self-contained ball release unit.
- Tested, reliable and durable mechanism.
- Available with drop or push chute coin mechanism.
- No extra charge for 50 cents operation.
- Steel legs and rugged construction with cross struts inside.
- Large, locked cash box.
- Mica laminated top rail frame.
- Sturdy Micatex cabinet.
- Cast metal corners.
- Cue ball lock.
- Mechanism exchangeable for quick service.
- Live cushion rails.
- Cue ball returns to shooter's end for faster play.
- Recessed coin door.

Bally®

# Bally Means Business

At Bally, we mean business in everything we do. Bally Manufacturing Corporation, along with our newly established Bally Pinball Division and our Midway Manufacturing Subsidiary is the world's leading producer of coin-operated amusement and gaming equipment.

We mean business with our pinball innovations; our introduction of solid state circuitry to pinball, the first celebrity-themed games in the industry, four-color screened backglass art, and more recently, our in-line drop target feature and special visual variance lighting effects. All proof that at Bally we take our business seriously.

Everyone knows Midway's Space Invaders.™ We meant business there too. And we proved it every time you counted your cashbox earnings!

Bally means business in slots too; Bally's slot machines are found in virtually every casino in the world. We've also developed an advanced on-line computer slot machine monitoring system, the SDS,™ to help casino management keep strict tabs on their business.

Another example of Bally's business is our new Park Place Hotel in Atlantic City, New Jersey, a natural extension of our business.

Bally branches out into other business as well. Our Aladdin's Castle subsidiary is the largest operator of amusement arcades in shopping malls in the U.S. In addition, this business helps our other business by serving as a testing ground for all our coin operated amusement games.

Bally means business for other electronic manufacturers too. At our Midway Manufacturing facility, we make state-of-the-art electronic circuits for other major companies, including Zenith, RCA and Magnavox, as well as our own machines.

In fact, Bally/Midway games are so highly recognized that we have been chosen as the official suppliers of coin-operated amusement games to the 1980 Winter Olympics.

In short, Bally Means Business, and that means Business for You!

For more information about our business contact Ross Scheer, Director of Marketing.

The Bally logo is written in a stylized, cursive script font.

Fabrics developed specifically for  
coin-operated tables.

Available through your distributor.

# THE BREAKTHROUGH

The Universal B cue ball really broke things up at last year's AMOA. Now, after a year of in-the-field and on the table performance the raves are even better. It's the first one piece universal 2 1/4" cue ball ever. No cage. No splitting or cracking. It's the most perfectly balanced cue ball rolling on any coin operated table using magnetic or weighted separation techniques. Want to know more? Call your local distributor or:

**Our new BC-20 bill changer.  
It does more than change money.**

 **ROWE**<sup>®</sup>

 **change**

DOLLAR BILL and COIN CHANGER

# It saves money.

Our new BC-20 has a revolutionary self-diagnostic system that turns even inexperienced service people into highly skilled technicians. Without training or expense.

This number tells you the exact problem.

This feature alone can save you a bundle. You get a more reliable, sophisticated unit, which — at the same time — requires less service (from less experienced service personnel). Lets hostesses make repairs.

## **Our microprocessor is a built-in serviceman**

The BC-20 does most of the tedious and highly technical service work by itself. Its microprocessor self-diagnostic system identifies the problem and alerts the serviceman via an LED display. All he (or she) does is make the necessary (and easy) repairs. If they can recognize a number and a flashing light, they are more than qualified to service the BC-20.

This means you can upgrade your bill changing capability without upgrading your service department. You don't have to

hire any more PhD's. We've built one into the BC-20.

## **The end of overpay.**

But self-diagnosis is only the beginning of the BC-20's micro-processing wonders. It monitors current (to keep boards from overheating and burning out). It automatically shuts down if an overpay or shortchange condition exists. Plus, it virtually eliminates jackpotting. All to protect your money and the customer's money.

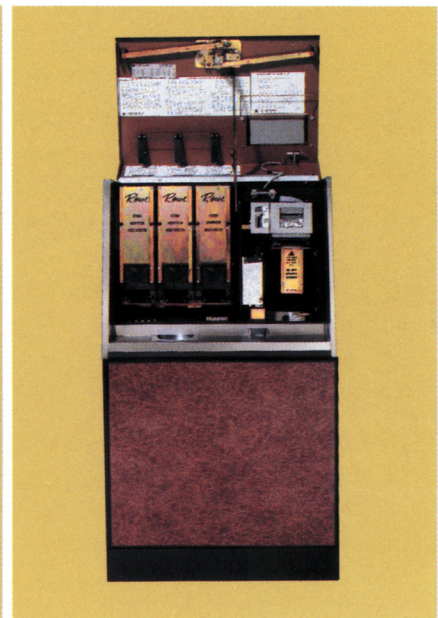

And speaking of protecting your money, we've made the

door lock on the BC-20 more secure.

## **Fewer parts.**

Part of our easy serviceability is due to our simplified design. Despite its increased sophistication, the BC-20 uses only two circuit boards. As a result, service is easier, parts inventory is reduced, downtime is minimized, and (thanks to self-diagnosis) you are forewarned as to which parts are required. No more dispatching ten parts where one will do the trick.

That's the BC-20. Definitely a change for the better.

 **ROWE**<sup>®</sup>

# Before the BC-20 pays a bill, it checks it out. Thoroughly.

When it comes to money, nobody is more discriminating than the BC-20. Counterfeit bills, torn bills (even a corner), folded bills, long bills, short bills, are all rejected. The only thing the BC-20 will take is honest, whole, unfolded money. (It is, incidentally, designed to take one-dollar coins).

Of course, the BC-20 makes every effort to accept good

bills. And our unwarranted re-rejection rate is very, very low. And that's something everybody can bank on.

**DO YOU HAVE A PROBLEM WITH —**

- Component removal
- Static sensitive devices
- Cleaning P.C. boards & components
- Soldering or desoldering

- Lifted or broken tracks or pads
- Salvaging good components
- Field service capabilities

**WE HAVE THE SOLUTION.**

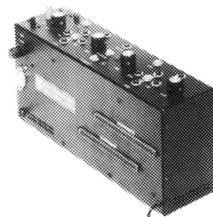

**Our Kimco Catalog contains:** solvents, cleaners, anti-static wrist straps, cutters, formers, shears, pliers, tweezers, strippers, anti-wicking tools, crimpers, soldering irons, tips, resistance soldering & static free soldering stations, self contained desoldering stations, ultrasonic cleaners, and 3-M brand transparent static shielding bags, non-corrosive foam, conductive table tops, and field service kits.

**REWORK — REPAIR — TOOLING for ELECTRONICS**

# Are Electronic Service Repairs Diluting Your Profit?

Take a few moments to figure out just how much you spend each year on electronic related service repairs. Odds are you're probably spending much more than you should ... if you haven't equipped your service technicians with Kurz-Kasch's electronic digital test equipment. Operators and distributors who are now using our digital test equipment tell us they have reduced their trouble shooting time by as much as 80%. We would like to tell you more about our digital test equipment. If you would like to reduce your trouble shooting time and improve your profit, send us the coupon below.

**HL-480**

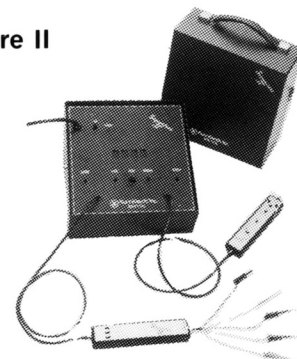

**TF-650**

**LP-470**

**Signature II**

- HL-480, Universal Pulser — A multi-family pulser with self sensing, automatically changing logic levels. The HL-480 has current sourcing or sinking capability of 1.5 amp and will allow manual single pulsing for jogging or for single stepping circuits.
- LP-470 Multi-Family Logic Probe — The LP-470, a 50 MHz probe, using true threshold levels, is switch selectable to the required logic family. Designed with an input impedance of more than 2 meg ohms, the LP-470 will not load down circuits under test.
- TF-650 Universal Test Fixture — Designed to bench simulate the controls and power supplies for digital gameboards, the TF-650 eliminates the requirement of relocating the defective game to a service center for repair.
- Signature II (Signature Analyzer) — The Signature II allows quick, easy and accurate trouble shooting of MPU and other digital circuits, including video circuits, counter chains and asynchronous circuits. Designed for either production or field applications, Signature II will accurately test RAMs, ROMs and PROMs and reduce trouble shooting time by as much as 80%.

if you aren't  
a Play Meter  
subscriber you  
might as well  
beat your head  
against this...

**We spare our readers unimportant advertisers.  
We spare our advertisers unimportant readers.**

**PLAY METER**

**P.O. Box 24170, New Orleans, La. 70184  
504-282-0261**

# Why?

**Why do you suppose more operators read Play Meter than any other industry-related trade publication?**

**We think it must have something to do with the fact that Play Meter is independently-owned and honest with its readers.**

**We are, after all, the only publication that evaluates pinball machines.**

**Not only that, our articles (such as the recent three-part series on business profitability) are thought provoking, useful, and written specifically for the operator.**

**And we cover more industry news than anyone else, month after month.**

**Then, of course, there's our "Technical Topics" section, which is written by independent technicians who have firsthand experience in the field.**

**There seem to be as many reasons for reading Play Meter as there are readers.**

**PLAY METER**

# CABINETS

## FOR THE GAMES INDUSTRY

We make them for

Save Your Table and Your Back . . .

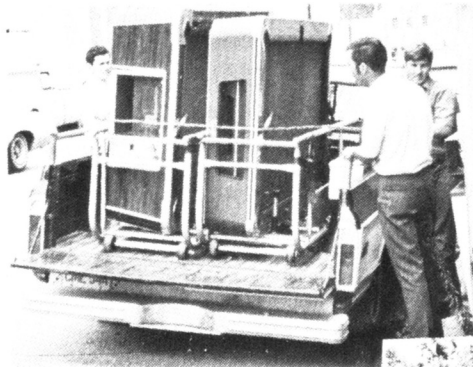

Move It The Easy Way With

# THE EAZY MOVER

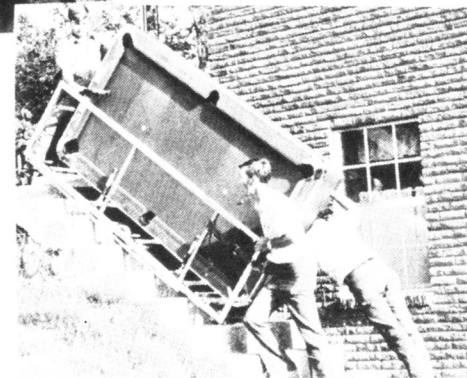

## Poland Pool Table Handling Device

- ☆ Complete unit is plated with a durable, rustproof finish.
- ☆ Strong, nylon safety straps with quick-release buckles are permanently attached....No hunting for safety straps.
- ☆ 1,000 lb. test composition type wheels will not mark floors.
- ☆ Completely adjustable.
- ☆ Protects cabinet and slate.
- ☆ Easily attached to table.
- ☆ Fits virtually all pool tables and air-hockey tables.
- ☆ Remarkably easy to handle.

Unit is so compact that two will fit in a pickup truck.

Curbs or steps are less of an obstacle with THE EAZY MOVER.

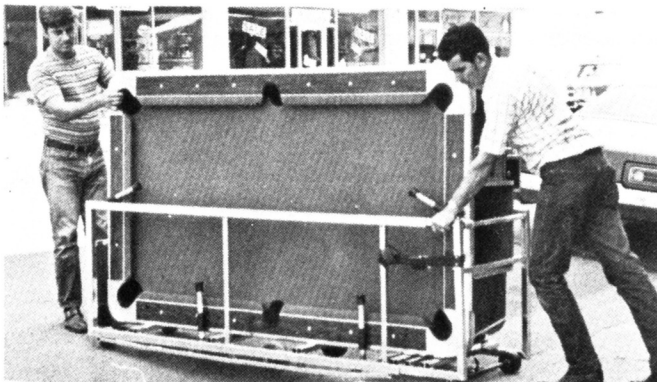

**THE EAZY MOVER** is strong, versatile and easy to use....

**Cost of Unit ..... \$545.**  
**Full 36 Month Warranty**

*We can show you how to move a pool table or air hockey table with one hand...steering through narrow doorways, around tight corners and up or down curbs or steps easily. With THE EAZY MOVER you can load and unload your carrier vehicle with a minimum of time and labor.*

To order your own EAZY MOVER, call or write:

# Dynamo. Play us again. And again. And again.

## Dynamo Pool, Snooker and Fussball.

Triple your pleasure and get three times the play with Dynamo's three action-filled game tables. That's sports action that you will find really pays off! Game action that calls for more repeat play. Play action that pays off in bigger profits. Competitive action that's played all year long.

They pay off in big features, too! 2 1/4" regulation size cueball, patented mechanical ball separator, Dynamotrim, burn and scratch resistant rails and corners, Gully boots that can be removed and replaced without removing the slate and 19 oz. heavy-duty play cloth in our pool and snooker tables. Beveled side-walls and reversible, textured/smooth, recessed

glass field in our fussball table to name a few. Dynamo tables have been built strong and sturdy to withstand harsh and brutal play.

So, get all three and play us again...for fun, repeat play and best of all, Profit!

For more information, contact your local distributor or Dynamo Corporation.

---

# Why?

**Why do you suppose more operators read  
Play Meter than any other  
industry-related trade publication?**

**We think it must have something to do with the fact that  
Play Meter is independently-owned and  
honest with its readers.**

# PLAY METER

## 1980 A NEW DECADE OF STARS

Innovation & Imagination  
will be the hallmarks of  
Gottlieb in the 80's with  
a superb & contemporary  
line of flipper pinballs.

Watch for the new  
system, the new dimension,  
the new sound and  
incomparable playfield  
design.
