Main Menu

The Main Menu will be displayed after the Title Screen.

New Game

Start the game from the beginning. Next, select the difficulty. Difficulty cannot be adjusted after starting the game, so choose carefully.

Load Game

Load saved data and resume the game. Choose the save file you want to play.

Options

Change game options. Use the directional buttons/left stick to choose a category, and ✖ to confirm. Use the directional buttons/left stick to choose an option, and ✖ to confirm. View further details in the Pause Menu.

Extra Content

View and play extra content. Some minigames that are single player in the story can be played by two players as extra content.

Extra Gameplay Modes

Beating the game will unlock extra gameplay modes such as Premium Adventure, Survival Battle, and All-Star Tournament.

To play Extra game modes, you need to speak to the Extra Shopkeep. The Extra Shopkeep is located near the entrance of Purgatory in Kamurocho, and on the second floor of the Public Market in Ryukyu Street.

POSTGAME MODES

After completing the game, you can create Clear Data, and new options will be added to the menu.

It is recommended to create Clear Data in a new save slot. Overwriting a previous save file will not allow you to resume playing the game.

- If system data is deleted, you will not be able to access the extra menu options.

New Game+

Start a game from the beginning of the story, while carrying over your Abilities, Items, Money, etc. from a Clear Data file.

Premium Adventure

Freely explore Kamurocho and Downtown Ryukyu without worrying about the story. Choose "Load Clear Data" to carry over your status from a Clear Data file, or "Start New Game" to explore the city with a fresh character. Discover revelations, substories, and minigames that you missed in the main story and complete them all. Combat difficulty for this mode is fixed at Normal.

- Speak to Date or Nakahara in a Hideout to create Clear Data. This can be used to begin New Game+ or Premium Adventure.

Ultimate Match

Try your skill at battle missions without worrying about the story.

Memories

Replay cutscenes that you've seen before, including in substories.
