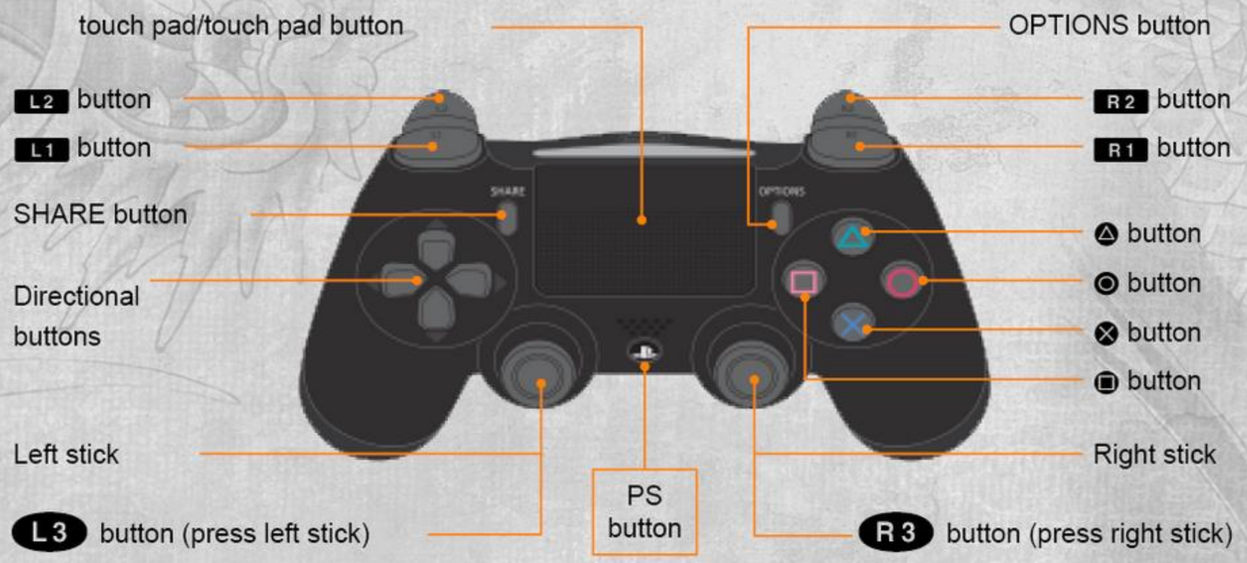
Wireless Controller Layout

Use the directional buttons/left stick to navigate through the menu screen. Select with ⊗ and cancel with ◎. Please see the next page for in-game controls.



Other Wireless Controller Functions

- This game supports the vibration function. To toggle vibration, select "Settings" > "Devices" > "Controller" from the home screen.
- Various sounds will come out of the wireless controller speakers. You can set the volume of these sounds from the main menu's Audio Settings.
- Share screenshots or video of your gameplay by pressing the SHARE button. This function is available for the whole game, except the Finale. For more details, please check the PlayStation®4 user's guide (http://manuals.playstation.net/document/).

R1	————	Get in Stance/ Move while facing enemy (move left stick while holding)
R3	Toggle First Person Point of View	————
OPTIONS button	Display Pause Menu	
Touch pad button	Show/Hide Map	

Main Menu

The main menu will be displayed after the title screen.

New Game	[Main Game] Play the story from the beginning. You'll need to choose how hard you want battles to be, but you can change this from the Game Settings options in the Pause Menu at any time. [Majima Saga] Play as Goro Majima through a yet untold chapter. Each chapter of the Majima Saga unlocks as you play the main game. The first chapter will unlock after completing Chapter 5.
Continue	If you have save data created from "Start Game" (Main / Majima Saga), you will be able to load this data from "Continue" and resume from where you saved. Please note saving must be performed manually from the Pause Menu.
Replay	View event scenes you've reached within the main story.
Game Settings	Adjust the game settings to your liking here, or from the Pause Menu in game.
Audio Settings	Adjust various settings such as you your headphone or controller volume here.
2-Player VS. Minigames	Play "Virtua Fighter 2 / 2.1" here. You will need two controllers. Local play only.

Saving Your Game

To save your progress during the game, open the Pause Menu and select "Save." There is no auto-save feature in this game, so you must do it manually. We repeat: You must save manually. You can create up to 30 individual saves. You will also be prompted to save at the end of every chapter.
