Eli Oberstein, head of King Records' pop department, and Mary Small both seem to like Mary's latest disk "I Like It, I Like It." This tune and another which the songstress has recorded for King, "If I Could Love You In The Morning," were both written by Mary's husband, Vic Mizzy, who also conducted the orchestra at the session. Still another side that Mary's cut, and which looks like a standout, is "Domino." These disks kick King's new pop effort off in a big way.

THE CASH BOX covers the coin operated machines industry, and all allied to this industry in any fashion whatsoever, throughout the United States, Canada, Central and South America, Africa, Japan, Hawaii, Philippine Islands, and other Asiatic and Pacific countries, as well as certain European nations. The Cash Box is on hand at various American consular offices throughout the world. This coverage includes operators, jobbers, distributors and manufacturers and all allied to:—automatic coin operated music equipment; automatic coin operated vending and service machines; as well as coin operated amusement equipment; in all divisions. The music and record fields, recording artists, publishers of music, disc jockeys, radio stations, and all others in any fashion identified with, or allied to, the coin operated music machines industry are completely covered. Manufacturers and distributors of various merchandise, parts, supplies, components and all materials used in the coin operated vending, music and amusement fields are covered by The Cash Box. Banks, finance firms, loan organizations and other financial institutions, expressly interested in the financing of coin operated machines of all types, are covered by The Cash Box.

THE CASH BOX IS RECOGNIZED by various associations of coin machine operators throughout the United States as their "official" weekly magazine.

"THE CONFIDENTIAL PRICE LISTS"

"The Confidential Price Lists" are the one and only officially recognized price guide of all new and used machines in the United States. "The Confidential Price Lists" are an exclusive, copyrighted feature of The Cash Box. "The Confidential Price Lists" report each week's low and high prices for all new and used coin operated machines, regardless of age, listing all market changes, and continually adding on all the new equipment as this equipment is announced to the industry. "The Confidential Price Lists" are recognized by many cities and states throughout the country as the "official price book of the coin operated machines industry". They are an integral part of The Cash Box and appear in each week's issue. "The Confidential Price Lists" are officially used in the settlement of estates, for buying, selling and trading of all coin operated equipment, and are also officially recognized for taxation purposes. "The Confidential Price Lists" are used by finance firms, factors, loan companies, bankers and other financial institutions to guide them in making loans to members of the coin operated machines industry. They have been legally recognized in courts throughout the United States and Canada. "The Confidential Price Lists" have been acclaimed by the coin operated machines industry. Entire business transactions and legal cases are based upon the quotations appearing in "The Confidential Price Lists".

Showmanship

Today, more than ever, the trade requires showmanship. This is the one basic element which caused this industry to rise to new and greater heights in the entertainment world.

Away back in the late '20's and the early '30's, showmanship was the essence of all operation of coin operated entertainments.

In those days the men who first introduced their coin operated entertainments to the nation's retailers, and showed them how to stimulate business, as well as pay much of their overhead expense with these machines, used showmanship as naturally as a man breathing.

Since the '40's showmanship has gradually waned. The men who entered into this coin operated entertainment business at that time, and since that time, seem to have been more concerned with finding the electric outlet into which they could plug their equipment.

There are still some few men, here and there throughout the nation, who are using showmanship in almost the same fashion as it was used years ago by the men who introduced the first pinball games and other products of the coin operated entertainments industry.

Intelligent use of showmanship when introducing a new machine to any retail location instantly booms play action. Continued use of good showmanship maintains that boom play.

It means more profit for the operator and, at the same time, more profit and more popularity for the location itself.

This latter fact, as all operators will agree, is extremely important.

Operators realize today that they are actually engaged in a chain store business. Each location is considered but one store in the chain. Each location must bring some profit or, like any big merchandising chain would do, that location must be discarded.

Therefore, when the operator, by intelligent use of showmanship, promotes the play in that location, and makes the spot more popular with the general public so doing, he has gained for himself a profitable link in his chain store set-up.

Showmanship can be many different attraction-getting ideas of every form and nature.

One operator has used menus, coasters, signs, displays in the location as

well as newspaper and radio advertising to attract customers to various stores as he stepped into them with his coin operated entertainments.

Other operators use different ideas. But, they all amount to the very same thing, good use of intelligent showmanship to build up the popularity of the location.

In this fashion the average from the public traffic that enters the place will become so much greater in the number of people who play his coin operated entertainments.

Like in any business, dependent upon a certain average of the number of persons who patronize any location, the operator must, at all times, try to attract more and more of the people who come into any of his locations, to use his product:—his coin operated entertainments.

With good use of showmanship, like ads on menus and coasters, as well as displays, signs, cards, in addition to newspaper and radio advertising, he gets more and more of the people who come into his locations to use his products. In that way he and the location owner enjoy better profit.

It certainly is necessary that the location enjoy good profit if the operator is to profit and if he is also to maintain that location for any period of time.

There is nothing that equals intelligent showmanship in this regard.

In fact, one operator advises that he even furnishes live entertainment to some locations. Like experts to play his games. These men and women show how to play the games skillfully and more enjoyably.

He claims that this pays off in the long run for, he says, the average player likes to be just as skillful as the better players he brings into the locations to demonstrate their skill.

These are but a few of the many hundreds of showmanship methods and ideas which have been used, and are still being used by intelligent operators, to stimulate play and to bring better profits to themselves and their locations.

The fact remains that this is a definite division of show business. It is the coin operated entertainments division. And, as such, requires just as intelligent use of showmanship to attract customers as does any theatre, movie house, nite club, or any other business which is part and parcel of the nation's entertainment field.

WHAT HAPPENS TO A JUKE BOX COIN ?

When a customer puts a coin into a juke box to play a record, what happens to that coin? Where does it go? Who gets it?

If you have anything at all to do with the music, record or juke box business the answer to that question is very simple. Some of it goes to you.

A juke box coin reaches a staggering number of different people. If we were to list them all, we could go on to the bottom of the page and still not stop. But just a few are the operator, the location owner, the juke box manufacturer, the record company, the artist, the publisher, the songwriter, the disk promotion man and so on down the line, not to mention everyone who in turn gets a share from these people.

A juke box coin is one of the most universally distributed coins there is.

Just considering the music business, it reaches from one end to another. There is no phase of this business which is not affected by juke box coins.

Record companies are directly dependent upon it. Records which are sold to juke box operators throughout the land are the basis of all popular record sales. It is through juke boxes that records reach the audience they are seeking. It is through juke boxes that the potential of a record is determined. The flow of juke box coins to the record companies provides the basis for a secure operation on the part of these companies. The flow of juke box coins gives them a market which they know they can depend on.

In our current phase of the music business, when there is no such thing as a popular hit without a record, music publishers, too, know the importance of the coin that goes into the juke box. A customer who spends the money to hear a tune in the corner machine is one who is going to plunk down the price of a copy of sheet music to play on his piano at home. Moreover, a record that is heard in the juke box provides absolutely free advertising for the tune which is being played. Everyone in the tavern or ice cream parlor or bowling alley, or wherever that machine happens to be located, becomes immediately aware of a song which he may never have heard before. If that tune can be played enough to get into the popularity charts, it follows almost automatically that its sale of sheet music is going to reach profitable proportions. And what's more, a tune that becomes successful gives the publisher a goodly amount of royalties on the disks that are sold to juke box operators alone.

A juke box coin reaches also to the writer of a song. Not only do royalties from records sold to juke boxes make up a healthy proportion of total record income, but one hit very often gives rise to another. A writer who proves himself to publishers by producing a song that the nation pays its coins to hear can be quite certain that his next efforts are going to get the kind of promotion designed to cash in on his last hit. He is put into the category of a writer whom publishers feel they can take a chance on, spend some money on, promote in an all out way. A juke box coin affects a writer not only through his immediate success, but for much of the work which he will produce in the future.

For the artist, there is hardly anything more necessary to his career than a disk that's going big. If a customer puts a coin into the juke box to hear an artist's record, it is a pretty good indication that he will take time out to see him elsewhere, on stage, in the movies, on TV. A hit record, as indicated by juke box play, is the stepping stone for everything else a singer, musician or band-leader may want to do. Everyone in the music business knows of cases where one big disk has raised a personal appearance fee from a couple of hundred dollars to a thousand or fifteen hundred and a great deal more. This happens all the time; it's no rare experience. The coins which go into a juke box are the coins that go to inflate the performer's royalties, fees and total income.

Numerous other trades that are part of the music business are likewise supported and built up by the nickels and dimes and quarters which the juke box customer puts into the machine. Everyone who deals with the artists, the publishers, the record companies, gets his share. Each one of these people is directly dependent upon that coin for current and future income. The flow or lack of it is an indisputable barometer of what can be expected.

A juke box coin, we must repeat, is one of the most widely distributed coins there is.

What happens to it? Where does it go?

If you're in the music business, you know the answer. Part of it goes to you.

Record Reviews

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"CHARMAINE" (2:34)

"SLOW POKE" (2:28)
RALPH FLANAGAN ORCH.
(RCA Victor 20-4373; 47-4373)

● A lovely oldie that's getting another go is given a workout on the top side by Ralph Flanagan and his crew. Ralph lends his great style to this beautiful tune as Harry Prime gives out with the vocal. On the flip the Singing Winds take over a western ditty and do ok with it. The top deck gets the nod.

"ONCE" (2:30)

"CHARMAINE" (2:28)
VAUGHN MONROE ORCH.
(RCA Victor 20-4375; 47-4375)

● A couple of highly listenable sides are turned out on this platter by Vaughn Monroe. The top deck is a beautiful ballad which gets one of its most potent renditions here. This one could very easily send it over the top. The second side is another version of a tune that's been recorded all over the place. The top half looks good.

"I DIDN'T SLEEP A WINK LAST NIGHT" (3:16)

"A MAN AIN'T SUPPOSED TO CRY" (3:13)
ARTHUR PRY SOCK
(Decca 27871; 9-27871)

● Two slow blues numbers are being offered here by Arthur Prysock. Prysock adds a low down touch to his vocalizing which puts lots of feeling into the tune. With Sy Oliver's orchestra providing a fine backing, this disk should get some play.

"SOLITAIRE" (2:52)

"AND SO TO SLEEP AGAIN" (2:43)
BERNIE MANN BAND
(King 15134)

● Two current hits which are riding high get new arrangements from Bernie Mann and his band. Tommy Hughes lends his vocalizing to the lovely ballad on the upper end while the Yankee Doodlers provide the harmony on the second side. Ops will do ok with this.

"LET ME CALL YOU SWEETHEART" (2:10)

"CHICAGO" (2:23)
MURRAY ARNOLD
(King 15139)

● Murray Arnold, who strikes out on his own with these sides, comes up with a couple of honky tonk sounding numbers which make for grand listening. Each half gets Arnold's piano working over and each is worthy of ops' attention. This is a young man to watch.

"THE CLOSER YOU ARE" (3:04)

"THE LEGEND OF TIABI" (2:42)
BERNIE MANN BAND
(King 15135)

● Bernie Mann continues his good work with a couple of new sides. The top end is a new ballad from "Two Tickets To Broadway" which Tommy Hughes delivers vocally. The reverse is an Indian sounding tune on which Tommy also does the lyrics but which is less commercial than the first side.

DISK OF THE WEEK

"ANY TIME" (2:35)

"NEVER BEFORE" (3:07)

EDDIE FISHER
(RCA Victor 20-4359; 47-4359)

EDDIE FISHER

● Given good material to work with, Eddie Fisher proves again that he is capable of taking a tune and sending it flying. The top deck of Eddie's latest release is a won-

derful ballad that is made to order for his big voice. Titled "Any Time," the tune is a lovely sounding thing that is presented in the dynamic manner which is typical of Eddie's vocalizing. In addition Hugo Winterhalter put his musical touch to the number and the result is a first rate half that's gonna mean lots of play for ops. The lower end is another ballad that affords pleasurable listening and this side too can prove itself a strong contender in the disk parade. This is largely due to the team of Fisher and Winterhalter. The level that's gonna happen fast is the upper one and ops should get with "Any Time" now.

"MY FIRST AND MY LAST LOVE" (3:16)

"VARSOVIANA" (3:02)
MURRAY ARNOLD
(King 15133)

● Murray Arnold shows up again here. Displaying his versatility, he this time takes the vocal on a ballad with an old theme and turns in a creditable performance as Russ Case and the orchestra back him up. On the other side, he goes back to playing the piano giving his interpretation of another old melody.

"HE SAYS 'MM-HMM'" (2:36)

"THE GIRL WITH THE TAMBOURINE" (2:22)

ROSS BAGDASARIAN
(Coral 60597; 9-60597)

● A first rate novelty that could very well break out shows up done by Ross Bagdasarian. With the same flavor as "Come On-A My House" and the same Armenian background, this item could get a ride. Lower half is also Armenian sounding but lacks appeal of first half. George Cates does the backing.

"LOOK-A THERE, AIN'T SHE PRETTY?" (1:54)

"THESE PRECIOUS THINGS ARE MINE" (2:00)
CHAMP BUTLER
(Columbia 39604; 4-39604)

● Champ Butler continues on his dynamic way with a tune which he really pushes around on the top deck. Doing it in stepped up manner, Champ gets an assist from Paul Weston and the orchestra. The lower end is a pretty ballad which also gets good handling from the singer. Ops oughta take a look.

"CHRISTMAS IN KILLARNEY" (2:55)

"WHEN YOUR LOVER HAS GONE" (2:20)
RALPH MARGERIE
(Mercury 5734; 9-5734)

● A Christmas entry from Ralph Margerie and his orchestra turns out to be grand listening material on the upper half. The Richard Page Chorus sings the lyrics slowly as the orchestra comes along in an unusual rhythm for this song. Bottom half is an instrumental oldie which also comes out well. Ops should listen in.

"SLOW POKE" (2:25)

"KEEP ON THE SUNNYSIDE" (2:40)
ART MOONEY ORCH.
(MGM 11115; K11115)

● A current hit which made its way into pop from the western field gets a top rate going over from Art Mooney and the orchestra. With Tony Alamo handling the lyrics in soft, easy fashion, this side is a potent one. The second half is a fast novelty which finds Jack Day singing the lyrics. The top half is very good.

"SWEET BUNCH OF DAISIES" (2:50)

"NO HARD FEELINGS" (2:44)
LARRY FOTINE
(King 15130)

● Larry Fotine and the orchestra offer a couple of different type numbers here. The first one is a novelty sung by Guy Ross and the Teenites while the second one is a ballad done by Cathy Cordovan. Ops will want to take a listen to each of these sides.

"THE PAL THAT I LOVE STOLE THE GAL THAT I LOVED" (3:01)

"MY ONE AND ONLY LOVE" (2:54)
JACK HASKELL
(Coral 60596; 9-60596)

● Jack Haskell who has a voice which promises great things gives out with a couple of ballads which should enhance his reputation. Each side gets a backing from Lew Douglas and his orchestra and each is a listenable effort. This will make a good filler item.

"SIN" (2:57)

"AND SO TO SLEEP AGAIN" (2:56)
COLEMAN HAWKINS ORCH.
(Decca 27853; 9-27853)

● Coleman Hawkins takes two ballads which are currently riding high and gives them a sax solo which is something to hear. Both ends get exciting instrumentals which are bound to draw attention to them. Ops will do well to tune in.

"WITH A 'NO' THAT SOUNDS LIKE 'YES'" (2:20)

"LIFE IS A BEAUTIFUL THING" (2:24)
EVELYN KNIGHT
(Decca 27874; 9-27874)

● Evelyn Knight has two ingratiating sides that are right up her alley. Both have a light, airy backing from Perry Botkin and the Rhythmaires and both get Evy's accomplished vocalizing. Each one has plenty of offer and ops won't go wrong listening in.

"WHEN THE ONE YOU LOVE, LOVES YOU" (2:58)

"ARE YOU GAME TO PLAY THE GAME WITH ME" (2:46)
DICK TODD
(Rainbow 147)

● Dick Todd comes up with a couple of sides which are gonna do ok in the boxes. The top half is a strong ballad which could easily break out with the kind of treatment Dick gives it. The bottom end is another likely piece on which Dick also does a good job. The top deck looks strong.

ROUND THE WAX CIRCLE

NEW YORK:

The showing of Frank Sinatra's new film "Meet Danny Wilson" at the Park Avenue Theater last Tuesday midnight found most of music people about town attending. Sinatra was host to the crowd who saw a really first rate movie. It was produced for less than \$500,000 and it should send Sinatra's acting stock skyrocketing. . . . Another showing for local djs this week was that of Tony Martin's latest "Two Tickets To Broadway". Tony is in top voice in this one. . . . Dell Wood, the "Down Yonder" girl, in New York with her manager Reynold Bubbis to finalize a booking contract with MCA. . . . Hank Williams making the rounds of N. Y. spots following his appearance on the Perry Como TV show. . . . From New Zealand comes that country's #1 tune "Blue Smoke" with a host of recordings on its way. . . . Palda Record prexy Dave Miller had his clothes stolen from his automobile while in N. Y. visiting djs. . . . Charlie White, formerly of the Dominoes, has signed a management contract with Lou Krefetz, manager of the Clovers. . . . Johnny O'Conner getting good reaction to his tune "The Monastery Bells" recorded on Decca by Fred Waring and on King by Frances Yend. . . . Dot Records reports close to 100,000 sales to date on the sensational Griffin

Brothers' recording of "Weepin' and Cryin'". . . . Eddie Heller of Rainbow back in action on the basis of Dick Todd's recording of "When The One You Love Loves You." . . . Eileen Barton sent out 5,000 handkerchiefs with the imprint of "Cry" on them. . . . Guy Mitchell into the Oriental in Chicago for two weeks beginning Nov. 29. . . . Buddy Morrow opens at the Paramount in New York on Wednesday, Nov. 21 playing the same bill as Tony Martin's "Two Tickets To Broadway." . . . Peggy Lee due in Gotham in the next few days to start her big CBS deal on radio and TV. . . . Mary Mayo was a smash at her first out of town engagement at Chubby's in Camden, N. J. Philly press and radio went all out in their approval. . . . Larry Spier pleasantly surprised with the Russ Morgan recording of "Put Your Little Foot Right Out" which was written by Spier in 1939 and is now published by him. . . . Johnny Crawford getting bids from diskeries after demonstration record on tune "Mistaken." Songwriter Joe Shuster will manage him.

CHICAGO:

Telegram early Monday a.m. from our Miami office: "Sid Nathan, Prexy King Records, again vacationing Miami Beach stopping at Sea Gull Hotel." . . . Jack Shore (brother of comic Willie Shore) dropped in to let us listen to a most beautiful ballad he had written sometime ago. Jack's been writing 'em as a hobby. The tune, "I'm In A Trance", also has a French title, "Je Suis En Transe", and has all the earmarks of a clickeroo for the nation's baladeers like Como, Crosby, Sinatra, Bennett, Desmond, Farrell, etc., etc. What's more, it's unpublished. . . . Dick La Palm drops in to yell that Jeri Southern is back in and "in demand" since her latest cuttings. . . . Caught by the storm here were Pee Wee King, Gene Autry and Tennessee Ernie. But, quick action, and over to United Broadcasting to get TV pics set up. Pee Wee happy to get a train back to Louisville and Ernie more than elated when they told him he could sleep in a chair on the 20th Century to NYC. . . . Lil Del Ward tells it thisaway: "Went daown to Looi'ville t'meet mah folks an' 'specially t'have mah mammy bring me one o' her just gran' ole black walnut cakes." (Didja boys over at WGN enjoy that black walnut cake?) . . . Ray Pearl hopping about our offices to show how he cut "On My Mind" with gorgeous Lois Costello vocalifting the tune. Couldn't imitate Lois. "But", he butted, "wherever we've played it people say 'it's a honey'." . . . Joe Whalen pops in to advise that he's plugging "Rudolph" all over again. And that results are bigger and better than ever before. . . . David Le Winter, the Pump Room's ork fixture, and one of the sweetest guys 'round town, tremendously impressed with the way the people have been buying his album, "An Evening At The Pump Room."

LOS ANGELES:

It's a first European trip for Leo Mesner, with the Aladdin exec taking off from New York within a few weeks and frankly excited about the experience before him. . . . In addition to visiting the bright spots in Gay Paree, art lover Leo will do a fair share of viewing the world's art treasures in Paris, Milan, Rome, and other cities. . . . Fact that he's going primarily on business would indicate the Brothers Mesner are seriously entering the classic field via some fine European masters. . . . Leo is also scheduling some trade deals for their current lines of blues & rhythm and spirituals on Aladdin and folk music on Intro. . . . He'll be gone six weeks, during which time brother Eddie will be a very busy lad holding down the home front. . . . Over at Modern, Roz Bihari was just in from New York and ready to return, she had that big a time in the Big City. . . . All the boys were on deck except for Eastern rep Les, with Joe reporting on his recent Southern junket as yielding a couple more potential hits in freshly released Memphis cuttings of "Three O'Clock Blues" by B. B. King and "Crying at Daybreak" by Howling Wolf

(that's the man's name).

Lennie Salden of Rosslyn Music Center, about to take off on a belated San Francisco honeymoon, gave us a gentle needle about quickly registering in print that he was married a few months back to Babs Breitbard, the slick chick who used to work for Jimmy Warren at Central Records. . . . Had us a call from Leon Rene, former Exclusive chief and songwriter of note, who appears headed for a real bona-fide hit in a tune written and published by him and recorded on his new Class C label by Chuck Cabot. . . . It's titled "Rag, Rag, Raggedy Moon," and Mary Solle of Leuenhagen's is among the folks telling us that it's a jukebox natural if ever there was. . . . Among the famous personalities visiting behind Mary's record bar of late have been Coral's Ames Bros. and Columbia's Rosemary Clooney, with an appearance scheduled this week for Penny (Blondie) Singleton, who's just out on Al Piantadosi's Society label with "Daddy's Coming Home."

Only Records Considered Best Suited To The Requirements Of The Trade Are Reviewed On These Pages.

"THE NICKELODEON RAG" (2:33)

"IF I COULD ONLY SEE YOU AGAIN" (2:45)

ART PALLAN
(Abbey 15058)

● A new novelty with a terrific amount of potential shows up on the top deck done by Art Pallan with the Satisfiers and Dick Jacobs orchestra. All combine to add a lot of zest to this side and make it one which could easily break out. Bottom half is a ballad done by the same crew with equally good results. This is a disk to watch.

"SAN ANTONIO ROSE" (2:17)

"BOW WOW BOOGIE" (2:30)

EDDIE SMITH & THE CHIEF
(King 1002)

● Eddie Smith, aided by The Chief, goes to town on a tune that's making some noises now. This instrumental interpretation has a grand honky tonk flavor and makes the side a *listenable* one. Bottom half is another piano effort by Eddie, this one with a boogie beat. Ops might take a look.

"NEVER STOP SINGIN'" (2:52)

"YOU BETTER STOP TELLIN' LIES ABOUT ME" (2:49)

THE HONKY-TONKS
(RCA Victor 20-4341; 47-4341)

● The Honky Tonks come up with a couple of sides which should attract attention. The first one gets a vocal solo from Danny School which makes this a dynamic side to hear. The bottom half is a new novelty with a tinkling piano and a small instrumental group. This should do ok in the boxes.

"CHRISTMAS CHOPSTICKS" (2:52)

"HE'LL BE COMING DOWN THE CHIMNEY" (2:54)

GUY LOMBARDO ORCH.
(Decca 27802; 9-27802)

● Two cute Christmas items are offered here by Guy Lombardo. Both ends are based on familiar themes and both have new lyrics to enliven them. These sides should get a great deal of play during the coming weeks and ops would do well to tune in.

"IT'S ALL OVER BUT THE MEMORIES" (2:25)

"TAKE ME HOME" (2:59)

THE MARINERS
(Columbia 39607; 4-39607)

● The first half features the Mariners with an extremely pretty ballad that the boys turn out in fine style. Archie Bleyer offers the musical setting on both sides. The second level is a slow ballad on which the group does another fine job. The top deck gets our nod.

SLEEPER OF THE WEEK

"IF YOU CATCH A LITTLE COLD" (3:14)
"YOU SAY THE NICEST THINGS" (2:32)

ETHEL MERMAN & JIMMY DURANTE
(Decca 27865; 9-27865)

ETHEL MERMAN

JIMMY DURANTE

● Ethel Merman and Jimmy Durante team up to turn out a disk which should be drawing those coins into the machines in no time at all. Doing a couple of numbers entitled "If You Catch A Little Cold" and "You Say The Nicest Things" this couple really adds listenability to the sides. Each end gets a fine workout and each should be a

drawing card. The top half is a novelty which has been attracting attention and this version should be enough to send it over the top. The bottom half is a new one, also very cute and with plenty of potential. Ops have a good bet here and those who are wise will take a look real soon. This could very easily be a big one.

"SAMSON'S BOOGIE" (2:35)

"HELPLESS" (2:56)

LIONEL HAMPTON ORCHESTRA
(MGM 11108; K11108)

● Lionel Hampton and his crew take off on a slow blues number that features some fine instrumental solos. The top deck makes for pleasurable listening. Flip is another blues item that offers Sonnie Parker on the lyrics. Both levels are done in the typical jazz and blues manner and ops in the right location oughta watch this disk.

"THE CLOSER YOU ARE" (2:43)

"TOO MANY DREAMS" (2:39)

BUDDY DE FRANCO ORCHESTRA
(MGM 11107; K11107)

● A strong side is also turned out by the Buddy De Franco orchestra with vocal assists from Pat Collins and the Dave Lambert Singers. It's a pretty ballad that deserves the attention of ops. The bottom lid is a ballad featuring the same artists, and this dish too comes out as a listenable number. We like the first side.

"BELLE OF THE BALL" (2:33)

"BLUE TANGO" (2:52)

LEROY ANDERSON ORCHESTRA
(Decca 27875; 9-27875)

● Leroy Anderson makes use of his musical trickery and comes up with a fascinating instrumental on the upper level. The whole orchestra sounds in the groove on this half as well as the under siding which is a good tango number that should prove to be interesting listening. Ops oughta tune in.

"BLUE SKIES" (2:46)

"I CAN'T GET STARTED" (2:39)

ART LUND
(MGM 11106; K11106)

● Two wonderful oldies are treated to terrific renditions by Art Lund and the LeRoy Holmes orchestra. The upper end is fast moving number done in a relaxed manner that's reminiscent of Art's waxing with Benny Goodman. The lower deck is a wonderful ballad that'll also assure ops of lots of play.

"I GET A WARM FEELING" (2:47)

"CHARLIE CHANGED HIS MIND" (2:21)

MARION MORGAN
(MGM 11105; K11105)

● Marion Morgan glides through a warm and soft ballad on the top half. The tune is pretty and Marion's vocal makes this a likely lid. The bottom dish is an unusual sounding novelty that's done in a slow tempo and this too can prove interesting. Ops might take a peek.

"CRY" (2:43)

"LOVER COME BACK TO ME" (2:29)

BETTE McLaurin
(Derby 785)

● Here's an excellent ballad that's sure to go and Bette McLaurin's vocal rendition is sure to give it a push in the right direction. Bette continues her pretty chirping on the lower lid, which is a wonderful oldie, Eddie Wilcox offers a fine musical backdrop for both sides and makes this a disk to watch.

"RAG RAG RAGGEDY MOON" (2:43)

"IT WAS MADNESS TO BEGIN WITH" (2:59)

CHUCK CABOT ORCHESTRA
(Class 400)

● Chuck Cabot's orchestra, with Eddie Robertson handling the lyrics, belts home a honky tonky piano playing number that's complete with a chorus. This end has sleeper qualities. The under deck is a pleasant ballad that is done in a listenable manner by George Ann Garner. We like the first side.

"JINGLE BELLS" (1:34)

"SILENT NIGHT" (1:58)

LES PAUL-MARY FORD
(Capitol 1881; F-1881)

● The upper level finds Les Paul treating a Xmas classic to a novel and extremely interesting rendition. Flip offers Les and Mary Ford with another tune that's an old time Christmas favorite. This duo makes all material attractive juke box fare.

"CRY" (2:52)

"CHARMAINE" (2:40)

FOUR KNIGHTS
(Capitol 1875; F-1875)

● Another waxing of a tune that's already causing lots of excitement is turned out by the Four Knights. This version is easy going and pleasant to the ear and should get its share. The bottom level is an oldie that is currently being revived and again the group comes up with a good end. Ops can choose from either lid.

"DOORS THAT LEAD TO YOU" (2:50)

CHRISTMAS CHOPSTICKS" (2:41)

MINDY CARSON
(RCA Victor 20-4316; 47-4316)

● The upper lid offers Mindy Carson with a slow number that's done in a pleasant way. Mindy does the beginning as a recitation and then goes on, with the aid of a choral group, and delivers the rest. The lower side is a novelty Xmas tune that carries more listening appeal. Our nod goes to the second end.

"LAY SOMETHIN' ON THE BAR" (2:30)

"I LOVE GIRLS" (2:45)

JERRY LEWIS
(Capitol 1868; F-1868)

● A couple of novelty ditties are given a thorough going over in the unique style of Jerry Lewis. Jerry makes the first level sound good and ops oughta keep an eye on it. The under dish is another one of Jerry's specialties that should get some play. Ops know the tremendous drawing power of this comedian.

Teresa Brewer Sings, Sings, Sings

NEW YORK—Teresa Brewer, who recently signed a recording contract with Coral Records is pictured at her first session with Jimmy Hilliard, A & R chief of the diskery. Teresa's initial Coral release "Sing, Sing, Sing" and "I Don't Care" has both sides making a splash with juke box and disk jockey play mounting. Coral is going all out on the platter and artist.

The HALE You Say

by natt hale

It's always interesting to note the development and progress of certain industries and the effect they bear on all aspects of our way of life. We get a terrific wallop out of the special sections in the papers devoted to new models in automobiles, fashions, building, bathing suits—and juke-boxes. This latter, being so close to our hearts, never fails to fill us with an unalterable sense of pride and accomplishment, even though our personal role may have been so insignificant. Nevertheless, in the back of our minds we observe a sub-conscious montage taking place which carries us back to the period of some eighteen or twenty years ago. The panorama which follows seems to be worthy of recounting.

The old-fashioned nickelodian stop was generally considered to be the corner ice-cream parlor. The machine, in itself, appeared to be an abortive attempt to house a piano, and the music which emanated therefrom frequently aroused the primitive beast in man. Vocals were out of the question, since the source of talent was the old piano roll. At any rate, some of the frontispieces on the board presented scenic views of one sort or another, and we can recall some seventeen visits to one particular candy emporium where the music-box featured a reclining Cleopatra in an alarming state of deshabelle.

NATT HALE

This contraption gave way, in time, to the first of what could be considered our present-day jukes, and the utilization of records became the sparkplug to the re-awakening of the disc industry. For the first time, phonograph records became a major consideration in the entertainment field for other than home use. The box itself, was purely and simply an instrument designed to play

records with amplification, and it was another year or two before manufacturers decided to embellish the appearance by designating them to certain periods. About the only form of classic furniture left untouched was Louis XIV, and we still expect to see that one in time. But Chippendale and Georgian were much in evidence. And therein begins the tale of the great Juke Box Design Contest.

In recent years, we've been enthralled to note the new wave of garishness which has become so prevalent in the juke industry. . . . To top it off, the colors and whirling dervishes employed in the designs fill us with a sadistic frenzy, exceeded only by the masterminding of the mechanical aspects. All of which leads us to picture the juke box of 2001 A.D.:

This will be a titanic, super-colossal structure, containing some 3,000 selections. All the records will be given the impetus to play strictly by thought control, and each number will have a visual background effect (e.g., "Stormy Weather" will release the hidden mechanism to cause a virtual deluge, drenching you completely and causing you to go home and change your clothes.). The box will be outfitted with a blanket of multi-colored fluorescent lights, about 194 in all, except when "The Blues" is played—when the entire machine will undergo a vast transformation and the room will be bathed in opalescence. Should a patriotic number, i.e., "God Bless America" be played, the owner of the spot would simply have to look for a new location. Such a recording would be accompanied by swarms of drum-majorettes, the machine would be equipped with waving flags, beautiful girls on floats, roman candles shooting in every-which direction, and the Statue of Liberty outlined in fireworks.

That's just a hint of things to come in the juke-box of 2001 A.D. It could even be that we might be ultra-conservative in our prediction. In any event, we hope we're still around to see it.

Best Selling Records

COMPILED BY JACK "ONE SPOT" TUNNIS

• Tunes are listed below in order of their popularity based on a continuing weekly national survey of thousands of record dealers by Jack "One Spot" Tunnis. Each listing includes the name of the song, record number, artists, and tune on the reserve side.

• The number underneath the title indicates the actual sale per 1000 records made for the week. If the figure is 67.4, it means that for every 1000 records sold that week, 67.4 were of the tune indicated—a combination of all the records on which it was available.

... in tribute to a columnist

CHICAGO—It is rare indeed when an editor sits down at his typewriter to pay tribute to one of his columnists.

And this is one editor who is sitting here at his typewriter very happy and thankful to be able to pay a columnist such tribute.

That columnist is Sam Evans, whose every move, whose every word, is designed to improve interracial relationship between his people and that of all the peoples of the world.

From his very first column which appeared in *The Cash Box*, Sam has received compliment after compliment.

Not only are the people who comprise this publication exceedingly proud of Sam and all of his works, but, readers from all over the nation have written, phoned, wired Sam, to tell him how much they admire his work.

When Sam first walked into this office he told us he simply wanted to write a column all about rhythm and blues.

But, as we talked with Sam, he told us exactly what was in his heart and in his mind.

He wanted to write a column which would, eventually, lead to a better understanding of his people.

His people have, this year and for many, many past years, brought music from their souls and their hearts.

This is the music of America. This is the music beloved by one and all everywhere in this nation.

And this music, as Sam told us, was actually being taken away from great artists. Artists who couldn't and wouldn't cry out to the heavens or to the people.

"All I want to be able to do for these great artists," Sam told us, "is to stop some recording firms from giving them a ten dollar bill and a bottle of liquor in gratuitous payment for their great efforts and their true genius for recording their own outstanding American music."

And—that's what thrilled us—right to the core.

Here, we sincerely believed, was one man, a people's champion, who recognized the factual side of artistic fancy.

Who realized that great music was born in the heart and soul of a people.

So Sam wrote his columns.

And, on the night of Tuesday, November 13, 1951, a very memorable evening, Sam Evans, on the stage of the Chicago Opera House, was awarded with a plaque from Billy Eckstine and George Shearing (whose concert played there that same evening) "for his great efforts in behalf of better interracial relations in the field of music."

To Sam Evans—and to all peoples like him—everywhere in the world—this editor—and all who comprise this publication—pay solemn tribute.

(And, aside to Sam: It is very grand to be associated with you, Sam. We're all very, very proud of you and very proud to work with you each week.)

**United Records
Signs Tiny Grimes**

CHICAGO—Lew Simpkins of United Records advised this past week that the firm had signed the well known Tiny Grimes, famed swing guitarist, and His Rockin' Highlanders, to an exclusive recording contract.

First release is expected very soon and, according to Simpkins, "It will prove one of the most outstanding disks ever cut."

Tiny is at present appearing at the Club Silhouette, famed swing spot on the north side of this city.

Kickin' The Blues Around

with Sam Evans

TOMMY BROWN and the GRIFFIN BROS. have the biggest hit on the street today with the novel "Weeping and Crying" on the Dot label. DOROTHY DANDRIDGE, after her terrific send off on the MARTIN AND LEWIS show, being booked across the country in classy nites beginning with San Francisco's Blackhawk Club. The new Johnson Publishing Co.'s little vest pocket mag, "Jet," has a double-spread glamour photo of DOROTHY that should assure her bookings for a long time to come.

AL BENSON Chicago D. J. beginning a commuters Disc Jockey Show between Chicago's WGES and New York City's WHOM. New eastern show will hit early in December with Jock planing between towns.

BILLY ECKSTINE, GEORGE SHEARING, BENNY GREEN, JOE ROLAND and troupe played Chicago's Opera House to a packed audience. The response to their terrific show was extremely gratifying. Heavy rain abated two hours before curtain time to permit a big turn out.

BELFORD LAWSON, Washington lawyer and President of Alpha Phi Alpha, flying in to Chicago for November 25th's Rally For Justice at the huge Coliseum. Illinois Governor Adlai Stevenson probably will be on hand to add to the huge roster of notables gathering for this mammoth tribute to democracy.

GENE AMMONS, with his fabulous horn, comes out in time for the Christmas push with "Bopping With Santa" on Chess.

BOBBY SHAD, currently cutting R & B sides with SUNNYLAND SLIM, MEMPHIS SLIM, BIG BILL and RAY SNEED.

ERROL GARNER, who holds the world record for having recorded on more labels than any other artist in the country, is apparently anchored with Columbia and the fatherly managerial advice of the Gale Agency.

The success of the Jazz packages currently traveling the country is apparently the reason for the new trial BASIE, LADY DAY, DIZ and BUDDY RICH show to open Philly this week.

The biggest surprise of the current ELLINGTON, VAUGHN and COLE show, as reported is the huge success of NAT "KING" COLE. COLE is overwhelmingly the favorite at stops everywhere, drawing biggest round of applause and most curtain calls. Show grossing in the neighborhood of \$150,000 per week.

★ AWARD O' THE WEEK ★

"THE CHILL IS ON" (2:48)

"BUMP MISS SUSIE" (2:40)

JOE TURNER

(Atlantic 949)

JOE TURNER

● Here's one that's gonna go. The top deck is loaded with all the essentials of a money-making tune. The number, labeled "The Chill Is

On" is a slow but powerful blues item that is belted home by the artful and heartfelt Joe Turner. Joe takes hold of these lyrics and makes it fit the mood and melody in a wonderful manner. In addition, Van "Piano Man" Walls and his orchestra draw a fitting musical picture to round out this potent disk. Ops have a big one here. The lower end is a change of pace in the form of a wild and real gone jump tune in which Joe shows versatility by dishing up another grand vocal. The boys supplying the music offer a solid backdrop for Joe's piping. It's the upper half that's gonna break now and ops are urged to get with it.

"EVERY TIME" (2:55)

"I'VE GOT THAT FEELING" (2:56)

LIL GREEN

(Atlantic 951)

● Lil Green comes up with a low down blues number on the first side. Together with the Howard Biggs orchestra this half comes out ok. The under level is a slow but forceful blues item on which Lil is shown to a greater advantage. The lower lid is the one ops should take note of.

"YOU'RE JUST MY KIND" (2:17)

"BUTTONS" (2:51)

JOE THOMAS ORCHESTRA

(King 4474)

● With a nice melody, a good beat, a pleasant vocal and a fine musical interpretation, the Joe Thomas orchestra have something to shout about on the first level. The second half continues in the soft and easy vein as the group brings home a pleasurable instrumental of an oldie. Either side should bring play.

"MR. SANTA'S BOOGIE" (2:48)

"WHO'LL BE THE FOOL FROM NOW ON" (2:40)

THE MARSHALL BROTHERS

(Atlantic 949)

● A strong contender is turned out by the Marshall Brothers, on the top deck. It's a wild and fast moving jump tune that this group handles in a wonderful style. Flip is a soft and soothing ballad that sounds great as sung by the vocal soloist. Both sides look like naturals for the boxes.

"HOPELESS" (2:59)

"CRY BABY" (2:49)

PERCY MAYFIELD ORCHESTRA

(Specialty 416)

● Percy Mayfield and his orchestra, with Percy himself handling the lyrics, belt home an easy going blues number. The bottom half is a similar sounding item that Percy takes care of in a fine manner. Each lid is set in the proper mood musically by the orchestra. Ops have a toss up here.

"WALK SOFTLY" (2:34)

"COLD, COLD HEART" (2:45)

EDDIE JOHNSON ORCHESTRA

(Chess 1488)

● Eddie Johnson and his musical crew go steppin' with a likely jump tune. The entire orchestra is featured and the boys make this a listenable end. The second dish is an instrumental of a current pop and folk hit and again the orchestra turns in a pleasant job. Ops have a choice of either half.

"BLUES ON THE DELTA" (2:24)

"3 A. M. BOOGIE" (2:07)

WILLARD McDANIEL

(Specialty 415)

● A couple of piano instrumentals are offered by Willard McDaniel. The top deck is a slow number that makes for good listening while the lower end is a driving thing that carries a fine beat. Willard executes his tickling of the ivories in a pleasant manner, which should mean lots of play for ops.

"I LOVE YOU" (2:56)

"MY LITTLE BROWN BOOK" (2:30)

AL HIBBLER

(Chess 1481)

● A strange sounding ballad is dished up by Al Hibbler on the top end. It's done slowly with some echo effects and the result is a grand erie sounding half. The lower side is a wonderful sentimental tune that receives a fine vocal from Al as he turns in a feelingful interpretation. Both sides look good.

"SIN" (2:43)

"LET'S TAKE A CHANCE" (2:36)

TAB SMITH

(United)

● Picking up where he left off on his current hit, Tab Smith again demonstrates what can be done to a tune with a sax. The upper end is a lovely ballad that's going strong as of the moment and Tab makes it sound even better. The bottom level is another sweet number that this saxophonist handles easily. Ops oughta get with this disk now.

April Stevens Makes New York Rounds

NEW YORK—April Stevens, RCA Victor recording star, made a whirlwind tour of New York last week accompanied by Leo Levine, her disk promotion rep. In the top photo, April is shown rehearsing with Perry Como for her guest spot on his show. Next came a hop to Newark to say hello to Paul Brenner and his WAAT listeners. A quick change of costume and April was set for a shot with Martin Block, WNEW's leading platter spinner. Finally back at her hotel, April pictured with Leo Levine, takes time out to rest.

Pat Valando Dies Suddenly

NEW YORK — Patricia Valando, wife of Tommy Valando of Laurel Music, died suddenly as a result of an asthma attack at the New York Hospital, Monday night, November 12.

Long a figure in the music and record business, Pat had been active in record promotion activities for Mercury Records and outstanding recording artists. Up to a few weeks prior to her death, she was associated with the Valando firm in the business department.

Now It's A Glockenspiel

NEW YORK—Following the use of French Horns and a Harpsichord, Mitch Miller now has a new sound, a Glockenspiel. Mitch's is the only such instrument in the country and he's keeping it under lock and key to stymie would be imitators. His first disk with it is "Green Sleeves."

Louis Prima Signs Columbia Contract

NEW YORK — Louis Prima has signed an exclusive recording contract with Columbia Records. He has already recorded at the company's New York studios and his first release, a pre-Christmas novelty jump tune titled, "Shake Hands With Santa Claus," has just been issued.

Prima, who hails from New Orleans, grew up listening to the likes of Louis Armstrong and King Oliver. When he hit New York in 1930, he caused a sensation with his version of "Chinatown" done in his gravel-throated vocal style combined with his trumpeting.

The two recordings responsible for much of Louis' present popularity were composed and introduced by the maestro himself. "Robin Hood" was the first and "Please Don't Squeez Da Bananas, the smash follow-up.

Taylor, Alamo Attend Cleveland Ops' Meet

CLEVELAND, O. — Cleveland Phonograph Merchants Association held a general meeting on Thursday, November 8th with Jack Cohen, President presiding.

An Executive Board Luncheon was held in the Hollenden Hotel on November 13th. Burt Taylor, rising young Columbia Recording artist, whose first release "Long Ago" is fast becoming a best seller and Tony Alamo of MGM label "Slow Poke" fame were guests at the luncheon. In attendance were CPMA Executive Board Members and Cleveland newspaper and radio personalities.

"Folk" and "Western" Record Reviews

"MUSIC MAKIN' MAMA FROM MEMPHIS" (2:25)

"THE HIGHEST BIDDER" (2:35)

HANK SNOW

(RCA Victor 20-4346; 47-4346)

HANK SNOW

● Hank Snow has himself another winner. Almost anything Hank lends his vocal talents to is sure to go and here he has a wonderful tune that'll assure ops lots of play. The number is a fast moving thing

that has a pretty melody to which Hank adds a tremendous vocal. The ditty is called "Music Makin' Mama From Memphis" and it's carried along at a fast clip by Hank and the Rainbow Ranch Boys. The musical setting and intertude are really something to hear and they add immeasurably to the success of this disk. The under level is a lovely ballad done slowly and warmly by Hank and this side too carries enough appeal to warrant the attention of ops. Operators who have cleaned up in the past on this artist's waxings won't wanna be late in getting with his latest.

"THERE'S A MOON TO LOVE BY" (2:30)

"I'VE GOT THE BLUES FOR TEXAS" (2:43)

JERRY IRBY
(MGM 11109; K11109)

● Jerry Irby wends his way through a pleasant ballad on the top deck. With the Texas Ranchers adding their musical talents, this end comes out ok. The lower level is another slow number that the same artists handle in a listenable manner. Ops have strong filler items here.

"THE HIGH COST OF LIVING" (2:43)

"I CAN'T ESCAPE FROM YOU" (2:29)

RUSTY GABBARD
(MGM 11110; K11110)

● The first end offers Rusty Gabbard with a bouncy ditty that sounds very pretty. The lyrics are clever and Rusty warbles them in a light and interesting way. The under half is a slow tune that Rusty sings with a tear in his voice. The upper dish should prove good juke box fare.

"HEARTBREAK RIDGE" (2:48)

"KENTUCKY MOUNTAINS" (2:36)

DELMORE BROTHERS
(King 1005)

● The Delmore Brothers pay a sentimental tribute to the fighting men in Korea. It's a slow number that the boys put over well enough to get some attention. The bottom lid is a typical western tune that's treated nicely by the vocal group. Ops have their choice of either end.

"TREMBLIN'" (2:43)

"CHICKEN BLUES" (2:34)

YORK BROTHERS
(King 983)

● A pair of blues items are worked over on this disk by the York Brothers. The first one is a slow and forceful thing in which the boys' harmony stands out well. On the second level the group belts out a driving number that comes out as a fair half. Our nod goes to the top deck.

"THE VOICE OF FREE AMERICA" (2:55)

"IT'S JUST A HABIT WITH YOU" (2:29)

JIMMIE OSBORNE
(King 988)

● Jimmie Osborne offers a patriotic number of the upper lid. Jimmie does a good job on the vocal, but the material sounds forced. The bottom half is a lovely ballad that's done slowly and here Jimmie's vocalizing really stands out. It's the under deck that carries much more listening appeal.

"E-STRING RAG" (2:31)

"HILLBILLY EXPRESS" (2:08)

HANK GARLAND
(Decca 46382; 9-46382)

● A wonderful jump tune is given a fast ride around the wax via western style by Hank Garland. Vocal and backing makes it a first rater. Flip is another number incorporating a train effect and this instrumental comes out as a grand side too. Here's a two sided money-maker.

"PEACE IN THE VALLEY" (2:45)

"AN EVENING PRAYER" (2:40)

BILL AND DOREE POST
(MGM 11104; K11104)

● The combined vocalizing of Bill and Doree Post are put to good use on the top end. The pair ease through the pretty tune with the help of an accompanying organ. The lower dish is a sad hymn-like number that the duo present in a soft and soothing manner. Ops oughta look at both sides.

"SANTA CLAUS SHUFFLE" 2:47)

"IT'S YOU" (2:37)

TOMMY SCOTT
(Federal 10030)

● Tommy Scott throws another tune into the Xmas derby and comes up with a jumpy ditty. The lyrics and melody help make this a strong number for the machines for the coming holiday. The lower end is a pleasant tune with a bounce and again Tommy makes it sound good. We think it's the top level.

MANUFACTURERS MEET WITH NPA

Materials Big Problem As Allotments Keep Shrinking. Machine Tools Frozen For Consumers Durable Goods—Orders Already Placed, And Which Can Be Shipped By Feb. 1, Okay

AMUSEMENT MACHINE MFRS TO MEET WITH NPA ON NOV. 19

CHICAGO—On November 19 the amusement machine manufacturers will meet with NPA (National Production Authority) in Washington, D. C.

This will be the very first meet between these manufacturers and the National Production Authority.

Calamitous clouds overhang the meeting since the announcement by the National Production Authority that all further tool's for new model automobile and consumers durable goods, such as refrigerators, washing machines, etc., have been frozen as of November 1. Tool orders already placed will be permitted shipped until Feb. 1, 1952.

Many believe that this may portend the end of further new machine tooling for all the amusements manufacturers.

In fact, some have gone to the extent of stating: "If the automobile, refrigerator, washing machine, and other consumer durable goods industries, have been frozen, at least as far as tooling for new models is concerned, certainly amusements will also be frozen."

Leaders here are not too worried if machine tooling for new models will be frozen. They are more worried as whether NPA may decide to cut down severely on the short quota of materials they are already obtaining.

As some of these men have stated, "Quotas for the first quarter of 1952 (Jan., Feb. and March, '52) are already so deeply cut that we will not be able to produce anywhere near what

we manufactured during the third and fourth quarters of 1951."

With the further fact that new tools for the leading consumer durable goods manufacturers were frozen as of November 1, there is now every indication, it is claimed, that the military have stepped into the picture bigger than ever before, with the full intention of obtaining a greater share of machine tools as well as critical materials.

Many industries are expected to be very much shorted in supplies of metals and other materials in the first quarter of 1952.

Few machine tools are required by the average amusement machines manufacturer. In most cases, whatever changes come about, are of minor tool requirement.

Therefore, from the standpoint of using machine tools in large quantities, the amusement machine manufacturers are not worried.

They are, instead, worried about continuing to receive a fair share of the critical metals which go into the manufacture of the average amusement machine.

Most of all, copper wire, which is the ace requirement of the games today. Copper scarcities are well known to all in the field.

That is why many look anxiously forward to the meeting with NPA to learn what may result for the future manufacture of new coin operated amusement equipment for the industry.

ucts of the old line manufacturers and tho many of the machines were very attractive and outstanding, there was nothing of such a new or revolutionarily different nature among the equipment shown that any went away with the hopes or dreams of instant possession.

Local ops claimed that they have attended many showings and conventions at their famous Auditorium here and that they have seen the place really packed with displays.

The NAMA show did not pack the place they report, but all in all, the show was well spread out.

Perhaps the best description came from a local op who had a few well known out of town operators with him when he stated, "This is a slow show."

PHONOGRAPH MFRS ATTENDED NPA MEETING ON NOV. 8

WASHINGTON, D. C.—The Coin-Operated Phonograph Industry Advisory Committee met with officials of the National Production Authority (NPA) last week (Nov. 8) to discuss their problems and to find out how they can fit their future plans into those of the government. On the Coin-Operated Phonograph Industry Advisory Committee who attended the meeting were: John W. Haddock, AMI; Rex Shriver, H. C. Evans & Company; David C. Rockola, Rock-Ola Manufacturing Company; C. T. McKelvey, J. P. Seeburg Corporation; and Morris C. Bristol, The Rudolph Wurlitzer Company.

The industry members were informed that manufacture and maintenance of juke boxes will be seriously curtailed as result of further reductions in allotments of scarce materials for the first quarter of 1952 (The Cash Box has been so informing the trade for many weeks now of this fact).

NPA told the committee just how many pounds, tons, etc. of scarce materials have been allotted to them for the first quarter of 1952, which com-

pared to the last quarter of 1951, was a drastic cut.

Additional first quarter allotments may be made for the fabrication of repair parts, NPA said. Also firms which can redesign their products to substitute steel—other than stainless—in place of copper and aluminum may apply for supplementary steel allotments, NPA informed the committee.

The meet ended on somewhat of a happy note when the manufacturers were informed they were being granted small allotments of copper and aluminum for the first quarter in order to enable them to maintain some degree of employment until the third and fourth quarters, when more aluminum is expected to be available from new and expanded facilities.

Whatever materials will be available for the manufacture of juke boxes in 1952 (and copper wire which is one of the most necessary metals to go into juke boxes, and which is the most critical today) the industry can anticipate only a trickle of machines coming forth from the factories.

Used Phono Prices Climbing

CHICAGO—For many weeks now The Cash Box has been advising juke box operators and distributors, as well as the manufacturers, that steep cuts in all critical materials under the CMP (Controlled Materials Plan) was on its way.

Some considered these statements by this publication in the light of "alarmist news."

But, now that the juke box manufacturers have met with NPA (National Production Authority) and have been advised that they would receive only a fraction of the materials which they received this fourth quarter (October, November, December, 1951) for the first quarter (January, February, March) of 1952, the trade has suddenly awakened to the fact that this automatic music industry, too, must cooperate to the fullest extent with Uncle Sam while he drives ahead to completely arm himself against any world conflagration.

To the credit of the juke box manufacturers who were present at the meeting with NPA let it be known that they immediately offered their cooperation to NPA and even went further, by offering the use of their outstanding skilled labor and facilities, to continue to help Uncle Sam strengthen his sinews.

But, in the meantime the trade, itself, wasn't asleep. From the moment that news of the new quota cuts came out, prices of used machines started to climb.

It is believed that this will be but the beginning of the price climb. The machines are higher in price at this moment than they have been in past months.

With tighter materials restrictions and less and less new equipment coming off juke box factory production lines, supply and demand is bound to balance itself to the point where a new set of higher prices will soon be seen thruout the industry.

Late model phonos suddenly zoomed upward in price. Popular models, tho not of the latest vintage, are also on the way up.

Some who rushed out circulars and other advertising matter quoting low prices are recalling all this material in an effort to inform their trade that prices are going up.

NOTICE!

All subscribers are urged to carefully check "The Confidential Price Lists" which are an integral part of each and every week's issue of The Cash Box.

Prices of all equipment, especially used music machines, are changing rapidly.

Careful checking of prices may mean a savings of many, many hundreds of dollars when buying, selling or trading.

NAMA "Slow Show"

No Jam Attendance. Ops Pay \$10; Distribs \$25 Admission Fee. Mostly Merchandise Displayed.

CLEVELAND—Many coinmen from out of town, as well as local members of the trade, were anything but elated with the NAMA (National Automatic Merchandising Assn) show held here this past week at the Auditorium.

In the first place many local people stayed away from the NAMA show because, they reported, operators were asked \$10 and distributors were being asked for \$25 as admission fee to the show.

Those who did attend reported that the crowds were very slim, to say the least and that, furthermore, the largest number of displays were concerned with candy, cigarettes, and other types of merchandise.

Cigarette, candy and soft drink machines were on hand, alright, these men stated, but, they were the prod-

picture-window visibility!

JUKE BOX OPS

URGED TO WRITE THEIR CONGRESSMEN AND GET THEIR LOCATIONS AND FRIENDS TO DO THE SAME TO HALT THE BRYSON BILL (H. R. 5473) FROM EVER GETTING OUT OF SUB-COMMITTEE

NEW YORK—The first public hearings before the Sub-Committee of the Committee On The Judiciary regarding the Bryson Bill (H. R. 5473) was held on Thursday, October 25. This is the bill presented by Rep. Joseph Bryson (Dem., S. C.) to soak the nation's juke box ops 1c per side of each record of copyrighted music royalty-tribute to be paid to ASCAP (American Society of Composers, Authors and Publishers, and similar organizations, or 2c for the two sides of each recording. This bill would amend the Copyright Act of 1909, so that juke boxes would not be excepted from paying royalty-tribute to ASCAP and similar groups.

Since that time Congress has recessed for its annual vacation and no further hearings will be held until sometime after January 8, 1952.

So far only the music industry has had the floor and ASCAP has lambasted the juke box industry which was only to be expected.

The juke box people will be heard later.

Of those connected with the music industry, one group, the recording manufacturers, opposed the views of ASCAP. Kenneth Raine of Columbia Records, speaking for the major record manufacturers (RCA Victor, Decca, MGM, Capitol and Columbia) submitted a memorandum, which he read to the sub-committee, in which he stated that they were in opposition to the Bryson Bill. (Complete text printed in *The Cash Box*, November 10 issue.)

But, ASCAP has not gone to sleep, and is not just waiting for the hearings to reopen to start its work on getting the Bryson Bill (H. R. 5473) passed from the Committee On The Judiciary into the House of Representatives for a vote.

ASCAP is notifying all its members everywhere in the nation to work on their Congressmen. To write them. To urge them to get this bill PASSED.

It is also reported ASCAP is writing to women's clubs everywhere in the country, in an effort to get these people to back this royalty-tribute grab.

REMEMBER—ASCAP is asking that the elected representatives of the peoples of these United States vote to make it (ASCAP) richer and more powerful.

Not to benefit all the peoples of this nation—but, instead, to BENEFIT ASCAP and similar groups.

Is this, or is this not, a travesty on the nation's elected representatives? To ask them, the lawmakers elected by the people, to CRUCIFY THE MUSIC OF THE POOR ON A CROSS OF GOLD—so that ASCAP (and similar groups can benefit) and damned to the poor people's music—the juke boxes of the nation.

But, this isn't all. Nowhere in this Bryson Bill (H. R. 5473) does it state that ASCAP (and similar groups) must STOP at 1c per side of each recording per week royalty-tribute.

In short, next year and the year after next, ASCAP can again enter into the Congress of the nation and claim that its costs are higher and still higher, and then ASK FOR 10c or 25c PER SIDE.

Nowhere does it state in the Bryson Bill that ASCAP MUST STOP AT ONLY 1c PER SIDE PER WEEK ROYALTY FROM EACH RECORDING FROM THE NATION'S JUKE BOXES FOR PLAYING THE COPYRIGHTED MUSIC OF THIS RICH AND POWERFUL ORGANIZATION.

THIS IS NOT THE TIME FOR THE NATION'S JUKE BOX OPERATORS TO LULL THEMSELVES TO SLEEP.

Every juke box operator must sit down RIGHT NOW and write his Congressman a letter (and this letter can be based on the FACTS disclosed in the four pages of editorials which appeared in the November 10 issue of *The Cash Box*) and tell his Congressman that such a royalty-tribute would BANKRUPT HIM!

Nor must he stop after he writes his own letter. Every juke box operator must get each and everyone of his location owners, his friends, his civic leaders, and everyone else he knows, to also write letters to their Congressmen.

HE MUST PETITION THE NATION'S LAWMAKERS TO STOP THE "BRYSON BILL" COLD IN ITS TRACKS RIGHT IN THE SUB-COMMITTEE OF THE COMMITTEE ON THE JUDICIARY and, if at all possible, KILL ALL SUCH ATTEMPTS IN THE FUTURE TO:—
"CRUCIFY THE MUSIC OF THE POOR ON A CROSS OF GOLD."

MUSIC OP SUGGESTS METHOD OF LETTER WRITING FOR ASSNS.

Praises "The Cash Box" For Editorials

AL SCHLESINGER

POUGHKEEPSIE, N. Y.—Every one in the coin machine industry knows that *The Cash Box* is eternally striving to bring its readers the best in news, the keenest thinking in its editorials, and the utmost in services, such as columns and factual listings of all kinds. They know that all this is possible because the people who put the magazine together each week have long experience and intimate knowledge of the coin machine industry.

Many letters and phone calls of commendation are received continually, and it makes us strive all the more to give the coin machine trade every assistance to keep one and all operating on a profitable basis.

All the above comment is caused by a letter received this week from Al Schlesinger of Square Amusement Company, Poughkeepsie, N. Y., which in addition to giving us a great deal of satisfaction for being able to serve the industry well, also includes a few most important suggestions.

We reproduce the letter:

"May I take this opportunity to express my appreciation to Mr. M. Y. Blum and also to *The Cash Box* for the article in your November 3 issue, entitled 'Bureau of Internal Revenue States Its Rules.'

"Every operator in America should be grateful for this information, as it leaves no room for doubt. The coin machine industry in the past has been more or less comprised of various segments, such as manufacturers, distributors and operators—all stating their policies from their level, as it affects them individually.

"It appears that now is the time for all groups to set a national policy to govern every operator in America, so that he can function as part of a national group with definite basic policy, whether it be taxation, commission rates, nickel or dime play, depreciation of equipment, etc., etc.

"In every issue of *The Cash Box* under the heading of 'Meeting Dates of Music Operators Associations' there follows a list of the various organizations throughout the country that will meet in the near future. In view of the crisis affecting every music operator under the Bryson Bill (H. R. 5473) and your very worthy journal has requested every operator to write to his Congressman and Senator to vote against this bill, would it be possible for every music association to get up a uniform petition and have every member get his customers to sign and return to his association, who would then send the originals or photostat copies to the Congressmen and Senators in that state? It appears to me that this would register the feelings of everybody interested against this proposed grab of ASCAP.

"If I have taken up too much of your time with this, it is only because of my sincere interest in this industry, and my appreciation for what *The Cash Box* means to the operator."

Sincerely,

AL SCHLESINGER.

(Ed. Comment: Dear Al: You haven't taken up any of our time. You've made a very constructive contribution to the benefit of all. We love you. Keep thinking, and keep sending in your letters.)

AMI Production Equal To 1/4 Of All New Phonos

GRAND RAPIDS, MICH.—John W. Haddock, president of AMI Incorporated, reported this week that production figures for the first ten months of 1951 indicate that the company is accounting for 25 per cent of the juke box industry's total output, estimated to run this year to about 30,000 units.

He pointed out that both the industry's volume and the proportion of it available to AMI are presently curtailed by limitations imposed by the National Production Authority on the consumption of critical materials, such as copper, steel and aluminum.

Otherwise, under normal business conditions, Haddock declared, AMI could supply 35 per cent of the industry's volume because of the high market acceptance of its product and the scope of its distribution. Over the last five and a half years, he explained, sales outlets have been established in Europe, Canada, Cuba, Mexico and Central and South America, as well as throughout the United States, thereby developing complete and effective sales coverage in all important markets.

As far as future production schedules are concerned, Haddock said, AMI will continue to build as many juke boxes as possible, consistent with the availability of materials which pass the company's quality inspection standards for engineering and production.

MICHIGAN PHONO OWNERS ASSN. PETITIONS

O. P. S. FOR EXCEPTION UNDER C. P. R.

DETROIT, MICH. — Morris Goldman, president of the Michigan Automatic Phonograph Owners Association, with headquarters in this city, has submitted a petition to Michael V. DiSalle, Director of Price Stabilization, Washington, D. C., asking for an order, or overriding regulation excepting services of operators of coin operated phonographs from the Price Stabilization Act of 1951.

Prepared with the assistance of Irving B. Ackerman, attorney for the association, and signed by Morris Goldman, the petition reads as follows:

Comes now applicant above named in the capacity of President of the Michigan Automatic Phonograph Owners Association, a non-profit association, and respectfully requests that the business, or service of rendering musical entertainment by coin operated phonographs in the United States be excepted from the Price Stabilization Act of 1951; in support of such application petitioner makes the following allegations:

1. That he is the president of the Michigan Automatic Phonograph Owners Association, a non-profit asso-

ciation, the members of which association are owners and operators of coin operated phonographs throughout the State of Michigan.

2. That this application to have such services excepted from the Act is based upon the fact that the services of the members of this organization in rendering musical entertainment by way of coin operated phonographs are, within the intent and purview of said Price Stabilization Act of 1951, services which have a minor significance and slight or no effect whatever on the program of price stabilization and will unquestionably impose an unnecessary administrative and enforcement burden upon the Office of Price Stabilization.

3. Our industry is nation wide. We have automatic phonographs in every county, city, village and hamlet in Michigan. Our people furnish a choice of music to anyone, wishing it throughout the country. A person may hear the greatest artists or bands, or a so-called "hill-billy" if he chooses, for a five cent piece. Such a person has the right to the music of his choosing the same as the more affluent patron of the opera has to his. Such music has become an accepted part of the daily entertainment life of the great bulk of the people of America. It is one of the greatest sources of entertainment for the members of our armed services when at liberty. Most recently more of the classic and operatic numbers are being played, always at a growing cost. We wish to continue in rendering this service, because in addition to the great entertainment it affords our people, which now more than ever is necessary for their morale, the industry furnishes employment to great numbers of thousands of workers in its varied fields throughout the country, most of whom will be out of jobs if we are unable to continue in business and are hampered by any agency.

4. Heretofore by General Overriding Regulation Number 14, the services of actors and actresses, entertainers, musicians and many other vocations and services numbering sixty-seven in all were excepted from the Price Stabilization Act. It was stated that these services were excepted on three grounds, one of which was that these services were services having a minor significance and slight effect upon the cost of living. It was also stated that the subjecting of the

charges for these services to price control would have no appreciable effect on the program of price stabilization and would impose unnecessary administrative and enforcement burdens upon the program of price stabilization.

5. It is to be noted that in excepting actors, actresses, entertainers and musicians, practically all musical entertainment is excepted except that rendered by the members of petitioner, for instance a band or an orchestra in making a phonograph record which is ultimately purchased by the members of petitioner does not come within the terms of the Act, yet if our members play that record upon one of their phonographs under the present regulation they are within the terms of the act.

6. It is the considered opinion of the petitioner that it was never the intent of Congress in the passing of the necessary legislation that such services as are rendered by the members of this Association should be subject to control under the Price Stabilization Act.

It is respectfully submitted and requested that the services of coin operated phonographs be included within the terms of General Overriding Regulation Number 14 or be excepted on the grounds that they are services having a minor significance and slight effect upon the cost of living and that the subjecting of charges for these services to price control could not possibly have any appreciable effect on the program of price stabilization, and because of the many thousands of these phonographs throughout the country such control would impose an unnecessary administrative and enforcement burden upon the Office of Price Stabilization.

Respectfully submitted,
MICHIGAN AUTOMATIC
PHONOGRAPH OWNERS ASSOCIATION

By:
Morris Goldman,
President.

On October 8, Ackerman, Goldman and the board of directors of the association met with officials of OPS at the Detroit office. Following the meeting, Ackerman submitted the following letter:

The position taken by the music operators, sometimes known and referred to as juke box operators, is as follows:

The common practice covering the majority of music operators covers the following procedure: The music operator generally owns, by virtue of purchasing, the automatic music box, and services the same, changes records, needles and so forth, himself, or under his direction by an employee affiliated with the union covering contractual relationship between himself as Employer and the union, maintains and services the machines. The machines are placed in different locations, commonly known as taverns, restaurants, confectioneries and commercial establishments, either on a rental basis for utilizing the space covered in the tavern, etc., in which the operation of the machine is uti-

lized for the benefit of both the tavern, the pleasure of the customer and the music operator. The proceeds resulting from the injection of the 5c coin in the chute, or whatever the coin may be, causing and creating the machine to dispense the music, is collected sometimes by the owner of the location, who rents the space to the operator on a straight rental basis. The division of money is usually on an agreement, either oral or in writing, and is made before the installation of the machine. It is common practice to replace the machines after a year of service or upon demand of the location owner. "The relationship with the public and the music operator ends after the installation of the machine." The music operator's relationship is confined entirely with the owner of the location. The position taken by the operators is that if and when a machine is operated between the periods covered by CPR 34, specifically December 19, 1950 and January 25, 1951, only applies as to the amount charged to the public for the dispensing of the music, and by that we mean whatever the coin chute called for in a particular machine, regardless of the number of plays said machine provided. As, for example, some machines have plays for 5c each, 10c for 2, and so on; others have plays for 10c and 3 for 25c, and still others have plays at 6 for 25c. In that instance, the operator would be subject to the regulation, but insofar as the percentage of the division of the proceeds between the location owner and the operator, it is the opinion that said division is not subject to services because they vary in practically every instance, each location contracting individually with his own operator on a basis mutually beneficial to both. It has been the practice of this Association, its officers and Board of Directors to cooperate with all law enforcement agencies, and we certainly appreciate being of assistance to your office. We definitely feel that there should be some clarification in the position taken by the Office of Price Stabilization with reference to the status of the operator and the location owner.

A copy of location lease is enclosed, which is used in a good many instances between operators with regard to rental of space. In addition, I am enclosing a copy of a petition being sent to Michael DiSalle, Office of Price Stabilization in Washington, which I think will be of some assistance to you in coming to a conclusion. The contents of this letter requesting that the services as reflected by the music operators be excepted from the Act is based upon the fact that the services of the members of this organization in rendering musical entertainment by way of coin operated phonographs are, within the intent and purview of said Price Stabilization Act of 1951, services which have a minor significance and slight or no effect whatever on the program of price stabilization and will unquestionably impose an unnecessary administrative and enforcement burden upon the Office of Price Stabilization.

NEW METALS CUT-BACK PLAN BASED ON ESSENTIALITY

**Coin Operated Phonographs Allotted 10%
Of Copper, 20% Of Aluminum Used Before
Korean War. Amusement Division, Meeting NPA
On Nov. 19, Will Probably Receive Same Allotment**

WASHINGTON, D. C. — Manly Fleischmann, head of NPA, disclosed that a new method of allocating scarce metals (copper, aluminum and steel) will go into effect starting with the first quarter of 1952.

Producers of consumer goods requiring these scarce metals will share in the available supplies, BUT THE QUANTITY ALLOTTED EACH MANUFACTURER WILL DEPEND UPON THE ESSENTIALITY OF HIS PRODUCT.

Fleischmann stated that manufacturers of less essential items would be limited to 10 per cent of the copper and 20 per cent of the aluminum they used before the outbreak of the Korean War.

Producers of essential items will get up to 35 per cent of metals they used at that time.

Both producers of non-essential and essential products will get an average allocation of 50 per cent of the steel they previously used. These allocations, steel, copper and aluminum are subject to variations depending upon particular cases.

Coin operated phonographs were listed among the products, and their allocation was specified as 10 per cent for Brass Mill Copper; 20% for Wire

Mill Copper; and 20 per cent for aluminum.

Amusement machines weren't listed at all, but probably will be given some classification after the representatives of the industry meet with NPA on November 19. However, it hardly seems likely that this division will be given any higher allotment than that given the manufacturers of coin operated phonographs.

By granting some part of the average producer's metal needs, Fleischmann explained, his agency has avoided the so-called "death sentence" technique of World War II, under which production of certain products was prohibited entirely.

Fleischmann stated some time ago that rising military demands for steel, copper and aluminum would necessitate sharp cutbacks in the use of these metals at the beginning of 1952. (The Cash Box has been reporting these warnings over a long period of time). He said this week that the "pinch" on allocations will probably last thru the first six months of the year. By midsummer, he added, increased production of both steel and aluminum should enable his agency to ease up on the strictness of its metal allocations.

Music Op Brings Recording Artists To Vet Hospitals

BROOKLYN, N. Y.—Stanley Feldman, Kingsboro Music Company, this city, who operates juke boxes thru-out the city, can take a bow for the good-will he's creating for the entire automatic music machine industry.

Altho his only reward is the personal satisfaction he's deriving from his chore, Feldman is spending many hours of his time corralling recording artists, whom he then takes out to various veteran hospitals in this area, where the wounded and sick service men are entertained.

CORRECTION

CHICAGO — The Seeburg 146 model that appeared in the advertisement of Coven Distributing Co., 3181 Elston Ave., this city in The Cash Box, November 17, 1951 issue should have been priced at \$125.00 and not at \$89.50 as it appeared in that issue. The incorrect price was inadvertently listed thru a printer's error.

DALLAS DOINGS

Tommy Chatten and Raymond William of Commercial Music Co., Lewis Co'eman, Dub Taylor and Abe Sussman have returned from a successful duck hunt to Possum Kingdom. . . . The boys at Wichita Novelty in Wichita Falls report that dime play for coin machines is definitely the up and coming thing. They are delighted that they have converted. . . . Ray Barnes of Palestine was in town this week buying six player shuffle alleys. . . . Ditto Al Sebastian of Kileen. By the way he is setting up his machines at Fort Hood and reports that business is great. . . . Pete Bonano of Bryan and J. H. Brown are busy buying new phonographs for their routes. . . . Ditto for George Bury of Hamlin. . . . We understand that B. W. Byford of MacGregor has opened a new cafe. Sounds good. . . . Vincent Lopez of Fort Worth has converted to dime play on his machines and says that dimes are much easier to count than nickles. They count up so much faster. . . . Another cafe man is prospering. He is Johnny Caldwell of Paris. He now owns three.

The folks from Carter & Son in Amarillo were in town this week buying new machines for their route. . . . Jack Sprott over at Temple is among the new ones to jump on the dime play band wagon. Who's going to be next? . . . Getting away from it all for about two months is B. W. Cox who is lucky enough to take a sixty day vacation in Nevada. By the way, he's from Waco.

Dave Tomlin of Fort Worth has been ill but we understand that he is now back on the job. We're glad to hear it Dave. . . . Bob DePriest has opened a new grocery store and cafe called the "D&D Drive-In." Let's all give him some business. . . . Olin Dreyer of San Angelo reports that both his juke box and his night club business are going good. . . . And speaking of night clubs, Cecil Epps of Waco is remodeling his. It is aptly titled "Scenic Wonderland." You should go out and see it. . . . J. L. Eaton of Henderson is one happy man. He just brought in a new oil well. . . . Something new has been added to the Dallas entertainment scene. It's called the "Cavalcade of Blues." The show opened Thursday at the Yacht Club and from all reports it was a big success. The series is scheduled to run every Thursday night.

EASTERN FLASHES

Indicative of the times is the scene viewed these days on New York's "White Way." On any given day or night, the crowds strolling along Broadway are loaded with the colors of uniforms—American boys and also quite a number of those from foreign countries. These are the boys being taken out of civilian life and trained to defend our country. There will be increased numbers as the weeks and months go by. These boys need the most modern implements of war—and the factories of this country are now busy turning out the many items that go into fitting out a modern army. To do the job correctly, Uncle Sam has found it necessary to take away from civilian products many items which manufacturers of consumer durable goods have been using. Among them, of course, affected are those manufacturing companies in the coin machine business. Over the past year, the use of vital materials has been cut a number of times—and the industry has been informed that in 1952 it will be cut further. The automatic music machine manufacturers recently met with officials of NPA, and the manufacturers of amusement machines met on November 19 (see stories this issue). While it is hoped that complete stoppage of manufacture will not take place, similar to what happened during World War II, those coinmen who experienced conditions during 1941 to 1945 know what to expect. It is suggested that they make the proper moves for equipment and parts and supplies.

Coinmen returning from the Cleveland show of NAMA report apathy of those who attended, and that not many ops were on hand as they were expecting. One op stated "I saw more exhibitor badges than operators." . . . The Westchester Music Operators Guild meets on Monday, November 19. Main topic to be discussed will be the current Bryson Bill. Officials of the Automatic Music Operators Association (N. Y.) have promised to be on hand to discuss the bill. . . . Out of bed, after a week's siege of virus and tooth trouble, Jack Mitnick, AMI's eastern representative, spends some time at Runyon Sales Company. . . . A gathering of Barney (Shugy) Sugerman, Runyon; Jack Mitnick; Al Simon, Albert Simon, Inc.; and your reporter get involved in a discussion about a certain Newark, N. J. merchandise machine operator, and Mitnick wonders if he purchased that Hershey bar vending route he recommended some time ago. . . . Al Simon, who's being kept plenty busy with ChiCoin's new shuffle alley, takes time off to stroll along 10th Ave., from 42nd to 43rd St., and give the double-o to the new building which is being constructed for him. Foundation is in, and outside brick of building is starting to move up foot by foot. Al hopes to be in by 1st of the year. . . . Louis Blatt, Atlas Distributors, AMI distributor in Boston, Mass., drops in to say "hello" while visiting in the city.

Mike Munves gets quite a kick out of flashing a check received from J. P. Morgan Company, Wall Street bankers. Check was in payment for an export order. . . . Max Munves takes his annual vacation in Miami Beach, Fla. Will be away until April. . . . Dave Lowy, Dave Lowy & Company, back from a visit to Chicago. . . . Joe Hirsch, business manager for the games association, hustling around in preparation for their annual banquet which will take place on Sunday night, December 9 at the Latin Quarter's night club. . . . Dick DiCiccio, Westchester operator, makes the rounds of the wholesalers, picking up equipment. . . . Otto Stegmair, operator from Greenwood Lake, N. J., visits along coinrow. During the summer months, Otto gets very little chance to come to town, but now that his big business is over, he's catching up on his buying. . . . Joe Young, Young Distributing, and his export department very happy the dock strike is over. The equipment being shipped out is now on its way. With the docks loaded with more cargo than three times the ships available, it's quite a "rat race" to get merchandise aboard. . . . Harry and Hymie Koepfel, Koepfel Distributing Company, talk of increasing their staff. With the increased demand for used music machines, plus the big job they're doing with plastics, it's becoming quite a task to handle it all. . . . Ben Smith, who's agency handles a great many coin machine accounts, has been appointed publicity director for the League of Advertising Agencies, Inc., an association of advertising agencies formed last February.

Buck Moore of Alexandria, taking full advantage of the duck season. . . . We are most happy to see Lucille Tudury back behind her familiar desk at Delat Music Sales Company. . . . The Mary Kaye Trio fresh from the Copocabana playing to a packed house in the beautiful Swan Room brought out some familiar faces. Bob Tanner and Larkin Ethridge of Delta Music Sales, Mr. and Mrs. Mel Mallory and Louise and Bill Maddox were among the first nighters. Incidentally Norman Kaye of the trio has been signed to a five year contract with Capitol Records. . . . Sorry to hear about Dick Rising's auto accident and sincerely hope he is back selling those Capitol discs in a short time. . . . Ops here and there: Ray Landry, Gonzales, La.; R. L. Boudreaux, Rayne, La.; J. W. Prine, Hattiesburg, Miss.; Frank Graw, Abbeville, La.; Emil Kalil, McComb, Miss.; and Sam Hutson, McComb, Miss. . . . Nick Happy and Joe from Tac Amusement invading us as usual on a Thursday evening. . . . Jr. and Charlie of A. M. I. giving me much yak yak about "Weeping and Crying."

We recently had the pleasure of meeting Mrs. Lilliam McMurry of Trumpet Records. Lilliam was in Nola promoting her Trumpet label. . . . Homer Wel's of Montcalm Music, Bastrop, in Nola on business. . . . Things are looking prosperous down Ed Daniels way in Jackson, as evidenced by the new fleet of trucks just purchased by Ed. . . . Abe Kalif looking fit as a fiddle and telling us all about his diet. . . . We wish for Mrs. Sam Hutson who is in a New Orleans hospital, a very speedy recovery. . . . Ops we haven't seen lately: Ham Nelson and Bill Eidt of Natchez, Mississippi, Johnny Mongagna of Jefferson Parish, Tony Ingrassia of Gulfport, and John Evans of Gulfport. How about you guys giving us a report on your whereabouts. 'Twould be nice seeing you again.

Most important for every juke box op is to get off a letter to his Congressman, and to also get all his location owners and friends to write their Congressmen, to absolutely and definitely halt the House of Representatives Bill 5473 introduced by Rep. Joseph Bryson (Dem., S. C.) from ever leaving the Subcommittee of the Committee On The Judiciary. This bill would completely ruin the entire juke box business. Write that letter today. Get all letters out immediately. Read the four pages of editorial that appeared in the Nov. 10 issue of The Cash Box for material for your letters. . . . Amusement mfrs allotments of critical materials severely cut for the first quarter of '52 and, in the meantime, mfrs leave for meet with NPA in Washington, Nov. 19, fearing the worst. . . . Much interest in these parts regarding Ceiling Price Regulation 11 which permitted N.Y.C. tavern owners to raise price of beer from 10c to 15c and which allows them to pass on higher costs of merchandise to the public. Does this ceiling regulation also apply to juke boxes which have raised price from 5c to 10c per play?

With the announcement that PA severely cut materials quota for juke box mfrs prices of used phonos started to climb—and are still climbing. . . . **HAPPY BIRTHDAY TO: Jimmy Johnson** way down in San Antonio, Nov. 13 . . . to **Jack Sloan**, one of the old timers, Nov. 19 . . . to **Georgie Jenkins** of Bally, who won't tell his age, except to say, "Just reached 39," Nov. 21 . . . and to **Vince Shay** now with Atlas Music whose birthday is Nov. 22. . . . The amusement parks convention at the Sherman Hotel is not attracting the attention of coinmen as it did in former years. . . . **Joe Abraham** phones in from Cleveland just to say, "Things going great." . . . Locations being check on free play action. Some now forced to buy \$250 license. . . . **Jack Nelson** out on the road covering many war work plants. . . . **Herb Oettinger** around the office all by his lonesome one morning last week and much too busy to even know who's around. . . . **Johnny Casola** dashes down to Nashville on a real mercy errand. **Frank Swartz** taken sick again and going back into hospital. **Johnny** will help out while he's away. Orchids to **Johnny Casola**.

Those who returned from Cleveland's NAMA show plenty hot over that \$10 operator and \$25 distributor admission fee. Most claim show was anything but big success. . . . **Bill DeSelm** out celebrating Armistice Day. . . . **Lyn Durant** so busy between United's factory and experimental plant almost impossible to get a word with him. . . . **Wally Finke** and **Joe Kling** very much impressed with their own gorgeous Xmas gifts display at their popular headquarters. Like **Wally** says, "You get the Christmas spirit the moment you enter." . . . **Country boy** moves to the city: **Ben** and his very charming wife, **Trudy Coven**, staying in town at the Ambassador East for some days to enjoy city life. Far from their Highland Park residence. . . . **Ralph Sheffield** has something that looks very, very "big" and may prove one of the most sensational items in many and many a moon. . . . **Dan Moloney** dashes on to Baltimore and comes home by way of Nashville. . . . **Herb Perkins** of Purveyor has some of the finest shuffleboard buys ever yet seen in all the industry.

Three roadmen whom ops praise to the skies: **Mac Brier**, **Carl Christensen** and **Harold Saul**. For whom **Ben Coven** should take a deep bow. . . . **Bill O'Donnell** of Bally one of the busy boys 'round town. Tied right down to his desk with long distance phone calls popping at the rate of one a second. . . . **Bili Ryan** over at Williams is getting ready to be busier than ever, very soon. . . . **West Coast** distrib phones **Nate Gottlieb**—just to tell a joke—via long distance time charges. . . . What was **Harry Brown** doing at the Cleveland NAMA show? . . . **Joe Cohen** of Ristaurat advises firm is shipping everywhere in the world with more and more orders from Central and South America. . . . The big five record mfrs are working very closely with juke box ops to kill the Bryson Bill (H.R. 5473) . . . Rainy days kept many boys home early this past week. . . . **Oscar Schultz** not feeling too well and will have to make that observation hospital trip he believes. . . . Few more snowstorms should probably send **Roy McGinnis** down to visit his Miami Beach home. And maybe enjoy some golf, too. . . . Many already reserved rooms 'round town for the CMI show.

It has been extremely gratifying to the members of this industry these past weeks to read this column and learn that many who are active in this field have been honored with high degrees from outstanding educational institutions. There are doctors, lawyers, preachers, certified public accountants, and many other professional men, who are today part and parcel of this industry. Surely, then, such organizations as ASCAP (American Society of Composers, Authors & Publishers) who issued a booklet calling members of this field "racketeers" must think twice before labeling these people in this classification. Especially when they read the following: That of a young man who is considered one of the leading distributors in this industry and who, at the same time, holds three high degrees from Loyola University, Chicago. Only those in public life who have reached the very pinnacle can ever expect to hold the degrees of L.L.B. (Bachelor of Laws), B.S. (Bachelor of Science), J.D. (Doctor of Jurisprudence). Yet, this young man, who studied at Loyola University, attained all three of these great honors. And attained them on his own intelligence and ability. After achieving these high honors at Loyola University, he practised law for a couple of years. And then was saddened by that great blow which saddens all men—the passing of his mother. He turned from the practice of law after that and went into his father's business because his Dad was so broken up. His father captained one of the largest wholesale tobacco and candy organizations in the city of Chicago. In fact, his Dad was a very close friend of the late **William Wrigley, Jr.** of gum fame. He recalls **Bill Wrigley** having dinner at their home many times. His Dad was also the first man to introduce the now nationally popular **Oh Henry** candy bar to the Chicago public. Seeking to instil new ideas and new life into the business, now that he headed his Dad's firm, this young man found that candy vendors and drink dispensers were becoming an ever important division of candy wholesaling. He became intensely interested in automatic merchandising. From there he gradually drifted into other coin operated equipment fields. Today he is a leading factory distributor for two of the largest manufacturers in the coin operated entertainments industry. He has built up a successful and thriving business. And he

continues to progress ahead with each passing day. Surely, the politicians and crusaders, who rant and rave against the industry, and with foul tongue attempt to defile the people who comprise this field, should hesitate for a very sharp moment to think that here, engaged in the distributing division of this business, is a young man honored with three educational degrees. An honor that most of these publicity seeking politicians and crusaders, only in their very wildest dreams, can ever hope to obtain. An honor that wasn't just granted to this young man. But, an honor which he most definitely achieved on his own intelligence, ability, and perseverance to the code of higher education. His name? Benjamin I. (Ben) Coven of Coven Distributing Company, Chicago, Illinois. Direct factory distributor for The Rudolph Wurlitzer Company and Bally Manufacturing Company. A young man who, because of his persevering application to his University studies, achieved the honor of being able to add LL.B., B.Sc., J.Dr., after his name. And yet, in all his modesty, has never so used this honor. Surely those stonemasons should, most definitely remember and take deep to heart His words about, "he who casts the first stone".

YOUR VOTE COUNTS

Every juke box operator in America has something to say about the records he plays and that bring coins into his machines. This is his way, in the annual poll conducted exclusively for the Automatic Music Industry of America by *The Cash Box* that he can tell everyone of the artists, orchestras, bands, publishers, and all others engaged in the business of producing music for him on records, what he needs and wants and what will help make him more money.

Your Vote Counts is not an idle remark. Six years ago *The Cash Box* foresaw that the time would come when the music industry would want to know just what type of records earn profit for the nation's juke box operators. It was at that time that *The Cash Box* originated and started the first juke box operators' poll to decide the **BEST MONEY MAKING RECORDS** in all classifications.

Your Vote Counts with every single member of the entire music industry, but especially, it counts with you, Mr. Juke Box Operator for, by voting in the Annual Poll conducted

by *The Cash Box* you are **HELPING YOURSELF**. You are telling the people who record, and who make the recordings for you, just what you need to **HELP YOU EARN PROFIT WITH YOUR AUTOMATIC MUSIC EQUIPMENT**.

Don't hesitate. Right this minute—fill out the prepaid postage card enclosed with this issue. Fill it out to the best of your ability. **THINK HARD**. Be **SURE** that the records and artists you vote for were **YOUR BEST MONEY MAKERS FOR 1951**. *Your vote counts*.

(Every instrument you have where you have a title strip, whether it is a juke box, wall box, floor shell, or any other unit where a title strip is featured, counts for one vote.)

No fairer method has ever yet been evolved. In short, if you have 50 juke boxes, 200 wall and bar boxes and 10 floor shells, you have 260 votes. Your votes may decide the winner of the poll.

This annual poll is for your benefit. In the past all of you juke box operators have come thru with your votes with

remarkable speed. You have been praised for your astute and correct voting. This time, in this Sixth Annual Poll of the Automatic Music Industry of America, conducted exclusively by *The Cash Box*, you are again coming thru with your votes in a remarkable and speedy fashion.

But, to the few who haven't yet voted, take these few minutes to fill out the postpaid enclosed postcard and drop it in the mailbox **TODAY**.

YOUR VOTE COUNTS. **YOUR VOTE** may make a **STAR** and win an outstanding **AWARD** (paid for and awarded publicly by *The Cash Box*) for some great artist, great orchestra, publisher, music combo.

All because you took time out to cast **YOUR VOTE (THE VOTE THAT COUNTS)** in this **SIXTH ANNUAL POLL OF THE AUTOMATIC MUSIC INDUSTRY OF AMERICA (CONDUCTED EXCLUSIVELY FOR THE JUKE BOX OPERATORS OF AMERICA BY THEIR OWN PUBLICATION—THE CASH BOX.)**

THRU THE COIN CHUTE CALIFORNIA CLIPPINGS

Almost ready for official welcoming to the L. A. Row, Dan Stewart now has merchandise on his floor. It would seem quite proper to mention that he's handling the Rock-Ola phonograph and accessories, even without the official announcement, as the machines are plainly in view at his place and everyone on the Row being aware of the news. In Dan's absence, we chatted with Stan Martinson, who's been with Stewart in Salt Lake City and on the road. Stan's helping organize the new set up, which quite likely will carry some other equipment in the amusement line. There will be an official opening, we gathered, within a week. . . . One announcement that can be considered "official" this week, we understand from Lyn Brown, is his Southern California distribution of Exhibit's "Big Bronco," the popular novelty ride on which Lyn has done so well in recent months. He's got them in at the big Owl drug store chain, and from what we've seen at several locations, Exhibit has a real money maker for the boys.

Jack Simon of Sicking reports Gottlieb's new 5-ball, "Rose Bowl", is really scoring and only wishes he could get more of them. He figures the game will stay out front at least from now until the big New Year's football contest, which causes us to note that once again a manufacturer has beat the headlines in naming a game. . . . At Badger, W. R. Happel, Jr., was back at his desk after a trip to Las Vegas and negotiating a deal for a San Luis operator to sell his route. Salesman Jack Dolan was just in from a trip to El Centro and other southern points, and just about ready to take off for the Bakersfield territory. Bill Happel was happy about the Keeney 4-way shuffle board conversion starting to come in and predicted the load due Monday would find ops waiting in line.

Caught up with Nick Carter just as he was dashing off to the bank, and he didn't look like a man worrying about covering a check. So it must have been some of that loot coming in on the AMI that he was about to deposit. . . . With Bob Bard things are admittedly pretty quiet though we imagine Bob still hits the deposit window at his bank from time to time, what with the used equipment that continues to come in and move out of his spot. . . . Found George Warner in at Automatic and swapped a few notes with him. Seems there's still a little action out of the local office and a little more up North. George is keeping busy with a few outside things, in addition to his one true love, his Masonic activities. . . . Dannie Jackson, we learned, had just got back to town from his Eastern trip with a new car. . . . Johnny Hawley must really be doing it on that Christmas merchandise with the place jammed as we drove by (for want of a parking place within blocks), and when we tried to phone from down the street, his phones were tied up for a half an hour straight.

The gang at Paul Laymon's was already drooling over that deer steak due any day now after Wurlitzer mechanic Karel Johnson's hunting trip to Utah. . . . Charlie Daniels informs us that Bally's "Bright Spot" is going so brightly that they're already reordering. . . . Paul and Lucille were all primed for the USC-Stanford game via 50-yard line seats. (All the better to see the home team trounced by the Stanfords) . . . Laymon bookkeeper Arlene Early, wife of painter Russell Early, took off on a long, unpleasant trip to attend the funeral of her grandmother in northern Minnesota. . . . Lots of used Wurlitzers on the Laymon floor, and also a line-up of one of just about every new shuffle game on the market: Genco, Chicago Coin, Keeney and United among them.

On the Row: Lionel Smith of Barstow . . . San Diego's Harold Bowman and Walt Schinkel . . . Roy Smith of Balboa . . . Cecil Ellison of Lancaster . . . Wm. Bradley from Covina . . . Santa Ana's Jack Foust . . . G. F. Cooper of Riverside . . . Colton's Lawrence Raya . . . Ray Hernandez from El Monte . . . Inglewood's Carl Fisher and Gunny Olson . . . Larry Hansford of Lompoc.

THRU THE COIN CHUTE MINNESOTA MUSINGS

As a result of a few nice sunny days a number of operators were seen in town. . . . John Chapple of Duluth, was just shopping around to see what was new in coin operated equipment. . . . Darlow Maxwell and Bruce Windhurst of Huron, came into the Twin Cities, but not together and kept on continually missing each other at the various distributors offices. . . . Andy Oberg of Grand Forks, N. D. brought his wife Ella down, who also operates, to visit her doctor for a regular check-up. Andy said that if the weather is going to get any colder, it looks like he will have to make a trip down to Hot Springs. . . . Seen in town picking up new equipment for their routes were: Frank Kummer of Spring Valley; Dick Grant of Seaton; Ed Kubes of New Prague; Emil Siraiani of Eau Claire, Wis.; Jerry Hardwig, St. Cloud; and John McMahon of Eau Claire, Wis.

Lyle Kesting of Benson, took over the reins of the operation from his father Henry Kesting. He said that Henry is going to head for Florida just as soon as the weather gets colder and also just as soon as he gets his fill of hunting. . . . In and around the distributors and record houses in the Twin Cities the following operators were seen picking up records and supplies for their routes: Chet La Doux of Virginia; Don Haze'wood of Aitken; Frank Phillips of Winona; O. L. Coefield of Annandale; Bill Hunder of Wheaton; and Ray and Don Kohner, the father and son team of Winona; Pete Vanderhyde of Dodge Center; Billy Gummow of Hopkins; Harry Nold of Cambridge; Elgin McDaniel of Wadena; Jim Stansfield of Winona; and Wes Rydell of Mora. . . . We just received word that Ben Weis of the Pine Ridge Service of Bemidji, was in an auto accident last week and suffered a fractured vertebra. We certainly hope for Ben's speedy recovery. . . . For those operators whose trips to the Twin Cities are few and far between there is always a story for their coming into town. For instance, Fred Fixel of Pembina, N. D., who hasn't been into the Twin Cities for nigh onto three years, even though he does considerable business over the phone and by mail, came into town to pick up a new car and drive it all the way back home. . . . From North Dakota also was Bob Aherin, La Moure, who made the quick trip into town and went back with a friend. . . . Jim Stearns was also in for a few short hours as was Ben Kapel of the Novelty Sales Company, Fargo. . . . Of course, Gil Hansen has a story every time he comes in and the reason why he is making the trip now is because his son Earl who has been managing the route is building a house of his own at the time. . . . We can't forget Pete Wornson, Mankato; John Czerniak of Duluth; and Jim Laraby of Granite Falls.

IMPORTANT SPECIAL NOTICE

During 1952 the used machines market will be most important. In fact, it will become absolutely vital in helping this industry to maintain itself, as well as to continue on ahead during the all-out defense, and probable war, period.

If you will buy, sell or exchange equipment, it will most definitely pay you to take immediate advantage of:

**SURE
I'M
HAPPY**

*And all it
Cost was
92¢
A Week*

That 92¢ a week allows me to use a 40 word classified ad in each and every week's issue of *The Cash Box* for a full year of 52 weeks—plus, giving me a full \$15 per year subscription free of charge. What a bargain that is—a total value of \$181.40 for only \$48.

But, that isn't all. The fact is that my first classified ad in *The Cash Box* brought me back more than my entire total investment of \$48 and, I still have 51 ads more to use in the biggest and most outstanding classified advertising department in the entire industry. Remember *The Cash Box* publishes more classified ads each week than all the other magazines publish in a month.

Brother, that's where I want to spend my money—where everyone reads my ads—for whatever they want to buy or want to sell. And, when I can get a bargain of such a history-making nature, I'm going to invest my 48 bucks, which actually amounts to only 92¢ a week, to let the entire industry know that I'm in business.

Take my advice, friend, and start making yourself some real money while getting yourself recognition from everyone in the industry—send your check for \$48 along with your first 40 word classified ad today to: THE CASH BOX, EMPIRE STATE BLDG., NEW YORK 1, N. Y.

THIS WEEK'S USED MACHINE QUOTATIONS

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists", rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added costs of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price.

This Week's Used Market

The market in the used machine field showed tendencies of leveling off after prices had dropped a bit last week. The previous week had climaxed a great buying and selling spree that had developed over the past few months, however this week's bartering has caused prices to reach a more solid foundation. The fluctuations in the price ranges were almost negligible, with nearly all equipment holding fast to quotations that seem to represent a more normal market. The trading continued in the same fashion that had been noticeable the past few weeks, but the volume did not equal the amount established during the height of the big rush created during the past few months.

Music equipment carried the lightest amount of trading, but as usual the popular machines continued to be very active. The most noticeable feature in this division was the fact that nearly all machines remained constant in price with only the popular pieces showing fluctuation—and

this was in general upward. The pin games showed up as it has recently as the most active division of the used equipment field. All the big sellers were bringing the same price they brought last week and again only a few pieces showed up with slight increases or decreases. This week too introduced a few new pieces that were being quoted for the first time in the used machine listings. The dormant equipment that came to life the previous weeks again showed up in the trading.

Shuffles and arcades reacted in the same manner as the other machines. The shuffles again proved to be the big items in this week's buying and selling. The popular and less popular equipment showed action, but in neither case were there any sharp fluctuations up or down. In general the vast majority of pieces held their own, as established by last week's bartering, and only a few items varied in price, and this too was upwards.

The following was the most active equipment in this week's used market:
