Real life experience!! Choose your Ferrari F40 or the Porsche 959. Beat the clock, watchout for traffic-strewn rocks, loose gravel, oil slicks and everyone's favourite The Police.

This is unquestionably the most realistic and visually stunning computer golf game ever made. No other game can match its graphics or its features.

The ultimate fusion of car and driver. Experience the power, the passion, the performance. Race on the legendary Grand Prix courses including Monaco, Germany, Brazil, Japan and Detroit.

Weird things happen. The slime is on the rise, the Titanic has arrived, after 300 years, Vigo the Carpathian won't stay dead. Who you gonna call?

MUSICAL KEYBOARD — SYNTHESIZER

This is not a toy but a professional musical instrument for your Commodore 64

- Simple to use, it simply plugs into your Commodore 64.
- Play up to eight notes at one time, plus rhythms, automatic bass and accompaniment, all with that unmistakable FM sound quality.
- Incredibly Realistic Voices. A large selection of preset sounds, including vibraphone, brass, strings, plus synth sounds and many more. In split keyboard mode, two different sounds can be played at once.
- Sounds can be easily changed at the touch of a button.
- 12 preset rhythms, each with its own different arrangement, available on one finger chords or fingered chords. Thrill to the trill of the life on the march rhythm, or boogie with the bass on the rock rhythm.
- Sound can be output through your TV or monitor, or for best effect through your hi-fi or an amplifier.
- The amazing 'Riff Machine'. A novel feature enabling you to arrange your own pop, rock or swing compositions.

THE LIGHTSCAN 400P

The 4 inch barrier has been broken! The LIGHTSCAN 400P hand scanner is the first to be able to capture a FULL A4 WIDTH IN A SINGLE PASS! No more "cutting and pasting" no more half pictures. Books can be scanned by using the 400P as a hand scanner and loose printed material can be fed through the included 10 page document feeder. The LIGHTSCAN scanner is capable of variable resolution, from 100 D.P.I. to 400 D.P.I. in increments of 10 D.P.I. Images can be scanned using either a black/white setting for line art or any of three user selectable dither patterns for colour to obtain optimum quality. The unit is supplied with LIGHT PAINT, a graphic and scanning windows-based package with sophisticated editing, scaling, cropping and "colourising" commands.

FRAME VIDEO GRABBER WITH BONUS VIDICHROME

VIDI-GRABBER

Using VIDI, a cable and your computer, you can capture video images from ANY source that outputs simple video signals. Camera or video. 16 shades instantly! You don't have to pause your video, you don't even need to have a digital VCR. Multiple frames can be stored into memory.

VIDI-CHROME

Using a series of coloured filters, VIDICHROME takes images, even from a black and white camera, and displays them in dazzling VGA colour! For those of you with a colour camera, you may like to take advantage of the time savings offered by the VIDI RGB SPLITTER, which eliminates the need for colour filters and grabs images in colour in one pass!

VIDI RGB COLOUR SPLITTER

If you have a colour video camera, the VIDI COLOUR SPLITTER is the ideal companion for VIDICHROME. The RGB COLOUR

SPLITTER totally eliminates the colour filters normally required to digitise colour. It does this by taking in a colour signal and then stripping it to three colour bands, Red, Blue and Green. Using this you can grab full colour frames faster than ever thought possible. Take a rock solid image into your camera from video and seconds later, PRESTO!! VGA images better than you'd thought possible.
