Team a pair of pros like Ella Fitzgerald and Louis Armstrong on wax, and any way you care to cut it, it comes up as smash material for the nation's music operators. Both Ella and Satchmo have been riding hot on the boxes, with their recent etching of "Dream A Little Dream Of Me" and "Can Anyone Explain?" nabbing an avalanche of juke box silver. Aside from their recording activities, Ella and Louis have been keeping quite busy with a lengthy string of personal appearances in theaters and night clubs across the land. Other hot sides for Ella are "I've Got The World On A String" and "I'll Never Be Free", while Louis has music faus going for his rendition of "La Vie En Rose". Consistent winners throughout the years, both Ella Fitzgerald and Louis Armstrong are exclusively featured on Decca Records.

Up Play Cost or Change to More Equita Guarantee Basis Before Wages an

IMPORTANT

In a radio speech to the nation on Sunday night, September 24, Charles Sawyer, Secretary of Commerce, declared that controls would continue even after victory is won in Korea and others put into effect, as the home front mobilization must be continued.

He said it would be "extremely naive, even stupid, to assume that, we can forget the whole thing." He admitted that meeting defense requirements would entail civilian sacrifices. He said he had a two-fold objective: "one, to fill the military demand, and the other to see that civilian economy operates at proper speed."

He asserted that he would probably follow up his recent inventory or anti-hoarding order, with other regulations to speed defense output. "There is uo doubt in my mind that it will be necessary to impose other controls," Sawyer said. "We will, perhaps, have so-called limitation orders by which we will forbid the manufacture of certain articles which are consuming materials ueeded in connection with military operation."

With discussions now reaching a more serious stage in Washington regarding the freezing of wages and all service charges, members of this industry haven't too much time to prepare for this eventuality.

Ops who believe that they can change coin chutes on certain equipment should do so immediately. Once controls are in, and the freeze declared, it will be too late for any changes, just as came about during World War II when OPA was established. (ESA now seems to have taken the place of OPA).

At the same time, where ops can't, or don't want to, change to higher play cost coin chutes, they should immediately arrange for a more equipable commission basis, or a better front money service guarantee.

Discussions as to a more equitable commission basis should be started immediately with location owners. Higher overhead expense, tremendously increased costs of parts, supplies, and services, as well as upped labor wages, should be the basis for the fact that operators must arrange for a better and more equitable commission basis, or increased front money guarantees.

There is no longer any doubt that those ops who wish to remain in business, and be able to continue on in business, will have to obtain a more equitable share of the gross receipts from the machines which they are operating at this time.

The recommended percentage commission basis by all leaders in the industry is 75% to the operator (of the gross receipts) and 25% to the location owner.

There can, of course, also be arranged a service guaran-

tee which should be considered "front money" and, after removed from the gross collection, the balance remaining can be divided on the present 50%-50% basis.

The front money service guarantee method, especially for newer equipment, can bring the same results as a 75%-25% commission basis in many cases. For example, if the gross collection is \$40, on the 75%-25% basis the operator gets \$30 and the location \$10. If, in this same \$40 location, the operator arranges for a \$20 front service, money guarantee and splits the balance on a 50%-50% basis, he gets, first, \$20 off the top of the \$40 collection, and then splits the \$20 difference remaining on 50%-50%, or \$10 more to himself, and \$10 to the location. He then receives the very same total of \$30 (as on the 75%-25% basis) and the location owner \$10 from the original \$40 gross intake of the machine.

On the \$20 front money service guarantee basis, the higher the gross collection, the more the location owner receives. For example, on an unusual collection of \$80 gross from the machine, after the operator first removes his \$20, there is then \$60 to be divided on a 50%-50% basis. The location owner gets \$30 and the operator \$30 more. The operator gets a total of \$50 (\$20 front money plus \$30 from the 50% of the remainder). But, on 75%-25% basis, the operator will get, from this unusual \$80 collection \$60, and the location owner \$20. In short, on the 75%-25% commission basis, the location owner gets \$10 less from the \$80 gross collection.

Whatever method the operator cares to adopt, he must arrange this to fit the peculiarities of his own individual locations, and yet continue on a harmonious basis with the location owners. There are, of course, a certain small percentage of any operator's locations where he can continue on a 50%-50% commission basis, because these locations take in enough gross income to make it worthwhile to continue on such a basis. But, the number of such locations in any community, range about 1% to 3% of the total number of locations. Therefore it is important that the operators make new commission arrangements immediately for their "average" locations.

Hesitant operators will find it too late to make any changes once controls set in and a general freeze goes into effect. The time to act is—right now.

Regardless of the fact that there are now over 62 millions of peoples at work, a new high mark, and regardless of the fact that many ops believe that take will go up pro-

portionately, the hard fact remains that unless the operators arrange for a better and higher play cost chute to be installed on much of their equipment, they must, then, arrange for a more equitable percentage of the gross receipts from their equipment to take care of increased overhead expenses and operating costs with which they are faced at this time.

No one knows just when the freeze of wages and services will go into effect. Whether after elections in November, or sometime during the Spring of '51, makes little, if any, difference to the operators today.

Each and every day operators are being advised that prices of essentials are going np. How long can they stand up under this present overhead expense situation, plus the rising general cost to do business, and still only charge 5c for the play on machines and collect on a 50%-50% basis?

If the operator feels that he cannot change the coin chute to 10c, then he certainly must make other arrangements. He can attempt to obtain 75% of the gross receipts from his equipment and give the location owner 25%. He can, also, obtain a front money service gnarantee of \$15, \$20 or more, and split the balance of the gross intake from his equipment on a 60%-40% or, if necessary, on a 50%-50% basis.

He can, at the same time, make many other arrangements, which will bring him a more equitable share of the gross income from his machines, according to what he is faced with in his individual territory where he, and he alone, understands all the problems.

Arcade owners should instantly change chutes on their equipment. Those with good memories will recall that arcade owners were called in by OPA and fined when they changed chutes, after the price ruling went into effect. The time for the arcade men to act is now, while they can make changes.

This is the one and only way in which they can insure their arcades continuing profitably regardless what will arise in the future.

The shuffle and rebound games operators are better off than most. The greater majority of these amusements feature 10c chutes today. The great majority of shuffleboard ops have continued along the 10c line. The pinball games and phonos are faced with a most serious problem.

Without any halt, the modern automatic phonograph, since 1934 has continued to charge only 5c per record played. In fact, musical instruments in existence since even before 1900, have also charged only 5c per play.

But, tremendously increased overhead, greater cost of parts and supplies, hiked wages, higher cost of equipment, have all pushed down any possibility of profit, and with television cutting into the take in many areas, the juke box industry is faced with the problem of either switching over to 10c play, or arranging for a more equitable share of the gross income from the machines.

There is no need to delve too deeply into all the surrounding factors which actually make it necessary for the nation's operators of pinball games and juke boxes, as well as much other equipment, to arrange for a more equitable share of the gross income from their machines.

Any certified public accountant, examining the books of any of these operators, will advise them to change quickly to insure themselves remaining in business, regardless of eventualities which are already predicted, and which are sure to come about after elections are over.

Those same locations that chopped up their juke box and pinball game take, by buying expensive TV sets, and then laughing at the ops when they complained, have now returned to the juke box and the pinball game as the "better source of revenue" to maintain them in business.

This is all fine and dandy for the location owner. His investment in the operator's equipment is—nothing. His cost of servicing and operation (not like what he had to pay every time he had his TV set serviced) is—nothing. His work is maintaining the equipment in his location is—nothing. His expense is absolutely the most minimum of all. It may involve about \$1 per month's worth of electricity.

Therefore, he, the very man who pushed his juke box and pinball aside for TV, is now the man who must allow the operator to continue to bring him income, by letting that operator arrange for a better and more equitable share of the gross proceeds, so that both of these factors, the operator and the retailer, can continue to enjoy business stimulation on the part of the storekeeper plus profit, and at least the cost of his operating expense and a small percentage of profit to cover further servicing and replacement, for the operator.

The operator who hesitates now is lost. He may never again, and no one knows how long this present emergency will continue, have the opportunity with which he is faced at the present time to assure himself continuing in this business regardless of what the future holds in store.

It is useless to attempt to more greatly emphasize the points which have already been presented here than to state that, today, the average operator of the majority of equipment being manufactured in this industry cannot continue profitably in business nnless he makes arrangements with everyone of his locations for a more equitable share of the gross income from all of his machines. SCHAFER Distributing Company, Inc. Little Rock, S. C.

Sept. 20, 1950

Mr. Bill Gersh The Cash Box 32 W. Randolph Street Chicago, Ill.

Dear Mr. Gersh:

Our sincere thanks for your prompt reply to our letter and the information contained therein.

Our company has been a wholesale beer distributor in this territory since repeal, and we believe is the largest in the Carolinas today, probably one of the largest in the southeast. When the writer came out of service in 1946, and purchased full ownership of the company from the heirs of Mr. Schafer, Sr.'s estate (which owned the other 50%), we entered the Phonograph operation business as an adjunct to our beer business.

Naturally, we knew nothing whatsoever about this business, and have used the Cash Box this entire period as our "Bible". Honestly, looking back now over the past four years, I don't see how we could have made the grade had we been unable to obtain the news and information which we received each week via The Cash Box. You know, we're really "out in the country" here, a long ways from the operators and distributors in the metropolitan areas, and were it not for the Cash Box, we'd have to make frequent trips to those places just to find out what was going on in the industry.

Your recommendation (which we have followed for a long time through the Editorials) about the 70-30 percentage, or a substantial "guarantee" has always met with our app oval 100%. Unfortunately, however, we have been faced with a situation here where our competition is composed of such poor businessmen that they make it impossible to stabilize any such deal with the locations. By that, we me in that most of these fellows have been loaded from year to year with machines by the distributors who require no do vn payments, and 36 to 48 months to pay, etc.

The net result is that these operators, under terriffic pressure to put these machines out, regardless, take a good location, make the payments for a month or two, stay in arrears another couple of months, and then, if the distributor can't figure out any way to extend him, then they repossess the machine. In the meantime, however, we have lost a top location, and by the time the location owner is ready to do business again on a basis that would give us a reasonable return, some other "fly-by-night" operator, who thinks he's going to get rich quick, comes along and makes the same sort of deal.

We had hoped that time and attrition would rectify this situation, but we are just now recovering from a siege of "dumping" by the Seeburg distributor on the Model 100. We are now getting back locations with 1015's which have had the 100's in for months, and the awful truth finally dawned on the operator that he was losing money, so he packed the machine up, and shipped it back to the distributor.

Maybe, if we all live long enough, the Phonograph business will settle down to a group of legitimate businessmen, who will operate their routes with the ultimate aim of making a profit. Until it does, there is very little that we can do but operate as efficiently as we possibly can, hold our locations as best we can, and hope that some day we'll see daylight. Incidentally, the past 90 days is the first period since we've been in business that we actually showed a profit on our Modern Music division. However, we now have a great many machines which will be completely written off the books before spring, so we should not have too much trouble staying in the black from here on out.

Thanks again for your prompt attention, and thanks a million for the guidance we've had, and hope to continue having, as long as we stay in business, from "The Cash Box".

Very sincerely yours,

SCHAFER DISTRIBUTING CO., INC. (Signed) ALAN H. SCHAFER

"I BOUGHT MYSELF A BOOK" (2:28)

"THE BEST IDEA YOU HAD" (2:17) UNA MAE CARLISLE (Columbia 38974)

• Pair of so-so novelties in the offing for music ops have Una Mae Carlisle teamed with the Bob Chester ork for music ops to take a peek at. Both ends whirl in slight up tempo patter, with the thrush purring the lyrical expression effectively. Wax might make a decent filler item.

"SOMEBODY STOLE MY GAL" (2:17)

SHARKEY AND HIS KINGS OF DIXIELAND (Capitol 1208)

• Authentic Dixie rhythm headed music ops way, with Sharkey Bonano and ensemble in the drivers seat. Sock patter of the uper lid should sit well with the hep. Dixie mob, while the flip is an oldie that has always scored heavily. The big demand for this brand of music will hold true for this one.

"SING YOU SINNERS" (1:40) "KISS YOU" (2:55) TONY BENNETT (Columbia 38989)

• Big resounding tones of piper Tony Bennett on the melody on the upper lid, should result in some heavy play for music ops. Top deck gets our nod.

"THE TUBBY THE TUBA SONG" (2:57)

"SLEIGH RIDE" (3:03) GEORGE CATES ORCH. (Caral 60302)

• Cute novelty on the upper lid is handled in effective fashion by the George Cates ork. Vocal refrain by The Mellowmen is fair enough, and smooth throughout. "RIGHT ABOUT NOW" (3:17) "THE WAY IT USED TO BE" (3:09) THE INK SPOTS (Decca 27214)

• Vocal harmony by The Ink Spots, with a pair of ballads in the offing for music ops. humming, whistling and singing its "icky sticky goo" phrases in no time at all. It's the type of tune that makes you sing, and is one that lingers long after the first earful. Lyrics are in the merry vein and make for excellent listening pleasure. Flip side is another comer, and weaves about a "Happy Birthday" theme, with a rousing hand clasp and chorus vocal adding luster to the side. This side has tremendous potential too, and rates avid listening attention. The side we're touting though is "Molasses, Molasses"-latch on!

Choral background adds to the brilliance of the sides immensely. Disk is a must in your machine.

"BABY ME" (2:10)

"WHAT WILL BE, WILL BE" (2:40) EILEEN BARTON

(Natianal 9123)

• Chirp Eileen Barton has the spark of another smash hit in this side tagged "Baby Me". Ditty is a rousing piece of music, with Eileen's twinkling pipes curling the lyrics in top fashion. Mellow beat of the tune, coupled with some wonderful lyrics and a fond hand clap and chorus by the band adds to the zest of the tune. Coupling is a novelty with Latin background music. Top deck for the moola.

(Crown 1027)

• Pair of pleasing sides for music ops to listen in to are these set up by The Esquire Trio. Style of the group is faintly reminiscent of the Page Cavanaugh combo, with the vocal and instrumental manner rendered in light, hush-hush tones that satisfy. Top deck is in the polka vein, while the flip is a ballad. It's good wax for listening pleasure.

"POPPA SANTA CLAUS" (3:10) "MELE KILIKIMAKA" (2:49) BING CROSBY—ANDREWS SISTERS (Decca 27228)

• The parade of Xmas material gets off with a bang via this Bing Crosby-Andrews Sisters disking. Upper crust is a cute lilt with a merry theme about it. Flip side is "Merry Christmas" in Hawaiian, with the music rolling along at a sprightly pace. Vocal honors are split by Bing and the gals, with both ends of the wax making for excellent listening pleasuse. Disk rates ops avid attention.

"AIN'T WE GOT FUN" (2:21) "THE SARDINES HAD A WHALE OF A TIME" (2:46) MAC PERRIN

(Signature 15284)

• Revival of the top deck might garner some loose change in tavern locations. Wax is handled in honky-tonk fashion, with vocals by Mac Perrin leading the way. Flip is just what the title indicates, a zany novelty side in much the same vein as the upper lid. Ops who have the room might listen in.

"SWINGING DOOR" (2:56) "CINCINNATI-TI DANCING PIG" (3:02)

THE MELODEONS (MGM 10805)

• Group vocal of the mellow bit on the upper lid should hold its own with music ops. Ditty has a clever set of lyrics tinted with some romance and makes for fair enough listening pleasure. Flip side is a noval rendition of a current pop winner. Wax should make for good filler material.

"LIFE IS SO PECULIAR" (3:17) "YOU RASCAL, YOU" (3:03) LOUIS ARMSTRONG—LOUIS JORDAN (Decca 27212)

• Pair of Louis' teamed on this pair prove only one thing—sensational wax, that's all. Top deck of this one is a rising plug that has Armstrong and Jordan giving their best on a wonderful side. Flip is a well known oldie and once again has the combo delivering a grade A slicing. You've gotta hear the sides in order to appreciate them—don't hesitate at all.

"JOANNE POLKA" (2:35) "LITTLE JUDY" (3:02) TONY PUSKARZ ORCH.. (Coral 60305)

• Music ops in the market for polka material might latch on to this coupling. Top deck is an up tempo instrumental item, with the band displaying their musical wares in good order. Flip is a cute side too, and has a set of lyrics weaving about the title. Music ops take it from here. The Cash Box, Music

"OH BABE!" (2:36)

"DON'T EVER SAY I LOVE YOU" (3:02)

"YOU WON'T FORGET ME" (3:02) ART MORTON

(Capitol 1206)

• Deep vocal refrain of balladeer Art Morton on this pair of romantic tunes should win its share of juke box coin. Both songs make for pleasant listen-ing time with the Les Baxter ork and chorus lending assistance. Wax is the sort that has to be heard—we suggest just that.

"SOMEBODY MENTIONED YOUR NAME" (2:58)

"YOU'RE DIFF'RENT" (2:37)

BUD BREES-LUCILLE LINDEN (Big Nickel 1005)

• Ballad on the top deck of this one is warm enough to nab some juke box coin. Vocal refrain by piper Bud Brees fills the bill throughout. Tune itself is the wax story here. Coupling has Lucille Linden handling another romantic item in poor voice. Top deck is the better of the pair.

"LIFE IS SO PECULIAR" (2:57)

"ONCE IN A LIFETIME" (2:36)

PEGGY LEE

(Capitol 1244)

• Plug ditty on the upper crust is handled in top notch manner by chirp Peggy Lee. Tune is a rapidly rising favorite—this rendition is one of the best around and rates ops avid listen-ing attention. Coupling is a slowly woven romantic item, with Peggy landing the sides a worth touch of lending the sides a warm touch of smoothness hard to match. Take note of the excellent musical backdrop on both sides by maestro Dave Barbour.

"HARBOR LIGHTS" (2:56)

"YOU AND YOUR EYES" (2:37)

TONY PAPA ORCH.

(Tower 1488)

• Effective rendition of the plug oldie on the upper lid is a side that should do more than hold its own. Vocal and ork on the deck are smooth throughout, with the echo blending nicely for dancing as well as listening pleasure. Flip side is a rhythm ballad that has tremendous winning poten-tial. Ops should lend an ear in this direction.

"ONCE IN A LIFETIME" (3:05)

"ALWAYS YOU" (3:07)

JACK FINA ORCH.

(MGM 10801)

• Smooth flowing stuff by the Jack Fina ork should provide many of Jack's fans with relaxing moments of music and listening pleasure. Both sides whirl in slow infectious tempo, with the vocal refrain by Alan Foster ringing true. Flip side is based upon a Tchaikovsky theme and may be familiar to some ops,

"PICCOLINA LINA" (2:41) LOUIS PRIMA ORCH. (Robin Hood 101) best jump tunes we've heard in

LOUIS PRIMA

EEPER OF T

many a moon, and has Louis and the gang at their best. Side rolls in mellow tempo fashion, featuring all the drive and beat you could possibly ask for. It's the kind of tune that makes you keep time with its melody—its infectious as all get out, and makes you wanna dance and sing right along with it. Vocal work by Louis is in fine style too, with its clever lyric sure to be taken up once it makes the rounds taken up once it makes the rounds. Take note of the instrumental flavor on the side too-its excellent stuff for the hep crowd to go wild with. On the other end with "Pic-colina Lina", Louis comes up with a slowly woven novelty item in Italian accent, that should hold its own. The side to ride with is "Oh Babe"—get on the bandwagon -but pronto!

HE

"SILVER BELLS" (2:59)

"THAT CHRISTMAS FEELING" (3:01)

BING CROSBY (Decca 27229)

• More Xmas wax by Der Bingle, with chirp Carol Richards joining for the refrain on the top deck. Music is from the Paramount flicker "The Lemon Drop Kid" and should get quite a sendoff. It's a tender, sentimental ode, one that makes you come back for another earful. Coupling is in the same mood, with Bing taking it solo. Ork backing by John Scott Trotter is top notch throughout.

"DADDY'S LITTLE BOY" (2:37)

"I STILL LOVE YOU" (2:47)

MILLS BROS. (Decca 27236)

• Vocal harmony of the Mills Brothers on this pair is smooth and easy to take throughout. Top deck is a current winner that should get a hypo via this rendition. Flip side is in the romantic mood, and has the group purring the lilt in slow sweet tones that satisfy. The many Mills Brothers fans should go for this pairing. ers fans should go for this pairing.

"COULD BE" (3:10)

"HOME" (3:01) **DICK HAYMES**

(Decca 27217)

• New ballad rapidly making its mark is handled in great style by piper Dick Haymes here. Ditty is an infectious one, and has a pleasing set of lyrics to match Dick's relaxing vocal work. Coupling has Dick on a rising hit oldie that is easy to take. Both sides should grab off some heavy play, with "Could Be" leading.

"DO I WORRY?" (3:18) "YOU'RE NOBODY 'TILL SOME-BODY LOVES YOU" (2:59)

RUSS MORGAN ORCH. (Decca 27160)

Sock rendition of the oldie on the upper lid has tremendous winning potential for music ops. It's a won-derful version of "Do I Worry", with the maestro in the vocal spotlight. Coupling is a slow tempting ballad that bears ops attention. Side features Russ in the vocal slot again, turning in an excellent performance. Top deck gets our nod.

"OH BABE!" (2:36)

"PICCOLINA LINA" (2:41)

LOUIS PRIMA ORCH. (Robin Hood 101)

Sure fire material for the hep crowd is this fresh Louis Prima waxing. Top deck is the side we're raving about, and you will be too. Ditty is a mellow bit of jump music, featuring more drive and beat than we've heard in a long while. Vocal by the maestro and Keely Smith is split, with the and Keely Smith is split, with the band joining in for an echo of the title. It's a cinch to clinch with music fans everywhere. Flip side has Louis on a slowly woven novelty item offered in Italian accent. Top deck shines a mile wide—grab it!

"CARIOCA" (2:36)

"NOLA" (2:37) JOHN MOLINARI (Accordia 1951)

Music ops who have the locations that go for this brand might do well to look into this pair. Accordionist John Molinari displays his talents in good order on this duo, offering two standards that always hold their own. Popularity of the "Nola" side might stir play for this platter. Listen in.

"MABEL IS THE BEST MALE BOAT IN" (2:21)

"FINISH YOUR DRINK AND GO" (2:37)

THE DIXIELAND RAMBLERS (Crystal 287)

• Still more Dixie headed music ops way, with The Dixieland Ramblers way, with The Division Rambiers setting up this pair. Both ends are in the novelty vein, and make for fair enough listening pleasure. Solo fem vocal leads on the top deck, with a gang sing rounding out the flip. Big demand for Divis should hypo the success of this platter. success of this platter.

"UKELELE BOOGIE" (2:12)

"ALOHA" (2:19) UKELELE JO (Jubilee 4008)

• Unique display of some rapid fire ukelele plucking by Ukelele Jo might prove to hold something in store for music ops. Both sides make for pleasant listening, and have Jo in top style throughout. Top deck is just what the title indicates, a mellow boogie item. Flip is the well known standard in the Hawaiian theme. Lend an ear.

Fresh wax by maestro Louis Prima, and the earmarks of a sensational winner are in the offing for music operators with this one. The music operators with this one. The side we're raving about is "Oh Babe", and what a solid number it is too. Ditty is certainly one of the "SOMEWHERE, SOMEHOW, SOMEDAY" (2:54) "I'LL NEVER LOVE YOU" (2:46)

TRUDY RICHARDS (MGM 10804)

• Pair of ballads effectively warbled by thrush Trudy Richards might come in for some juke box silver here. Top deck is a sentimental ode, with the lyrics weaving a pattern about the title. Flip is from the MGM pic "Toast Of New Orleans" and as such, should get a big ride. Wax is there for the asking.

"COME DANCE WITH ME" (2:34)

"NOLA" (2:31)

MAGGIE FISHER'S PIANO PLAYHOUSE (MGM 10802)

• Piano work of Cy Walter and Stan Freeman on this well known pair is smooth enough to warrant music ops attention. Both sides are oldies that have scored before-this rendition should keep their popularity bright. Ops who have the spots that go for this brand of music should lend an ear.

"A MILE DOWN THE HIGHWAY" (2:26)

"HE CAN COME BACK ANYTIME HE WANTS TO" (2:49)

JUNE CHRISTY (Capitol 1207)

Plush pipes of chirp June Christy show to good advantage on this fresh coupling. Both ends of the platter are tinted with a bit of jazz in them, as June purrs some interesting material. Wax lacks commercial appeal, but nevertheless should get a ride from the gal's many fans.

MGM Records Plant Manager Dies

NEW YORK-Arnold L. Pipper, plant manager of M-G-M Records Bloomfield, New Jersey, factory for the last five years, died Monday, September 25th, 7:30 A.M. at New York Memorial Hospital. His age was 56. He resided at 211 Clairmont Terrace, Orange, New Jersey.

After long experience in the field of record production, Mr. Pipper joined MGM Records in September, 1945, shortly after it was founded. He was one of the small staff of experts who did most of the initial planning that preceded introduction of the company's product to the public in 1947. In recent years, the Bloomfield establishment has become under Mr. Pipper's direction a leading experimental center in the development of new techniques relative to record manufacture. He was said to have known all of the hundreds of workers under his supervision by their first names.

Services for Mr. Pipper was held at the Colonial Home in East Orange, New Jersey, on Wednesday, September 27th. His body has been shipped to Detroit, his native city for burial.

Surviving are his widow, Ruth, and a daughter, Joyce.

sible, to meet and reacquaint myself with operators and their associations and discuss our mutual problems." NEW YORK-Columbia Records sounded their opening guns in their drive for increased business activity in the music operator field this past week, with the announcement by Rob-

OPERATOR FIELD

Along with Columbia's exhaustive plans to belster their relations with the nation's music operators, the firm disclosed that they have reverted back to producing solid stock recordings rather than laminated platters. It has been found that laminated records have at times caused increased diffi-culty in the phonos, thereby resulting in service calls for music ops.

In another statement to Columbia's distributors, the firm said, "The music operator is not only a source of exploitation equal in importance to the disk jockey, but the operator buys the records he exploits. It's a mighty healthy chunk of business."

A spot check by The Cash Box with several leading music operators in this city showed general evidence by the music ops that they would welcome Columbia's efforts in their direction with "open arms." Columbia's hypo of their activities with coin machine operators is seen as a major move by the plattery which will eventually place the firm in a prime position in this field. It is well known throughout the industry that the nation's music operators contribute some twenty-five odd percent to the total sales picture in the recording business. In addition to this, the juke box represents a potent source of top promotion and ex-ploitation, and also makes for repeat sales on the dealer and consumer level.

It also has long been known in the trade that personal contact with the nation's music ops has always made for better relations for better relations between record company and operator, and as a matter of course, has increased a firm's sales picture too.

Columbia's activity in their artist and repertoire department is also seen as an important step by the plattery to further the label's drive for more business in the pop picture. The recent additions to the firm's talent roster has certainly placed Columbia in a better position. Example of the strides the firm is making is seen in the current popularity of two new platters by two artists new to the label. Sammy Kaye's "Harbor Lights" and

"STREET WALKIN' DADDY" (2:48) "RIFFIN' WITH GRIFFIN" (2:30)

MARGIE DAY-THE GRIFFIN BROTHERS (Dot 1010)

• A side that's already causing quite a stir in rhythm and blues spots jumps up to nab this featured spot this week. Sure fire stuff for anybody's phono is the ditty on the upper lid, "Street Walkin' Daddy". Wax whirls in slow blues tempo, and has chirp Margie Day wailing a tender low-down melody. It's wax that will surely earn repeat plays on the boxes, and wear white in no time at all. Tempo is slow and mellow, with ork backing fitting the mood and patter of the music like a glove. Ivory tickling in the background, added to a tempting wail of a tenor sax, all go toward making the wax the grade A side it is. Keep your eyes peeling on Margie Day-the lass has what it takes to become a top juke box attraction. Flip side has The Griffin Brothers on top with a mellow instrumental side that should draw some heavy play. Ork tones by the gang make for excellent listening throughout. "Street Walkin' Daddy" for the mola latch on!

"IN THE WILDERNESS" (2:37) "LET ME TELL YOU ABOUT JESUS" (2:38) FAIRFIELD FOUR

(Dot 1011)

• Music ops in the market for some grade A spiritual material would do well to get with this pair by the Fairfield Four. Both ends of the platter make for top notch juke box fare, and should be greeted with excellent reception. Vocal work by the combo is excellent throughout — disk rates a top spot in your machine.

"KEEP YOUR MAN AT HOME" "GONNA MAKE A CHANGE" (2:30) IONA WADE-JAY McSHANN ORCH. (Peocock 1532)

• Fresh wax by Peacock, with Iona Wade teaming up with the Jay Mc-Shann ork to offer music ops a pair of attractive sides. Both ends of the platter make for excellent listening pleasure, with the gal's pipes echoing brilliantly. Top deck is a clever novelty item, while the flip is in the blues vein. Wax should do exceptionally well.

"THE MAN I LOVE" (2:21) "APOLLO THEATRE JUMP" (2:30) EARL BOSTIC ORCH. (Gotham 248)

• Instrumental patter by the widely popular Earl Bostic gang, with the maestro basking in the spotlight on the standard on the upper lid. Sax work on the side by Earl is smooth and easy to take throughout, with the rest of the ork blending in fine fashion too. Flip side is a mellow bit of up tempo jump stuff which the hep crowd should go for. Top deck gets our nod.

"ROLL 'EM BOOGIE" (2:30) "LOUISE" (2:38) FREDDIE MITCHELL ORCH. (Derby 747)

• Wild, mellow music via the Freddie Mitchell ork, with the maestro coming up with a great side in "Roll 'em Boogie". Disk has a wonderful amount of drive in it, and shows the ork to excellent advantage. Flip side shapes up just as well, and should have Mitchell's many fans yelling loud and long. Get with this one.

"JEEP'S BLUES" (2:39) "PAUL'S BOOGIE" (2:46) PAUL WILLIAMS ORCH. (Sovoy 758)

The band that made "The Hucklebuck" the big hit it was, comes up with a pair of potential winners in their latest release here. Both ends of the platter make for excellent listening pleasure, and should do very well on the boxes. Spotlight on the maestro's sax work is bright throug-out. Williams' wide popularity will account for some heavy calls with this one.

"ARE YOU LONESOME TONIGHT" (3:05)

"I SHOULDN'T LOVE YOU" (2:35) BOBBY MARSHALL

(Abbey 3019)

Sentimental vocal refrain by Bobby Marshall on this pair should sit well with music ops and fans alike. Both ends of this platter are in the tender romantic vein, with Bobby's big voice purring the sugar-coated lyrics in smooth style. Ork backing by Eddie Wilcox rounds out the platter effectivelp. Listen in.

"CADILLAC BABY" (2:53) "LONG ABOUT SUNDOWN" (2:48) ROY BROWN

(DeLuxe 3308)

 Currently riding high with a number of winners, Roy Brown sets up a fresh pair for music ops to get with here. Both sides of this platter should grab a featured spot on ops' machines —the wax is top notch juk box ma-terial. Roy's vocal work is as per usual, first rate stuff. Music ops take it from here.

"MILLION DOLLAR SECRET"

(2:48)"I'M GONNA LET HIM RIDE" (2:47)HELEN HUMES

(Modern 779)

There's no stopping this one. Chirp Helen Humes comes up with a sensa-tional side in the upper lid, tagged "Million Dollar Secret". Disk is from a Gene Noman jazz concert and has Helen wailing a sock rhythm and blues side. Lyrics, background music and noise of the crowd, all go toward making this end a must in your ma-chine. Flip side shows just as well, but we give the edge to the top deck.

Universal Recorders Point To Upward Surge In Business

"After a period of utter confusion, there's now a strong steady upturn in the recording business." Source of this statement is Arthur Hogan, Chairman of the Board and Treasurer of Universal Recorders. "The 78-45-33 melee has settled down to a point where there is now more confidence in production and all companies are going ahead with a corresponding healthy upswing."

Universal Recorders has shown a 50% pickup in 10" Vinylite production in the past three months over the first two quarters of this year alone! And the first nine months of 1950 are 25% better overall than the corresponding period last year.

The uptrend in taping and transcribing for radio has also been felt by Universal Recorders. President Will Voeller, guiding production for Universal, has supervised increased production for various branches of the service (at least 200 programs so far this year for the Navy and Marine Corps), government agencies, network organizations and independent producers.

A new network, the Progessive Broadcasting System, has begun cutting audition records at Universal. The roster of disc outfits using the improved and augmented Universal facilities, include Modern, Mercury, Windsor, Crown, Vita and many others.

Originally set up as a recording outfit for the exclusive use of the government to honor government contracts during the war four years ago, Universal has grown to be the second largest recording company on the West Coast and one of the largest in the world.

Bulk of business is now commercial with ad agencies like Young and Rubicam, and Smith and Bull, cutting records there, but its service and government contracts remain considerable. Call from AM users for custom transcriptions has perked lately.

Randy's Records Set Records!!

Randy's Record shop continues to set records—with records.

Young, energetic Randy Wood's growth at his record shop in Gallatin, small town in Middle Tennessee, has been phenomenal.

Wood, former air force officer, veritably began with a radio repair shop and now has become half-owner in a radio station. In between, Randy's Record Shop has hit the jack-pot. The mail-order business has proven a bonanza, shipping discs to all parts of the world. And that ain't all! Randy also operates the "Dot Records, Inc." which have been selling profitably.

Wood's Horatio Alger rise to fame — and a modicum of fortune started shortly after he was mustered out of World War II.

He joined a friend in the operation of a radio repair shop at Gallatin. The shop prospered mildly. So mildly that the partner decided to sell out his share. Wood was the buyer and he immediately leased radio time to peddle his records.

One of Randy's chief hucksters via the airways was (and is) young Gene Nobles, WLAC disc jockey who pulls in more than 3500 letters daily for Wood's shop. Sales improved with each arrival of the postman, until the Randy-Nobles combo had said letterdeliverer knocking thrice, or more. Next step up the ladder to moola was when Wood heard the Tennessee Drifters playing at roadside club, near Nashville's airport. Nashville is folksong capital of world, and therefore lures all sorts of hillbilly outfits.

Wood, then experimenting with wax-works, auditioned the Tennessee Drifters. He plugged their recordings via "Dot" label—they clicked, to tune of more than 15,000 copies.

He later got Cousin Clem and His Country Cousins, John Maddox and Rhymthmasters, The Fairfield Four, Margie Day. Randy is at this time planning several new additions to Dot label in all fields. He numbers 20 distributors on his roster—and estimates average sales at 1,000, not all of which results from plugs via his WLAC-sponsored shows.

Essentially an "alphabet tune", the melody has Ernie telling the wax story in smooth sentimental tones that score. On the other end with "Christmas Island", Ernie comes up with still another potential money-maker in this oldie. Tempo of the song is moderate, and has a vocal trio joining Ernie for the refrain. It's easy, smooth stuff—the sort that relaxes you as you listen. Music ops should latch on to this pair-but pronto!

"SAN ANTONIO ROSE" (2:58) "UP JUMPED THE DEVIL" (2:58) JOHNNY DIESON (4 Star 1496)

 Music ops with a call for square dance music will do well to get with this pair by Johnny Dieson and his gang. Wax is a couple dance without calls — ops who have the locations that go for this brand should get with it.

"DREAM BABY" (2:09) "COLUMBUS, G. A." (2:28) TOMMY SOSEBEE (Coral 64062)

• Great pair of sides in store for music ops are these by Tommy Sosebee. Top deck is an oldie that has scored before — this first rate rendi-tion is a cinch to clinch with music ops and fans alike. Flip side has Tommy picking up the tempo some with an equally excellent side. Platter is a must in your machine—get it!

"LITTLE BIT OLD FASHIONED" (2:30)"PINK CHAMPAGNE" (2:46) MERL LINDSAY

• Vocal flavor by Merl Lindsay and his Oklahoma Night Riders should do fairly well with folk music fans. Top deck is a slowly woven side that shows well enough, with the vocal by Ted Haff coming thru in good order. Flip side has been around some and should be familiar to music ops. Listen in.

Diskers Go Wild With "Molasses" & "Oh Baby"

NEW YORK—Major recording com-panies throughout the nation were breaking speed records this past week, all vieing with each other to get on to a pair of new hot novelties that appear to be sure hit tunes in the immediate future.

Biggest furore with the platteries exists in the rush to climb aboard "Molasses, Molasses", latest Howie Richmond novelty tune to score. At press time, general confusion existed as to which of the majors was first, but aside from the honor of coming out "fustest with the mostest," the ditty was sure to have at least a halfdozen new recordings by Monday (October 2).

The new novelty ditty was first recorded by Lenny Carson & The Whiz Kids on Discovery Records. Platters were around name dee-jays for some time before the reaction to the tune took hold. Discovery in the meantime has literally been swamped with orders for the recording and has added additional pressing facilities throughout the nation to handle the business. Discovery's New York distributor has been reported selling some 5,000 recordings alone in the past three days.

Meanwhile other platteries have rushed their versions of the song on the market. Mercury has etched the ditty with Roberta Quinlan and Jan August and an orchestra and chorus, while London waxed their versions with Teresa Brewer. Mercury employed a speed-up device in its version and is promoting their recording on this basis. The plattery speeded up the taped version while transferring it to the master for a faster high-keyed ef-fect. Plattery's promotion suggests to dj's that they "slow the record down to hear how Roberta Quinlan and the others sound." Disk was cut a week ago, with the firm's pressing plants rushing a reported 50,000 records into the hand of their distributors.

London sales manager and new artist and repertoire chief Joe Delanev rushed Teresa Brewer into a recording session on the tune, and also has records into the hands of their distribs. Delanev, incidentally, plans on recording Miss Brewer on other songs than novelties. She is skedded to cut several ballads in the near future. Delaney will also wax songs that appear to be promising despite other recordings of the same tune. Basic idea is to get out with the tune as fast as possible, with a gimmicked version that might go big.

While Mercury and London rushed their versions into the market, other diskeries were slicing the song too. National records has cut it with the Galli Sisters; MGM with Tommy Tucker; Columbia with Beatrice Kay; Decca with Ella Fitzgerald, and Spike Jones on RCA Victor.

Other hot tunes that had the majors going wild was "Oh Babe" etched by Louis Prima on Robin Hood Records. Ditty has been hailed by several met dj's as the "greatest jump tune since the war." While the majors themselves haven't as yet gotten around to cutting the tune, several indie platteries turned up with records this past week. Derby has issued a rhythm and blues rendition, with reports that Savoy had waxed it also. The Robin Hood disking has been going so well, that the firm has added pressing facilities and are being deluged with orders. As in the "Molasses" case, Robin Hood's New York distrib, Cosnat, has sold some 5,000 odd copies this past week.

Columbia records were reported hopping on the tune, as was Decca and RCA Victor. It was reported that the majors plan on using their top name dance bands on the side.

CAMDEN, N. J.—Results of the coordinated activities of RCA Victor distributors, disk jockeys, music operators and dealers indicated a peak success for the plattery's intensive "Baker's Dozen" and "Big 12" promotions.

The firm has notified their distributors of an intensive advertising and direct mail campaign with the nation's direct mail campaign with the nation's disk jockeys, based upon the tunes se-lected in their "Big 12" campaign. Promotion by RCA Victor will run for six weeks, with the past month of Sep-tember aimed as the hypo period. Salesmen were instructed by their local distributors to promote the plat-tery's "Big 12" to the utmost, utilizing every facet of selling in the program.

Initial reaction of the firm's success of their "Big 12" campaign is shown in the rising popularity of Perry Como's "Patricia" and Don Cornell's "I Need You So." Both recordings are elimbic in popularity with gravity climbing in popularity ratings, with the reaction shown thus far indicat-ing big hits. RCA Victor Seeks Sub For "Call Me Madam" Album

NEW YORK-RCA Victor Records were seen to be lining up a substitute for their "Call Me Madam" show album this past week, as negotiations with Decca Records which would allow Ethel Merman to record for RCA fell thru.

Decca and RCA Victor have been negotiating for some time now and have not been able to come to an agreement suited to both firms. Because of the stymie in securing Miss Merman's services for the album, RCA Victor is going ahead to find another songstress for the show album version which will feature the rest of the original cast.

RCA was anxious to secure Miss Merman for the album, especially so since they are a major "angel" in show blick is a solution of the sol the fact that they feel her waxing under another banner would injure the value of the star with Decca.

OPS REPORT MORE DIRECT SALES

Claim Mfrs as well as Distribs are Selling Direct to Get Bigger Price. Some Ops Very Bitter Over Loss of Good Locations. Urge Method be Found to Eliminate Such Sales.

CHICAGO—Reports being received from vending machine operators state that there are more direct sales being made to locations these past weeks than in many past months.

Reports claim that many manufacturers, as well as distributors, are selling direct, in an effort to obtain highest possible prices for the machines they have.

Some operators, who have lost very good locations to such sales, are very bitter about this type of direct to location selling. They strongly urge that the industry get together in an effort to halt such sales in the future.

One operator claims, "Spent months developing a factory location into one of my best spots when, just last week, was told to get my equipment out of the place and learned, immediately afterwards, that the location had been sold the very same machines, plus a few more, and had decided to appoint one of their employees to keep watch over the equipment. The same man, in fact, who I taught to help me with my machines."

In addition, this op stated that the location had to pay a "very heavy price" for the machines.

In short, as materials grow extremely scarce and fewer machines are produced, it is now the belief of many vending machine operators that they will, once again, be faced with direct sales.

In past weeks, reports have been current thruout the trade that there was much direct selling going on by salesmen and distributors, who were attempting to get highest possible prices for whatever equipment they had for sale at this time.

Most of these reports were overlooked for most believed the direct sales being referred to were being made to army and navy installations.

But, since then, reports of direct sales to other than military locations have increased.

Personnel and plant managers know the value of vendors of all kinds and, many times in the past, having shared in the profits along with the employees' benefit funds. These men, it is claimed were instantly on the lookout for machines as this new crisis arrived.

Most operators have also held back from too much buying because of the continued increase in prices of new machines.

This upset some of the manufacturers and distributors. As is well known the price increases cannot be laid at the doorstep of the vendor manufacturer. Tremendous increases in prices of

raw materials and labor have forced prices upward and are pushing them still higher.

Manufacturers have invested many thousands of dollars in an effort to get whatever materials and components they possibly could so as to continue production. At the same time they have been forced to pay higher wages to hold on to their help.

All this created a problem. Operators, in some cases, felt that manufacturers were jumping prices because of the war crisis. Manufacturers, in turn, pointed out that they were forced to go up in price to obtain materials and hold on to labor.

A slow down in business resulted for some weeks, but, salesmen and distribs continued right on ahead and, where they couldn't sell to operators, sold to others.

There are many new operations going up at this time. But this was, more or less, expected.

Yet, few ops believed that direct sales would be made, until they found this to be the case in their own territories. The loss of some fine locations be-

row among those ops who were so hurt. These men demand that something be done to halt this sort of thing now, and in the future.

Industry Ready For Controls

CHICAGO-A cross section survey of the nation by this publication has brought forth the fact that the operators, and the industry generally, are ready for any controls which may be forthcoming. The majority of the ops did state

The majority of the ops did state that, should the controls, which are expected to come into being in a few months, be extremely stringent, they would be seriously affected.

But, the average operator claims, if the controls are of such a nature where business can continue, they feel that they will be able to keep going.

Most of those answering the survey stated that they have been receiving all the parts, supplies and machines they needed. Few have anything for sale. The

majority are seeking to buy machines, both new and used.

It is interesting to note that there are fewer legislative and license troubles thruout the nation than there have been in some years.

Ops also reported that they believed the industry should combine its strength in every possible fashion to help weather whatever controls or restrictions may be placed into effect.

The average operator will carry on, according to this survey, regardless of whatever will come along except, of course, such controls where he can no longer conduct his business profitably.

Plans Announced For NAMA Show

CHICAGO—Members of the 1950 convention committee of the National Automatic Merchandising Association have completed plans for the association's annual all-vending show, scheduled for the Palmer House, Chicago, November 12, 13, 14 and 15.

Ernest H. Fox, president of the Austin Packing Company, Baltimore, and Chairman of the 1950 convention committee, reports that "Vending is facing a crisis. It is becoming increasingly difficult for an operator to make a reasonable profit due to the increasing costs of production and distribution of vendable merchandise. We at NAMA want to help the operator prepare for the future. We are planning our convention with these things in mind."

The 15th annual meeting of NAMA will open on Sunday morning, which will consist of the yearly report on the association's activities to the membership, a talk by a nationally-known speaker, and the report of the nominating committee on the election of members to the board of directors. Programs are also mapped out for Monday and Tuesday evenings. Details of the complete program will be announced in the near future.

Distributors From Every Part Of Country Jam Chicago Factories

CHICAGO — The meeting over, NCMDA (National Coin Machine Dis-tributors Assn.) members taxied until the distributors reached up and loutors Assn. members taxled about town to take advantage of the hospitality offered them by the various factories.

Almost every exec of every factory in town couldn't be reached by phone this past week for hours at a stretch. Distribs continued to call around and take over the offices, showrooms, and lounge facilities of the leading manufacturers.

The manufacturers, themselves, were more than happy to welcome these leading distributors and ac-corded them hospitable greetings. Everyone had a good time, with both luncheons and dinners being ar-

intil the distributors packed up and left for their respective homes. Remarkable is the fact that all re-ported optimistically regarding forth-

coming fall business. Everyone believed that 1950 would

go down in coin machine history as one of the greatest of all time.

It is believed that this meeting will have a great reaction from all in the industry, thruout the entire nation, as those attending will return home and spread the news of new equipment being readied and impress a great spirit of optimism on all their customers.

NEW YORK-Joe Hirsch, well known thruout the entire industry, was appointed as business manager of the Associated Amusement Machine Operators of New York (local games association), it was announced by Louis Rosenberg, president and Theodore Blatt, attorney.

Hirsch, who is working in conjunction with Rosenberg and Blatt, is busily engaged in contacting those games operators who haven't as yet joined the organization. "There are better than 70% of the operators who are now members, and I won't be satis-fied until it reaches 95%," stated Hirsch.

The association will run a big dinner at the Latin Quarters on Sunday night, December 10. Hirsch heads the committee assigned to prepare a souvenir journal.

ERIE, PA.-The old "No Minors Allowed" sign should go up on more equipment, and more ops should pay closer attention to this fact, is the

This is one product which has been on locations for many months, undergoing every type of rigorous test known to the industry, to decide every iota of mechanical perfection and money-making power.

There is no doubt, from advance reports that, "The gun is one of the best that has ever yet been introduced to the industry."

In fact, at the Illinois Wholesale Liquor Dealers Convention, just a few weeks ago, at the Sherman Hotel, a display of only five of these remarkable guns chalked up over 13,000 plays. And this was from an extremely limited atendance at this convention.

"In short," as Frank Mencuri, sales manager of Exhibit Supply Company stated, "it proved that the people who attended this convention were so thrilled with the 'Dale Six Shooter' that they came back again, and again, and again, to try their skill at this great gun."

This is one gun that brings back the "Old West" in all its glory. Here the player has the opportunity of shooting bandits right off their horses. And, as a matter of fact, that is exactly what he does.

These "bandits" are holding up a "stage coach," in true western fashion. The "hero" is the player himself. He stands up there and shoots away at the moving and animated targets, trying to shoot down those bandits, as they hold up this important payroll coach.

Every hit counts. Every hit means a bandit biting the dust. The bandits fall right off their horses. What's more, the shooting goes right on ahead, with the speediest, most thrilling, and most tense action, ever yet incorporated into any moving target gun that was ever placed on the market.

To thrill the coin machine operator is the outstanding feature of ticket vending.

The shooting over, the machine delivers a ticket as actual proof of the players skill. Operators have complete control over the ticket mechanism.

"But," as Frank Mencuri reports, "Exhibit wasn't going to be at all completely sure of the gun until they had placed it on location after location."

In fact, the "Dale Six Shooter" was placed on so many locations that word spread like wildfire.

Operators came calling demanding guns as fast as they could get them. And, what's more, in the biggest quantity guns have ever yet been ordered.

The gun is mechanically perfect, according to the engineers of the firm, who have watched it on every location. It features the most thrilling action that has ever yet been incorporated into any coin machine, according to execs of the firm.

"As far as operators are concerned, it is the fastest and finest moneymaker they have ever yet purchased. The only trouble," according to Frank Mencuri, "is that even tho we just announced the gun, after so many extensive and rigorous tests, we are so jammed with orders we don't know where to turn first.

"We urge the operators to get their orders in quick. That's the only way we shall be able to handle production. The orders will be filled in rotation as received thru our distributing organization."

GEORGE JENKINS

CHICAGO-George Jenkins, vice-president and sales director of Bally Manufacturing Company, this city, announced this past week that the Bally plant is back in full production on "Shuffle Champ," rebound-type

shuffle-bowling game. "Popular demand," Jenkins ex-plained, "compelled us to set up the Shuffle-Champ' assembly lines again. The game has been such a consistently strong money-maker that operators in all sections of the country are seeking to replace other bowling games with this popular high-speed profit-pro-ducer. The fast rebound action, superspeedy totalizer and the fact that the game scores by official bowling rules are factors in the popularity of the

game. "With demand still continuing strong for 'Turf King.' we do not know how long we can divert production facilities to 'Shuffle-Champ,' so we urge operators to get their orders in promptly to their Bally distribu-tors."

Celebrate Return Of Bally "Shuffle-Champ"

Page 30

CHICAGO — Among the happy people in this city are Ben Coven, Harold Saul, Carl Christiansen and Mac Brier of Coven Distributing Company, who were among the first to urge the Bally factory to bring back the "Bally Shuffle-Champ". Carl Christiansen reports, "Wherever I traveled thruout our entire territory, operator after operator kept asking me to get him 'Bally Shuffle-Champ'.

"I just got to the point that, in every report to the office, I suggested that Bally be contacted and told that our ops wanted the 'Bally Shuffle-Champ' back on the market."

The same, according to reports Ben Coven received, came from Mac Brier and Harold Saul. Their territory is even closer to Chicago and the boys had their hands full trying to answer ops as to "why can't we get the 'Bally Shuffle-Champs' now?"

In the meantime, of course, the Bally factory had also been getting the same request from other distributors, jobbers and operators everywhere in the country.

Coven remarked, "With the result", he stated, "that Bally decided, after a deluge of mail, phone calls and telegrams, to get back into production of the 'Bally Shuffle-Champ' because of this tremendous, popular demand."

Coven remarked, "We're ready to deliver to the operators who will get in touch with us as soon as possible. We'll try to arrange deliveries on a fair rotation method."

Demand For New Juke Boxes Exceeds All Former Records. Late Model Used Equipment At Premium. Forsee Biz Surpassing 600,000 Locations If **Present Sales Continue**

CHICAGO-Reports from leading juke box distribs are to the effect that the phonograph sales boom is growing greater each day.

Many of these men, who have had ears of experience in the juke box field, believe that present demand ex-ceeds anything they have ever yet experienced. The present three leading manufac-

turers of phonos, Wurlitzer, AMI and Seeburg, are reported to be working at top speed, in an attempt to fill orders.

Evans Constellation phonos are reported to be moving at top factory production speed. The new Rock-Ola, coming on the

market soon, has also gathered a great deal of interest from many distribs who have been calling the factory here for further delivery details.

Late used model phonos are at a premium, according to distribs.

It is almost impossible to obtain any quantity of the later used models at this time and, whatever they do obtain, they claim, "go out as fast as they

come in.

In addition, of course, prices of the later model used machines are going up and, it is believed, will continue to go up. Older models, it is stated, will also become more important as time goes on.

These will be used for parts, they inform.

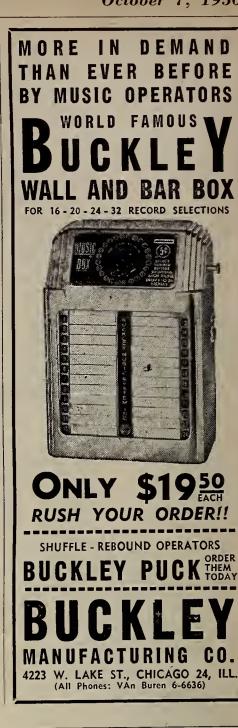

Many of the ops won't release them at low prices. Ops feel they are valuable for the parts which they can get from them.

All are of the belief that should sales continue the way they are now going that within some months from now the industry will easily be able to claim that there are 600,000 locations featuring automatic music in all categories.

There is also reported to be an increase in double and single channel wired music where telephone lines have been obtainable.

In the main, tho, these idstribs re-port, the big return is to the juke box. The new units are enjoying the great-est sales "in all history," they say.

PREMIUMS BOOM SHUFFLE BIZ

CHICAGO-Shuffle and rebound game operators are turning more and more to heavier and wider use of premiums of every kind and make, it is reported.

Premiums are boosting play of shuffles and rebounds on locations everywhere.

At the same time, they are bringing about bigger and better profits for the operators, as well as for the location owner. This latter fact, as all coinmen know, is extremely important.

The methods being used by the games' ops is keeping premium awards within bounds. Players who are able to attain a certain high score are given a ticket, and a duplicate. The player holds onto the duplicate

and drops one part of the ticket into a box in the location. There is a weekly drawing for the prize. Rolls of these tickets are extremely reasonable.

This gives every player the opportunity to obtain the premium as long as he can reach, or surpass, a certain high score which is set for the location by both the operator and the location owner.

Of course, players who attain the score more than once, are given more tickets and, therefore, have a better chance to obtain the premium, for they have more duplicates of their tickets in the closed box when the drawing time rolls arounds.

Knapp Returns From Road

CHICAGO—Billy Knapp, Allied Coin Machine Company, this city, just returned from a buying trip thru sev-eral states, and reports that business in those areas has been remarkably good, with great expectations for increases during the next months. Vic Weiss, Billy's partner, took care

of the office during this period.

Charlie Kanter's Father Dies

CINCINNATI, O.-Charles Kanter, president of the Automatic Phonograph Owners Association, flew to Miami, Fla., to attend the funeral of his father, who passed away on September 27.

Kanter's father was 78 years old, and had been ill for the past six months.

At the same time the "sale" of the premium to the location owner actually can be considered as "front money" by the operator.

October 7, 1950

The price of the premium, usually a bit less than the retail tag attached, is removed "off the top" from the regular week's collection.

The difference is, as per usual, di-vided between the storekeeper and the location owner.

The premiums offered range all the way from electric clocks to pots, pans, lamps, toasters, dishes, dolls, etc.

Everyone is happy over the use of the premiums. They boost the play to the point where, aside from "top money" the operator is getting, he also enjoys better profits enjoys better profits.

The same is true of the location owner. The increase in collection brought about by the premium has made the location owner a better friend of the operator. He, too, is enjoying better profits from the machine.

There is no doubt that premium play is gradually sweeping the nation. Operators in widely scattered cities advise coinmen that they are finding the use of premiums the best stimu-lant, as well as the finest profit booster, on their shuffle and rebound games.

Pieri Asks Ops To Anticipate **Requirements And Order Ahead**

Keeney Factory Put On Full Time Night Shift

CHICAGO-Charles Pieri, general sales manager of J. H. Keeney & Company, Inc., this city, reported this past week that he is asking operators to "anticipate requirements," so that the firm can get them the equipment they order, "about as close to the time that they want it."

Pieri also reported that the firm has added a full time night shift and is working as fast as it possibly can to get shipments of their Keeney "League Bowler" to meet the orders they already have on hand.

Pieri'said, "Tho we are somewhat behind in filling the orders we now have for our 'League Bowler,' we are working as fast as we can, and have also added a full time night shift to our proceent former to get these man

have also added a full time night shift to our present force, to get these ma-chines out to the trade and fill the orders that we already have on hand. "There is no doubt," Pieri contin-ued, "that 'League Bowler' has proven itself, wherever it has been placed, as the most sensational bowling alley game of all time. "The fact that four players can

"The fact that four players can play the game at one and the same time has brought in more coin for operators than any other game in the history of shuffle or rebound bowling.

"This is the type of game the opera-tors needed to take care of all requests for one, two, three or four players and, there is now no longer any doubt, it is the top machine on the market. "The operators agree that this is

the machine with all the features they have ever asked for from any type of game in this classification.

"We certainly are pleased the way the nation's coin machine men have accepted our 'Keeney League Bowler,' but, more than anything else, we are pleased to hear the marvelous earning reports from every territory in the country and, what's more, we assure operators we shall try our very best to get them deliveries just as fast as we can if they will anticipate their requirements."

Coven Again Sets New Wurlitzer Sales Mark

CHICAGO — "The amazing '1250' becomes more and more amazing each week," according to Ben Coven of Coven Distributing Company, this city.

"It seems," Ben says, "that there's no way to halt those last minute orders. We are now at the point where we are asking the music operators in our territory to place their orders with us as far in advance as they possibly can so that they'll be assured of delivery dates."

The firm has been working at top speed to fill orders their salesmen have been taking thruout Northern Illinois and Northwest Indiana as well as in Berrien County, Mich.

Harold Saul of the firm put it this way, "We don't know how this thing gets going, but, it's just like a small stone that starts an avalanche.

"Someone," he continued, "starts the 'Wurlitzer 1250' on some location in one area and the next thing we know we're simply deluged with demand for more of these 1250's from that territory."

The firm has been advising music operators that it is trying its best to keep "stock on hand" of as many of the "Wurlitzer 1250" phonos as it possibly can obtain from the factory.

"As the operators realize," Ben Coven stated, "this isn't the easiest job in the world. We are in constant touch with the Wurlitzer factory. We are trying our best to keep ahead of all orders by arranging for shipments of machines weeks ahead of time.

"We don't know," Ben said, "whether we'll be able to keep this up very much longer. But, we will try our best to satisfy the growing demand, which has again set a new sales mark for our firm, if the operators will get their orders to us as far in advance as they possibly can."

CHICAGO CHATTE

This past week will probably be remembered as "distributors' week". With the annual meeting of NCMDA at the Bismarck Hotel, distribs were here, there and everywhere. . . . Dave Gottlieb, along with brothers Nate and Sol, and Dave's son, Alvin, as well as leading engineers of the firm, gave a mighty grand dinner for distribs at Fritzel's restaurant Sunday evening before the meet opened. . . . Sam Stern and his men at Williams held "open house" for the distribs and there was much jubilation at this very handsome factory. . . . Quite a party Monday evening at the Sherman Hotel with Bally's boys entertaining a great many of the distribs. . . . Billy DeSelm, Ray Riehl, Herb Oettinger, and the many other grand people over at United, entertained the distribs with a luncheon on Tuesday. . . . Same NCMDA officers were re-elected, just as was predicted in this column this past week. A few new directors were placed on the board. . . . Lou Wolcher of San Francisco didn't show up, but was re-elected president anyway. Lou in an accident and now in S. F.'s Mt. Sinai Hospital with a broken ankle.

Among the distribs seen around the factories were: J. D. Lazar, Pittsburgh; Irv Blumenfeld, Baltimore; Dave Bond, Boston; Irv Morris, Newark, N. J.; Joe Mangone, Miami; Al Bergman, Buffalo; Dave Lowy, New York; Woolf Solomon, Columbus; Leo Weinberger and his son, Morty, from Louisville; Hymie Zorinsky, Omaha; Hy Greenstein, Minneapolis. . . . Also seen around: Bill Marmer, Cincinnati; Joe Ash and Al Rodstein, Philly; Dave Simon, Tony Koeppel, Charley Kagle, A. Nelson, and many, many more. . . . According to some of the sales managers who howled along with the visiting firemen, "We'll never get our own work finished if this keeps up much longer". . . By Wednesday morning most of them were pretty well bushed-and seeking some relief by trying to get down to their desks a few minutes late. . . . Ray Moloney proved himself, as per usual, one terrific host, from all reports.

Seeburg distribs meet this week, according to reports, to decide on 45 RPM disks. The 45 RPM phonos have been growing more important. Much news expected after Seeburg meeting here. . . Jack Nelson, Bally sales manager, back from an extended trip thruout the far west. Jack reports biz great. Also states that some of the new showrooms he saw were tremendously outstanding. Jack bumped into John Haddock and Ed Ratajack of AMI out in California. Paul and Lucille Laymon were all excited over the new Wurlitzer 1250 phonos. Wolf Roberts in Denver and Bill Erskine of the R. F. Jones' Denver offices entertained. Chick and Al Roberts and Maurice Pollard in San Francisco, along with all the guys in that very big and outstanding Jones' office, were happy to say "hello" to Jack. In short, Jack reports, everywhere he went he enjoyed the grand and outstanding hospitality which coinmen render so graciously and so well.

Next meet of NCMDA will be in Miami in January, 1951. This assn. will now hold 4 meets per year. Two in Chicago and two in other cities, according to S. I. (Si) Nieman, official director of the org. . . . 'Way out west at Exhibit Supply Co. don't be surprised if you bump into Frank Mencuri, Ford Sebastian and Joe Batten wearing wooly chaps and ten gallon sombreros and all yelling "Shoot them bandits 'fore they get to that stagecoach". Yep, it's the "Dale Six Shooter" that's got 'em all goin' western far west on Lake Street. . . . Dick Hood of H. C. Evans will soon have a surprise for the trade, 100,000 square foot surprise. . . Charley Pieri over at J. H. Keeney & Co., Inc., is one of the busiest of the sales execs in town. Charley's trying to satisfy 'em all and entertain the gang that called around at the plant this past week, all at one and the same time. Brother, that's tough work, believe you me. . . . Lou Poasberg of New Orleans writes up to suggest ops write in and give their "hints" on how to save time and monev operating.

Not many know it, but. Tom Sherfick conducts a million dollar juke box biz in a town of less than 1100 population. . . . Al S. Cohen of Newark, N. J., in town and rlacing a whopper of an order with Red Zogg for refrigerated sandwich vendors. In fact, Al informs that verv first order he took was for over 50 of these machines, "With cash on the line".... Red Zogg has built and rebuilt many a machine in his time. Red comes up with a new one called, "Aladdin Special". "All you do". says Red, "is put in a silver dollar. Wish where you want to be and", he claims, "if you don't get your wish you'll get 50c back." . . . Have you tried one of those cigarettes Tom Callaghan is smoking these days? . . . Ben Coven was at his wit's end this past week. Terrific orders for "Turf King", Wurlitzer 1250 and "Bally Shuffle Champ" just zoomed right into his place, according to Ben. Had his hands full trying to get as many machines to the trade as he possible could. . . . It's a lot later than you think. . . . Art Weinand and Al Stern out to the Chi ops shindig at Bunker Hill Country Club to meet with all the music ops and Art advising that they had one hot time trying to answer ouestions all about the new Rock-Ola "Rocket '50' " phono. And Al reported mighty pleased at the tremendous interest in the new Rock-Ola phono.

Col. L. Lewis of Merit Industries reports that one of the outstanding innovations of his distrib firm will be a 24-hour service deal for Chicago ops, "Which", the Colonel says, "is right out of this world". . . . Busy little bees, Harold Saul, Mac Brier and Carl Christiansen, all in the Coven offices at one time. . . . Joe Schulman "returned home", as he termed it, coming back to Coven mechanical dept. . . Bumped smack into Joe and Kate Simon and their dotter, Janis, along with Woolf and Ruth Solomon, being hosted by Billy and Lucy DeSelm at the Chez. . . . Al Bergman and Bill O'Donnell also strolled into the Chez. Al wanted to say, "Hello", to his pal, Frankie Laine. Frankie is wowing 'em at this famed nite spot. . . . No one working at O. D. Jennings plant while firm gets all set again. . . Monte West and Len Micon announced that World Wide's credit plan is now in effect for ops in Illinois, Iowa, Wisconsin and Michigan, according to info received here. Vic Weiss and Billy Knapp of Allied are arranging one of the most outstanding premium depts, in town. Both boys like this dept. of the firm with Vic making it his "special baby", according to reports.

EASTERN FLASHES

Dave Lowy, Dave Lowy & Company and Dave Simon in Chicago attending the meet of the National Coin Machine Distributors Association (NCMDA). While in the windy city, Lowy took the opportunity of visiting the Keeney factory, for which he distribs locally, and Simon out to see the bunch at the United plant. . . . Harry Rosen and Meyer Parkoff leave at the end of the week to attend the Seeburg distributors meeting at the factory in Chicago. . . Phil Mason, Irvington, N. J., and Hirsh de LaViez of Washington, D. C., combine forces and buy out Ira Byram's Silent Sales Company operation in Washington, D. C. Firm created to be known as Hirsh-Mason Corporation. Silent Sales retains its Maryland operation. Hirsh and his missus came to the big city for a three-day holiday after deal was consummated and did a bit of show-seeing and relaxing. Hirsh's son, who's been hospitalized for the past months, making progress.

The Louis-Charles fight was attended by a number of coinmen. Seems that Barney (Shugy) Sugerman of Runyon Sales Company, had the right nunch, which added a few cabbages to his bankroll. . . Al Simon, Albert Simon, Inc., another of the bunch who backed his opinion that Charles was the better man. Between answering phones for ChiCoin's games, and doping the fight, Al was a mighty busy man. . . . Teddy Seidel, ex-pro battler, also predicted the winner. . . Next sporting event that will excite the "row" will be the World Series. Last year, the boys did mighty well backing the Yankees against the Dodgers. Guess they'll all stay with them once again. . . . "Senator" Al Bodkin, dressed in the height of fashion, buys coffee all around, and still pretty excited over his luck in winning the Seeburg 100 phono at last week's UJA raffle. . . Al Denver, president of Automatic Music Operators Association, busy putting the finishing touches on arrangements for the forthcoming annual banquet set for October 28 (Saturday night) at the Starlight Roof of the Waldorf. Assisting are Nash Gordon and Dorothy Volke of the association office.

Mike Munves entertained Frank Mencuri of Exhibit Supply Company the week prior, and now displays the manufacturer's latest gun "Dale Six Shooter", which he claims should outsell the great "Dale" gun. Mike already has requests from coinmen thruout his territory of New York State. We tried out our shooting skill, and surprisingly "killed off" a large number of "bad men". . . Joe Munves returned this week from a trip thru the South, where he saw distributors and arcade men on the firm's new two-player competitive "Air Hockey". . . Marcus Klein returned this week after a three month vacation trip thru Europe and Israel. . . Moe Bittner getting so fat, he'll soon be as wide as he's tall. . . . Harry and Hymie Koeppel, Koeppel Distributing Company, awaiting arrival of a large number of used phonos.

DALLAS DOINGS

We know a fish story that isn't a tall tale. Joe Metassa actually caught 68 black bass at Lake Texhoma. The smallest catch weighed in at 2½ pounds. We'll never hear the last of this fishing trip. . . Dropped in at American Distributing Co. Tuesday morning and the gloomy atmosphere almost got me. The news was most discouraging to the Dallas ops, but the general opinion was that it could and can be worse. . . Henry Manning and Harry Hoosier took to the Western Plains on a good will tour. . . We hear that Carl Weathers refuses to put "Korea, Korea, Korea" on his jukes. Could it be that Carl is in the Reserves? . . . E. R. Wurgler, of Rudolph Wurlitzer, visiting the Williams & Commercial Music Co. . . The surprise of the month came with the announcement Walbox Sales being appointed exclusive distributors in this territory of Rock-Ola Phonographs. CALIFORNIA CLIPPINGS

Dannie Jackson of Automatic Games hopped up to Las Vegas for huddle with Sammie Donin regarding future of their distribution depot and arcade up there ... Understand on the arcade that the boys may be taking our suggestion of putting in some 5-balls, bowling games and other amusement devices for the benefit of folks with tired arms and tireder pocketbooks. As to their distribution setup, the lads are either crazy or crazy-smart, but it seems they're out to buy up all the good used bells they can get their hands on, despite or because of presently pending legislation affecting interstate commerce in equipment of that nature . . . Georgie Warner of the same firm up to Murrietta Hot Springs for a few days. Strictly for his health, says the Warner man, and not on busi-ness or the monkey variety of same. . . It was a busy week at **Paul Laymon**'s with music ops from far and near coming in after Wurlitzers. The music service dept. will be fully moved in this week, with the latest repair and testing equipment in the hands of two factory-trained mechanics, **Stan Turner** tells us. **Ed Wilkes** and the gang are waiting on some more Bally "Shuffle Champs" once again and Bally's "Turf King" is still galloping right along. Joe Engel, of Pine City, in Minneapolis for the day looking for new equipment . . . Bob Lammers, of St. Cloud, ace mechanic for H. H. Krueger, of Fairfax, had a little accident last week, as he burnt his whole right arm while at one of his locations.
