HOW TO GET ALL THE BLUE ORBS

Secret Mission 1: Critical Hit

After defeating Phantom in Mission 3, return to the broken bridge and jump down. Shoot the Sin in the face with the shotgun to make her drop the scissors. Get as close as possible and shoot her in the face again. It must be a critical hit to complete the mission.

Secret Mission 2: Phantom Baby

At the beginning of Mission 4, go through the Cathedral doors. Use Holy Water to kill the 100 babies within the 30-second time limit.

Secret Mission 3: Phantom Baby 2

After completing Secret Mission 2, go to the Time Statue room (the starting point of Mission 4). Use your feet to stomp 100 babies within the 30-second time limit.

Secret Mission 4: Three Beasts

After defeating Shadow in Mission 4, go to the arena beneath the room containing the aeroplane. Defeat the Shadows by being quick on your feet and attacking whenever you can. The fact that the auto-aim often focuses on the wrong targets doesn't make this tough mission any easier.

Secret Mission 5: One-Eyed Demon

During Mission 7, go to the Pipe Room (where you found the Old Key during Mission 6). Jump on the pipes and keep jumping so the two Cyclops can't hit you, but instead hit each other. Continue to do this until one Cyclops has killed the other.

Secret Mission 6: A Bunch Of Ghosts

During Mission 11, go to the Garden Courtyard (near where Mission 10 ended). Jump, wall jump and jump on the heads of the Sin Scissors until you reach the piece of Blue Orb.

Secret Mission 7: Water Prison

After Mission 13, go to the Captain's Room on the Ghost Ship and check his skeleton. Use the Needle Gun to defeat the eight Blades.

Secret Mission 8: Treasure Guarded By The Death God

During Mission 15, go to the Spike Room (the starting point of Mission 14) and check the picture on the wall. If you've got it, use Nightmare Beta to defeat the three Shadows. Otherwise, use any means necessary.

Secret Mission 9: Shadows In The Dark

After defeating Nightmare in Mission 16, go to the room containing the aeroplane. Find and kill four Shadows. Two of them are in the room containing the aeroplane, one is in the Hall and the fourth is in the Bridge Room.

Secret Mission 10: A Lonely Staircase

After defeating Nightmare in Mission 16, go to the Coliseum. Jump up the stairs to reach the piece of Blue Orb.

Secret Mission 11: Blue Stone In The Sky

It's a good idea to save before attempting this difficult Secret Mission. During Mission 17, go to the broken bridge. To activate the Secret

Mission Jump from the end of the bridge, back to the door end without falling in the water. To do this, jump on the first platform, Air Raid to the last platform and jump to safety. Avoid the Death Scythes' attacks and use the jump-pools to reach the piece of Blue Orb.

Secret Mission 12: Hidden Bracelet

During Mission 21, check the wall opposite the Time Stave and enter the hidden room. Cross the long stretch of road and pick up the piece of Blue Orb. Follow the path to a large room containing a fireless dragon. Defeat the dragon by hitting it on the head with one of your swords. Once defeated, take care of the Frosts before jumping to the Time Bracelet.

Get More Orbs

To get more Orbs, kill all the monsters in a mission, save the game and then reset by pressing **□**. Now go back, start the mission again and re-kill all the monsters. Keep doing this until you've got loads of Orbs. It does take a while, so do it on a mission where there are lots of monsters. It's a pain but the results are worth it.

Here are some locations of those hidden boards that you've been searching for...

Bob Burnquist's Board In LA

Head towards the mansion and the hidden board is on top of the car.

Bob Burnquist's Board In New York

Go to the roof with the billboards, Grind from billboard to billboard then Grind the wires down towards the building. Grind on the next set of wires and jump down to get the board.

Carlos De Andrade's Board In Ruins

Head towards the platform where a big quarterpipe with an arch on it is situated to the left. Lip-Grind the quarterpipe over the arch then stop at the wall, drop down and grab the board.

Chris Senn's Board In New York

Head up the hallway leading to the billboards and onto the next level. Then turn around and look down the hallway and you'll see the hidden board in the air. Wall-ride to grab it.

Chris Senn's Board In San Francisco

From the start, go down the hill and take the first turning on the left. Proceed down to the corner where you'll see the fifth checkpoint. Don't Grind to get the bonus points, instead go under the rail you Grind on and you'll find a house. The hidden board can be found to the left of the house. You'll be the envy of your friends with funky new deck designs to show off while catching big air.

Colin McKay's Board In Ruins

Go to the area with the zombies situated on a high platform and jump off this platform towards the waterfall to get the board.

Rick's Board In Museum

In the third room, go up the slope and Grind the dinosaur to obtain the hidden board.

Rick's Board In Boat

Head towards the first floor to the rear of the boat on the grind rail to grab the hidden board.

To access it, plug in a second controller and hold **▶** + **□** on it after turning on the PS2. When the game eventually loads, a new mini-game will have replaced the mosquito madness in which two players battle it out to ram each other off a cliff using bicycles.

You can push **○** to move forward, **×** to jump and, when your power meter is full, you can also press **△** to unleash a super charge attack. Another way to access this game is to hold **□** and continuously rotate the right analogue stick clockwise at the title screen, but however you access it, you'll wish you hadn't! CHEATS

There are Cheat Glyphs hidden throughout the game. When you find a Cheat Glyph, you can toggle the cheat on and off from the inventory menu:

Ghost Body

At the start of Mission One, break open the door that's blocked by two boxes. The Cheat Glyph is behind the door.

Big Head

The Cheat Glyph is behind the wrecked wagon at the start of Mission One.

Armoury

Inside the basement of Frankenstein's Castle is a wooden platform. By standing on the platform you can use a grapple point which takes you to the Cheat Glyph.

Translucent Body

Below the broken bridge near the start of Mission One is a door behind a waterfall. The Cheat Glyph is behind the door.

Unlimited Speed

This Cheat Glyph is located in the side courtyard of Frankenstein's Castle. Double jump around the area until you spot a grapple point, which will take you to the Cheat Glyph.

PLAYING AS DURAL

IF ONLY LIFE HAD A VERY EASY MODE...

Cheating on a loving partner? That's wrong. Cheating on a game that's so hard it makes your hair curl? Fine as far as we're concerned. But sadly we can't be everywhere at once, showing you how to cheat your way to an easier life. Physics is cruel like that. What we can do, however, is continue to put together the biggest and best PS2 cheats book on the planet. Kind of like the bible. But with more tips.

Which is where you come in. We want to include your hottest tips in the next volume of the papery miracle which you hold in your hands right now. So if you're the kind of player who chews up *Spider-Man 2* in a single setting and then completes *Driv3r* again, just for kicks, we want to hear from you. Send us your cheats, skips, passwords and tactics – the best ones will appear in the next book, complete with your name next to 'em. Come on then, kid. Crack on. Those games aren't going to complete themselves...
